Dear Hon. Mike. Farnworth;

With the recent creation of the British Columbia Joint Provincial-Local Government Committee on Cannabis Regulation (JCCR); I would like to provide you some significant information, my personal experience, and to share the experiences of our membership, who have all lost a loved one to an Impaired Driver. This informatin will contribute to the framework and laws you are now considering, with the upcoming legalization of non-medical cannabis, expected in July 2018.

For the past 6 years, my organization has had a strong focus on the Federal Government, having proposed changes to be made to the Criminal Code of Canada respecting sentencing, protecting public safety, and keeping our roads safer for all.

I welcome an opportunity to discuss this issue with you and your committee at your earliest convenience. With such a short time line ahead, there is a great deal to consider!

Respectively,

Attention: Hon. Mike Farnworth; - Minister of Public Safety and Solicitor General

Dear Hon. Minister Farnworth;

In speaking with your Port Coquitlam associate Glen this afternoon, he suggested I write you to request your assistant Telea, to schedule an in-person appointment with you in your Community Riding Office, in the very near future.

On behalf of our President Mrs. Markita Kaulius of Families For Justice, we understand you and the NDP Government are looking at making amendments to strengthen the Laws with regard to the public's safety in British Columbia.

For the past 6 ½ years we have diligently lobbied and worked with the past and current Federal Governments, providing them with information, which at this time we feel will also benefit you in your decision making and responsibilities as Minister of Public Safety and Solicitor General. Our Board Members have personally experienced the loss of a loved one, the maze of the Court and Justice System, and know that the public at large is very concerned about the increased deaths due to Impaired Driving, Distracted Driving, and Tainted Illicit Drug Overdoses. The toll they exceed on Families, Communities, and the Government Costs, are nothing short of enormous!

We have the ongoing support of the many Communities, MLA's MP's, the RCMP, other Regional Police, Police Chiefs of Police and many other organizations. We have already submitted over 120,000 individual Petitions just in regard to Impaired Driving Laws alone to Government, from concerned citizens.

We look forward to the opportunity to meet and discuss these issues with you, at your earliest convenience!

Respectively yours,

Sherri

Dear Glenn,

Thank-you for having taken my call and the time to talk. As mentioned, we wish to have a meeting with Minister Farnworth regarding an incident that recently happened in Squamish, that of our therapy dog being shot by a poacher.

Please find attached our letter to Minister Farnworth.

We currently have a list of international news organizations, BBC, CNN and some well-known celebrities that are waiting for our next update so they can move forward with our story.

We understand the Minister is most likely under a heavy and highly import workload, however our meeting will be very short, private and informal.

I sincerely appreciate your time and your assistance in delivering our letter to Minister Farnworth.

Thank-you kindly,

Dear Minister Farnworth:

Attached is a CONFIDENTIAL letter and timeline documenting our experience with, and recommendations for, the BC Criminal Justice System's approach to youth with substance use/mental health disorders. As the first, and often only, system at-risk youth interface with, the Youth Criminal Justice System is not set up to respond effectively to the underlying mental health issues through which most substance use disorders arise, resulting in the criminalization and marginalization of an already critically vulnerable population.

We would welcome an opportunity to discuss this with you at your convenience.

Hello Bitu,

I forwarded the questions to Minister Farnworth on your behalf, he responded as below to the three questions.

#####

1) What do you know about naturopathic medicine?

Naturopathic medicine is based on the belief that a body can heal itself. It is a holistic based practice taking in the treatment of the whole person, including mental and social causes as well as the physical symptoms of a disease or sickness.

2) Do you know what is the philosophy of naturopathic medicine?

The philosophy of naturopathic medicine is that a body can heal itself through an holistic approach, including mental, social and physical components.

3) Have you ever used any of naturopathic medicine treatments?

No, other than perhaps herbal over the counter products.

Thank you for your patience.

Hello Coree,

I am following up on the invitation to Minister Farnworth below.

Are you interested in travelling to Victoria to meet with the MLAs and Ministers? If so I am happy to work on arranging.

If a meeting in Victoria is not convenient, I am happy to work on arranging a meeting after the House rises at the end of November.

Let me know your thoughts, thank you for your patience.

Dear s.22

Thank you for your recent letter to The Honourable Mike Farnworth expressing your concerns with regard to international organ trafficking.

We reached out to our colleagues at the Ministry of Health, who responded to us.

Some Canadians do opt to travel overseas to seek a transplant because of long wait lists here and the fear of dying before a donor becomes available. Health care professionals in Canada advise patients against this for a number of reasons:

- o Buying organs is illegal in most countries (though not all)
- o Reports on people who purchased organs overseas show very high rates of infection and death.
- o People who sell their organs are often coerced and exploited, and receive only a fraction of the dollars spent by the person buying the kidney.

If someone, against best medical advice, elects to travel overseas for a transplant and returns to Canada, physicians here have obligations:

- o As with other complications that may arise after a procedure obtained through medical tourism, physicians here will care for any patient in urgent need.
- o If the team has seen the recipient previously and advised against going overseas, they may transfer non-urgent and ongoing care to another physician or transplant centre.
- o The transplant centre will provide ongoing care and BC Transplant covers ongoing transplant medications.

In 2010, several British Columbian physicians helped develop a national Policy Statement on this practice: Policy Statement of Canadian Society of Transplantation and Canadian Society of Nephrology on Organ Trafficking and Transplant Tourism (attached).

BC is participating at a national level with other agencies, including Canadian Blood Services, to find strategies for preventing this practice.

Hi Cindy,

I don't have access to a government issued laptop. The computers here in the CO are issued by the legislature.

