Subject: Correspondence & Cliff

Hi Angella!

Previously I was logging all correspondence in cliff soon after it arrived, then pass it to the MA's for them to advise me how to action it... only to have to go back into cliff to apply the action. Having to open up a cliff file twice before sending it over for action, was becoming too time consuming & new correspondence was building up.

After discussion with the MA's, it was decided in order to streamline our processes here, due to the high volume of correspondence coming in...

that I am now logging all correspondence after the MA's have advised me how to action it. Meaning... In most cases I would only enter cliff once, a big savings in time.

So... if you don't see it logged... very good chance we have it... just hasn't been returned from the MA's, to be logged. Also to note... correspondence for filing... is a lower priority & will be logged after all the others. I'll get to them when I can.

I hope this helps. Feel free to shoot me an email if you have any questions about this process or a particular document.

Thanks kindly,

Hi Angella,

After today, the Minister will not be here much over the summer break. So going forward...

Correspondence going to the general public can be sent with an e-signature.

Anything going to an elected official or government official, should be sent with his signature.

I know we have a bunch of letter for him to sign & they should be done by end of today.

s.22 call & can be reached at s.22

He would like to speak to someone from the Minister's Office regarding a letter sent to David Eby, requesting a review by Members of the Legislative Assembly of a decision made by the Police Complaints Commissioner.

I spoke to s.22 and clarified the independence of the OPCC and avenues of recourse when the alleged actions of that office are contrary to their authority. s.22 will be contacting his local MLA to address his concerns to the all-party committee which oversees the OPCC.

s.22 was satisfied with this information and advised that he will no longer be contacting the MO.

I spoke to s.22 and clarified the independence of the OPCC and avenues of recourse when the alleged actions of that office are contrary to their authority. s.22 will be contacting his local MLA to address his concerns to the all-party committee which oversees the OPCC.

s.22 was satisfied with this information and advised that he will no longer be contacting the MO.

Hello Brett

Thank you for getting back to us. We were hoping that you would be able to come into our office this week, before Friday, just to go over some stuff with us. The MA's have requested just a quick meeting with you.

We've managed to get some stuff sorted but still have some issue regarding phones and laptops etc. and the handling of our AC being gone.

Thank you Brett

Hello Brett....

We have had some changes in our office. s.22 is no longer the AC. We need a few things updated as we move forward.

The Ministers calendar needs some access changes. We would like our MA's, Liam Lawson and Nimmi Takkar to be able to have access and make changes in the calendar along with Nikki Duncan and Charlotte Hunt.

Would you be able to assist us with this? If not, would you be able to direct me to who could?

Hi everyone,

I just wanted to let you know that there will be a 3rd house starting next Monday.

We are currently working on a new duty schedule to include this 3rd House.

Good afternoon,

We have developed an online solution that collects on-time rental payments made to First Nation band housing managers so that people on reserves have more trade lines and better credit scores.

They would like to discuss with PSSG Staff about motivating the credit bureaus to accept these payments and reduce the number of predatory payday loans, streamline access to reputable credit unions and banks and improve access to credit on things as simple as student loans and credit cards.

We are also meeting with Minister Carole James in Victoria while on this trip.

Unfortunately due to travel days being shortened for the trip, the only days we may be in Vancouver are the 6th and 7th of June.

Feel free to call me directly to help set up the meeting.

I am wondering if someone from PSSG might have time at some point today to chat briefly about correspondence relating to the Mayor of Delta, Lois Jackson? She has put in a few meeting requests to speak with the Premier about a number of issues, and we are just trying to gather further information on what contact she has already had with ministries regarding these topics. From Mayor Jackson's most recent request it appears that she may have had some correspondence with PSSG about the legalization and regulation of cannabis. If there is anyone available to give a quick call about this at some point today or tomorrow, that would be great!

Thanks Lauren. Per BC's standard policy regarding invitations to Ministers and officials by House of Commons Committees and Senate Committees, this letter should either be filed for information, or referred to IGRS for response on behalf of BC.

