I was previously advised:

"When we receive incoming mail/email & it is cc'd to the appropriate Ministry & not our issue… they need not be logged. After receiving direction on the s.22 correspondence, I'm questioning as to whether this is correct?"

I have only been logging those that need redirecting (meaning, they were not initially cc'd to the Ministry that deals with their issue).

Can you please advise, going forward?

In keeping with Liam & Nimmi's request to cut down on paper & streamline our processes, we would like to have all draft letters/bullets emailed to me.

Once the MA's edit the drafts… they will send you a direct reply advising that it was approved or with edits. (we may have to tweek this process, as we move along)

Only final versions for the Minister's signature, should be sent in the red book.

Feel free to connect if you have an questions!

Hi Angella,

My MA's are trying to find a way that we can streamline our processes & go paperless as much as possible.
Is it really necessary to have a paper copy to file at the end of the day, when they are loaded onto cliff & e-approvals?

They advised that some offices are using cliff to log correspondence, but also using e-approvals to request direct & draft replies, plus to track & approve responses.

Can you & I meet to talk about what we can do to set this up? This is not expected to happen overnight but we do need to put our heads together & see what we can do. This will hopefully alleviate time/energy for all of us.

I transferred it to Michelle, she put her phone on call forward… so it would go to voice mail.
She told me that the Premier's Office told her they would send the Ministers regrets, but they forgot.
I believe she spoke with or emailed the Premier's Office to remind them that they need to send the person regrets.

Hello Minister Farnworth,

I wanted to follow up on this initial meeting request I sent back in August of last year. We are formally requesting a meeting regarding the potential role our organization could be playing in

future natural disasters, and emergency response units. With the wildfire season not too far away, we felt it prudent to get in touch again to request some time to discuss the potential benefits of working more closely together.

We have already had some previous correspondence with Emergency Management BC and the Canadian Red Cross.

Our CEO Craig Daniell would be happy to meet with you at your constituency whenever is convenient.

We hope to hear from you soon,

Hello Minister Farnworth,

I hope this message finds you well. The BC SPCA wanted to formally congratulate you on your appointment to cabinet as the Minister of Public Safety and Solicitor General- attached is a copy of the letter of congratulations that should have been received by your office by now. We would like to request a meeting to discuss what kind of role the BC SPCA could be playing in future disaster settings. We recently had a phone meeting with members of the Provincial Emergency Coordination Centre's Advanced Planning Team, and would like to talk with you about the potential for a more formal role.

Please let me know at your earliest convenience when might work for a meeting.

Hello,

The Premier, Minister Farnworth, Minister Trevena and others were addressed in this letter from the City of Vancouver's Active Transportation Policy Council.

PSSG has responded to similar letters in the past. Will your ministry be responding to this one? Any word from the PO?

Thanks very much,

Hi Liam & Nimmi

I thought you should be cc'd on this too? This was the frequent writer that we spoke of yesterday. He had somehow gotten in touch with GCPE.

Looking at Michelle's email below…? I did say that he has written about 30 time & his emails become more demanding & disrespectful. I did tell her that I questioned how he got GCPE's #, that he may of called on behalf of a reporter? I never confirmed that he called, it was a guess & I never said that he was rude on the phone? I'm not even certain that I spoke with this man?

Hi Caroline,

We are investigating the circumstances around this new development and will get expert advice from the OCIO on how to proceed. Please note that the issues that the writer brings forward are of long standing and he has a habit of escalating his correspondence list when he is being ignored.

The BCSC are dealing with him as respondents and we (the BC Public Service) are simply his audience.

We will keep you informed of course!

Hi everyone,

We have one which we took over from the last office that was in ours!

Amanda is right but this way saves on gas coming back and forth and saves them on man power = wages.

If anyone has old toners then you can bring to my office and drop them off.

I'm located in room 128.

Cheers,
Michelle

Dear Honourable John Horgan, Dr Andrew Weaver and David Eby,

Re. Infringement Into the Municipal Property Tax Base

While the intentions of the new budget proposal may be good, the dragnet attempting to

catch the speculators is engulfing families like mine, who are now hit with unreasonable and unsustainable property taxes.

We have worked very hard and bought a house in s.22 2005 which is now just under s.22 as per BC Assessment. My Property taxes are already s.22 and this new tax adds almost ANOTHER s.22 on top of that. (A 27% increase in 1 year). s.22 s.22 This s.22 additional tax hit is usurious to our family to say the least. Like most, our income and ability to pay property taxes has certainly not increased with the BC Assessment valuations.

Many in our family are supporters of the NDP however now we are appalled to see that we are being punished for the crime of home ownership and building a future for our children.

Much as we appreciate the Governments efforts to solve the housing issues, we would like to hope that it will examine more carefully the side effects this surtax will have on many of its own people and reconsider its severe consequences.

I am certain the average homeowner affected by this punitive school tax is NOT some evil foreign buyer who is not paying income tax. The overwhelming majority are people who make an honest living and pay income tax. To apply this massive property tax hike on their homes is UNFAIR. This is also not making home ownership more affordable at all. If you really want to hit foreign buyers then simply prohibit them from buying. Don't tax existing hard working homeowners out of their houses. Please...

Hi Angella,

Rob Ferrier, Program Manager, has asked if this could be changed to a reply direct response. I'm assuming we were asked for an SG response because Minister Farnworth was contacted as an MLA, but this is really an issue that needs to be resolved within the strata and our response would be so short that Rob feels it wouldn't look good coming from the Minister.

Thanks,

Crime information request

Greetings
Hello to you and the new government.
Finally the Liberal majority has been reduced.

Today There are too many criminals driving around and shooting guns.

I am addressing the issue of information request from law enforcement agencies.
However I found that townhouse bylaws are counter productive and oppose my efforts to help police.
The bylaws are outdated due conservative attitudes. No cameras allowed.
I have the desire to assist the police with adoption of my proposals but I want you to give me an opinion if the proposals are feasible.
For example ...
Training Block Watch members on how to use ! digital video surveillance devices.
Available Financial incentive to purchase dv recorder kits
Special permits to Block Watch captains in condos and townhouses from Strata council and approval from law enforcement.

s.22 . But The situation has worsened.

BRITISH COLUMBIA

NEWS RELEASE

For Immediate Release
2018PSSG0013-000329
March 6, 2018

Ministry of Public Safety and Solicitor General

Government to take action on price-gouging scalpers and ticket bots in B.C.

VICTORIA – The B.C. government is moving to clamp down on high-priced ticket scalping to make live-event tickets more affordable for British Columbians, says Minister of Public Safety and Solicitor General Mike Farnworth.

“Live events should be an enjoyable experience for British Columbians, not a windfall for scalpers,” said Farnworth. “The action we’re taking is aimed at protecting people from unscrupulous scalpers and unfair practices that shut average people out from events in B.C.”

Government will begin by conducting a three-week survey on British Columbians’ experiences with ticket buying, reselling, and buying from resellers. That information will be used to develop recommendations for improving affordability, fairness and transparency.

"British Columbians are frustrated by ticket price gouging, and want action," said Spencer Chandra Herbert, MLA for Vancouver-West End. "Working with the people of B.C., our government is acting and will develop and bring forward new consumer protections to help make the ticket-buying experience fairer and more affordable."

The survey is aimed at people in B.C. who buy tickets for live events, and those who sometimes resell their tickets, to ensure that changes will improve fairness and transparency in how tickets for live events are bought and sold.

The public consultation will look to find out specifics on how people feel about parts of the ticket-buying process, such as:

- how often they purchase event tickets (from resellers, online, through a venue, etc.);
- experiences reselling tickets; and
- what changes are needed to improve the fairness in the buying and selling process.

British Columbians have many opportunities to see sports, concerts, live theatre and other cultural or recreational events throughout the province. This survey will help shape the way government gives everyone a fair chance at seeing their desired events.

Once the survey concludes, ministry staff will use the results to develop recommendations for improving fairness and transparency. The survey results will be available to the public later in the spring.

The survey is open to residents of British Columbia and can be taken here:
www.engage.gov.bc.ca/ticketbuying

Quick Facts:

- Stakeholders are invited to provide feedback through written submissions.
- British Columbia is not alone in wanting to protect consumers from negative ticket-selling practices. Alberta and Ontario have passed legislation and had public consultations on ticket-buying practices, and acted on this issue.
- A Canada-wide Angus Reid poll showed that four in five Canadians would agree with outright banning of software ("bots") to jump the queue when tickets go on sale.
    - This poll showed that 50% of Canadians believe it is up to governments to make the necessary changes to protect Canadians.

- Additionally, the poll said most Canadians see ticket reselling as a significant problem, and 80% believe that purchasing tickets with the specific purpose of reselling them is unfair.

Hello Minister,

As per our conversation at the recent S.U.C.C.E.S.S Gala event, I am following up with you to get your input on the concerns/recommendations you have as BC's Minister of Public Safety in regards to Bill C-45 (legalization of marijuana).

My Chief of Staff Grace Seear and my Policy Advisor Jeff Brennan are copied on this email.

We are currently at 2nd Reading in the Senate, and when Parliament resumes next week, I plan to speak to the Bill later in the week.

If your policy advisor can send your concerns and recommendations about the Bill by Monday, I will have enough time to review your points for consideration in my speech.

If the timeline is too tight for your office, we are still open to your input (which can be used during QP as well as during 3rd reading of the Bill.

C-46 is at Committee stage, so if you have concerns about that Bill, I welcome your input as well for 3rd Reading.

Sincerely,

So we can change him to filing? No need to respond?

Hi Angella,

I have been advised by Rob Ferrier, one of our Managers, that this should be filed. As per Rob:

"He has copied the CRCC -- as well as RCMP Districts, Detachments, politicians, lawyers, and numerous others -- so he appears to be aware of proper process."

