Also, Minister Donaldson is now also confirmed to join the meeting as well so can I work with you tonight to adjust the agenda and participant list so that the moderator, and other participants have the most up to date agenda to go off of?

Good afternoon,

I'm attaching the DRAFT framework. United Coast Leaders would like to hear from Dr. Henry and have included some questions for her specifically.

They also expressed interest in hearing from Minister Fraser, either as opening or closing.

The four themes are included with strong agreement. The sub-questions and format within that 20 minutes is subject to change.

Please also note the revised conference call details – I will forward a draft to you if there are substantial changes before the call tomorrow.

Hi Minister

The 9:00am call is the Provincial Emergency Coordination Call that takes place each day. It is an opportunity for all of the Provincial Regional Operations Centres from across the province and those in the PECC itself to get the latest information on COVID-19, update on the priorities and sets the day up for them in terms of what will likely be the focus. Provincial Liaisons from other ministries are often on the call as they can play a vital role in the PECC.

Following the traditional territory acknowledgement from one of the staff, the PECC Director will turn it over to you to speak.

The purpose is to recognize the work that EMBC has done in response to the pandemic. s.13

**Subject:** Oppenheimer Park Clean-up

Dear Hon. Mike Farnworth, Minister of Public Safety & Solicitor General and Hon. Shane Simpson, Minister of Social Development & Poverty Reduction and Constable Adam Palmer, Vancouver Chief of Police;

I would like to offer my thanks and congratulations on the commendable job in dismantling Oppenheimer Park in the recent weeks.s.22 at the Door is Open (which is located on the west side of Oppenheimer Park), I, and others at the Door is Open, had witnessed the declining state of the park over a period of many months, and we appreciate the efforts that you headed up to have the issue addressed in such a quick and calm manner. The safety and health of everyone in the Downtown Eastside required the action that was taken by each of you.

The police officers working in the Downtown Eastside need be thanked for putting themselves at risk every day, and particularly during this time of pandemic. I have seen many examples of respectful and competent officers handling their duties with the right mix of patience and firmness. And the others who handled the dismantling of the park and the relocation of the people who had been staying in the park need to be thanked for the manner in which they conducted themselves and the speed in which they completed their work.

Thank-you again and best wishes as your important work continues during this extra challenging time of pandemic, and beyond.

Regards,  
s.22

Dear Minister Farnworth,

I hope you are keeping well – I'm admiring your steady work during the pandemic and have appreciated your gardening social media posts too!

I wanted to share an invitation to a series of short virtual sessions that Canuck Place is holding this month for our family and friends – see below. We invite you (or a member of your constituency team) to log-in and participate. In these short – just 30 mins each – sessions, you'll hear directly from Canuck Place clinical staff about how we're adapting care and supporting children and families in your community during the COVID outbreak. I've highlighted (in yellow) two sessions that may be of particular interest: respite care and handling grief.

Please let me know if you'd like to attend and I'll send along the Zoom meeting details directly, or use the Register Now buttons below. I'd also welcome you to share this Canuck Place Connect information with your constituents.

I hope to see you again soon – virtually, for sure .... and hopefully in person at Dave Lede House, Canuck Place's Abbotsford location, when this is all over too!

Sincerely,  
Denise
