Would you like to do the Polar Plunge? Could always just be a social media opportunity to help promote if you're not able to go. Your schedule is technically open on the 2nd.

He's in a meeting of the Select Standing Committee on Crown Corps at the Robson Square offices. It finishes today at 5 pm. May not work if she's taking a 5 or 7 pm ferry. I think post-caucus on Tuesday might work best.

Hi Riki-Lee,

s.22 and now catching up on emails. PSK has community meetings throughout the morning and an event that ends at 1:30 pm. He also has an event in Richmond at 6 pm. If Shauna is able to come to Delta to meet him in the afternoon, that would work. Otherwise, we'll have to shoot for next week.

He's in Victoria on Monday night and then Tuesday, they have all-day caucus. He's in Delta for the rest of the week.

What can we do here?

Dean, we have contacted the Pipe band and see letter to SFFA attached.

We spoke to the RCMP last night and will send a similar letter to them which we will forward to you. They are anxious to be involved.

We also spoke to Bruce Ralston, MLA for Whalley. He also suggested that there is funding available through the province through him. You will have to have a reason to receive the funding ie: wiffle ball or an electronic scoreboard or????I will forward his information for contact. Should be sooner than later (his words).

I will try and also get in touch with the Mayor this week.

Let me know if this all works for you. And if so you will have to follow up as soon as the dates are confirmed.

Hi Raj,

Can you add a meeting to Ravi's calendar – Stephanie Allen from Hogan's Alley Society for Feb 8 at 11 am at VCO?

I spoke with Stephanie over the phone today to get some additional background. Mira may also join for the meeting as well.

Ravi,

Please see the attached letter from Stephanie Allen and June Francis, from Hogan's Alley Society. They requested a meeting some time ago that we were not able to make work. We are really grateful that you are able to take the meeting on the Premiers behalf.

Ramesh, I'll introduce you to Stephanie over email so you can find a time that works.

And Geoff, I've cc'd you in case you want to share any relevant background with Ravi.

Thank you, all.

Hi,

I know we've reached out to you all separately about celebrating Vaisakhi formally at the legislature this year. Would it be possible to organise a meeting to investigate the feasibility of this? We were kindly invited to the Divali celebrations and thought of doing something similar. These were our preliminary thoughts:

1. Have a Kirtan performance at the legislature. We have experienced kirtanis who play with

traditional string instruments and have committed to attending.

2. Have a Sikh heritage display. We have story boards describing Sikh history, along with artefacts from the 17-1800s.

3. Turban tying. We would be happy to do a turban tie for the MLAs and staff. We have done this before at Camosun College and is always popular.

4. We would like to cater the event too with traditional indian vegetarian food.

We could also have Guru Granth Sahib present, but that has stricter protocols and is something that would need to be discussed with yourselves. We were thinking to have the event for the week beginning April 7th, just prior to Vaisakhi itself and include it as part of the wider BC Sikh Heritage Month festivities.

Please don't hesitate to contact me.

Hi Ramesh,

When sending us records, we request that you combine them into a **single pdf**, rather than a **pdf portfolio**. To do this, you must go to the Adobe PDF tab in Outlook and click on 'Change Conversion Settings' on the Preferences tab. Once the window opens, de-select 'Output Adobe PDF Portfolio when creating a new PDF file', then hit 'OK'.

Thanks very much.

Hi Goneet,

Ramesh from Minister Beare's office here. I don't think we've met officially yet. I'd like to inquire about MLA Ma's interest in participating in the Nowruz celebrations this year at the Leg. My understanding is she read some sort of a poem at last year's event?

My main questions:

- Would she like to participate? Either emcee, read a poem, etc
- If yes to the above, can you hold March 25 and 26? We don't know yet which of the dates it will be.
- Is there a list of folks from her community she would like to invite?

It was great to see you on Friday morning. I'm hoping that maybe we can get together for coffee. I realize that despite seeing each other at events for the last few years that we haven't sat down and chatted at length. It'd be good to exchange ideas and perspectives.

Tentatively, I'm thinking I'll be coming over^{s.22} . Maybe we can grab coffee on the Friday?

Dear Parliamentary Secretary for Sport and Multiculturalism - Ravi,

As we are set to start the new year I am excited to share with you that our charity Physical Literacy for Life has elected a new Chair -s.22
s.22

At the charity Physical Literacy for Life and the non-profit Sport for Life we are excited about the year to come which, with Ram's leadership, will include publishing Developing Physical Literacy 2.0 (we originally introduced physical literacy to Canada in version 1.0 published in 2006) and our 4th International Physical Literacy Conference (IPLC) hosted in Winnipeg in May as well as hosting the 1st IPLC Europe in Sweden in September.

In the last 12 years British Columbia has led in developing physical literacy and we are keen to continue work with your Ministry to further the impact we can make to increase physical activity in the province. To that end it would be great for us to meet early in the new year to better understand your vision and how we can support it.

Happy New Year!

I hope you had a good holiday break.

Following up on our previous correspondence, do you think it will be possible for us to have a meeting with the Premier in the next while? With Black History Month approaching it would be a ideal time to share the work being done in Vancouver to restore Hogan's Alley and discuss ways that the provincial government can support People of African descent in BC.

Thank you Angela for the introduction.

Hello Mira, a pleasure to connect with you.

We're eager to meet with Premier Horgan and discuss the work being done by the Black community in the region and to talk about how people of African descent in here in BC can be supported through provincial initiatives. A November meeting works for us.

Looking forward,

Stephanie Allen

Good morning Mira,

It was great speaking with you earlier about community-based initiatives currently underway that are promoting the well-being of Black people in British Columbia. Please allow me to introduce you to June Francis and Stephanie Allen with Hogan's Alley Society. Stephanie and June are prominent leaders in our community. Their vision is inspired. Please see in their letter (attached) that outlines their work and a request for a meeting with Premier John Horgan.

Thank you Mira for being willing to bring this request to the Premier and as you mentioned, if a meeting was to happen it could potentially occur in November 2018.

I trust you will take it from here and I am looking forward to all that's next.

Yours sincerely,

Angela

Kyle, could you confirm that someone is going to be shuttling PS Kahlon and Ramesh to and from the airport? If not I will make other arrangements.

Ramesh, I've completed the Registration for you and PSK for the Minister's Conference but not for the Games as it stated below that you received log-in information for that, that I don't think I have.

However, they assume you use Outlook and I'm not sure if they are applicable to use on a Mac. Do you use Outlook and are you on a PC or Mac?

I've attached some instructions that will help to prepare the calendar once it is shared with you.

Here is how someone can share their calendar:

Right click on the calendar>Share>Email Calendar

<image004.png>

Once you have the calendar, follow the instructions I've attached to prepare it in PDF format. I would suggest filtering out the MLA stuff using the colour coding instructions first.

Let me know if you need any additional help.

The registration for the Women on Boards webinar Jan 30 is nearing capacity! With such a positive uptake the organizers are investigating future sessions already.

In order to highlight the Province's role in these, we have prepared some tweets for PSK (and I sent some for PS Dean already to her comm's shop).

These can be sent anytime before Jan 30, pls and thx.

PSK:

- We are proud to be hosting a webinar with [@ghamamoto](#) to discuss #womeninsport & how to increase gender diversity in sports organizations bit.ly/2EzYXnf @viasportbc @CAAWS
- It's imperative that we are looking at reducing sport drop-out rates for teenage girls & addressing sport participation barriers. Our government is working to encourage #genderequity and this webinar is a great opportunity for leaders in sports to learn more bit.ly/2EzYXnf

Hi Dean,

Just wanted to double check a few things for the F-P/T Ministers Conference.

1. Is that plan still to have the following people attend:
 - Parliamentary Secretary
 - Deputy Minister
 - Ramesh
 - Kyle
2. We need to confirm attendance and have everybody register by **Friday, January 25th**. In

order to register and ensure transportation is provided from the airport to the hotel, everybody will also need to have their travel itinerary finalized by January 25th. Is this going to be possible?

