Dear Minister Sims

Thank you for attending the IC-IMPACTS dialogue at UBC last Thursday evening. Your speech in support of the India Canada work of the Centre is much appreciated. We would welcome a meeting with you and your colleagues to discuss specific funding request from the BC government.

Also I am pleased to let you know that the 2019 Dhahan Prize and Dhahan Youth Award presentation will be held on Nov. 2nd at the University of British Columbia. We will be sending you formal invitation to the celebration later on this year. In the meantime, as per your suggestion last year, we would be thrilled to host an event in Victoria on Thursday October 31st or Nov. 1 in conjunction with the Province's proclamation of the Punjabi Literature Week in BC. I am requesting if the Proclamation could be made in the Legislature with writers and artists in gallery followed by a reception in the late afternoon or evening.

I look forward to hearing from you soon.

Sincerely
Barj

Jason Craik started last week in Minister Popham's Office as a Ministerial Assistant. Jason will be known to some of you through his work as a Constituency Assistant to former MLA Sue Hammell.

This week, Andrew Cuddy joined Minister Mungall's Office as a Ministerial Assistant. Andrew was a legislative aide on Parliament Hill and has recently worked as a senior legislative analyst in the BC Government.

Also this week, Seamus Wolfe joined Minister Mark's Office as an Executive Assistant. Seamus will be familiar to some as a constituency assistant to federal MPs Randall Garrison and Alistair McGregor.

After a week of transition, Jessica Smith will be joining Minister Eby's Office as a Senior Ministerial Assistant, starting April 8.

BACKGROUND:

- Since 2006, B.C.'s Civil Forfeiture Office has operated under the authority of the *Civil Forfeiture Act*. The Act and Regulation allows the Director of Civil Forfeiture (the Director) to initiate civil court proceedings against property believed to be the instruments or proceeds of unlawful activity.
- The Criminal Asset Management Fund has operated under the authority of the *Criminal Asset Management Act* (CAMF) since 2012. The Act allows the Director to manage and dispose of assets restrained, seized or forfeited under the *Criminal Code* and other criminal law statutes.
- In partnership with the Civil Forfeiture Office, the Community Safety and Crime Prevention Branch administers the Crime Prevention and Remediation Grant Program, which provides one-time funding through the proceeds from civil forfeiture.
- Priority areas for grants are established on a year-by-year basis through consideration of government's current strategic initiatives.
- The recipients of this year's grants were primarily selected through an open call for proposals that was announced in November 2018.
- This year's grant funding streams were:
 1. Crime Reduction and Crime Prevention
 2. Indigenous Healing and Rebuilding
 3. Restorative Justice
 4. Violence Against Women - Domestic Violence and Sexual Assault
 5. Human Trafficking, Sexual Exploitation and Vulnerable Women in the Sex Trade
 6. Child and Youth Advocacy Centres
- The Crime Prevention and Remediation Grant Program received over 440 proposals in 2018/2019 totalling approximately \$16M in funding requested.
- A small number of direct award grants will be issued to meet government priorities related to victim services and violence against women including training for front line service providers.
- A formalized review and assessment process is in place for the evaluation of all grant applications. (See attached Appendix A for details on grant review process).

One small edit. Minister Simpson is doing the poverty reduction presentation. And he will be present for the CEP portion and available to answer questions as well but I am told he is bringing a ministry staff person to go through the CEP presentation so that they can go through the more technical aspects of it.

Hello PoWah,

A couple weeks ago Paige asked me for some info on the BC Film Commission. Hopefully this answers her question:

- The BC Film Commission was created by provincial government in October 1978 as a division of Ministry of Tourism. It aimed to grow BC's film industry, working collaboratively with labour unions, to promote BC to motion picture producers.
- In April 2013, the Province established Creative BC, an independent, not-for-profit agency. Creative BC combined the services of the BC Film Commission and BC Film & Media, and has a mandate to support and strengthen BC's film and television, interactive and digital media, music and sound recording, and magazine and book publishing industries.
- Currently, the BC Film Commission is a team of seven that provides production support, location services, and community relations to the motion picture industry. Creative BC also provides funding to the eight regional film commission offices.

Follow up question

The Resort Municipality of Whistler is telling us our local Festivals, Events and Animation program is now funded entirely through MRDT funds (at the province's direction) when it used to be RMI. Are you able to tell us how this came about? Why and when did the province make this request? Does it change how the funds can be used?

Suggested Response:

Send the following as background:

The Festivals, Events and Animation program is an eligible expense under both the MRDT and RMI programs. The only change to the program was in December 2018, Whistlers MRDT rate increased to 3% from the previous 2 %. Whistler determines how funds are allocated and the province works closely with them on both their MRDT and RMI strategies and provides guidance on how best to utilize funds for maximum effectiveness. This does not change how the funds can be used.

Follow up question

The Resort Municipality of Whistler is telling us our local Festivals, Events and Animation program is now funded entirely through MRDT funds (at the province's direction) when it used to be RMI. Are you able to tell us how this came about? Why and when did the province make this request? Does it change how the funds can be used?

Suggested Response:

Send the following as background:

The Festivals, Events and Animation program is an eligible expense under both the MRDT and RMI programs. The province works closely with Whistler on both their MRDT and RMI strategies and provides guidance on how best to utilize funds for maximum effectiveness. This does not change how the funds can be used.

Thanks kindly,

Hello Everyone,

I wanted to connect everyone on the Medal of Good Citizenship Ceremony in Nelson on April 16th at 11:30am.