Per government policy, the Minister sent a letter to the federal Health Minister outlining BC's concerns with the federal legislation on April 26.

FYI – here is the policy:

Formal Submissions to Federal Parliamentary Committees

(House of Commons or Senate Committees) or Other Federal Bodies

Like most other provincial governments, BC usually makes its views known to the federal government on a Premier-to-Prime Minister, minister-to-minister or designated official-to-official basis, rather than directly to federal committees or bodies. The rationale of this approach is to protect the principle that the Province is an equal partner in the federation and to ensure that issues are, for the most part, to be pursued on a "government-to-government" basis. It avoids situations where the Province is reduced to one of many stakeholders and where the federal government could consider itself to be in a position to speak on behalf of the Province.

Good day,

The Standing Senate Committee on Social Affairs, Science and Technology is expecting to receive an order of reference to study **Bill C-45, An Act respecting cannabis and to amend the Controlled Drugs and Substances Act, the Criminal Code and other Acts**. You will find background information on this bill and its progress on the Parliament of Canada's LegisInfo website here: <http://www.parl.ca/LegisInfo/BillDetails.aspx?Language=E&billId=8886269>

Appendix 2 of the *Rules of the Senate*, states:

That, whenever a bill or the subject-matter of a bill is being considered by a committee of the Senate in which, in the opinion of the committee, a province or territory has a special interest, alone or with other provinces or territories, then, as a general policy, the government of that province or territory or such other provinces or territories should, where practicable, be invited by the committee to make written or verbal representations to the committee, and any province or territory that replies in the affirmative should be given reasonable opportunity to do so.

Accordingly, the committee has asked me to invite you, or another representative designated by you, to appear during the committee's public hearings on the bill or to submit a written brief outlining the impact this legislation may have on your province or territory. Public hearings on this bill are expected to begin on Wednesday, March 28, 2018. **The committee is hoping that you or your representative could be available on Thursday, March 29, 2018 at 10:30 am, either in person or by videoconference.** The committee has not yet determined what other dates may be available.

If you prefer to submit a brief to the committee, please consult this website if you

require more information on appearing before a Senate committee:

<https://sencanada.ca/en/Committees/ForWitnesses>

It would be appreciated if you could let me know as soon as possible, if you wish to participate in the committee's public hearings on Bill C-45.

Thank you in advance for your timely response to this request.

Sincerely,

Bonjour,

Le Comité sénatorial des affaires sociales, des sciences et de la technologie recevra sous peu un ordre de renvoi pour étudier le **projet de loi C-45, Loi concernant le cannabis et modifiant la Loi réglementant certaines drogues et autres substances, le Code criminel et d'autres lois**. Vous trouverez des renseignements supplémentaires sur ce projet de loi sur le site web LegisInfo du Parlement ici :

<http://www.parl.ca/LegisInfo/BillDetails.aspx?billId=8886269&Language=F>

L'annexe 2 du *Règlement du Sénat* dit :

Que lorsqu'un comité sénatorial étudie un projet de loi ou la teneur d'un projet de loi qui présente, à son avis, un intérêt particulier pour une ou plusieurs provinces ou pour un ou plusieurs territoires, il devrait, en règle générale et dans la mesure du possible, inviter les gouvernements concernés à lui présenter des observations écrites ou verbales et leur accorder un délai raisonnable pour le faire, si la province ou le territoire répond à cette invitation par l'affirmative.

En conséquence, le comité aimerait vous inviter (ou un autre représentant désigné par vous) à comparaître devant le comité ou bien de présenter un mémoire au comité pour entendre vos observations à propos de l'impact qu'aura ce projet de loi dans votre province ou territoire. Les audiences publiques sur ce projet de loi commencent le mercredi 28 mars 2018. **Le comité aimerait donc vous inviter (ou votre représentant) à comparaître en personne ou par vidéoconférence le jeudi 29 mars 2018 à partir de 10 h 30.** Le comité n'a pas encore décidé quand d'autres audiences publiques auront lieu.