3. As soon as our list of attendees is finalized, I'll send the Host Society a note to ensure everybody has been sent the information they need to log-in and register. Will Ramesh will take care of himself and PSK and Andrea take care of the DM?
4. We're drafting a note that we can send out to the key contacts looking after travel arrangements and registration for PSK and the DM to help ensure nothing gets missed. There might be a few bits of information we still need to add, but a first draft of that note is included below.

1. Confirm Dates of Travel.

- Confirm dates of travel for BC Delegates **by January 25th**.
- Inform Sport Division staff on dates of travel.

Important dates and events for consideration:

February 13, 2019

- Late afternoon/dinner SPARC Official's meeting

February 14, 2019

- 9:30 a.m.-5:15 p.m. Minister's Conference

February 15, 2019

- 9:00 a.m.-4:30 p.m. Minister's Conference
- 4:00-6:00 p.m. VIP Reception
- 7:00-9:00 p.m. Opening Ceremonies – 2019 Canada Winter Games

February 16-March 3, 2019

- Various Team BC Events

2. Book Travel and Accommodation.

- Book **travel** arrangements for BC Delegates **as soon as possible**.
 - Travel should be booked as soon as possible, as options may become limited.
 - Note:
 - VIP Shuttle to Red Deer departs from Calgary Airport.
- Book/confirm **accommodation** for BC Delegates **by January 25th**.
 - Decision required as soon as possible where the BC delegates will stay while attending the Ministers Conference and Games.
 - Note:

- The Radisson is where the Ministers Conference will be held. Sport Division has booked four rooms at the s.15 from Feb 13th-Feb 17th.
- The DMO has booked two rooms at the s.15 from Feb 13-16th.
- Inform Joyce Peck at Sport Division on dates and hotel preferences so any changes to existing bookings can be made.

3. Register for Minister's Conference (accreditation) by January 25th.

- Registration Website: www.scicsonline.ca
- Registration PIN: s.22
- Note:
 - All people attending the Ministers Conference **must register** in order to receive accreditation as access to the meeting room is controlled.

4. Register for Canada Winter Games (accreditation) by January 25th.

- Host Society will be sending individual emails containing log-in information for Registration site.
- Registration Website: <https://cg2019.gems.pro/default.aspx>
- Note:
 - All BC delegates must also register for the Canada Games through the GemsPro system to receive accreditation as access to Games venues, services (transportation) and VIP events is controlled. This is required even if Delegates are not attending any of the Canada Games events.
 - Travel and accommodation details are required at the time of registration, as services (e.g. transportation) are arranged through GemsPro.
 - Registration should occur as soon as possible, as late registration may result in Delegates having to arrange their own travel if VIP travel fills up.
 - A photo may be required at the time of registration as well (Sport Division confirming).

- Note:
 - All BC delegates must also register for the Canada Games through the GemsPro system to receive accreditation as access to Games venues, services (transportation) and VIP events is controlled. This is required even if Delegates are not attending any of the Canada Games events.
 - Travel and accommodation details are required at the time of registration, as services (e.g. transportation) are arranged through GemsPro.
 - Registration should occur as soon as possible, as late registration may result in Delegates having to arrange their own travel if VIP travel fills up.
 - A photo may be required at the time of registration as well (Sport Division confirming).

Dear Parliamentary Secretary for Sport and Multiculturalism - Ravi,

As we are set to start the new year I am excited to share with you that our charity Physical Literacy for Life has elected a new Chair - s.22
s.22

At the charity Physical Literacy for Life and the non-profit Sport for Life we are excited about the year to come which, with Ram's leadership, will include publishing Developing Physical Literacy 2.0 (we originally introduced physical literacy to Canada in version 1.0 published in 2006) and our 4th International Physical Literacy Conference (IPLC) hosted in Winnipeg in May as well as hosting the 1st IPLC Europe in Sweden in September.

In the last 12 years British Columbia has led in developing physical literacy and we are keen to continue work with your Ministry to further the impact we can make to increase physical activity in the province. To that end it would be great for us to meet early in the new year to better understand your vision and how we can support it.

Happy New Year!

Subject: FW: Announcement: NCPS Funding - Tuesday, January 22nd

Hello All,

Please find below an invite from Minister Bill Blair's office about an announcement they are making at Surrey City Hall tomorrow morning. MMF is not able to attend due to a schedule conflict. Please let our office if your elected official is able to attend. (I have cc'ed Sara from our office to help us track who is able to attend)

Here is some background bullets for the NCPS announcement, in case this is useful for any MLAs attending; in addition to our KM's on PSSG funding for gang prevention initiatives:

National Crime Prevention Strategy

- Public Safety Canada's National Crime Prevention Strategy (NCPS) provides time-limited grants and contributions to support projects that contribute to preventing and reducing crime in Canada and to increasing knowledge about what works in crime prevention.
- The NCPS' priorities for the 2018 Call for Applications are direct intervention and

strengthening community readiness projects among Indigenous and vulnerable populations to prevent or reduce the impacts of crime issues on communities in the following areas: Youth gangs; Youth violence; Youth bullying; and Youth cyberbullying.

- The 2018 call for proposals was open from June 6, 2018 to July 31, 2018 and successful projects can implement as early as April 1, 2019.
- The NCPS has a number of funding streams including the Youth Gang Prevention Fund.

Surrey Anti-Gang Family Empowerment Program (SAFE)

- The Surrey Anti-Gang Family Empowerment Program (SAFE) has been awarded \$7.5M in funding through the NCPS's **Youth Gang Prevention Fund** for implementation from January 7, 2019 to December 31, 2023. SAFE will be funded as a direct intervention project which can be up to 60 months of duration with a maximum amount of \$7,500,000 per recipient, per project, with a maximum of \$1,500,000 per year.
- The SAFE program will address risk and protective factors associated with youth violence and youth gangs in Surrey; provide children and youth alternatives to joining gangs and help them develop social skills and attitudes; and will contribute to the development and dissemination of knowledge regarding what works to prevent crime. This project was a product of the findings of the Mayor's Task Force on Gang Violence Prevention which reported its findings in July 2018.
- Over the five year implementation period, this project will target up to 4,730, high-school aged, visible minority youth (13-17 years of age) in the City of Surrey who are assessed as being at high risk of engaging in, or already engaged in, violent behaviour.
- This project will be delivered in collaboration with Options Community Services Society, Pacific Community Resources Society, DIVERSEcity Community Resources Society, Progressive Intercultural Services Society, Surrey Crime Prevention Society, Solid State Industries, Surrey School District 36, Surrey RCMP, Fraser Region Aboriginal Friendship Centre Association, Combined Forces Special Enforcement Unit, Ministry of Child and Family Development, Kwantlen Polytechnic University, Simon Fraser University, Yo Bro/Yo Girl and other community organizations.

Key Messages on PSSG gang prevention funding

Erase Program Funding

- To help educate youth and to fight the lure of gangs and gang violence in our communities, the Province is providing \$1.12 million in additional funding to expand the provincial Expect Respect and a Safe Education (ERASE) program. (Announced July 3, 2018)
- According to the "Preventing Youth Involvement in Gangs" report, the average age when youth begin to associate with gangs is 13 years old.
- Over 18,000 educators, law enforcement members, probation officers, child and

youth mental health workers and other community partners have received training through B.C.'s ERASE program.

- The expanded ERASE program aims to train over 14,000 school/district staff, law enforcement members and community partners to prevent and respond to safety issues involving gang-related behaviour, guns and illicit drug use.
- The expanded ERASE program also aims to provide all 60 safe school teams in the province with tools to identify and respond to youth on the pathway to gang and gun violence.

