Comments:		

**Exercise of Discretion:**

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

**Factors relevant to the exercise of discretion include:**

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;

- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

### What Do You Need to Do?

Please complete the attached Call for Records form.

• If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at justice.social.foi@gov.bc.ca by May 24, 2019. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.

- If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at [justice.social.foi@gov.bc.ca](mailto:justice.social.foi@gov.bc.ca) by May 30, 2019. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

**Reminder**

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

**Questions and Concerns**

Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

Again this is for info we have. Rather than I for the police may have

Hi Zane – just a couple of notes to consider for this request:

What they are asking for are matters that we may receive from the RCMP in confidence. s.13

s.13

s.13

releasing these documents (or parts) outside the branch can place police operations at risk.

We often list the documents – not release them outside the branch. We do not list the number of police officers/equipment involved etc – it can place police operations and police officer safety at risk.

s.13

but Jim or Billy will have this.

I do not have anything in this time frame.

Hi Zane,

Between Billy (Jim's shop) and Gayle – we should have responsive doc's. To be clear, the requestor isn't looking for all documents related to, simply any extracted tables, costs, lists on the topic area?

Just an FYI, these costs/lists would be fully redacted, I would recommend, due to 'harmful to law enforcement'.<sup>s.13</sup>

What is your timeline on this FOI request? This probably should wait until Gayle gets back as she/Billy would easily be able to extract more efficiently.

Municipal Mayors and CAO's

**Re: Coastal Gaslink pipeline Injunction Order Enforcement**

Dear Mayors and Chief Administrative Officers,

On October 2, 2018, LNG Canada announced plans for Coastal GasLink (CGL) to construct a natural gas liquefaction facility at Kitimat and an associated 620 km pipeline from Dawson Creek to supply the facility. During construction up to 2,500 people will be working in 11 construction camps along the pipeline route. While this project is approved by the Provincial Government and is supported by the elected First Nation governments along the pipeline route, there is opposition from some First Nations leaders and groups as well as some environmental advocacy organizations.

The geographic focus for opposition is the Unis'tot'en Camp located near the Morice River Bridge approximately 60 km west of Houston, BC. The Camp is supported by the Office of the Wet'suwet'en, the hereditary political organization of the Wet'suwet'en Nation. The Camp is expected to be the most active protest site and presently maintains a blockade to restrict access. The influx of construction workers combined with anti-LNG protests will impact the North District's ability to maintain core policing operations in effected areas.

On December 14, 2018, the BC Supreme Court in Prince George, BC made an interim order prohibiting interference with work being done on the pipeline which requires BC RCMP to enforce the order. At this time, the access remains blocked.

This constitutes a special event in British Columbia. The purpose of this letter is to formalize our communications on this matter and any impact it may have on the municipal policing unit.

Pursuant to Article 8.6(a) MPPA, part of your Municipal Police Service may be redeployed to provide additional police resources as is reasonably necessary to maintain law and order, keep the peace and protect the safety of persons, property or communities. The actual timing and number of resources will be left to the discretion of the designated commander. In accordance with Article 8.6(c) MPPA, the Province is responsible for paying the costs of any redeployment including salary, transportation and maintenance, at the applicable cost-sharing ratio set out in Article 11.1 MPPA.

Any deployment from your detachment will be in consultation with the District and Detachment Commander. While it is important to address special events such as this, it is also essential that your community continues to receive adequate policing. The District and Detachment Commander will ensure this balance is maintained and will continue to update and consult with you on any resourcing requests relating to this operation.

Respectfully,

Dave ATTFIELD, Chief Superintendent

Gold Commander, Community-Industry Response Group, 'E'-Division, Criminal Operations.

December 17, 2018

The Honourable Mike Farnworth  
Minister of Public Safety and Solicitor General  
Province of British Columbia

Victoria, BC V8V 1X4

Dear Minister Farnworth,

On October 2, 2018, LNG Canada announced plans for Coastal GasLink (CGL) to construct a natural gas liquefaction facility at Kitimat and associated 620 km pipeline from Dawson Creek to supply the facility. During construction up to 2,500 people will be working in 11 construction camps along the pipeline route. While this project is supported by the elected First Nation governments along the pipeline route, there is opposition from some hereditary leaders which will likely necessitate a police response.

The focus for opposition is the Unis'tot'en Camp located near the Morice River Bridge approximately 60 km west of Houston, BC. The Unis'tot'en camp is fully supported by the Office of the Wet'suwit'en (OW), the hereditary political organisation of the Wet'suet'en Nation. The Unis'tot'en Camp is expected to be the most active protest site and be a focal point for any court ordered injunction. The Camp presently maintains a blockade and controls access. The influx of construction workers combined with anti-LNG protests will impact the North District's (ND) ability to maintain core operations in those detachments along the pipeline route and throughout the District.

