Liam,

Happy New Year.

I'm looking forward to working with you on this file. s.22 I know it can be challenging to keep files like this moving when your Minister is responsible for broad public safety policies and funding.

But I think there is an opportunity for governments taking action on ticket sale competitiveness concerns today to really set the course for a increasingly competitive and accessible ticket market.

If you have time to discuss over the next two weeks just to level set on your previous discussions with Kevin that would be great.

Thanks,

Brian

Hi Liam,

Just a quick note to let you know that that s.22

I really appreciated you and the Minister taking the time to meet with me and Ryan Fitts from Vivid Seats in October on the ticket resale issue. I want to take this opportunity introduce my colleagues Brian Teefy and Lexi Ensor who will be continuing to work with Ryan on this file. I'm sure they will be checking in with you early in the new year. Please feel free to reach out to them at anytime.

All the very best to you this holiday season.

Keith - how do you square policing with undrip?
Pssg follows undrip, this action by rcmp is pursuant to a court order.
Do you get a heads up on RCMP plans?
- yes briefed on plans in general
Vaugh - does govt notify rcmp to get things in motion?
Federal court does injunction, police decide when and how to enforce
Strictly up to police?
Yes
What considerations?
Main goal is public safety
Take a measured response with significant amount of engagement
Do you inform province after you are briefed on RCMP's actions?
Yes, would let minister know. I would only know generally, not dates and times.
Mike S - MIRR q's about FN composition
Justine - Donaldson?
Cp repeated just what he read in media statement by Donaldson, not for him to speak to.
FN veto? MIRR DM
Tom F - when RCMP broke through there was gas on ground, fire, someone chained to a post, this wasn't reported?
Don't have that kind of detail of what happened on the ground.
Keith - FN chiefs/rights and who has been at the table? MIRR DM
Les - position of govt?
Public safety messaging from CP, role of police, need to talk to PJH about govt position
Updates for today?
RCMP continues to engage in dialogue with parties. No info on next steps.

Vaughn - how long has govt been aware of concerns up there?
From pssg - 2 yrs ago, no police action as far as CP knows
Who does govt side with as in the past govt did pick a side? MIRR DM, not about picking sides

Hi Liam,
Please see below forecast for the Minister's Office assuming that the new MA position starts January 1 both for the current fiscal and for 2019/2020. For this fiscal, the forecast is less than budget. For 19/20, the forecast (862K) exceeds the budget (795K). But 19/20 hasn't even begun, so the forecast could change and if it doesn't, as we discussed, we can legitimately move some costs from the MO to the ministry. I can guarantee that we will not let the MO go over budget.

Subject: Special Committee to Appoint a Merit Commissioner: Membership Change

Hi Liam,

I understand from Roseanne's voicemail and email (below) that a membership change is required on the Special Committee to Appoint a Merit Commissioner. As you know, parliamentary committee membership can only be determined by the House. Any changes to committee membership that are required outside of a sitting must be agreed upon by all House Leaders, and this is done so via a signed memorandum to that effect.

For your use, I have attached a memo to be signed by the House Leaders. Once signed and dated by each House Leader, please return to our office.

As always, if you have any questions, please don't hesitate to contact myself, Susan Sourial, or Kate Ryan-Lloyd.

Thank you.

Subject: REVISED - PSS-2018-87914 Due December 31, 2018

Hello everyone, please note that this applicant has revised the wording of this request, and as a result of the revision, I am now including the Minister's Office on this Revised Call for Records. The new wording is as follows: (attached is a revised CFR form for you to use going forward)

Revised: High-level records that relate to the topic of Money Service Businesses, including briefing notes, issue notes, information notes, decision notes, advice to minister notes and background notes — and reports. And any correspondence on the subject of MSBs sent to or from the Solicitor General Mike Farnworth and Deputy Solicitor General Mark Sieben. I am not requesting records on specific MSBs. From 01/01/2018 To 12/12/2018)

Original wording: *Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).*

Additional info provided by applicant:
MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C.
http://www10.fintrac-canafe.gc.ca/msb-esm/public/msb-search/search-by-name/

Please contact the analyst assigned to this request if you have any questions – **Samara Fisher 250 953-3622** (not to be confused with me, Sandra L. Fisher, Junior Analyst).

Thank you,
Sandra

Subject: Call for Records PSS-2018-87914 Due December 31, 2018

Hello, please let me know if you are aware of any other program areas that might have records, thank you. (MAG and FIN also received this request)

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

_____

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).

Additional info from applicant: *MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C. http://www10.fintrac-canafe.gc.ca/msb-esm/public/msb-search/search-by-name/*

Please contact the analyst assigned to this request if you have any questions – **Samara Fisher 250 953-3622** (not to be confused with me, Sandra L. Fisher, Junior Analyst).

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 21, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 31, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Good morning Jordan,

Every year we need to update a list of contacts for emergency management, to our head office in Tokyo. Last year we listed you and Talea Pecora as those contacts. Since I cannot find her on the government website, I'm thinking she no longer holds the position she did last year. Who else should we include in our report? This is what we submitted last year to MOFA:

(1)
Jordan Turner
Communications Manager, Emergency Management, Ministry of Public Safety, BC Government

(2)
Talea Pecora

Kindly update any outdated information. Thank you so much in advance.

Emergency Management BC

Support for Grand Forks

Questions and Answers – Nov. 2018

Grand Forks General:

- **British Columbians can rest assured that government support will be sustained in Grand Forks.**

- **Our government recognizes the truly catastrophic impact the flood has had on the community of Grand Forks and the surrounding area.**

- **I saw firsthand the loss and immeasurable destruction. Our government remains committed to helping the residents of Grand Forks as they rebuild and recover from this devastating tragedy.**

- **We are working across government and with the community of Grand Forks on a long-term recovery plan that is focused on four key areas:**
    - **Housing**
    - **Business and economic recovery**
    - **Health, wellness and social supports, and**
    - **Flood hazard assessment, mitigation and adaptation**

- **As part of this work, we've extended our Household Emergency Preparedness Program to provide ongoing support to the residents Grand Forks and surrounding area.**

- **Our government stands with British Columbians, and we will continue to work with all levels of government to find the best path forward.**

Questions and Answers:

1. **Why has it taken so long to get support beyond the Emergency Social Services and the Household Emergency Assistance Program?**

    - The Province has been working with the City of Grand Forks and Regional District of Kootenay Boundary (RDKB) on recovery since the flood occurred in May 2018.
    - The catastrophic nature of the event has challenged local capacity as well as provincial government capacity and programming.
    - While many immediate needs have been met, there is still a lot of work to do.

- Medium- and long-term support requires further assessment and planning to ensure that community needs are met.

2. **There has been a significant financial and economic downturn in Grand Fork. Will this Red Cross program do enough to get the community back on its feet?**

- We know that employers have struggled to replace lost workers, and it is evident that a workforce that is trained to meet current and future needs is a concern.

- The BC Economic Development Association, through funding provided by the Province, completed economic impact assessments and recommendations focused on understanding the business impacts of the floods and planning for recovery. A key recommendation is to provide direct support for small businesses, which is a big reason why we are announcing this Small Business program today.

- Provincial staff continue to work closely with the RDKB Economic Recovery Team, Community Futures, Downtown Business Association and Chamber of Commerce to refine their request for funding to assist economic recovery. Examples of funding approvals include:
    - $360,000 to the City of Grand Forks for marketing related projects, and
    - $395,000 to the Community Futures group for economic development and plans for a gathering place.

3. **What are the next steps the province is planning to take?**

- The Province is here to support the local community in the recovery to this disaster.
- Medium- and longer-term recovery planning is underway to address the catastrophic impacts of the flooding and work to find suitable housing solutions.

4. **What are the housing needs right now?**

- We estimate the immediate housing need in the community is currently 30+ households.

- Through support from the Province's Household Emergency Assistance Program (HEAP), and additional funding through the Emergency Program Act, direct assistance has been provided to ensure appropriate commercial shelter (hotel/motel) is provided for those in need throughout the winter.

5. **What is the Household Emergency Assistance Program?**

- The Household Emergency Assistance Program (HEAP) is the first program of its kind in B.C.
- We created the program with the Red Cross to provide support for people affected by the catastrophic and prolonged nature of the flooding in Grand Forks.
- The program provides financial assistance for supports, such as housing, food, utilities and transportation.
- It's intended to empower households to make their own recovery decisions and at the same time reduce the administrative burden on responders, vendors and local authorities.
- The intent of the program is to help bridge the gap between response and recovery for flood impacted households as an alternative to the continued use of Emergency Social Services, which was designed to meet immediate, short term needs.
- Based on the success of the program, we've extended it until March 31, 2019 to meet the ongoing needs of the residents of Grand Forks and surrounding area.

6. **How much has the province spent on Grand Forks flooding to date?**

- Over and above the funding announced today, the Province has spent more than $16 million in recovery funding.
- During the provincial response to this freshet the province spent several million dollars to support the community, which has not yet been fully calculated.

7. **What can be done to prevent flooding from happening again in 2019?**

- The Province (EMBC) has provided the Regional District of Kootenay Boundary funding to support property owners to mitigate further damage. This includes providing funding for archeological assessments and the assistance of a qualified professional.
- The City of Grand Forks and the RDKB have been invited to submit a full Disaster Mitigation and Adaptation Fund (DMAF) application to the Province and Federal Government, due January 11, 2019.

8. **Are there any other ways the Province is helping the community?**

- The Grand Forks Mental Health, Wellness and Unmet Needs working group (a collaboration of provincial and community agencies and NGOs), continues to meet bi-weekly to provide status reports and discuss needs of the community in response to 2018 freshet flooding.

- Based on a request from this working group, the province has provided funding for four Case Managers who have been hired from the community. They are currently meeting with residents with complex needs who require additional support.

- Health Emergency Management BC (HEMBC) initiated a Talking HELPS campaign that includes posters and postcards to enhance awareness of the 24/7, confidential mental health and crisis support lines available.

- HEMBC's Disaster Psychosocial Program is providing a Psychological First Aid training session for front-line staff in Grand Forks mid-December and is scheduling Mental Health First Aid workshops for the public in January.

9. **There are farms and nurseries' in the Grand Forks area that are seeking support. What are the Province's plans?**

- These farms have been impacted by the flooding, and the BC government is looking at available options to see what help can be provided.

- We want to act quickly, so these farms can continue their recovery efforts, and prepare for next year and season, but to find the right solution takes time.

- Ministry of Agriculture and Emergency Management BC staff continue to work together to ensure all available opportunities to support the farmers are being carefully considered.

I hope you enjoyed the holidays.

I wanted to follow up on my below email.
My organization (IBC) has been working with Public Safety Canada to create options to deal with the increasing financial risk of flood to government and taxpayers. We be presenting this to Public Safety Ministers at their FPT in Edmonton on January 25, to seek their guidance on future work.

I would welcome the opportunity to provide Minister Farnworth an overview of this work ahead of this months FPT, and would be pleased to discuss further anytime in Vancouver, Victoria, or Coquitlam.

If its something he would be interested in, please let me know.

Subject: Meeting Request - Insurance Bureau of Canada

Hi Liam,

I hope you're doing well.

Earlier this year the Federal, Provincial, and Territorial ministers responsible for emergency management tasked my organization (the Insurance Bureau of Canada) with developing options to address the increasing financial risk of flood, in conjunction with Public Safety Canada. As you know, flood/water damage is now the largest driver of Disaster Financial Assistance claims, as well as insurance losses.

We will be presenting the results of this work to the FPT ministers at their January 25 meeting in Edmonton, and will seek their guidance on future work in this area.

Should the Minister have any availability, I would welcome the opportunity to brief Minister Farnworth on this work ahead of the January 25 FPT, to allow for a more fulsome discussion at that table. I'd be pleased to discuss further anytime in Vancouver, Victoria, or Coquitlam.

If Minister Farnworth has any availability for this, please let me know.

Regarding Ministerial Directive 02-2016: **DISCLOSURE OF MINISTERS' AND DEPUTY MINISTERS' CALENDARS**

Please send your ministers', deputy ministers' and associate deputy ministers' calendar(s) for the month of December 2018

Please send the calendar(s) and harms assessment information by reply email or to the FIN OPEN INFOGROUP (Open.InfoGroup@gov.bc.ca) by January 10, 2019 – if you have already provided your November calendars, thank you!

Please also provide the name or email address of who the approver(s) will be for each calendar you submit

What You Need to Do?

1. **Create a PDF of the calendar records** **Detailed instructions are below*
2. **Conduct a harms assessment and provide those details**

Reminder: Calendars must be provided to IAO not later than 10 calendar days after the end of the month.

What Happens Next?
Upon receipt of the calendar(s), the Open Information analysts will review the records and remove any information that requires redaction. The analysts may contact you if they have any questions about possible harms associated with the records. The records will then be sent for review and approval by your ministry approver.

Distribution Lists:
We look forward to working with you and hope that we've captured the right people on our distribution list. If any names need to be added or deleted, please let us know.

If you have any questions or concerns, please contact any member of the Open Information team directly or through reply to this email address.

Many thanks,
IAO Open Information Team

DETAILED INSTRUCTIONS AND REDACTION INFORMATION

1. **Produce a PDF of the calendar records**
    - Open the calendar you want to print*
    - Select File
    - Select Print
    - Select Print Options
    - Select 'Adobe PDF' as your printer. If this is not available, print the calendar, scan and email the PDF
    - Select 'Calendar Detail Style' from the Print Style options
    - Select the date range (In the Print Range fields)
    - Check the box for 'Hide details of private appointments'
    - Select Print
    - Save resulting PDF

** For minister's calendars, produce only the minister's calendar; Specific MLA or constituency-related duties need not be included.*

2. **Conduct a harms assessment and provide those details**
    - Prepare and attach one clean copy of the records (no marks, hand written notes, sticky notes or highlighting);
    - Prepare and attach one marked copy of the records where any harms are indicated:
    - Indicate any personal information contained within any entries not marked Private
    - Mark any Cabinet or Treasury Board entries. IAO needs to know if the entry pertains to an item that was prepared for cabinet/treasury board and if it ever went, or will go, to Cabinet or Treasury Board.
    - Identify any legal advice or entries that might reveal solicitor-client privilege
    - Other

3. **Redaction Details:**
While the calendars are not being redacted under FOIPPA, any redactions must reflect exceptions permitted under FOIPPA. In addition, entries previously considered "not responsive" (e.g. reservation numbers, teleconference information), based on agreement with an FOI applicant, will no longer be deemed not responsive. Instead, any information that would attract an exception permitted under FOIPPA will be redacted with any other information being removed. Liam,

Happy New Year.

I'm looking forward to working with you on this file. s.22 I know it can be challenging to keep files like this moving when your Minister is responsible for broad public safety policies and funding.

But I think there is an opportunity for governments taking action on ticket sale competitiveness concerns today to really set the course for a increasingly competitive and accessible ticket market.

If you have time to discuss over the next two weeks just to level set on your previous discussions with Kevin that would be great.

Thanks,

Brian

My apologies but I wasn't sure who is the best contact for MMF and PS Rice's schedules. CCRD and Nuxalk are planning a celebration for the signing of the Central Coast Em agreement and would like to invite MMF and PS Rice. They are planning the event for Feb 13th in Nuxalk which is close to Bella Coola. I don't have specific details yet but I believe it will be an evening event with a dinner etc. Would Feb 13th tentatively work for either MMF or PS Rice? I believe the house is sitting in Feb

> Good morning Danielle!

Here is the updated wording for the FOI request PSS-2018-87956. The applicant is looking for all emails, text messages, BBM's, slack messages and WhatsApp messages (without attachments) sent from the Parliamentary Secretary email address for Emergency Preparedness for the month of November, 2018. Please let me know if it is possible to acquire these records by the end of this week or Monday at the latest so I can still compile and review them for submission by the 16th of January.

Thank you!

Hello, we have received clarification from our applicant as follows (change is in yellow):

REVISED WORDING: Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Parliamentary Secretary email address for Emergency Preparedness.

ORIGINAL WORDING: Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Parliamentary Secretary for Emergency Preparedness (Date Range for Record Search: From 11/01/2018 To 11/30/2018)

Attached is a revised Call for Records form, and a revised due date for your response (January 16, 2019). Please let us know if this is not enough time; given we have taken time to get clarification from the applicant, we now only have 17 days of 30 remaining for processing this file and meeting the legislated due date. Thank you ☺

Good morning!

Can you please approach the applicant to determine if we can narrow down the request to determine what aspect of emergency preparedness and/or if the applicant could specify which conversations from Parliamentary Secretary and our staff they are looking for? We have a high number of staff that could

be involved in this request and a number of them are on holidays currently so I am trying to sort out how best to gather the records as requested. If the applicant is looking for a more specific topic or if it is more specific as to what direction is being requested I can determine where to go from there.

Thank you!
Dawn

Hello EMBC,

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Parliamentary Secretary for Emergency Preparedness (Date Range for Record Search: From 11/01/2018 To 11/30/2018). ***(the attached instructions may assist with your search)***

Please contact the analyst assigned to this request if you have any questions – **Liz Babecy (250) 952-6353.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 24, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 2, 2019. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved

in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Hi Krystal,

s.22 I know it will be a busy week but I wanted to touch base about this invitation as bc211 is hoping to secure a meeting while the legislature isn't sitting to talk about their important role in emergency preparedness and community services.

I've attached their meeting request, as well as a brief.

Thanks for any assistance you can provide in setting time to meet. As they note, they are also able to go to Prince Rupert or host a tour.

Dear Ms. Rice,

We are writing to request a meeting with you to discuss bc211 and how we could work together to increase support for British Columbians with a province-wide 211 service that supports emergency and community services as they relate to your role as Parliamentary Secretary for Emergency Preparedness.

bc211 is a non-profit organization that specializes in providing free information and referral regarding community, government and social services in BC. bc211 and its predecessor organization, Information Services Vancouver, has a long history of providing specialized 24/7 help line services under contract with the Province of BC. Currently, bc211 operates the following provincial help lines: VictimLink BC and Yukon, Youth Against Violence Line, Alcohol and Drug Information & Referral Service, and the Problem Gambling Help Line.

Provincial governments in Canada have recognized the value of funding a 211 service for their residents and have invested provincial dollars toward this goal. They see 211 as a public service contributing to a common good and an invaluable partner in delivering services for the community. Our goal is to work together to expand bc211 services throughout the entire province, with a focus on connecting the Interior and North to critical services. These services are critical during emergencies.

