Hello Kelly,

Thank you for connecting with Sonja and myself at the TIA BC conference. We appreciate the opportunity to be able to meet with Minister Beare, and delighted that accessibility and inclusion are part of the recently announced Provincial Tourism Strategy. Recognizing the Minister is very busy, we are able to travel to either offices and able to keep our schedules very flexible to allow the best use of time. Thanks again, and look forward to talking soon.

On November 16, 2018, the [Federal Government announced](#) a contribution of almost 2M towards the 2020 Francophonie Games. As a result, the newly hired Jeux's Executive Director has since contacted us to continue our conversation about potential Provincial funding.

At our April meeting, we agreed that for existing Provincial funding programs (Via Sports, BC Arts Council, and BC Gaming) the Jeux would need to apply through the regular channels, timelines and according to established criteria. I

Geoff,

I'm reaching out on behalf of Wendy Noss of the MPA to request a meeting with you, also to be attended by Peter Leitch of the MPIAA, to update you on film industry activities in BC, on competitive pressures and on perceptions of the progress and outcomes of the review of the film tax credits.

Wendy will be in BC on the 12th and 13th (in Vancouver on the afternoon of the 13th for a followup meeting with DM Brouwer and others on the film tax credit process), and would be available to meet on the afternoon of the 12th or the morning of the 13th in Vancouver or Victoria.

I understand this is very short notice. If not able on this notice, Wendy will be back in BC the following week and able to meet on the 20th or 22nd if that were possible.

Kind regards and again, apologies for the short notice. I'd be pleased to speak with you by phone at 778-836-2108 at your convenience if any additional context is required.

Kind regards,
Michael

How about we meet at 3:15pm? Would that work for her? I have also invited DM Shauna Brouwer to join us.

Hi Kelly,

I'm not sure if this is helpful but I just found out that Wendy has set up another meeting in Victoria on the afternoon of March 12th so she will already be there and can meet after 3:00 pm that day. Also as I noted before, she would be able to meet with Minister Beare also on March 13th in the morning in either Vancouver or in Victoria.

It was more of a touch base to discuss the state of the film industry in British Columbia as well as to brief you on what is currently happening in other provinces. If Minister Beare is available to meet as well I know Wendy would be very happy about that. I didn't think with such short notice that would be possible but if the Minister is available that would be great.

Dear colleagues,

I am pleased to provide you with the embargoed version of the 2019-2021 Strategic Tourism Framework: *Welcoming Visitors, Benefiting Locals, Working Together*. The strategic tourism framework is built on a foundation of sustainability which calls for equal consideration of the benefits of the sector along with its economic, sociocultural and environmental impact.

Welcoming Visitors, Benefiting Locals focuses on three broad priorities: supporting people and communities, sustainably growing the visitor economy, and respecting nature and the environment.

The strategic framework reflects the advice and input you provided over the last year and incorporates the feedback received from the Minister's Tourism Engagement Council, tourism industry stakeholders and Indigenous organizations.

With the release of the strategic framework, we will begin work on a supporting implementation plan working with industry and with staff across government ministries.

I look forward to continuing to work together to advance our shared priorities in sustainable tourism and economic development.

Sincerely,
Hon. Lisa Beare

STATUS: Provided Statement

- We welcome our neighbours from Alberta to come and experience Supernatural Beautiful British Columbia.
- Alberta is the second largest source of visitors to B.C. and when asked if they would return to BC in the next 2 years, 68% of Alberta visitors have responded yes. (From October 2018 market survey)
- There's good reason why B.C. had 6.1 million international visitors to the province last year and we hope all Albertan's come to experience the unique combination of beaches and skiing to rainforests and island living that BC is so proud to offer.

Why is tourism increasing?

- We have seen an increase to Tourism across Canada due to a strong global economy and changing demographics. Through Destination BC, we are aggressively marketing all that our beautiful province has to offer to people across Canada and around the globe. People really value the unique, authentic experiences they have when they visit destinations across our province. Visitors are taking those memories home with them and sharing those once-in-a-lifetime experiences with others.

If tourism continues to grow what does this mean for the economy?

- The industry added \$9 billion to B.C.'s economy in 2017, marking an increase of more than 6.7% from a year earlier. That's well above the province's overall economic growth rate of 4%. Tourism is the third largest industry in our province and employs 137,000 people in jobs as diverse as high-tech digital marketing or wildlife biology. Tourism builds communities, promotes culture and creates year-round jobs in every region of our province. Our aim is to make sure the industry's continued growth is sustainable – economically, culturally, socially and environmentally.

What are government's plans to increase tourism growth?

- On Friday, we released Welcoming Visitors, Benefiting Locals, Working Together: A Strategic Framework for Tourism in British Columbia, which outlines government's vision for continued, sustainable growth in B.C. tourism. The Strategic Framework sets out a roadmap for how we will achieve our target of 6% growth in tourism revenue, and make sure the benefits of the industry are shared with people in B.C. throughout the entire year. Our plan puts special emphasis on preserving our environment and increasing support for our Indigenous tourism businesses and culture. Subject: INFO: 3rd WTS iStore Charges

Hello Kelly!

Please find attached a spreadsheet showing WTS (SSBC) charges for Information & Technology & Phone Services for the period Nov/18 - Jan/19 details on tab 2:

Here is information on Shared Services BC charges for Information & Technology & Phone Services.

High-Level Description of Funding Model Changes:

- *Basically, budgets for most of each Ministry's core IT and phone services have been transferred to SSBC. These items are core services, and are called "voted" / "baseline" services - this includes things like computers, phones, etc. Since budgets for these items have been transferred to SSBC, they no longer bill for these on a monthly basis any more. As long as there is no overall increase in these services for the year, there is no charge for these items. If there is a net increase in voted services over the course of the year, SSBC will be charging clients at year-end for the increased amounts. We are in discussions with SSBC to determine how the charge for an increase in voted services will work and we will notify you once a process is in place.*
- *Some items, however are still billed for on a regular basis, and these are called "recovery" services - this includes services such as "calling cards, voice installation services, MFD consumption charges,*

etc. The attached report is a summary of your “recovery services” for the period April to September 2015. If you are curious to learn more about which products are voted vs. recovery, please see the “Voted and Recoverable Products and Services” sheet [online](#).

Here is information on Shared Services BC charges for Incremental Storage charges (No recovery in this quarter, Q3 & Q4 will be on next recovery JV):

What is incremental Storage?

Incremental storage is the amount of storage above a base allocation for a specific Information Technology (IT) service.

Are there costs for incremental storage?

YES. There is a cost for every Gigabyte (GB) over the base allocation for the organization. The costs for each branch are detailed in the Incremental Storage Report. Here is the summary of costs based on service:

Service Incremental Storage Cost (GB above base allocation)

Messaging, Home Drive, Share Drive , Shared Web \$2.70

SharePoint, Shared Database \$60.00

What is the Incremental Storage Report?

Workplace Technology Services bills the client organization one pooled incremental storage charge for the entire client organization (at a Ministry Level).

CSD Information Management Branch has developed a report which calculates and breaks down incremental storage and costs by service, and by groups within the client organization. Although there is some margin of error, this report allows cost distribution according to level of usage. The report also enables clients to identify where they can potentially reduce storage (and therefore costs).

How much storage do we have without getting charged?

Service Base Allocation for entire client organization

<i>Messaging (E-mail)</i>	<i>150 MB X (number of mailboxes)</i>
<i>Home Drive</i>	<i>1.50 GB x (number of Shared File & Print users)</i>
	<i>Share Drive</i>
<i>Shared Database</i>	<i>5.00 GB for each database</i>
<i>Shared Web</i>	<i>0.50 GB for each website</i>
<i>SharePoint</i>	<i>0.25 GB for each SharePoint site</i>

How do I determine how storage is being utilized?

Checking E-mail storage:

- 1. Click on "Tools", "Mailbox Cleanup"*
- 2. Click on "View Mailbox Size"*
- 3. "Total size (including subfolders) indicates the amount of storage utilized"*
- 4. Reminder that 150MB (150,000 KB) is the base allocation (if everyone is above this amount, the organization will incur incremental storage charges)*

Checking Personal H: drive storage:

- 1. Open Microsoft Explorer.*
- 2. Click on the H: Drive*
- 3. Press Ctrl-A (highlights all folders in the drive)*
- 4. Right-click on the highlighted items and select "Properties"*
- 5. The "Size" indicates the total H: drive storage used.*
- 6. A good guideline / best-practice to use as an H drive benchmark is 1GB as a maximum.*

How can I find large / old files in my inbox?

