Hi --- yes, I have a few concerns.

The first is we anticipated this letter would be out late Monday or Tuesday. I thought it was already sent, actually. It's now Thursday and the letter won't go out before Friday. I am a little surprised the delay hasn't been a problem for us. Probably Clayton's engagement with Terry is a mitigating factor but I'm aware Terry was asking about a reply earlier this week.

s.13

In order to expedite a reply, I have revised the revised letter – returning to the original wording in the edited sentence while accepting the edit to take out what was the first sentence.

Let's send this version tomorrow please.

M.

The first is we anticipated this letter would be out late Monday or Tuesday. I thought it was already sent, actually. It's now Thursday and the letter won't go out before Friday. I am a little surprised the delay hasn't been a problem for us. Probably Clayton's engagement with Terry is a mitigating factor but I'm aware Terry was asking about a reply earlier this week.

s.13

In order to expedite a reply, I have revised the revised letter – returning to the original wording in the edited sentence while accepting the edit to take out what was the first sentence.

Let's send this version tomorrow please.

Let me know if I am OK to send statement on behalf of MMF, and whether he would like to do the two interviews.

Hi Brad: these are the Key Messages our Minister is using, I am looping in our MA so she is aware MBR is looking for this.

I would suggest if MBR does comment it would simply be, that his colleague the SG MMF will consider Surrey's plan when he receives it, and in the meantime we are confident in and support the RCMP currently working in Surrey.

Hi Brad: these are the Key Messages our Minister is using, I am looping in our MA so she is aware MBR is looking for this.

I would suggest if MBR does comment it would simply be, that his colleague the SG MMF will consider Surrey's plan when he receives it, and in the meantime we are confident in and support the RCMP currently working in Surrey.

SURREY POLICING SERVICES:

- The Police Act provides three options for policing; establishing a municipal police department; enter into an agreement with the Province for RCMP municipal services; or, with my support, enter into an agreement with another municipal police department to provide policing.
- With the RCMP Municipal Police Unit Agreement currently in place, Surrey has effective policing as required under the Police Act, though they may consider exploring an alternative option.

Hi – could we please put together a short (preferably one page) doc which consists of points that a municipality would or should be thinking about when considering whether to exit the service agreement with the RCMP and develop their own municipal force. Let's include the elements or parts that an alternative model would have to address for serious discussion. It would also be useful to include a bullet or two pertaining to process. (what should happen in what order).

Not looking for an IN. preferably bullets that MO can consider adopting into speaking notes.

I've identified we'd have this available tomorrow by noon. Let me know if that is a problem. Happy to chat if that helps.

Thanks.

M.

I spoke with Mayor McCallum after his election, know Minister Farnworth is working with him.

Surely he understands you cant transition from one police force to another over the weekend.

We're absolutely prepared to sit down and work with him. Minister Farnworth is doing that as we speak.

I'm confident that the people of Surrey will have the safety concerns addressed over time and I'm prepared to work with Mayor McCallum at any time.

But to suggest somehow that we are dragging our feet, it's November and he was elected in October.

So bring forward the plan Mayor McCallum and I will happily work with you.

This is a serious issue in the Lower Mainland, particularly in Surrey. We all want to address that.

I want to work with the Mayor. Minister Farnworth has been on this since he was sworn in and we have willing partners at the provincial level.

Subject: Gangsters Out

Greetings,

I run the Gangsters out web site and blog. I believe that you are sincere and that you are genuinely trying to make a difference as AG of BC. You've been listening to the wrong people. I can tell you exactly what the organized crime problem in BC is. August 2011 Pat Fogarty was in charge of the BC Gang Task Force and said the Hells Angels aren't the problem in Kelowna, it's the other guys we have to worry about. The following summer the Outlaw Motorcycle Gang Unit proved him wrong.

The OMGU and the CFSEU busted David Giles in a huge cocaine ring and Johnny Newcome in a huge stolen car, boat and motorcycle ring. Both were tied directly to the Kelowna Hells Angels. After the OMGU proved Pat Fogarty wrong, Rich Coleman and the BC Liberals did away with the OMGU just like they did away with the police task force investigating money laundering at BC Casinos.

