Hi all,

Here are the materials for DigiMusic Awards. These are still pending final ministry approvals (we will let you know if any further changes are requested)

Also below is the suggested in the "News You Can Use" quote for Minister Beare for approval:

Lisa Beare, Minister of Tourism, Arts and Culture –

“I was blown away by the incredible talents on display through this year’s DigiMusic contest. These young composers showed extraordinary creativity and innovation. B.C.’s creative sector is full of opportunities for people, and this contest is one way we’re opening the door for young people in B.C. to launch a career in B.C.’s digital media industry, helping build our reputation as a hub for creative innovation.”

We are also working with Education about a possible quote for Minister Fleming.

Hi Team,

Two third party quotes for MLB's approval, please:

1. Joint VCC-TVAN Media Release_Women Deliver and 2019 International Conferences

"British Columbia welcomes the great minds and progressive thinkers that are promoting global gender equity. Our government shares this priority and continues to advance gender equity in the work we do every day," said Lisa Beare, Minister of Tourism, Arts and Culture. "We are pleased to see these 17 international conferences will bring over 26,500 people together to propel their industries forward, and at the same time presents us with a great opportunity to share our province with the world."

2. DBC – Catalyst Fund

"Super, natural British Columbia has so much to offer visitors and the people who live and work in areas with a strong tourism sector. The Catalyst Fund enables communities to kickstart tourism plans which can help create good paying jobs and boost local economies. It also means plans that have been in the works will get the research or support to move them forward and elevate B.C.'s tourism offerings to the next level."

Thank you,
Carla

“The last two summers of unprecedented wildfires were hard on tourism-dependent communities. We know that one of the biggest challenges the industry faced was getting accurate, up-to-date information to visitors,” said Lisa Beare, Minister of Tourism, Arts and Culture. “This year, we’re helping the tourism sector prepare to keep visitors safe during emergencies and making sure tourism in affected areas can rebound quickly.”

Could you also please facilitate quote approval from PS Rice:

“Timely, accurate information is essential in emergencies,” said Jennifer Rice, Parliamentary Secretary for Emergency Preparedness. “The tourism sector can play a critical role in keeping people safe, especially in rural and remote areas. This investment is helping the industry plan ahead so people can get the information they need, when they need it, keeping visitors safe and local economies strong.”

We’ll need to get these to our editorial team on Thursday morning.

"Careers in tourism open the door for people to align passion and profession. I worked for over twenty years in the airline industry, both as a flight attendant and as a pilot, and I know how exciting it is to share a piece of beautiful B.C. with people from all over the world. Now, as the minister responsible for tourism, I want everyone to know about the vast array of careers that are available. Request

I'm working on a story about the new federal tourism strategy, What does the minister like about the plan? Anything missing? Does she agree with the plan's assertion that Canada is falling behind on tourism? How do we reverse that? The plan mentions five challenges facing tourism in Canada—does the minister feel the plan does enough to address them?

Recommendation

That minister do the interview.

Hi –

As part of Tourism Week, DBC is proposing to send the attached letter and template NR to communities across BC, inviting them to join in recognizing and promoting Tourism Week in their regions. Please let us know if approved by MO, ideally by noon tomorrow. The draft quote is as follows:

“British Columbia has an amazing variety of experiences and natural beauty for visitors to enjoy. It’s no wonder more than six million international visitors chose B.C. for their vacations last year,” said Lisa Beare, Minister of Tourism, Arts and Culture. “Our thriving tourism industry is giving back to communities large and small, helping build local economies and providing good paying jobs for people in the places they call home.”

We will be sending the first batch of Tourism Week materials that are produced in our shop by EOD Thursday!

Subject: PAVCO Media request - Parq Vancouver

Hi Folks,

I understand Shauna is at the MO so I am sending the below to everyone at the same time.

PavCo received the below media request and are hoping for your ok on the below. We have connected with the AG program staff and GCPE shop and they are ok with the below, but you may want to also send to the AG MO.

