**Subject:** KMs - Funding Model Review

Hi Krystal,

Further to our conversation, below are some key messages on the Funding Model Review that PS Rice can share:

- **All students deserve the best educational experience possible and access to the same services and supports no matter where they live.**
- **But for too long, an outdated and complex**

**funding has not worked to give students the support they need in school.**

- The current funding model was imposed in 2002 with no consultation, and is now outdated and complex.**
- We have now released a report from an appointed Independent Review Panel – containing 22 recommendations to create a funding system that better supports all students in B.C.**
- The report found there are significant challenges in the current system, resulting in inequities in education services and programs – especially for students with special needs and vulnerable students.**
- It also found the current system can be an administrative burden and that too much money is being spent on administration – instead of delivering services to students.**
- Building a new funding model is a generational opportunity and it's critical we get it right. This means that we shouldn't rush.**
- Given the scope of the recommendations, we now need to work with all all of our education partners to better understand the benefits for students, parents, educators and school districts.**
- We are currently working on this next phase of the review process – working with our partners and stakeholders to understand the impact of implementing the recommendations.**
- Working groups are being established and will include representation from parents, teachers, school support staff, administrators, trustees, First Nations and inclusive education groups.**

- **The working groups will provide advice on how to move forward on the key themes raised in the report.**
- **They will report back to me by fall, 2019.**
- **Because we are taking the time to get this right, there will be no changes to the existing funding allocations for the 2019-2020 school year.**

**Subject: Meeting Request -RE: Wildfire Emergency Preparedness Partnership. BC Lung Association.**

Hello ,

I am writing on behalf of Chris Lam, President and CEO of the BC Lung Association to respectfully request a meeting with the Solicitor General, the Hon. Minister Mike Farnworth and Parliamentary Secretary for Emergency Preparedness, Jennifer Rice at a convenient in Victoria.

PURPOSE OF THE MEETING WITH Solicitor General Hon. Minister Mike Farnworth and Parliamentary Secretary for Emergency Preparedness, Jennifer Rice

The purpose of this meeting is to provide Minister Farnworth and Ms. Rice with an update on the current partnership between the BC Government and the BC Lung Association in regards to two important programs, the Quit Now Program and the Wood Smoke

Initiatives Program.

So now in response to the BC wildfire Season, the BC Lung Association is proposing a new program to assist people on how to take action to protect themselves - particularly those most vulnerable such as children, seniors and rural residents - against the negative effects of smoke inhalation from wildfires in BC. The aim of the program would be to build a dedicated education program, in communities throughout BC, at people's doorstep before the wildfire season begins. By educating British Columbians year-round on protection and preparedness from wildfire, we can reduce the damage and number of wildfire smoke related health issues.

And due to the regularity of forest fires in the Summer, the harmful effects on British Columbian's lung health cannot be ignored. In British Columbia we spend more time preparing for an earthquake than we do for forest fires.

This proposed program's goal would be to raise awareness and target communities throughout BC, of the many actions that can be done to protect yourself in British Columbia from wildfire smoke effects.

The program would be a partnership with the Government of British Columbia and the BC Lung Association. This new program would cost an estimate \$300,000 for the development and implementation within communities in British Columbia.

#### BACKGROUND ON BC LUNG ASSOCIATION

The BC Lung Association began as the Anti-Tuberculosis Society in 1906 in response to the rapid spread of TB, the number one killer at the turn of the century. In July 1978, the Society changed its name to the BC Lung Association, and now focuses on the entire scope of respiratory disease including asthma, COPD (chronic bronchitis and emphysema), lung cancer, sleep apnea and tuberculosis. A non-profit and volunteer-based health charity, The BC Lung Association depends on donations from the public to support lung health

research, education, prevention and advocacy.

Please feel free to contact me at (604)803-0628 if you have any questions. Thank you in advance for your time and consideration, it's much appreciated.

Sincerely,

Rob Nagai

**Subject:** For Approval - ESS Modernization NR

Hi all,

Please find attached a News Release planned for Wednesday morning at 8:30am. It has been approved by program.

**This release has quotes for approval from both MMF and PSR.**

This News Release announces:

- Four communities in B.C. have been designated as pilot locations for a digital registration trial that aims to connect people to shelter, food and other supports more quickly and efficiently.
- Emergency Management BC is changing the program name from Emergency Social Services to Emergency Support Services, to better reflect the nature of the supports provided.

Thanks,

**Jordan Turner**

I invited 600 people mostly coastal and northern and about 60 have accepted.

So now we just need to secure the domain name PreparedBC.ca for simplicity sake and ease of use for the user.

This is one important exception I think we can make for eliminating the prefix of <http://www.gov.bc.ca/> ....

Good work team!

Hello Agnes,

We are having trouble sharing the calendar for some reason and the computer experts still haven't been able to make it work. I'm sorry it's taking so long to get functioning. I have no idea why the ability to share has stopped working but we're still working on it.

Cheers,

Jennifer

“Waiting until the earthquake or tsunami happens is waiting too long,” said Parliamentary Secretary for Emergency Preparedness, Jennifer Rice. “We know B.C. is a seismically active zone, so now is the time for British Columbians to create emergency plans and assemble earthquake kits. High Ground Hikes are happening this week in communities along our coast, which are designed to remind residents in coastal locations to evacuate to high ground and out of harm’s way. Just this weekend we unveiled our tsunami pole system in Haida Gwaii, where paint on BC Hydro and Telus poles marks tsunami inundation and safe zones, and I’ll be on hand for a tsunami awareness event this week in Prince Rupert. I’m so proud to see coastal communities coming together to help the public prepare for emergencies.”

Hi all,

Please find attached a tsunami preparedness week (April 8-14) news release. This is planned for release at 8:30am on Sunday, April 7.

It includes a long quote from PS Rice for approval.

Thanks,

**Jordan Turner**

Hi Krystal,

Three minor suggestions for the updated speech. None of these are necessary – just for consideration.

Thanks,

Hi Jordan. You might want to pass the following thoughts on to PS Rice. I took the liberty of sending this draft to the Government Agent (Gina Burroughs) in Grand Forks for her perspective on any potential hot buttons for the community.

Gina suggested the following 3 minor edits.

Hi all,

FYI – PS Rice is looking for simpler style and content for her speaking notes, less technical language, as well as a change

to the format.

Last night I re-worked the version signed off yesterday, and the final version is attached.

Thanks,

Hi Lori,

A few months ago Debbie Alexander out of EMBC PG visited Wuikinuxv First Nation on the central coast. There has been an unresolved issue regarding damage to their breakwater during a high water event a few years ago and she was hoping to help them get DFA and get it fixed.

I am wondering if I can get an update (note or verbal is fine) today?

I have a last minute meeting with a Nation leader, Dan Smith tomorrow morning at 8:30am. I was hoping to know the result of her visit.

Sorry for the last minute request but I just found out today he is in Victoria.

Jen