End Gang Life Exiting and Outreach Pilot Program Funding

- To date, the End Gang Life Exiting and Outreach Pilot Program has assisted 40 individuals in successfully exiting the gang lifestyle, and has reached over 425,000 community members through community engagement initiatives.
- End Gang Life school presentations have been delivered to over 25,000 students around the province. The End Gang Life program presents to Secondary, Middle and Elementary Schools and is involved in after school programs, career fairs and community functions.
- And to ensure supports are also there for those seeking to leave the gang lifestyle, the Ministry of Public Safety is providing an additional grant of \$239,000 to the Gang Exiting and Outreach Pilot Program. (Also announced July 3, 2018)
- The program, currently being evaluated to identify best practices and lessons learned, supports young gang-entrenched adults who are serious about making a change. The additional funding provided will support the pilot through to the end of its evaluation phase.

Surrey Wrap Funding

- In October 2017, we announced secure, annual funding of \$500,000 for the Surrey Wraparound program, commonly known as Surrey Wrap.
- Wrap is a proven program – it has helped hundreds of families and youth as young as 11, and it has reduced participants' negative police contacts by two-thirds.
- The number of youth/families served by Wrap has grown from 131 to 147 – capacity has increased 12 percent since the program received annual funding from our government.
- The annual funding we committed responds to the fact that this program has had exceptional uptake, year after year, and we expect that there will be continued interest and referrals.
- Surrey Wrap is about stopping the flow of young people into positions in the drug trade that open up when someone else dies or goes to jail.
- By keeping youth out of gangs, we can stop this vicious circle and build a better

future for our communities.

Thanks,
Nimmi

Hello Mr. Kahlon,

I am following up with you after your conversation with Gurleen Kaur. We are asking for support regarding Sikh Heritage Month celebrations happening in April 2019.

Sikh Heritage Month was celebrated for the first time last year and it was a tremendous success. Students organized this initiative, highlighting Sikh artists, professionals, and a rich and unique heritage. Some of your colleagues from the BC NDP also joined us at our final event. We looked to Ontario for inspiration where they have been celebrating it for some years now.

However, one thing Ontario has that we did not was government funding. We were hoping that the BC government could help in that regard, as you have recognized Sikh Heritage Month in Legislature as well. We looked into multiculturalism grants and were not sure whether they would be applicable to us. Any help with that would be greatly appreciated.

If possible, we also seek a long-term partnership to put on these celebrations, which reached over 2,000 people from the Lower Mainland last year and will reach even more this year. We would love to sit down and discuss in further detail if necessary.

We hope to hear from your office soon.

Regards,
Danish Singh

Subject: Minister Duncan/PS Kahlon call - Cyberbullying and harassment

Hi Angela,

Ramesh Ranjan here from Minister Lisa Beare's office at the Government of British Columbia. We'd like to setup a call between Minister Duncan and Parliamentary Secretary Ravi Kahlon for some time next week. The topic is on the issue of cyberbullying and harassment, in light of the incident involving Team Canada captain Maxime Comtois.

In response, on Saturday, Hockey Canada CEO Tom Renney has called on senior levels of government to take action:

<https://twitter.com/JanetBrown980/status/1081236958477602816>

<https://twitter.com/drex/status/1082126395008897025>

We are getting Ministry staff in our Sport branch to put together a briefing note on current government initiatives at the provincial level. It would be great to learn about what is happening at the federal level and if a briefing note on the same topic can be done ahead of the call?

It'd be great to chat in detail about this with you. My number is 604-220-5303. I can make myself available tomorrow to chat, as it's an important and emerging issue.

Sincerely,
Ramesh

Hi Andrea,

PSK will be doing a call with stakeholders in the Muslim community on Jan 29th to mark the anniversary of the mosque shooting. He will discuss what government has done in the past year and what government plans to do in the coming year to combat hate and racism in communities across British Columbia. We'd like some KMs for him to review and use.

On a similar note, I've asked Carla from comms to work with the multi branch on developing a general issues note on anti-racism. This is a separate request but I'll acknowledge that similar messaging will be used for both.

Good morning Andrea,

For the upcoming F-P/T Sport Ministers' Conference there is a request to submit a bio and photo for both the Minister and Deputy Minister. This information will be included in the package that other Ministers and staff attending the meeting receive. Wondering if you have something on hand that you could provide us with? As noted below, the deadline to submit the requested information is January 22nd.

Don't hesitate to give me a ring if you have any questions.

Thanks,
Kyle

Subject: Minister Duncan/PS Kahlon call - Cyberbullying and harassment

Hi Angela,

Ramesh Ranjan here from Minister Lisa Beare's office at the Government of British Columbia. We'd like to setup a call between Minister Duncan and Parliamentary Secretary Ravi Kahlon for some time next week. The topic is on the issue of cyberbullying and harassment, in light of the incident involving Team Canada captain Maxime Comtois.

In response, on Saturday, Hockey Canada CEO Tom Renney has called on senior levels of government to take action:

<https://twitter.com/JanetBrown980/status/1081236958477602816>

<https://twitter.com/drex/status/1082126395008897025>

We are getting Ministry staff in our Sport branch to put together a briefing note on current government initiatives at the provincial level. It would be great to learn about what is happening at the federal level and if a briefing note on the same topic can be done ahead of the call?

It'd be great to chat in detail about this with you. My number is 604-220-5303. I can make myself available tomorrow to chat, as it's an important and emerging issue.

Sincerely,
Ramesh

At the charity *Physical Literacy for Life* and the non-profit *Sport for Life* we are excited about the year to come which, with Ram's leadership, will include publishing Developing Physical Literacy 2.0 (we originally introduced physical literacy to Canada in version 1.0 published in 2006) and our 4th International Physical Literacy Conference (IPLC) hosted in Winnipeg in May as well as hosting the 1st IPLC Europe in Sweden in September.

In the last 12 years British Columbia has led in developing physical literacy and we are keen to continue work with your Ministry to further the impact we can make to increase physical activity in the province. To that end it would be great for us to meet early in the new year to better understand your vision and how we can support it.

Hi Rizwan,

Thanks for sending this over. We can confirm that Parliamentary Secretary Ravi Kahlon will be attending on February 10 and will be presenting remarks on behalf of Premier John Horgan. Can you provide a best time to arrive, a contact person and contact phone number for when PS Kahlon arrives, and a detailed agenda for the event? The poster gave only very basic details.

Thanks,
Ramesh

Hi PS Kahlon and Ramesh,

Below is the information I received from program --they confirmed that there's \$860,000 in 18/19 fiscal to support Physical Literacy. I also asked about the types of services they wished to procure through the RFP.

Let me know what your thoughts are.

January 2019 RFP

The January 2019 RFP will be procuring for three discrete services (managed by one over-seeing contractor, with multiple subcontractors expected):

1. **Program Development** (April – August 2019, ongoing as needed)
 - Develop professional development services (workshops, job-embedded training, online content) focused on increasing teachers' capacity to deliver quality physical education, including increasing students' physical literacy
 - Develop school and classroom-based resources that are strongly aligned to the physical and health education curriculum, and focused on increasing physical activity within each school day
 - Develop communication tools and develop a communications strategy to raise awareness of the program, as well as to communicate information (including a discrete website)
 - Form a provincial stakeholder advisory committee to provide guidance to the program development and implementation

2. **Program Delivery** (September 2019 – March 2021)

- Provide professional development opportunities to elementary school teachers across the province, including in rural and remote areas (i.e. workshops, job-embedded training, summer institutes at post-secondary institutions, online modules, etc.)
- Implement communications strategy, including administering a program website

3. **Program Evaluation** (September 2019 – March 2021)

- Perform an evaluation of prototype sites to ensure program supports improved evidence-based health outcomes

Thank you,

Lucinda

Hi Sheila,

Apologies for the delay. I do recall the 30K being used to pilot this and that makes sense that the results from that will best tell you what scaling might look like. Would still like a proposal using what you've learned so far, as you mention – for the next stage of MOVE.

On your last point, I would recommend working with the Sport branch on integrating objectives/parameters important to the Ministry. I think they should be natural partners for crafting these proposals as there is mutual benefit in working with them.