Vous pourriez aussi présenter un mémoire au comité. Je vous invite à consulter site web qui suit pour de plus amples précisions sur comment participer à une étude d'un comité du Sénat :

<https://sencanada.ca/fr/comites/pourtemoins/>

Veuillez m'indiquer aussitôt que possible, si vous désirez participer dans les audiences publiques du comité sur le projet de loi C-45.

Je vous remercie à l'avance pour votre réponse.

Salutations bien cordiales,

Shaila Anwar

Hi Caroline & Jordan,

I was just going thru the Minister's Binder to ensure that we have everything up to date.

I have attached a copy of the index, showing discrepancies.

- The question marks are versions that we do not have.
- A date change indicates, we have a later version than noted on the Index.

I would be so grateful if we could have the missing IN's & an updated Index.

Thanks kindly,

Hello Brett

Thank you for getting back to us. We were hoping that you would be able to come into our office this week, before Friday, just to go over some stuff with us. The MA's have requested just a quick meeting with you.

We've managed to get some stuff sorted but still have some issue regarding phones and laptops etc. and the handling of our AC being gone.

Thank you Brett

Hello Brett....

We have had some changes in our office. s.22 is no longer the AC. We need a few things updated as we move forward.

The Ministers calendar needs some access changes. We would like our MA's, Liam Lawson and Nimmi Takkar to be able to have access and make changes in the calendar along with Nikki Duncan and Charlotte Hunt.

Would you be able to assist us with this? If not, would you be able to direct me to who could?

Thank you Brett!

Hello, please note that this is a x-govt request.

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Administrative Assistant(s) in the Minister's office - where such a position exists and was staffed.(Date Range: 01-MAR-2018 to 31-MAR-2018). (the attached document may assist your search)

Please contact the analyst assigned to this request if you have any questions – **Andrea Wentz (250) 387-4314**.

What Do You Need to Do?

Please complete the attached Call for Records form.

- **If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages**, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by June 4, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.

- If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by June 8, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns

Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Subject: Correspondence & Cliff

Hi Angella!

Previously I was logging all correspondence in cliff soon after it arrived, then pass it to the MA's for them to advise me how to action it... only to have to go back into cliff to apply the action. Having to open up a cliff file twice before sending it over for action, was becoming too time consuming & new correspondence was building up.

After discussion with the MA's, it was decided in order to streamline our processes here, due to the high volume of correspondence coming in... that I am now logging all correspondence after the MA's have advised me how to action it. Meaning... In most cases I would only enter cliff once, a big savings in time.

So... if you don't see it logged... very good chance we have it... just hasn't been returned from the MA's, to be logged. Also to note... correspondence for filing... is a lower priority & will be logged after all the others. I'll get to them when I can.

I hope this helps. Feel free to shoot me an email if you have any questions about this process or a particular document.

Subject: Fix the Cannabis Control Act

Your name	s.22
Your email	
Address	
To Premier John Horgan, Minister Mike Farnworth, and Green Leader Andrew Weaver.	
PLEASE FIX THE CANNABIS CONTROL ACT	

The proposed Cannabis Control Act needs to get fixed before it gets passed into law.

Here's the top five things that need to be fixed in BC's Cannabis Control Act.

1. DO NOT CRIMINALIZE HAVING LEGAL PLANTS IN PUBLIC VIEW.

This law would punish people with up to 3 months in prison if their 4 legal cannabis plants are publicly visible, like on a balcony, windowsill or in a front yard. This is unfair, impossible to enforce and very punitive. This section must be removed.

2. DO NOT PROHIBIT CANNABIS LOUNGES.

This legislation as written would stop any city from licensing a cannabis lounge. You should let cities experiment with cannabis lounges and cafes if they want to. Just add the words "unless permitted by civic bylaw" so cities have more freedom and control.

