Hon. Mike Farnworth,

Please could we obtain your position toward this befuddling continued use of s.22 services when selected via RCMPs.22 BC, knowing his historic behaviour.

Kind Regards,

s.22

Good Afternoon Staff Sargent Currie,

I have attempted to speak with you for some days - sadly you have either been in meetings or out-of-office.

My reason for contact is twofold...

(1) Would you have any up-date toward the concerns already brought to your attention for action once you have obtained the indicated statement from s.22

(2) I discussed the concern surrounding s.22 and his continued use for recovery services via RCMP - understanding his historic involvement with yourselves outside of his services. s.22

s.22 currently has no official compound and remains in violation of the findings from the ALC report decision rejecting the application for that use. s.22 has a repeated behaviour of using his mobile telephone whilst driving - which he has received multiple tickets from RCMP. s.22 publicly, and with aggression - uses discriminative, threatening, abusive, xenophobic, deformation toward others on facebook - encouraging incitement of violence. s.22 s.22 has equally known to apparently been without insurance for those recovery vehicles at times - which apparently resulted in his main recovery vehicle being impounded at the s.22 Weigh Scale. s.22 being stopped at the border point with the US because he apparently may not have had the correct drivers licence for the use of the recovery vehicle, and has still been viewed driving said vehicle.

Yet, and regardless of all these areas of concern - s.22 remains actively being selected for recovery services for s.22 RCMP, and or possibly ICBC - along with the storage of possible recovered vehicles in an unofficial compound. Would you consider this a responsible approach if such concerns are recognised as described, and would you feel the community would be extremely disturbed by s.22 continued use knowing they, if stopped for similar violations, would be issued with tickets, fined or in court.

I find such continued use of s.22 services befuddling, and or disturbing if these concerns are recognised

Regards,

s.22

Good Afternoon s.22

I apologize for being unavailable as of late, but I have had numerous issues to deal with both in and out of office. I will address your concerns below.

1) I am addressing the issue of providing false information utilizing my name or any RCMP member at this detachment. I will contact s.22 when I require further information.

2) Our detachment does not actively select or call a specific tow provider unless a client requests a ceratin provider. We advise our dispatcher that a tow is required at a collision or seizure scene. They in turn contact an independent call centre who has a list of ICBC registered tow providers. This call centre calls the available tow company for the service. The selected company must be approved by ICBC or the company will not be reimbursed for their services. If ICBC does not approve a tow company, the company will not be used. If s.22 loses his ICBC approval, he will no longer be used by the RCMP. I am currently reviewing all service providers with the appropriate agencies to ensure that all meet the required standards.

All traffic or insurance infractions resulting in a fine or impoundment is reported to ICBC. Our detachment members are well aware of all driving complaints, and will take appropriate action if a driving infraction is observed or reported.

I hope this is satisfactory.

Regards,

Staff Sergeant Ryan Currie

Subject: Wildfire Suppression

Good Morning Minister Donaldson,

I have received numerous calls regarding wildfires in the Okanagan particularly the Good Creek wildfire on Okanagan Mountain where the disastrous fire of 2003 occurred. The email below is one of many that sums up the general comments surrounding the fires.

I drove to Penticton yesterday AM at 9:30 and saw 11 fires. They were all just wisps of smoke at that time so I feel that one drop on each might have done the job. The bombers did not fly for the first time until 9:30 and I don't know where they went because by then I was in Penticton. I do have forest fire experience as does one of my daughters and I think that if initial drops had been done on each small fire, they might have gotten them. I think the forest service may have made errors in judgement and a debriefing should be done and the way they prioritize air cover be put under scrutiny.

I am asking for you to look into the current procedures for the expedient combat of wildfires in our region.

Thank you!

Norm Letnick, MLA
Kelowna Lake Country

Hi Nimmi/Liam: Attached is a draft column as requested, attached for your review.
Want to make sure we are on the right track as to what MMF was thinking.
If so, we'll run through Secretariat and get back a final for signoff.

Hi Liam: as requested.

PSSG general response:

- We support peaceful protest but we are also looking for a peaceful resolution.
- The Minister of Public Safety and Solicitor General is responsible for ensuring adequate and effective policing in B.C.
- Police operate at arms-length and independently of government and government does not interfere with police operational decisions and investigations or whether they decide to recommend charges to Crown.
- The RCMP are impartial and their role is currently to monitor the situation to ensure public safety, maintain the peace and uphold the law.

RCMP Media Lines – Demonstrators occupy North Thompson River Provincial Park near Clearwater

- The RCMP has been made aware that a group of demonstrators, in opposition of the pipeline expansion, is occupying the North Thompson River Provincial Park campground near Clearwater, BC.
- We are impartial in this dispute and our role is currently to monitor the situation to ensure public safety, maintain the peace and uphold the law.
- We respect the rights of individuals to peacefully, lawfully and safely protest and we are committed to facilitating a dialogue between all parties. Our hope is that a resolution without police enforcement would transpire.
- The RCMP will continue to work with all stakeholders and provide assistance as necessary in maintaining peace and keeping everyone safe.

Caroline McAndrews

Communications Director

Ministry of Public Safety and Solicitor General
