Hi Jordan,

Just checked with PS Rice and she would be available to do an event around this announcement if we can set something up before 2pm (she's flying out to her riding at 2). Any chance we could make that work?

If not we'll just roll with an NR

Thanks,

Andrew

Subject: CEPF Structural Flood Mitigation - backgrounder/communities

Hi, all,

As discussed, please find below a list of the recipients for the Community Emergency Preparedness Fund (CEPF) structural flooding mitigation dollars.

News Release forthcoming for quote and NR review/approval, set for distribution Monday, Feb. 24, 8:30 a.m.

I've tried to provide the MLAs for each project, but there are some regions where there are several MLAs and I'm not certain of jurisdiction, so I've included a few.

I've also rounded up or down on some funding amounts – in those cases, the specific amount of funding granted is highlighted.

Depending on whether East Kootenay's proposal is approved, the total funding falls between \$12M and \$13M.

BACKGROUND

18 proposals approved for Community Emergency Preparedness Fund (CEPF) Structural Flood Mitigation projects

Abbotsford – Cannell Lake Dam Remediation

Total Approved Funding: \$493,000 (\$493,178)

MLA Abbotsford West – Mike De Jong

MLA Abbotsford-Mission – Simon Gibson

MLA Abbotsford South – Darryl Plecas

Armstrong – Meighan Creek Bypass

Total Approved Funding: \$730,000 (\$730,370)

MLA Shuswap – Greg Kylo

Colwood – Lookout Brook Dam Upgrade

Total Approved Funding: \$750,000

MLA Esquimalt-Metchosin - Mitzi Dean

Cowichan Tribes – 642 – Clem Clem Village – Cowichan River Erosion Protection

Total Approved Funding: \$750,000

MLA Cowichan Valley – Sonia Furstenau

Fernie – Mountainview Dike Upgrade Phase 1

Total Approved Funding: \$750,000

MLA Kootenay-East – Tom Shypitka

Kelowna – Strathcona Area Flood Prevention Project

Total Approved Funding: \$289,000 (\$289,100)

MLA Kelowna-Lake Country – Norm Letnick

MLA Kelowna-Mission – Steve Thomson

MLA West Kelowna – Ben Stewart

Lil'wat Nation (Mount Currie) – 557 – Pole Yard Dike Upgrade

Total Approved Funding: \$750,000

MLA Fraser-Nicola – Jackie Tegart

Lumby – Shields Ave Dike Upgrades

Total Approved Funding: \$750,000

MLA Vernon-Monashee – Eric Foster

Merritt – Voght Street Structural Flood Mitigation Project

Total Approved Funding: \$750,000

MLA Fraser-Nicola – Jackie Tegart

Metlakatla First Nation – 673 – Metlakatla Coastal Erosion Protection Project – Beach 4

Total Approved Funding: \$750,000

MLA North Coast – Jennifer Rice

North Cowichan – Canada Ave Flood Gate

Total Approved Funding: \$750,000

MLA Cowichan Valley – Sonia Furstenau

MLA Nanaimo-North Cowichan – Doug Routley

North Vancouver District – Kilmer Creek Restoration & Daylighting

Total Approved Funding: \$750,000

MLA North Vancouver-Seymour – Jane Thornthwaite

MLA North Vancouver-Lonsdale – Bowinn Ma

Penticton – Penticton Creek Structural Flood Mitigation - Reach 3A & 3B

Total Approved Funding: \$750,000

MLA Penticton – Dan Ashton

Peachland – Structural Flood Mitigation from 4th Street to Swim Bay

Total Approved Funding: \$750,000

MLA Penticton – Dan Ashton

Pitt Meadows – Fenton Pump Station Replacement

Total Approved Funding: \$740,000 (\$739,740)

MLA Maple Ridge-Pitt Meadows – Lisa Beare

Richmond – Flood Protection and Dike Upgrades

Total Approved Funding: \$750,000

MLA Richmond North Centre- Teresa Wat

MLA Richmond-Queensborough – Jas Johal

MLA Richmond South Centre – Linda Reid

MLA Richmond-Steveston – John Yap

Squamish Lillooet Regional District – Lillooet River Sediment Removal & Landslide Monitoring Equipment on Mt Currie

Total Approved Funding \$750,000

MLA West Vancouver-Sea to Sky – Jordan Sturdy

Telkwa – Bulkley River Flood Protection Improvements

Total Approved Funding: \$740,000 (\$739,740)

MLA Stikine – Doug Donaldson

*****East Kootenay Regional District – Cold Spring Creek Debris Flood Mitigation Project**

Total Approved Funding: \$750,000 (DO NOT ANNOUNCE, APPROVED IN PRINCIPLE, STILL WAITING ON FULL APPROVAL)

(MLA Kootenay East – Tom Shypitka)***

Cc: "Giles, Andrew EMBC:EX" <Andrew.Giles@gov.bc.ca>
Subject: RE: CEPF Structural Flood Mitigation - backgrounder/communities

Here's some brief descriptions, feel free to reword as necessary. Let me know if you think any of them need more detail or if you have any questions.