- 1. The Mailbox Cleanup tool can be utilized to find messages of a certain age/size*
- 2. Click on "Tools", "Mailbox Cleanup"*
- 3. There are 2 options to find specific items "Find items older than..." or "Find items larger than".*

4. Enter the age/size limit, and select "Find"
5. The results will be displayed in the Advanced Find dialog box

How can I easily empty my "deleted items" folder?

When you delete a message from any folder other than the deleted items folder, outlook just moves the message to the deleted items folder (it still takes up space in your mailbox). To recover space in the mailbox, the deleted items folder should be emptied regularly.

1. Click on "Tools", "Mailbox Cleanup"
2. Click on "Empty" to permanently delete items from the "deleted items" folder
3. You can also view the size of this folder by clicking "View Deleted Items Size..."

How do I reduce the amount of storage being utilized?

The Incremental Storage Report is a good first step to help identify which areas are contributing most to incremental storage costs (i.e. e-mail, home drive, or shared drives). Depending on which area(s) are contributing most to incremental storage costs, a different approach/strategy may be utilized.

In terms of reducing incremental storage, all electronic records must be filed using the approved Administrative Records Classification Schedule (ARCS) or an Operational Classification Records Schedule (ORCS) that has been tailored to the mandate of the organization.

Please review the summary. If you have any questions or observe any discrepancies, please call our IMB Service Desk by phone at 387-8912, or by e-mail at 78912@gov.bc.ca, and our team would be glad to assist in working with SSBC to obtain answers or resolve billing discrepancies. The items on this summary totalling \$1,278.78 have already been charged to Ministry of Finance, and will be cost-recovered via JV to your coding . s.17 will be submitted to Accounts March 6, 2019 for processing.

Cheers!

Hi Kelly,

I just heard back from Minister Duncan's office and they noted March 15 will no longer work for Minister Duncan for this announcement but are hoping for March 29 in Vancouver. MLB's calendar is blocked for the day, hoping if we can inquire with her if a 11am announcement downtown Vancouver would be a possibility?

Attached is the news release that was approved back in December.

Thanks kindly,

Subject: Tourism - RDMO meeting - Thursday, March 08th

On Thursday, March 07th, from 2-4pm, the Regional Destination Marketing Organizations (RDMO's) are meeting with Minister Beare, PS Rice (and related staff) to discuss how to better coordinate tourism responses to wildfires and floods.

The CEO's of the RDMO's have flown in from all parts of the province. They include:

Amy Thacker – Cariboo Chilcotin Coast Tourism Association
Glen Mandziuk – Thompson-Okanogan Tourism Association
Clint Fraser – Northern Tourism BC
Kathy Cooper – Kooteney Rockies Tourism Association
Anthony Everitt – Tourism Vancouver Island

The five RDMOs are contracted by Destination BC (DBC) to deliver marketing and destination development initiatives in the regions. These agreements range in value from approximately \$600K to over \$1M annually. These are the real 'grassroots players' of the tourism sector who have the most direct contact with their local tourism operators.

If anything could be arranged for a brief meet and greet tomorrow afternoon, after 4pm – that would be great.

As this is a last minute request, we completely understand if it can't happen. Also – apologize for not putting it in front of you earlier.

Hi Amber,

Here is some information about the Regional Destination Marketing Organization's (RDMO's):

They consist of the five regional tourism organizations – **Thompson Okanagan Tourism Association, Northern BC Tourism Association, Kootenay Rockies Tourism Association, Tourism Association of Vancouver Island and Cariboo Chilcotin Coast Tourism Association.**

In 2018 they created their own secretariat so they could better coordinate their resources and communicate more effectively between regions and with government. The purpose of the meeting today is to assist and work with the sector to ensure they have the best possible response to wildfires and floods.

About British Columbia's Regional Tourism Secretariat: British Columbia's Regional Tourism Secretariat is a coalition of industry-led, not-for-profit organizations that provide a trusted voice for businesses, communities and residents. Consisting of the five regional tourism organizations, the goal of Secretariat is to put people and communities at the heart of BC's tourism industry.

Attached proposed guest list and draft invitation for the Multi/Anti-Racism awards ceremony March 21.

Please note the room capacity is 325. We've included more names than that with the expectation of a 50% RSVP rate and also welcome your additions.

The GCPE events team is hoping to send these invites early next week (to allow people time to plan their travel).

Thanks for your approval to proceed.

Subject: 35704 Incoming Fwd: BC AdventureSmart / Strategic Framework

Good afternoon Honourable Lisa Beare,

I had the pleasure of attending the BC Tourism Industry Conference last week in Vancouver and hearing you speak about the Strategic Framework recently launched. You were engaging, informative and personable to listen to, thank you for that.

As the Executive Director for the AdventureSmart program in BC we increase awareness to help reduce the number and severity of search and rescue incidents in our province. We are the busiest province in Canada for search and rescue (SAR) response and search and rescue prevention.

BC has over 1,700 SAR incidents annually, with 2,500 volunteers on 80 SAR groups responding to those incidents. The prevention program that I manage, 'AdventureSmart', educates and engages with upwards of 25,000 people 'face to face' each year, sharing our resources, curriculum, safety tools and safe practices with residents, new Canadians and visitors.

As one example, this past winter between November 2018 and February 2019 we travelled 15, 710 kms and reached 10,249 people (face to face) throughout BC, informing tourists,

children and residents about how they can BE AdventureSmart.

Our primary message is encouraging everyone to follow the 3 T's:

- Trip Plan
- Train
- Take the Essentials

The new Strategic Framework focuses on three important components and I'm interested in finding out how we can collaborate with regards to the third component; "Respecting Nature and The Environment."

With our vision of 'safety in the outdoors' and portions of your strategic framework focusing on 'responsible travellers', I can visualize opportunities to collaborate between the Ministry of Tourism, Arts and Culture and BC AdventureSmart.

I'll be connecting with the DMO's over the weeks ahead, however, here's one great example already, from Tourism Vancouver, from a post shared today with our consistent messaging. (I've shared our boilerplate social media document with them and will with others).

<https://twitter.com/MyVancouver/status/1103379700817293313>

Thanks again for your time last week during the conference and looking forward to connecting on opportunities for the future.

If there's any questions, please don't hesitate to ask.

Thanks,
Sandra

Canada touts tourism amid tensions with China

Vancouver Sun

Monday, March 11, 2019

Page A07

By Joanne Lee-Young

Canadian travel agencies are quietly resuming **tourism** promotions in China, even as Ottawa maintains a travel advisory for that country following recent bilateral tensions.

"It's (still) worth marketing in China," said Holmes Luo, sales and tour coordinator at Vancouver-based Luxe Tours/Canada Eagle Tours Inc., which specializes in organizing trips across Canada for Chinese tourists.

Luo says he is pleased that government agencies such as Destination Canada and other provincial organizations have resumed promoting Canada as a vacation destination.

There had been fears of a downturn in the local industry following the arrest of Huawei executive Meng Wanzhou in Vancouver last December and the subsequent detention in China of Canadians Michael Kovrig and Michael Spavor.

It made for an awkward end to what had been promoted as "The year of Canada-China **tourism**."

Canada maintains a travel advisory for China due to the "risk of arbitrary enforcement of local laws," and China warns its citizens to approach travelling in Canada with caution.

Executives such as Luo are working with travel agencies in China to secure large bookings for excursions from **B.C.** to the Rockies and further east. China is the third-largest source of in-bound tourists for Vancouver and Canada.

"For this summer, we haven't heard a lot from Chinese operators," he said. "We are trying to contact them, but we just haven't heard back from them."

Various Canadian businesses or brands could be at risk because of the tensions, according to Amy Hanser, a sociology professor at the University of **B.C.** who has studied Chinese consumers.

China has a history of mobilizing consumers for nationalistic goals, sometimes very effectively, she said, but such efforts don't always work.

Canada Goose and Tim Hortons have both opened popular locations in Beijing and Shanghai since the political spat began.

"Boycotts are usually time-limited. Consumers hold off, and then move on," Hanser said.