My understanding of what happens now is as follows:

Carla from our communications team will provide speaking notes, media advisory and an event plan.

Karen, or someone from her team from IGRS will reach out to work with the constituency office on getting the materials there(banner/medal/certificate). IGRS will also do the official invitations.

The constituency office team can reach out to the venue(chamber) to see if the time and date works for them. Hopefully when the constituency office reaches out they can also arrange for light refreshments.

Subject: 35979 Incoming Letter of support for the Maritime Museum BC's expansion plans

Dear Ms. Beale,

I am forwarding our letter of support for the work of the Maritime Museum of BC, and its Executive Director, David Leverton, as MMBC works to secure a future fitting to its central role in the stewardship of BC's maritime history. It's important work, key not only to the diverse historical narrative of the province and nation, but also a foundational corner of Victoria's tourism network.

Dear Mr. Leverton,

This letter is to confirm the support of the British Columbia Historical Foundation -- an umbrella organization of over 100 not-for-profits in the history and heritage field in BC -- for the new vision of the Maritime Museum of British Columbia to be the National Maritime Museum of Canada.

This matter received unanimous support at the 18 February 2019 meeting of the British Columbia Historical Federation Council. The motion, moved by Past President Gary Mitchell, is as follows:

Gary Mitchell moved that the BCHF executive issue a strong statement of support for the new vision of the Maritime Museum of BC, recognizing the innovation in the plan and the need for a national presence in British Columbia for the Maritime Museum.

A companion motion was also duly passed:

Gary Mitchell moved that the BCHF executive strongly supports and endorses the innovative approach for the Maritime Museum's plan. We believe it is of provincial historical significance and the provincial government should do whatever it can to secure the collection and museum site in order to make it accessible as the museum is in danger of falling away.

On behalf of the British Columbia Historical Federation, we urge strong and effective support for this proposed endeavour, a gathering place and collection central to both national and provincial history.

Sincerely,

K. Jane Watt

Thank you for attending the IC-IMPACTS dialogue at UBC last Thursday evening. Your speech in support of the India Canada work of the Centre is much appreciated. We would welcome a meeting

with you and your colleagues to discuss specific funding request from the BC government.

Also I am pleased to let you know that the 2019 Dhahan Prize and Dhahan Youth Award presentation will be held on Nov. 2nd at the University of British Columbia. We will be sending you formal invitation to the celebration later on this year. In the meantime, as per your suggestion last year, we would be thrilled to host an event in Victoria on Thursday October 31st or Nov. 1 in conjunction with the Province's proclamation of the Punjabi Literature Week in BC. I am requesting if the Proclamation could be made in the Legislature with writers and artists in gallery followed by a reception in the late afternoon or evening.

I look forward to hearing from you soon.

Good Afternoon,
CUPE Convention from May 1st to May 4th Agenda in Brief

CUPE requires names of all Ministers and MLAs who are planning on attending the convention particularly for the Premiers speech, Friday May 3rd.
This year they will have special seating for the caucus “just” for the Premier’s speech to assist in their introductions.
11:00 – 11:15 President Paul Faoro will introduce the caucus.

CUPE would like the names of Ministers’ staff and others who may be attending so that a guest credential can be made up in advance or they will not be able to sit in the guest section without a guest badge or the hall.
So if your member will be here on Friday May 3rd morning and will be attending with staff please supply all names to me by April 15th so I can inform CUPE.

Please note: two receptions for this evening.
Creative Industries/BC Film from 7:00 pm to 9:00pm
CUPE from 9:00 pm to Midnight.

Signup sheets will be going into Caucus shortly for these receptions – Whip’s office will RSVP for both receptions.
Thanks

We have not yet finalized the FY 19/20 funding amounts for the communities. Disbursements of funds will happen later in the spring once each community's three-year Resort Development Strategies are approved.

Attached is the latest version of the deck for the Chamber presentation. Sonja included a slide on pay day loans. Although you said you'd prefer a line somewhere on another slide, Sonja found it didn't really fit with any of the other slides. She suggests doing a whole slide on it, or just leaving it off. She also added the last slide on business competitiveness.

Also attached are documents prepared by Finance to support Budget presentations.

We should really go through the Q and A's and practice those – make sure you are comfortable with them. There is a meeting booked on April 11th for review.....but I also think we could go through them at the end of the MIN/DM meeting on Monday, April 08th – so that we have to add or subtract material.

Hello Everyone,

I wanted to connect everyone on the Medal of Good Citizenship Ceremony in Nelson on April 16th at 11:30am.

My understanding of what happens now is as follows:

Carla from our communications team will provide speaking notes, media advisory and an event plan.

Karen, or someone from her team from IGRS will reach out to work with the constituency office on getting the materials there(banner/medal/certificate). IGRS will also do the official invitations.

The constituency office team can reach out to the venue(chamber) to see if the time and date works for them. Hopefully when the constituency office reaches out they can also arrange for light refreshments.

Documenting Government Decisions

I'm pleased to tell you about an important milestone in the implementation of B.C.'s Information Management Act (IMA), legislation that sets the foundation for government's transition to modern and digital information management.

There is information on @Work about a new section of the IMA that introduces a requirement to create and manage records of government decisions. That requirement is now in effect.

While this is the first time the requirement has been formalized in law, it has long been a requirement, and an expectation, that public servants create adequate records to support accountability, transparency and accurate reporting of decisions to the public. I'm confident good practices are in place across government to meet this expectation.