Jesse

- Colwood – Lookout Brook Dam Upgrade
 - The Lookout Brook Dam has very high downstream consequences if it were to fail, potentially impacting 65 properties and municipal services in the City of Langford. Colwood is undertaking improvements to the stability of the existing embankment to prevent a dam failure in the event of an earthquake.
- Metlakalta First Nation – Metlakalta Coastal Erosion Protection Project – Beach 4
 - Metlakalta First Nation is completing the last phase of a coastal erosion protection project in Metlakatla Passage. The CEPF work on Beach 4 will protect critical infrastructure buried in the road as well as access to the sewage treatment facility. Protection of Beaches 1 through 3 in front of the village have already been completed with ISC funding.

- North Cowichan – Canada Ave Flood Gate
 - Construction of a new flood gate to close the gap between existing floodwalls will protect the south end of North Cowichan and the City of Duncan urban core from flooding in up to the 200 year flood event. This project is Phase 4 of a longer term flood mitigation plan to protect the downtown core.
- North Vancouver District – Kilmer Creek Restoration & Daylighting
 - Kilmer Creek is an urban watercourse that was enclosed at its outfall in 1969. With the reconstruction of Argyle Secondary School, this portion of the creek will be daylighted on the western edge of the school site. The current creek channel passes through residential front and rear yards with minimal setback to the homes and inadequate channel conveyance capacity, which poses a flood hazard to the residents. Construction of a new creek channel will be required to improve conveyance capacity and provide enhanced erosion protection in order to remove the flood hazard to public & private property.
- Pitt Meadows – Fenton Pumping Station Replacement
 - The Fenton Pump Station is a critical piece of infrastructure for the City's flood protection, and is the only pump station to service the surrounding dike system. The two existing pumps are the end of their service life, and failure of the station would result in extensive flooding in the area. Two new pumps with increased capacity to adapt to climate change will be installed, as well as a back-up generator and associated power upgrades.
- Telkwa – Bulkley River Flood Protection Improvements
 - The proposed project will improve flood protection to the commercial and residential properties in the town core and to Riverside Street, the primary access to the west side of the Bulkley River where approximately half of the homes in Telkwa and industrial and rural properties are located. The project will consist of installing flood boxes, and raising the Riverside Street Dike and Eddy Park Dike to 1 meter above the 1:200 year flood elevation.

Subject: CEPF Structural Flood Mitigation - backgrounder/communities

Hi, all,

As discussed, please find below a list of the recipients for the Community Emergency Preparedness Fund (CEPF) structural flooding mitigation dollars.

News Release forthcoming for quote and NR review/approval, set for distribution Monday, Feb. 24, 8:30 a.m.

I've tried to provide the MLAs for each project, but there are some regions where there are several MLAs and I'm not certain of jurisdiction, so I've included a few.
I've also rounded up or down on some funding amounts – in those cases, the specific amount of funding granted is highlighted.
Depending on whether East Kootenay's proposal is approved, the total funding falls between \$12M and \$13M.

BACKGROUND

18 proposals approved for Community Emergency Preparedness Fund (CEPF) Structural Flood Mitigation projects

Abbotsford – Cannell Lake Dam Remediation

Total Approved Funding: \$493,000 (\$493, 178)

MLA Abbotsford West – Mike De Jong

MLA Abbotsford-Mission – Simon Gibson

MLA Abbotsford South – Darryl Plecas

Armstrong – Meighan Creek Bypass

Total Approved Funding: \$730,000 (\$730,370)

MLA Shuswap – Greg Kylo

Colwood – Lookout Brook Dam Upgrade

Total Approved Funding: \$750,000

MLA Esquimalt-Metchosin - Mitzi Dean

Cowichan Tribes – 642 – Clem Clem Village – Cowichan River Erosion Protection

Total Approved Funding: \$750,000

MLA Cowichan Valley – Sonia Furstenau

Fernie – Mountainview Dike Upgrade Phase 1

Total Approved Funding: \$750,000

MLA Kootenay-East – Tom Shypitka

Kelowna – Strathcona Area Flood Prevention Project

Total Approved Funding: \$289,000 (\$289,100)