"Also, Chinese consumers have a distrust of (some) domestic products, so they might covet some things, not because they are or are not Canadian, but because they are not Chinese."

Jia Wang, deputy director of the China Institute at the University of Alberta, said that travelling to Canada is still regarded as more of a "niche" market in China, and considered more expensive and difficult to get to than many of the more established destinations for Chinese tourists.

Subject: 35674 Incoming Feedback on the new strategic framework for tourism in British Columbia

Dear Honourable Lisa Beare, Minister of Tourism, Arts, and Culture,
CC

Ms. Marsha Walden, CEO Destination BC,

Mr. Jim Standen, ADM BC Parks,

Mr. John Hawkings, Director BC Rec Sites and Trails,

Mr. Jim McAllister and Mr. Chris Mushumanski, BCSARA,

Honourable Bowinn Ma, MLA for North Vancouver (my riding),

I had the opportunity to attend your keynote presentation at the BC Tourism Industry Conference where you presented the Strategic Framework for Tourism in British Columbia for 2019-2021. I was encouraged to see the increased emphasis on the need for the tourism industry in BC to be sustainable.

(https://www2.gov.bc.ca/assets/gov/tourism-and-immigration/tourism-industry-resources/our-tourism-strategy/welcoming_visitors_benefiting_locals_working_together_-_final.pdf)

I think that you have a very challenging year ahead. Over the last decade, any remaining slack has been taken out of the BC Parks and BC Recreation Sites and Trails systems. At this point, every additional visitor contributes to overcapacity. Around the world, there are many case studies of what happens when a tourism industry grows faster than the government is able to manage.

- Locals begin to push back and stop welcoming tourists into their communities.
- Visitor experience declines and the negative messages quickly undo years of brand development efforts.
- The sensitive environmental areas that drew visitors in are damaged and rehabilitation may take decades.

Fortunately, I do think that there are a few steps that your government can take to get ahead of the current problems if you act quickly and aggressively:

1) Provide stable and reliable funding to volunteer SAR teams

I believe that one of the primary reasons that tourists come to Canada vs other destinations in the world is because of safety. In BC, a large part of that safety net is the 2500 SAR volunteers that train throughout the year and make themselves available at all hours of the day to head into dangerous conditions to rescue both locals and tourists. If every tourist who was rescued by these volunteers in 2018 had been left to perish, I think it would have had a very negative impact on the growth of the

tourism industry. The British Columbia Search and Rescue Association (BCSARA) has asked for the government to provide sustainable long-term funding so that they can continue to reliably provide this service. I urge your government to not take this foundational pillar of the tourism industry for granted.

2) Introduce a policy that the BC government will translate messages about safety and responsible visitation into every language in which it performs marketing

We spend tax dollars to advertise BC in a wide variety of languages. On the other hand, we only provide messaging about safety and responsible visitation in English. We should not be surprised when visitors from other countries get themselves into danger or fail to follow proper backcountry ethics. I would like to see the government take an end-to-end approach and to think about the experience of a visitor from the first time they see an ad in their home country all the way to the point that they are trying to safely navigate through a Provincial Park.

3) Make an investment in BC Rec Sites and Trails development to solve the "end of the line" problem

BC Rec Sites and Trails are the unsung heroes of the outdoor recreation system. When National Parks, BC Parks, and municipalities introduce rules or fees to manage crowds, the overflow ends up at locations in the BC Rec Sites and Trails system. The budget for this department is incredibly small despite managing over 2000 sites and trails. The system is woefully inadequate and many popular trails don't even have a single outhouse. Problems with human feces that are associated with the developing world are now commonplace in BC. In BC, we are fortunate that our land-base is not at capacity (even in the Sea to Sky region,) and there are many opportunities to upgrade the capacity of existing trails or build new ones.

4) Properly fund BC Parks and clear the backlog of parks that are lacking a management plan

This year, the Select Standing Committee on Finance and Government Services made the following recommendation in the Report on the 2019 Budget Consultation: *"19. Increase base operational funding for BC Parks to support monitoring and enforcement, public safety, recreational infrastructure, and conservation planning."* Furthermore, I note that your strategic framework lists *"Investments in recreation and parks"* as a key indicator that you will track and report on. Unfortunately, the budget did not include any meaningful increase in funding and so unless new funding is announced outside of the budget cycle, there will be no progress on that key indicator this year.

I also note that it is taking a very long time to complete the management planning process for two large parks near Vancouver (Pinecone Burke Provincial Park and Callaghan Lake Provincial Park) that would help to relieve demand on other parks in the region. It is confusing that we have large areas of park in the busiest area of the province that are sitting almost completely unused.

In summary, I am encouraged by the words and thoughts behind the new strategic framework. However, given the current state of the affairs and the lack of support in Budget 2019, I worry that this strategic framework may be a form of "greenwashing". I encourage your government to take bold action to show that the framework is sincere.

Sincerely,

Dear Ms. Beare, I hope you will support the recent proposals of the Maritime Museum to establish a National Maritime Museum in Bastion Square. The Bastion Square building will require upgrading at some time, and what could be better than re-establishing a National Maritime Museum at this historic site. This would be a matter of pride for all British Columbians and an opportunity to establish a world class institution which would display artifacts presently languishing in a warehouse, the many contributions made by our Indigenous people to this history, and a provision for an art

section to widen the appeal. I realise that there are many calls on Government for support and funding but sincerely believe that this project for our present and our future deserves serious consideration and hopefully the involvement of the Federal Government as well. With best wishes,

Hi All,

Attached is a brief video script for the tourism strategic framework (attached and below). Minister Beare is scheduled to tape this tomorrow and it is planned to be used at a variety of tourism stakeholder meetings along with the strategic framework one-page document.

If you could please let me know of any edits by 4p.m. today we are hoping to have it loaded on the teleprompter for tomorrow.

Thanks kindly,

Tourism Strategic Framework – video greeting script

- Hello, my name is Lisa Beare and I am the Minister of Tourism, Arts and Culture.
- I am sorry I am not able to join you in person, but I wanted to send along my greetings today.
- British Columbia truly is a beautiful place to work and explore.
- Before I had the honour of serving the Province of B.C., I worked in

the airline industry as a flight attendant and pilot.

- I have experienced some beautiful parts of the world.
- But I think you will agree with me, no other place in the world rivals B.C.'s beauty.
- We have so much to offer visitors.
- Whether it is exploring nature or Indigenous culture and everything in between, it is understandable why so many people choose to visit B.C.
- And that's why we all need to ensure Super, Natural British Columbia continues to thrive.
- I've had the pleasure to hear from so many of you over the past year and a half on what matters and how we can focus on sustainability – environmentally, culturally and economically.
- Hearing your perspectives is critical, and has influenced our work going forward.
- We recently launched *Welcoming Visitors, Benefiting Locals, Working Together: A Strategic Framework for Tourism in British Columbia for 2019-2021*.
- Our new tourism strategic framework sets out a clear vision over the next three years for a prosperous and sustainable tourism sector that distributes benefits to people throughout the province.
- It will guide tourism growth while conserving our environment and increasing support for our Indigenous tourism businesses and culture.

- With this framework, we will partner with the tourism industry to grow our economy in a sustainable way, benefiting individual communities and provincially.
- It will be our roadmap as we work toward the ambitious target of 6% annual revenue growth.
- With innovative and effective marketing, we will inspire travellers from across Canada and around the world to visit all corners of B.C. throughout all four seasons.
- As you meet today, I encourage you to take time to consider how you too can support people, respect nature, and sustainably grow the visitor economy.
- Thank you to each of you for your enthusiasm and contributions to the tourism industry in B.C. as you showcase the beauty, diversity and uniqueness of our province!

kind regards,
Lisa

I would like to get the other two ceremonies happening during that same period of time, so will continue to investigate the possibilities with my colleagues re: which Ministers are travelling in the two other regions during the break weeks in April.

OK - let's make these happen during the April break week.

Jeff, as per our conversation last week, can you reach out to Min. Mungall's EA and PS Rice's CA's and find a time (ideally during the April break week) that would work for them? Let us know and then we can go from there and make the event happen.

As for the Thompson Okanagan and the Cariboo, I will continue to monitor to see when someone is in the region. I will venture to find out earlier than I was able to for this break week, as I understand we need a bit more time to pull an event together.