We would welcome the opportunity to have you tour our unionized bc211 operations centre in Vancouver, in conjunction with a meeting, if it is convenient to your schedule. If this is not possible, we are available to come to Prince Rupert or Victoria.

I can be contacted at 604-708-3200 or Nathan.Wright@bc211.ca to arrange a mutually convenient time.

Sincerely,

Nathan Wright

Fourteen arrested during enforcement of injunction order in Houston, BC

On January 7, 2019 the RCMP attended the Morice River Bridge in Houston, BC to enforce the interim injunction order granted by the Supreme Court of British Columbia.

Just prior to 11 am, police officers from the Division Liaison Team spoke with representatives of the Gitdumt'en camp about the removal of a road block that they have set up along the Morice West Forest Service Road, several kilometres away from the Morice River Bridge but within the court ordered injunction. The RCMP also facilitated a meeting between Hereditary Chiefs and CGL in the hopes that this could be resolved without police involvement. When it was determined that the matter could not be resolved, at 3 pm the RCMP proceeded to enter the blockade in order to facilitate open access to the service road.

As of 6:45 pm there were 14 persons arrested from the blockade set up by Gitdumt'en on Morice West Forest Service Road for various offences including alleged violations of the injunction order. All those arrested continue to be processed at this time. During the arrests, the RCMP observed a number of fires being lit along the roadway by unknown persons, and large trees felled across the roadway.

As with other injunction orders and police enforcement clauses, the RCMP is given discretion to decide how and when to enforce the order. The primary focus for the police is the safety of everyone involved – protesters, police officers, area residents, motorists, media and general public. This was done by creating a temporary exclusion zone, which under civil injunctions are similar to criminal search warrants, where the police do not allow access to anyone who is not part of the enforcement team. There are both privacy and safety concerns in keeping the public and the media at the perimeter, which should be as small as possible and as brief as possible in the circumstances, based on security and safety needs. The temporary exclusion zone remains in place and will be consistently re-assessed.

The RCMP respects the Indigenous rights and titles in BC and across Canada. It was inappropriate for the RCMP to make any reference to the materials provided to the court during the injunction application process. Our role is to enforce the injunction and not to interfere with any ongoing discussion between our Indigenous communities and any other

level of government. The language has been removed from the revised backgrounder (http://bc.rcmp-grc.gc.ca/ViewPage.action?siteNodeId=2087&languageId=1&contentId=57805).

There are also erroneous reports that the RCMP jammed communications in the area, preventing the media and public from providing information about the unfolding situation, and that the Canadian Military were present during the police enforcement operation. We would like to clarify that both of these allegations are incorrect. The area is extremely remote and even police had limited access to communication. Police officers, including members of Tactical and Emergency Response Teams, have been deployed as part of our measured and scalable approach to enforcing the court ordered injunction.

For some background information on the BC RCMP's role in enforcing the injunction order, please refer to the news releases issued on January 6, 2019 (http://bc.rcmp-grc.gc.ca/ViewPage.action?siteNodeId=2087&languageId=1&contentId=57805) and January 7, 2019 (http://bc.rcmp-grc.gc.ca/ViewPage.action?siteNodeId=2087&contentId=57812).

Subject: Call for Records PSS-2019-90065 Due January 18, 2019

Hello Charlotte, please note that this is a x-govt request, thank you.

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Scanned images of all pages in all notebooks used by the Minister/Minister of State (Date Range for Record Search: From 02/01/2018 To 12/31/2018).

Please contact the analyst assigned to this request if you have any questions – **Kristi Mowers (250) 387-3321.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 14, 2019. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 18, 2019. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Sandra Fisher, Junior FOI Analyst

Please indicate which applies:

1. *Approved for release with no changes.*
2. *Approved for release with the following changes... (insert changes).*
3. *Not approved for release and why.*

Ministry Executive (Delegated Signoff):
Name, Title

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the Open Information and Open Data Policy. Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:
The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the Open Information and Open Data Policy. Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:
The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Subject: EMBC Update - Jan 03, 2019 as of 0700hrs

Good morning,

EMBC UPDATE – January 3, 2019 AS OF 0700 HRS – ASSESSMENT

There were no new significant incidents in the previous 24 hours.

PROVINCIAL WEATHER
Today, the front trying to cross the south coast is stalled and with a jet aligned, heavy doses of moisture over the same areas will continue unrelentingly. Until that stalled system starts moving again, it will keep raining and snowing. While freezing levels are high this morning, by this afternoon freezing levels will again fall.

Tomorrow, the low weakens as it moves ashore, and coastal precipitation and winds gradually ease. In the southeast corner, the flow direction is still from the southwest just ahead of the front and could give local enhancement as the storm system eases out of the province.

On Saturday and Sunday, moderate onshore flow continues across the province with a few flurries and mostly cloudy conditions. There could be a few sunny breaks as the weekend weather systems look weak and disorganized.

WEATHER ALERTS
Wind Warning: East Vancouver Island and Sunshine Coast.
Rainfall Warning: West, East and Inland Vancouver Island, Metro Vancouver, Howe Sound, Fraser Valley and Fraser Canyon.
Snowfall Warning: Arrow Lakes – Slocan Lake, East Columbia, North Thompson, Shuswap and West Kootenay.
Winter Storm Warning: West and North Columbia, Trans-Canada Highway – Eagle Pass to Rogers Pass, Boundary, Highway 3 – Paulson Summit to Kootenay Pass and Hope to Princeton via Allison pass, Coquihalla Highway – Hope to Merritt, Kinbasket, Yellowhead and the Yellowhead Highway – Tete Jaune Cache to the Alberta border, Kootenay Lake, Nicola, Whistler, Sea to Sky – Squamish to Whistler, Yoho Park – Kootenay Park.
Freezing Rain Warning: Similkameen.

RIVER FORECAST CENTRE
High Streamflow Advisory – South Coast and Vancouver Island including: **Howe Sound** – including the Stawamus River and tributaries along the Sea-to-Sky Highway, **Sunshine Coast** – including watersheds around Gibsons and Sechelt, **North Shore** – including the Seymour River and watersheds around North Vancouver and West Vancouver, **Fraser Valley** – including the Chilliwack River, and mountainous tributaries on the north side of the Fraser Valley, **West Vancouver Island** – including tributaries around Tofino, Bamfield, Port Renfrew and surrounding areas.

Happy new year!

MLA Olsen is looking for some info on the recent storm and how it affected his riding specifically. I believe he's interested in knowing how many customers were without power, timelines of how quick things were fixed, warming centres that were opened and how many people used them, and any other problems that were encountered. Supposedly some of the islands were low or out of certain supplies (water being trucked in, candles, etc). They are looking to set up a phone briefing next week, could I ask you to coordinate with Sara for now on timing?

Liam

- If using a device other than a standard workstation (i.e. home PC), go to https://www.pwchange.gov.bc.ca/ to change your IDIR password.

Now updated, you will need to change it on your mobile devices: (iPhone/iPad/Android/Blackberry). There are normally a few locations the IDIR password needs to be changed:

- **AIRWATCH ActiveSync (iPhone/iPad/Android/Blackberry):** this is for email/calendar/contacts/tasks. **See below.**
- **WiFi (iPhone/iPad/Android/Blackberry):** if connected to Government WiFi (**BCNGN**). **See below.**
- **Microsoft Lync (Skype for Business - iPhone/Android):** if used

Updating IDIR Password on iPad/iPhone

1. On the iPad/iPhone Screen, Tap **Settings** <image001.png>
2. Tap on Wi-Fi on the Top Left. If you are inside a Government building, look to see if BCNGN is ticked. Tap on it and it should prompt you for a Username and Password. Enter with new IDIR password.
3. You should now have the active fan for WiFi in the top left corner of the iPad. <image002.png> Now go to **Step 5.**
4. If the Wireless does **not** prompt you for a Username and/or Password then you will need to Forget Network and reconnect.

   <image003.png>
   Tap on the **Blue i in the circle**. Choose "Forget Network" at the top. Close the window and then tap on the BCNGN to reconnect entering: your ***IDIR username*** and Password. If BCNGN is not available, then go to **step 5.**
5. In ***Settings*** tap ***Accounts & Passwords*** *then* tap on your government account under **Accounts** -> ***(i.e. Exchange ActiveSync) THEN*** *tap on your email address.*

   <image004.png><image005.png>
   Update your password and tap on **Done.**
   <image006.png>

Tap Home button to exit.

Subject: Minister's Office Forecast

Hi Liam,
Please see below forecast for the Minister's Office assuming that the new MA position starts January 1 both for the current fiscal and for 2019/2020. For this fiscal, the forecast is less than budget. For 19/20, the forecast (862K) exceeds the budget (795K). But 19/20 hasn't even begun, so the forecast could change and if it doesn't, as we discussed, we can legitimately move some costs from the MO to the ministry. I can guarantee that we will not let the MO go over budget.

Thanks,

Subject: Legislative Assembly Management Committee: January 21 meeting information

Good evening Members:

On behalf of Hon. Darryl Plecas, Speaker and Chair, I am writing to provide you with a draft meeting agenda, draft minutes from your December 19, 2018 meeting, and information in support of the upcoming **Legislative Assembly Management Committee** meeting on **Monday, January 21** at **12 noon** in the **Douglas Fir Committee Room, Room 226, Parliament Buildings.**

As Members will recall, the Committee adopted the following motion at its December 19, 2018 meeting:

> That, on behalf of the Legislative Assembly Management Committee, the Acting Clerk seek legal advice with respect to the appropriateness and potential scope of an audit, forensic audit or

examination under section 13 of the *Auditor General Act* (S.B.C. 2003, c. 2), given the active police investigation, to ensure that any action taken by the Committee on that advice does not impede the ongoing investigation, and that this information be provided to the Committee at its January 21, 2019 meeting.

In accordance with that motion, and on behalf of the Committee, I retained Deborah Lovett, Q.C., to provide a legal opinion on how the Committee may undertake any of the actions contemplated in the noted motion. Ms. Lovett has significant administrative and constitutional law experience, as well as experience with the public sector. Her biographical details are available here: http://lw-law.ca/deborah_lovett.html.

Although I have not yet received Ms. Lovett's written legal opinion, I expect to receive it prior to the Committee's meeting on Monday, and will share it with Committee Members by than Monday morning. The draft agenda, at item #3, provides the Committee with an opportunity to discuss the legal opinion being provided to the Committee in accordance with the noted motion. Pursuant to established practice of your Committee, any discussions of the legal opinion are expected to take place *in camera*.

Pursuant to a commitment previously made by the Speaker, agenda item #4 is a report by the Speaker.

Also at the December 19, 2018 meeting, a decision item on additional funding for the Speaker as an Independent Member was postponed pending the receipt of further information. At the Speaker's request, an information note on this matter will be presented for consideration by the Finance and Audit Committee prior to it being brought to your Committee for consideration.

Also, the Legislative Press Gallery has once again expressed interest in filming proceedings of Monday's meeting. Preliminary arrangements have been made to facilitate this request. Would you be so kind as to advise me at your earliest opportunity if you have any concerns with cameras in the Douglas Fir for public portions of the meeting.

Should you have any questions regarding the meeting**,** please do not hesitate to contact Hon. Darryl Plecas, Speaker and Chair, or me at any time.

Sincerely,
Kate

Kate Ryan-Lloyd

Hi Talea,

It has just been brought to my attention that no one brought the quote in the news release to your office for MLA Farnworth's approval. I know he is still away, but wonder if you have someone in your office able to give approval during his absence. If you could follow up on this for us asap it would be very much appreciated.

Thanks,

Subject: Call for Records PSS-2018-87940 Due December 31, 2018

Hello, I'm directing this Call for Records to the DSG's office, the MCU, and the Minister's Office; however, please let me know if you are aware of any other program areas that might have records, thank you.

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

All communications with the Premier's Office regarding Meng Wanzhou (Date Range for Record Search: From 11/23/2018 To 12/14/2018).

(I couldn't find much online pertaining to the named individual in this request, however, it is regarding a publication ban made on Dec 5 - here is the link in case it is helpful: https://www.courts.gov.bc.ca/supreme_court/publication_bans/bandetails.aspx?id=57811)

Please contact the analyst assigned to this request if you have any questions – Liz Babecy (250) 952-6353.

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 24, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed.

Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 31, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Hey,

A draft bill introduction calendar is attached. Some things to note: Budget week has been left empty, the last three weeks have semi dedicated themes as we discussed with the odd carry over into the subsequent week because of different bill ready dates. Tried also to balance having themed weeks at the end when we have enough legislation to group while also ensuring we had enough to debate at the beginning of session.

Let me know if you if there are any changes folks would suggest,

Avalanche Canada provides an essential, life saving, service to many residents and visitors to British Columbia. The province benefits substantially from the skiing and snowmobiling business - many (most?) of the winter visitors to the province come to enjoy the snow. Yet Avalanche Canada is struggling to maintain its current level of service due to lack of financial support.

s.22 . Can you increase yours from it's current level of less than one thousandth of one percent of the provincial budget?

As a small business owner and operator,
I can't understand the logic or numbers behind the BC Government "NEW" competition with BC Small Business.

Our group consisting of five people own and operate the Private Liquor Store in Oliver, the reason for the letter above.
We have combined, over 100 years of experience in the Liquor Business, without a blemish.

We pay our staff, we pay our lease, city taxes, GST, PST and Liquor tax.
We have applied for a Cannabis License in Oliver. We have a location secured.
Only after we applied, Blaine Lawson sent the above attached letter to Oliver city council requesting permission to open a Cannabis Store.

How could he possibly prove to you or anybody that the store would be profitable?
Why would the NDP let this happen before looking at the small city Government Liquor Store financials?
Why would the NDP allows Blaine Lawson to spend $200,000.00 on fixturing and another $650,000 per year on operating cost?
There are approximately 30 towns in BC with population between 5000 and 14,000 people.
Will the NDP allow Blaine Lawson to spend **$6 M** to fixture those 30 Stores?
Will the NDP allow **$19.5 M** dollars spent per year to operate those store?
This is your money!

What would the Public say if asked about their tax dollars funding this?

Can we get some help please?

As soon as I saw this article I had many thoughts and questions running through my head.

I don't believe the above BC Liquor Store profitability model has been figured out yet and it seems like new BCLDB store openings are in the works.
Is there a Return on Investment spreadsheet done on small town and big city BC Government Cannabis Stores?
Would the BC tax payer be happy knowing that they could be subsidising these proposed stores?
Is Blaine Lawson planning to operate this the same way as the Liquor business, at any cost to taxpayers, to hurt private enterprise,
control and short the private entrepreneur of product?
Will City Councils throughout BC feel pressure to side with Mr Lawson request, so that they don't get overlooked for any other BC grants?

In my opinion THIS STINKS Blaine Lawson is controlling and killing the private Liquor business and is now allowed to do it again.

I tried my best to keep this short, thank you for listening, looking forward to some answers if possible.

Subject: re security licenses.

Att. Mike Farnsworth,

Mike... Sorry, this email is longer than I'd like but I am trying to cover two topics that are related. One has to do with BC government security licensing for alarm installers and the other has to do with wireless alarm systems themselves, which can be compromised though jamming or hacking.

I don't think that is clearly understood by the public and it's something that may interest your government. Most people with wireless alarm systems are likely living under a delusion that their systems cannot be hacked or bypassed. I think alarm installation contractors should be legislated to make that clear to the customer.

I have an issue with security licensing, the intent of which I think is a bit overboard. s.22
s.22 and I don't think the old-time NDP governments would have allowed legislation that restricts trades people and contractors as much as the current legislation.

I am trying to purchase a good quality home security alarm system for a retired lady friend who lives on her own, and who has been gouged recently by several contractors. I can't even buy a system from a distributor like Anixter, without a license, although one contractor has offered to sell me a system at grossly inflated prices.

Why should I pay a grossly inflated price when I am a contractor with a legitimate GST number that allows me to buy from most distributors?

I want to install it for my lady friend to ensure that she is not ripped off and to ensure the job is done right. I have more than adequate experience and training to do so, however, I am being stymied by officialdom at the security licensing branch of the BC government.

I am told that I cannot install an alarm system for anyone but myself, in my own residence. Even though I am an s.22 s.22 I cannot do a one-time installation for a lady friend without a license.

That is simply wrong, in my view. I can install anything to do with the electrical trade, almost anywhere without a security license, as long as I pull a permit from Technical Safety BC, but I cannot get a permit to do a one-time installation of a security alarm system.

Perhaps permits for such work should be passed over to Technical Safety BC, who regulate electrical and gas permits. There is no reason whatsoever why a professional electrical contractor could not safely install a security alarm system.

As I see it, the reasoning behind the security installer license is to identify would be burglars (through finger prints) hence protecting home owners. Do burglars steal things these days without wearing gloves? Also, so the government can keep tract of who is doing the installations and that they are qualified.

So, why does every trade who does residential or commercial work not require a security license? Anyone entering residential premises could potentially be a risk for burglary or theft. And what is so special about installing an alarm system that it requires a special course to obtain a license?

s.22 Security alarm systems are no different basically than any other digital computer controlled system. You have a central controller with inputs from peripherals that are either on or off. That's it. The rest is about programming the central controller, which is not real programming, but a process akin to a multiple choice process.

The modern wireless security systems are almost idiot-proof. Rather than setting codes on dip-switches to identify each station, the central controller does all that now with the help of the installer. All the latter has to do is open and close the door/window at the required station, then name the station identified at the controller keyboard.

With wireless alarm systems s.22 s.22

Even with wired systems, which require running cables from each window/door sensor to the central controller, s.22 s.22 s.22 Many of those systems used central controllers and were far more complex than a home security system.

In relation to what I mentioned earlier, an experienced electrician or electronics technician has the ability already to understand and install security systems. There is no reason for an experienced person to take a course in the field, all they need to do is what I have done most of my career, upgrade their knowledge. There is not much to be upgraded for the experienced electrician or technician.

With security alarms, both wired and wireless, you have door and window sensors that indicate to the central controller that attention is required if the sensor changes state (eg. on to off). The station peripherals (door/window contacts) are very simple on-off system. There are far more complex on-off systems in the electrical, electronics, and computer trades, and I have worked with them.