MLA Kelowna-Lake Country – Norm Letnick

MLA Kelowna-Mission – Steve Thomson

MLA West Kelowna – Ben Stewart

Lil'wat Nation (Mount Currie) – 557 – Pole Yard Dike Upgrade

Total Approved Funding: \$750,000

MLA Fraser-Nicola – Jackie Tegart

Lumby – Shields Ave Dike Upgrades

Total Approved Funding: \$750,000

MLA Vernon-Monashee – Eric Foster

Merritt – Voght Street Structural Flood Mitigation Project

Total Approved Funding: \$750,000

MLA Fraser-Nicola – Jackie Tegart

Metlakatla First Nation – 673 – Metlakatla Coastal Erosion Protection Project – Beach 4

Total Approved Funding: \$750,000

MLA North Coast – Jennifer Rice

North Cowichan – Canada Ave Flood Gate

Total Approved Funding: \$750,000

MLA Cowichan Valley – Sonia Furstenau

MLA Nanaimo-North Cowichan – Doug Routley

North Vancouver District – Kilmer Creek Restoration & Daylighting

Total Approved Funding: \$750,000

MLA North Vancouver-Seymour – Jane Thornthwaite

MLA North Vancouver-Lonsdale – Bowinn Ma

Penticton – Penticton Creek Structural Flood Mitigation - Reach 3A & 3B

Total Approved Funding: \$750,000

MLA Penticton – Dan Ashton

Peachland – Structural Flood Mitigation from 4th Street to Swim Bay

Total Approved Funding: \$750,000

MLA Penticton – Dan Ashton

Pitt Meadows – Fenton Pump Station Replacement

Total Approved Funding: \$740,000 (\$739,740)

MLA Maple Ridge-Pitt Meadows – Lisa Beare

Richmond – Flood Protection and Dike Upgrades

Total Approved Funding: \$750,000

MLA Richmond North Centre- Teresa Wat

MLA Richmond-Queensborough – Jas Johal

MLA Richmond South Centre – Linda Reid

MLA Richmond-Steveston – John Yap

Squamish Lillooet Regional District – Lillooet River Sediment Removal & Landslide Monitoring Equipment on Mt Currie

Total Approved Funding \$750,000

MLA West Vancouver-Sea to Sky – Jordan Sturdy

Telkwa – Bulkley River Flood Protection Improvements

Total Approved Funding: \$740,000 (\$739,740)

MLA Stikine – Doug Donaldson

*****East Kootenay Regional District – Cold Spring Creek Debris Flood Mitigation Project**

Total Approved Funding: \$750,000 (DO NOT ANNOUNCE, APPROVED IN PRINCIPLE, STILL WAITING ON FULL APPROVAL)

(MLA Kootenay East – Tom Shypitka)***

Hi Andrew,

We've sent out a local release to North Vancouver media for Bowinn. She's asked if you were able to get her a briefing note on the project for her follow up media calls. Anything you have would be helpful. Her direct email is s.17 if you're able to please send to her directly and copy me.

Thank you!
Joanna

Subject: RE: Flood mitigation - Local NRs for MLAs

Couple little typos highlighted below but other than that, fine by me. Will any thoughts?

CITY – New Democrat MLA [Name] is welcoming \$_____ in provincial funding that will help [Community] prevent, eliminate or reduce the impacts of flooding.

“Quote about key message and people” said MLA [Name]. “Second part of quote about key message and people.”

Funding is provided through the Community Emergency Preparedness Fund (CEPF), and will support [details of local project].

The local investment is part of more than \$12 million in provincial emergency preparedness funding supporting flood mitigation projects in communities all across B.C.

Since New Democrats formed government in July 2017, communities across B.C. have received more than \$38 million through CEPF, which has enhanced the preparedness and resiliency of local governments and First Nations communities for emergencies such as floods or wildfires.