Kelly

Hi Kelly,

In follow up from our meeting today attached is the EP for the North Medal of Good Citizenship. While we can pull off an event in that timeframe, it may be close for the recipients to be able to invite their guests for Simpson to do on March 19th. Perhaps we can aim for April break week when there will likely be more travelers in the region, but I defer to your preference.

Thanks kindly,
Carla

Kelly – following up on this morning's call. Below are FLNRO's KMs on the wildlife hunting contests featured recently in media, and that are the subject of a letter writing campaign (see attached).

- Government does not condone or encourage these types of events.
- There are currently no rules preventing these types of "contests" providing the hunters are properly licensed and all laws are followed.
- The government last used a bounty on wolves in 1955.
- The province manages wildlife populations on the principle of conservation first, followed by First Nations' rights. Only then is licensed hunting allowed.
- Wolf populations are healthy and self-sustaining throughout the province.

Sport

Province of BC provides annual funding support to the Canadian Sport Institute Pacific (CSIP). This funding supports a range of projects and initiatives that support innovation including CSIP's annual "Research Sharing Day" that brings some of the world's leading minds in sport science together to benefit Canada's current and future Olympians and Paralympians.

Creative Industries

The Interactive Fund is a program created in partnership between Creative BC and the BC Arts Council. The program is intended to support the production of high quality, original, interactive digital media content and software applications owned and controlled by BC companies or individuals. By investing in interactive digital media projects, we aim to position BC companies and individuals for promising new markets. The funding is a non-recoupable advance of up to \$50,000 and does not require matching funding or market support to trigger eligibility. Applications are reviewed through a competitive, subjective process.

Multiculturalism

Multiculturalism Grants program – in the program criteria we emphasized that grant money would be used to support projects that addressed the program goals using range of creative, innovative approaches. <https://www2.gov.bc.ca/gov/content/governments/multiculturalism-anti-racism/multiculturalism/multiculturalismgrants>

- **Intercultural Interaction Stream:** For projects that build cross-cultural and intercultural interaction, trust and understanding between people of different ethno-cultural, racial, religious and other backgrounds. These projects can cover a range of activities, programs, events and approaches.

- **Anti-Racism and Systems Change Stream:** For projects that challenge racism, hate and/or reduce systemic or institutional barriers for under-represented, racialized and/or other minority groups, especially those that use a collaborative community approach.

Tourism

Possibly highlight TIC award recipients. While it's not directly a government program, we could tie it into how we support the industry to do this innovation....

Attn: Kelly Newhook

Hello Kelly:

The BC Labour Heritage Centre operates a project called "Remembering Working People: Plaques Around the Province" which produces and installs bronze memorials recognizing people, places, events and movements of significance to labour and working people in BC. To date we have completed 19 plaques. <http://www.labourheritagecentre.ca/projects/plaques-around-the-province/>

We received a proposal over a year ago to have a plaque installed at the BC legislature recognizing Thomas Uphill – BC's longest serving MLA (1920-1960). Uphill was secretary to the local miners' union and mayor of Fernie for most of the years of the First World War. He represented the Federated Labour Party in the legislature and was a consistent advocate for workers' compensation, pension and the unemployed.

We are seeking the assistance of Minister Beare in accomplishing this recognition. Would it be possible to meet? I am also available anytime for a phone discussion.

Thank you!

Hi there,

I hope you're well today. I am a constituent of Ms. Mark's and a musician. I received a \$5,700 grant for my last album 'Run Wild' under the first round of Creative BC funding. It might not seem like a lot of money, but it made a world of difference to me, my art s.22

I urge you to please renew funding for this excellent program.

To Melanie Mark

I am writing in support of a continued commitment for the Amplify BC music fund. s.22
bring over 15 world class musicians to the province of BC for concert and recording possibilities. BC can feel remote when dealing with the global music

community and this fund makes it possible to put our local talent on the international stage. I have been nominated for two Juno awards in direct connection with this fund and have release 3 albums with it's support. I have many more that are waiting to be released in the years ahead creating a lasting legacy for this fund internationally. We need this stand alone commitment in order to give our artists and local industry equal footing with the best in the world. There is a growing momentum and industry growth happening that if continued can create substantial growth and a lasting industry for our community. Creating many green and high tech jobs for our future.

British Columbia has a world class music industry with talent across the entire province and the Amplify BC fund has already helped to extend that reach. With a renewed fund, we can reach more communities and continue to increase the cultural diversity of fund recipients.

The Amplify BC fund is the only primary source of funding for our industry and to lose it would mean a further decline in one of the province's biggest contributors to the cultural economy.

Sincerely,

Gordon Grdina

Subject: TCICS Invitation for Iranian New Year celebration and Fire festival

Dear Premier John Horgan,

I write to you on behalf of the Tri-city Iranian Cultural Society. I am pleased to invite you to our upcoming Chaharshanbeh Souri (Fire Festival) and Iranian New Year celebration event. Char-Shanbeh-Souri (meaning Wednesday Eve Party) is the night Iranian and Persian speaking people from all across the world gather around and create campfires and jump over them. This culturally represents spiritual cleansing and good riddance. People celebrate the night by partying, dancing and singing along to the music. TCICS has held this annual event in prior years and has appreciated the support provided by the Mayors, MP's, MLA's and Councillors of Tri-City. According to the City of Coquitlam, last year we attracted more than 5000 people from residents of all ethnicity, mostly Iranian, Afghanistan, Pakistan, Azerbaijan, and Tajikistan born Canadians. One of the main objectives of TCICS is to gradually convert this celebration into a multicultural event and make it more enjoyable to all citizens by promoting peace, joy, and friendship.

We will be thrilled to have you celebrate these cultural festivals with us. Upon your arrival, please visit the VIP booth. There, you will be received and greeted by our VIP booth volunteer and your name card will be collected for emcee announcement. An optional tour of the programs will also be provided to you if you may be interested.

I will appreciate your confirmation for our better planning.

The Fire Festival will be held on:

Date: **Tuesday, 19 March 2019**

Time: **5:30 pm - 9:30 pm**

Location: **Lafarge Lake event plaza (Town Centre Park) Coquitlam, BC**

Official ceremonies will take place between **7:25 to 7:45 pm**. We would appreciate if you could arrive **10-15 minutes prior** to the start time.

We would also be pleased to work with your press secretary to invite local media to cover the event.

**Sincerely,
Behzad Abdi
TCICS Chair**

A small edit.

"These twelve extraordinary young people contribute so much to their communities and our province is a better place because of their commitment and leadership," said Premier John Horgan. "Their dedication to active living and personal growth are an inspiration to all British Columbians, including the next generation of Indigenous athletes."

I think the biggest concern is just if it's delayed too late the Recipient may not be able to invite guests in time for them to make it.

Talking with PS Rice and Minister Farnworth staff today, they haven't finished the scheduling for the trip yet. The days are confirmed, but the timing of some of the events on the trip are still being worked on. I'm told it should hopefully be all confirmed next week. I'll keep you posted.

Is there a day at which point it becomes too late to schedule the ceremony?

Subject: Digi BC new website and province-wide competition

Hi Team,

I just got off a call with [DigiBC](#) who are looking to launch a new website April 2 to commence the intake for a province-wide competition for high school kids to compose music for video games and animated movies. \$150,000 was invested by MTAC. The funding came from Amplify BC. With the audience (students) in mind, we are suggesting a social media plan that will include posts for BC Gov news, Minister Beare and Minister Flemming in order to encourage applications. Additionally, EDU will be doing some mass emailing to the Super Intendents and music teachers throughout BC with information. We do not recommend a news release at this point.

They are looking to announce the student winners at an event in the spring: possibly at EA Games or the Microsoft offices and we are working with them to shape up this event and will do some story telling about the student recipients at that time.

Can you please let me know if this approach work ok for you.

Thanks kindly,
Carla

MEDIA REQUEST:

I am writing a long-form story that looks at the impacts BC wildfires and floods have had on the tourism industry during the summer. When finished, I hope to have this story published in *The Walrus* or another long-form magazine. *The Globe and Mail* is also interested in publishing portions of it.