As per Article 9 of the Provincial Police Service Agreement (PPSA), this constitutes a special event in British Columbia. Pursuant to Sub-Article 9.7, I request your agreement with the internal redeployment of resources as per the operational plan as summarised in a 'Concept of Operations' document provided to Police Services Branch to the extent necessary to maintain law and order, and to ensure the safety of persons and property in the affected communities.

Further to Sub-Article 9.7 and as per sub-article 11.1 of the PSA the cost sharing ratio of 70% / 30% will be in effect. All costs associated to this special event will be accurately tracked and provided to the Province of British Columbia. An estimate of the policing costs (including salary, transportation, meals and accommodations), has been provided to Police Services Branch. Should there be a requirement to increase the provincial policing establishment from non-contract business lines or from resources outside the Division, Sub-Article 9.2 would be invoked and all costs associated to the incremental resources would be at 100%.

Should you have any questions or wish to discuss this further, please do not hesitate to contact myself or Nina Sahasrabuddhe, Executive Director of Operations Strategy Branch.

Sincerely,

Brenda Butterworth-Carr; Tr'injà shär njit dintlät  
Deputy Commissioner  
Commanding Officer, "E" Division

Correct, there is no indication of "all records relating to...". The request only covers extracted tables etc.

Responsive records are due back to the analyst on May 28<sup>th</sup>, 2019 (next Tuesday), so the timeline is a tad short.

Thank you,

Hi Zane,

Between Billy (Jim's shop) and Gayle – we should have responsive doc's. To be clear, the requestor isn't looking for all documents related to, simply any extracted tables, costs, lists on the topic area?

Just an FYI, these costs/lists would be fully redacted, I would recommend, due to 'harmful to law enforcement'.<sup>s.13</sup>

What is your timeline on this FOI request? This probably should wait until Gayle gets back as she/Billy would easily be able to extract more efficiently.

Hello Kelly,

I have canvased the directors and EDs within PSB who has started looking for records.

One concern that was raised was how detailed the FOI request is. If records are found, it is likely that the information the applicant is looking for would be entirely redacted under section 15.

For my own knowledge, if an applicants entire request revolves around records that would never be released, how is this handled at IAO?

Thank you,

Zane

***Hello Zane, please let me know if you are aware of any other program areas that might have records; Police Services is the only area at this time receiving this Call for Records as I wasn't sure if Security Programs would/should be included, and/or CMSB for some of the financial info. Please let me know and I will include the appropriate areas. Many thanks!***

***(Please note that the Ministry of Indigenous Relations and Reconciliation also received this request).***

Please find attached a Call for Records form that is electronic, fillable and saveable. The form has active links and pull-down menus. Please send your records **in one PDF document**, to the Justice/Social mailbox at [justice.social.foi@gov.bc.ca](mailto:justice.social.foi@gov.bc.ca). Thank-you.

Please contact the analyst assigned to this request if you have any questions – **Kelly Morita (250) 356-2030.**

### **What Do You Need to Do?**

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete only Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the Justice/Social FOI Mailbox at [justice.social.foi@gov.bc.ca](mailto:justice.social.foi@gov.bc.ca) by May 24, 2019. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, you will be contacted to continue the call for records process. You will also be advised you if the request is abandoned and/or closed.
- If no fees apply then proceed with the call for records process. Please complete the attached Call for Records Form and return it to the Justice/Social FOI Mailbox at [justice.social.foi@gov.bc.ca](mailto:justice.social.foi@gov.bc.ca) by May 30, 2019. Send records via email in PDF format. One PDF document is preferable. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

### **Reminder**

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

### **Questions and Concerns**

Please do not hesitate to contact your analyst noted on the attached Call for Records form to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees;
- and/or any other questions or concerns relating to this request.

I've just spoken with Billy about this and the only document I have is the same as the one he has discussed with you. Why don't you have a look at it with Billy and let me know if you need anything from me?

Thanks,

Hello Christal,

Correct, there is no indication of "all records relating to...". The request only covers extracted tables etc.

Responsive records are due back to the analyst on May 28<sup>th</sup>, 2019 (next Tuesday), so the timeline is a tad short.

Thank you,

Zane

Hi Zane,

Between Billy (Jim's shop) and Gayle – we should have responsive doc's. To be clear, the requestor isn't looking for all documents related to, simply any extracted tables, costs, lists on the topic area?

Just an FYI, these costs/lists would be fully redacted, I would recommend, due to 'harmful to law enforcement'.<sup>s.13</sup>

What is your timeline on this FOI request? This probably should wait until Gayle gets back as she/Billy would easily be able to extract more efficiently.

Best,  
C.

- I don't see any records or the 'spreadsheet' that you mention, only a signed harms assessment, and list of records and their associated harms? If there's a spreadsheet, please send separately from the harms; in fact just making sure that records are always kept separate from any harms and/or the completed CFR form. Thanks.

- Can you always make sure the assigned analyst is included when you respond to a CFR? I'm including Kelly on this reply. (Kelly take a gander at the attached and let us know if anything else?)

Thanks to both.

**Exercise of Discretion:**

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

**Factors relevant to the exercise of discretion include:**

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;

- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.