For example, complex arrays of limit switches and photo detectors to control machinery. Some of those systems use analog inputs rather than simple on-off inputs, hence they are more complex.

s.22

I am trying to say, without sounding arrogant, that home security systems pose no challenge for me s.22
s.22 Yet, to get a security license, I need to challenge an exam and be fingerprinted, even to install a system for a friend who trusts me as the installer.

s.22

Surely that is not the intent of the legislation.
I have no interest whatsoever in installing alarm systems other than this one-time installation to help a friend. s.22
s.22

===//===

On weaknesses in current wireless alarm systems:

During my research on home security systems, I discovered a serious flaw in most wireless alarm systems installed in homes these days. They can be jammed, rendering the system useless. If a wireless system is jammed, by spraying the area with the radio frequency required by the controller, it cannot tell if one of its sensors has been activated.

A smart system would detect that and set off an alarm but most of them don't. Those that do, apparently don't set off the alarm, they 'push' a message to you on your cell phone to alert you, then you have to take action.

It's not as easy as it seems overall, however, people need to be alerted to the possibility. Controllers usually poll stations sequentially and expect a specially formatted signal in return. However, anyone capturing an unencrypted signal could analyze it and construct a reply that satisfied the controller.

I am not claiming every would-be burglar has that ability. They don't need it, however, there are experts on the Net who do have the ability and who distribute software for specific systems to hack them. It's just a matter of time till general home security systems get targeted and the software and equipment design made available to do it.

The reason they can be jammed is that most wireless security signals are not encrypted and the frequency is not changed at regular intervals. In other words, most systems being sold today are using technology from the 1990s. All laptop computers running wireless systems have 128-bit AES encryption that cannot be hacked. Newer security systems from Honeywell and DSC use a similar encryption but most do not.

What is the point of licensing for alarm installers when most of the current systems can be hacked or jammed? At one time, a radio-frequency jamming device would have cost several thousand dollar but I read recently that such devices, in a handheld unit, can be purchased for $30.

It is declared in the disclaimer in the manual provided by Interlogix for its Simon XTi alarm system that their system is prone to hacking because they do not encrypt the wireless signal. That alarm system and its ancestor, the straight Simon XT, is in more homes in North America than any other system.

Most wireless alarm systems don't use encryption on the signal, meaning, besides jamming, that anyone with a laptop and a cheap receiver could sit down the block, intercept the alarm signal, analyze it, and alter it to their needs. Then they can re-transmit the signal to the alarm system to make it do things it would not normally do.

There is software readily available on the Internet, like Wireshark, that will capture data from a wireless signal and display it so the signal can be checked for passwords or other data.

sincerely,

s.22

Hi Nimmi,

You are correct, please see below for an update from program.

- A sustaining grant in the amount of $20K was provided in October 2018 to the Nanaimo Men's Centre to provide the organization with operational assistance as they sought out partnerships and other funding sources.
- ADM, CSCP had a follow-up call with Mr. Boere in December.
- The Men's Centre has applied for a Civil Forfeiture Crime Prevention and Remediation grant. The grant call closed December 14th and successful applicants will be notified by March 31, 2019.

No updates to the KM document.

Thanks,
Jason

Subject: Call for Records PSS-2019-90276 Due January 24, 2019

Hello, please note that this is x-govt request.

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments – sent from the Minister/Minister of State (Date Range for Record Search: From 07/01/2018 To 07/31/2018). ***(the attached instructions may assist with your search)***

Please contact the analyst assigned to this request if you have any questions – **Kristen Sanderson (250) 387-5423.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 18, 2019. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be

advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 24, 2019. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Good Afternoon,

We have been in contact with a constituent, s.22 , over the past year in regards to the Anti-SLAPP legislation. She has asked that we provide an update. I do see that it passed the first reading on May 15th (which I had communicated to s.22 the last time she requested an update) and I was wondering if there is an estimated timeframe on when it would pass second reading, so that I could include it in the update.

Yes, the 12th will work although Mr. Belusic, our Second Vice President who was going to come, is unavailable that day so there will be only two of us. Mary Ellen Gabias, our President, and myself, the Treasurer of the Canadian Federation of the Blind.

Prior to the meeting on the 12 Feb at 2:00 p.m. we would like to forward an article regarding the subject to be discussed. Could we forward that to you?

Also, if you could give us the location of the meeting and any other relevant details. Thank you for arranging the meeting as we have been working hard to get a firm arrangement for several months.

Hi Sara,

Thanks so much for offering to arrange a meeting with Minister Farnworth. Actually our President, Mary Ellen Gabias, is coming into Victoria for another meeting on Tuesday th 5th February and would have the whole of

Wednesday, the 6th of February free to meet with the Minister. Also Thursday morning could be possible, but the Wednesday 6th would be ideal for us.

We are planning on three of us being present, myself, Oriano Belusic and Mary Ellen.

Looking forward to hearing back and thanks again.

Good afternoon Mr. McCreath,

I am in receipt of your request for a meeting with Minister Farnworth to discuss the *Guide Dog and Service Dog Act* and public access to services.

Due to the house sitting, the Minister is not able to leave the Legislature from Monday thru Thursday so I would have to schedule a meeting at the Legislature between those times.

I am booking meetings for the first couple of weeks into February. Is there a specific day that works best for you?

Please advise.

Dear Mr. McCreath:

I am responding to your October 29, 2018 email to me as well as your September 17, 2018 email addressed to the Honourable David Eby, Attorney General, regarding the *Guide Dog and Service Dog Act* and public access to services.

I am concerned that guide dog users are having difficulties in accessing public places. I would be pleased to meet with you to discuss your concerns. Given my schedule, I will ask my staff to arrange a meeting after the conclusion of the fall legislative session.

Thank you for writing.

Sincerely,

Mike Farnworth

Honourable Mike Farnworth, Solicitor General of British Columbia

Dear Honourable Minister,

As British Columbia's Solicitor General we wish to meet with you personally over the failure of government staff to apply our legal access rights. This failure has subjected blind people from being treated on an equal basis as the law intended.

The Canadian Federation of the Blind's representatives met with David Eby, the Attorney General, back in January this year (please note the attached letter of the 18th September to the Attorney General).

You responded in February to our President, Mary Ellen Gabias, but to date communication with your staff has never materialized. Unfortunately, there appears to be a disconnect between staff and both the Attorney General's office and your office as there has been no progress at all since the January meeting. Although we drew up a letter approved by the Attorney General treatment of our rights in the field has not been resolved or altered in any way.

It is vital that we meet with you as soon as possible as a whole group of vulnerable blind people, including visitors to this province, are having their rights undermined by government staff. This is truly a form of oppression and is a disgrace.

As the Solicitor General of this province we call on you to show leadership and address this deliberate oppression of our access rights. This is a very important legal matter that should not be ignored. We look forward to your personal participation in our restorative justice that the Attorney General agreed upon.

Regards,

Graeme McCreath, Treasurer of the Canadian Federation of the Blind

Dear Mr. McCreath:

Thank you for your correspondence of September 18, 2018, requesting a meeting to discuss issues with respect to guide dogs and access to services.

I appreciate the invitation and I assure you that I recognize the importance of the Canadian Federation of the Blind. I regret that due to prior commitments I am unable to meet with you. However, I have referred this issue to the Honourable Mike Farnworth, Minister of Public Safety and Solicitor General, and I would expect that you will be receiving a response to your concerns very soon.

Your patience is very much appreciated.

Yours truly,

For the Attention of the Honourable David Eby, Attorney General
Government of British Columbia

Dear David,

Re: Oppression of Blind People's Legal Access Rights

After meeting with you and your staff in January this year and working together to draw up a letter to other Ministries, we were extremely hopeful our legal rights of access would finally be honoured and supported by the appropriate staff. Unbelieveably, despite months of several inquiries and assurance of a response to your letter, communication from Linda Canham has been completely unproductive. It is possible history could be being repeated as we understand the same bureaucrats that were previously creating barriers appear to be doing just that.

We, at the CFB, are hoping you and your colleagues could again meet with us or alternatively engage in a telephone conference to find a way of resolving this impasse. The access problems are increasing and both the Passenger Transportation Board and the Security Division under Mike Farnworth are, unfortunately, enabling discrimination rather than applying restorative justice. The "education" perpetrators are receiving just

encourages drive-offs, sneaky drive-byes and a general contemptuous attitude towards vulnerable blind taxi customers. Furthermore, blind taxi customers with guide dogs have found themselves completely refused service from whole fleets of cabs. (Kamloops Nov. 2017 reported to the Security Division - lacked any redress or penalty to the perpetrators).

Government enforcement officials are quite aware of the Guide Dog Act which clearly states that we are to be treated as if the guide dog is not present and no one shall “interfere” with that right. We are not asking for something out of the ordinary. On the other hand, no one has a right to be a taxi driver at the cost of another’s protected rights.

There is no objective evidence that a blind person with a guide dog has actually posed a health or safety problem in a public place or vehicle. To imply that they have is unconscienable. We call on your leadership and strong moral ethics to help us resolve this persistent and endemic injustice. We very much look forward to meeting with you as soon as possible.

Regards,

Graeme McCreath, on behalf of the CFB

Subject: Grand Forks Flood

Hi Nimmi,
I'm following up on behalf of some of our members who live in Grand Forks.
Here are their concerns:

> Many of the residents who lost their homes in the flood are in the lower socio-economic layer of our town. The City of Grand Forks has asked the Provincial and the Canadian governments to provide $60-90 million to repair infrastructure and buy out property owners allowing them to relocate to higher ground. Then, the flood plain area will return to its natural riparian state.
> This process is taking a very long time. Forty families, whose homes are now uninhabitable, are living in motel rooms and travel trailers. There is snow on the ground and the temperatures are below 0. Other families, who had two story homes, have consolidated their living on the upper floor as the lower floor is unfit for living. They have had to move the mechanical apparatus of the house upstairs. These people have been told that they will have to live two winters in these crowded conditions until the 'land swap' becomes available for them to relocate to higher ground. These families are will aware that two winters means two springs and potentially two more floods.

We have yet to hear whether the request for the funds to move homeowners has been approved. Everyone in Grand Forks is concerned about the length of time this is taking. We are concerned the residents will give up and move out of our small town. Disheartened residents are living with uncertainty and without hope. There was a slight decline in our school population this September.

Businesses have been impacted, and many are still closed - some families lost both their home and their business!

They would like more information on what is happening to the funding request to address these issues.

Thank you for your assistance.

Sincerely,

Justin Schmid

FOI team was not satisfied with our fee estimate.
I spoke with Kristen this afternoon and she told me that although it is a broad search we can narrow it down by subjects.
I have attached a second sheet to show you highlighted sections that another office searched. After speaking to Kristen, I believe it should be about 3-4 hours of locating/retrieving and about 500-1000 pages of electronic files.
Can I put this in the estimate?

Hello Sara, Kristen Sanderson, the assigned analyst on this file, has been trying to contact you several times this week to discuss the large fee you submitted. As you know, we only have 30 days to respond to FOI requests so each day that goes by the clock is ticking. Please respond to Kristen as soon as possible so we can issue this fee and put this file on hold as soon as possible. As of today we have only 8 days remaining so this is considered urgent at this point. Hope to hear from you today. Thanks kindly.

I don't have the original sheet/form for this as Charlotte is away, but it was indicated to me the following:

Liam Lawson, Senior Ministerial Assistant – "*This is really hard to approximate, but they suggest 3 hours or 200 pages, so roughly 65 pages per hour. Very conservative estimate of 10,000 records each, so roughly a 100 hours each. Could we suggest 500 hours for our office*"

Am I able to receive the original form so I can complete this?

Hi Sandra & Kristen,

As it is currently worded, this request is incredibly broad and very difficult to interpret. In fact, there is really 3 separate requests in this 1, which is an entire page-long request. I have sent the CFR around and the feedback that I have gotten, is the requestor needs to be much more specific. Can you we try to narrow this a bit? If not, I suspect we will be looking at a fee.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

All records—including but not limited to draft and final versions of policies, guidelines, meeting agendas, meeting minutes or notes, briefing notes, technical specifications, training documents, bulletins, memoranda, executive summaries, slide decks, handouts, handwritten notes, preparatory notes, notes from phone calls, faxes, reports, diagrams, studies, surveys, contracts, budgets, financial documents, and all internal and external correspondence, including emails that contain discussion of or reference to the use of: [specified] (Date Range for Record Search: From 01/01/2013 To 11/01/2018). ***(see attached request for details)***

Please contact the analyst assigned to this request if you have any questions – **Kristen Sanderson (250) 387-5423.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by November 29, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 5, 2018. Send records via

email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Hi Liam,

I hope you're doing well.

Earlier this year the Federal, Provincial, and Territorial ministers responsible for emergency management tasked my organization (the Insurance Bureau of Canada) with developing options to address the increasing financial risk of flood, in conjunction with Public Safety Canada. As you know, flood/water damage is now the largest driver of Disaster Financial Assistance claims, as well as insurance losses.

We will be presenting the results of this work to the FPT ministers at their January 25 meeting in Edmonton, and will seek their guidance on future work in this area.

Should the Minister have any availability, I would welcome the opportunity to brief Minister Farnworth on this work ahead of the January 25 FPT, to allow for a more fulsome discussion at that table. I'd be pleased to discuss further anytime in Vancouver, Victoria, or Coquitlam.

If Minister Farnworth has any availability for this, please let me know.

Cheers,

Does your office provide direction on speakers responding to Throne/Budget Speeches? I've attached a list of our Members who responded to last Throne/Budget Speech. Do we ask Members who have not responded to last Feb Throne/Budget speech to respond this session or leave it up to Members to volunteer?

Hi Liam –
Mentioned this to you the other day. You can see, this went into your office at the beginning of December. There are five recommendations and three relate to PSSG: rec.s 1, 2, and 4.

There is an interest centrally in getting a letter sent ASAP in response from your minister to the Minister of Labour acknowledging this report and committing to the recommendations.
I understand your minister may be unavailable in which case I believe that a letter from DM Sieben would suffice.

Happy to discuss tomorrow

Thanks Liam – much appreciated

Subject: Session questions

Hi Liam,

Couple of questions:

*as this is a new session (4th Session) - Clerk's office advised up to us if we want to start fresh i.e. gov't 1st up for Prayers then alternate after first week
Yes let's start fresh

*I understand the Premier's office designates someone to do a special Prayer for Throne Speech Day – do I confirm with Amber or is your office advised and you let us know who that would be?
I don't recall how this was done last year, maybe check with Kate VM or Cara?
Checked and last year it was Reverend K. Howard
https://www.leg.bc.ca/documents-data/debate-transcripts/41st-parliament/3rd-session/20180213pm-Hansard-n75

*in regards to House Duty Schedule – I spoke with Dawn from Cabinet Operations early last week who advised they anticipate a number of Cabinet cmts currently scheduled for Spring Session may be cancelled as talk from above is – too many Cab cmt meetings last session – and would like to cut back – have you rec'd any info re this? However, Dawn did say it may be up to individual MINs to cancel some mtgs and may not happen until close to session
I haven't heard anything new about this, with legislation there will likely continue to be a fair amount of meetings

*when do you anticipate the Little House will sit? Third House needed?
Little house will start on Mon. March 4 and continue until May 30 (or close to). For the third house it's harder to tell, lets play this by ear for now, last spring it was just used for a few days at the end.

*re: PMS - Clerk's office advised up to Gov't to negotiate with LIBs – as new session – if Gov't goes first i.e. with Primate Member Motion on Mon/Feb 25 or would we continue to rotate form last session where Gov't had the PMS motion on Mon/Nov 26 and if taking turns the LIBs would make Motion on Mon/Feb 25.
My understanding is that with new session Gov gets first motion (ie rotation restarts), so lets proceed with that for now

Hope that makes sense?

Tks! Angela

Subject: Call for Records PSS-2018-87940 Due December 31, 2018

Hello, I'm directing this Call for Records to the DSG's office, the MCU, and the Minister's Office; however, please let me know if you are aware of any other program areas that might have records, thank you.

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

All communications with the Premier's Office regarding Meng Wanzhou (Date Range for Record Search: From 11/23/2018 To 12/14/2018).

(I couldn't find much online pertaining to the named individual in this request, however, it is regarding a publication ban made on Dec 5 - here is the link in case it is helpful: https://www.courts.gov.bc.ca/supreme_court/publication_bans/bandetails.aspx?id=57811)

Please contact the analyst assigned to this request if you have any questions – Liz Babecy (250) 952-6353.

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 24, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 31, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;

- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Subject: Call for Records PSS-2018-87788 Due December 24, 2018

Hello, please note that I am directing this Call for Records to OCC, DSG and MO as these 3 program areas were included on the processing of the PSS file below. (please note that the Ministry of Citizens' Services as well as OCC received these same requests, under separate cover, thanks.)

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

All records relating to the processing and handling of the following FOI requests: OCC-2018-86136, OCC-2018-86925, and PSS-2018-86369. (Date Range for Record Search: From 08/24/2018 To 12/07/2018).

Please contact the analyst assigned to this request if you have any questions – **Rhiannon Hamdi (250) 387-1437.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 18, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 24, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;

- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Hi Liam,
It was good to see you the other day.
This is an emergency. Families with children live behind the new barricades. We need to do something, because it looks bad and it is bad. There's no other situation like this where government would simply observe...People are frightened and angry. I would like it if someone who knows about these kinds of emergencies can call me and advise me of what to tell people. I need to know what to tell them. Thanks. Did I mention the urgency?

Subject: RE: Jan 23 Tripartite signing event

Heads up that there was a federal shuffle this morning, and Philpott is no longer ISC Minister (the federal signatory):

The Prime Minister, Justin Trudeau, today announced changes to the Ministry and welcomed new members to Cabinet:

- **Jane Philpott**, currently Minister of Indigenous Services and Vice-Chair of the Treasury Board, becomes President of the Treasury Board and Minister of Digital Government.
- **Seamus O'Regan**, currently Minister of Veterans Affairs and Associate Minister of National Defence, becomes Minister of Indigenous Services.
- **Jody Wilson-Raybould**, currently Minister of Justice and Attorney General of Canada, becomes Minister of Veterans Affairs and Associate Minister of National Defence.
- **David Lametti**, currently Parliamentary Secretary to the Minister of Innovation, Science and Economic Development, becomes Minister of Justice and Attorney General of Canada.
- **Bernadette Jordan**, currently Parliamentary Secretary to the Minister of Democratic Institutions, becomes Minister of Rural Economic Development.

Rural economies drive our success as a country. As Minister of Rural Economic Development, Minister Jordan will oversee the creation of a rural development strategy to spur economic growth and create good, middle class jobs in rural Canada. She will also take action to bring high-speed internet to more rural households and businesses, and work with municipalities, provinces, territories, and Indigenous partners to meet the unique and diverse infrastructure needs of rural communities.