3. LET CITIES LICENSE OUTDOOR CANNABIS EVENTS IF THEY WANT TO.

If a city wants to give a permit to an outdoor cannabis event, they should be allowed to. The section banning cannabis from parks should include "unless permitted by civic bylaw" so that cities can experiment and find what works locally.

4. ELIMINATE THE SPECIAL CANNABIS ENFORCEMENT POLICE.

Legalization should not mean hiring more police! We do not need a special cannabis enforcement police in BC, this is a very poor use of resources.

5. DO NOT DUPLICATE ALL THE FEDERAL LAWS WITH PROVINCIAL CRIMINALIZATION.

This legislation matches every new federal law on cannabis with duplicate provincial criminal penalties. Other provinces aren't doing this, so why is BC? This means if the federal government stopped criminalizing "possession of illicit cannabis" it would still remain criminal provincially. This makes no sense and is unnecessarily punitive.

PLEASE WRITE BACK TO ME and let me know that you will be amending this legislation to correct these key issues.

Also please let me know when you will be having public hearings about this important piece of legislation.

Thank you for your time and attention.

Hi Folks,

Thank you for the prompt response. Please note that my concern #6 in the below email specifically relates to the impact on the Provincial Chief Firearms Office (CFO). As such, could you please advise on the following questions:

1. Has there been any discussion between the Government of BC and the Federal Government on the impact to CFO's? If so please provide details especially related to any funding transfers that may have been discussed.
2. How is the Provincial Government of BC going to fund, and address, the backlog this will cause all the Provincial CFO's? If any have been proposed please provide details.

Thanks again,

kind and speedy attention would be very much appreciated. Regards Penelope.

On May 8th I received a response from AG (Samantha Scott s.22) saying it was a PSSG (Talea Pecora) issue. May 9th Talea emailed me saying she has put an urgent on it. May 14th sent email saying still waiting. May 22, left phone message still waiting. And Guess what I am still waiting.

Good afternoon all,

Just wanted to touch base with you all so we all have an update coming into the next week and so you can tell me anything pressing that needs to be done while the office is a bit more quiet.

This week, Char and I have been in the office. Char is busy with lots of correspondence and the putting the rushes on flood issues.

I have been working on the Ministers calendar and making sure that it's up to date and scheduling briefings for MMIWG and EMBC issues and trying to tie up any loose ends and/or outstanding meetings.

Expenses are being tackled this week and I am training Charlotte on how to do them so that we have another hand for the MA expenses.

I was really hoping we could all have a sit down staff meeting next week when we are all here to go over the Ministers schedule with session coming to an end and also talk about priorities for June and July, expectations s.22

I am suggesting we have this meeting on Monday at 3:00pm as the Minister will be in House duty. Does this work?

Please let me know if there is anything you need me to do this week before the crazy last week of session.

Also, might be a good idea to get sandwiches for our staff meeting?? Just sayin' ☺

Hi Caroline & Jordan,

I was just going thru the Minister's Binder to ensure that we have everything up to date.

I have attached a copy of the index, showing discrepancies.

- The question marks are versions that we do not have.
- A date change indicates, we have a later version than noted on the Index.

I would be so grateful if we could have the missing IN's & an updated Index.

Subject: Meeting Request - Draeger Safety Canada

Good morning Minister Farnworth,

I am writing on behalf of Draeger Safety Canada Ltd. (Draeger), an international leader in the fields of medical and safety technology, notably including drug screening equipment.

Recognizing the debate before Parliament regarding Bill C-46 and British Columbia's own amendments of the Motor Vehicle Act, Draeger would like to arrange a meeting to discuss its learnings and experience with the use and application of drug screening devices for road side detection.

Draeger's drug testing systems have been supporting law enforcement agencies since 2008, and have been utilized around the globe, including the U.S., Ireland, U.K, Australia and continental Europe. Draeger has extensive experience in understanding the opportunities with oral fluid drug testing technology and the approaches for training and use. They would like to meet to review these details with you and address any questions you or your department may be managing at this time.