Thanks for asking. The MOVE project is actually underway in pilot form today based on \$30 000 K funding from MTAC/bilateral grant and \$30 K from viaSport. Our plan is to use the lessons from this delivery to determine what is required to scale it.

However, it would be very easy for us to put together a proposal based on our vision and our experiences so far. Would that be useful?

If you have any specific objective or parameters that are important to the Ministry at this time, it would help us properly frame this. MOVE is and can be a multi-year and cross-sector program to build physical literacy development competency in educators, rec leaders, child care providers and coaches – using a job-embedded professional development approach. Right now our assumption is that the delivery of this program needs to be 100% cost recovery, which does affect the scale and

speed of implementation. The potential is massive, but the implementation approach must be reflect resourcing in order for it to be sustainable.

Good morning Ramesh,

Please find attached some more detail about viaSport's proposed project to take an innovative approach to understanding what will help advance gender equity through sport. Over the last few days, we have validated the process and budget with experts. One of the challenges with an approach like this is that it really grounded in curiosity and possibility, and works best when there is no strong attachment to the outcome. Several solutions will be tested, but what those solutions look like or cost is really dependent on phase 1. That does make it difficult to scope out a standard

business case or project plan.

Jenn Heil is the lead on this initiative, so if you have any questions or require more clarity, it would be most efficient to reach out directly to her. We welcome any feedback, or an opportunity to discuss this further.

Thank you again.

Subject: Gender Equity Through Sport Proposal

Good morning Ramesh,

Please find attached some more detail about viaSport's proposed project to take an innovative approach to understanding what will help advance gender equity through sport. Over the last few days, we have validated the process and budget with experts. One of the challenges with an approach like this is that it really grounded in curiosity and possibility, and works best when there is no strong attachment to the outcome. Several solutions will be tested, but what those solutions look like or cost is really dependent on phase 1. That does make it difficult to scope out a standard business case or project plan.

Jenn Heil is the lead on this initiative, so if you have any questions or require more clarity, it would be most efficient to reach out directly to her. We welcome any feedback, or an opportunity to discuss this further.

Thank you again.

I would like to thank the Coast Salish people, specifically the Squamish, Musquem, and Tsleil Waututh Nations, whose traditional territory viaSport offices reside on. We value the opportunity to help all people thrive via sport and physical activity.

Hi Kelly and Marina,

Staff have advised the following:

Currently we have PSK (and possibly the Minister) booked to attend the next meeting of the Multicultural Advisory Council on the morning of Jan 25th in Vancouver. Asha mentioned she had heard that he or the Minister may want to change the date so that they meet with the MAC after the throne speech and/or budget day. Would you like to change the date and can you give us your availability in February so we can reschedule with the MAC members? Many thanks!

Teresa Wat criticizes Chinese Canadian museum consultation meetings

Ming Pao News

Richmond North Centre MLA Teresa Wat expresses dissatisfaction over the

Chinese Canadian museum public consultation held by the provincial government Saturday.

About 200 people attended the two community meetings on the plan to establish the Chinese Canadian museum. One of the ideas is that the museum will be run as a living museum that links Chinese Canadians' past to the present and the future to show local Chinese Canadians' different ways of living through a vibrant way.

After attending the two community meetings, she criticized that the levels of interaction and participation of the meetings were low, and they were not open and transparent. She questioned if the province's consultation is just a routine.

Firstly, she said that the province only announced in mid-December that the public consultation would be held in January. Since it was during the holiday period, many people had already had their traveling plan set. She said it's too rush to notify the public just one month ahead of time.

Secondly, Wat said the province did not invite Liberal MLAs and Richmond community organizations have not been notified individually so there were very few participants. She said when the previous Liberal government held consultation meetings, they would respect other political parties and invited all MLAs to show respect for their voices but now it's totally the opposite. She said every MLA is elected by voters and not inviting them means some of the voters' opinions are being ignored. She also said she didn't see any familiar representatives of Richmond. She said she learned that after asking several community organizations that they were not notified. Wat said that only a total of 200 people attended the two consultation meetings shows that an extensive opinions of Chinese Canadians have not been heard.

She said besides the two consultation meetings in Vancouver, the province will hold public consultation meetings in Kamloops, Nanaimo and Victoria, but Richmond is being left out. She said Chinese Canadians' opinions need to be heard in order to build a museum for Chinese Canadians. She said the Chinese population in Richmond reaches 70% so it's not fair that the province did not arrange any consultation meeting in the city of Richmond. [tacz, zpz, zhj]

The provincial government held the first community meeting on the Chinese Canadian museum last Saturday. In an interview with Sing Tao Daily Sunday, Richmond North Centre MLA Teresa Wat criticized the government that the format of the community meeting held in Vancouver was questionable.

Wat first criticized that the community meeting was held too hastily, saying that the province issued a press release in mid-December that the community meeting would be held January 11. She said since it was during the Christmas holiday, many people were traveling so they didn't pay attention. Besides, Wat said the location where the meeting was held had no representation, adding that two consultation meetings were held on the same day and there's only one location in the Lower Mainland but no meeting was arranged in the city of Richmond, with over half of its population Chinese,

She said no invitation to the consultation meeting was sent to the Liberal Party and she was able to attend the meeting because she registered herself.

Wat also questioned the roundtable meeting format of the consultation. She said the meeting was conducted with dozens of roundtables discussed around three topics, and it's difficult to have a comprehensive understanding of other people's opinions. She said no one was seen recording the meeting and there was only one clerk taking notes of the discussions, noting that it's not known if the discussions would be released on the website for the public to read so the meeting lacked transparency. Hi Dean,

Please find attached a summary and list of all the sport events funded by the Hosting BC program and Major Events program that either took place in 2018, or received funding in 2018 at will take place in 2019 or later.

We've also included some of the TEP funded sport events, but were waiting on an updated list from our TEP colleagues to be able to provide more detail for that program. We'll send a revised version to you on Monday that will include additional TEP funded sport events.

Let me know if you need anything else.

Hi all,

Sending this email for Raj/Torey to place a hold in PSK's calendar for 2pm PT on Jan 21 for a call with Minister Duncan on cyberbullying and harassment in sport.

I just got off the phone with Angela at the Minister's office. Her office will reconnect with me to confirm the time and to confirm if they can share their BN on federal action in this area. Below is context for the call.

I know people are away this week on vacation so hence the wide distribution of this email.

Andrea/Sandra – I believe I previously requested a BN on what BC is doing/has done in this area. We'd like to have that ahead of time so PSK can prepare for this call. We'd like to have someone from the Sport branch also present for it.

Minister Duncan's office will share their conference call details. Will forward over when they send.

I've let Ravi know about this call. Let me know if you have any questions about it.

Hi Angela,

Ramesh Ranjan here from Minister Lisa Beare's office at the Government of British Columbia. We'd like to setup a call between Minister Duncan and Parliamentary Secretary Ravi Kahlon for some time

next week. The topic is on the issue of cyberbullying and harassment, in light of the incident involving Team Canada captain Maxime Comtois.

In response, on Saturday, Hockey Canada CEO Tom Renney has called on senior levels of government to take action:

<https://twitter.com/JanetBrown980/status/1081236958477602816>

<https://twitter.com/drex/status/1082126395008897025>

We are getting Ministry staff in our Sport branch to put together a briefing note on current government initiatives at the provincial level. It would be great to learn about what is happening at the federal level and if a briefing note on the same topic can be done ahead of the call?

It'd be great to chat in detail about this with you. My number is 604-220-5303. I can make myself available tomorrow to chat, as it's an important and emerging issue.

Sincerely,
Ramesh

Hi Angela,

Ramesh Ranjan here from Minister Lisa Beare's office at the Government of British Columbia. We'd like to setup a call between Minister Duncan and Parliamentary Secretary Ravi Kahlon for some time next week. The topic is on the issue of cyberbullying and harassment, in light of the incident involving Team Canada captain Maxime Comtois.