After the OMGU was disbanded, the BC Gang Task force has been compromised and no longer target the Hells Angels for drug trafficking. Instead of trying to disrupt street level drug trafficking like the Alberta Gang Task force is, they just focus on seizing the proceeds of crime to collect a finders fee for letting it continue unbridled. We need to bring back the OMGU. That is what we need to do.

I have many years of experience in crime prevention. I was a Regional Coordinator for the Guardian Angles and was trained in New York city during the US crack epidemic in the /80's. I know what the New York Model is. I was there. I saw it. I am also the national director for the Green Justice Party and run that web site as well. We are just a third party sponsor. We post policies and endorse candidates who embrace those policies. We support the New York Crime Reduction model which I have spoken about online:

<https://gangstersout.blogspot.com/2018/07/bringing-it-home-implementing-new-york.html>

<https://www.youtube.com/watch?v=LjuVgW-XXFI>

One of the key elements of the New York Model was the Mollen Commission which investigated police corruption. The Seven Five is an astounding documentary about what they found was happening. The Mollen Commission is what made the New York model possible. I can tell you how this applies to Surrey.

Members and associates of the Wolf Pack go into the witness protection program and testify against shooters they hired to commit murder so the people who ordered the hit don't get caught. Once in the program the police in Surrey go so far as follow them around when they sell drugs protecting them so they will testify. I kid you not. This is actually happening in Surrey. The police are providing the Hells Angels drug dealers police protection similar to what they were doing in New York before the New York model took effect.

I'd be happy to tell you more but the bottom line is that we need to bring back the OMGU and take gang enforcement out of the hands of the RCMP and put it under regional jurisdiction. If we are sincere in our desire to make a difference, that is what we will do.

Dennis Watson

Dear Mr. Watson:

Your September 3, 2018 email, addressed to the Honourable David Eby, Attorney General, regarding organized crime and gangs, has been referred to me.

Under the *Police Act* (BC), the Minister of Public Safety and Solicitor General must ensure that an adequate and effective level of policing and law enforcement is maintained throughout British Columbia. The Minister of Public Safety is responsible for setting the objectives, priorities and goals of the Provincial Police Service which is the Royal Canadian Mounted Police (RCMP). Day-to-day deployment of police services falls to the RCMP or the jurisdiction's municipal police force. Please note that individual investigations and enforcement decisions occur at arm's length from government and the Minister of Public Safety and Solicitor General cannot interfere with or direct police on such matters.

The Province has made significant investments in the Combined Forces Special Enforcement Unit of British Columbia (CFSEU-BC), which is the province's anti-gang police agency. The CFSEU-BC is the largest integrated joint force police unit in Canada. The CFSEU-BC's mandate is to target, investigate, prosecute, disrupt and dismantle the organized crime groups and individuals that pose the highest risk to public safety.

Thank you for your interest in this matter.

Sincerely,

Mike Farnworth

and Solicitor General

Dear Minister Farnworth,

Could you please make sure the Mayor McCallum does present to you a detailed proposal to you in regards to changing over to a city police force as opposed to a current RCMP. I gave him a list of things that the city would need to change or purchase in order to do this and he wouldn't acknowledge any of these things as important. In the most recent article in our local paper he said that the citizens of Surrey would have no problem paying extra on their taxes to make this possible. My wife and I are not one of these citizens. I would like you to make sure that his proposal is 100% financially viable and at no cost to the tax payers of Surrey. I am not against what he wants to do I am against him doing it if it going to cause our taxes to go up.

Respectfully,

Dear sir

I am a long time Surrey resident and am very concerned about Mr McCallum's plan to replace the RCMP. He was elected with a minority of votes and I feel strongly that the majority of Surrey residents do not wish for the RCMP to be replaced. People are not aware of the cost financially or that RCMP contracted cities receive a 10% subsidy. The cost for an RCMP department will always be less than for an equivalent municipal department. There is no point in changing the police service and talk of this is causing stress to persons currently employed at Surrey RCMP. I would support efforts by your government in explaining the pros and cons to the Surrey residence and if possible propose a referendum on this issue. This is a monumental and costly decision that has many repercussions.