DEADLINE: Wednesday May 8 at 10 am

REPORTER: Glen Korstrom
OUTLET: Business in Vancouver

REQUEST:

The recent financial troubles at Parq Vancouver have some wondering whether the concept of having the entertainment district on PavCo land was well conceived at the start, and whether PavCo should ever have let Paragon out of its original \$6-million-per-year lease agreement on the land. In 2013, PavCo renegotiated that lease with Paragon to be \$3 million per year instead of putting out a new tender to try to find someone else willing to pay the \$6 million, or alternatively do something different with the land, such as lease or sell to a developer to build condos.

Is there someone at PavCo who is familiar with the genesis of the Parq project and could explain PavCo's rationale in all this?

I'm around much of tomorrow, from about 11 a.m. onward.

RECCOMENDATION:

That PavCo send the below response on background:

The development of the previously vacant site to the west of BC Place was always part of the overall revitalization plan for the stadium.

As part of the process for developing the site, PavCo issued a Request for Expressions of Interest (RFEI) in 2009, followed by a Request for Proposals (RFP). Following a competitive process, Paragon Gaming was the successful proponent and their development proposal included a relocation and expansion of Edgewater Casino's existing gaming facility. In 2011, the City of Vancouver declined Paragon's application for an expanded gaming capacity, and instead approved the relocation of Edgewater's current gaming facility (600 slot machines and 75 tables) to the new development site.

Without changing the size of the gaming facility, the lease revenue to PavCo was renegotiated to the current \$3M/year plus inflation (based on the CPI) after 2027. The term is 70 years, therefore PavCo expects to receive more in lease revenue from the site than they would from a onetime sale.

Parq Vancouver is privately owned and operated. PavCo has no responsibility for the operation of the resort.

Also below is the suggested in the "News You Can Use" quote for Minister Beare for approval:

Lisa Beare, Minister of Tourism, Arts and Culture –

"I was blown away by the incredible talents on display through this year's DigiMusic contest. These young composers showed extraordinary creativity and innovation. B.C.'s creative sector is full of opportunities for people, and this contest is one way we're opening the door for young people in B.C. to launch a career in B.C.'s digital media industry, helping build our reputation as a hub for creative innovation."

We are also working with Education about a possible quote for Minister Fleming.

Hello Nancy,

Thank you for connecting so quickly. The meeting will be held in Minister Beare's office, room 151 of the legislature. When you arrive please proceed to the main entrance and check in with security and

they will give us a call and we can come and meet you at the front and help guide you to our office. If you could provide a full list of attendees so we can provide names to security that would be helpful.

If you wanted to provide information in advance of the meeting I would be happy to provide it to the Minister and her staff. I have copied our Administrative Assistant, Lori, who you should send those materials and names to if you would like as I will be out of office for the next couple weeks.

For MLB quote approval:

“The last two summers of unprecedented wildfires were hard on tourism-dependent communities. We know that one of the biggest challenges the industry faced was getting accurate, up-to-date information to visitors,” said Lisa Beare, Minister of Tourism, Arts and Culture. “This year, we’re helping the tourism sector prepare to keep visitors safe during emergencies and making sure tourism in affected areas can rebound quickly.”

Could you also please facilitate quote approval from PS Rice:

“Timely, accurate information is essential in emergencies,” said Jennifer Rice, Parliamentary Secretary for Emergency Preparedness. “The tourism sector can play a critical role in keeping people safe, especially in rural and remote areas. This investment is helping the industry plan ahead so people can get the information they need, when they need it, keeping visitors safe and local economies strong.”

We’ll need to get these to our editorial team on Thursday morning.

We are doing a story on the indigenous languages totem pole currently being constructed. We just spoke with the people involved on the project.

They're very frustrated with the lack of support government has given to this project.

Wondering if you could comment?

Pole is being carved in Port Alberni for the International Year of Indigenous Languages. It is destined for UVic campus. It's a project of the First Nations Education Foundation. They are just starting to carve it now. They've been trying for a year to get funding from the province for this project.

Correspondence would be from Scott Jeary, the executive director.