Effective immediately, the Honourable Scott Brison has resigned from his position as President of the Treasury Board and Minister of Digital Government. The Prime Minister thanked Mr. Brison for his outstanding contributions as a member of Cabinet, and for his decades of service to Nova Scotians and all Canadians.

Quick Facts

- The Government of Canada has taken concrete measures to provide Canadians in rural and remote areas with access to voice services and broadband Internet access, including providing:
- $500 million by 2021 through the Connect to Innovate program to support new and updated infrastructure and bring high-speed Internet to 300 rural and remote communities in Canada.
- $750 million over five years through the CRTC's Broadband Fund to support projects to build or upgrade infrastructure and provide fixed and mobile wireless broadband Internet service to underserved Canadians.
- Canadian telecommunications businesses with the ability to more quickly write off a larger share of the cost of investments in broadband infrastructure through the new Accelerated Investment Incentive.
- Since November 2015, the Government of Canada has invested more than $5.85 billion in funding for local infrastructure projects in rural and northern communities.
- Minister Jordan will be the first female minister to represent a federal riding in Nova Scotia in Canadian history.

Hi Liam,

I hope you enjoyed the holidays.

I wanted to follow up on my below email.

My organization (IBC) has been working with Public Safety Canada to create options to deal with the increasing financial risk of flood to government and taxpayers. We be presenting this to Public Safety Ministers at their FPT in Edmonton on January 25, to seek their guidance on future work.

I would welcome the opportunity to provide Minister Farnworth an overview of this work ahead of this months FPT, and would be pleased to discuss further anytime in Vancouver, Victoria, or Coquitlam.

If its something he would be interested in, please let me know.

Thanks,

Subject: Meeting Request - Insurance Bureau of Canada

Hi Liam,

I hope you're doing well.

Earlier this year the Federal, Provincial, and Territorial ministers responsible for emergency management tasked my organization (the Insurance Bureau of Canada) with developing options to address the increasing financial risk of flood, in conjunction with Public Safety Canada. As you know, flood/water damage is now the largest driver of Disaster Financial Assistance claims, as well as insurance losses.

We will be presenting the results of this work to the FPT ministers at their January 25 meeting in Edmonton, and will seek their guidance on future work in this area.

Should the Minister have any availability, I would welcome the opportunity to brief Minister Farnworth on this work ahead of the January 25 FPT, to allow for a more fulsome discussion at that table. I'd be pleased to discuss further anytime in Vancouver, Victoria, or Coquitlam.

If Minister Farnworth has any availability for this, please let me know.

Cheers,

Hi Liam –
Mentioned this to you the other day. You can see, this went into your office at the beginning of December. There are five recommendations and three relate to PSSG: rec.s 1, 2, and 4.
There is an interest centrally in getting a letter sent ASAP in response from your minister to the Minister of Labour acknowledging this report and committing to the recommendations.
I understand your minister may be unavailable in which case I believe that a letter from DM Sieben would suffice.

Happy to discuss tomorrow

Thanks Liam – much appreciated

Hi Liam,
I'll give you a ring to chat in a few minutes, but I also wanted to give you a general sense of what I'm calling about here.

A few months ago Nicholas Simons reached out to your office for advice/assistance re: sinkholes in the Sechelt (the email thread is below-thanks for that and FYI). ☺

- s.17
- Also, he'd like to take you up on your offer of staff resources to assist with meetings with residents. He doesn't want to duplicate any of the work that the District of Sechelt is already doing with your Ministry though, so could you please check to see if they've already reached out to you and what the best next steps might be for this?

FYI Here's a recent news story about sinkholes in Sechelt, which are an ongoing issue and public safety concern.

Hi Liam – staff went through the materials and have the following comments:

- There are no more engineering reports required as they have been completed.
- A potential solution has been identified that was estimated at $10M several years ago. The costs may have increased.
- There is no guarantee that the proposed engineering work will solve the problem, at least for the long-term.
- There are 15 houses in the development and at least one has been uninhabitable for some time.
- There is a difference in opinion as to whether there were reports indicating that the development should not have been allowed to proceed due to the groundwater conditions that could lead to sinkholes.
- Litigation is underway between residents, the developer and the District. It is not scheduled to be heard until 2020.

Our staff will consult with our Southwest office for any further background and with the DFA section to see if any consideration has been provided in the past to the home that has been damaged or the development itself.

Since land use decisions are made by local government, there is no immediate funding mechanism through the EPA. Special consideration would have to be made by government to provide financial relief. I do note that the first link indicates compensation was paid for a landslide buyout in 2008 through an EPA grant but the specific circumstances are not fully known and there seems to be a cost-sharing agreement between the Province, the insurer and the local government. Each case is different and so we cannot assume direct applicability to this case.

I am following up on staff's reference to reaching out to our staff in southwest region as well as our DFA staff.

Wondering if it would help to offer staff resources to any meeting the MLA might want to arrange.

I will let you know what I hear back.

Thanks Liam
Tom

Subject: Email from s.22 to PMO, HLTH MO, & AG MO

On Jan. 9, 2019, s.22 , mother of VIRCC inmate s.22 emailed BC Corrections, the Minister of Health, the Premier's Office and the Ministry of Attorney General Legal Services Branch **threatening to go public** with concerns for her son's wellbeing and his ability to access care following his scheduled release from VIRCC on s.22

In her email, s.22 conveys concerns regarding her son's significant mental health issues as well as fear for both her son's and the general public's safety should he be released anywhere that doesn't provide 24/7 security. Notably, s.22 is requesting that her son be immediately transferred to the Forensic Psychiatric Hospital for stabilization and subsequently be admitted to the "psychosis program" at UBC upon his release from VIRCC s.22 s.22 . If we cannot guarantee this, s.22 feels her only option is to go public out of concern for public safety as her son has been previously removed from a number of community programs due to his violent and unpredictable nature.

s.22 has previously filed two complaints with the Human Rights Tribunal (HRT) one against VIRCC and the other against St. Joseph's Hospital (both are still outstanding) and has filed a complaint with the OIPC. She has also previously written to the Minister's office and in addition to preparing a response, the Corrections Branch has had our Director of Mental Health to s.22 to hear and respond to her concerns.

BC Corrections continues to work closely with the PHSA to attend to s.22 health and mental health concerns while in custody and is proactively planning for his release on s.22 . Additionally, I've asked that our Director of Mental Health reach out directly to s.22 regarding her concerns.

Please let me know if you have any questions.

Good morning.

s.22 Apparently it was briefly covered on Global News this morning.

There is a publication ban on the proceedings today so the media coverage may be limited. That said, we are monitoring the court proceedings.

Hi Liam,
I'll give you a ring to chat in a few minutes, but I also wanted to give you a general sense of what I'm calling about here.

A few months ago Nicholas Simons reached out to your office for advice/assistance re: sinkholes in the Sechelt (the email thread is below-thanks for that and FYI). ☺

- s.17
- Also, he'd like to take you up on your offer of staff resources to assist with meetings with residents. He doesn't want to duplicate any of the work that the District of Sechelt is already doing with your Ministry though, so could you please check to see if they've already reached out to you and what the best next steps might be for this?

FYI Here's a recent news story about sinkholes in Sechelt, which are an ongoing issue and public safety concern.

Hi Liam – staff went through the materials and have the following comments:

- There are no more engineering reports required as they have been completed.
- A potential solution has been identified that was estimated at $10M several years ago. The costs may have increased.
- There is no guarantee that the proposed engineering work will solve the problem, at least for the long-term.
- There are 15 houses in the development and at least one has been uninhabitable for some time.
- There is a difference in opinion as to whether there were reports indicating that the development should not have been allowed to proceed due to the groundwater conditions that could lead to sinkholes.
- Litigation is underway between residents, the developer and the District. It is not scheduled to be heard until 2020.

Our staff will consult with our Southwest office for any further background and with the DFA section to see if any consideration has been provided in the past to the home that has been damaged or the development itself.

Since land use decisions are made by local government, there is no immediate funding mechanism through the EPA. Special consideration would have to be made by government to provide financial relief. I do note that the first link indicates compensation was paid for a landslide buyout in 2008 through an EPA grant but the specific circumstances are not fully known and there seems to be a cost-sharing agreement between the Province, the insurer and the local government. Each case is different and so we cannot assume direct applicability to this case.

I am following up on staff's reference to reaching out to our staff in southwest region as well as our DFA staff.

Wondering if it would help to offer staff resources to any meeting the MLA might want to arrange.

I will let you know what I hear back.

Thanks Liam

Hello Charlotte, this request was sent to Emergency Management BC, but they have just responded advising that this request should be redirected to the MO. Given we are already on day 16 of 30, if you could expedite this one, it would be appreciated, many thanks!

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

A copy of the Parliamentary Secretary for Emergency Preparedness's daily calendar. (Date Range for Record Search: From 11/01/2018 To 11/30/2018).

Please contact the analyst assigned to this request if you have any questions – **Liz Babecy (250) 952-6353.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 14, 2019. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 21, 2019. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Good afternoon Nimmi and Liam,

The 2019/20 – 2021/22 Service Plan for the justice and public safety sector is attached for Minister approval, along with an overview document.

The draft has been approved by the Deputies, PSSG and AG ADMs, our GCPE directors, the Crown Agency and Board Resourcing Office, and Treasury Board Staff.

Please let me know if the Minister would like a briefing on the Service Plan, CABRO is requesting minister approval by February 4th. Please let me know as soon as the Minister has approved, we are also seeking permission to use his e-sig. The Service Plan is also with MDE's office for his review and approval.

I have also added these documents to the Minister's signing folder.

With thanks,
Linsey

Hi all,

I did a breakdown of the grants that MAH is giving out tomorrow that are related to public safety and categorized into program area and also region, which I have copied below. Also attached is a complete breakdown of each organization and how much they are receiving.

EMBC	CSCP	PSB	Corrections	Total
119	23	3	1	146
$5,474,349	$1,056,200	$85,400	$13,500	$6,574,449

Hi Nimmi/Liam: NR attached announcing the new Air 5 helicopter, release to go out Thursday.
Suggested quote for MMF below for approval.
Thanks!

"A reliable and effective police force improves the quality of life in any province. New resources, like the Air 5, will help keep our citizens and communities safe by providing the ability for quick response and sharing intelligence from the air to officers on the ground," said Mike Farnworth, Minister of Public Safety and Solicitor General. "Donning the call sign of fallen Pilot Dave Brolin, the new aircraft will honour his bravery and ultimate sacrifice, while serving as a sobering reminder of the dedication and sacrifices of the women and men who serve each day to keep us safe."

Subject: Legislative Assembly Management Committee: Letter and Audit Planning Report from the Office of the Auditor General
Importance: High

Good evening Members,

Attached herewith is correspondence sent earlier today to Legislative Assembly Management Committee, from Carol Bellringer, Auditor General.

As a separate process, preliminary work has already been undertaken by our office pursuant to the motion adopted by the Committee on Monday, January 21:

> **Resolved**, that the Acting Clerk undertake to develop the scope and terms of a comprehensive financial audit to address matters contained in the Report by the Speaker, for the consideration and approval of the Committee. Once the Committee has approved the scope and terms of the audit, an Auditor General from another Canadian jurisdiction shall be invited to undertake the work. The resulting audit report shall be made public.

Given that details regarding these audit(s) continue appear to be under active discussion, I recognize that Committee Members may wish to give further consideration to audit planning at a future meeting. I would be happy to provide a preliminary draft scope and terms of reference for audit planning purposes to you early next week. As outlined in the motion, this preliminary work shall address matters within the *Report of the Speaker*, as well as a related review of Assembly financial policy and control environment.

Sincerely,
Kate

Subject: Executive Changes

Hi All,

I am writing to let you know that, effective today, there will be a number of executive changes in the Public Service.

Lori Halls will become the Deputy Minister of Emergency Management BC filling the vacancy created with Becky Denlinger's s.22 As the last two years have demonstrated, we need to build out our capacity to deal with substantial major emergencies as almost the regular course of business. Lori's previous operational experience and her tenure as Deputy Minister of the Public Service Agency have provided her with the right experience for this task.

Okenge Yuma Morisho will become the Deputy Minister of the Public Service Agency, where I expect his strong personal commitment to growing employees' capabilities and careers will become an asset for the entire Public Service.

Bobbi Plecas will become the Deputy Minister of Intergovernmental Relations. Bobbi and her team did a stellar job working with Dave, Fazil and others in pulling together the Clean BC Plan. As that Plan moves into the implementation phase, I want to use Bobbi's talents on other important files. Climate change initiatives will require significant support from the federal government, so Bobbi will remain connected to Clean BC implementation. She will also continue to lead the province's strategic discussions with BCBC in relation to the Low-Carbon Economy MOU that we signed with them in November.

Mark Zacharias will assume Deputy Minister responsibility for the climate change portfolio going forward, with Jeremy Hewitt appointed as Assistant Deputy Minister to lead our implementation efforts.

As part of our ongoing succession efforts, I am pleased to announce that Shauna Brouwer will become Deputy Minister of Tourism, Arts and Culture. Shauna led our recent engagement with the film sector and brings a finance background that will be important to projects like the Royal BC Museum and other key TAC priorities.

Joining the BC Public Service on March 4, 2019 as Deputy Minister of Municipal Affairs and Housing will be Kaye Krishna. Kaye comes to us most recently from her role as General Manager, City of Vancouver, Development, Buildings and Licensing where she has played a key role in Vancouver's housing strategy, and

has had regulatory oversight for development, short term rentals, ride-share and legalization of cannabis.

Tara Faganello will be acting Deputy Minister of Municipal Affairs and Housing until Kaye joins us.

Changes at the Deputy Minister level are never made lightly, and I recognize the impact these decisions can have on an organization. These decisions weigh even heavier when they result in executives leaving the organization. With that in mind, it is with mixed emotions that I advise that Jacquie Dawes and Sandra Carroll will be leaving the Public Service. With more than 27 and 31 years of public service respectively, both Jacquie and Sandra have made significant contributions to enhance the lives of British Columbians. They have been valuable members of our corporate executive team, taking seriously their responsibility to develop future leaders in the organization. While Jacquie and Sandra are leaving the Public Service, I encourage those who know them and value them as mentors, colleagues and friends, to continue those important relationships. We sincerely wish both Jacquie and Sandra well in their future endeavours.

Please join me in thanking Sandra and Jacquie for their contributions to the citizens of BC as they leave government service. Please also join me in congratulating Lori, Okenge, Bobbi, Shauna and Jeremy on their new assignments and in welcoming Kaye to the BC Public Service.

Don

Climate change initiatives will require significant support from the federal government, so Bobbi will remain connected to Clean BC implementation. She will also continue to lead the province's strategic discussions with BCBC in relation to the Low-Carbon Economy MOU that we signed with them in November.

Mark Zacharias will assume Deputy Minister responsibility for the climate change portfolio going forward, with Jeremy Hewitt appointed as Assistant Deputy Minister to lead our implementation efforts.

As part of our ongoing succession efforts, I am pleased to announce that Shauna Brouwer will become Deputy Minister of Tourism, Arts and Culture. Shauna led our recent engagement with the film sector and brings a finance background that will be important to projects like the Royal BC Museum and other key TAC priorities.

Joining the BC Public Service on March 4, 2019 as Deputy Minister of Municipal Affairs and Housing will be Kaye Krishna. Kaye comes to us most recently from her role as General Manager, City of Vancouver, Development, Buildings and Licensing where she has played a key role in Vancouver's housing strategy, and has had regulatory oversight for development, short term rentals, ride-share and legalization of cannabis.

Tara Faganello will be acting Deputy Minister of Municipal Affairs and Housing until Kaye joins us.

Changes at the Deputy Minister level are never made lightly, and I recognize the impact these decisions can have on an organization. These decisions weigh even heavier when they result in executives leaving the organization. With that in mind, it is with mixed emotions that I advise that Jacquie Dawes and Sandra Carroll will be leaving the Public Service. With more than 27 and 31 years of public service respectively, both Jacquie and Sandra have made significant contributions to enhance the lives of British Columbians. They have been valuable members of our corporate executive team, taking seriously their responsibility to develop future leaders in the organization. While Jacquie and Sandra are leaving the Public Service, I encourage those

who know them and value them as mentors, colleagues and friends, to continue those important relationships. We sincerely wish both Jacquie and Sandra well in their future endeavours.

Please join me in thanking Sandra and Jacquie for their contributions to the citizens of BC as they leave government service. Please also join me in congratulating Lori, Okenge, Bobbi, Shauna and Jeremy on their new assignments and in welcoming Kaye to the BC Public Service.

Fyi, I spoke with the dm of MAH end of last week. Seawatch hadn't been brought to their attention yet. After consideration, their view is there is unlikely to be a role for them. I also checked in with Transportation and confirmed the development is in the District of Sechelt. No MOTI involvement.

Want me to pass that along to MLA Simons? He may still wish to talk to ministers about it.

Subject: Critical Situation in Sechelt

Hello Honourable Minister (Selina),

Sinkholes continue to appear in the Seawatch neighbourhood in Sechelt.
https://www.coastreporter.net/news/local-news/updated-seawatch-gets-another-sinkhole-1.23563251

Roads have been recently blocked with concrete barriers. Emergency vehicles cannot access the homes.
Signs have been erected that read:

DANGER
UNSTABLE GROUND
ALL ACCESS IS PROHIBITED

This is apparently not an issue that Emergency Management deals with, because in their view, the danger was anticipated and the risk was known.
https://www.coastreporter.net/news/local-news/sinkholes-force-closure-of-seawatch-lane-1.23591821

What is not known is who is responsible for this mess, and what assistance the Province can provide to the families who have been dangerously traumatized by these events.

Sunshine Coasters are not blaming the Provincial Government, but many would like to know how the development was approved considering what everyone seems to have known about the property.

I urgently request that the Ministry of Municipalities and Housing become involved in assisting in finding a long-term or even a short-term solution for the residents. I would also appreciate the name of a contact person within the Ministry who I may refer Mayor Darnelda Siegers of the District of Sechelt to speak to.

Thank you for your attention to this critical issue in my constituency,

Nicholas

Hello Minister Farnworth,

Thank you for sharing this concern with me and I certainly appreciate the sensitivity to this issue.
I raised this issue directly with staff on that conference call that there has been an overwhelming sense from the Gulf Island constituency that the provincial politicians, me included, were “invisible” when it mattered the most.
Our people were feeling stranded and that the lack of acknowledgement from us has been repeatedly noted. I am speaking to that in this blog post and I am owning it.
You are correct that I should have been more clear regarding the nuance and I should have separated that from the good work done my EMBC.