The new requirement in the IMA obliges each ministry to take reasonable steps to ensure the right policies and processes exist around documenting decisions. Guidelines and job aids are now available to assist you in understanding and applying the requirement. A ministry champion has also been designated in each ministry, and those champions have been hard at work raising awareness of the amendment to the IMA. If you have any questions about this initiative, or your own responsibilities under the IMA, please contact Government Records Service.

Sincerely,

Jill Kot

Deputy Minister
Ministry of Citizens' Services

We are waiting on sending the invites until we have we know the spot so if you hear anything a 'venue is ok' email would be sooo appreciated.

I am able to send the invitations in Melanie's absence – let me know when I have the green light to send.
- Stan McCarthy is unavailable on April 26th and 27th
- Selen Alpay indicated that he is unavailable on April 26th, but the 27th would work during the day only as he has a commitment in the evening. Mr. Alpay was unsure about what we would be looking for with regards to a venue recommendation – he was wondering if he could give someone a call this week to discuss.

-Jeff can you please confirm the Seniors Room, Haida Gwaii Recreation Centre would work for PS Rice.

For Nelson

Staff in the MLA Nelson office have agreed to support the event on the ground.

-Melanie, could you please check with Stephanie Fischer to confirm April 16 at 11:30 am would work?

-Jeff can you please confirm if the suggested venue: Chamber of Commerce would work for MLA Mungall's office.

For Prince George/150 mile house

-We are very tentatively looking at April 26-27 as Minister Bains is traveling there.

-Melanie can you please see if Selen Alpay of Prince George and Stan McCarthy of 150 Mile House would be available in Prince George on those dates and if they have a recommended venue in PG.

That's the one and yes any help rick your team can provide from here to secure venue, AV and light refreshments would be most grateful.

I called the city office and they told me s.22 I was in charge of booking rooms at the community centre. I called her 5 times in the last 3 days with no luck. s.22 . Hoping your contacts have better luck.

We are waiting on sending the invites until we have we know the spot so if you hear anything a 'venue is ok' email would be sooo appreciated.

Thanks again.

Hi Carla,

Just a quick update:

- Fran Fowler has confirmed that she can make April 6th work.
I am able to send the invitations in Melanie's absence – let me know when I have the green light to send.
- Stan McCarthy is unavailable on April 26th and 27th
- Selen Alpay indicated that he is unavailable on April 26th, but the 27th would work during the day only as he has a commitment in the evening. Mr. Alpay was unsure about what we would be looking for with regards to a venue recommendation – he was wondering if he could give someone a call this week to discuss.

Kind regards,

You have obviously missed the point of my letter. I am not opposed to the Stadium. It is primarily a sports venue. It was not intended for rock concerts, electronic music concerts, etc. These events need to be held in enclosed spaces that contain the noise. It is not just the Contact Winter Music Festival that inconvenienced me. Concerts are held at BC Place throughout the year. They are held on week nights as well so I can only assume that PAVCO feels that no-one in the neighbourhoods needs to sleep before going to work the next day. I can also only assume that the majority of concerts are held for the benefit of the hearing impaired. There is no reason in the world why a concert at BC Place can be heard at the corner of Georgia and Granville 5 blocks away. BC Place (PavCo) as I have mentioned is without a doubt the worst corporate neighbour in the city of Vancouver. You mention that events “may” have an impact on people living near the stadium. There is no “may”. These events “certainly” have an impact. These concerts also spend days setting up and do sound checks. The U2 concert spent an entire week doing this all day long for over a week.

Again, BC Place is certainly, without a doubt, the worst community partner in the city.

Emails.22

Dear]

Thank you for your email of February 5, 2019 to the Honourable Lisa Beare, Minister of Tourism, Arts and Culture, outlining your concerns about noise related to events hosted at BC Place Stadium. The Minister has asked me to respond on her behalf.

I am sorry to hear that you were inconvenienced by the noise coming from the recent CONTACT Winter Music Festival. Following your email, staff in my office contacted BC Place and received assurance that BC Place intends to continue being the best community partner possible.

As a busy entertainment venue and a destination for more than a million guests per year, BC Place recognizes that activities associated with hosting major events in downtown Vancouver may impact residents living near the stadium. As part of the venue's ongoing efforts to continue being a good neighbour, the CONTACT Festival on Friday, December 28 and Saturday, December 29 was specifically required to conclude at midnight in consideration of the neighbourhood.

Regarding the City of Vancouver's noise bylaws, which provide up to 10 exemptions per year for major events within the stadium district, please know that BC Place endeavors to meet the standards outlined in the City's bylaws. Stadium management and clients of BC Place continue to make significant efforts to balance the needs of residents while hosting world class events in downtown Vancouver.

Thank you again for sharing your concerns. Please be assured that all feedback received from residents assists BC Place in planning for every event they host.

Sincerely,

Suzanne Ferguson

Bonjour,

In July of 2020, Oak Bay will be host to the 8th edition of the Canadian Francophone Games (Jeux de la francophonie canadienne).

As of yet, we have confirmed funding from the City of Oak Bay, the City of Victoria and on November 16th, 2018, Mélanie Joly confirmed 1.98 million from the Federal government towards this project.

Unfortunately, we have not yet received confirmation from the province regarding our requests for financial support. Attached is a document which highlights all correspondance between the host committee and various ministries with regards to an initial request made by Marie-Pierre Lavoie, president of the host committee.