There is nothing more that we could say, as we would just be directing s.22 to contact people he has already contacted.

Hi Angella,

The Minister did not arrive back to the office, before I left at the end of the day. Liam is not in yet, but he did say that he wanted to ensure the Minister read the letter, before signing. It's sitting on Liam bench opened up & unsigned.

I'll let you know more details, when Liam gets into the office.

Hi Charlotte,

For AG drafts, could you please leave the AG's referral line open? Completing a referral means that the referring office has no further work to do in the log.

Thank you!
Kim

Hi Charlotte,

If you have any more emails on the timeshare issue and Anti-SLAPP issue, you can forward to me and I will add them to our batches. We have writing campaigns in progress which template responses are currently being drafted for the Minister's approval. They will be mail merged under the batch header logs, rather than the individual member logs.

Thank you.
Kim

Yeah you can leave it with me. I heard back from Caitlin and s.22 exploring her legal options in this case. So nothing to do for the time being.

And yes it is going well. It's sunny and not snowing so that's good in my books.

Hello

I am forwarding you a copy of the email I sent to my MLA, Rick Glumac last week. He might have forwarded it to some of you already.

s.22
s.22 I am getting cameras installed on my townhouse because I think people are going to start slashing my tires or something. s.22
s.22

I have also looked at the price of real estate in the last couple days, and even within the last 2 months prices have gone way up. Way more than I had thought. The type of properties I was looking at that were listed at about 1.3 million 2 months ago are now listing at a minimum of 1.6 to 1.7 million and many over 2 million. There is no way I can spend that, and so I would be forced to move into another crappy old townhouse that is at risk of this same process in a worse location farther from the skytrain, or move far away to maple ridge. Why would I ever want to do either of those two things when I could just stay right where I am. s.22
s.22

I will be going to the media this week. I dont know if there is anything you can do to help with this, but if there is please let me know! I am pretty much on my own. s.22
s.22
s.22 And I am having a hard time finding a lawyer. No one is returning my calls, I think because they want to be on the other side of the deal, and if I get the law

changed, that means less money for them.

Here is the letter I sent to Rick:

Hey Rick,

s.22

I need help, and fast. I live in the area in s.22 that recently changed the OCP to allow skyscrapers. I own a townhouse in s.22 and I have been here for almost s.22 . And my strata complex is trying to force a sale on our complex because some owners see dollar signs in their eyes. They can force out up to 20% of owners who dont want to sell. I dont know how many owners want to sell or not (we vote on Feb 16th to sign the offer with the developer). But no owner should be FORCED FROM THEIR HOME just because some other owners want to sell. Nothing is stopping the other owners from selling individually to anyone they want at any time (or even forming a land assembly). So why do they now have the right to force me out of my home??? My mortgage, taxes, and condo fees are up to date. I have done nothing wrong.

It is important to note that there are NO repairs needed in our complex. Nothing to be done for the next 10 years. We even just did our windows in the last year! And we have a good reserve fund too. We are not in distress or at risk of foreclosure. This is purely for greed.

My strata called an information meeting this week to tell us what the offer is and so we could ask questions before the vote next week. s.22

s.22

s.22 . So because I didnt know what the offer is, and whether I wanted to sell or not, I refused to sign away all of my rights to fight the sale. My strata has a history of making really bad decisions, so I wasnt going to give up my ability to protect myself. s.22

s.22

s.22 They took all my rights away, and showed the other owners that they will bully anyone who disagrees with the sale. This has been a very nasty process right from the beginning, where no one has been allowed to ask questions and the majority of owners are bulling everyone. They say they dont care if we dont agree, that they have the numbers (last count they actually only had 79%) and they can make it happen with out us and its just too bad for us. s.22

s.22

s.22

s.22 They should not have the ability to block an owner who doesnt want to sell (or is unsure if they want to sell or not) from being able to go to any of the meetings or vote or even hearing what the information is. s.22

s.22

The law needs to be fixed. I totally understand the need for less than 100% agreement for the sale of a strata THAT IS IN DISTRESS where owners are facing foreclosure due to massive repair bills. But how

can it be legal to force 20% of owners from their homes just because some neighbors want to make a profit. Even the government has to show good cause when doing expropriation, and those owners have more rights when the government tries to force them off their land!!

And the real kicker is that the offer s.22 is low enough that we wouldnt even be able to buy a townhouse in the new development (which would be smaller and have no yard), even if we were paid immediately and they were for sale immediately. In reality we wouldnt get paid for almost a year after agreeing to the purchase, and then the units wouldnt even go on sale for a long time after that, so we would be totally priced out of the market. Not to mention all the fees that will be taken off with the legal fees and windup costs and also property transfer taxes to buy a new place. So everyone will have to move to a smaller condo, or move out to s.22

Developers forcing people out of the homes they own needs to stop. And if I have to go to the media and make a big stink I will. It has been a popular topic lately, so I think there will be a lot of interest.

s.22

s.22 . I shouldnt have to sell my townhouse just to get the money I would need to defend myself from being forced out of my townhouse. And without a lawyer I have almost no shot at winning in court. We all know that whoever has the best lawyer wins, and my strata hired a $600 an hour lawyer - Allyson Baker, who works way too closely with the developers, and who is only trying to get this sale passed. She acts like she is the developers lawyer, not ours.

The Liberals may have made the law change originally, but the NDP will take the blame if they refuse to fix it and allow developers to force people out of their homes.

Thanks!

Subject: Communique # 88 Human Rights Tribunal Case 1

Good Evening Sol Gen Mike Farnworth,

I hope that my message finds you well. I have attached the latest communique which went out nationwide and on social media today. Please read the Tribunal Case Particulars from Corporal Ryan Letnes - attached in communique - as it highlights all that is going wrong in the RCMP right here in the LMD. The same commissioned officers identified in this document are the ones we spoke to you about among others. There will be another significant civil law suit against these same commissioned officers inclusive of D/ Com Butterworth Carr, A/Comm Allemekinders et al that we spoke to you about recently at the meeting. The Province will probably be included in it.

Sir, we need to end this and we need to end it quickly. There has to be redress for what has happened or the Province will continue to pay for the unethical actions of these managers and our citizens will continue to be denied the level of policing that every British Columbian deserves in this great province. I believe that you need liaison officers from your office or David Eby's office to ensure that we reduce these significant issues from continuing to occur in the RCMP. I offer my knowledge and abilities to work for your office or the AG's office in this regard. You need members who know how the organization operates and who can keep you abreast as to what is happening with the policing services being paid for by the good citizens here in British Columbia. Many of my colleagues would consider joining me in this most important and significant work. Please consider my proposal as I believe it has merit. We are also awaiting your of the AG's word on a meeting regarding the ICBC issue and the involved monies.

I await your response Mike.

Best

Rae

Hi Angella,

Thank you for explaining a paper copy to file in ARCS & ORCS.

Can we use e-approvals to send draft letters to the MA's for their approval?

Perhaps they could be continuously loaded into a file & when the MA's have time available… they can go thru them & send back to you as approved or edits needed?

We are just trying to save paper & steps.

Hi Charlotte:

See my response in red.

Hi Angella,

My MA's are trying to find a way that we can streamline our processes & go paperless as much as possible.
Is it really necessary to have a paper copy to file at the end of the day, when they are loaded onto cliff & e-approvals?

When you say a *paper copy to file* I assume you are referring to correspondence (since that is all I handle) if so, yes, we need to file a hard copy according the Information Management Act, Cliff is used to only track documents it is not used to file documents. A hard copy goes to the branch for filing in accordance with ARCS/ORCS retention schedule.

They advised that some offices are using cliff to log correspondence, but also using e-approvals to request direct & draft replies, plus to track & approve responses.

Cliff is used to track correspondence and eApprovals is used to move documents from the drafter to others (ie. ADM, Deputy) for approvals, each eApproval is temporary and each eApproval is eventually deleted from the system so it is definitely not considered a filing system.

Can you & I meet to talk about what we can do to set this up? This is not expected to happen overnight but we do need to put our heads together & see what we can do. This will hopefully alleviate time/energy for all of us.

Thanks,

s.22

It would be very helpful for MLA Sturdy if we could understand the chronology of events with s.22 s.22 complex case and also receive rulings related to her case so that we can assist her in understanding those ruling more clearly.

I was under the impression that a chronology of her case would be provided from staff for MLA Sturdy's reference so that the steps and interactions s.22 has had with the Ministry would be more clear. s.22 she may have misunderstood what was required in the past.

Can you provide an update on the timing for this summarized information?

long-term if we do not take action to fix the issue. Most recently, Ontario passed Bill 142 which amended the Construction and Lien Act to require payments to sub-contractors by general contractors within seven days of receiving payment from the project owner. This measure was supported across the construction sector by general contractors, trade contractors, suppliers, and labour groups and would be a fitting blueprint for B.C. to follow.

The adoption of prompt payment legislation in British Columbia would stimulate the construction sector in our province at no cost to government, while bringing us in line with other jurisdictions. In the U.S., 49 of the 50 states have prompt payment laws. The United Kingdom, Ireland, Australia, New Zealand, and the U.S. all have federal prompt payment laws as well. These countries know that when contractors aren't paid for completed work that is not in dispute, everyone loses. This includes the provincial government, which funds substantial infrastructure projects. Taxpayers end up footing the bill for inefficiencies that could be easily addressed by passing legislation.

A prompt payment law would benefit the skilled trades by releasing cash flow in the industry: more cash would allow contractors to take a longer investment outlook and, hire more tradespeople and apprentices.

I am lending my voice to the thousands of trade contractors across British Columbia who support this initiative and calling on you to ensure the government passes prompt payment legislation before the end of its mandate. Small businesses and the people who work for them are counting on you.