We are getting Ministry staff in our Sport branch to put together a briefing note on current government initiatives at the provincial level. It would be great to learn about what is happening at the federal level and if a briefing note on the same topic can be done ahead of the call?

It'd be great to chat in detail about this with you. My number is 604-220-5303. I can make myself available tomorrow to chat, as it's an important and emerging issue.

Sincerely,
Ramesh

Hi Ramesh,

Thank you Ramesh.

Other than the standard calendar severing we do, are there any specific harms identified on MO calendar?

Thanks.

Please send the calendars to our team mailbox FOI.Inbox@gov.bc.ca by **Thursday, January 10th** noting any 'harms' that Open Information should address through appropriate severing.

Hi Angela,

Ramesh Ranjan here from Minister Lisa Beare's office at the Government of British Columbia. We'd like to setup a call between Minister Duncan and Parliamentary Secretary Ravi Kahlon for some time next week. The topic is on the issue of cyberbullying and harassment, in light of the incident involving Team Canada captain Maxime Comtois.

In response, on Saturday, Hockey Canada CEO Tom Renney has called on senior levels of government to take action:

<https://twitter.com/JanetBrown980/status/1081236958477602816>

<https://twitter.com/drex/status/1082126395008897025>

We are getting Ministry staff in our Sport branch to put together a briefing note on current government initiatives at the provincial level. It would be great to learn about what is happening at the federal level and if a briefing note on the same topic can be done ahead of the call?

It'd be great to chat in detail about this with you. My number is 604-220-5303. I can make myself available tomorrow to chat, as it's an important and emerging issue.

Sincerely,
Ramesh

Hi Andrea,

Would it be possible to get a very rough timeline document from the Sport branch for the development of the sport strategy/framework. This includes:

- The next drafts of the sport strategy
- The next PSO meeting where the document will be put forward for feedback,
- When the dialled down 'Sportscape' will be?
- When the disability roundtable might be?

Dean already knows – just want to go through official channels for this.

Hello Ramesh – on behalf of the BC Games Society Board Chair, Jamey Paterson, please find attached the Board Evaluations for those members being reappointed to the BC Games Society Board of Directors. We look forward to receiving confirmation from your office regarding those members being reappointed together with the newly appointed members to our Board. We are excited about building a strong Board that will assist us in achieving the priorities within our Mandate Letter.

A point of clarification regarding Attendance within the Board Evaluation. As noted, some of those being reappointed have missed Board or Committee mtgs during their term, however, they were clear in advance of this situation and contributed as they were able. We have noted their missed meetings in the 'Unexcused Absences' field but have clarified as best we could within the 'Additional Comments' section. Please let me know if you need further information on this.

Subject: RE: 2019 DARPAN Extraordinary Achievement Awards

Hi Ramesh – I have received the following answers from TAC Staff on funding to / for DARPAN.

BC Arts Council staff advised:

What I understand is that the BC Arts Council does not support awards or competitions through any of its 39+ arts funding programs.

However, some of the South Asian artists and organizations listed within the promotional materials are already receiving, or have received support from BCAC – mostly through either Community Arts Festivals or Professional Arts festivals programs.

Lastly, while it seems the website doesn't work after trying on multiple devices, it seems like this is a for-profit organization as it is a magazine. I haven't sourced any news articles to describe how the awards are funded to suggest otherwise. For profit organizations are historically not funded in arts and culture.

Tourism Staff advised:

DARPAN did enquire with MO about TEP funding in June 2018 (email dated April 9 2018 from Gurvinder Hundal to James Infante) and they were advised that TEP funding is focused on marketing and promotion of events and festivals with high tourism value. What DARPAN is looking for appears to be sponsorship funding which we could not support. They could apply for marketing support, however the amount received would be based on the size of the event and they would need to demonstrate that they have met the criteria for the program. We just closed the TEP application window for events and we are oversubscribed. The next event window opens in the Spring 2019.

Let me know if you need anything further.

Subject: 2019 DARPAN Extraordinary Achievement Awards

Hi Ravi,

As discussed, we are proud to announce that DARPAN Extraordinary Achievement Awards will complete 10 years in 2019. The journey of the Awards, since its initiation in 2010, has been extremely historic and rewarding in multiple ways. As we celebrate a special milestone, we request the Ministry to be a crucial part of this occasion. Your generous contribution of \$20,000 dollars will aid us in producing an event of this magnitude and will also be well-appreciated by the South Asian community in attendance at the event.

The DARPAN Awards was created to motivate South Asians to do the extraordinary things that inspire the lives of not just one or two people, but the entire community and the Canadian society at large. Every year we honour 10 South Asians difference-makers who are immensely contributing to the growth of the community and country at large. Today DARPAN Awards symbolizes excellence, community spirit and growth. The Awards has made a huge impact in BC's South Asian community; it has been termed as the "event to look forward to" as it flawlessly brings together the movers and shakers of the community.

We believe that the foundation of any community is best represented through its arts and culture. Keeping this in mind, South Asian arts and culture forms the backbone of DARPAN Awards. Since 2010, several international and local artists have graced the stage at our community event. We create a platform for artists to showcase their talent and promote their music. Our idea of bringing in international celebrity artists is to give a chance for the South Asian community to enjoy their music in an intimate setting and celebrate the successful journey of South Asian arts. Also, we give local artists an opportunity to share the stage and connect with these global musicians, who are then inspired to take Indian arts and music to a new level. The dance performances presented at the Awards expose community members to the wide range of dance forms India is proudly known for. Through these special segments, we want to remind attendees of the South Asian community's rich and diverse arts sector and encourage them to take pride in their heritage and legacy. We also honour a South Asian artist with the Artistic Visionary Award that recognizes the work and talent of the individual in the field. Through this award, these gifted artists are introduced to the South Asian community and their incredible skill is further revered. These individuals are an encouragement to other young and upcoming artists and their success proves that South Asian arts and culture is thriving and still valued worldwide. In the last few years, the Artistic Visionary Award has been presented to creative actors, performers, musicians and authors. Some of them are:

Jazzy B: Jaswinder Singh Bains, more popularly known as Jazzy B is a award-winning Punjabi language Bhangra singer-songwriter who has introduced a fresh new image to the world of bhangra music. He is one of the most important names in the Punjabi music world of modern times and has released over 11 studio albums and collaborated on many tracks.

Vic Sarin: Vic Sarin's career includes award-winning feature films, documentaries and television movies. He is one of Canada's most celebrated Directors of Photography, receiving numerous accolades including Genie, Gemini and Emmy nominations and awards.

Sirish Rao: Sirish Rao is the founder and artistic director of the annual Indian Summer Festival that showcases contemporary South Asian arts and ideas. Hailed as one of the most original contemporary voices in Indian literature, Rao is author of over 20 books.

Mo Dhaliwal: Mo Dhaliwal is an inspiration to those both in and outside of the artistic community. He is the founder of the Vancouver International Bhangra Celebration Society (VIBC), an organization dedicated to the exploration of music and dance from the Punjabi region of India and Pakistan. Dhaliwal has been a board member of the Alliance for Arts and Culture and is also a member of the Vancouver Asian Heritage Month Society.

Over the years, DARPAN Extraordinary Achievement Awards has played a significant role in:

- **Putting British Columbia & Canada on the map**
- **Creating role models for future generations**
- **Celebrating South Asian Arts & Culture**
- **Recognizing the role of the local business community in BC's economic growth**
- **Highlighting a community that supports others**
- **Bringing South Asian heroes to the forefront**

The other important element of DARPAN Awards is the Keynote Speaker and International Sensation Award winner. After months of thorough research and unbiased feedback, we welcome an internationally-known South Asian as the Guest of Honour at of DARPAN Awards. This individual is an inspiring leader whose work is enhancing the lives of people universally. We provide a platform to not only honour the Keynote Speaker's phenomenal work but also educate our guests on the contributions of such impressive people who are placing the thriving and selfless South Asian community on the world map.