I have added the following comment to the post and will re-distribute the post on my Facebook page with the same comment.

“It has been brought to my attention that I need to offer some clarity with respect to the portion of this blog post regarding "the provincial response."
The professionals at Emergency Management BC did excellent work and it should be acknowledged. I raise my hands to them and all the emergency service personnel and first responders.
I have heard the criticism from many residents on the Southern Gulf Islands regarding the state of preparedness and response of my own constituency office. I accept that criticism and we are already working to improve our operation. In addition, there has been criticism of the lack of public acknowledgement of the impact of the storm on the communities in the Southern Gulf Islands from provincial government politicians. I personally shared this with Ministry officials at a meeting in early January.

I did not do enough in this blog post to differentiate the nuance. My sincere apologies for that. I will do better in the future to make sure I am being sufficiently clear and sensitive to the good work that is being done. Adam"

I appreciate you bringing this to my attention and I apologize for any difficulties it may have caused. It was certainly only my intention to own it and improve.

Hi Shawna,

Unfortunately, I have no availability in October or any 3 day options. The November dates are the only availability I have for 2019 which is why I would love to get you contracted as soon as possible.

Sorry to not have better news.

Hi Shawna,

My apologies for the delay in responding. The VCC West is almost completely sold out for 2019 so I am hoping for some flexibility from FNLG.

I am pleased to offer November 04-06, 2019 which would be Monday – Wednesday day pattern. This set of dates offer all the space used in 2018 with the exception of West Ballroom B.

Please let me know if this would be considered. If so, I would like to send you a contract immediately to confirm the space.

I can give you a call this afternoon if you would like to discuss further.

Warmest regards,

Katie

Subject: Parliamentary Calendar and Spring Session

Good morning, Liam:

Happy New Year; I hope you had nice holiday season!

Now that we're about a month away from the House returning, I have a few questions for you regarding the 2019 spring and fall sessions that I hope you can help me with:

- Are the changes to the fall session removing the sitting designation for the week of November 4 confirmed? May we circulate this change and post it online? The draft Parliamentary Calendar showing these changes is attached.

MMF confirmed this and that the calendar can be circulated and posted online

- Are you able to confirm that the House will be proroguing the 3rd session and opening the 4th session in February? I understand there may have been some thought to continue on with the current session.

All indication is that we will prorogue right before the start of the new session (no continuation of current session)

- If we are proroguing and opening, do you know when we might expect to receive the Proclamations? We wait for the official proclamation before proceeding with any arrangements; they arrived mid-January last year.

Waiting to hear back from cab ops on this, will let you know when we hear something

Thank you,
Jennifer

Some things to note: Budget week has been left empty, the last three weeks have semi dedicated themes as we discussed with the odd carry over into the subsequent week because of different bill ready dates. Tried also to balance having themed weeks at the end when we have enough legislation to group while also ensuring we had enough to debate at the beginning of session.

Subject: Call for Records PSS-2018-87962 Due January 21, 2019

Hello Charlotte, this request was sent to Emergency Management BC, but they have just responded advising that this request should be redirected to the MO. Given we are already on day 16 of 30, if you could expedite this one, it would be appreciated, many thanks!

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

A copy of the Parliamentary Secretary for Emergency Preparedness's daily calendar. (Date Range for Record Search: From 11/01/2018 To 11/30/2018).

Please contact the analyst assigned to this request if you have any questions – **Liz Babecy (250) 952-6353.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 14, 2019. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 21, 2019. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Recommendation
The Committee recommends that the Legislative Assembly: 1. Consider limiting the number of hours of Committee of Supply debate to a maximum for each ministry, in order to provide more time and opportunity for Members to engage in parliamentary committee work.

Hello Everyone!

Below are the Agenda topics for the TNG meeting on January 28th, from 11:00 am to 4:00 pm, with TNG. There will be a Minister's pre-brief at 10:30 am. The meeting will be held in the Cabinet Boardroom at VCO. Please note that the Cabinet Boardroom can sit 25 max. around the table; 25-27 comfortably in the room in general and 30 maximum in the room with chairs, then there would be standing room only. There will likely be approx. 10-12 coming from TNG.

The Minister's that should be attending are listed beside the topics. Please note, this will not be the exact order of sequence, as it's all still being worked on. For the remaining Minister's, can you please advise me today, if your Minister wishes to attend this meeting and who would be accompanying your Minister?

Hello Everyone!

As most of you know by now, I'll be your contact for the TNG meeting on January 28th. I know that a lot of you have place holds in your Minister's calendars for them to attend. I do know that right now this meeting is confirmed with PJH/MSF/MDD/MDE/MGH and I am just waiting on clarification on the remaining Ministers. A couple of you have let me know that your Minister's have expressed their interest to attend and I have relayed that to staff. MIRR staff just had briefings on this meeting yesterday and I hope to have an answer for you by end of day tomorrow. I'm really sorry for the delay, so thanks for your patience and stay tuned!! ☺

Hi All,

In the last few days your Ministers will have received invites from the Tsilhqot'in Chiefs for the Leadership Table on January 28. Confirming the Premier is confirmed to attend and we'd like your Ministers to join if available. I know Chris from our office has been in contact with some of you recently to confirm your Ministers attendance. If you have not already – could you send a note to her letting us know?

Our office will circulate final attendance, agenda and any supporting materials closer to the date.

Subject: PSSG Consultation OOP-2018-85233 Due: January 29, 2019

Good morning,

The Office of the Premier received this FOI request from a Political Party:
Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from Shelley Canitz. (Date Range for Record Search: From 03/01/2018 To 03/31/2018)

They identified the attached document(s) as responsive records and wish to get your views on disclosure. If you need help determining harms, please see the attached harms assessment or contact me directly.

Your program area's response is due **January 29, 2019**.
IAO may take one to two business days to apply any severing.

If you are not able to respond by this date, we are required to continue processing this file without your recommendations.

---

1. Ministry Program Harms Assessment:

Please indicate which applies:

1. *There are no harms in these records. They can be released in full.*
2. *There are harms in releasing all of these records. They should be withheld in their entirety.*

3. *There are harms in portions of the records. Please give details so that IAO can apply the appropriate sections of FOIPPA. Please feel free to write directly on the attached records and send back to IAO. If you are unsure of why it is harmful please call the IAO to discuss the appropriate severing.*

Program Area Approval Authority:
Name, Title, Program

---

2. IAO's review of harms assessment and recommendations on release

Comments/Recommendations:
IAO will assess the program area's harms and recommend full release, withhold in its entirety or partial release.

---

3. Ministry Executive approval for release

Comments/Recommendations:
Please indicate which applies:

1. *Approved for release with no changes.*
2. *Approved for release with the following changes... (insert changes).*
3. *Not approved for release and why.*

Ministry Executive (Delegated Signoff):
Name, Title

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the Open Information and Open Data Policy. Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:
The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Colleagues,

Please find attached the first draft of the Communique for the FPT Minister's meeting and the social media plan for your review and feedback. Comments are due by COB, January 21st. Apologies for the delay in sharing these documents.

The next meeting of the FPT Comms Working Group will be January 22nd, where we will go over feedback received on the Communique. We will circulate a second version of the Communique in advance of this meeting.

You will note in the social media plan that we will be highlighting the Emergency Management Strategy for Canada and the launch of the next EMESA nomination call. As in past years, we are also proposing to tweet the family photo. You are welcome to retweet or share our content.

Regards,

****

Collègues,

Veuillez trouver ci-joint la première ébauche du Communiqué pour la réunion des ministres fédéraux, provinciaux et territoriaux (FPT) et le plan des médias sociaux pour que vous les examiniez et que vous nous fassiez part de votre rétroaction. Vos commentaires doivent être reçus d'ici la fermeture des bureaux, le 21 janvier. Je m'excuse du retard de la communication de ces documents.

La prochaine réunion du Groupe de travail FPT des communications aura lieu le 22 janvier, et nous ferons alors un survol des rétroactions reçues sur le Communiqué. Nous ferons circuler une deuxième version du Communiqué avant cette réunion.

Vous remarquerez dans le plan des médias sociaux que nous soulignerons la Stratégie de gestion des urgences pour le Canada et le lancement du prochain appel de candidatures pour le Prix pour service exemplaire en sécurité civile (PSESC). Tout comme dans les dernières années, nous proposons également de gazouiller la photo de famille. Vous êtes tout à fait libres de partager le gazouillis ou notre contenu.

Veuillez agréer mes salutations distinguées.

ADM approved quote: Mike Farnworth, Minister of Public Safety and Solicitor General
"Keeping youth engaged in school and family life to help them build a positive future free from the impact of gang and other criminal activities, is one of the most important public safety investments that we can make," said Mike Farnworth, B.C.'s Minister of Public Safety and Solicitor General. "This funding will complement the support we've given to many successful gang intervention programs, such as Surrey Wrap, ERASE and Gang Exiting and Outreach project"

We have also included some background bullets for the NCPS announcement, in case this is useful for any MLAs attending; in addition to our KM's on PSSG funding for gang prevention initiatives:

National Crime Prevention Strategy

- Public Safety Canada's National Crime Prevention Strategy (NCPS) provides time-limited grants and contributions to support projects that contribute to preventing and reducing crime in Canada and to increasing knowledge about what works in crime prevention.
- The NCPS' priorities for the 2018 Call for Applications are direct intervention and strengthening community readiness projects among Indigenous and vulnerable populations to prevent or reduce the impacts of crime issues on communities in the following areas: Youth gangs; Youth violence; Youth bullying; and Youth cyberbullying.
- The 2018 call for proposals was open from June 6, 2018 to July 31, 2018 and successful projects can implement as early as April 1, 2019.
- The NCPS has a number of funding streams including the Youth Gang Prevention Fund.

Surrey Anti-Gang Family Empowerment Program (SAFE)

- The Surrey Anti-Gang Family Empowerment Program (SAFE) has been awarded $7.5M in funding through the NCPS's **Youth Gang Prevention Fund** for implementation from January 7, 2019 to December 31, 2023. SAFE will be funded as a direct intervention project which can be up to 60 months of duration with a maximum amount of $7,500,000 per recipient, per project, with a maximum of $1,500,000 per year.

- The SAFE program will address risk and protective factors associated with youth violence and youth gangs in Surrey; provide children and youth alternatives to joining gangs and help them develop social skills and attitudes; and will contribute to the development and dissemination of knowledge regarding what works to prevent crime. This project was a product of the findings of the Mayor's Task Force on Gang Violence Prevention which reported its findings in July 2018.
- Over the five year implementation period, this project will target up to 4,730, high-school aged, visible minority youth (13-17 years of age) in the City of Surrey who are assessed as being at high risk of engaging in, or already engaged in, violent behaviour.
- This project will be delivered in collaboration with Options Community Services Society, Pacific Community Resources Society, DIVERSEcity Community Resources Society, Progressive Intercultural Services Society, Surrey Crime Prevention Society, Solid State Industries, Surrey School District 36, Surrey RCMP, Fraser Region Aboriginal Friendship Centre Association, Combined Forces Special Enforcement Unit, Ministry of Child and Family Development, Kwantlen Polytechnic University, Simon Fraser University, Yo Bro/Yo Girl and other community organizations.

Key Messages on PSSG gang prevention funding

Erase Program Funding

- To help educate youth and to fight the lure of gangs and gang violence in our communities, the Province is providing $1.12 million in additional funding to expand the provincial Expect Respect and a Safe Education (ERASE) program. (Announced July 3, 2018)
- According to the "Preventing Youth Involvement in Gangs" report, the average age when youth begin to associate with gangs is 13 years old.
- Over 18,000 educators, law enforcement members, probation officers, child and youth mental health workers and other community partners have received training through B.C.'s ERASE program.
- The expanded ERASE program aims to train over 14,000 school/district staff, law enforcement members and community partners to prevent and respond to safety issues involving gang-related behaviour, guns and illicit drug use.
- The expanded ERASE program also aims to provide all 60 safe school teams in the province with tools to identify and respond to youth on the pathway to gang and gun violence.

End Gang Life Exiting and Outreach Pilot Program Funding

- To date, the End Gang Life Exiting and Outreach Pilot Program has assisted 40 individuals in successfully exiting the gang lifestyle, and has reached over 425,000 community members through community engagement initiatives.
- End Gang Life school presentations have been delivered to over 25,000 students around the province. The End Gang Life program presents to Secondary, Middle and Elementary Schools and is involved in after school programs, career fairs and community functions.
- And to ensure supports are also there for those seeking to leave the gang lifestyle, the Ministry of Public Safety is providing an additional grant of $239,000 to the Gang Exiting and Outreach Pilot Program. (Also announced July 3, 2018)
- The program, currently being evaluated to identify best practices and lessons learned, supports young gang-entrenched adults who are serious about making a change. The additional funding provided will support the pilot through to the end of its evaluation phase.

Surrey Wrap Funding

- In October 2017, we announced secure, annual funding of $500,000 for the Surrey Wraparound program, commonly known as Surrey Wrap.
- Wrap is a proven program – it has helped hundreds of families and youth as young as 11, and it has reduced participants' negative police contacts by two-thirds.
- The number of youth/families served by Wrap has grown from 131 to 147 – capacity has increased 12 percent since the program received annual funding from our government.
- The annual funding we committed responds to the fact that this program has had exceptional uptake, year after year, and we expect that there will be continued interest and referrals.
- Surrey Wrap is about stopping the flow of young people into positions in the drug trade that open up when someone else dies or goes to jail.
- By keeping youth out of gangs, we can stop this vicious circle and build a better future for our communities.

Helping to keep gun and gang violence out of BC communities
News Release

For Immediate Release
February 22, 2019
xxx, British Columbia
Public Safety Canada

Gun and gang violence has become a significant public safety concern for many provinces, territories, and First Nations communities. The Government of Canada is investing in ways to explore and understand these types of crimes in order to reduce gang activity and keep Canadian families safe.

Today the Honourable Bill Blair, Minister of Border Security and Organized Crime Reduction, announced over $5.3 million in funding for projects in British Columbia aimed at enhancing efforts to prevent, disrupt, and combat gun and gang violence, and increase awareness and understanding of related issues.

The funding in British Columbia will bring forward greater community engagement and ownership in the implementation of initiatives to prevent and intervene in local gang activity. It will also make forensic firearm examinations in criminal investigations more efficient, and increase research and analysis for program and community initiative grants.

Quotes

"No one likes to see the topic of gun and gang violence dominating headlines. Today's funding will foster new ways to help us understand the source of the violence and innovative ways to prevent it and intervene. Improving the safety of our communities, as well as our country, as a whole, is a priority."

- The Honourable Bill Blair, Minister of Border Services and Organized Crime Reduction

"We take pride in the beauty of this province, and preserving its safety means that gun and gang violence can't be overlooked. Supporting our police services and enhancing local efforts will combat violence and raise awareness where it's most needed."

- xxx, Province of British Columbia

"Improving the support to local communities and increasing our firearms forensic capacity will provide sustainable initiatives and programs to prevent and intervene in local gun and gang issues. Making our communities safer and more enjoyable for Canadians is a common goal everyone can commit to."

- XXX, Stakeholder XXX

Quick Facts

- The Government of Canada invested $327.6 million over five years to help support a variety of initiatives to reduce gun crime and criminal gang activities.
- The Government of Canada also invested an additional $2 million in the Youth Gang Prevention Fund under the National Crime Prevention Strategy as part of its commitment to community funding under the Initiative to Take Action Against Gun and Gang Violence.
- The province of British Columbia will receive $5,300,169 over two fiscal years, and will use its funding to support the three following projects:
    - Identifying priority communities to support local efforts related to the prevention and intervention of gun and gang-related violence,
    - Acquiring a self-contained portable firearms lab (SeaCan) to increase current firearms forensic capacities within BC, and;
    - Hiring four new full-time employees to support the education and administration of the community funding in BC.

Please find below an invite from Minister Bill Blair's office about an announcement they are making at Surrey City Hall tomorrow morning. MMF is not able to attend due to a schedule conflict. Please let our office if your elected official is able to attend. (I have cc'ed Sara from our office to help us track who is able to attend)

Here is some background bullets for the NCPS announcement, in case this is useful for any MLAs attending; in addition to our KM's on PSSG funding for gang prevention initiatives:

National Crime Prevention Strategy

- Public Safety Canada's National Crime Prevention Strategy (NCPS) provides time-limited grants and contributions to support projects that contribute to preventing and reducing crime in Canada and to increasing knowledge about what works in crime prevention.
- The NCPS' priorities for the 2018 Call for Applications are direct intervention and strengthening community readiness projects among Indigenous and vulnerable populations to prevent or reduce the impacts of crime issues on communities in the following areas: Youth gangs; Youth violence; Youth bullying; and Youth cyberbullying.
- The 2018 call for proposals was open from June 6, 2018 to July 31, 2018 and successful projects can implement as early as April 1, 2019.
- The NCPS has a number of funding streams including the Youth Gang Prevention Fund.

Surrey Anti-Gang Family Empowerment Program (SAFE)

- The Surrey Anti-Gang Family Empowerment Program (SAFE) has been awarded $7.5M in funding through the NCPS's **Youth Gang Prevention Fund** for implementation from January 7, 2019 to December 31, 2023. SAFE will be funded as a direct intervention project which can be up to 60 months of duration with a maximum amount of $7,500,000 per recipient, per project, with a maximum of $1,500,000 per year.
- The SAFE program will address risk and protective factors associated with youth violence and youth gangs in Surrey; provide children and youth alternatives to joining gangs and help them develop social skills and attitudes; and will contribute to the development and dissemination of knowledge regarding what works to prevent crime. This project was a product of the findings of the Mayor's Task Force on Gang Violence Prevention which reported its findings in July 2018.
- Over the five year implementation period, this project will target up to 4,730, high-school aged, visible minority youth (13-17 years of age) in the City of Surrey who are assessed as being at high risk of engaging in, or already engaged in, violent behaviour.
- This project will be delivered in collaboration with Options Community Services Society, Pacific Community Resources Society, DIVERSEcity Community Resources Society, Progressive Intercultural Services Society, Surrey Crime Prevention Society, Solid State Industries, Surrey School District 36, Surrey RCMP, Fraser Region Aboriginal Friendship Centre Association, Combined Forces Special Enforcement Unit, Ministry of Child and Family Development, Kwantlen Polytechnic University, Simon Fraser University, Yo Bro/Yo Girl and other community organizations.