Thank you,

CITY OF SURREY
OFFICE OF THE MAYOR

November 6, 2018

The Honourable Mike Farnworth
Minister of Public Safety and Solicitor General
Parliament Buildings
Victoria, BC
V8V 1X4

Dear Minister Farnworth:

Re: Transitioning to an Independent Municipal Police Service

On October 20, 2018 the people of Surrey voted for change. They provided a clear mandate to my Council and I to establish an independent Municipal Police Service as provided for in the BC Police Act.

Violent crime, drug crime and property crime continue to impact our community and our citizen's sense of safety. In order to create a responsive, urban policing model, a new police service will be needed. Therefore the City of Surrey is formally notifying your office that we are moving to establish a new police service as soon as possible.

As per the attached Council Motion unanimously adopted on November 5, 2018, the City of Surrey hereby gives notice of termination of the Municipal Police Unit Agreement (the "MPUA") between the City of Surrey and the Province of British Columbia under Article 22.1(c)(i) which states:

Article 22.1 (c) This agreement may be terminated on March 31 in any year by either party giving the other party notice of such termination:

i) 25 months prior to the date of the intended termination the case of the Municipality giving such notice [.]

WWW.SURREY.CA

We are developing a transition plan that will meet our shared need to ensure public safety is enhanced through this process. We are requesting immediate notification of the elements the Province requires in the transition plan. I would like to assure you that the City of Surrey is fully committed to cooperating with the Province in creating an orderly transition of service from the RCMP as the municipal police service to an independent municipal police service.

I look forward to further discussions on this important issue.

Yours sincerely,

Motion – Establishing a Surrey Police Department

Motion

Whereas the BC Police Act, (1996) outlines the policing service delivery options for municipalities in excess of a population of 5,000 persons;

Whereas one of those options is the establishment of a city police department;

Whereas the citizens of Surrey in the October 20, 2018 municipal election strongly expressed a desire for such a police department for the City of Surrey, the following motion is put forth;

“That Council direct staff to take all appropriate steps to immediately create a Surrey Police Department in accordance with the BC Police Act. Council further directs staff to notify the Federal and Provincial governments that the City of Surrey is terminating its contract for the RCMP municipal police service.”

November 23, 2018

His Worship Doug McCallum
Mayor of the City of Surrey
13450 – 104 Avenue
Surrey BC V3T 1V8

Dear Mayor McCallum:

Thank you for your letter dated November 6, 2018, in which you have advised that your council wishes to move the existing RCMP policing model to a municipal police department governed by a Police Board.

I have directed senior ministry staff to work with Surrey to understand your community's needs and ultimately assist in the development of a new policing model and transition plan for your community. I understand that the Director of Police Services has been in discussions with your staff on this matter. As I have discussed with you, as the Solicitor General, it is my statutory responsibility to review and consider the plan under the requirements of the *Police Act* and the public safety of British Columbians.

Thank you for writing.

Getting rid of RCMP in Surrey

Message

Please do not get rid of the RCMP in Surrey. Mayor Doug McCallum does not speak for the the majority of Surrey. Unfortunately the vote was split on Bruce and Tom. I think Surrey citizens should have a referendum on what they want. I don't feel it has been thought through properly. The RCMP already have everything in place and know what is going on. In our own police force we would not have the same access to equipment and information that the RCMP have. We have to purchase out own police cars. Our own administration. I think the cost of both should be open to us.

CITY OF SURREY

OFFICE OF THE MAYOR

November 13, 2018

The Honourable John Horgan
Premier and President of the Executive Council
West Annex Parliament Buildings
Victoria, B.C. V8V 1X4

Dear Premier Horgan:

Re: Independent Municipal Police Service and Surrey SkyTrain Project

In the October 20, 2018 Municipal Election, the residents of Surrey provided a strong mandate to my Council and I to move forward on two key campaign commitments.