Sincerely,

s.22

Dear Minister Farnworth,

Payment delays are the most significant bottleneck in B.C.'s construction industry. Cash flow problems in the construction industry discourage hiring, lower investments in capital, training of apprentices and in the worst cases, lead to small business and personal bankruptcies. s.22 I am writing to say that the problem of delayed payments is unacceptable and to express my support for the adoption of prompt payment legislation in our province.

Our province needs a prompt payment solution that works for everyone including tradespeople, contractors, government and consumers. While this serious problem is being felt now in our industry, there is a serious risk to B.C.'s competitiveness long-term if we do not take action to fix the issue. Most recently, Ontario passed Bill 142 which amended the Construction and Lien Act to require payments to sub-contractors by general contractors within seven days of receiving payment from the project owner. This measure was supported across the construction sector by general contractors, trade contractors, suppliers, and labour groups and would be a fitting blueprint for B.C. to follow.

The adoption of prompt payment legislation in British Columbia would stimulate the construction sector in our province at no cost to government, while bringing us in line with other jurisdictions. In the U.S., 49 of the 50 states have prompt payment laws. The United Kingdom, Ireland, Australia, New Zealand, and the U.S. all have federal prompt payment laws as well. These countries know that when contractors aren't paid for completed work that is not in dispute, everyone loses. Hi Liam,

I hope all is well in beautiful British Columbia. I just tried to call the office and left a message.

I'm following up on a meeting request my client, Weedmaps made with your Minister (attached).

I know that the window that they're in Victoria is quite narrow so I just wanted to see if there's any possible window on the 13th and 14th of March. If the Minister's schedule doesn't allow a meeting would it be possible for them to meet with you on the cannabis file?

Congrats to you and everyone else on a great budget. I got to see the Premier's post budget speech in Vancouver last Friday.

Cheers,

Hi Charlotte!

We are so happy you are coming! No worries at all about question period on Thursday…what a great experience it will be!

8:30-12:30 works just fine for us, but we are also flexible.

Wolfgang is here 8:30-4:30 and helps with the logging. He has been taking care of all the hard mail and meeting requests that come in. I have asked PremTech to give you access to the AG inbox so that you can help manage the inbox when you come. We will sit down with George Smith (our senior MA) tomorrow AM to sort out details regarding processes and how it's done in PSSG versus AG …as I am sure there are probably differences from office to office and we want to make sure you are completely comfortable working with our correspondence.

If you could provide some detail relating to the feedback at Thursday's meeting it would be greatly appreciated.

Hey Char,

Please share the numbers with Leah. I told her to check with the program on whether we can share the numbers with the Commission.

I also let Leah know we don't know how many were in favor or not given how many we received.

Thanks,
Nimmi

Hi Liam & Nimmi,

We received 1399 emails & 1 letter, up to the March 1st deadline.
We received a further 27 emails, after the deadline.

In beginning I did notice that most were s.13 but as we received so many responses… I just gathered the emails & nolonger took note.

Did you want me to go thru each email & do a tally of who's in favour & who is not, before responding to Leah?

Hi Charlotte,

I received this email chain this morning. Would it be possible to have the current count for incoming emails re: point to point cameras on the Malahat, and are you okay with PSB/RoadSafety sharing these numbers with the CRD Traffic Commission at their noon meeting today? Lastly, do you know if there's been any sense as to whether more people are for or against the cameras?

Thanks so much,

Hi Erin,

As discussed previously, The Traffic safety Commission Chair is very keen to get an indication of the number of people who provided feedback and the general feedback patterns. I received quite a number of responses which I forwarded on to the PSSG email address provided.

If you could provide some detail relating to the feedback at Thursday's meeting it would be greatly appreciated.

Thanks,

Hi Leah,

We received 1427 responses to date.

1399 emails & 1 letter met the Mar 1, 2018 deadline.
27 emails were received after the deadline.

In the beginning of the campaign, it appeared that more were s.13 of point to point speed cameras. However, we received so many responses it is difficult to get a sense as to whether more were in favour or not.

Hi Arora,

Any comments on messaging for this message from a constituent?

Congratulations on your win in the last provincial election and thank you in advance for your public service.

I am writing to let you know of my frustration in the slow progress and what appears to be neglect on the part of the province in terms of cycling and the changes to the motor vehicle act.

I am equally frustrated with the premiers priority on dealing with Ride Sharing and Uber when cyclists have been lobbying for changes to the MVA long before Ride Sharing was a concept.. Why they have jumped the queue is suspicious.

Please speak for me to your colleagues and champion the cause for a more inclusive MVA.

Subject: Re: MURDER OF LINDSAY BUZIAK

Attn: Honorable Eby
Attorney General

Dear Sir:

I am writing this letter to you with respect to the above noted, Lindsay Buziak.

I am a Canadian citizen born and raised in s.22 British Columbia.
I think by now your attention has been brought to the horrendous murder of Lindsay Buziak, who was stabbed over 42 times, mutilated, slashed across the throat to the point where she was almost decapitated. This took place over 10 years ago in the Municipality of Saanich.

It is with deep regret that I have to say, there is corruption within the Saanich Police Department, which is supposedly handling the murder investigation of Lindsay. Unfortunately, they have done nothing, although they will tell you otherwise. The fact of the matter is, the conspirators and or murderers, were cleared right after the murder took place. Oddly enough, Saanich Police would not clear anyone else, including her own father who

lived and still lives in a different province.

Hundreds, possibly thousands of people are following this horrendous crime, including people who don't even live in Victoria! Also citizens of the United States are voicing their opinion with respect to this crime and the lack of a proper investigation by the Saanich Police Department.

Lindsay's family and the public have been fed nothing but excuses for the lack of any progress in this murder investigation. In fact, I believe as well as many others, there really isn't an investigation. We 'The People' of our Sovereign Country, deserve more than this!

This case could have been handed over to the major crimes investigative unit out of Vancouver that specialize in Cold Case crimes including murder, but the Saanich Police Department have refused to do so-in over 10 years. It is very clear that it is beyond their expertise to get any resolve in this situation.

Myself and hundreds of other people feel that there is more than circumstantial evidence showing there is corruption in the Saanich Police Department and this is why they will not hand it over to any other law enforcement division.

Therefore, I write this letter to you on behalf of myself and many, many other Canadian citizens. We respectfully request an internal investigation to commence immediately, by outside authorities. Ten years, is ten years too long! As long as this investigation stays with the Saanich Police Department, (under the authority of Chris Horsley and Bob Downie) there will never be justice brought to the despicable people that did this to Lindsay. We the people, the voters, the taxpayers, the Canadian citizens, know who did this crime, it is pretty elementary, (Zailo's). Anyone that is brought in from the outside will also come to the same conclusion and they will find corruption within that Police Department.

I respectfully request that **you** personally look into this situation, so that we may finally get some resolve and justice, and peace for Lindsay's family.

Respectfully,

As a coalition, we were granted national and regional standing by the National Inquiry on Missing and Murdered Indigenous Women and Girls in August 2017.
>
> We understand that Minister Bennett will consult you about the request for an extension, and we are writing now to urge you to ensure

the systemic review phase of the Inquiry is thorough and credible. To accomplish this, the Inquiry will need more time. But it will also need a reset, including new Commissioners, a clarification of goals, a timely, well articulated and public research plan, a stated human rights framework for the Inquiry's work, and a restructuring of the methods of participating and the methods of funding for civil society organizations. Without this reset, the systemic review phase will not be able to accomplish what all advocates for the Inquiry, including the families and civil society organizations, expect.

We have set out the reasons for our requests in detail. We have also attached correspondence with the National Inquiry for your information.

We consider the Inquiry a crucial initiative of your Government, and one that we want to be respected, successful, and an instrument for change. We look forward to your response.

Hi Charlotte,

The content in these emails look like form letters. If you have any more like these, can you please forward the emails to me and I create a batch and get them logged? I will then initiate a template draft for the Minister's approval to respond to them all.

Thank you.

Greetings,

Constituent is looking for answers to three questions regarding cannabis regulations:

After much consideration of these facts, we (the other water users) need some clarification on the following questions:

1. Will the province be prepared to state regulations for legal grow operations by July 1 of this year?

2. Will a practical plan for enforcement by the RCMP — to curtail black-market grow ops — be in

place and mandated by the BC government at that point? (if not by then, by *when* ?)

3. Is it certain that, when regulations are enforced (through searches, seizures, and arrests) the penalties imposed by the courts will be stiffer than the slight tap on the wrist that has been the practice in recent years? (if not certain, then is it highly likely?)

Bullets to me for following up with CO would be most appreciated unless you recommend something different.

Thanks,

Good afternoon, Talea:

Below is an email that we received in the office this afternoon and after speaking with s.22 he has asked that we forward the email to the Minister who would be able to answer his questions. You can ignore the first portion of the email relating to the water situation. If there is anything you can share to respond to his three questions it would be gratefully appreciated.

Hope you are having a terrific Tuesday!

Hon. Katrine Conroy
MLA, Kootenay West

Dear Ms. Conroy:

I live in s.22 As you'd probably know, s.22 is an unincorporated area. My fellow licenced s.22 s.22 water users are dealing with one *domestic* water licencee who actually draws more water than his licence provides for — he has customarily used the water to supply his extensive greenhouse "grow op". The RCMP have busted this individual several times, but he just goes back into business on his property (apparently, sometimes leaving the tending of the greenhouses to surrogates).

After much consideration of these facts, we (the other water users) need some clarification on the following questions:

1. Will the province be prepared to state regulations for legal grow operations by July 1 of this year?

2. Will a practical plan for enforcement by the RCMP — to curtail black-market grow ops — be in place and mandated by the BC government at that point? (if not by then, by *when* ?)

3. Is it certain that, when regulations are enforced (through searches, seizures, and arrests) the penalties imposed by the courts will be stiffer than the slight tap on the wrist that has been the practice in recent years? (if not certain, then is it highly likely?)