Key Messages on PSSG gang prevention funding

Erase Program Funding

- To help educate youth and to fight the lure of gangs and gang violence in our communities, the Province is providing $1.12 million in additional funding to expand the provincial Expect Respect and a Safe Education (ERASE) program. (Announced July 3, 2018)
- According to the "Preventing Youth Involvement in Gangs" report, the average age when youth begin to associate with gangs is 13 years old.
- Over 18,000 educators, law enforcement members, probation officers, child and youth mental health workers and other community partners have received training through B.C.'s ERASE program.
- The expanded ERASE program aims to train over 14,000 school/district staff, law enforcement members and community partners to prevent and respond to safety issues involving gang-related behaviour, guns and illicit drug use.
- The expanded ERASE program also aims to provide all 60 safe school teams in the province with tools to identify and respond to youth on the pathway to gang and gun violence.

End Gang Life Exiting and Outreach Pilot Program Funding

- To date, the End Gang Life Exiting and Outreach Pilot Program has assisted 40 individuals in successfully exiting the gang lifestyle, and has reached over 425,000 community members through community engagement initiatives.
- End Gang Life school presentations have been delivered to over 25,000 students around the province. The End Gang Life program presents to Secondary, Middle and Elementary Schools and is involved in after school programs, career fairs and community functions.
- And to ensure supports are also there for those seeking to leave the gang lifestyle, the Ministry of Public Safety is providing an additional grant of $239,000 to the Gang Exiting and Outreach Pilot Program. (Also announced July 3, 2018)
- The program, currently being evaluated to identify best practices and lessons learned, supports young gang-entrenched adults who are serious about making a change. The additional funding provided will support the pilot through to the end of its evaluation phase.

Surrey Wrap Funding

- In October 2017, we announced secure, annual funding of $500,000 for the Surrey Wraparound program, commonly known as Surrey Wrap.
- Wrap is a proven program – it has helped hundreds of families and youth as young as 11, and it has reduced participants' negative police contacts by two-thirds.
- The number of youth/families served by Wrap has grown from 131 to 147 – capacity has increased 12 percent since the program received annual funding from our government.
- The annual funding we committed responds to the fact that this program has had exceptional uptake, year after year, and we expect that there will be continued interest and referrals.
- Surrey Wrap is about stopping the flow of young people into positions in the drug trade that open up when someone else dies or goes to jail.
- By keeping youth out of gangs, we can stop this vicious circle and build a better future for our communities.

Thanks,
Nimmi

Dear Hon. Minister Farnworth,

Our office is pleased to invite you to join Minister Blair and Minister Sajjan for a funding announcement, as part of the National Crime Prevention Strategy (NCPS), that the City of Surrey is receiving for their Surrey Neighbourhood and Youth Project (SNYP). The announcement will be held on:

Date: Tuesday, January 22, 2019
Time: 8:30 AM – 9:30 AM
Location: Atrium, Surrey City Hall

Project Funding Details:

Public Safety Canada's National Crime Prevention Strategy (NCPS) provides funding to strategically selected projects that contribute to preventing and reducing crime in Canada and to increasing knowledge about what works in crime prevention.

Project Funded: **Surrey Neighbourhood and Youth Project (SNYP)**

Project Recipient: **City of Surrey**

Hi Nimmi, I hope you are well. I think you were in the room when I met last September with your Minister about the Rockwell Drive rockfall problem just north of Harrison Hot Springs in my riding. As you will remember, about 20 rocks of perhaps 80 tonnes each fell down the mountain near peoples' houses, which caused them to be evacuated for nearly a year. I asked the Minister to help them obtain land on which to build mitigating structures to protect their homes, but he declined to do so.

Instead, I understand that the Ministry (EMBC) has hired a mediator to deal with the person who owns the land behind their homes to try and come to some kind of solution, so the residents can build structures to help to protect their property.

I'm wondering if I can have an update from the mediator to find the state of play on this file.

Many thanks

Hi Charlette. Just an FYI, CPPO has reconsidered and is now advising they have no records responsive to this request. That means that all three other programs have advised they have no responsive records. Just wanted to let you. The MO is the only outstanding CFR on this fie, which is due in a few days. Please submit your CFR as soon as possible, so we have time for signoff (or if you do have records, I will contact the applicant for a request for extension (assuming I wouldn't be able to extend for volume or consultation).
Thank you, have a great day.

Good morning. Just an FYI on this request "Money Services Business" request. I just received harms on the records provided by CPPO and they have noted that Cheque cashing services/businesses and Money Service Businesses are not the same thing, so I may have been mistaken yesterday.
I am currently waiting to hear back from them as to whether or not this BN is actually responsive to the request then. At this time, DSG and PSD have advised they have no records responsive to the request. CPPO may change their response, to a NRR but I will let you know what I hear. Just wanted to let you know what was going on.
Thanks,
Samara

Hi Charlotte. The definition from Google for MSB's is as follows:
A **money services business** (MSB) is a legal term used by financial regulators to describe **businesses** that transmit or convert **money**. The definition was created to encompass more than just banks which normally provide these **services** to include non-bank financial institutions.
I also found the following:
Most commonly, an MSB acts as an agent for one of the two largest principal MSB **companies** in the world: **Western Union** or MoneyGram. ... MSBs that provide financial **services** as an agent typically provide domestic and foreign **money** transfers, bill payment, **money** orders, and stored value.
It's my understanding that these businesses must be registered with FINTRAC (it appears that Gaming Policy and Enforcement Branch have hundreds of MSB's, which is part of the reason we clarified with the applicant, they wish to receive high level reports on MSBs in general, not any specific MSB, in addition to any correspondence the Minister or the DSG has on the subject of MSB's.) It's also my understanding that these businesses include things like PayPal, MoneyMart and the businesses that are used within the Gaming industry. GPEB registers (Licences) hundreds of companies who are associated with the monetary aspect of gambling in BC.
Hope that helps☺
Samara

Hello everyone, please note that this applicant has revised the wording of this request, and as a result of the revision, I am now including the Minister's Office on this Revised Call for Records. The new wording is as follows: (attached is a revised CFR form for you to use going forward)
Revised: High-level records that relate to the topic of Money Service Businesses, including briefing notes, issue notes, information notes, decision notes, advice to minister notes and background notes — and reports. And any correspondence on the subject of MSBs sent to or from the Solicitor General Mike Farnworth and Deputy Solicitor General Mark Sieben. I am not requesting records on specific MSBs. From 01/01/2018 To 12/12/2018)
Original wording: *Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).*

Additional info provided by applicant:
MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C.

Hello, please let me know if you are aware of any other program areas that might have records, thank you. (MAG and FIN also received this request)

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).
Additional info from applicant: ***MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C. http://www10.fintrac-canafe.gc.ca/msb-esm/public/msb-search/search-by-name/***

Please contact the analyst assigned to this request if you have any questions – **Samara Fisher 250 953-3622** (not to be confused with me, Sandra L. Fisher, Junior Analyst).

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 21, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 31, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Hi Nimmi, Mr. Kane's term expires Jan 29. If he is to be re-appointed we will need the decision in time to get the OIC drafted and approved in time for the Jan 20 Cabinet Date.
Thank you,

Hi Nimmi/Liam: KM's approved by program.
Aileen: for PO if needed.

Our thoughts are with the BC Transit police officer shot this afternoon at a Surrey Skytrain station, and with his family and colleagues.

We certainly hope for Constable Joshua Harms a full recovery and want to acknowledge the brave police and first responders who put their own safety on the line everyday to keep British Columbians safe.

We understand the Surrey RCMP are leading the investigation into this incident and coordinating with other police resources including the Emergency Reponse Team.

Meantime for those living and working in the area of the shooting, please heed the advice of the police to stay indoors, lock your doors and call police if you see anything suspicious.

Subject: FW: Announcement: NCPS Funding - Tuesday, January 22nd

Hello All,

Please find below an invite from Minister Bill Blair's office about an announcement they are making at Surrey City Hall tomorrow morning. MMF is not able to attend due to a schedule conflict. Please let our office if your elected official is able to attend. (I have cc'ed Sara from our office to help us track who is able to attend)

Here is some background bullets for the NCPS announcement, in case this is useful for any MLAs attending; in addition to our KM's on PSSG funding for gang prevention initiatives:

National Crime Prevention Strategy

- Public Safety Canada's National Crime Prevention Strategy (NCPS) provides time-limited grants and contributions to support projects that contribute to preventing and reducing crime in Canada and to increasing knowledge about what works in crime prevention.
- The NCPS' priorities for the 2018 Call for Applications are direct intervention and strengthening community readiness projects among Indigenous and vulnerable populations to prevent or reduce the impacts of crime issues on communities in the following areas: Youth gangs; Youth violence; Youth bullying; and Youth cyberbullying.
- The 2018 call for proposals was open from June 6, 2018 to July 31, 2018 and successful projects can implement as early as April 1, 2019.
- The NCPS has a number of funding streams including the Youth Gang Prevention Fund.

Surrey Anti-Gang Family Empowerment Program (SAFE)

- The Surrey Anti-Gang Family Empowerment Program (SAFE) has been awarded $7.5M in funding through the NCPS's **Youth Gang Prevention Fund** for implementation from January 7, 2019 to December 31, 2023. SAFE will be funded as a direct intervention project which can be up to 60 months of duration with a maximum amount of $7,500,000 per recipient, per project, with a maximum of $1,500,000 per year.
- The SAFE program will address risk and protective factors associated with youth violence and youth gangs in Surrey; provide children and youth alternatives to joining gangs and help them develop social skills and attitudes; and will contribute to the development and dissemination of knowledge regarding what works to prevent crime. This project was a product of the findings of the Mayor's Task Force on Gang Violence Prevention which reported its findings in July 2018.
- Over the five year implementation period, this project will target up to 4,730, high-school aged, visible minority youth (13-17 years of age) in the City of Surrey who are assessed as being at high risk of engaging in, or already engaged in, violent behaviour.
- This project will be delivered in collaboration with Options Community Services Society, Pacific Community Resources Society, DIVERSEcity Community Resources Society, Progressive Intercultural Services Society, Surrey Crime Prevention Society, Solid State Industries, Surrey School District 36, Surrey RCMP, Fraser Region Aboriginal Friendship Centre Association, Combined Forces Special Enforcement Unit, Ministry of Child and Family Development, Kwantlen Polytechnic University, Simon Fraser University, Yo Bro/Yo Girl and other community organizations.

Key Messages on PSSG gang prevention funding

Erase Program Funding

- To help educate youth and to fight the lure of gangs and gang violence in our communities, the Province is providing $1.12 million in additional funding to expand the provincial Expect Respect and a Safe Education (ERASE) program. (Announced July 3, 2018)
- According to the "Preventing Youth Involvement in Gangs" report, the average age when youth begin to associate with gangs is 13 years old.
- Over 18,000 educators, law enforcement members, probation officers, child and youth mental health workers and other community partners have received training through B.C.'s ERASE program.
- The expanded ERASE program aims to train over 14,000 school/district staff, law enforcement members and community partners to prevent and respond to safety issues involving gang-related behaviour, guns and illicit drug use.
- The expanded ERASE program also aims to provide all 60 safe school teams in the province with tools to identify and respond to youth on the pathway to gang and gun violence.

End Gang Life Exiting and Outreach Pilot Program Funding

- To date, the End Gang Life Exiting and Outreach Pilot Program has assisted 40 individuals in successfully exiting the gang lifestyle, and has reached over 425,000 community members through community engagement initiatives.
- End Gang Life school presentations have been delivered to over 25,000 students around the province. The End Gang Life program presents to Secondary, Middle and Elementary Schools and is involved in after school programs, career fairs and community functions.
- And to ensure supports are also there for those seeking to leave the gang lifestyle, the Ministry of Public Safety is providing an additional grant of $239,000 to the Gang Exiting and Outreach Pilot Program. (Also announced July 3, 2018)
- The program, currently being evaluated to identify best practices and lessons learned, supports young gang-entrenched adults who are serious about making a change. The additional funding provided will support the pilot through to the end of its evaluation phase.

Surrey Wrap Funding

- In October 2017, we announced secure, annual funding of $500,000 for the Surrey Wraparound program, commonly known as Surrey Wrap.
- Wrap is a proven program – it has helped hundreds of families and youth as young as 11, and it has reduced participants' negative police contacts by two-thirds.
- The number of youth/families served by Wrap has grown from 131 to 147 – capacity has increased 12 percent since the program received annual funding from our government.
- The annual funding we committed responds to the fact that this program has had exceptional uptake, year after year, and we expect that there will be continued interest and referrals.
- Surrey Wrap is about stopping the flow of young people into positions in the drug trade that open up when someone else dies or goes to jail.
- By keeping youth out of gangs, we can stop this vicious circle and build a better future for our communities.

Thanks,
Nimmi

Hello All,

Please find below an invite from Minister Bill Blair's office about an announcement they are making at Surrey City Hall tomorrow morning. MMF is not able to attend due to a schedule conflict. Please let our office if your elected official is able to attend. (I have cc'ed Sara from our office to help us track who is able to attend)

Here is some background bullets for the NCPS announcement, in case this is useful for any MLAs attending; in addition to our KM's on PSSG funding for gang prevention initiatives:

National Crime Prevention Strategy

- Public Safety Canada's National Crime Prevention Strategy (NCPS) provides time-limited grants and contributions to support projects that contribute to preventing and reducing crime in Canada and to increasing knowledge about what works in crime prevention.
- The NCPS' priorities for the 2018 Call for Applications are direct intervention and strengthening community readiness projects among Indigenous and vulnerable populations to prevent or reduce the impacts of crime issues on communities in the following areas: Youth gangs; Youth violence; Youth bullying; and Youth cyberbullying.
- The 2018 call for proposals was open from June 6, 2018 to July 31, 2018 and successful projects can implement as early as April 1, 2019.
- The NCPS has a number of funding streams including the Youth Gang Prevention Fund.

Surrey Anti-Gang Family Empowerment Program (SAFE)

- The Surrey Anti-Gang Family Empowerment Program (SAFE) has been awarded $7.5M in funding through the NCPS's **Youth Gang Prevention Fund** for implementation from January 7, 2019 to December 31, 2023. SAFE will be funded as a direct intervention project which can be up to 60 months of duration with a maximum amount of $7,500,000 per recipient, per project, with a maximum of $1,500,000 per year.
- The SAFE program will address risk and protective factors associated with youth violence and youth gangs in Surrey; provide children and youth alternatives to joining gangs and help them develop social skills and attitudes; and will contribute to the development and dissemination of knowledge regarding what works to prevent crime. - This project will be delivered in collaboration with Options Community Services Society, Pacific Community Resources Society, DIVERSEcity Community Resources Society, Progressive Intercultural Services Society, Surrey Crime Prevention Society, Solid State Industries, Surrey School District 36, Surrey RCMP, Fraser Region Aboriginal Friendship Centre Association, Combined Forces Special Enforcement Unit, Ministry of Child and Family Development, Kwantlen Polytechnic University, Simon Fraser University, Yo Bro/Yo Girl and other community organizations.

Key Messages on PSSG gang prevention funding

Erase Program Funding

- To help educate youth and to fight the lure of gangs and gang violence in our communities, the Province is providing $1.12 million in additional funding to expand the provincial Expect Respect and a Safe Education (ERASE) program. (Announced July 3, 2018)

- According to the "Preventing Youth Involvement in Gangs" report, the average age when youth begin to associate with gangs is 13 years old.
- Over 18,000 educators, law enforcement members, probation officers, child and youth mental health workers and other community partners have received training through B.C.'s ERASE program.
- The expanded ERASE program aims to train over 14,000 school/district staff, law enforcement members and community partners to prevent and respond to safety issues involving gang-related behaviour, guns and illicit drug use.
- The expanded ERASE program also aims to provide all 60 safe school teams in the province with tools to identify and respond to youth on the pathway to gang and gun violence.

End Gang Life Exiting and Outreach Pilot Program Funding

- To date, the End Gang Life Exiting and Outreach Pilot Program has assisted 40 individuals in successfully exiting the gang lifestyle, and has reached over 425,000 community members through community engagement initiatives.
- End Gang Life school presentations have been delivered to over 25,000 students around the province. The End Gang Life program presents to Secondary, Middle and Elementary Schools and is involved in after school programs, career fairs and community functions.
- And to ensure supports are also there for those seeking to leave the gang lifestyle, the Ministry of Public Safety is providing an additional grant of $239,000 to the Gang Exiting and Outreach Pilot Program. (Also announced July 3, 2018)
- The program, currently being evaluated to identify best practices and lessons learned, supports young gang-entrenched adults who are serious about making a change. The additional funding provided will support the pilot through to the end of its evaluation phase.

Surrey Wrap Funding

- In October 2017, we announced secure, annual funding of $500,000 for the Surrey Wraparound program, commonly known as Surrey Wrap.
- Wrap is a proven program – it has helped hundreds of families and youth as young as 11, and it has reduced participants' negative police contacts by two-thirds.
- The number of youth/families served by Wrap has grown from 131 to 147 – capacity has increased 12 percent since the program received annual funding from our government.
- The annual funding we committed responds to the fact that this program has had exceptional uptake, year after year, and we expect that there will be continued interest and referrals.
- Surrey Wrap is about stopping the flow of young people into positions in the drug trade that open up when someone else dies or goes to jail.
- By keeping youth out of gangs, we can stop this vicious circle and build a better future for our communities.

Thanks,
Nimmi

Dear Hon. Minister Farnworth,
Our office is pleased to invite you to join Minister Blair and Minister Sajjan for a funding announcement, as part of the National Crime Prevention Strategy (NCPS), that the City of Surrey is receiving for their Surrey Neighbourhood and Youth Project (SNYP). The announcement will be held on:
Date: Tuesday, January 22, 2019
Time: 8:30 AM – 9:30 AM
Location: Atrium, Surrey City Hall

Project Funding Details:

Public Safety Canada's National Crime Prevention Strategy (NCPS) provides funding to strategically selected projects that contribute to preventing and reducing crime in Canada and to increasing knowledge about what works in crime prevention.