I'd like to speak to Minister Beare, or the Deputy Minister regarding what part the Ministry of Tourism, Arts and Culture plays in helping BC's tourism industry recover from previous wildfire seasons, and what preparations are being made, through Destination BC and outside of it, to

help sustain the industry into the future. I've heard from a couple of the regional marketing organizations that there is a province-wide communications strategy in the works for tourism emergency planning, and would like comment on this. Also, I have a couple questions on some of the research conducted on how BC has been marketed globally, in light of the last two wildfire seasons.

Deadline for interviews is **Friday, March 15.**

Do we need to meet ? I think as it was break week we canceled however we can have a meeting with the Minister — and if we do we can move the Tuesday item into it and do a general update on items for her.

The one item cariboo will take up a bit of time and there are follow up calls we would like the minister to make or I can make them.

Let us know -

You and I can also connect today if helpful.

Shauna,

Following our briefing yesterday, attached is the updated package for the Minister on the Caribou Recovery issue. A briefing with the Minister has been set for Tuesday March 19 at noon. Based on direction from the PO (late Friday afternoon March 15th), the technical briefing for the Tourism Sector specifically will occur on March 20, 2019 led by FLNRO with TAC support (the timelines document has been updated to reflect this change). Notification to the Tourism stakeholders from TAC with a potential call from the Minister would need to occur the afternoon of March 19, 2019. The stakeholder list has been updated to include contact information and potential key messaging (however still waiting for further direction from FLNRO on this).

Please let me know if any further information is required at this point. Given the nature of how quickly this is moving, I fully expect we may have additional changes coming our way on Monday from FLNRO as well.

Hey Sam,

Hey Sam,

I just wanted to send you some of the background information on daylight savings that we have had over the past couple of years.

The first time we received a note on the issue of daylight savings time was in November 2017. I've attached it to this email.

Then in 2018 – there was a resolution passed at UBCM:

B147Daylight Savings Time

Whereas daylight savings time no longer serves a vital function in today's connected economy, the practice costing more to sustain today than the actualized savings historically achieved through its implementation; And whereas there is a measurable impact to the health and safety of the general public each time daylight savings time changes are implemented (twice a year): Therefore be it resolved that UBCM petition the Province of British Columbia to abandon the practice of Daylight Savings Time and implement a single time zone province wide. Endorsed by the North Central Local Government Association UBCM Resolutions Committee recommendation: No Recommendation UBCM Resolutions Committee comments: The Resolutions Committee notes that the UBCM membership has endorsed 2017-B129, which requested that UBCM petition, the provincial government to consult with the people of BC with a view to abolishing Daylight Savings Time. Prior to the 2017 resolution the membership did not endorse 2016-B140, which requested the provincial government consider discontinuing the annual time change within the Province of BC. Since the 2017 resolution only asked the Province to consult about potentially eliminating daylight savings time, and not specifically asking for its elimination; and since a similar resolution was not endorsed in 2016, the Committee is offering no recommendation to allow debate to happen on this issue.

<http://www.victoriabuzz.com/2018/09/bc-municipal-leaders-vote-to-end-daylight-savings-time/>

There was an updated note that came after the UBCM resolution – I've attached that to this email as well.

Finally, there was updated note after California voted for Prop 7. See attached.

Probably all stuff you have – but thought I would pass it along anyway!

Best,
Kelly

Subject: TCICS Invitation for Iranian New Year celebration and Fire festival

Dear Premier John Horgan,

I write to you on behalf of the Tri-city Iranian Cultural Society. I am pleased to invite you to our upcoming Chaharshanbeh Souri (Fire Festival) and Iranian New Year celebration event. Char-Shanbeh-Souri (meaning Wednesday Eve Party) is the night Iranian and Persian speaking people from all across the world gather around and create campfires and jump over them. This culturally represents spiritual cleansing and good riddance. People celebrate the night by partying, dancing and singing along to the music. TCICS has held this annual event in prior years and has appreciated the support provided by the Mayors, MP's, MLA's and Councillors of Tri-City. According to the City of Coquitlam, last year we attracted more than 5000 people from residents of all ethnicity, mostly Iranian, Afghanistan, Pakistan, Azerbaijan, and Tajikistan born Canadians. One of the main objectives of TCICS is to gradually convert this celebration into a multicultural event and make it more enjoyable to all citizens by promoting peace, joy, and friendship.

We will be thrilled to have you celebrate these cultural festivals with us. Upon your arrival, please visit the VIP booth. There, you will be received and greeted by our VIP booth volunteer and your name card will be collected for emcee announcement. An optional tour of the programs will also be provided to you if you may be interested.

I will appreciate your confirmation for our better planning.

The Fire Festival will be held on:

Date: **Tuesday, 19 March 2019**

Time: **5:30 pm - 9:30 pm**

Location: **Lafarge Lake event plaza (Town Centre Park) Coquitlam, BC**

Official ceremonies will take place between **7:25 to 7:45 pm**. We would appreciate if you could arrive **10-15 minutes prior** to the start time.

We would also be pleased to work with your press secretary to invite local media to cover the event.

Sincerely,
Behzad Abdi
TCICS Chair

Subject: Statement

Can you let me know if this has been approved by the Ministry? I'll need to run it by Tim and Sage before it goes out.

These awards recognize the outstanding contributions of British Columbians in promoting multiculturalism, inclusion and anti-racism.

It is extremely disappointing that a nominee may have made statements or written articles that run contrary to the principles of an inclusive society.

The awards run on a public nomination process, in which anyone can put forward a nomination in one of four award categories.

To choose the award winners, nominations are then reviewed by an independent panel of judges with expertise in multiculturalism and anti-racism. The judges' panel follow assessment guidelines to evaluate all the nominees. Criteria include:

- The extent to which the nominee has raised awareness of diversity, multiculturalism and anti-racism issues;
- The extent to which the nominee has promoted respect and inclusion in bringing diverse cultures together to address racism;
- The extent to which the nominee has created a welcoming and inclusive environment;
- And, in the case of the youth nominee, the use of the \$5,000 award money to further advance multiculturalism and anti-racism in British Columbia.

Award winners will be announced on March 21.

Inclusion and respect for all British Columbians, including members of B.C.'s LGBTQ2+ communities, is a fundamental principle of this government.

Hi Rachel,

Yes, thanks for this. I talked with the Vancouver-based CBC producer who initially interviewed David Alexander last Thursday and left a message with the local CBC producer, Madeline Green who set up the interview this morning.

s.13

David adhered to the messaging we'd developed.

KEY MESSAGES:

1. Our reproduction and licensing fees are consistent with those charged by museum and archives peers across the country. The Royal BC Museum determined the dollar value for these services after a thorough scan of fees in 2015 levied by other, similar institutions. The fees and processes are formally reviewed each year.
2. The Royal BC Museum receives a stable operating grant from the BC Government that represents approximately 54 per cent of our operating budget. To serve our researchers and provide access to the collections—including the Friends—we generate the remaining 46 per cent through ticket sales, philanthropy and business development streams, including reproduction and licensing fees.
3. We have made important distinctions between research and non-research use, and commercial and non-commercial use, in part by balancing issues as diverse as fairness, accessibility and financial sustainability. We provide as much as we can, as openly and transparently as we can, by prioritizing

the needs of people who are conducting non-commercial work.

4. The Royal BC Museum frequently consults with institutional peers across the country including staff at Library and Archives Canada, to ensure our practices, including our fees, are consistent with best practices.

Feel free to call if you have questions or concerns.

thanks

Just bringing this to your attention. Below is a transcript of CBC on the Island segment on *The Friends of the BC Archives*, a group that advocates for members of the archives. They have released a new report calling on the RBCM to lower or eliminate costs associated with accessing and using these archived photos and documents. Would you have any messaging on this that you could share? If not, we will need to develop some.

Thanks,

Rachel

Yes, Finance has basic PowerPoints and speaking notes. The individual shops then need to customize them to the minister and the region. We can aim to have those ready for her (with QA) by April 12, and I'll ask Kelly to set up some prep time on the 15/16.

I think PSK's was a bit different because he was going there to speak about student loan elimination specifically, and this is more general about the Budget.

Let me know if that works.

Subject: VIFF Film Centre Renovation/Cultural Space Development

Dear Minister Beare,

Wonderful seeing you on Wednesday. Congratulations on the new funding announcement. What an exciting development!

I'm touching base to let you know about some potentially great news. We just learned this week that our application to the BC Gaming capital projects program is being reconsidered for BC Gov year-end.