Draeger is committed to supporting the Government of British Columbia as it proceeds with its efforts to legalize and strictly regulate cannabis, including looking for opportunities to raise public awareness about the dangers of drugged driving.

Would you be available to meet with Draeger representatives in Victoria on **Wednesday June 13th**?

Please let me know at your earliest convenience.

Best,

Alanna

Hi Charlotte,
CPPO would only meet if your office asked them to. It looks like by your regrets that wasn't expressed, so unless they come back asking to meet with the Ministry, we won't be meeting.

Please do let us know if they do request that. I will cancel the request for a BN.

Good afternoon,

We have developed an online solution that collects on-time rental payments made to First Nation band housing managers so that people on reserves have more trade lines and better credit scores.

They would like to discuss with PSSG Staff about motivating the credit bureaus to accept these payments and reduce the number of predatory payday loans, streamline access to reputable credit unions and banks and improve access to credit on things as simple as student loans and credit cards.

We are also meeting with Minister Carole James in Victoria while on this trip.

Unfortunately due to travel days being shortened for the trip, the only days we may be in Vancouver are the 6th and 7th of June.

Feel free to call me directly to help set up the meeting.

Hi Sara,

Thank you for agreeing to help schedule a meeting between BCREA representatives and Minister Farnworth.

Thanks as well for providing the timeframe in which the Minister is available. BCREA is looking to have a 30-minute discussion with the Minister regarding our position on having a remediation standard for homes used in drug operations. There will likely be two BCREA representatives present, and we are flexible between meeting in Victoria or in Port Coquitlam. Perhaps I will suggest some possible dates, and you can let me know if any of them will work for the Minister.

Some possible times for a thirty-minute meeting are:

- June 13: 9:00 am – 11:00 am or 3:00 – 4:00 pm, Port Coquitlam
- June 14: all day, Victoria or Port Coquitlam
- June 15: 11:00 am – 12: 00 pm, Port Coquitlam
- June 18: 9:00 am – 12:00 pm, Port Coquitlam
- June 20: 9:00 am – 10:00 am Port Coquitlam

If there are availabilities within these time periods, please let me know. I understand that the Minister's schedule is likely very full, so if none of these times or locations work please let me know and I can work with BCREA representatives to try and find additional availabilities.

I appreciate that it has been a busy time for your office, and I look forward to working with you to get this meeting organized.

Good afternoon David,

I've been asked to assist you in setting up a few meetings for BCREA and for Canopy.

I was hoping to arrange these meetings for the first few weeks in June. Minister Farnworth will be in Victoria and Vancouver throughout the month and I can schedule these meetings either in our Victoria office or at his constituency office in Port Coquitlam.

Could you advise preference of location for each group and we can start arranging dates for these meetings?

My apologies for any delay in setting these up. We've had some administrative changes in our office as of late.

Thank you for your time in this regard.

Good Afternoon:

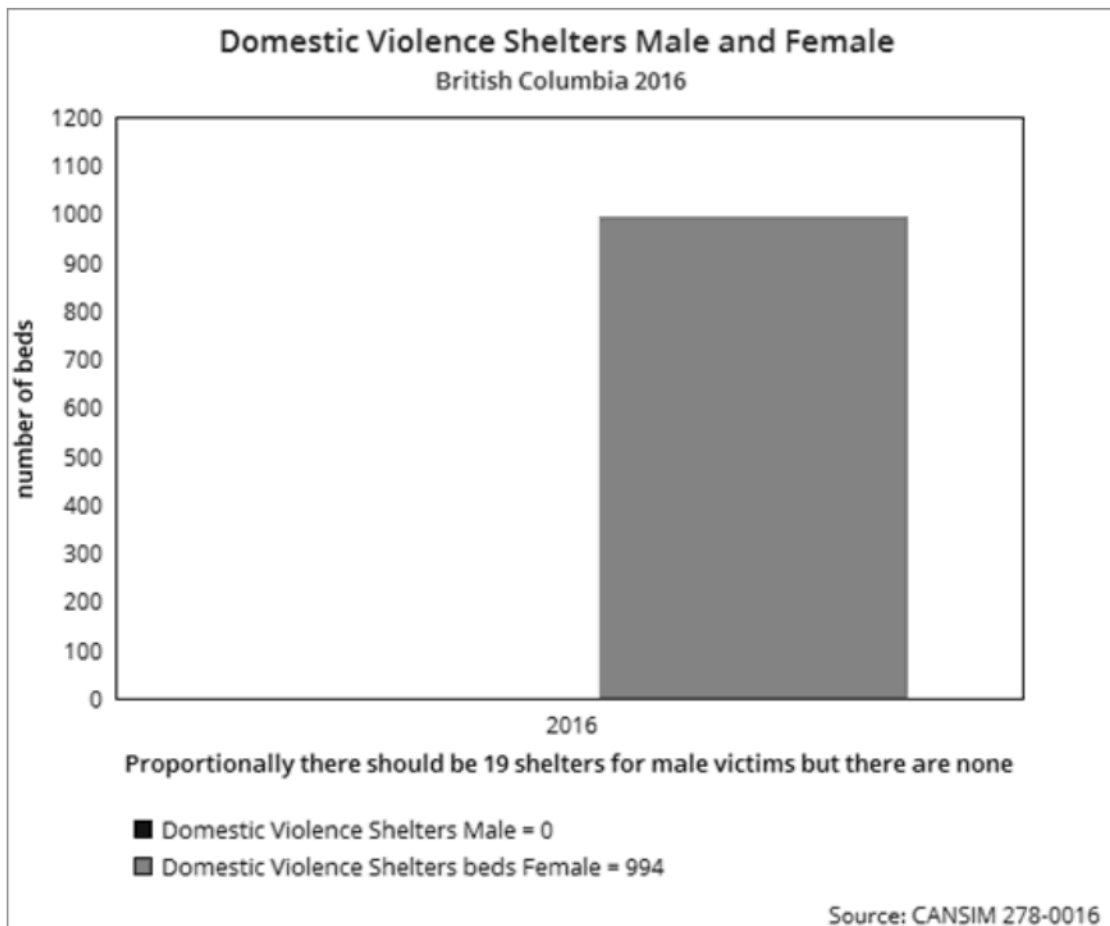

I know that it has always been difficult for us to highlight men's issues as there seems to be so much resistance and/or denial to acknowledging that men need specialized help too. I am attaching some graphs below that might help to highlight the issues. Last Friday's announcement that the NDP government is adding \$734M to women's resources and \$0 to men's resources is a slap in the face to 50% of the population. I would ask that you have a look at the attached graphs and see if they can help you to see what we have been saying for many years now. The graphs are relatively self explanatory, but I would point out that homelessness is 70-80% male, yet transition and emergency beds for homeless females are approximately 80% of male beds for homelessness, so disproportionately high (one would expect about 20% proportionately). Yet with the reverse 80-20% ratio of Intimate Partner Violence (IPV) deaths in BC we see no resources, no transition houses for men. We are not saying that we should remove any beds or funding for women, of course not, but I think the obvious deficiencies in the proportionality of resources for men and women need to be addressed. I think that it is also interesting to note that the BC Government says that "women are disproportionately affected" when the ratio is 80%-20% in IPV deaths, yet when we look at Fentanyl deaths and also the exact reverse ratio of 20%-80%, the BC Government says "that several groups are disproportionately affected". No acknowledgement that men are affected disproportionately.

Mr. Horgan, with all due respect, your announcement last Friday flies in the face of well documented peer reviewed academic and Statistics Canada research which shows that a significant number of men are affected by IPV, yet there are simply no resources or transition houses for them to access with their children when they are fleeing domestic violence. Men do not have a monopoly on violence.