Cc: Groves, Joanna <Joanna.Groves@leg.bc.ca>
Subject: RE: Flood mitigation - Local NRs for MLAs

Here's the deets for the local projects:

- Colwood – Lookout Brook Dam Upgrade
 - The Lookout Brook Dam has very high downstream consequences if it were to fail, potentially impacting 65 properties and municipal services in the City of Langford. Colwood is undertaking improvements to the stability of the existing embankment to prevent a dam failure in the event of an earthquake.
- Metlakalta First Nation – Metlakalta Coastal Erosion Protection Project – Beach 4
 - Metlakatla First Nation is completing the last phase of a coastal erosion protection project in Metlakatla Passage. The CEPF work on Beach 4 will protect critical infrastructure buried in the road as well as access to the sewage treatment facility. Protection of Beaches 1 through 3 in front of the village have already been completed with ISC funding.
- North Cowichan – Canada Ave Flood Gate
 - Construction of a new flood gate to close the gap between existing floodwalls will protect the south end of North Cowichan and the City of Duncan urban core from flooding in up to the 200 year flood event. This project is Phase 4 of a longer term flood mitigation plan to protect the downtown core.
- North Vancouver District – Kilmer Creek Restoration & Daylighting
 - Kilmer Creek is an urban watercourse that was enclosed at its outfall in 1969. With the reconstruction of Argyle Secondary School, this portion of the creek will be daylighted on the western edge of the school site. The current creek channel passes through residential front and rear yards with minimal setback to the homes and inadequate channel conveyance capacity, which poses a flood hazard to the residents. Construction of a new creek channel will be required to improve conveyance capacity and provide enhanced erosion protection in order to remove the flood hazard to public & private property.
- Pitt Meadows – Fenton Pumping Station Replacement
 - The Fenton Pump Station is a critical piece of infrastructure for the City's flood protection, and is the only pump station to service the surrounding dike system. The two existing pumps are the end of their service life, and failure of the station would result in extensive flooding in the area. Two new pumps with increased capacity to adapt to climate change will be installed, as well as a back-up generator and associated power upgrades.
- Telkwa – Bulkley River Flood Protection Improvements
 - The proposed project will improve flood protection to the commercial and residential properties in the town core and to Riverside Street, the primary access to the west side of the Bulkley River where approximately half of the homes in Telkwa and industrial and rural properties are located. The project will consist of installing flood boxes, and raising the Riverside Street Dike and Eddy Park Dike to 1 meter above the 1:200 year flood elevation.

Subject: Flood mitigation - Local NRs for MLAs

Hi Ella,

I'm the new MA in PSSG on Emergency management stuff. There's going to be some Community Emergency Preparedness Funding (CEPF) announced shortly. We're looking to push out a NR to members that are going to be receiving some flood mitigation funding and just had a chat with Joanna about this. Here is a list of our members that will be receiving funding , as well as how much funding and which project it's for:

Member	Project	Funding
MLA Mitzi Dean (Esquimalt – Metchosin)	Colwood – Lookout Brook Dam Upgrade	\$730,370
MLA Jennifer Rice (North Coast)	Metlakalta First Nation – Metlakalta Coastal Erosion Protection Project – Beach 4	\$750,000
MLA Doug Routley (Nanaimo – North Cowichan)	North Cowichan – Canada Ave Flood Gate	\$750,000
MLA Bowinn Ma (North Vancouver – Lonsdale)	North Vancouver District – Kilmer Creek Restoration & Daylighting	\$750,000
MLA Lisa Beare (Maple Ridge – Pitt Meadows)	Pitt Meadows – Fenton Pumping Station Replacement	\$739,740
MLA Doug Donaldson (Stikine)	Telkwa – Bulkely River Flood Protection Improvements	\$739,740

From the MO Side, we've got a draft news release that I've attached to help you with some messaging (note that the quotes from Minister Farnworth and PS Rice are still awaiting approval. I'm also working on getting some more info on each of the projects so you have something more to say about them

We'd like to have this ready to go for Monday so let me know if that is possible (Gov side NR is set to go out at 8:30 on Monday so it would be great to have the Caucus NRs ready to go at the same time).

Let me know if you need anything else

Hello Andrew,

Thank you. That grant is likely one that local governments will be aware of. What the municipalities are likely seeking are any new sources, or supports being offered provincially- or federally.

I propose that if you have the staff to look into new options provincially, I will also have our local MP's CA have a look at what is being offered federally. Let me know if that sounds doable!