Over the past two years, we've been working on a plan to redevelop the Film Centre atrium space, adding in a micro-cinema and VR lounge, as well as an enhanced cafe function. The goal of the project is to increase the capacity of the Film Centre to allow for expanded support of the communities' needs for venue space and to allow VIFF to grow and diversify its programming as a cultural hub in the downtown core.

Thus far we've received on-going support from the City of Vancouver and Canadian Heritage during the development and design phases of the project. For this next and final phase, the construction phase, we aim to begin renovations in fall 2019 for a 2020 opening. Securing this critical funding from BC Gaming now will strongly support our ability to ensure the success and timeliness of this project.

If there is an opportunity to put in a good word for us that would be most appreciated. I'd love the opportunity to take you all through the project when we next get together.

Thanks in advance.

All the best,

Jacqueline

Hi Kelly & Ramesh,

Please find attached quote for approval in a third party release on Celebration of Light.

MLB has provided a quote for this NR for the past two years. Please approve by **March 21.**

"The Honda Celebration of Light is a terrific way for families and friends to spend time together while experiencing the sensational musical fireworks that set aglow Vancouver's magnificent skyline," said Lisa Beare, Minister of Tourism, Arts and Culture. "This world-class international festival offers an array of activities, while generating positive social and economic returns for Vancouver and the people who live there."

Thanks,

Shauna – attached is the briefing deck FLNRO has produced for the meeting today with Ministers Donaldson, Heyman and Mungal. A new element has been added - no snowmobile closure areas will be set out in the agreements. BC will launch a separate engagement process for snowmobile management that will begin in early May, after communities have engaged on the draft Agreements. B.C. has hired a neutral, third party facilitator with expertise in backcountry motorized recreation management to lead the snowmobile engagement process. This is new information which you will want to share with the MO. Let me know if you have any questions or need anything else. thanks

Dear Minister Beare and Ministry of Tourism, Arts and Culture Staff,

As the Ministry responsible for the Royal British Columbia Museum and Archives, I am sending along a report that our organization, the Friends of the BC Archives, released this week.

The report details our concerns with the high cost of reproduction and licensing fees at the RBCM&A. In the report, you will note that we reference Minister Beare's mandate letter to the RBCM&A. We find that the high cost to reproduce and license images from the archives is contrary to that letter, and contrary to the core values of the institution. The RBCM&A a public institution tasked with caring for and making accessible the documentary heritage of BC and we hope that our report will prove helpful for increasing access and affordability for all British Columbians.

We look forward to hearing from you on this matter. Thank-you.

Hi Lori, Lea and Melissa,

We have a bit of an urgent request to fulfil confirmation regarding an OIC our minister has signed off, (as attached, Lori is aware), and are looking for an ability to have awareness/confirmation for the intended changes with Minister Bruce Ralston (Jobs, Trade & Technology) and Minister Harry Bains. I'm not exactly sure/clear how that process takes place for reach out, it comes as a request from Cabinet Operations.

As noted, there are approval deadlines of **end of day Wednesday to meet deadlines to proceed**, apologies for the short notice, myself and/or Karen (cc'd) can answer any questions, let me know if any issues re timing.

Thank you,

Dear Minister Beare,

Thank you for taking the time to meet with us on February 28. We sincerely appreciate the opportunity to speak with you and your team about the challenges and opportunities for craft brewers in B.C. I was very impressed to receive your hand written note this week thanking us for meeting with you. It is impressive someone who is as busy as you are found the time to write a personalized note. I will keep you informed on the timeline regarding the Maple Ridge and Pitt Meadow Ale Trail and would welcome you attending the launch of the trail at one of the breweries.

We appreciate the advice and support you provided, particularly regarding the new tourism strategy and how we can work with the Ministry of Transportation and Infrastructure to develop highway signage for the BC Ale Trail. We welcome your assistance in arranging the meeting with the Minister Trevena.

B.C.'s craft beer industry is currently growing, we are incredibly proud of our product, and we have built significant trust with our consumers. We look forward to working with you to ensure the long-term viability of our industry.

Please contact me any time if you have any questions or would like any additional information.

Subject: FW: Riverdale tour details & questions

Hi Kelly,

Some detail on the studio tour below. Please confirm highlights.

- The tour will run from 12:30 p.m. until 2 p.m. Lunch will not be provided but they will likely stop by craft services to say hello and can grab a coffee or snack.
- Please confirm how many cars will the Minister's team (including Shauna) bring. They will set aide parking.
- For your reference, Joleen will be doing a site visit on Tuesday morning in addition to the RCMP detail doing an advance.
- In addition to the PO, Evan Brown, Sheena McConnell and a photographer will be on the tour,

plus Kelly and Shauna with the Minister. The photographer has been okay'd by the studio and Joleen has reached out to digital to let them know photos will be coming from that.

- The Premier will be coming from another tour in Kamloops that morning and will be dressed fairly casual. For the tour, it is important that everyone wears closed toed, sensible shoes as part of the tour will have low lighting and there could be cords on the ground where they tour.
- No media will be invited. The PO is aware of this as well.
- Please let me know if there is anything special the Minister would like to see or learn more about on the tour, the studio is happy to try to accommodate that. A small detail to emphasize is that there are two stages for this show; the tour on the 21st is geared towards the warehouse stage and will have live filming at 1p.m.. The second stage that is not currently part of the tour, has Pop's diner out front. If there is a desire to see that, it is about 10 minutes away and can be included.

An information package with background information on the studio, the industry, KM's and the economic impact update on Riverdale will be coming early next week.

Sonja

Hi Caelie, Kelly and David,

It was a pleasure meeting you today. We appreciate your valuable input as we seek to engage with government to advance our shared goals.

As discussed, we would like to request a tour of our mfg facility in Vancouver Renfrew to be attended by Minister Hayman, Minister Lisa Beare, as well as any other relevant stakeholders who may be interested. We aim to take the opportunity to celebrate local BC cleantech, and will invite other community, government and business leaders.

In order to ensure we host a successful event, we would like to consider possible dates in May, 2019. Would there be any upcoming events in Vancouver where they may all happen to be in town already?

We look forward to hearing from you about this opportunity, and will follow up on the other items we discussed separately.

Kind regards,

Mark

Hi Kassandra,

I got a call from Andrea Berkes from Tourism, they had prepared wording to respond to this request. They were under the impression that Health was going to or had already sent out a response. I was not able to find one in Cliff. As this is involving Francophone affairs, I wanted to check with you if any response was sent out for this on behalf of Health or if you still want to do a joint letter with them? They want to ensure their message matches whatever we sent out.

Thanks,

Michael

As discussed, attached are a few documents that give some background on the 2020 Francophone Games. I will look forward to hearing from you after you have spoken with Minister Beare about her views on next steps, whether it be a meeting with Minister Dix or moving on to putting together a joint letter of support.

It was nice talking to you!

Hi Sage,

Sorry for the late notice, but the organizers of the tour of the Webb-Ellis Cup (basically, Rugby's equivalent to the World Cup or the Stanley Cup) just contacted TAC the other day to see if we would want to host the Cup at the legislature on Tuesday, March 26th, 2019.

As you can see from the event pitch, the cup would be displayed on the grounds of the legislature, with an opportunity for MLA's get a group photo taken with it. We would also introduce guests from all the different types of rugby that gets played in BC in the legislature.

Please let me know if you approve and we will get the ball rollin'so to speak.

Dear Minister Beare,

Thank you for taking the time to meet with us on February 28. We sincerely appreciate the opportunity to speak with you and your team about the challenges and opportunities for craft brewers in B.C. I was very impressed to receive your hand written note this week thanking us for meeting with you. It is impressive someone who is as busy as you are found the time to write a personalized note. I will keep you informed on the timeline regarding the Maple Ridge and Pitt Meadow Ale Trail and would welcome you attending the launch of the trail at one of the breweries.

We appreciate the advice and support you provided, particularly regarding the new tourism strategy and how we can work with the Ministry of Transportation and Infrastructure to develop highway signage for the BC Ale Trail. We welcome your assistance in arranging the meeting with the Minister Trevena.

B.C.'s craft beer industry is currently growing, we are incredibly proud of our product, and we have built significant trust with our consumers. We look forward to working with you to ensure the long-term viability of our industry.