We humbly request the Ministry's support for the DARPAN Extraordinary Achievement Awards. Your generosity and patronage will aid us immensely in creating the platform that encourages confidence in being a proud South Asian Canadian for every community member.

Best Regards

Hi Kelly and Marina,

Staff have advised the following:

Currently we have PSK (and possibly the Minister) booked to attend the next meeting of the Multicultural Advisory Council on the morning of Jan 25th in Vancouver. Asha mentioned she had heard that he or the Minister may want to change the date so that they meet with the MAC after the throne speech and/or budget day. Would you like to change the date and can you give us your availability in February so we can reschedule with the MAC members? Many thanks!

Subject: 2019 DARPAN Extraordinary Achievement Awards

Hi Ravi,

As discussed, we are proud to announce that DARPAN Extraordinary Achievement Awards will complete 10 years in 2019. The journey of the Awards, since its initiation in 2010, has been extremely historic and rewarding in multiple ways. As we celebrate a special milestone, we request the Ministry to be a crucial part of this occasion. Your generous contribution of \$20,000 dollars will aid us in producing an event of this magnitude and will also be well-appreciated by the South Asian community in attendance at the event.

The DARPAN Awards was created to motivate South Asians to do the extraordinary things that inspire the lives of not just one or two people, but the entire community and the Canadian society at large. Every year we honour 10 South Asians difference-makers who are immensely contributing to the growth of the community and country at large. Today DARPAN Awards symbolizes excellence, community spirit and growth. The Awards has made a huge impact in BC's South Asian community; it has been termed as the "event to look forward to" as it flawlessly brings together the movers and shakers of the community.

We believe that the foundation of any community is best represented through its arts and culture. Keeping this in mind, South Asian arts and culture forms the backbone of DARPAN Awards. Since 2010, several international and local artists have graced the stage at our community event. We create a platform for artists to showcase their talent and promote their music. Our idea of bringing in international celebrity artists is to give a chance for the South Asian community to enjoy their music in an intimate setting and celebrate the successful journey of South Asian arts. Also, we give local artists an opportunity to share the stage and connect with these global musicians, who are then inspired to take Indian arts and music to a new level. The dance performances presented at the Awards expose community members to the wide range of dance forms India is proudly known for. Through these special segments, we want to remind attendees of the South Asian community's rich and diverse arts sector and encourage them to take pride in their heritage and legacy. We also honour a South Asian artist with the Artistic Visionary Award that recognizes the work and talent of the individual in the field. Through this award, these gifted artists are introduced to the South Asian community and their incredible skill is further revered. These individuals are an encouragement to other young and upcoming artists and their success proves that South Asian arts

and culture is thriving and still valued worldwide. In the last few years, the Artistic Visionary Award has been presented to creative actors, performers, musicians and authors. Some of them are:

Jazzy B: Jaswinder Singh Bains, more popularly known as Jazzy B is a award-winning Punjabi language Bhangra singer-songwriter who has introduced a fresh new image to the world of bhangra music. He is one of the most important names in the Punjabi music world of modern times and has released over 11 studio albums and collaborated on many tracks.

Vic Sarin: Vic Sarin's career includes award-winning feature films, documentaries and television movies. He is one of Canada's most celebrated Directors of Photography, receiving numerous accolades including Genie, Gemini and Emmy nominations and awards.

Sirish Rao: Sirish Rao is the founder and artistic director of the annual Indian Summer Festival that showcases contemporary South Asian arts and ideas. Hailed as one of the most original contemporary voices in Indian literature, Rao is author of over 20 books.

Mo Dhaliwal: Mo Dhaliwal is an inspiration to those both in and outside of the artistic community. He is the founder of the Vancouver International Bhangra Celebration Society (VIBC), an organization dedicated to the exploration of music and dance from the Punjabi region of India and Pakistan. Dhaliwal has been a board member of the Alliance for Arts and Culture and is also a member of the Vancouver Asian Heritage Month Society.

Over the years, DARPAN Extraordinary Achievement Awards has played a significant role in:

- **Putting British Columbia & Canada on the map**
- **Creating role models for future generations**
- **Celebrating South Asian Arts & Culture**
- **Recognizing the role of the local business community in BC's economic growth**
- **Highlighting a community that supports others**
- **Bringing South Asian heroes to the forefront**

The other important element of DARPAN Awards is the Keynote Speaker and International Sensation Award winner. After months of thorough research and unbiased feedback, we welcome an internationally-known South Asian as the Guest of Honour at of DARPAN Awards. This individual is an inspiring leader whose work is enhancing the lives of people universally. We provide a platform to not only honour the Keynote Speaker's phenomenal work but also educate our guests on the contributions of such impressive people who are

placing the thriving and selfless South Asian community on the world map.

We humbly request the Ministry's support for the DARPAN Extraordinary Achievement Awards. Your generosity and patronage will aid us immensely in creating the platform that encourages confidence in being a proud South Asian Canadian for every community member.

Morning Ramesh,

BC Athletics has nearly 16,000 participants, of which 51 percent are female.

BC Athletics receives close to \$300k annually from the Province of BC through transfers provided by viaSport.

Currently, the Ministry does not have any direct working relationship with BC Athletics (or with any Provincial Sport Organization.)

There are approximately 70 funded Provincial and Multi-Sport Organizations so attending every Annual Awards Banquet would take up quite a bit of time.

However, Athletics is the 12th largest sport in terms of participation (although participation rates have been declining slightly over the past five years) so provincial attendance to the event is recommended.

Please let me know if you need anything else. Thanks,

Sandra

Hi PSK,

Below is an invite for you and a guest.

From staff:

- BC Athletics has nearly 16,000 participants, of which 51 percent are female.
- BC Athletics receives close to \$300k annually from the Province of BC through transfers provided by viaSport.
- Currently, the Ministry does not have any direct working relationship with BC Athletics (or with any Provincial Sport Organization.)
- There are approximately 70 funded Provincial and Multi-Sport Organizations so attending every Annual Awards Banquet would take up quite a bit of time.
- However, Athletics is the 12th largest sport in terms of participation (although participation rates have been declining slightly over the past five years) so provincial attendance to the event is recommended.

Would you like to go? You currently have nothing booked for Saturday Feb 2.

Subject: 2019 DARPAN Extraordinary Achievement Awards

Hi Ravi,

As discussed, we are proud to announce that DARPAN Extraordinary Achievement Awards will complete 10 years in 2019. The journey of the Awards, since its initiation in 2010, has been extremely historic and rewarding in multiple ways. As we celebrate a special milestone, we request the Ministry to be a crucial part of this occasion. Your generous contribution of \$20,000 dollars will aid us in producing an event of this magnitude and will also be well-appreciated by the South Asian community in attendance at the event.

The DARPAN Awards was created to motivate South Asians to do the extraordinary things that inspire the lives of not just one or two people, but the entire community and the Canadian society at large. Every year we honour 10 South Asians difference-makers who are immensely contributing to the growth of the community and country at large. Today DARPAN Awards symbolizes excellence, community spirit and growth. The Awards has made a huge impact in BC's South Asian community; it has been termed as the "event to look forward to" as it flawlessly brings together the movers and shakers of the community.