Kind regards,

Cyra Yunkws

Hey Cyra,

Off the top of my head there are the Community Emergency Preparedness Fund (CEPF) grants which are administered by UBCM. There are 7 streams that deal with various things like structural flood mitigation, Indigenous Cultural safety ,etc. Some of the deadlines have already passed but a few of the streams are offered several times a year (I can check on that if you need the info). Here is a link that provides some more info:

<https://www.ubcm.ca/EN/main/funding/lgps/community-emergency-preparedness-fund.html>

Let me know if that is enough to get the ball rolling with Minister Conroy,

Subject: MLA Meeting

Hello Andrew,

I hope that this finds you well?

I was directed to you by Josh McLeod, CA to Jennifer Rice. I am reaching out because my MLA Katrine Conroy is meeting with several municipalities the week of March 9-13, 2020. She has been asked about any funding/opportunities for emergency community economic resiliency planning. They are currently undertaking a project to explore what this looks like- the post disaster time, where communities need to have an economic resiliency plan in place- or should work on one.

My question is:

- Is there any funding available for this sort of planning?
- If yes, please direct me to where to find it, and what the timelines are
- If no, what next steps would you recommend a community undertake to be most prepared for emergencies and disasters?

Any other suggestions are also welcomed!

Kind regards,

Cyra Yunkws

Subject: Oceans Network Canada outreach meeting

Hey folks,

On April 1st we were hoping to have some of our MLAs meet with Oceans Networks Canada and tour their UVic based facility. The organization runs a leading ocean observatory using fiber optic cables – which provide power and internet to a number of real-time sensors that monitor ocean activity. A provincial investment of \$5M helped the organization develop an earthquake early warning detection, an initiative the organization has worked with PS Rice to develop.

Because this organization touches on a few ministries, I wanted to check in before going ahead with booking the meeting. Can you please let me know by the end of the day tomorrow if you have any issue with us moving ahead with the meeting? PS Rice is supportive and is willing to lead the meeting.

Thanks,

Brady

Hi Jen,

We're planning to send out these local releases on local resiliency projects on Monday morning. Please approve the highlighted quote and let me know if you have any other feedback.

FYI, the project description we got is as follows:

- Metlakalta First Nation – Metlakalta Coastal Erosion Protection Project – Beach 4
 - Metlakatla First Nation is completing the last phase of a coastal erosion protection project in Metlakatla Passage. The CEPF work on Beach 4 will protect critical infrastructure buried in the road as well as access to the sewage treatment facility. Protection of Beaches 1 through 3 in front of the village have already been completed with ISC funding.

Subject: Re: Your Pitches this morning

Hey Rick,

Next week's CEPF announcement is about volunteer and composite fire departments. The Indigenous cultural training stream is something that we're working on for when the climate cools down a bit.

I'll keep you in the loop about the Search and Rescue event and let PS rice know that the break weeks would work well!

Thanks,

Andrew Douglas

Hi Andrew,

I'm not sure we've met, I work on events and scheduling and normally follow up with everyone following the pitch meeting. I just wanted to get in touch with you about your pitches from this morning.

For the first one, regard CEPF funding, I missed the details you mentioned. Is this about Indigenous Cultural Safety and Humility Training? Let me know. And if there is a specific date or dates you need let me know too (I normally catch these in my notes, but I was momentarily distracted this morning while you were mentioning this one specifically, sorry)

And for your second one, regarding the Search and Rescue demo in the North Shore, Coquitlam or Maple Ridge, i noted that you said any time in the April break would work. If you are flexible entirely and PS Rice could do any day in those two break weeks let me know, and we can likely find a day that works as we get closer.

Thanks

Rick

Hey Tara,

MLA MA is looking for some more information on the Kilmer Creek Restoration and Daylighting project that will be part of Monday's announcement. Are you able to share anything else like the technical specifications of the proposal etc.?

Ideally we would like to have this by Monday morning so she can be well informed for any local media

Thanks,

Hi Jordan,

Please find attached a brief that summarizes the DNV Kilmer Creek project.

Based on the CEPF agreement with UBCM, we're able to share this information within the Province (incl MLA's), but it is not intended for public release. Requests for further information for public release should be directed to the District of North Vancouver.

If there's anything further we can assist with, please let me know.

Hey Jordan,

Any chance we could put together a little blurb about the value of search and rescue or volunteer fire departments on the Scout Leader's story?

Thanks,

Subject: Workstation Asset Number

Hi Andrew 😊

Our asset management team is looking for the asset tag on your workstation. If you look under your laptop on the bottom there should be a barcode looking sticker with a number ex. ND123456

That is what we are looking for - if you cannot find it there you can also go to control panel -> System and it will be displayed under the system name

Thank you,
Jessica Speed