Thank you for providing useful information concerning the above.

I have created a folder marked "MA's" under the pssg emails. Within this folder… you will see a folder marked "Advice" & "Draft replys/bullets". This should make it easier (all in one place) to watch out for unread emails that need to be action, when you are available.

Hi Liam & Nimmi,

I have been in contact with Angella Thompson at our Correspondence Unit & she did advise that e-approvals is a cumbersome program, & the Minister would also have to use e-approvals which may not be favourable. Angella did say that he would help us, if we decide to go this route.

Angella also advised that Cliff is a tracking device only. A paper copy does need to be filed in the end on an ARCS/ORCS file.

With this information in mind, I would like to propose following:

1. Incoming Mail & Emails:
   - Incoming emails be printed & date stamped as per usual. The email is then moved to PSSG email file "To Be Logged" (for Charlotte to log/action later**)
   - Incoming mail date stamped as per usual, then scanned to my email & moved to PSSG email file "To Be Logged" (for Charlotte to log/action later**)
   - All mail then be given to the MA's in a folder marked "Incoming Mail for Review". The MA's can then apply the action required (ie. MO, DMO, Advice, file, re-directs etc.)

- **Finally at this stage… I will log ALL mail on cliff & apply the MA's requested action, then move the emails to PSSG email file "Logged" (this will save Charlotte going into cliff twice for every document, before it goes to the Correspondence Unit.)
- Though the logging of Incoming Mail would done after the action is provided to me, a copy of all Incoming Mail will be in the PSSG email "To Be Logged" file. I will notice if one has been there for a while & can follow up with you. (This should save losing any mail that is not yet logged.)

2. Advice:
   - Any requests for Advice, I will electronically send to the Correspondence Unit for advice & the paper copy is kept with me (for action later, as per your direction after advice given) We do this now.
   - When the advice comes back via email, I will move to a PSSG email folder marked "Advice" instead of print.
   - MA's will notice **unread** emails that need to be looked at. You can email Charlotte your response & I will action them according to your direction. (this will save paper)

3. Draft Reply's/Bullets
   - Angella can email PSSG the Draft Reply's/Bullets & I will move to a PSSG Folder marked "Draft Reply's/Bullets"
   - MA's will notice **unread** emails that need to be looked at. If approved you can reply to Angella directly. (I really don't need to be involved. Angella would not be required to print/send in the red book until the final version – this will save paper & time.)
   - If edits… Did you want to edit directly on line & reply to Angella directly? Or print them/edit & I forward to Angella? (we can talk about this)

I think this process will save time & paper. It will also cut down on the amount of emails that you receive directly to your inbox. When you notice there is a backlog of unread "Advice" or "Draft Reply's/Bullets" emails… one of you or both of you can address these. If they are of urgent nature, they will be flagged.

I'm happy to meet with you again, to talk about this & certainly open to any suggestions.

3. Draft Reply's/Bullets
   - Angella can email PSSG the Draft Reply's/Bullets & I will move to a PSSG Folder marked "Draft Reply's/Bullets"
   - MA's will notice **unread** emails that need to be looked at. If approved you can reply to Angella directly. (I really don't need to be involved. Angella would not be required to print/send in the red book until the final version – this will save paper & time.)
   - If edits… Did you want to edit directly on line & reply to Angella directly? Or print

them/edit & I forward to Angella? (we can talk about this)

I think this process will save time & paper. It will also cut down on the amount of emails that you receive directly to your inbox. When you notice there is a backlog of unread "Advice" or "Draft Reply's/Bullets" emails… one of you or both of you can address these. If they are of urgent nature, they will be flagged.

I'm happy to meet with you again, to talk about this & certainly open to any suggestions.

Hi everyone,

We have one which we took over from the last office that was in ours!

Amanda is right but this way saves on gas coming back and forth and saves them on man power = wages.

If anyone has old toners then you can bring to my office and drop them off.

I'm located in room 128.

Cheers,
Michelle

Hi Agnes – this should be referred to FLNRORD - Wildfire as the 'firesmarting' of critical infrastructure is already part of their prevention activities.

We are hopeful that the fire chief's assoc also sent the letter they sent to MLA Oakes to the Cariboo Regional District so they can consider whether this is a resolution they support.

Not sure what the protocol is but we always made sure we checked with a Ministry first before referring a letter and if they concur, we should send a referral letter as quickly as possible as the

MLA could get up in the house and ask our Minister until they know whose issue it really is.

Thanks a lot Agnes

Intimate partner violence and BC's disabled

The disabled experience high levels of intimate partner violence (IPV). Empirical research has found the incidence of IPV experienced by women with disabilities to be two to three times higher than levels experienced by women without disabilities. Similarly empirical research has found that IPV experienced by men with disabilities is comparable to levels experienced by women without disabilities.
We are hopeful that relevant ministries are collaborating to develop policies, laws, and resources that address these darker aspects of the lived experience of BC's disabled.

Ms. Cheryl Hardcastle (Windsor-Tecumseh, NDP) recently spoke to part of the above problem. "Mr. Speaker, the DisAbled Women's Network notes the rates of sexual, physical, and verbal violence across Canada are at least three times higher for young women and girls living with disabilities, and violence prevention agencies are simply not given the proper resources. Women with disabilities have been completely forgotten. On this International Women's Day, will the government commit to taking leadership to address the enormous gaps in violence prevention policy and program delivery for this vulnerable population?" https://youtu.be/E3HsAfszo5c

The BC Disability Caucus became increasingly concerned about IPV after receiving a letter from the Honorable Minister Shane Simpson stating that the BC government will not be ending claw-backs on BC Disability benefits. BC's family Income criteria excludes cohabiting disability benefit applicants & claws back income from recipients who cohabited for three months; leaving them dependent, powerless, & at risk of IPV.

Hey everyone,

Many many thanks to each of you for your hard work during the last few weeks!

s.22 but will be checking emails intermittently. If there is anything that needs immediate attention or if you have any HR related questions please speak with Nimmi. I also thought this is a good chance to remind everyone about what to do if you need time away from the office:

If you would like to take vacation, try and let us know with as much notice as possible and please email your request to me (cc Nimmi) - I'll make sure we get you a quick response in case you're waiting to book something. If you are sick please let me (and Nimmi if you wish) know via email or text. Also remember to fill out the time/leave info for both of these at https://timepay.gov.bc.ca/.

For smaller things like appointments, etc during the day, just make sure to check in with Nimmi and I, no need to file these in time/leave once we approve. This all pretty much follows what we've all been doing, but thought it would be good to send out as a reference in case anyone had any questions.

Hope everyone has a great weekend! See you all soon!

Hi Liam & Nimmi,

I have been in contact with Angella Thompson at our Correspondence Unit & she did advise that e-approvals is a cumbersome program, & the Minister would also have to use e-approvals which may not be favourable. Angella did say that he would help us, if we decide to go this route.

Angella also advised that Cliff is a tracking device only. A paper copy does need to be filed in the end on an ARCS/ORCS file.

With this information in mind, I would like to propose following:

1. Incoming Mail & Emails:
   - Incoming emails be printed & date stamped as per usual. The email is then moved to PSSG email file "To Be Logged" (for Charlotte to log/action later**)
   - Incoming mail date stamped as per usual, then scanned to my email & moved to PSSG email file "To Be Logged" (for Charlotte to log/action later**)
   - All mail then be given to the MA's in a folder marked "Incoming Mail for Review". The MA's can then apply the action required (ie. MO, DMO, Advice, file, re-directs etc.)
   - **Finally at this stage… I will log ALL mail on cliff & apply the MA's requested action, then move the emails to PSSG email file "Logged" (this will save Charlotte going into cliff twice for every document, before it goes to the Correspondence Unit.)
   - Though the logging of Incoming Mail would done after the action is provided to me, a copy of all Incoming Mail will be in the PSSG email "To Be Logged" file. I will notice if one has been there for a while & can follow up with you. (This should save losing any mail that is not yet logged.)

2. Advice:
   - Any requests for Advice, I will electronically send to the Correspondence Unit for advice & the paper copy is kept with me (for action later, as per your direction after advice given) We do this now.
   - When the advice comes back via email, I will move to a PSSG email folder marked "Advice" instead of print.
   - MA's will notice **unread** emails that need to be looked at. You can email Charlotte your response & I will action them according to your direction. (this will save paper)

3. Draft Reply's/Bullets
   - Angella can email PSSG the Draft Reply's/Bullets & I will move to a PSSG Folder marked "Draft Reply's/Bullets"
   - MA's will notice **unread** emails that need to be looked at. If approved you can reply to Angella directly. (I really don't need to be involved. Angella would not be required to

print/send in the red book until the final version – this will save paper & time.)

- If edits… Did you want to edit directly on line & reply to Angella directly? Or print them/edit & I forward to Angella? (we can talk about this)

I think this process will save time & paper. It will also cut down on the amount of emails that you receive directly to your inbox. When you notice there is a backlog of unread "Advice" or "Draft Reply's/Bullets" emails… one of you or both of you can address these. If they are of urgent nature, they will be flagged.

I'm happy to meet with you again, to talk about this & certainly open to any suggestions.

Charlotte

Good morning,

Further to my email to you of March 2, 2018, I wanted to follow up with you regarding a meeting with Minister Farnworth and Metis Nation BC.

Minister Farnworth is meeting with a number of organizations over the next week regarding cannabis legalization and regulations. The Minister would like Metis Nation BC's input and thoughts following the BCAFN Assembly.

Could we schedule a brief meeting regarding the above?

Thank you for your time and consideration in this regard. We look forward to hearing from you in the near future.