Please contact me any time if you have any questions or would like any additional information.

Hon. Minister Beare;

It was great seeing you at the Tourism Industry Conference last week. I am formally requesting a meeting to discuss a project that is important to supporting the growth of the Osoyoos Indian Band and the South Okanagan's arts, cultural and tourism offerings.

The project is the **Nk'Mip Desert Culture Centre Renewal program**.

What we have....

One of the premier award winning Indigenous attractions in BC now into its 12 year.

And a Centre requiring expansion and renewal

s.17

What we want....

- To renew the Centre's vitality, thereby maintaining its status as a leading BC place of Indigenous presentation and sharing in the context of Okanagan People living in the desert.
- To celebrate reconciliation by sharing our culture and history through the Nk'Mip Day School experience.
- Creating the premier "gathering place" for the South Okanagan events and exhibitions.

s.17

What BC receives in return...

- A potent action on the part of the BC government reflecting true reconciliation.
- Strengthening BC tourism infrastructure.
- A shovel ready project for 2019 partnering with an experienced Indigenous community with a proven development team.

Thank you for the opportunity to explore this potential partnership, please let me know when a good time to discuss this project with you.

<https://pm.gc.ca/eng/news/2019/03/15/statement-prime-minister-terrorist-attack-two-mosques-new-zealand>

The Canadian leader addressed the country's House of Commons, where he spoke about the importance of tackling extremism – including "Neo-Nazi terrorism, white nationalism, right-wing extremism and anti-immigrant hatred."

In an extensive speech, he condemned violence and hatred of all kinds.

Just a few days ago, our friend and ally suffered the worst terrorist attack in their history. An attack motivated by Islamophobia.

50 men, women, and children murdered at prayer. Dozens injured. Gunned down by a monster. A terrorist. A coward.

A man whose manifesto included white supremacist sentiments was charged with the murder of 50 people when he allegedly launched a shooting spree in two mosques in New Zealand.

Hope this helps!

Hey Rick,

Just double/triple checking in about whether or not the Premier is available to attend the World Juniors Hockey Tournament— one year out press conference in Victoria on Thursday at 1:30pm. If not, it's fine, just wanted to be sure.

Min. Beare is attending on the Vancouver side, but at this point we don't have anyone confirmed for the Victoria side. We've extended the invitation to Mitzi Dean and are just waiting to hear back.

Talk soon,

Subject: Time During April Break

Hi all,

Following on the largely successful efforts to carry out a unified tour and series of events to promote the budget by many Ministers and Parliamentary Secretaries, we would like to do something similar for the April Break.

There will be more details coming on this regarding the thematic and issues focus but most urgently, as calendars are certainly filling up, we wanted to secure one day in your Minister's calendar during the April break from the House.

Please reply by noon this Friday (March 22) to let me and Rick know one full day over the course of the April break from the House that would work for your Minister to do a day of announcement(s) and outreach. This would be between **Friday April 12** and **Sunday April 28**, with the exception of April 19, 20 and 21 – **please do not choose the 19th, 20th and 21st**.

We'll work with your office and your comms shop to plan this day as part of the larger overall tour effort for the April Break.

Please let us know, and feel free to ask if you have any questions.

Thanks,

Sage

Hi Johanie,

Nice to hear from you, and yes, I am loving the weather – hope you are too!

Thanks for the invitation, unfortunately I am not planning to be in Vancouver anytime soon. That being said if anything changes, I will certainly be in touch.

If you are going to be on this side of the water anytime this spring, please let us know as it would be great to connect, see the designs and hear about recent developments.

All the best and also looking forward to connecting sometime soon.

Kelly

Hi Kelly -

I hope you are doing well and enjoying this glorious weather!

I hear the team had a great meeting with Claire Avison last Friday. We're excited to work through the various next steps with your team!

In fact, I'm not sure if you've had the opportunity to see the new designs, so I wanted to invite you for a coffee to share the recent development and show you the latest designs.

Will you be in Vancouver soon? Let me know if and when would be a convenient time to connect - I

can only imagine how busy your schedule must be.

Thanks Kelly and I'll look forward to connecting with you soon.

All my best,
Johanie

Subject: Media request: CBC radio - for today

Hi Ramesh,

Just following up from Friday, CBC would like to speak to MLB briefly at 2:30 pm ideally about the RBCM consultation. Then at 3:10 they will speak to Joanne from the RBCM about the museum specific questions.

Can you please confirm if 2:32 pm for 4 min works for MLB today?

If so, here are the call in details:

Time to call: 2:32 p.m. taped session for 4 min
to call: 250-360-2227
Outlet: CBC Radio
Host: Robin Burns

Questions:

Will be focused on the consultation approx. 4 min, some of the question she identified include:

What is the scope of the consultation?

- *We'll be asking people about their vision for a modern museum experience, and how the museum could better tell stories of communities right across the province, both from the past and from today.*
- *We're hoping to hear from people who visit the museum, as well as Indigenous peoples and local nations, historians and scientists, academics, teachers, the technology sector, tourism organizations, and the gallery, library, archives and museum community.*
- *On April 1, the online engagement will begin and there will be eight community meetings being held across the province until the end of June.*

Why now?

- *The business of the museum has changed significantly since 1967. As a collecting institution, the museum is at capacity from a storage and program perspective.*
- *And, the building no longer meets today's accessibility or seismic standards.*
- *Visitors expect a modern experience that incorporates innovative ways of telling stories about B.C.'s history. This could mean using modern technology like virtual reality. New programs such as repatriation also need a purpose-built area.*
- *In the throne speech this year, our government committed to modernize the Royal BC Museum, to protect its historic holdings and provide better access to its collections.*
- *We are beginning that project and we want to hear from the public on their vision for a modern museum.*

Additionally the attached KMQA will provide an overview of other potential questions.

Thanks kindly,
Carla

Dear Lisa Beare,

On behalf of the all of us at the Belfry Theatre – our Board of Directors, volunteers, staff, and guest artists – we are pleased to invite you to join us for Opening Night of *4000 Miles* on Thursday, April 11 at 7:30pm.

Written by Amy Herzog, *4000 Miles* was a finalist for the Pulitzer Prize in 2013. It is a deceptively simple story of a 91-year old widow in Greenwich Village, and her 21-year old grandson, who arrives on her doorstep unexpectedly, having biked across the States from Seattle to New York City.

[Charles Isherwood](#) in *The New York Times* wrote, eloquently and accurately, that Herzog "...writes with a keen sensitivity to the complex weave of feelings embedded in all human relationships, with particular attention to the way we tiptoe around areas of radioactive emotion. Ms. Herzog makes quietly captivating dramas of our instinct to avoid drama, noting how momentous events in our lives can pass by almost without registering on the surface."

Directed by Anita Rochon (*Alice Munro Stories*), *4000 Miles* stars Brenda Robins (*Vanya and Sonia and Masha and Spike*) and Nathan Howe (*Salt Baby*), as Vera and her grandson, Leo. Making their Belfry debuts are Lucy McNulty as Leo's girlfriend Bec, and Julie Leung as Amanda. Set and costumes are designed by Peter Hartwell (*RED, Alice Munro Stories*), with sound design by Steve Charles (musical director and performer in *Chelsea Hotel*).

It is our pleasure to offer you 2 tickets to our Opening Night performance on **Thursday, April 11, 2019 at 7:30pm**, but we are happy to extend this offer to any other performance during the run (April 9 to May 5, 2019). Please RSVP to Ian Gibson at 250-385-6835, or via email at: ian.gibson@belfry.bc.ca. On Opening Night, there will also be a pre-show reception beginning at 6:30pm, to which you are cordially invited, and a celebration with the cast following the

performance.

All tickets subject to availability. Reservations must be confirmed by Friday, March 29 at 5pm. If you confirm your tickets but are unable to attend, please inform us, and we'll release them to someone on the waiting list.

We look forward to seeing you on Opening Night!

Hi Lisa,

I trust you are well.

I'm touching base regarding our efforts for renewal of the Amplify BC fund and if there is anything you need from Music BC to help you achieve our common goals. As you know, Music BC and the industry have been advocating for a renewal for some time now and have made our rounds with multiple MLA's, Minister James' office as well as the Premier's office via Mira Oreck with whom we met with a couple weeks ago. We trust that the reports you and others have received in respect to the province's return on investment have shown that the funding has had an enormous impact on the industry both culturally and economically.