Our deadline to confirm provincial funds, before pulling the project, is June 1st, and I am worried that our request is lost in the machine that is government.

- 50K from city of Victoria

Subject: Community Engagement Framework

Lisa,

Below is my email to the PavCo Board, and attached is the long-awaited draft Engagement Framework and Appendix A (which is a list of current engagement initiatives at PavCo). Also
s.13; s.17

As discussed in my email to you of March 15, 2019 I am keen to move ahead with the Engagement Framework, and any input or comments or improvements that you or your staff can provide us before the April 9 Board Meeting would be appreciated.

My own view is that the areas where we may be able to advance community engagement the most effectively, and the most quickly, is with the BC High School Football championship games this Fall, as well as more connections with the arts and culture communities, potentially with the assistance of the City of Vancouver.

s.13; s.17

At the recent Crown Chairs meeting the message given from CABRO is that the usual reporting for Chairs was to report to the Minister and the Deputy Minister rather than the ADM. I am quite content with the past protocol which is to report to the Minister and the ADM, but with a new

Deputy Minister I want to make sure that the reporting that is being done is as you wish it to be. I am not sure if either Claire or Shauna will be available to attend our Board meeting on April 9, but as always, they (and you, of course) are always welcome to attend.

I hope that we will have an update for you on the various RFP issues by next week.

I look forward to any comments that you may have with respect to these matters.

Regards,

Ian

Subject: Community Engagement Framework

Dear Board Members,

I am pleased to attach a draft PavCo Community and Stakeholder Engagement Framework (including attached Appendix with list of current engagement activities) for your review and comment. This has been discussed and approved by the Community Engagement Committee (subject to some comments below) as well as input from the senior staff, with a great deal of drafting by Kavita McDaniel and Carla Guerrero.

s.13

Rather than make these specific changes I thought it would be best to distribute this for your information and review well before our April 9 Board Meeting, and get whatever feedback you have before that meeting so we can consider changes to this and move ahead with this project.

s.13; s.17

I have, on your behalf, written a thank you to Melissa Taylor for the lovely tribute she wrote and circulated to you last week about Joseph Richard, a Senior Manager at the stadium.

I attended the Rugby Sevens, which were very exciting and showed the stadium in a very positive light to not only the spectators, but hopefully also to the potential naming rights bidders.

I also attended the car show at VCC last week, where they pretty much filled the entire West Building, and it really sparkled.

The recent Canada-French Guiana soccer game brought more attention to our stadium, all of which is helpful at this crucial time for sponsorship.

There continues to be lots happening at PavCo, and we hope to have the proposed Board Agenda and other materials in your hand by early next week.

As always, if you have any questions or concerns, please do not hesitate to contact me.

Regards,

Ian

AMAZING!! So great, we will need microphone and speakers and light refreshments too. I assume the bill will go directly to IGRS then?

Can we just adjust the invites to read "Please join Parliamentary Secretary Jennifer Rick (not Minister Beare)" and then I think they are good to send.

Thanks kindly

Hi All,

Sorry for this confusion with booking the hall. Fran Fowler said she is the one that can book the room.

Do you want to touch base with her directly or shall we ensure she has it booked? I can ask her about AV as well. Assuming all that is needed is microphone and speakers???

Thanks,

Melanie

That's the one and yes any help rick your team can provide from here to secure venue, AV and light refreshments would be most grateful.

I called the city office and they told me s.22 was in charge of booking rooms at the community centre. I called her 5 times in the last 3 days with no luck. s.22 . Hoping your contacts have better luck.

We are waiting on sending the invites until we have we know the spot so if you hear anything a 'venue is ok' email would be sooo appreciated.

Thanks again.

Hi Carla,

Just a quick update:

- Fran Fowler has confirmed that she can make April 6th work.
I am able to send the invitations in Melanie's absence – let me know when I have the green light to send.
- Stan McCarthy is unavailable on April 26th and 27th
- Selen Alpay indicated that he is unavailable on April 26th, but the 27th would work during the day only as he has a commitment in the evening. Mr. Alpay was unsure about what we would be looking for with regards to a venue recommendation – he was wondering if he could give someone a call this week to discuss.

Kind regards,

A few updates to report and ask for your help with next steps. Please see

below.

For Hadia Gwaii

-Melanie could you please check with Fran Fowler to see if Saturday April 6 in the am would work ok for her (Likely around 11 am right now). We are still waiting for a final approval from Parliamentary Secretary Rice, but would like to confirm her availability for that morning.

-Jeff can you please confirm the Seniors Room, Haida Gwaii Recreation Centre would work for PS Rice.

For Nelson

Staff in the MLA Nelson office have agreed to support the event on the ground.

-Melanie, could you please check with Stephanie Fischer to confirm April 16 at 11:30 am would work?

-Jeff can you please confirm if the suggested venue: Chamber of Commerce would work for MLA Mungall's office.

For Prince George/150 mile house

-We are very tentatively looking at April 26-27 as Minister Bains is traveling there.

-Melanie can you please see if Selen Alpay of Prince George and Stan McCarthy of 150 Mile House would be available in Prince George on those dates and if they have a recommended venue in PG.

Thanks all

To Destination BC

Dear Ms Walden -

Thank you for your response even though it reads as much ado about nothing as it did not address my questions or concerns. Nor did you indicate what DBC is going to do to make this right and you do need to make it right. I think I have a pretty good conception of the what the mandate for Destination BC is and I agree with what you said about it - growing tourism in *all* parts of British Columbia. It is not in DBC's mandate to pick and promote one BC tourism operator over another and I don't believe it is in the DBC mandate to create an elitist group of favoured operators because they happen to be in a DBC favoured coastal location. Nor is it in DBC's mandate to promote travel to an area outside of British Columbia (i.e. Hyder, Alaska), even if its run by a BC operator.