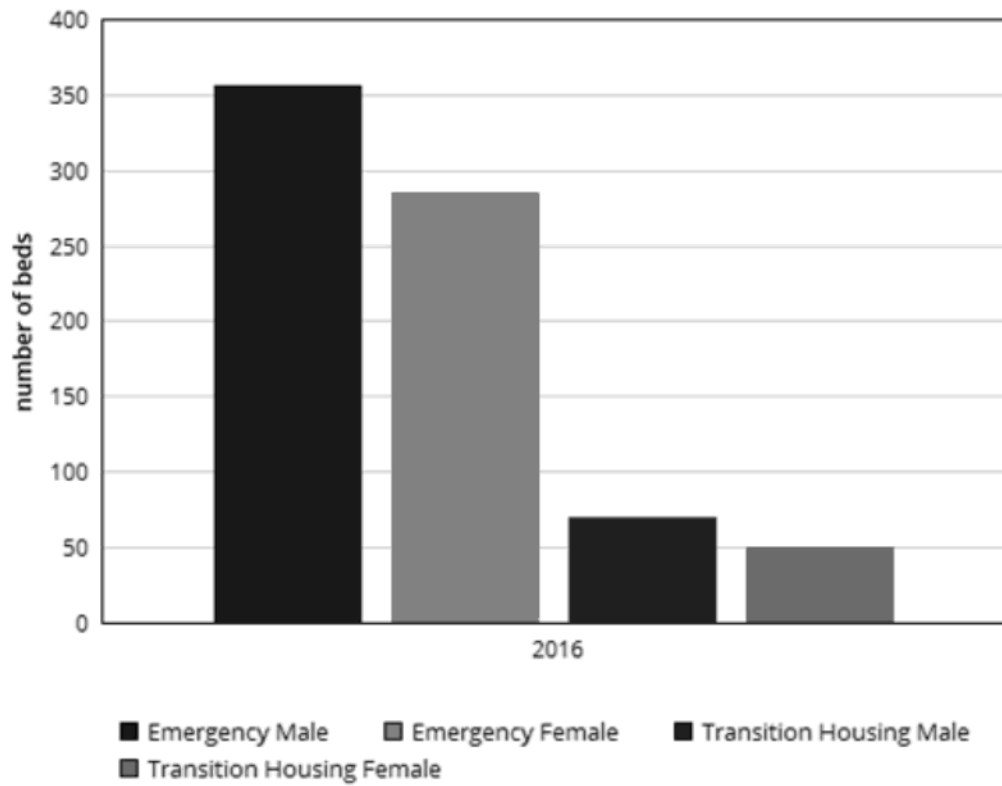

Here's two quotes that address that shortage of resources -

"Good question, not a simple answer as we have made many requests to many different ministries, but specific to the meeting with the Solicitor General - the ministry bureaucrats continue to feed the Minister erroneous information about resources and supports for men. They say there are lots of supports and resources for men and cite all the victim services offices around the province. Many of those offices are for women only and most of the other ones are run by women. To clarify, well meaning and well intentioned women may attempt to counsel men and do a good job of it, but it has also been our experience that frequently they will say to an abused man something along the lines of "what did you do to bring that on"? Isn't that the same as when men used to say "look at what she was wearing, she brought it on to herself". We find that often, here in Nanaimo, the Police Victim Services unit which deals with male and female victims will refer male victims to us because they know that we can help them in a way that they can't. We understand their male perspective."

"The majority of British Colombian males still look at getting professional psychological help as a personal weakness. Just getting up the courage to call into the Centre to ask for help takes a lot of effort for many males. Expecting males to parade their perceived weakness for the camera for "all to see" at this stage of British Colombian society is a bridge too far for the vast majority of working males. And that is very likely because they don't feel the support and encouragement of society, which is reflected in the fact that we have struggled for 16 plus years to get recognition from government in the form of funding support. It is not the fault of males for not wanting to admit a perceived weakness. It reflects their perception of a stigma which exists in B.C. society in spite of all the talk claiming that they won't be considered weak by getting psychological support. Society still wants males to be "heroes" and not victims or casualties of our competitive society - and if the average working male still feels stigma to getting help then it reflects a real structural barrier. The current government is contributing to that structural barrier for the working male by not funding the Centre. They are in essence saying "that B.C. men are heroes - successful, they don't need support, there aren't enough male victims or casualties of our competitive society - it reflects a real and deep psychological resistance within B.C. policy to claim that "there is more than enough help available for males."