We believe that the foundation of any community is best represented through its arts and culture. Keeping this in mind, South Asian arts and culture forms the backbone of DARPAN Awards. Since 2010, several international and local artists have graced the stage at our community event. We create a platform for artists to showcase their talent and promote their music. Our idea of bringing in international celebrity artists is to give a chance for the South Asian community to enjoy their music in an intimate setting and celebrate the successful journey of South Asian arts. Also, we give local artists an opportunity to share the stage and connect with these global musicians, who are then inspired to take Indian arts and music to a new level. The dance performances presented at the Awards expose community members to the wide range of dance forms India is proudly known for. Through these special segments, we want to remind attendees of the South Asian community's rich and diverse arts sector and encourage them to take pride in their heritage and legacy. We also honour a South Asian artist with the Artistic Visionary Award that recognizes the work and talent of the individual in the field. Through this award, these gifted artists are introduced to the South Asian community and their incredible skill is further revered. These individuals are an encouragement to other young and upcoming artists and their success proves that South Asian arts

and culture is thriving and still valued worldwide. In the last few years, the Artistic Visionary Award has been presented to creative actors, performers, musicians and authors. Some of them are:

Jazzy B: Jaswinder Singh Bains, more popularly known as Jazzy B is a award-winning Punjabi language Bhangra singer-songwriter who has introduced a fresh new image to the world of bhangra music. He is one of the most important names in the Punjabi music world of modern times and has released over 11 studio albums and collaborated on many tracks.

Vic Sarin: Vic Sarin's career includes award-winning feature films, documentaries and television movies. He is one of Canada's most celebrated Directors of Photography, receiving numerous accolades including Genie, Gemini and Emmy nominations and awards.

Sirish Rao: Sirish Rao is the founder and artistic director of the annual Indian Summer Festival that showcases contemporary South Asian arts and ideas. Hailed as one of the most original contemporary voices in Indian literature, Rao is author of over 20 books.

Mo Dhaliwal: Mo Dhaliwal is an inspiration to those both in and outside of the artistic community. He is the founder of the Vancouver International Bhangra Celebration Society (VIBC), an organization dedicated to the exploration of music and dance from the Punjabi region of India and Pakistan. Dhaliwal has been a board member of the Alliance for Arts and Culture and is also a member of the Vancouver Asian Heritage Month Society.

Over the years, DARPAN Extraordinary Achievement Awards has played a significant role in:

- **Putting British Columbia & Canada on the map**
- **Creating role models for future generations**
- **Celebrating South Asian Arts & Culture**
- **Recognizing the role of the local business community in BC's economic growth**
- **Highlighting a community that supports others**

- **Bringing South Asian heroes to the forefront**

The other important element of DARPAN Awards is the Keynote Speaker and International Sensation Award winner. After months of thorough research and unbiased feedback, we welcome an internationally-known South Asian as the Guest of Honour at of DARPAN Awards. This individual is an inspiring leader whose work is enhancing the lives of people universally. We provide a platform to not only honour the Keynote Speaker's phenomenal work but also educate our guests on the contributions of such impressive people who are

placing the thriving and selfless South Asian community on the world map.

We humbly request the Ministry's support for the DARPAN Extraordinary Achievement Awards. Your generosity and patronage will aid us immensely in creating the platform that encourages confidence in being a proud South Asian Canadian for every community member.

Best Regards

Gurvinder Singh Hundal

Hello Mr. Kahlon,

I am following up with you after your conversation with Gurleen Kaur. We are asking for support regarding Sikh Heritage Month celebrations happening in April 2019.

Sikh Heritage Month was celebrated for the first time last year and it was a tremendous success. Students organized this initiative, highlighting Sikh artists, professionals, and a rich and unique heritage. Some of your colleagues from the BC NDP also joined us at our final event. We looked to Ontario for inspiration where they have been celebrating it for some years now.

However, one thing Ontario has that we did not was government funding. We were hoping that the BC government could help in that regard, as you

have recognized Sikh Heritage Month in Legislature as well. We looked into multiculturalism grants and were not sure whether they would be applicable to us. Any help with that would be greatly appreciated.

If possible, we also seek a long-term partnership to put on these celebrations, which reached over 2,000 people from the Lower Mainland last year and will reach even more this year. We would love to sit down and discuss in further detail if necessary.

We hope to hear from your office soon.

Hi Ramesh – I have received the following answers from TAC Staff on funding to / for DARPAN.

BC Arts Council staff advised:

What I understand is that the BC Arts Council does not support awards or competitions through any of its 39+ arts funding programs.

However, some of the South Asian artists and organizations listed within the promotional materials are already receiving, or have received support from BCAC – mostly through either Community Arts Festivals or Professional Arts festivals programs.

Lastly, while it seems the website doesn't work after trying on multiple devices, it seems like this is a for-profit organization as it is a magazine. I haven't sourced any news articles to describe how the awards are funded to suggest otherwise. For profit organizations are historically not funded in arts and culture.

Tourism Staff advised:

DARPAN did enquire with MO about TEP funding in June 2018 (email dated April 9 2018 from Gurvinder Hundal to James Infante) and they were advised that TEP funding is focused on marketing and promotion of events and festivals with high tourism value. What DARPAN is looking for appears to be sponsorship funding which we could not support. They could apply for marketing support, however the amount received would be based on the size of the event and they would need to demonstrate that they have met the criteria for the program. We just closed the TEP application window for events and we

are oversubscribed. The next event window opens in the Spring 2019.

Let me know if you need anything further.

Subject: 2019 DARPAN Extraordinary Achievement Awards

Hi Ravi,

As discussed, we are proud to announce that DARPAN Extraordinary Achievement Awards will complete 10 years in 2019. The journey of the Awards, since its initiation in 2010, has been extremely historic and rewarding in multiple ways. As we celebrate a special milestone, we request the Ministry to be a crucial part of this occasion. Your generous contribution of \$20,000 dollars will aid us in producing an event of this

magnitude and will also be well-appreciated by the South Asian community in attendance at the event.

The DARPAN Awards was created to motivate South Asians to do the extraordinary things that inspire the lives of not just one or two people, but the entire community and the Canadian society at large. Every year we honour 10 South Asians difference-makers who are immensely contributing to the growth of the community and country at large. Today DARPAN Awards symbolizes excellence, community spirit and growth. The Awards has made a huge impact in BC's South Asian community; it has been termed as the "event to look forward to" as it flawlessly brings together the movers and shakers of the community.

We believe that the foundation of any community is best represented through its arts and culture. Keeping this in mind, South Asian arts and culture forms the backbone of DARPAN Awards. Since 2010, several international and local artists have graced the stage at our community event. We create a platform for artists to showcase their talent and promote their music. Our idea of bringing in international celebrity artists is to give a chance for the South Asian community to enjoy their music in an intimate setting and celebrate the successful journey of South Asian arts. Also, we give local artists an opportunity to share the stage and connect with these global musicians, who are then inspired to take Indian arts and music to a new level. The dance performances presented at the Awards expose community members to the wide range of dance forms India is proudly known for. Through these special segments, we want to remind attendees of the South Asian community's rich and diverse arts sector and encourage them to take pride in their heritage and legacy. We also honour a South Asian artist with the Artistic Visionary Award that recognizes the work and talent of the individual in the field. Through this award, these gifted artists are introduced to the South Asian community and their incredible skill is further revered. These individuals are an encouragement to other young and upcoming artists and their success proves that South Asian arts and culture is thriving and still valued worldwide. In the last few years, the Artistic Visionary Award has been presented to creative actors, performers, musicians and authors. Some of them are:

Jazzy B: Jaswinder Singh Bains, more popularly known as Jazzy B is a award-winning Punjabi language Bhangra singer-songwriter who has introduced a fresh new image to the world of bhangra music. He is one of the most important names in the Punjabi music world of modern times and has released over 11 studio albums and collaborated on many tracks.

Vic Sarin: Vic Sarin's career includes award-winning feature films, documentaries and television movies. He is one of Canada's most celebrated Directors of Photography, receiving numerous accolades including Genie, Gemini and Emmy nominations and awards.

Sirish Rao: Sirish Rao is the founder and artistic director of the annual Indian Summer Festival that showcases contemporary South Asian arts and ideas. Hailed as one of the most original contemporary voices in Indian literature, Rao is author of over 20 books.