Its astounding and appalling that you have put DBC and the province's tourism stakeholders into the position of relying on Trip Advisor and FaceBook for advice and content. Its well known these platforms are purveyors of half truths, lies, fake news and are easily manipulated and you have proven that with the biased information on DBC's website. Then to use unqualified leads from FaceBook to determine top players in BC's tourism industry is even more ludicrous. By using such unreliable corrupted sources of information the playing field is no longer level for *all* tourism operators in BC. Its not real. What are you thinking? Do Trip Advisor and FaceBook have a seat at the TAC or on the DBC board? How does DBC win awards for this crapola? Self-nomination?

Immediate action to repair the damage is required. What are you and your team going to do to make this right?

We have been going to RVC for over 20 years and know and understand the booth allocation system. You indicated there were 4 bear viewers. That's not true. There was a line of at least 6 booths all dedicated to bear viewing. So you still haven't answered my question as to why they were singled out for a special section at RVC?

You pay lip service with no conscience, but you aren't fooling anyone and its not good representation of our industry nor is it fair for our province. Perhaps a full investigation should be launched as to the fairness of distribution and use of taxpayer resources in promoting British Columbia's tourism and its stakeholders. I should think the media might find this an interesting story.

Peggy Zorn

<Marsha.Walden@destinationbc.ca> wrote:

Dear Mrs. Zorn,

Thank you for your email yesterday about the recent article "Top Places to View Bears in BC". Our team at Destination BC strives to grow tourism in all parts of British Columbia and, generally, we receive high marks from businesses across the province so I was disturbed by your comments and wish to address them below.

Through a range of marketing activities locally and globally, our intent is to inspire consumers to travel to and throughout British Columbia. Our team works with Destination Marketing Organisations (regional, city, national), BC's tourism businesses, and travellers within the province to showcase the remarkable experiences BC has to offer. One of Destination BC's goals is to support seasonal and geographic dispersion of travellers to ensure the benefits of tourism reach across the province. As such, 70% of our marketing budget is focussed on the promotion of rural or lesser known areas of British Columbia, beyond the primary tourism destinations.

Destination BC's marketing team works with many industry partners to identify compelling content for promotion in our key markets, ensuring we showcase all regions over the course of the year, across multiple marketing channels. As you might expect,

we receive numerous suggestions of places and activities to incorporate into our content plans. As an organisation, we work hard to stay abreast of all that there is to see and do in our huge province and to ensure a broad array of tourism products are showcased in our marketing initiatives. And, once potential visitors land on our global website properties, they have the opportunity to connect with 3500 businesses from all around BC which are featured online through tourism business listings pulled directly from TripAdvisor. This is a significant improvement in the representation of tourism businesses within our website listings and we are confident it will continue to grow.

In the case of the particular article you referenced, it was originally created by asking our Facebook fans for their suggestions on the best places to view bears in BC. The article was then recently updated and two bear viewing companies from the Cariboo Chilcotin Coast tourism region were added. The reference to Alaska refers to a business which operates across the border shared by Stewart, BC and Hyder, Alaska. While I understand you are disappointed that Ecotours-BC was not included in this particular article, please know that Destination BC consistently supports tourism in your region with direct investments in marketing and destination development planning as well as through our annual funding of the Cariboo Chilcotin Coast Tourism Association. We will continue to work with our many industry partners to promote the province and its tourism businesses, with the lens of seasonal and geographic dispersion, and we are always interested in hearing about product development or new experiences to include in our marketing where possible. Please ensure you continue to update our staff and your regional DMO team on the latest experiences offered by your business.

In regards to your concern about the location of your booth at the Rendez-vous Canada trade event, you are likely aware that, due to space limitations at the tradeshow, most BC operators share booths. Last year, there were four operators offering bear viewing who asked to share a booth, as they have done in the past. Destination BC asks businesses to identify preferred booth partners when they apply to attend the tradeshow each year and we were able to accommodate their request.

Thank you for taking the time to write to us. We recognize that Ecotours-BC is a longstanding and successful tourism operator in BC and we will strive to continue to support you through our marketing and destination development work.

Regards,

Subject: Top Places To View Bears In BC

To Destination British Columbia -

We've always been very supportive of DBC and their marketing initiatives. The DBC staff have been good to work with and mostly supportive of us and the Cariboo region. However, things seem to be different lately and DBC has dropped the ball, checking out of the reality of tourism in our province and into a marginalized dream world that excludes great chunks of the province and some of its best tourism operators.

I have recently read DBC's article "Top Places View Bears in BC". Very, extremely, incredibly disappointing to say the least. I'm not saying those included aren't deserving of the top spots, I would like to know who was responsible and what the criteria was for determining these particular choices to showcase. Was it performance of the operators? Was it the status of the bears - habituated or unhabituated? Or was it location? Please provide the selection criteria to me. I am anxious to know as you have missed the mark or is just that you don't know anything else exists outside the "Golden Triangle"? You even mention Hyder, Alaska which isn't even in Canada. Why would DBC be using our resources to promote a place in Alaska no matter what its proximity to our border is? I don't think that is in DBC's mandate. Please correct me if I am wrong about that. Do you even know there are large populations of grizzlies outside the Great Bear Rainforest or that we have our own Great Bear Rainforest in the Cariboo Mountains - a rare ancient interior rainforest with trees over 1000 years old and bears in it too? Do you know one of the icons of British Columbia, the deepest fjord lake on earth, is in the Cariboo? Is our business and revenue it generates and our tax dollars not as good or as important as those on the coast and lower mainland and Whistler?