Good morning,

Honourable Mike Farnworth, Minister of Public Safety and Solicitor General will be meeting with a number of organizations over the next week regarding cannabis legalization and regulations. The Minister would like your input and thoughts. The meeting would be roughly 20 minutes and can be in-person or via conference call. It is our hope to schedule this meeting by the end of next week, if possible.

Due to the House sitting, the Minster is not able to leave the Legislature Monday thru Thursdays so I would have to schedule something in Victoria unless we are able to set up something on a Friday as the Minster is back in Vancouver.

If you are interested in speaking with the Minster with regards to the above, please advise if you would like to speak via telephone or have a meeting in person and preference of location.

I look forward to hearing from you soon.

Good morning,

Please find attached at travel claim for Nimmi Takkar.

As discussed this claim is for the missing receipts for Nimmi's ferry to and from the Constituency office. I have attached a calendar for ease of reference to see which days Nimmi is missing receipts and days she was at the Constit office. I have also attached Nimmi's email where she explains the missing receipts. The dates on her email for missing receipts were a little off but I went through this morning to double check what we have submitted already and the days/receipts that are missing.

This claim has been notified and just needs approval. This is the last of the claims for Nimmi this fiscal year.

Please let me know if you have any questions.

Dear Hon. Minister Farnworth,

It's almost that time of year again, we're gearing up to promote May as Motorcycle Awareness Month, on Thursday May 10th 2018, the British Columbia Coalition of Motorcyclists (BCCOM) is presenting the 26th Annual MLA Ride.

We would love to have your support this year. The MLA Ride is a great way to bring together B.C.'s MLA's and their constituents to discuss various issues relating to motorcycle safety, education and awareness.

We are in talks to have a speaker from ICBCs Road Safety department at this year's event and are hoping to have a strong representation of all government parties.

The ride leaves at 9:00 am from the Tsawwassen ferry terminal, meets up with the island riders at Mayfair Mall on Blanshard Street in Victoria at 11:00 am and then proceeds to the Legislature Buildings to take the MLA's for a ride on their lunch hour and let them experience firsthand the thrill of motorcycling. Last year we had over 50 motorcyclists show up in support of this great event.

The B.C. Coalition of Motorcyclists is a professional lobbying organization that works on behalf of all motorcyclists in the province of BC and has been instrumental in promoting motorcycle safety, education and awareness. The Coalition is a membership driven organization that relies solely on membership support to maintain a strong voice for the motorcycling community.

We hope to see you there.

Hello Nicole

The Minister was invited to speak and attend the BC Association of Police Boards Conference and Annual meeting. The Minister is not able to attend and Michelle asked me to give regrets. I heard back from the Administrative Assistant, Stacey Perri, who asks if we can recommend an alternate representative to provide welcoming remarks on April 5th at 7:00pm. Is this something that Clayton could do?
I have attached the original letter and the cliff number is **541242**.

Due to the House sitting, the Minister is not able to leave the Legislature throughout the week, so I would have to arrange for a meeting at our office. Would you have time on April 9th at 3:00pm?

Please advise is this time and location is possible. If so, I would ask that you send a brief summary of the topics you would be discussing at this meeting.

Subject: Call for Records PSS-2018-80890 Due February 28, 2018

Hello, please note this is a cross-government request. The previous request was for the same records, from the same applicant, but for a different timeframe (PSS-2017-74391). Thanks Michelle.

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

All documents and communications related to any meetings or proposed meetings between the Minister and the Confidence and Supply Secretariat. (Date Range for Record Search: From 12/12/2017 To 02/08/2018).

Please contact the analyst assigned to this request if you have any questions – Samara Fisher 250 953-3622 (not to be confused with me, Sandra L. Fisher, Junior Analyst).

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by February 22, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by February 28, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;

- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Hon. Mike Farnworth
Legislative Assembly of British Columbia
614 Government St, Victoria, BC
V8V 2L8

March 7, 2018

Dear Minister Farnworth,

Payment delays are the most significant bottleneck in B.C.'s construction industry. Cash flow problems in the construction industry discourage hiring, lower investments in capital, training of apprentices and in the worst cases, lead to small business and personal bankruptcies. As one of your constituents, I am writing to say that the problem of delayed payments is unacceptable and to express my support for the adoption of prompt payment legislation in our province.

Our province needs a prompt payment solution that works for everyone including tradespeople, contractors, government and consumers. While this serious problem is being felt now in our industry, there is a serious risk to B.C.'s competitiveness long-term if we do not take action to fix the issue. Most recently, Ontario passed Bill 142 which amended the Construction and Lien Act to require payments to sub-contractors by general contractors within seven days of receiving payment from the project owner. This measure was supported across the construction sector by general contractors, trade contractors, suppliers, and labour groups and would be a fitting blueprint for B.C. to follow.

The adoption of prompt payment legislation in British Columbia would stimulate the construction sector in our province at no cost to government, while bringing us in line with other jurisdictions. In the U.S., 49 of the 50 states have prompt payment laws. The United Kingdom, Ireland, Australia, New Zealand, and the U.S. all have federal prompt payment laws as well. These countries know that when contractors aren't paid for completed work that is not in dispute, everyone loses. This includes the provincial government, which funds substantial infrastructure projects. Taxpayers end up footing the bill for inefficiencies that could be easily addressed by passing legislation.

A prompt payment law would benefit the skilled trades by releasing cash flow in the industry: more cash would allow contractors to take a longer investment outlook and, hire more tradespeople and apprentices.

I am lending my voice to the thousands of trade contractors across British Columbia who support this initiative and calling on you to ensure the government passes prompt payment legislation before the end of its mandate. Small businesses and the people who work for them are counting on you.

Sincerely,

s.22

Subject: Fiscal Year End

Hi Michelle,

I just wanted to touch base regarding fiscal year end as the cut off dates will be coming up quick.

Can you please talk to your staff and make sure they know the importance of this date and that they should be getting all their expenses in asap to ensure that you have time to submit the claims.

You will also want to make sure that your pcard reconciliations are submitted sooner than later. I currently don't have Jan, Feb or March.

Here is a reminder of the deadlines:

Important Deadline Dates

- **4:30 p.m. March 21st** – Deadline for **all cash and cheques** to Accounts, Ministers' Office Support Services (MOSS);
- **4:30 p.m. March 21st** – Deadline to get all fiscal 2017/18 **invoices and travel vouchers** (including **receipt envelopes or electronic packages**) to Accounts, MOSS;

- **4:30 p.m. April 5th** - Deadline to get all fiscal 2017/18 journal vouchers (if applicable, not many offices have journal vouchers to process) to Accounts, MOSS; and
- **4:30 p.m. April 5th** – Deadline to get BMO Purchase Card and BMO BTA Reconciliations (including receipts and approval) for the April 3rd, 2018 statements to Accounts, MOSS.

Thanks!

Dear Sara:

When we spoke with Minister Farnworth in February, he mentioned that he would share with us a "list of issues" about prison-based needle and syringe programs in B.C. prisons to be addressed during a subsequent meeting or conference call with him and/or relevant Ministry staff. Stephanie MacPherson (director of adult custody, B.C. corrections) joined us on that call, and we are hoping to also follow up with her.

We also mentioned that Richard will be in Vancouver at the end of April, and that this might be a suitable opportunity to meet with relevant Ministry staff, in the event that there are some based in the city (as Minister Farnworth mentioned s.22

Might you be able to put us in touch with Ms. MacPherson, so we can follow up with her about the list of issues and a follow-up meeting, hopefully in Vancouver?

Dear Sara:

Many thanks for your email. We're delighted to meet with Minister Farnworth to discuss this.

By any chance, is Minister Farnworth available at any other time during that last week of February? I ask simply because both Sandra and I will be returning to Toronto that very afternoon (from very lengthy flights from South Africa and Hong Kong respectively, after lengthy trips) and each juggling some other commitments that very afternoon/evening (Toronto time).

If 3:15 pm (Pacific time, I assume) on Feb 26 is the only time that works for the Minister that week, then we can make ourselves available then. But I thought there would be no harm in asking whether there is any other availability in his calendar that week that might be just as convenient for him (and a little easier to squeeze in on our end).

Thanks again for the opportunity, and please let me know. We'll look forward to the discussion with him in a few weeks.

Best regards,
Richard

By any chance, is Minister Farnworth available at any other time during that last week of February? I ask simply because both Sandra and I will be returning to Toronto that very afternoon (from very lengthy flights from South Africa and Hong Kong respectively, after lengthy trips) and each juggling some other commitments that very afternoon/evening (Toronto time).

If 3:15 pm (Pacific time, I assume) on Feb 26 is the only time that works for the Minister that week, then we can make ourselves available then. But I thought there would be no harm in asking whether there is any other availability in his calendar that week that might be just as convenient for him (and a little easier to squeeze in on our end).

Thanks again for the opportunity, and please let me know. We'll look forward to the discussion with him in a few weeks.

Best regards,
Richard

Good morning Richard,

I am in receipt of your request for a telephone meeting between Sandra Chu, yourself and Minister Farnworth to discuss harm reduction in prisons, raised in your email of December 21, 2017.

The Minister would like to arrange a telephone conference meeting with you for the end of February. Would you and your colleagues be available for a conference call on February 26 at 3:15 pm?

Please advise at your earliest convenience and I will schedule you in. It is my understanding that you would also like to arrange a second meeting in person in April. We can book a date with that following your telephone conference call with the Minister.

Please let me know if you have any questions. We look forward to hearing from you in the near future.

Hi Sara,
I just wanted to follow up and say that we are looking forward to Minister Farnworth's visit on Friday.

We have arranged to have two representatives from our Board of Directors and two senior UNYA staff (as well as myself) in attendance to meet with the Minister. Another staff member who was formerly a youth participant will lead the tour and talk to the Minister about her experience.

Do you have a sense of how many staff will be visiting with the Minister so that we can be sure to prepare enough materials for everyone?