Firstly, they strongly endorsed the development of an independent municipal police service to replace the Surrey RCMP. Secondly, they strongly endorsed SkyTrain as the preferred rapid transit technology that will serve Surrey and the South of the Fraser communities. To immediately move forward on these important initiatives, two key motions were passed unanimously at our first Council meeting on November 5, 2018.

In the first motion, staff were directed to take all appropriate steps to immediately create a Surrey Police Department in accordance with the BC Police Act. Staff were further directed to notify the Federal and Provincial governments that the City of Surrey is terminating its contract for the RCMP municipal police service. Letters were sent to the appropriate Federal and Provincial Ministers on November 6th, 2018 to notify them of the Motion.

In the second motion, staff were instructed to stop all work on the LRT project and immediately start working with TransLink on a SkyTrain extension from the existing King George Station to Langley Centre.

The motion also requested that the Mayors' Council and the TransLink Board cancel the SNG-LRT project, initiate a new SkyTrain Extension Project and re-allocate all available

funds in TransLink's Phase Two Investment Plan for the SkyTrain Extension Project along the Fraser Highway to Langley Centre.

Surrey appreciates the Provincial government's continued support of important policing and transit priorities for our City.

I look forward to an opportunity to discuss these, and other important issues, very soon.

Yours sincerely,

WHEREAS the authority responsible for delivering transit services in Surrey is TransLink under the authority given in the South Coast British Columbia Transportation Authority Act by the Province of British Columbia; and,

WHEREAS the SNG-LRT project is part of TransLink's current "Phase Two Investment Plan: 2018-2027" which is funded by Federal, Provincial and Regional governments; and,

WHEREAS TransLink has the responsibility to deliver, operate and maintain the project in the Phase Two Investment Plan; and,

WHEREAS the Mayors' Council in its 10-Year Vision on Metro Vancouver Transit and Transportation has committed to build 27KM of rapid transit connecting Surrey Centre with Langley, Guildford and Newton as part its "Phase Two" and "Phase Three" Investment Plans.

Be it resolved:

THAT Council direct staff stop all work on the SNG-LRT project and immediately start working with TransLink on a SkyTrain extension from the existing King George SkyTrain Station to Langley City; and,

THAT Council request the Mayors' Council and the TransLink Board to cancel the SNG-LRT Project and immediately initiate a new SkyTrain Extension Project along Fraser Highway by changing the technology originally proposed in the Phase Two Investment Plan to SkyTrain, and re-allocating all available funds in the Phase Two Plan dedicated for rapid transit in Surrey and Langley to start the SkyTrain extension towards Langley as soon as possible; and,

THAT Council request the Mayors' Council to seek the required funding for the Phase Three Plan of the 10-Year Vision as soon as possible, to complete all 27KM of rapid transit in Surrey and Langley.

Motion – Establishing a Surrey Police Department

Motion

Whereas the BC Police Act, (1996) outlines the policing service delivery options for municipalities in excess of a population of 5,000 persons;

Whereas one of those options is the establishment of a city police department;

Whereas the citizens of Surrey in the October 20, 2018 municipal election strongly expressed a desire for such a police department for the City of Surrey, the following motion is put forth;

“That Council direct staff to take all appropriate steps to immediately create a Surrey Police Department in accordance with the BC Police Act. Council further directs staff to notify the Federal and Provincial governments that the City of Surrey is terminating its contract for the RCMP municipal police service.”

Hon. Mike Farnworth
Minister of Public Safety
Solicitor General of BC
Victoria, BC

Fax (250) 356-2178

Dear Minister Farnworth,

The newly elected Mayor of Surrey, Doug McCallum, is attempting to dump the RCMP and set up a new City of Surrey police department. He has never given an acceptable reason for his decision to replace the RCMP.

Mr. McCallum was inaugurated in as the Mayor of Surrey on the evening of Monday, November 5th, 2018. Twenty minutes after assuming the position as mayor of Surrey he and Council members voted unanimously to get rid of the RCMP.