We greatly appreciate your continued support and look forward to hearing from you.

Hi Lisa,

I trust you are well.

I'm touching base regarding our efforts for renewal of the Amplify BC fund and if there is anything you need from Music BC to help you achieve our common goals. As you know, Music BC and the industry have been advocating for a renewal for some time now and have made our rounds with multiple MLA's, Minister James' office as well as the Premier's office via Mira Oreck with whom we met with a couple weeks ago. We trust that the reports you and others have received in respect to the province's return on investment have shown that the funding has had an enormous impact on the industry both culturally and economically.

We greatly appreciate your continued support and look forward to hearing from you.

CKWX (Vancouver)
News 1130
26-Mar-2019 06:07

Quoted: Jennifer Moreau, Amanda Wawryk, Mike Lloyd

Amanda Wawryk: A local studio that used an obscure part of BC's labour laws to withhold overtime pay has been ordered to pay up. The animators had gone after the producers of the 2016 Seth Rogan comedy Sausage Party.

Mike Lloyd: Basically, the studio claimed the animators were hired as high-tech workers and didn't qualify for overtime. Jennifer Moreau speaks for Unifor Local 2000. She says when they heard about it, they filed a complaint with the BC Employment Standards Branch on behalf of the animators, who aren't part of the union. She says it can be tough for people in the industry to come forward.

Jennifer Moreau: They go from studio to studio on short-term contract. Once that contract is over, they disperse and look for a new job. And it's not unusual for them to come back to a studio they've worked for in the past, so you can't burn any bridges in this industry.

Lloyd: She says in the past, these cases have gone in favour of the studios, and this could mean a shift in the industry landscape. [lbrr, xrz, tacz]

Further to the visit of Minister Beare and yourself to the Museum this past fall, I would like to arrange a meeting with both of you in the latter part of April in Victoria.

In my weekly meetings with Michael Audain he has underlined the importance of establishing the AAM's presence with provincial government officials to ensure the institution's future success. I also intend to arrange meetings with representatives from the Royal BC Museum and the Art Gallery of Greater Victoria, again to further the AAM's relationships on both the museum and gallery scenes throughout British Columbia.

Charley,

Are you still creating the board reference books that outline all of the rules regulating the boards, current members and vacancies??

If so, could we get an updated one for TAC. The last one we have is from October 23, 2018.

THANKS!

Kelly

Is the purpose of the above-mentioned document in e-apps just to be used as an update for the Minister, and thereby would be 'Advice to Minister'?

Hi All,

In follow up from your discussion at Monday's meeting about the Interactive fund, this news release will be distributed by Creative BC and we will look for opportunities later in the spring/early summer for Minister/MLA to attend an event and see how these projects are progressing.

MLB Quote for approval:

"B.C.'s interactive and digital media sector is thriving with over 16,500 people working in this area," said Lisa Beare, Minister of Tourism, Arts and Culture. "The Interactive Fund supports our homegrown talent in developing original digital content and apps that range from the entertaining to the educational. It also supports B.C.'s digital creators in accessing new markets and investment opportunities."

Thanks kindly,

Present at the meeting: Andre Little (TAC); Veronique Mercier (IGRS); Casey Edmunds (Games Executive Director); Marie-Pierre Lavoie (Games Chair).

s.13; s.17

Also recognizing the cultural aspects of the event they communicated that they would still like to meet with Shauna and we expect they will be reaching out shortly.

Also as an FYI – they noted that the federal organizers met with Premier Horgan on Friday of which MLB may have been present (it was unclear when it was mentioned). IGRS will be looking into this further as they were unaware that the meeting had occurred.

2 things in regard to the Community Resilience Grants and International Presence Fund and TEP

1. Can you be sure not to send the letters of congratulations to the grant recipients until we have had a change to discuss and pitch a comm's plan etc...which will happen this week.
2. With regards to the Community Resilience Fund in particular, can we also get a list of those that applied but were not successful?

THANKS!!

Hi MAs/EAs

The 2019 CA conference takes place May 7, 8 and 9 at the Coast Harbourside Hotel in Victoria.

We are currently working with constituency offices to identify (develop) casework/program ID workshops that would be the most useful to them. While the format of the workshops isn't yet defined, we've heard from the CA's that they would value your participation.

Starting next week, we will be contacting a lot of you with workshop requests (and will provide details about what kind of information CAs are looking for).

Thank you in advance; we look forward to making this the best CA conference yet!

Hi Kelly,

I don't believe we've yet had the pleasure of being formally introduced, but I'm the new MA in Minister Ralston's office.

Two things:

1. I wanted to bring to your attention, if you weren't aware already, the Holodomor National Awareness Tour will be on the legislative grounds with their tour bus on Monday. There will be a 20 minute audio-visual presentation on the bus. Our office is arranging for a private member to make a statement on Holodomor and bring attention to the tour. Let me know if you want more info on that.
2. Minister Ralston has renewed interest in bringing forward a Holodomor memorial day in BC. I've spoken with Suzanne Christensen and she told me to reach out to you for the policy framework/update we're where at.

Give me a call if that's best, or I'm happy to come by your office to discuss. Let me know what works for you!

Subject: MEDIA REQUEST: Global BC - Film report

Hi,

We have received a media request from Global BC for Minister Beare to speak to the CMPA Film Report.

OUTLET: Global News – over the phone interview for 5 min

REPORTER: Cameron Thompson

DEADLINE: By EOD Friday March 29, 2019

PH # 250-808-5121

QUESTIONS: Want to speak to someone about the CMPA Film Industry report. General overview of where BC sits compared to other provinces and globally.

Recommendation: That Minister call Cameron this afternoon to highlight BC as a leader in film production.

KM's:

B.C. is fortunate to have a healthy film industry.

Our province was home to 40% of all film and television production in Canada and 63.7% of Canada's foreign productions business in 2017-18, solidifying our reputation as Hollywood North.

The film industry offers benefits that reach far beyond the excitement of having blockbuster productions film in our backyards.

The industry is creating good-paying jobs across the province and stimulating local economies in communities large and small. We are proud to be home to a vibrant and growing film industry that create opportunities and makes life better for people in B.C.

**IF Minister would like to proceed we can pull over key highlights from the report.

Please let me know if this is something she would like to do and an approx.. time she can call the reporter.

Thanks

Subject: Art Gallery of Greater Victoria Update

Hi Kelly,

As you requested in your January 14th email, this is an update on where things stand with the Art Gallery of Greater Victoria and our construction project. We have submitted a request to Infrastructure Canada in late January. The stream of funding at IC is the Community, Cultural and Recreation program. I have been in touch with the Minister of Infrastructure Canada since I was last in wrote you, Minister Champagne reiterated once again the need to have provincial support in order to be successful with the Community, Culture and Recreation funding. I explained that we have written support from all the local MLAs, the Mayor of Victoria and the Chair of the CRD and have requested clarification on what further evidence of support we would need.

We will be completing our construction drawings by mid April and will be ready to go to tender however one of the conditions of the Infrastructure Canada funding is that we need to have their funding approval prior to starting construction which includes the tendering process. No word on any date that the notifications will be released, if you hear of anything please let me know.

Kind regards,

Jon

Hi Stepan,

Nice to hear from you – I hope you're doing well!

Sorry for the delay in responding, I've been trying to find a time that would work for Min. Beare while she is in Vancouver over the break week, as I'm sure she would love to meet with you and your colleagues at BC Artscape. I have let Marina know and she will be in touch to coordinate a time – we are thinking the afternoon of April 23rd would work best.

Take care,
Kelly

Kelly,

I am reaching out with my BC Artscape board of directors hat on. I am wondering if it might be possible for our Board chair Doug Robinson and our new Executive Director Caitlin Jones to meet with you at your convenience?

We would like to brief you on our expansion plans and speak about funding opportunities we are pursuing. Specifically we would like to touch on any funding opportunities there might be with the Province of British Columbia.

We would prefer a Vancouver meeting if possible but are also flexible to travel to Victoria.

Hope all is well and I look forward to speaking soon,

Stepan

Hi Kelly – Supernatural is the longest running TV series (filmed in BC) that is currently running. I'll confirm with the Film Commission, but I believe it's run has only been beat by Stargate.