Hi Charlotte,

The writer is making reference to shots being fired.... Not sure if this is something you folks want to bring to attention of Police Services, although **s.22** should be contacting the local detachment of the RCMP if he is concerned about guns being fired.

I cannot confirm, but I believe that the road he refers to **s.22** may be located in **s.22**

Many thanks,

You are correct! I'm sorry for this error. I will change my records to reflect this change.

Also, Caroline and I are going to talk to everyone here (once everyone is here, there are TEAMS over the next couple weeks) about trying to keep better record of the index and dates so that there are less (or better yet, no) discrepancies between the two, so that Fall session and beyond are good.

Per Brian over at SPD, he is aware of this individual who has been trying to speak to him as well. If he calls back, simply refer him over to SPD's number and let him know that no one over at SPD has the kind of authority he's looking for.

Thanks,

I have a frustrated caller on the line that is looking to have his Security Worker License renewed asap, as he loses out on work beginning tomorrow. He sent his application in quite some time ago & was advised it would be a 7 day turn around.

He was earlier today, forwarded to the Policing & Security Branch at 7-1751, (he admitted to being rude with them) & they hung up on him. Now he's calling us back.

Hi Nargis,

Seeing if you had any insight on this one in case you were the one Allegra had been in contact with regarding Mayor Jackson's request? I have checked with Cat and Amy and they have not seen anything and the last I had seen was that the ADMO was going to be handling it?

Thanks!!

Subject: RE: Question re: Correspondence from Mayor Lois Jackson

Good Morning,

I spoke with someone from PSSG on the phone last week regarding correspondence from Mayor Jackson and unfortunately I cannot recall the name of who I spoke with. They had let me know they would get back to me with further details on correspondence/meetings with Mayor Jackson, and I was just wondering if anyone has had a chance to gather that information? I am just hoping to find out the date and subject matter of any recent meetings and whether correspondence has been sent to Mayor Jackson recently from your ministry as well. Any assistance is much appreciated!

Thanks,

Allegra

Subject: Question re: Correspondence from Mayor Lois Jackson

Good Morning,

I am wondering if someone from PSSG might have time at some point today to chat briefly about correspondence relating to the Mayor of Delta, Lois Jackson? She has put in a few meeting requests to speak with the Premier about a number of issues, and we are just trying to gather further information on what contact she has already had with ministries regarding these topics. From Mayor Jackson's most recent request it appears that she may have had some correspondence with PSSG about the legalization and regulation of cannabis. If there is anyone available to give a quick call about this at some point today or tomorrow, that would be great!

Thanks,

In response to your reply to my initial email, I would like to provide another disturbing guide dog access denial incident...this is the worst encounter I've ever faced as a guide dog handler. I will not easily get over this level of humiliation. Subject: Update #1: Evacuation Order - Regional District of Kootenay Boundary

Update 1

Up to 3200 individuals are affected by this Evacuation Order. Group lodging facilities are being set up in Midway and Grand Forks, with contingency planning underway to expand to Kelowna.

Rod Allen | Provincial Duty Manager

Initial Report

The Regional District of Kootenay Boundary issued an Evacuation Order for specific properties along the Carmi, Grandby, Kettle, and West Kettle Rivers. The water levels for these systems are forecast to rise to the highest levels since 1948 and above the 200 year return period.

There are estimates that approximately 1500 properties are impacted by this Evacuation Order. Reception Centres are open in Grand Forks, at the Grand Forks Curling Rink, and Midway, at the Midway Community Centre. Emergency Social Services is responding to support the evacuees and Ministry of Forests Lands and Natural Resource Operations deployed a flood assessment team to Grand Forks.