Project Funded: **Surrey Neighbourhood and Youth Project (SNYP)**

Project Recipient: **City of Surrey**

Hello Sara, as per Charlotte's out of office message, I'm redirecting this Call for Records to you, thank you.
Please contact Liz directly if you have any questions/concerns.
When you respond to this Call for Records, please ensure you cc the this Justice/Social mailbox, as well as the assigned analyst; that way if the assigned analyst is away, or I am away, there will be a copy of your response in the generic mailbox for someone else to action.
Thank you kindly ☺

Subject: Call for Records PSS-2018-87940 Due December 31, 2018
Hello, I'm directing this Call for Records to the DSG's office, the MCU, and the Minister's Office; however, please let me know if you are aware of any other program areas that might have records, thank you.

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

All communications with the Premier's Office regarding Meng Wanzhou (Date Range for Record Search: From 11/23/2018 To 12/14/2018).

(I couldn't find much online pertaining to the named individual in this request, however, it is regarding a publication ban made on Dec 5 - here is the link in case it is helpful: https://www.courts.gov.bc.ca/supreme_court/publication_bans/bandetails.aspx?id=57811)

Please contact the analyst assigned to this request if you have any questions – Liz Babecy (250) 952-6353.

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 24, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 31, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

> It is very difficult to raise small amounts, like $1,000 to $3,000, because Service Clubs don't like supporting Sexually Exploited Youth, and most mainstream funders don't make grants in such small amounts.
> If the Government restored the $5000 grants to each CAT, the total cost would be $75,000 per year. If more CATs start up, that might go to $100,000 per year. This is a very small amount of money, which would enable volunteer organizations to maximize their community impact, raise awareness of the issue and identify/coordinate gaps in services for these youth.
> This could be achieved without direct funds from the Government, or the creation of any additional Government staff. All that would be required would be for the Government to direct the Public Safety Ministry, through the Community Safety and Crime Prevention Branch, to allocate up to $100,000 of Civil Forfeiture Proceeds to Community Action Teams, with the maximum grant to each Team of $5000. Teams will still be able to apply for funding for one-off projects on top of the $5000. Or, a special category of eligible grant recipients of Civil Forfeiture Proceeds could be CATs, with a maximum of $5000.

Hello Ministry of Public Safety & Solicitor General,
The Ministry of Indigenous Relations and Reconciliation received this FOI request from a Political Party:
All emails, text messages, blackberry message, slack message, WhatsApp messages – excluding attachments – sent from the Premier/Minister's Administrative Coordinator(s) where such a position exists and was staffed at any point during the time frame. (Date Range for Record Search: From 04/01/2018 To 04/07/2018)
They identified the attached document(s) as responsive records and wish to get your views on disclosure. If you need help determining harms, please see the attached harms assessment or contact me directly.
Your program area's response is due January 30, 2019.
IAO may take one to two business days to apply any severing.
Your executive sign off response is due February 1, 2019.

If you are not able to respond by this date, we are required to continue processing this file without your recommendations.

---

1. Ministry Program Harms Assessment:

Please indicate which applies:

1. *There are no harms in these records. They can be released in full.*
2. *There are harms in releasing all of these records. They should be withheld in their entirety.*
3. *There are harms in portions of the records. Please give details so that IAO can apply the appropriate sections of FOIPPA. Please feel free to write directly on the attached records and send back to IAO. If you are unsure of why it is harmful please call the IAO to discuss the appropriate severing.*

Program Area Approval Authority:
Name, Title, Program

---

2. IAO's review of harms assessment and recommendations on release

Comments/Recommendations:
IAO will assess the program area's harms and recommend full release, withhold in its entirety or partial release.

---

3. Ministry Executive approval for release

Comments/Recommendations:
Please indicate which applies:

1. *Approved for release with no changes.*
2. *Approved for release with the following changes... (insert changes).*
3. *Not approved for release and why.*

Ministry Executive (Delegated Signoff):
Name, Title

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the Open Information and Open Data Policy. Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Hi Nimmi, I hope you are well. I think you were in the room when I met last September with your Minister about the Rockwell Drive rockfall problem just north of Harrison Hot Springs in my riding. As you will remember, about 20 rocks of perhaps 80 tonnes each fell down the mountain near peoples' houses, which caused them to be evacuated for nearly a year. I asked the Minister to help them obtain land on which to build mitigating structures to protect their homes, but he declined to do so.

Instead, I understand that the Ministry (EMBC) has hired a mediator to deal with the person who owns the land behind their homes to try and come to some kind of solution, so the residents can build structures to help to protect their property.

I'm wondering if I can have an update from the mediator to find the state of play on this file.

Many thanks
Laurie Throness

Police Services Branch reached out to ministries and asked them to identify statutes and policy that may impact full purpose of grants being fulfilled. I've seen one or two ministry responses indicating it was manageable and I'm aware there has been discussion about how to mitigate impact in the short term. I'll ask for an update and an note.

Anticipate the final MOA will be ready for signature and approval in February/March. As of December 11, 2018, there were three applications received from BC. Hi folks,
I was dealing with Amanda on this one a month or so ago. Minister Eby is hoping that Citizen services can waive the cost of the FOI request (details found on page 3 of 4). Amanda was looking into this but needed a consent form from s.22 s.22 which is attached.
Please let me know if this is possible and what further steps can be taken.

Quick Facts

- The Government of Canada invested $327.6 million over five years to help support a variety of initiatives to reduce gun crime and criminal gang activities.
- The Government of Canada also invested an additional $2 million in the Youth Gang Prevention Fund under the National Crime Prevention Strategy as part of its commitment to community funding under the Initiative to Take Action Against Gun and Gang Violence.
- The province of British Columbia will receive $5,300,169 over two fiscal years, and will use its funding to support the three following projects:
    - Identifying priority communities to support local efforts related to the prevention and intervention of gun and gang-related violence,
    - Acquiring a self-contained portable firearms lab (SeaCan) to increase current firearms forensic capacities within BC, and;
    - Hiring four new full-time employees to support the education and administration of the community funding in BC.

Columbia aimed at enhancing efforts to prevent, disrupt, and combat gun and gang violence, and increase awareness and understanding of related issues. The funding in British Columbia will bring forward greater community engagement and ownership in the implementation of initiatives to prevent and intervene in local gang activity. It will also make forensic firearm examinations in criminal investigations more efficient, and increase research and analysis for program and community initiative grants.

Quotes

"No one likes to see the topic of gun and gang violence dominating headlines. Today's funding will foster new ways to help us understand the source of the violence and innovative ways to prevent it and intervene. Improving the safety of our communities, as well as our country, as a whole, is a priority."

- The Honourable Bill Blair, Minister of Border Services and Organized Crime Reduction

"We take pride in the beauty of this province, and preserving its safety means that gun and gang violence can't be overlooked. Supporting our police services and enhancing local efforts will combat violence and raise awareness where it's most needed."

- xxx, Province of British Columbia

"Improving the support to local communities and increasing our firearms forensic capacity will provide sustainable initiatives and programs to prevent and intervene in local gun and gang issues. Making our communities safer and more enjoyable for Canadians is a common goal everyone can commit to."

Hello, we have received clarification from our applicant as follows (change is in yellow):
REVISED WORDING: Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Parliamentary Secretary email address for Emergency Preparedness.
ORIGINAL WORDING: Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Parliamentary Secretary for Emergency Preparedness (Date Range for Record Search: From 11/01/2018 To 11/30/2018)
Attached is a revised Call for Records form, and a revised due date for your response (January 16, 2019). Please let us know if this is not enough time; given we have taken time to get clarification from the applicant, we now only have 17 days of 30 remaining for processing this file and meeting the legislated due date. Thank you 😊

Good morning!
Can you please approach the applicant to determine if we can narrow down the request to determine what aspect of emergency preparedness and/or if the applicant could specify which conversations from Parliamentary Secretary and our staff they are looking for? We have a high number of staff that could be involved in this request and a number of them are on holidays currently so I am trying to sort out how best to gather the records as requested. If the applicant is looking for a more specific topic or if it is more specific as to what direction is being requested I can determine where to go from there.
Thank you!

Hello EMBC,

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Parliamentary Secretary for Emergency Preparedness (Date Range for Record Search: From 11/01/2018 To 11/30/2018). ***(the attached instructions may assist with your search)***

Please contact the analyst assigned to this request if you have any questions – **Liz Babecy (250) 952-6353.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 24, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached

Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by January 2, 2019. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

> Dear Mr. Farnworh MLA, BC Solicitor General and Minister of Safety,

Delighted for the opportunity to meet with you to discuss important trade opportunities in Africa.

Mr. Minister, I recall we talk about reaching to Minister of trade of BC. During our meeting you asked one of the most interesting question any good business person could asked Do we have Trade with Africa? The answer is NO, NO and NO. Saskatchewan Minister of Agriculture told me that Saskatchewan did $90, 000,000 trade on agriculture alone with one country in Africa, Nigeria, in 2017.

Africa, has 55 countries 1. 3 billion population the wealthiest continent in the world. Canada Africa Network is International business Development network focus on Africa, WE CAN HELP.

I look forward to connect me with Mr Bruce Ralston Minister of job, trade and technology to create Africa, BC, economic summit. We are open to make happen in Vancouver, Canada.

Best regards,

Good afternoon,

Re: Wendy Lisogar-Cocchia

As per my conversation with Noreen this morning, I am emailing to follow up on behalf of Mayor Mary-Ann Booth, District of West Vancouver, to see if I may set up a phone meeting between her and Minister Farnsworth.

As per Noreen's question, previous phone messages left with your office were on December 20th and January 8th.

Please advise. I look forward to hearing from you!

Hi,

Cannabiz magazine has offered the Minister another column in their next magazine. The previous is attached as a PDF—MMF talked about compliance with the law (page 12).

If MMF would like to be in the next issue, Caroline has suggested he could talk about drug affected driving, a general reminder of the laws, or a summary of how many people have been visiting/viewing cannabis clarity website and ads.

The editor and chief has said the deadline would be Feb 22, so there is some time to write if MMF chooses to go ahead, but the EiC has asked for a yes/no this week.

Let us know,

Colin

As the Province has said, illegal retailers that do not obtain a provincial licence will have to close, and as more legal retail stores open across the Province, you can expect to see increasing enforcement action by the Community Safety Unit.
> Once fully staffed, it is expected that the CSU will be comprised of approximately 44 FTEs operating province-wide out of four regional offices. Several key positions have been filled and these staff are actively engaged in development work to support the creation of this new Unit. Here is the most recent IN's on Surrey Police, new ADM.
A couple of other recent issues:
Today, currently in the works with Sing Tao:
MLA Jas Johal complained that an edible form of cannabis was put on the windshields of a number of cars in and around Canada Place, Vancouver on Sunday, and he thinks that it is an illegal way of marketing and the government should clamp down on this.

- Edibles are currently illegal in Canada, the Federal government plans to legalize them within 2019
- Rules, laws and regulations on marketing of cannabis are also covered under federal jurisdiction.

KM's - Length of time for cannabis applications:

- There is no typical length of time for an application to be processed because the opening of private non-medical cannabis retail stores depends on several factors including: the readiness of each individual applicant, the complexity of each application, and the readiness of a local government or Indigenous nation to accept notices of applications and return recommendations to the province. Therefore, it is difficult to predict how long applications will take to process.
- Weekly statistics on cannabis retail store licence applications in B.C. and an explanation of how cannabis retail store licence applications move through the licensing process can be found here: https://justice.gov.bc.ca/cannabislicensing/policy-document/application-stats.

For example the Standards set out expectations for ongoing monitoring and review of the investigations, and ongoing communication with family members, except where the release of

information could jeopardize the investigation or the missing person's safety. It's also important to note that the definition of a missing person under the Standards is very broad, which is the approach that Commissioner Oppal recommended. Other jurisdictions in Canada may use a different definition or criteria, which could make comparisons of missing person rates challenging.

"The province has taken a number of steps in response to Commissioner Oppal's report "Forsaken – the Report of the Missing Women Commission of Inquiry, many of which were related to missing person investigations. The province enacted missing persons legislation to enable police to get quicker access to records and information that could help locate a missing person to ensure their safety, provided privacy rights were not unduly infringed upon."

"The Missing Persons Act is one of two important legislative tools – the other is amendments to the Police Act – Part 8.1- that fulfill more recommendations from Commissioner Oppal in his Inquiry report. Once in effect, it will enhance oversight and accountability for serious investigations such as murders and missing person investigations where foul play is suspected, by requiring internal review of inactive investigations and adding a power for the Director of Police Services to order an external audit of the investigation by another police force. As well the Real Time Intelligence Centre was established to provide 24/7 analytical support to police investigating crime, including missing persons. The Provincial Policing Standards for missing person investigations have been in effect since September 2016. Standards have also been developed for major case investigations, which includes missing person investigations where foul play is suspected. These standards will begin to take effect in January 2019."

"I also want to point out that by leveraging federal funding, the Province has developed a Family Information Liaison Unit (B.C. FILU) here in British Columbia - a provincial frontline victim service unit that provides a 'one-stop information service' for families of missing or murdered Indigenous women and girls. B.C. FILU staff support family members by acting as a liaison to request information they are seeking from government and system partners, and ensuring that this information is provided to them in a trauma-informed and culturally sensitive manner. In addition to assisting families with gathering information related to the loss of their loved one, the FILU also supports proactive referrals to available community programs and resources to support healing, for example: trauma counselling, elder/ cultural supports, and information about financial programs."

Background

Recommendation

- Between Oct. and Nov. 2018, Health Canada redefined the requirements and categories for reporting.
- For the October period, provinces reported online and storefront sales together. Moving forward, Stats Canada asked that provinces report online sales under the wholesale category, and storefront sales under the 'retail' category.

There are two licensing categories: Private Investigator Under Supervision and Private Investigator. The basic requirements of licensing and additional information are as follows:

Private Investigator Under Supervision (PIUS):

- Successful completion of Professional Security Knowledge Network (PSNK) training ("Introduction to Private Investigation") or proof of equivalent training.
- Equivalent training includes courses or experience in: criminal law; civil law and process; human rights legislation; information and privacy legislation; evidence recognition, presentation and protocols; interviewing techniques; report writing; documentary research (electronic and hard copy); and surveillance techniques.
- Private Investigators Under Supervision must be supervised by a fully licenced Private Investigator. To provide adequate supervision, the supervising Private Investigator must develop PIUS training plans and conduct regular progress reviews for PIUS licensees.

Private Investigator:

- Two years (2000 hours) of documented experience providing services of a PI or PIUS, obtained within five years of the application, and successful completion of recognized courses in evidence gathering and presentation and in the aspects of criminal and civil law that are relevant to the work of a private investigator in B.C. (e.g., "Introduction to Private Investigation" or equivalent), OR
- Ten years of experience performing general police duties in a Canadian police force and proof of registration in "Introduction to Private Investigation" (to be completed within the first year of licensing), OR
- Knowledge and experience equivalent to that which would be obtained by PI/PIUS with two years of experience.
- Private Investigator licensees are eligible to apply for a private investigator security business licence.

(additional information can be found in the Security Licensing Process and Licence Conditions Policies: https://www2.gov.bc.ca/assets/gov/employment-business-and-economic-development/business-management/security-services/industry/legislation/licensingpolicy.pdf)

3: I found these stats on the Government site about the number of Private Investigator licenses issued in BC between 2010 and 2016 — is it possible to get older stats? Would it be relatively easy to get the number of Private Investigators in BC going back to 1995?

The following statistics are for the number of Private Investigators and Private Investigators Under Supervision who held a license on January 1 of the respective year from 2004-2019. Data is not available for earlier dates in the request. (Note: These differ from the statistics available on the website, which are for number of licenses issued in a year. However, the statistics below are more representative of the actual number of PIs in the province in each year).

Table: Number of Licensees on 1 January of Respective Year

01-Jan	Private Investigators	Private Investigators Under Supervision	Total	
2004	441	155	596	Note: The *Security Services Act* did not come into force until September 1 2008. Statistics for 2004-2008 are for licensees
2005	529	163	692	
2006	523	378	901	
2007	506	325	831	

2008	488	394	882	under the previous act (*Private Investigators and Security Agencies Act*
2009	499	395	894	
2010	628	533	1161	
2011	695	741	1436	
2012	714	823	1537	
2013	724	980	1704

> The Vulnerable Sector check is a federal requirement for individuals working or volunteering with vulnerable persons. The Criminal Records Review Act specifies that individuals working with children or vulnerable adults within specified organizations have a criminal record check conducted under the Act. The checks search for **outstanding charges** and **convictions** for reviewable offences only (see https://www2.gov.bc.ca/gov/content/safety/crime-prevention/criminal-record-check/offences-reviewed). If no outstanding charge or conviction is found during an applicant's criminal record check, the Criminal Records Review Program (CRRP) will advise the applicant's organization they are cleared to work or volunteer.

A complete list of the regulated professions, and others requiring a criminal record review under the Criminal Records Review Act (CRRA), can be found on our website.

The vulnerable sector (VS) check is a RCMP requirement for individuals working with vulnerable people - it is a policy of the federal government that we must adhere to and you may want to speak with the RCMP.

- The provincial *Criminal Records Review Act* (CRRA) requires that registrants of governing bodies such as the College of Physicians and Surgeons have a criminal record check done by the Criminal Records Review Program (CRRP). Since November 30, 2013, the CRRP check has included a VS check.
- The VS database is owned by the RCMP and must be queried according to its parameters.
- A VS check normally begins with a name-based check where an individual's name and birth date are checked against the database. If the applicant's name and date of birth matches to a record with a similar name and date of birth, or there is a match to a record with an identical date of birth and gender, the CRRP is advised, and the applicant will be asked to provide fingerprints in order to complete the process.
- Fingerprinting is regarded by the RCMP as the only truly reliable method of obtaining a positive identification. The use of fingerprints ensures that individuals who legally change their name will not be able to conceal criminal histories and also eliminates the possibility of individuals being wrongly associated with another person's criminal history.

He thinks that it is an illegal way of marketing and the government should clamp down on this.

Wonder if I can get a response from the government, probably from the ministry of Justice?

Background

Recommendation

- Leaving samples of cannabis edibles on a car windshield where they could be accessed by children is irresponsible and dangerous.
- It is currently illegal under the federal *Cannabis Act* to commercially manufacture or sell cannabis edibles. It is also illegal under the provincial *Cannabis Control and Licensing Act* for anyone other than Liquor Distribution Branch to sell retail cannabis without a licence, or to supply cannabis contrary to section 17 of the Act.
- The federal cannabis legislation also includes restrictions on promotion of cannabis; you may wish to contact Health Canada for further comment.
- Individuals who received the cannabis should not consume it, and may wish to contact local police.
- The Federal government will legalize cannabis edibles later this year, and is currently conducting a public consultation on draft regulations.