Subject: FLAG: Para Athletes - BC Track Championships

Hi Team,

Just flagging this story that aired on Global regarding the BC High School Track and Field Association's (BCHSTFA) decision not to have races for para athletes this year at the BC Track and Field High School Championships.

<https://globalnews.ca/news/5316359/north-shore-student-petition-para-athletes-track/amp/>

Here is a letter written by the upset parent whose grade 11 son wont be able to compete this year.

<https://www.nsnews.com/opinion/letter-high-school-sport-is-about-opportunity-1.23828873>

s.13

Background:

TAC doesn't have jurisdiction over school sports (decision was made by the BC High School Track and Field Association). TAC does provides funding to BC Athletics – the PSO responsible for growing the sport of athletics in the Province of BC. So it brings into question what BC Athletics is doing regarding school based programs for individuals with a disability. It is an issue we've flagged with viaSport and our program contacts will continue to follow up.

The association (BCHSTFA) says the last few years there has been low to no participation in some of the para athlete races over the past few years (only 1 this year).

The BCHSTFA wants BC Athletics and BC School Sports to take the lead on future para athletic races and to foster more local competitions so there are more competitors at the provincial level.

Hello Team!

Just a quick update following on with the great telephone call Colin and I had with the Foundation. During that call Colin (very smartly!) noted the Premier had previously indicated a willingness to connect while on a trip over to Europe for the Dday celebrations. The Foundation was quite excited about that possibility and both Colin and I feel having that level of government support can only be a meaningful help to our chances.

Subsequent to the call Colin reached back out to the Premier's people who quickly found a couple of slots in his calendar. I am delighted to report there will be a meeting between the Premier and the Foundation on June 10.

Both Colin and I feel strongly that I should go as well. I think being there with the Premier gives not only a great opportunity with the Premier but also allows additional face time with the Foundation. I anticipate this will cost around \$3k.

s.21

s.21

Unless I hear back from any of you with a strong "no" vote I will make travel arrangements in the morning. I do apologize for this being on such a tight timeline but it really does present a unique opportunity to engage with the Foundation in a way that really can advance our cause.

Please let me know if you are in agreement with this plan of action (or if you oppose it).

Forward together,

Peter

Request

I'm working on a story about the new federal tourism strategy, What does the minister like about the plan? Anything missing? Does she agree with the plan's assertion that Canada is falling behind on tourism? How do we reverse that? The plan mentions five challenges facing tourism in Canada—does the minister feel the plan does enough to address them?

Hi Kelly

I wanted to share this email Kathleen sent to Claire about their Ottawa meetings. The Gallery was excited to hear that a letter from the Minister would be sent to Ottawa. I wonder if you can share whether it has gone out already. The message largely sent last week was that of great support but short timelines.

Subject: Request for Briefing and Participation by Destination BC at Fraser Canyon Stakeholders' Session - TIME SENSITIVE

Dear Minister Beare,

Attached is a letter from MLA Jackie Tegart and Lytton Chamber President Bernie Fandrich respectfully requesting a briefing from staff on the Gold Rush Trail Destination Development Strategy as well as participation by Destination BC at a Fraser Canyon Stakeholders' Session on May 31st.

I apologize for the urgency of the request, however we just learned on May 16th that requests for MLA briefings on Destination BC's programs are managed through your office.

We have been in contact with Marsha Walden, CEO and President of Destination BC, who indicated that she would be pleased to arrange for follow up on the above mentioned requests at their earliest opportunity based on direction from your office.

As the stakeholders' session is on May 31st we hope to arrange for the briefing next week, so an early response from your office on our requests would be most appreciated. Thank you so much for considering.