Thanks for your help,

Hello Sara,

Thank you for your email. We would love to host Minister Farnworth and his staff at the Urban Native Youth Association to tour the site and learn more about the Native Youth Centre capital campaign.

Yes, we will be available on March 16th at 1:00, and we think an hour would be a good amount of time for a tour and discussion.

I will get back to you as soon as I can about who from UNYA will be here to meet with the Minister.

Thank you for arranging this, and we look forward to meeting the Minister.

Further to my email to you of March 2, 2018, I wanted to follow up with you regarding a meeting with Minister Farnworth and the Union of BC Indian Chiefs, Chief Stewart Phillip.

Could we schedule a brief meeting regarding the above?

Hi Sara,

Next week will not work for Cheryl Casimer s.22

The only time that might work for both Robert Phillips and Grand Chief Ed John at the same time would be Tuesday March 6th at between 9:00 – 9:30 am. Would that time work for Minister Farnworth? If not, I may be able to set-up separate calls next week or one of them could take the call and update the other two.

Next week is very busy for us due to a full schedule of meetings including the BCAFN Assembly in Prince George.

Hey sorry to bug again,

The $1048.06 was paid on Dec 2nd. The Invoices you sent me are from after that payment. If you look at the $319.20, It shows the balance forwarded as $0 which reflects your payment of $1048.06. Can you look further back for the other invoices? I will need the full invoices as well. We will never release the call logs but need to keep the full invoice attached during our audits. Please give me a call if you have any questions.

Good afternoon Saija,

Please find attached the two Telus invoices that we made in one payment. One invoice in the amount of $319.20 and the other for $723.05, totalling 1,042.25

On the receipt that we got for payment on the 2nd, it shows that we paid these two invoice amounts, I've attached that receipt as well. On the Transaction History printout the amount is $1048.06…not sure why there is a difference?

Hope this is what you are looking for ☺

I have clipped the relocation assistance policy below and have highlighted the sections that are likely most relevant for Nimmi.

8. Real Estate and Legal Fees

1. On relocation, or within one year of the effective date of relocation, an employee/appointee who purchases or sells his/her private dwelling house is entitled to claim for the following expenses upon production of receipts:

b. An employee/appointee, who has sold their private dwelling house in which they resided immediately prior to relocating, without the aid of a realtor, shall be entitled to claim $2,000.

c. An allowance for legal fees will be paid to an employee who purchases a private dwelling house in which they live after relocation in accordance with the following:

d. Where an employee/appointee purchases a reasonable amount of property, secures a joint mortgage (land and private dwelling house) and begins construction (i.e. foundation poured) within six months of relocation, they shall be entitled to reimbursement of legal fees not to exceed the amount specified in paragraph (c) above with respect to one transaction only.

e. The employee/appointee may only claim legal fee reimbursement in either paragraph (c) or (d) above, not both.

f. Upon written application, the deputy minister may approve extension(s) to the one year time limit in this section in accordance with the following:

1. Extension(s) for claiming real estate fees may be granted to an employee/appointee who has not yet sold their private dwelling house but has made a reasonable attempt to do so. Extension(s) for claiming legal fees may be granted to an employee/appointee delayed in purchasing a new private dwelling house by the late sale of the existing home.
2. A reasonable attempt may include such aspects as: - the property being listed for at least the last six months of the original one year period; - the asking price being reasonable considering the appraised

value of the property; - no reasonable offers having been refused; or - the delay in claiming legal fees from the purchase of the new home arise from the late sale of the existing home, in spite of a reasonable attempt to sell the existing home.

3. The employee/appointee is responsible for providing any information or documentation required to support the request for extension and for any costs so incurred.

Part III: Relocation at Time of Retirement

1. Where a retiring employee/appointee has been relocated by the employer or through a competition to an isolated location, and gives at least six months written notice prior to retirement to relocate elsewhere in the province, the employer shall pay the cost of moving the employee/appointee's household goods and effects in accordance with that part of the relocation provisions in effect at the time of the employee/appointee's retirement providing:
    1. The employee/appointee is living in an isolated location specified in the isolation provisions and was relocated to the isolated location by the employer;
    2. The employee/appointee has served a minimum of three years in the isolated location;
    3. The employee/appointee moves within three months of the month in which they cease active employment with the Province (i.e. within three months of the month in which the employee/appointee is last at work).
2. For purposes of this section, "retiring employee" means an employee/appointee scheduled to retire and to receive a superannuation allowance under the Public Service Pension Plan or who has reached mandatory retiring age.

Part IV: Relocation Required by Employer Movement of Operation

1. Where a regular employee is required by the employer to relocate as a result of the employer moving its operation from one geographic location to another and which has been approved by Treasury Board, the employee will be entitled to the following reimbursements in addition to the provisions in Part II above, upon production of receipts:
    1. Real estate commission fees not to exceed $15,000. Where a claim is made under this section, there shall be no entitlement to reimbursement under Section 7 of Part II above.
    2. Mortgage discharge fee not to exceed $200 and mortgage pre-payment penalty, if any.
    3. Survey certificate fee as required for the acquisition of a mortgage/purchase of a private dwelling at the new location.
    4. Interim financing fees and/or interest charges incurred for the purchase of the private dwelling house in the new location for a maximum period of 60 days. The employee shall provide the necessary documentation to demonstrate that such interim financing arrangements were incurred and/or duplicate mortgage payments have been made.
2. Part IV does not apply where the employee's private dwelling in which they resided immediately prior to relocation is not sold.

Honourable Mike Farnworth, Minister of Public Safety and Solicitor General will be meeting with a number of organizations over the next week regarding cannabis legalization and regulations. The Minister would like your input and thoughts. The meeting would be roughly 20 minutes and can be in-person or via conference call. It is our hope to schedule this meeting by the end of next week, if possible.

Due to the House sitting, the Minster is not able to leave the Legislature Monday thru Thursdays so I would have to schedule something in Victoria unless we are able to set up something on a Friday as the Minster is back in Vancouver.

Good morning!

I have two purchase cards coming your way. I cant enter the tax amounts. When I click on the cell that tells me it is protected and read-only.
I have tried to save the workbook as a copy but I cant figure this out. I asked Michelle yesterday, but she didn't know either.
Do you know what I have to do to be able to get into "pre tax amount" and "receipt total"? I have passed the waring below.
Thank you Saija

Hi Everyone,

We are nearing fiscal year end and I would like to reconcile all quick ticket usage up to Feb 1, 2018 by mid-Feb to alleviate the pressures of Fiscal Year end for all of us.

If you have been using quick tickets please submit to me a list of all tickets that were used by your staff before Feb 1, 2018. I have attached a template that you can use if you don't already have a tracking sheet. The info on this sheet is what I need in order to process the journal voucher.

Please submit this to me no later than Feb 7th, 2018. There is no need to collect approval from your EA at this point. I will be emailing them once the JV is complete for approval.

If you purchased QTs from more than one vendor, please create an excel sheet for each quick ticket program.

If you haven't purchased any quick tickets, just send me an email back to let me know and I will not bug you anymore in regards to this.

Thank you!

Michelle will have more details about that. Apparently, Helijet accidently charged us or made a mistake our invoice and reimbursed it later. I will get Michelle to forward her communication with HElijet regarding that.

Hi Everyone,

We are nearing fiscal year end and I would like to reconcile all quick ticket usage up to Feb 1, 2018 by mid-Feb to alleviate the pressures of Fiscal Year end for all of us.

If you have been using quick tickets please submit to me a list of all tickets that were used by your staff before Feb 1, 2018. I have attached a template that you can use if you don't already have a tracking sheet. The info on this sheet is what I need in order to process the journal voucher.

Please submit this to me no later than Feb 7th, 2018. There is no need to collect approval from your EA at this point. I will be emailing them once the JV is complete for approval.

If you purchased QTs from more than one vendor, please create an excel sheet for each quick ticket program.

If you haven't purchased any quick tickets, just send me an email back to let me know and I will not bug you anymore in regards to this.

Thank you!
~Saija

Hi Sara – I hope you're enjoying the relative quiet with the House not in session!

I think we had chatted briefly about this before but on April 16, 4 BC Construction Association (BCCA) board members would like to attend Question Period. They're hoping MMF would introduce them in the House. I have attached a script (the long form) for him to consider using.

The full board of directors will be having lunch at noon with MMF and PS Rice (and Becky too). I have made a reservation at the dining room for 19.

The board members will be joined by Lisa Stevens who works on staff at BCCA so it would be great if you were able to get 5 tickets for them.

Thanks a lot Sara

Following up discussion yesterday, I can confirm that I've approved the 2 Cannabis RFLs and they will be coming down to the M.O. now for signoff. Cab Ops requires signoff by Thursday (I think). I'd anticipate MMF would want a briefing /chat on RFLs, structure of bills, and how drafting is going in conjunction with signoff. Could we please set something up for that purpose in the next day or two? Wouldn't need more than that – and probably will squeeze in some cannabis related updates

given recent meetings with muni's and indigenous groups.

Also, given RFLs go to P&A next Thursday (March 15th), could we please enquire into a joint briefing for MDE and as well as MM early to mid next week. If there is no way to do it jointly, we'll have to arrange separate briefings with each Minister. Would be better to get them together if we can.

Hi Sara, for something like this, a EA or MA would suffice for staffing as our staff couldn't properly staff MMF. That's at least how it was when I was down in the Leg ☺. Your Vancouver based EA, Talea would typically be the go to for MLA related Vancouver tours. Make sense?
Thanks!

Hey Nikki

I don't think I request staff or maybe I did?? I can't remember, I did get the BN from MMM but this tour is in Vancouver. Does it require staff or is there someone who should or could attend?

Thanks Nikki

Hello

I have arranged for the Minister and MA, Nimmi, to tour the Urban Native Youth Association on March 16, 2018 @ 1:00pm.