- The exploitation of young people has profoundly devastating and lasting impacts on victims, which is why we are actively involved in the effort to identify and assist victims, and to bring those who exploit children to justice. Our government will continue to support police who are focused on preventing sexual exploitation, as well as the many local organizations serving young survivors and helping them to heal.
- The Ministry of Public Safety and Solicitor General supports a number of prevention, intervention and awareness initiatives to address sexual exploitation of children and youth, including *Stop the Sexual Exploitation of Children and Youth Awareness Week*, proclaimed each year in March. We are committed to supporting communities in developing prevention, education, enforcement and intervention strategies to address this deplorable and unacceptable criminal activity.
- Since 2011, this Ministry has granted over $2.5 million through the Crime Prevention and Remediation program to community based organizations for projects that address issues related to human trafficking, sexual exploitation and vulnerable women in the sex trade.
- I want to recognize partner agencies like the Children of the Street Society, whose decades of dedication and expertise continue to help young people and prevent sexual exploitation.
- If you are aware of a young person who may be a victim of sexual exploitation – don't take matters into your own hands, call 911 immediately or contact VictimLinkBC.
- For more background on preventing sexual exploitation of children and youth: https://www2.gov.bc.ca/gov/content/safety/crime-prevention/community-crime-prevention/exploitation

Hi Charlette. Just an FYI, CPPO has reconsidered and is now advising they have no records responsive to this request. That means that all three other programs have advised they have no responsive records. Just wanted to let you. The MO is the only outstanding CFR on this fie, which is due in a few days. Please submit your CFR as soon as possible, so we have time for signoff (or if you do have records, I will contact the applicant for a request for extension (assuming I wouldn't be able to extend for volume or consultation).

Thank you, have a great day.

Good morning. Just an FYI on this request "Money Services Business" request. I just received harms on the records provided by CPPO and they have noted that Cheque cashing services/businesses and Money Service Businesses are not the same thing, so I may have been mistaken yesterday.

I am currently waiting to hear back from them as to whether or not this BN is actually responsive to the request then. At this time, DSG and PSD have advised they have no records responsive to the request. CPPO may change their response, to a NRR but I will let you know what I hear. Just wanted to let you know what was going on.

Thanks,

Hi Charlotte. The definition from Google for MSB's is as follows:
A **money services business** (MSB) is a legal term used by financial regulators to describe **businesses** that transmit or convert **money**. The definition was created to encompass more than just banks which normally provide these **services** to include non-bank financial institutions.

I also found the following:
Most commonly, an MSB acts as an agent for one of the two largest principal MSB **companies** in the world: **Western Union** or MoneyGram. ... MSBs that provide financial **services** as an agent typically provide domestic and foreign **money** transfers, bill payment, **money** orders, and stored value.

It's my understanding that these businesses must be registered with FINTRAC (it appears that Gaming Policy and Enforcement Branch have hundreds of MSB's, which is part of the reason we clarified with the applicant, they wish to receive high level reports on MSBs in general, not any specific MSB, in addition to any correspondence the Minister or the DSG has on the subject of MSB's.) It's also my understanding that these businesses include things like PayPal, MoneyMart and the businesses that are used within the Gaming industry. GPEB registers (Licences) hundreds of companies who are associated with the monetary aspect of gambling in BC.

Hope that helps☺

And any correspondence on the subject of MSBs sent to or from the Solicitor General Mike Farnworth and Deputy Solicitor General Mark Sieben. I am not requesting records on specific MSBs. From 01/01/2018 To 12/12/2018)

Original wording: *Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).*

Additional info provided by applicant:
MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C.

Subject: Call for Records PSS-2018-87914 Due December 31, 2018

Hello, please let me know if you are aware of any other program areas that might have records, thank you. (MAG and FIN also received this request)

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).

Additional info from applicant: *MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C. http://www10.fintrac-canafe.gc.ca/msb-esm/public/msb-search/search-by-name/*

Please contact the analyst assigned to this request if you have any questions – **Samara Fisher 250 953-3622** (not to be confused with me, Sandra L. Fisher, Junior Analyst).

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 21, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 31, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Sandra Fisher, Junior FOI Analyst

Nimmi, Molly –
I want to make sure you, your Minister and PS are aware of this conference. It's possible they are seeking year-end funding for it (I'm not sure) but either way, it's an important province-wide conference on sex work and I think important that we acknowledge it in some way.
Many thanks,

Hi Mira,
Happy new year! I hope your holidays were great.
I wanted to follow up from our meeting back in December. I had meant to do this before the holidays, but got busy with wrapping up other pieces of work.
As we discussed, I am attaching the proposal for our Provincial conference that we have planned for May 27-29 entitled A Safer Province for Everyone: Responding to Violence in the Context of Sex Work. I wanted to make sure that you and your office are aware of this conference, and would appreciate any connections you think would be helpful in making sure that the conference is both well attended and resourced. As a collaboration of Living in Community and a number of other organizations, we are excited about the possibility for the impact that the conference can have in creating the conditions for greater safety and reduced violence for sex workers in BC.
I look forward to connecting in the new year,
Lisa

> By way of email introduction, my name is Chris Poulton and I am the manager of public affairs and communications for the Corps of Commissionaires, a full-service private security company, Victoria Division (www.commissionairesviy.ca).
> The purpose of my email is to request a meeting with the Minister on behalf of our Chief Executive Officer, Gary Paulson, and other concerned B.C. private security industry leaders. The purpose of the meeting would be to table the current backlog and processes in private security licensing approvals and to present suggested changes to the Security Programs security worker licensing process for consideration.
> Specifically, we are seeking changes to the current *Security Licensing Process and Licence Conditions Policies* to include the issuance of temporary permit/licenses for new security workers upon successful completion of government mandated training to help alleviate the six to eight week processing delays for security professionals in receiving their licenses.
> The private security industry is continuing to evolve, with more and more demands made of the industry for our professional security services, including non-core policing. To meet these growing demands for services, newly certified private security professionals require their licenses be issued within a reasonable period of time – of note, we believe the aim of the Security Programs Division is to process applicants in approximately ten days. However, the current wait time of six weeks or so in initial licensing processing is creating an employment barrier to meeting our clients' needs and to ensuring enhanced Public Safety and Infrastructure Protection in B.C.

I understand you may not be able to share details about a specific inmate, but I'd like to ask about the parameters of the system.

He said a doctor's note exempted him from solitary confinement after he was diagnosed with PTSD.

Recommendation: Response on Background:

For security and privacy reasons, BC Corrections does not confirm if an individual is or has been in its custody, and cannot discuss any aspect of an inmate's health records or status.

We can confirm that BC Corrections has a robust screening and assessment process in place for all individuals entering our correctional centres with every inmate seen by a nurse and a mental health screener within 24 hours as part of the intake procedure. Based on those screening results, inmates are referred to mental health professionals or medical staff for further treatment as required.

Separate confinement is one tool that enables BC Corrections to maintain the safe operation of its centres. The Correction Act Regulation guides BC Corrections' use of segregation and separate confinement.

BC Corrections has the authority to separately confine individuals as a last result if they are believed to be a danger to themselves or others, are at risk of harm if not separated, or are a risk to the safe management, operation and security of the correctional centre.

Inmates are informed in writing of the reasons for the decision to house them in separate confinement and can request a review of the decision by an independent body.

Inmates in segregation or separate confinement are monitored by mental health support staff every 24 hours, and may participate in programs or have access to many of the same services other inmates receive, such as daily exercise, reading materials, mail, phone, personal visits, health care and hygiene facilities if the supervising staff determine the program is of benefit and their participation presents no risk to safety. Programs may also be altered to meet the requirements of the inmate and the separate confinement environment.

In 2016, BC Corrections proactively began a review of both its use of segregation and the disciplinary process that can lead to segregation.

As part of that review, BC Corrections has worked closely with partner agencies and stakeholders to help inform action items that support segregation reform.

BC Corrections is committed to remaining a leader in correctional practices and has been proactive in creating alternative placements such as Complex Needs Units, which provide intensive supervision in an environment better suited to support individuals with unique complex needs.

Fourteen arrested during enforcement of injunction order in Houston, BC

On January 7, 2019 the RCMP attended the Morice River Bridge in Houston,
BC to enforce the interim injunction order granted by the Supreme Court
of British Columbia.

Just prior to 11 am, police officers from the Division Liaison Team spoke with representatives of the Gitdumt'en camp about the removal of
a road block that they have set up along the Morice West Forest Service Road, several kilometres away from the Morice River Bridge but within the court ordered injunction. The RCMP also facilitated a meeting between Hereditary Chiefs and CGL in the hopes that this could be resolved without police involvement. When it was determined that the matter could not be resolved, at 3 pm the RCMP proceeded to enter the
blockade in order to facilitate open access to the service road.

As of 6:45 pm there were 14 persons arrested from the blockade set up by Gitdumt'en on Morice West Forest Service Road for various offences including alleged violations of the injunction order. All those arrested continue to be processed at this time. During the arrests, the RCMP observed a number of fires being lit along the roadway by unknown persons, and large trees felled across the roadway.

As with other injunction orders and police enforcement clauses, the RCMP is given discretion to decide how and when to enforce the order. The primary focus for the police is the safety of everyone involved – protesters, police officers, area residents, motorists, media and general public. This was done by creating a temporary exclusion zone, which under civil injunctions are similar to criminal search warrants, where the police do not allow access to anyone who is not part of the enforcement team. There are both privacy and safety concerns in

keeping
the public and the media at the perimeter, which should be as small as possible and as brief as possible in the circumstances, based on security and safety needs. The temporary exclusion zone remains in place
and will be consistently re-assessed.

The RCMP respects the Indigenous rights and titles in BC and across Canada. It was inappropriate for the RCMP to make any reference to the
materials provided to the court during the injunction application process. Our role is to enforce the injunction and not to interfere with any ongoing discussion between our Indigenous communities and any other
level of government. The language has been removed from the revised backgrounder
(http://bc.rcmp-grc.gc.ca/ViewPage.action?siteNodeId=2087&languageId=1&contentId=57805).

There are also erroneous reports that the RCMP jammed communications in
the area, preventing the media and public from providing information about the unfolding situation, and that the Canadian Military were present during the police enforcement operation. We would like to clarify that both of these allegations are incorrect. The area is extremely remote and even police had limited access to communication.
Police officers, including members of Tactical and Emergency Response Teams, have been deployed as part of our measured and scalable approach
to enforcing the court ordered injunction.

For some background information on the BC RCMP's role in enforcing the injunction order, please refer to the news releases issued on January 6, 2019
(http://bc.rcmp-grc.gc.ca/ViewPage.action?siteNodeId=2087&languageId=1&contentId=57805)

The Ministry received the following request from the media:
All records, including emails, advice to the minister, briefing notes, reports, assessments and reports generated within the Ministry as a result of the Nov. 5 decision by the City of Surrey council to end the city's contract with the RCMP and create its own municipal police force. Exclude media releases or correspondence to the Minister from members of the public. (Date Range for Record Search: From 11/04/2018 To 11/16/2018)
The attached pages, or a portion thereof, originated with/or are related to your program area. I'm sending them for a harms review on the content originating from/or related to your program area (please ensure to take note of the names of attachments to emails in addition to the review of the content of emails).
As this is a harms review, no formal signoff will be sent, an email providing any harms and an indication of Executive approval via email is sufficient. Please note these records will be posted on the Open Information website.
The harms review and Executive approval are due by January 23, 2019.
Thank you, have a great day.

Subject: REVISED - PSS-2018-87914 Due December 31, 2018

Hello everyone, please note that this applicant has revised the wording of this request, and as a result of the revision, I am now including the Minister's Office on this Revised Call for Records. The new wording is as follows: (attached is a revised CFR form for you to use going forward)

Revised: High-level records that relate to the topic of Money Service Businesses, including briefing notes, issue notes, information notes, decision notes, advice to minister notes and background notes — and reports. And any correspondence on the subject of MSBs sent to or from the Solicitor General Mike Farnworth and Deputy Solicitor General Mark Sieben. I am not requesting records on specific MSBs. From 01/01/2018 To 12/12/2018)

Original wording: *Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).*

Additional info provided by applicant:

MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C.

Subject: Call for Records PSS-2018-87914 Due December 31, 2018
Hello, please let me know if you are aware of any other program areas that might have records, thank you. (MAG and FIN also received this request)

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).
Additional info from applicant: ***MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C. http://www10.fintrac-canafe.gc.ca/msb-esm/public/msb-search/search-by-name/***

Please contact the analyst assigned to this request if you have any questions – **Samara Fisher 250 953-3622** (not to be confused with me, Sandra L. Fisher, Junior Analyst).

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 21, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 31, 2018. Send records via email in PDF

format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Subject: REVISED - PSS-2018-87914 Due December 31, 2018
Hello everyone, please note that this applicant has revised the wording of this request, and as a result of the revision, I am now including the Minister's Office on this Revised Call for Records. The new wording is as follows: (attached is a revised CFR form for you to use going forward)
Revised: High-level records that relate to the topic of Money Service Businesses, including briefing notes, issue notes, information notes, decision notes, advice to minister notes and background notes — and reports. And any correspondence on the subject of MSBs sent to or from the Solicitor General Mike Farnworth and Deputy Solicitor General Mark Sieben. I am not requesting records on specific MSBs. From 01/01/2018 To 12/12/2018)
Original wording: *Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).*

Additional info provided by applicant:
MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C. http://www10.fintrac-canafe.gc.ca/msb-esm/public/msb-search/search-by-name/
Please contact the analyst assigned to this request if you have any questions – **Samara Fisher 250 953-3622** (not to be confused with me, Sandra L. Fisher, Junior Analyst).
Thank you,
Sandra

Subject: Call for Records PSS-2018-87914 Due December 31, 2018
Hello, please let me know if you are aware of any other program areas that might have records, thank you. (MAG and FIN also received this request)

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Regarding money services businesses, also known as MSBs: All records and correspondence - electronic and hard copy — including but not limited to emails, letters, notes, briefs, reports and memos. (Date Range for Record Search: From 01/01/2018 To 12/12/2018).
Additional info from applicant: ***MSBs are an entity that must be registered with FINTRAC and there are hundreds registered in B.C. http://www10.fintrac-canafe.gc.ca/msb-esm/public/msb-search/search-by-name/***

Please contact the analyst assigned to this request if you have any questions – **Samara Fisher 250 953-3622** (not to be confused with me, Sandra L. Fisher, Junior Analyst).

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 21, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 31, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns
Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:
- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Hello, please note that I am directing this Call for Records to OCC, DSG and MO as these 3 program areas were included on the processing of the PSS file below. (please note that the Ministry of Citizens' Services as well as OCC received these same requests, under separate cover, thanks.)

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at justice.social.foi@gov.bc.ca. Thank-you.

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

All records relating to the processing and handling of the following FOI requests: OCC-2018-86136, OCC-2018-86925, and PSS-2018-86369. (Date Range for Record Search: From 08/24/2018 To 12/07/2018).

Please contact the analyst assigned to this request if you have any questions – **Rhiannon Hamdi (250) 387-1437.**

What Do You Need to Do?
Please complete the attached Call for Records form.
• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 18, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
• If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by December 24, 2018. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder
You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. > The reporter claims that an Indigenous cannabis store in Lake Country is opening tomorrow without a provincial licence. The reporter would like to know if this is true and how the province enforces cannabis stores without licences. The store is called Indigenous Bloom.

would also like the government to confirm if there was a licence issued or applied for.

Background

Recommendation

Cannot confirm whether an individual store does or has applied for a licence due to privacy.

A new Community Safety Unit (CSU) within the Ministry of Public Safety and Solicitor General is in development and will have the authority to deal with illegal sales outside the provincial regulatory framework. As we've said, illegal retailers that do not obtain a provincial licence will have to close, and as more legal retail stores open across the Province, you can expect to see increasing enforcement action by the Community Safety Unit.
Additionally, police also have authority to enforce laws with respect to cannabis. This includes authority to make seizures, issue violation tickets and investigate and prosecute offences under both the provincial statutes and the federal criminal law. It's important to note that the Province does not provide operational direction to police forces; police set their own operational priorities based on their assessment of the needs of the community and they allocate resources accordingly.

It is expected that the CSU will work with Indigenous communities in carrying out enforcement activities in consideration of their local needs and interests.

MMF (Cliff#549454) and a Ministerial response has been sent to the Mayor, this is sufficient response regardless of whether reference to the premier letter as well. We recommend informing the PO of the response that the our Ministry is actively engaged on the surrey police department topic (the letter can be shared with them if they are looking forward wording and/or just want to acknowledge that our Minister has responded). An additional response from MMF would be duplication and not required.

I also agree that a further reply to Mayor McCallum would be redundant, and that the letter that is currently being drafted by Jacquelyn and our legal team will serve to provide the required follow up. The second letter assigned to Christal, CLIFF 549778 should not be required. s.16

I would agree with Christal that the Mayor's Nov 13th letter to the Premier is substantially similar to the Nov 6th letter to the Minister that we have already responded to so I'm not sure there is anything further to say. And Christal I'm not sure what other letter you are referring to regarding Surrey as I have nothing assigned to me.

Good morning, Gayle,
As you know, in e-approvals incoming CLIFF 549778 was assigned to our shop to draft SG Reply. This incoming is a letter from Mayor McCallum Nov notifying the Premier that it is moving forward with forming an independent Surrey police s.16 The premier's office did respond to Surrey to thank for the incoming and indicated that they see that MMF was also cc'd on this incoming (and they also shared to other ministries indicating that their staff would contact directly if they required further). This incoming letter than was assigned our way to lead a joint response with MAH (their bullets attached).
Given that we also received an incoming from McCallum on November 6th (to MMF) Cliff 549454 – re: forming an independent Surrey police, sharing the motion with us, and we have provided a response to Mayor McCallum on this letter. MMF's November 23rd letter to the Mayor does not refer to the Mayor's Nov 13th letter to the Premier, however, the response would be the same which thanked them for the letter and advised that senior staff have been directed to work with Surrey to assist in this process.
I recommend that b/c we are already directed engaged with the City of Surrey have responded to Mayor McCallum on this topic, we do not need to respond again (to this incoming 549778 to premier) as it would be duplicate (also, as you know Lisa G. is in the works on another letter to Mayor on this same topic).
If you agree, please let Vanessa B. know as she will need your approval on direction to move forward.

Best,
C.