Best Regards,

|

Subject: Invictus Games Bid Update

Good Morning Shauna and Dean,

I wanted to give you a quick update as to where we stand with our Bid for the 2022 Invictus Games. The good news is that we certainly have moved on in the process and can reasonably say we have been shortlisted. The other significant news is that the IG Foundation has pushed back all of the dates and now is suggesting an announcement sometime in August. We understand this is as a result of

s.21

More specifically we have been given what they say is “top line feedback” on our bid submission which asks us to provide more detail in four areas. In addition they are suggesting that one of their senior staff visit Victoria to get a true feel for what we can do with the Games. They were very complimentary of our bid submission and are looking to work with us to further develop the following:

Legacy – it is clear that they are looking for a focused approach to the legacy piece. We are very comfortable with what we are proposing here and are keen to engage with them as maybe there is a way to use the “best practice summit” we are suggesting as a way to move any international agenda that they might have.

Distance & Transport - They express some concern about the remoteness of Victoria and the need for “extra” flights and associated costs for nations. We will gather information to show them the direct flight opportunities from major hubs across the country. Extending hotels by a day to allow for recovery from jet lag is also doable if the hotels are amenable – there is just a cost associated with this and the budget would need to be adjusted.

Sponsorship & Media - They are looking to get more detail on how exactly we will raise the sponsorship monies we are budgeting for. Through conversation with them, we should be able to figure out what their thoughts on

s.21

s.21

Budget - They appear very focused on ensuring the bid budget is as solid as possible. It would likely be extremely helpful at this point to get a written commitment from the . s.16; s.17

In terms of immediate next steps I will be sending an email back to them to set up a time to speak with them regarding the above From there we will need to determine when they want to send their person to Victoria, and continue the conversation and figure out what additional information needs to be sent to them prior to the visit.

We will keep you posted as things develop. In the meantime if you have any questions at all please let me know.

Best,

Peter

Growing the number of campsites means more people can access popular spots and discover new favourites in different areas of the province," said Lisa Beare, Minister of Tourism, Arts and Culture. "We want to make sure people of all abilities are able to enjoy nature and all our beautiful province has to offer. That's why it's so important that BC Parks is now incorporating more accessible design in new campgrounds and recreation sites."

Ramesh,

Some KMs for MLB on the logging issue. Note: The Minister may want to call Minister Donaldson directly to relay the concerns she has heard from the sector.

- I have heard the concerns of the tourism sector about the importance of old growth forests located near the Juan de Fuca. I know that these trees are part of what makes this location a destination for visitors.
- I am bringing the concerns forward to my colleagues and will continue to advocate for the tourism industry.
- We all need to work together to protect the natural environment that everyone in B.C. depends on, and that includes the management of old growth forests as a major driver of tourism throughout the province.
- I also know the tourism industry takes environmental stewardship very seriously and the Province's new tourism strategic framework is built on a foundation of sustainability both for the environment and businesses.

Subject: Vancouver Art Gallery

Dear Minister,

Thank you so much for your continued advocacy for the new Vancouver Art Gallery project. It was great to chat with you at the Granville Island Hotel a few weeks ago with my colleague Hank Bull and Johanie Marcoux.

I am writing to reiterate that we are at a critical moment in our journey. On **May 13-15th**, along with Christian Chan, Hank Bull, Kathleen Bartels and Ann Webb we will be in Ottawa to meet with several ministries to confirm their support for the new Gallery. This project as you well know, will bring countless benefits to the Province of BC and the City of Vancouver.

Yesterday, we met with your colleague Minister Heyman, and shared the importance of the project as a green initiative. We have met with Minister Ralston and shared the value of creating close to 3000 new jobs during construction and the impact of enriching the creative economy with a purpose built museum. We estimate that the new Gallery will create over 70,000 extra room nights per year for the hotel sector let alone provide up to 90,000 school children visits per year.

It is this juncture, with the immediacy of the federal government heading into summer recess followed by election preparation, that we ask you advocate on our behalf with your colleagues in Ottawa. By June 18th, our window of opportunity to solicit a federal matching of cultural infrastructure dollars will close. The federal government has allocated \$164 million cultural infrastructure dollars to BC, and have yet to invest a cent. We ask that you write an email or letter, indicating your support for the project we believe we will trigger a federal investment that is desperately needed.

Your leadership is critical at this moment. Please act now. It is essential to the project and the community. We are deeply grateful for everything you can do to help make this community project a reality.

With sincere appreciation,

Lisa