Could I get a BN, I believe the attached email should have enough info and as well some on Cliff (the Cliff file was too large to send). Let me know though if you do require more.

Thank you!

Good to hear from you this morning Sara.

Below is some really important info from our website for you to be aware of. I can provide more context for you as well, particular around the areas that are more "strategic" (highlighted below). I think the accounting aspect is less important than knowing the 'role and functions' around police boards (ie: understanding the statutory responsibilities of the Boards and Ministry, and the "political" context).

https://intranet.gov.bc.ca/justice/our-sector/pssg-branch-profiles/policing-and-security

- 'Branch responsibilities include … providing training and support to police boards'

https://www2.gov.bc.ca/gov/content/justice/criminal-justice/policing-in-bc/municipal-police-boards:

Municipal Police Boards

- In British Columbia, municipal police departments are overseen by an appointed police board made up of civilian members of the community. Under the Police Act a municipal police board, in consultation with the Chief Constable, is required to determine the priorities, goals and objectives of the police department.
- A police board consists of the mayor, who acts as chair, one person appointed by the municipal council and up to seven people appointed by the province. Board members are selected from a variety of backgrounds and can serve up to a maximum of six years. Board members are volunteers; however related training and travel expenses are covered.

-

Municipal Police Board Mandate & Responsibilities

- The mandate of a police board is to establish and operate a police department in their municipality. The police department is responsible for maintaining order, preventing crime and enforcing municipal bylaws, provincial laws and federal criminal code laws.
- A police board performs four main governance functions:
    1. Employer of all sworn and civilian staff
    2. Establishes policies and set the direction for the police department
    3. Develops the annual police department budget
    4. Discipline authority for policy and service complaints, with the chair being responsible for discipline matters related to the Chief Constable and deputy.
- Police boards usually meet every month. Members may also be asked to sit on sub-committees such as finance or human resources. They may also participate in panels or attend other meetings to deal with specific issues.

Hi Michelle,

For the LRC briefing tomorrow, I've uploaded materials to the SharePoint under **PPSG Items – LRC-April 5**.

There are three separate LRC packages, and I've uploaded the final materials for Drug-Impaired Driving and Intersection Safety Cameras. I anticipate uploading the materials for the Cannabis Distribution Act by tomorrow morning.

The materials have been approved by Clayton Pecknold, A/DSG. Please note, we are seeking the Minister's sign-off of two documents for each package – the LRC BN and Regulatory Impact Checklists. I have marked the documents For Signing.

Confidential draft legislation – Can you/Nikki please upload the copies of the final draft legislation for each item to the Minister's Sharepoint – they are marked as confidential in each folder.

Thank you, and please let me know if you have any trouble finding anything on the SharePoint.

Hi Michelle,

In preparation for the upcoming LRC briefings on Thursday afternoon (29th), I wanted to touch base with you about getting materials to the Minister for review and signing. I understand the Minister will be in Vancouver for the briefings and they will be conducted via conference call.

Note: the final signed LRC BN is due to Cabinet Operations on Thursday, March 29, so we may want to consider using eSignature. I am hoping to send the materials to you on Wednesday.

I can send the LRC BN for signing and other materials via SharePoint. Can the confidential draft legislation be shared with the Minister via a separate SharePoint? We are unable to email the draft legislation. Another option would be to send a hard copy with NImmi or Liam if they are planning to be in Vancouver for the briefing.

Thanks, and please let me know if easier to discuss over the phone.

That would be fabulous. They have a meeting until noon at the leg- any chance we can make it 12:15? If noon is only time we will skip out of the other meeting early.

Could you let me know the room please?

Thanks so much.

Following up - hoping one of you could meet with our client for 30 minutes tomorrow. They are only in town for the day and were hoping to update you on where they are at from a medical cannabis perspective - and of course to discuss broadly recreational cannabis.

Appreciate anything you can do understanding that has been short notice.

I just wanted to follow up and say that we are looking forward to Minister Farnworth's visit on Friday.

We have arranged to have two representatives from our Board of Directors and two senior UNYA staff (as well as myself) in attendance to meet with the Minister. Another staff member who was formerly a youth participant will lead the tour and talk to the Minister about her experience.

Do you have a sense of how many staff will be visiting with the Minister so that we can be sure to prepare enough materials for everyone?

Thank you, Andrea.

Minister Farnworth only provided remarks at BCAFN and no materials were handed out. I can, however, send you a few relevant links as background ...

Good Morning Andrea,

Further to my email to you of March 2, 2018, I wanted to follow up with you regarding a meeting with Minister Farnworth and the Union of BC Indian Chiefs, Chief Stewart Phillip.

Minister Farnworth is meeting with a number of organizations over the next week regarding cannabis legalization and regulations. The Minister would like Chief Stewart Phillip's input and thoughts following the BCAFN Assembly.

Could we schedule a brief meeting regarding the above?

Thank you for your time and consideration in this regard. We look forward to hearing from you in the near future.

Good morning Andrea,

Honourable Mike Farnworth, Minister of Public Safety and Solicitor General will be meeting with a number of organizations over the next week regarding cannabis legalization and regulations. The Minister would like Chief Stewart Phillip's input and thoughts. The meeting would be roughly 20 minutes and can be in-person or via conference call. It is our hope to schedule this meeting by the end of next week, if possible.

Due to the House sitting, the Minster is not able to leave the Legislature Monday thru Thursdays so I would have to schedule something in Victoria unless we are able to set up something on a Friday as the Minster is back in Vancouver.

If Chief Phillip is interested in speaking with the Minster with regards to the above, please advise if he would like to speak via telephone or have a meeting in person and preference of location.

I look forward to hearing from you soon.

Good morning Colin,

Just following up on the possibility of arranging a meeting with Minister Farnworth, Robert Phillips, Cheryl Casimer and Grand Chief Ed John.

Now that the BCAFN Assembly has wrapped up, I was hoping we could arrange a time sometime in the next couple of weeks.

Thanks Colin!

Hi Sara,

Next week will not work for Cheryl Casimer s.22
s.22

The only time that might work for both Robert Phillips and Grand Chief Ed John at the same time would be Tuesday March 6th at between 9:00 – 9:30 am. Would that time work for Minister Farnworth? If not, I may be able to set-up separate calls next week or one of them could take the call and update the other two.

Next week is very busy for us due to a full schedule of meetings including the BCAFN Assembly in Prince George.

Hi Michelle,

As per our phone conversation, The attached claim (minus the July 23rd reimbursement) was paid in error and should have fully been claimed through his MLA budget. Kathryn Reine has advised that the Minister was reimbursed already ($498.50) by the Leg in November for a portion of the claim.

I have invoiced the Legislative Assembly for what they haven't already paid but will need to collect the double payment back from the Minister.

Can you please enter a line of overpayment reimbursement on the minister's next claim. It should be -$498.50.

Thanks!

Good morning,

Thank you for your email.

Perhaps a telephone meeting would be best, due to the House sitting, the Minster is not able to leave the Legislature Monday thru Thursdays so I would have to schedule something in Victoria unless we are able to set up something on a Friday as the Minster is back in Vancouver.

Could we arrange for a conversation on March 16th at 10:00am? If this time doesn't work we can arrange something else.

Thank you!

Yes - this is possible. Are we looking to schedule in person? The Regional Chief is based in Prince George although he does travel to Vancouver on occasion.

Please advise and then we can secure a time.

I have attached the receipts for Canadian Springs/Aquaterra as requested.

Attached are the order for the $48.433, $56.97 and 170.63

You may need to contact me on this particular purchase. We were being pre-billed from AquaTerra and ordering our coffee from the Canadian Springs site, same company, different websites. Anyway, apparently we were overpaying so we have a credit on our account for $111.00. I've attached on the last page to show. The company has changed our settings to ensure this doesn't happen again, but our statements are a bit confusing for anything prior to last week.

Oh, we should have had Wolfgang come with us!

If you write reservations@leg.bc.ca you can just request how many ticket you would like and which Minister you are under. You can bring guest as well. They just need the names in advance of who will be attending. Once you have confirmed the date, make sure that Minister Eby knows you are attending and he can introduce you in the House.

Let me know if you need any other info

Hello,

I'm writing to follow up on the below invitation, sent last week by Dr. Richard Stanwick, Island Health's Chief Medical Officer.

We're planning a public event for **Tuesday, May 22 (7:00 – 8:30 pm at the Royal Jubilee Hospital)** around the **legalization of cannabis**, to be addressed by a panel including Dr. Stanwick and Dr. Karen Urbanoski, a Canada Research Chair and researcher at UVic's Canadian Institute for Substance Use Research.

As part of the event, we would be delighted if the Honourable Mike Farnworth or a member of his staff, if interested and available, was able to provide a broader policy perspective associated with the policies that will regulate cannabis in our province. The point of view that health is not the only consideration in making effective policy would significantly add to the dialogue and provide a valuable perspective on this important manner.

This event will be a part of Island Health's annual Research Month, known as Five Days in May. Last year's events are listed on our website: http://www.viha.ca/rnd/5days/index.html

Don't hesitate to ask if you have any questions—we'd love to hear from your office by or before the end of this week, as we'd like to get the promotional material circulating.

Yours,
Annie

Every year Island health hosts ***Five Days in May*** - a time of education, information, inspiration, and stimulation on the many dimensions of health research. Events offer something for everyone, from improving seniors' care and enhancing cultural safety to addressing the opioid crisis, from accessing data to expanding treatment options. Colleagues, patients, researchers, and community partners come together to learn, network, and spark innovation.

As part of this year's offerings will be an evening session on May 22nd from 7:00 to 8:30 P.M. in the Woodward Room of Begbie Hall on the Royal Jubilee Hospital Campus in Victoria. The session is expected to attract not only Island Health personnel and researchers but also interested members of the public. The subject will be the impending legalization of cannabis and addressed in part by a panel. There will be a general open mike session subsequently.