It concerns me that there was not the opportunity to debate the issue of removing the RCMP and establishing a new city police department (other than casting a ballot in the October 20th election).

I have phoned Surrey City Hall in an attempt to find out the costs involved to get rid of the RCMP and set up a new city police department. No one at City Hall has been able to tell me the costs involved or the estimated annual cost of operating a city police force compared to the current RCMP. I am concerned that a large waste of tax dollars will occur in getting rid of the RCMP and establishing a new city police department. Mayor McCallum won his mayor's position with only 4.1% of votes cast by Surrey voters. Council members won their council positions with a much lower percent of votes cast on Oct. 20th.

Mayor McCallum and the Council clearly do not represent the majority Surrey residents. I understand this was an election promise but nobody in their right mind is giving the mayor a blank cheque. Before anything is approved by your office I would hope that all financial information be disclosed to you and the tax payers of Surrey.

Is there anything you, as Minister of Public Safety and Solicitor General of BC, can do to ensure that I and the citizens of Surrey, can have a voice in the decision to rid Surrey of the RCMP and to establish a new city police department?

I look forward to hearing from you on this important issue.

Subject: Homicide of s.22

November 15, 2018

Mayor Doug McCallum,

My name is s.22 . My husband s.2 was the innocent victim of a targeted murder at our home in s.22 This cannot happen to another family. The trauma and loss of

s.22 has been devastating. s.22

s.22

s.22 . This is

unacceptable to me as a mother and resident of Surrey.

The Surrey RCMP and IHIT have been supportive, professional and compassionate throughout this investigation to my family. I fear your rapid dissolve of the RCMP will jeopardize s.22 right to justice. To this, you will be held accountable.

I am disheartened to learn that the over 400 traffic cameras the City of Surrey operates are generally useless for public safety. They are pixelated to the point that the police cannot even read a licence plate from them. There were over 6 cameras that could have tracked the individuals responsible for s.22 murder. As a victim of crime in Surrey and a taxpayer I find this unacceptable.

Private property uses HD CCTV, you are filmed at the airport, ferry terminal, borders, why then not at an intersection? ICBC operates red light cameras, I assume those are HD so that the licence plate can be read. Treo took your licence plate and car make and colour through photographs, these are public places. Is accountability only reserved for financial gain? Is a human life and public safety really that meaningless to society? If you are doing nothing wrong, why would it matter? The technology is there and is used in many urban settings around the world. The events of 9/11 demanded an increase in public safety and surveillance. Why then, would you deny the police the tools they need to track and catch criminals and keep our community safe? Why do the criminals always have more rights than we do as law abiding citizens? Why do my sons need to fear for their safety?

The City of Surrey has failed my family, and I cannot accept this. s.2 should still be here.

Please refer to the attached comments from the City of Richmond dated October 31, 2017 regarding a Report to Committee on CCTV for Signalization Intersections in Richmond.

"Traffic Camera System versus the CCTV Camera System Discussions between the Detachment and Transportation also revealed significant differences between camera system requirements of one department over the other. As stated earlier the City's purpose for the existing traffic cameras is to detect vehicles, manage traffic flow and respond to real-time traffic incidents. The RCMP, on the other hand, requires high resolution cameras to reduce crime and assist in criminal investigations.

The existing traffic camera system has limitations, which make them not suitable for the

Detachment's intended purposes. For example: • Some cameras do not have time and date stamps; • Cameras do not display in high definition resolution; • To properly meet traffic camera needs the angle of these cameras face directly towards the traffic lanes. These cameras are designed for only one camera angle and are not mobile as required by the CCTV camera system; and • Current traffic cameras require fiber optic cable which makes installation expensive. CCTV Privacy Regulation and Data Collection The legal regulation of CCTV systems occurs primarily via privacy law. This oversight is provided by offices of the federal and provincial privacy commissioners.”

I would like to know what the City of Surrey is going to do about this matter of Public Safety. If you don't give the RCMP the tools they require to solve crime and monitor criminal activity how is a City Police Department going to be any better? I look forward to your response to this matter. My family deserves answers.