Mo Dhaliwal: Mo Dhaliwal is an inspiration to those both in and outside of the artistic community. He is the founder of the Vancouver International Bhangra Celebration Society

(VIBC), an organization dedicated to the exploration of music and dance from the Punjabi region of India and Pakistan. Dhaliwal has been a board member of the Alliance for Arts and Culture and is also a member of the Vancouver Asian Heritage Month Society.

Over the years, DARPAN Extraordinary Achievement Awards has played a significant role in:

- **Putting British Columbia & Canada on the map**
- **Creating role models for future generations**
- **Celebrating South Asian Arts & Culture**
- **Recognizing the role of the local business community in BC's economic growth**
- **Highlighting a community that supports others**
- **Bringing South Asian heroes to the forefront**

The other important element of DARPAN Awards is the Keynote Speaker and International Sensation Award winner. After months of thorough research and unbiased feedback, we welcome an internationally-known South Asian as the Guest of Honour at of DARPAN Awards. This individual is an inspiring leader whose work is enhancing the lives of people universally. We provide a platform to not only honour the Keynote Speaker's phenomenal work but also educate our guests on the contributions of such impressive people who are placing the thriving and selfless South Asian community on the world map.

We humbly request the Ministry's support for the DARPAN Extraordinary Achievement Awards. Your generosity and patronage will aid us immensely in creating the platform that encourages confidence in being a proud South Asian Canadian for every community member.

Subject: Follow-up: Sikh Heritage Month BC 2019

Hello Mr. Kahlon,

I am following up with you after your conversation with Gurleen Kaur. We are asking for support regarding Sikh Heritage Month celebrations happening in April 2019.

Sikh Heritage Month was celebrated for the first time last year and it was a tremendous success. Students organized this initiative, highlighting Sikh artists, professionals, and a rich and unique heritage. Some of your colleagues from the BC NDP also joined us at our final event. We looked to Ontario for inspiration where they have been celebrating it for some years now.

However, one thing Ontario has that we did not was government funding. We were

hoping that the BC government could help in that regard, as you have recognized Sikh Heritage Month in Legislature as well. We looked into multiculturalism grants and were not sure whether they would be applicable to us. Any help with that would be greatly appreciated.

If possible, we also seek a long-term partnership to put on these celebrations, which reached over 2,000 people from the Lower Mainland last year and will reach even more this year. We would love to sit down and discuss in further detail if necessary.

We hope to hear from your office soon.

The Premier's Office passed this on to MLA Ravi Kahlon, Parliamentary Secretary for Sport and Multiculturalism. I understand that the Premier's Office has sent regrets.

- Would PS Kahlon be able to give Welcome Remarks?
- How many do you expect to attend?
- Do you have a speaker's list?
- Is there an agenda or program for the event?

Subject: Gender Equity Through Sport Proposal

Good morning Ramesh,

Please find attached some more detail about viaSport's proposed project to take an innovative approach to understanding what will help advance gender equity through sport. Over the last few days, we have validated the process and budget with experts. One of the challenges with an approach like this is that it really grounded in curiosity and possibility, and works best when there is no strong attachment to the outcome. Several solutions will be tested, but what those solutions look like or cost is really dependent on phase 1. That does make it difficult to scope out a standard business case or project plan.

Jenn Heil is the lead on this initiative, so if you have any questions or require more clarity, it would be most efficient to reach out directly to her. We welcome any feedback, or an opportunity to discuss this further.

Thank you again.

Dear Parliamentary Secretary for Sport and Multiculturalism - Ravi,

As we are set to start the new year I am excited to share with you that our charity
Physical Literacy for Life has elected a new Chair - [s.22](#)

[s.22](#)

At the charity *Physical Literacy for Life* and the non-profit *Sport for Life* we are excited about the year to come which, with Ram's leadership, will include publishing Developing Physical Literacy 2.0 (we originally introduced physical literacy to Canada in version 1.0 published in 2006) and our 4th International Physical Literacy Conference (IPLC) hosted in Winnipeg in May as well as hosting the 1st IPLC Europe in Sweden in September.

In the last 12 years British Columbia has led in developing physical literacy and we are keen to continue work with your Ministry to further the impact we can make to increase physical activity in the province. To that end it would be great for us to meet early in the new year to better understand your vision and how we can support it.

Happy New Year!

We'd like staff in on this meeting between Physical Literacy for Life and PSK. A BN would be great as well.

Raj – can you reach out to them to book a date and time in February and let us know once confirmed?

Good morning Ramesh,

Please find attached some more detail about viaSport's proposed project to take an innovative approach to understanding what will help advance gender equity through sport. Over the last few days, we have validated the process and budget with experts. One of the challenges with an approach like this is that it really grounded in curiosity and possibility, and works best when there is no strong attachment to the outcome. Several solutions will be tested, but what those solutions look like or cost is really dependent on phase 1. That does make it difficult to scope out a standard business case or project plan.

Jenn Heil is the lead on this initiative, so if you have any questions or require more clarity, it would be most efficient to reach out directly to her. We welcome any feedback, or an opportunity to discuss this further.

Thank you again.

Hi s.22

Thanks for getting back to me.

1. The 3 in-person meetings are generally full-day meetings from 9 AM to 4 PM roughly. Fellow Board members would be coming in from across the province. They are usually held in Richmond, Vancouver or somewhere near YVR airport.
2. Board members are encouraged to join committees. These committees meet regularly by teleconference every 6-8 weeks at times convenient to all members. Board members are also encouraged to attend various functions in support of the BC Winter and BC Summer Games, and celebrations in support of the provincial sport system.
3. Our Chair Jamey Paterson would get you started and you'd be immediately in contact with our new CEO Allison Noble. She is eager to onboard new Board members and get them up to speed. The Society's AGM is in late January as well.
4. Together, both Jamey and Allison will assist with onboarding and providing relevant materials to get you started as a new Board member. Only public documents are available online, like the materials I've provided you.

Additionally, your Board appointment would start on February 1 and run until June 2022.

Let me know if you have any further questions and if you don't have any, can you let me know if you are proceeding with the official application?

Hi Ramesh,

Thank you so much for following up with me today. Firstly, I would like to express that it is an honor to be considered to serve on this board, so thank you.

I have reviewed most of the information you have sent me and want to make sure I can fulfill and manage the expectations of being a BoD member on this society.

If you could assist me with a few answers, it would be greatly appreciated:

1) I understand that the 3 in person meetings are normally the last Thursday of Jan, May, and Oct. So, for 2019 would that mean Jan 31st, May 30th, and Oct 31st? If so, normally for how long are these meetings for?

2) Are there additional telephone / webinar meetings required?

3) As a new director, is some sort of Board of Directors Orientation Manual provided? (director duties, liabilities, COI, roles and responsibilities, etc..)

4) Will a policy manual be provided, or is this all online?

Thank you!

To that end, I am forwarding you some information that you may find useful. If you have any questions at all - please don't hesitate to get in touch with me either by email or through my cell phone 604-220-5303.

The Basics:

- The BCGS Board provides direction for the BC Games Society, which operates and promotes the biennial multi-sport provincial Games.
- Terms are 12 or 18 months to begin with re-appointment opportunities for a 2 or 3 year term.
- There are 15 members on the Board appointed by the Minister.
- The current Board chair is Jamey Paterson and the new CEO is Alison Noble.
- The Board meets 3 times in-person per year, in either Vancouver, Richmond or Burnaby.
- Eligible expenses can be claimed.
- Board members are encouraged to serve on Board committees. Committees include President and CEO Review, Nominations, Finance, and Marketing and Communications.

Here's the 2018/19 Mandate Letter to the BCGS Board from Minister Beare.

Subject: PSK Op Ed - v4

Hi Ramesh,

We have updated the op-ed to include the studies highlighting the gravity of the need for improved physical literacy.

Health program folks have approved the content, but we have not run by the Health MO yet. Let me know when PSK is ok with the content and then I will share with the Health MO.

I heard from the Van Sun and they will make room for an op-ed from PSK next week.

Thanks kindly,
Carla