I will be part of a panel of three formal presenters where each panelist will have ten or so minutes to cover a particular perspective. I will be setting the stage in giving a brief overview of the medical properties of cannabis, the implications it may have for serves delivered by the health authority, and what policies Island Health might entertain in dealing with this newly approved psychoactive substance. Also on the panel is well-known researcher from the Canadian Institute for Substance Use Research, Public Health and Social Policy, Dr. Karen Urbanoski. She will provide a context for future research needs in this arena.

I am writing, requesting that the Honourable Mike Farnworth or a member of his staff, if interested and available, to provide the broader policy perspective associated with the policies that will

regulate cannabis in our province. The point of view that health is **not** the only consideration in making effective policy would significantly add to the dialogue and provide a valuable perspective on this important manner.

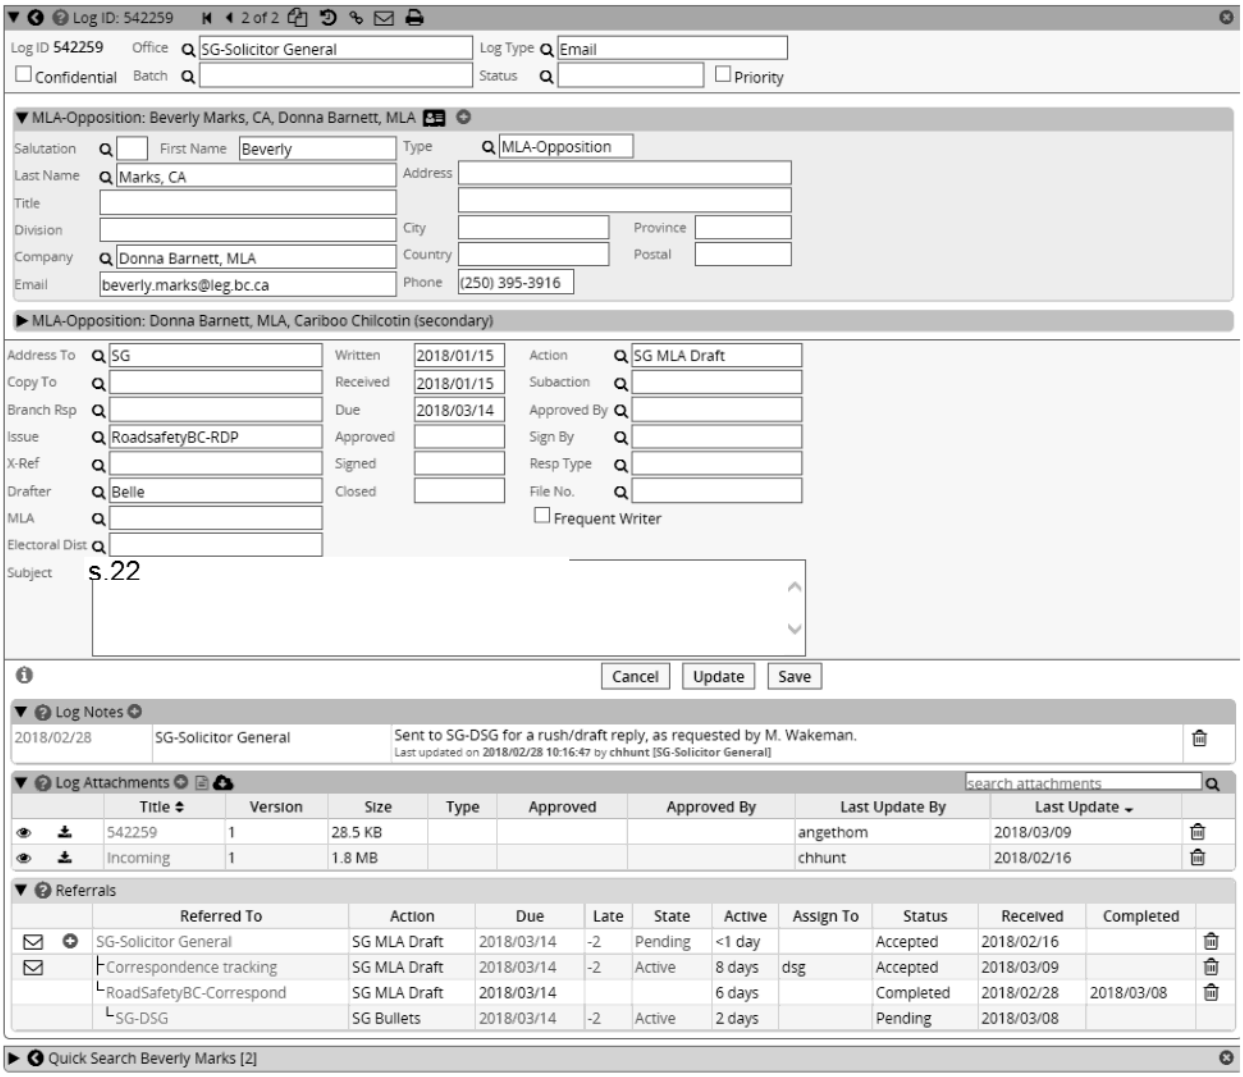

I appreciate having had the opportunity to participate in the consultation on cannabis with Minister Farnworth and his senior staff, and hope that the distillation of that process can be shared at our event.

In health.

I just noticed this message.

Did you still need me to call?

I finished Nimmi's relocation expense forms using the email you sent as a guideline. They've been submitted to Finance. As we didn't have many receipts for Nimmi, I am expecting to have to answer a few things and might need to touch base if FIN has any questions.

Thank you

Your name was given to me as a contact by Saija Poldrugovac.

We are looking to quickly do the relocation expenses for one of our Senior MA's in the office, Nimmi Takkar, who I have cc'd on this email.

Would we be able to touch base with you regarding what Nimmi needs in order to claim her expenses for relocation and what she is able to claim?

We have a deadline of tomorrow. Would we be able to touch base with you asap?

Hi Sara,

Nimmi has been authorized for relocation assistance up to $3,500, I have attached her authorization letter (Nimmi has a signed version of this).
She also needs to sign the attached assignment of wages declaration for whatever amount she ends up claiming.
I have clipped the relocation assistance policy below and have highlighted the sections that are likely most relevant for Nimmi.

Please call if anything is unclear.

Thank you,

1. Extension(s) for claiming real estate fees may be granted to an employee/appointee who has not yet sold their private dwelling house but has made a reasonable attempt to do so. Extension(s) for claiming legal fees may be granted to an employee/appointee delayed in purchasing a new private dwelling house by the late sale of the existing home.

Part III: Relocation at Time of Retirement

1. Where a retiring employee/appointee has been relocated by the employer or through a competition to an isolated location, and gives at least six months written notice prior to retirement to relocate elsewhere in the province, the employer shall pay the cost of moving the employee/appointee's household goods and effects in accordance with that part of the relocation provisions in effect at the time of the employee/appointee's retirement providing:

Hello Michelle,

I am following up with each ministry on the below correspondence sent out by Christine. As the hotel room block will be opening to all provincial government staff at the beginning of April I wanted to follow up with you to see if the Minister and Minister's office staff will be booking within this hotel block or booking elsewhere?

Thank you very much,

Hi Barb,

Attached is a **decision** note regarding the LDB issuing a Request for Information (RFI) to federally Licensed Producers (LPs). This is for both the Attorney General and the Minister of Public Safety and Solicitor General's decision. I have not created this in eApprovals. Blain has approved this. I have also been advised the Cannabis Secretariat is reviewing this BN as well.

This is very time sensitivity, so I have been asked to make sure the Ministers receive this **TODAY; and have ALL sign off by the end of day, Monday, March 12.**

Subject: Vacation procedure

Hey everyone,

Many many thanks to each of you for your hard work during the last few weeks!

s.22 but will be checking emails intermittently. If there is anything that needs immediate attention or if you have any HR related questions please speak with Nimmi. I also thought this is a good chance to remind everyone about what to do if you need time away from the office:

If you would like to take vacation, try and let us know with as much notice as possible and please email your request to me (cc Nimmi) - I'll make sure we get you a quick response in case you're waiting to book something. If you are sick please let me (and Nimmi if you wish) know via email or text. Also remember to fill out the time/leave info for both of these at https://timepay.gov.bc.ca/.

For smaller things like appointments, etc during the day, just make sure to check in with Nimmi and

I, no need to file these in time/leave once we approve. This all pretty much follows what we've all been doing, but thought it would be good to send out as a reference in case anyone had any questions.

Hope everyone has a great weekend! See you all soon!

Good morning,

Your name was given to me as a contact by Saija Poldrugovac.

We are looking to quickly do the relocation expenses for one of our Senior MA's in the office, Nimmi Takkar, who I have cc'd on this email.

Would we be able to touch base with you regarding what Nimmi needs in order to claim her expenses for relocation and what she is able to claim?

We have a deadline of tomorrow. Would we be able to touch base with you asap?

Thank you!

Good morning,

Please find attached 3 Eforms for Nimmi Takkar and her Moving Locations. Her moving process began on December 31, 2017 and was wrapped up Feb 11, 2018
These forms cover her expenses during that time for her move. In each claim I have attached the Relocation Expenses for Excluded Employees that was emailed to me by Maura Parte which states that Nimmi is authorized for relocation up to $3,500
In the notes of each claim I have listed the number and sub number from the attached form where we got figures from.

Please let me know if you have any questions.

Thank you

As per your conversation with Michelle earlier today, we will have these approved and signed no later than the morning of March 26, hopefully before that. I have sent them to be notified by Nimmi and then they will be forwarded for approval by Liam or the Minister.
Thank you