We are a Canadian Signature Experience. We are pioneers in the bear viewing industry. We hold the first bear viewing licence ever issued in British Columbia and we worked with Ministry of Environment to write the first bear viewing guidelines when none existed. We have been in this industry for 35+ years. Our clients are 98% European and other countries. We are one of the top bear viewing operations in this province and we are recognized for our truly authentic bear viewing experiences because they are all natural viewing and the animals are truly wild and unhabituated. We don't just show people bears to get a photo and move on, we introduce them to

the bears, their habits and habitat and bear life in the wilderness. Its all natural viewing. We do not use viewing platforms nor are the bears in any game preserve, fenced area or highly populated park. Our area is home to a large concentration of mountain grizzlies. We have the largest wild salmon runs in the province with over one quarter of the province's wild sockeye being spawned in our watershed. We also have the largest bodied Chinook salmon run in British Columbia. We are about exceptional authentic and unique wilderness adventures in the Cariboo Mountains, , a spectacular part of the province that is always seems to be overlooked. Our experiences for tourists are not only memorable, more often than not they life changing and people leave with a new sense of who they are and often a new life skill.

To quote Marsha Walden - **“Today’s tourists are looking for unique adventures, not just traditional sightseeing but an experience that touches them and makes them feel they’ve seen something new.”** That’s exactly who we are and exactly what we give our guests.

DBC seems to have lost touch with the reality that there is a whole other part of the province beyond the coast and Vancouver that has exceptional natural features, values and experiences. Its easy to market what has already been over marketed. Its time to recognize the rest of the province and that there is a lot of high quality tourism product and quality operators in areas outside the GBRF.

Is there a valid reason you overlooked us in the Top 10 Places to View Bears In BC? You mentioned going to Williams Lake to go west to Bella Coola. We are one hour east of Williams Lake while its 7 hours to Bella Coola. Why would you not tell people that? Do you even know that there is a good chunk of the province east of the Fraser River and that it is remote with very diverse ecosystems and a huge variety of wildlife? Do you know that this is where the deepest fjord lake on earth is found? Its an icon of the Cariboo and nobody recognizes it. Its time to get off the coast and really see what this province offers and what its all about.

I also have another question with regard to the location of the bear viewing operators. At RVC in Halifax in 2018 we noted that all of the bear viewing operations were located together in the centre of the DBC marketplace except for us. We were the only bear viewing operation that was not in the "bear viewing pavilion" (if I can call it that). Why was that? Are we being ostracized and discriminated against, just as we have been your selection of bear viewing top spots, simply because we are on the east side of the Fraser River?

Disturbed and insulted in the Cariboo,
Peggy Zorn

Good Morning Team,

Attached are the Amplify materials for Friday's announcement.

Can we please get MLB's approval on the following proposed quote:

"B.C is home to so many creative artists who inspire us all with their talent," said Lisa Beare, Minister of Tourism, Arts and Culture. "With Amplify BC, we are helping musicians to be able to follow their passions while supporting an industry to continue to thrive and showcasing all that B.C.'s music scene has to offer."

Can we also please get your approval on the attached Media Advisory to send tomorrow.

Still to come are the Emcee notes for Bob D'Eith and social media for MLB.

Thanks kindly,
Carla

Hey Angeline,

Nice to chat with you on the phone just now.

Minister Beare is interested in attending the film event on April 17th. I have that it starts at 2pm, can you confirm that is accurate?

If you'd like Minister Beare would be willing to say a few words to the attendees before the film. If the film starts at 2, maybe she should be there around 1:45pm?

You also mentioned that the event after the film is called April in Paris? I don't believe that Minister

Beare is able to stay for that as she has another event later on that evening, but it sounds wonderful.

Hello Melanie Mark,

Please receive this email as a formal request for renewal of the Amplify BC fund.

I am the owner of a budding Record Label in Vancouver, BC. This March we received our first grant to help one of our artists create a music video. This funding is invaluable to our growth as a label, band and individual musicians.

Everywhere I look I see amazing people making amazing music across our province. Since the fund started in 2016, I have felt a significant boost in music community moral and output. I urge you to help this growth continue.

Thank you for your time. I am heartened and impressed by your career history (found on leg.bc.ca) and am proud to have you represent my community in the Legislative Assembly.

Hi Jeff,

Staff response re question below:

I asked BC Place for advice in articulating a response and they reached out to proponent directly to set up a meeting to evaluate scope/event requirements (a common practice BC Place undertakes with all potential clients). As of last conversation I had with BC Place, that meeting had not taken place yet.

Are we okay to close log as info/file?

Hi Jeff,

As discussed yesterday – we are looking to facilitate a meeting with Minister Beare, MLA Ma, and the North Vancouver Community Arts Council regarding their [Cultural Mapping Project](#) and potential funding opportunities.

We are happy to host at our Community Office (#5-221 W Esplanade, North Vancouver), and as discussed sometime during the upcoming Legislative recess in April could work well.