Thanks in advance, I'm also trying on my tablet and that's not working either.

Hi Talea,

Are you able to log onto a government issued laptop? 7-7000 is the IT Help desk (250-387-7000 or by email at 77000@gov.bc.ca).

Please advise and if a government issued computer is not available I can do some digging for an answer.

Thanks,

Hello Cindy,

Thank you for this information, this process doesn't seem to work for me. I don't have my government laptop yet, so am accessing OWA through my personal laptop. I have been unable to access the documents (I get error messages) to first of all clear the cache, and get an error message when trying to link to AskMyHR.

Someone told me I need to add VPN to my personal laptop but then I was told that in fact I would not be able to add VPN to my personal laptop.

What is 7-7000?

I look forward to further clarification, thanks in advance!

Subject: Employee Self Serve - IDIR validation

Hi all,

We are in the process of setting up the Office of the Premier and Minister's Offices staff with access to the Time and Leave system. In order for roles (Expense Authority, Leave approval, etc.) to be applied to staff, IDIR validation must occur.

Please validate your IDIR in the Employee Self-Serve application – Follow these steps:

1. Clear your cache: Please use the following instructions to clear your cache, ([Windows 7 & 10](#) or [Windows Vista](#)), prior to launching Employee Self Service or the Manager Dashboard.
2. Follow the steps below:
 - Start at the [Time & Pay Portal](#)
 - Click on the Self Service (PeopleSoft) tab and launch the application by clicking the icon in the middle of the window
 - Click on Click here to begin ESS Validation
 - Enter your six digit employee number and use the drop-down calendar to enter your date of birth
 - Click Submit. You should get a response that says, "You have successfully validated your IDIR"
 - Wait 30 minutes
 - Go back to Employee Self Service. When you launch the application this time you will be taken to the icons to view your pay, and other features
 - If you don't see the icons, go to the [Time & Pay Portal](#), click on the Self Service (PeopleSoft) tab and follow the instructions in the yellow box to clear your cache

You will now have access to most government websites, but there are a few such as the Learning Centre and the Hiring Centre that will take an overnight refresh before you will be able to access them. If you get any error responses during this process, contact [AskMyHR](#).

Please let me know if you have any questions. If you run into any technical issues please contact 7-7000 for resolution.

Thanks,

Hi Ruth,

It was nice speaking with you earlier this week. As per our conversation, I'm following up on the discussion I had with Minister Farnworth regarding the proposed Pitt River Road and Colony Farm Road Overpass project. We would like to arrange a meeting with the Minister (in his capacity as MLA for Port Coquitlam) within the coming weeks - before the end of August. We have been consulting with First Nations and local governments in the area surrounding and would like to bring the Minister up to speed with these engagement processes and other elements of the proposed major project.

The port authority is a founding member of the Gateway Transportation Collaboration Forum or GTCF, which includes Transport Canada, the BC Ministry of Transportation and Infrastructure and the Greater Vancouver Gateway Council. The coming weeks are a critical time for GTCF as we are preparing to submit an expression of interest to the Federal government's National Trade Corridors Fund program for our first phase of trade-enabling, community-enhancing infrastructure projects.

Please let me know a time between now and the end of August or early in September that we can arrange a meeting. We can be available to meet in constituency office or another location of convenience.

Regards,

Terry

As per our conversation, I'm following up on the discussion I had with Minister Farnworth regarding the proposed Pitt River Road and Colony Farm Road Overpass project. We would like to arrange a meeting with the Minister (in his capacity as MLA for Port Coquitlam) within the coming weeks - before the end of August. We have been consulting with First Nations and local governments in the area surrounding and would like to bring the Minister up to speed with these engagement processes and other elements of the proposed major project.

The port authority is a founding member of the Gateway Transportation Collaboration Forum or GTCF, which includes Transport Canada, the BC Ministry of Transportation and Infrastructure and the Greater Vancouver Gateway Council. The coming weeks are a critical time for GTCF as we are preparing to submit an expression of interest to the Federal government's National Trade Corridors Fund program for our first phase of trade-enabling, community-enhancing infrastructure projects.

Please let me know a time between now and the end of August or early in September that we can arrange a meeting. We can be available to meet in constituency office or another location of convenience.

Regards,

Terry

Hi Korleen,

As per the link below, we've had a constituent question why this program is no longer available (it came to an end at the end of 2016) and because the previous ministry has been split out, thought this might be of interest for Minister Beare to champion it's reinstatement.

The teacher (and school) who brought it to our attention has many students who received provincial assistance and this would be an excellent program to assist them.

Let me know your thoughts,

Dear Gordon

s.22

I am still professionally active in mental health and substance use issues. If Mike would be interested to discuss current system solutions, I would be happy to do so.

Best wishes

Alex

Subject: RE: materials for health call

Hi all – s.22 wanted to follow up on planning a meeting/concall on August 10th as we discussed at the end of our last call. I have booked the board room at our Vancouver office from noon to 5pm, but by way of this email am asking Joleen Badger to confirm a time that will work best for all. So please send times to her. For those of you not in the Lower Mainland we will send you a concall number.

s.22 and will circulate materials after that.

Cheers and thanks!

Vanessa

p.s. please note that as a result of the recent critic shuffle, Sue is no longer deputy health critic. Hopefully, Doug Routely, the new deputy will be able to join us!

Hello Liam & Veronica,

As per our discussion this morning - please find attached two documents that I feel outline the issue/concerns of the BCGEU members that met with Minister Farnworth on September 22nd.

I do have other documents but will bring those with me on the 16th.

Thanks,

Talea