Thanks,

Dear Minister Sims

Thank you for attending the IC-IMPACTS dialogue at UBC last Thursday evening. Your speech in support of the India Canada work of the Centre is much appreciated. We would welcome a meeting with you and your colleagues to discuss specific funding request from the BC government.

Also I am pleased to let you know that the 2019 Dhahan Prize and Dhahan Youth Award presentation will be held on Nov. 2nd at the University of British Columbia. We will be sending you formal invitation to the celebration later on this year. In the meantime, as per your suggestion last year, we would be thrilled to host an event in Victoria on Thursday October 31st or Nov. 1 in conjunction with the Province's proclamation of the Punjabi Literature Week in BC. I am requesting if the Proclamation could be made in the Legislature with writers and artists in gallery followed by a reception in the late afternoon or evening.

I look forward to hearing from you soon.

Sincerely
Barj

Hi everyone,

As many of you know over a year ago 16 members of the Humboldt Broncos hockey team were killed in a tragic accident. Logan Boulet was one of the players who died that day. He had signed up to become an organ donor 5 weeks earlier on his birthday and consequentially saved 6 people's lives. As news spread of his story, over two hundred thousand Canadians were inspired to also sign up as organ donors.

. If you have ever considered becoming an organ donor I'd highly encourage you to do so. Its really easy and you can do it online at transplant.bc.ca. All you need is the following:

- your BC Personal Health Number (PHN)
- your name, birth date and address

Thanks everyone,

Subject: Morning Calls - New schedule and protocol
Date: April 8, 2019 12:06:36 PM

Hi all – as I have discussed with a few of you, I'd like to change up the morning call schedule and protocol. Since I joined the team, we haven't had many issues come up through the media clips that we need to discuss first thing in the morning, and having a call to summarize the clips package is not the best use of our time in the morning.

As such, we will revise the morning call protocol as follows:

- I will send a standing morning call meeting invite, scheduled at 8:30am
- By 8am, I will determine whether a call is needed that day based on what I am seeing in the media clippings, or whether the minister has a media event that day.
- If a call is not needed based on the above, I will cancel the call by 8am
- If a call is needed, it will be focused specifically on issues and topics that may come up in the House or at an event the minister is attending. In this scenario, I will email the call participants the media articles I would like to discuss and any existing issues notes/messaging by 8:15am. We will then convene a call at 8:30am to discuss and strategize.

Let's try this for a couple of weeks and then we can assess whether it's meeting everyone's needs.

Thanks,

Sonja Zoeller

Subject: Minister Beare's attendance at the 2019 Vancouver Fringe Festival

Mr. Hannah,

I met Minister Beare this morning at the event at Arts Umbrella and she is interested in attending the Vancouver Fringe Festival this year. The Festival will take place from September 5 to 15. If Minister Beare is available during the evening of Wednesday, September 4, we would be pleased to have her included as one of the speakers at the Opening Night event for the Festival.

She suggested we make plans early which is why I am contacting you at this time. We are still

in the planning stages of the Festival but it would be great to start the discussion and determine what might be possible. We will, of course, be happy to provide a complimentary Festival Pass, should she be in a position to attend some of the Festival performances taking place between September 5 and 15.

Please let me know what you require for next steps in arranging this.

Thanks very much.

Sincerely,

Laura Efron

Hey Angeline,

Nice to chat with you on the phone just now.

Minister Beare is interested in attending the film event on April 17th. I have that it starts at 2pm, can you confirm that is accurate?

If you'd like Minister Beare would be willing to say a few words to the attendees before the film. If the film starts at 2, maybe she should be there around 1:45pm?

You also mentioned that the event after the film is called April in Paris? I don't believe that Minister Beare is able to stay for that as she has another event later on that evening, but it sounds wonderful.

All the best,

Jeff

This is close enough to the final for her to use to prep, but not for emailing out or sharing further, as the language may have shifted a bit on some lines as the week went on, okay?

The piece here about the nursing position working closely with the health services offered by FH relates to what I was talking about in terms of that whole range of services available. There will also be a FH person on the online town hall to talk about their services on Monday which should help further with that.

Dear Jeff,

I am not sure if this is under your ministry, but if so would love to get your

advice. If not, any informed redirection would be welcome.

Issue is Community Culture & Recreation Infrastructure Funding. UBC funded a new rec centre with referendum and own endowment/fundraising, but then found that the details of the referendum ask left them with a shortfall of 7-8 Million\$ and they had just missed the application window.

Thanks so much,

Hi Dulcy,

Thanks for coming out! And to Dave for making the time. So here's the [link](#) to current *Investing in Canada* infrastructure grants. The program calls for investment of \$3.9 billion over 10 years. Additional funding programs [here](#).

The initial intake of Community, Culture, and Recreation Infrastructure

funding unfortunately closed on January 23 . This pot of funding (\$134M initially) is by far the most relevant. It would be good to know if there will be an opportunity for a late or future application. Funding would apparently be available for up to 73% of project costs.

With the 8 million dollar shortfall that has recently and unexpectedly presented itself for the new Recreation facility (yay referendum language) any guidance or support would be a huge help.

Thank you and great seeing you again.

Dear Minister Beare,

The Mayor of Saanich and members of his film studio working group met with Lana Popham this morning to let her know about serious discussions underway for the

construction of film studios in the municipality of Saanich. Lana urged the group to get in touch with you, as soon as possible, particularly as we have planned a research trip to Vancouver with our investors on April 11th. The reason for the trip is to familiarize the Mayor and investors with purpose-built film studios, in order to inform ongoing discussions. The group will travel to Vancouver tour two studios and two equipment supply houses and end the day with a meeting with industry leaders in Vancouver.

We will be travelling together between Victoria and Vancouver and returning that same evening. I realize that this is very short notice however we would like to extend an invitation for you to join us for some or all of the day. If this is something you are interested in doing I will and you the days itinerary.

You may have received an email message regarding mandatory Information Management Training with a link to an online course. Most of you have completed the IM117 course but it has been updated to include new important information, including obligations to document government decisions. All government employees are required to take the updated course by July 15, 2019. Please see the note below from Ministry of Citizens' Services ADM Kerry Pridmore.

All OOP and MO employees are required to take this training in person. We will be working with the Privacy, Compliance and Training Branch in the Ministry of Citizens' Services to schedule IM117 training sessions, starting in May, and will offer sessions in Victoria and the Lower Mainland, as well as by webinar.

If you are a new employee and have not taken the course yet please take the online course now and then take the in-person course later.

Invitations will be sent to all staff within the next couple of weeks.

Please contact me directly if you have questions.

As a recipient of a Creative BC grant, I am writing to request the participation of Minister Lisa Beare as a speaker at the **VIP announcement event for the 2019 Fort Langley Jazz & Arts Festival on Friday, April 19 from 4:00-5:30m at the Bez Arts Hub in Langley, 20230 64 Avenue, #102, Langley, BC.**

At this by-invitation event for sponsors, supporters, community leaders and media, we will announce the 2019 festival music line-up and activities, along with the recipient of the festival's 1st Rising Young Star Award. Following the VIP announcement event, we invite Minister Beare and a guest to attend a special concert event that evening (7:30-10:00pm) at the Bez with a Vancouver-based international jazz, gospel and R& B artist and special musical guests.

The Fort Langley Jazz & Arts Festival received a financial boost of \$25,000 from a grant awarded by Creative BC through its Amplify BC Live Music Program.

We are grateful for the support and hope Minister Beare can join us at the VIP announcement event and concert.

The Fort Langley Jazz & Arts Festival is a not-for-profit organization with a mandate to enrich cultural life in the Fraser Valley by bringing emerging and established jazz acts and visual art together for residents and visitors of all ages to enjoy. Established in 2018, the festival drew thousands of residents and visitors to the streets of Fort Langley on the last weekend in July.

The 2019 festival is supported by the Fort Langley Community Improvement Society, Fort Langley Business Improvement Association, Tourism Langley, Township of Langley and

many local community associations, businesses and residents.

The festival partners with local music and arts groups and artists (Langley Centennial Museum, Langley Arts Council, professional visual artists and musicians, Kwantlen Polytechnic University, Trinity Western University, Langley Community Music School and Langley Fine Arts School) to deliver a community music and arts festival that:

- makes live jazz music and the work of local visual artists accessible to local residents and visitors
- provides performance venues and opportunities for local musicians, visual artists, youth and emerging artists
- contributes to the economic diversity of Fort Langley and area through presentation of quality cultural experiences
- enhances Fort Langley's historic tradition of live music, art, cultural awareness

We are excited to share the festival line-up and news, and hope Minister Beare can join us.

Minister Beare,

Thank you very much for the time you took yesterday to discuss the situation regarding the Hawaii Mars aircraft.

Unfortunately the meeting ended rather hurriedly and we did not have an opportunity to summarize the key points that we had hoped to communicate. Specifically:

- Martin Mars water bombers are the largest operational flying boats in the world.
- The two existing Mars water bombers are going to be sold.
- The aircraft represent British Columbia ingenuity and entrepreneurial accomplishment.
- The historic aircraft will be lost to Canada unless action is taken soon.
- The British Columbia Aviation Museum is situated, staffed, and operationally and financially capable of receiving, maintaining and displaying the aircraft.
- The aircraft would be a world class attraction and would draw visitors from around the globe.
- The financial impediment to acquiring the aircraft is significant but not insurmountable.

Thanks again. The BC Aviation Museum will continue to pursue this opportunity and

would appreciate any further guidance that you feel may be helpful.

Regards

Steve Gordon

Hello Heather

Thank you for your response. As the FMCBC is but one group that has intense interest and knowledge of the areas in question it might be an idea to suggest a few dates so that I can advise our members and affiliates and find a mutually amenable day and time. I foresee perhaps up to 5 others attending.

We have some work to do to get you caught up on the realities of the current Sea to Sky corridor access and capacity situation and I know the other organisations are keen to get onto the task.

If you could suggest dates/times that work for you and your staff please advise and I will poll our associates; we'll find the right day.

Thanks for your help here.

Subject: RE: Destination Development Program - Sea to Sky

Dear Mr. Janyk,

Thank you for your letter dated April 3, 2019 regarding participation in the Sea-to-Sky Destination Development Process.

My name is Heather Boyd and I am the Manager, Vancouver, Coast & Mountains and Industry Programs with Destination BC. Together with our facilitator, Susan Rybar, we have been supporting the development of the Sea-to-Sky Corridor Destination Development Strategy.

We sincerely apologize for missing the Federation of Mountain Clubs of BC, and some of the other allied organisations, in the planning process that took place between September and December 2017. In the lead up to the sessions, we reached out to the tourism industry contacts we had in our databases to share invites and surveys via email and newsletters, and also asked our industry partners along the corridor to share the planning session announcements more broadly and with their networks. While our sessions were communicated to over 1,100 people/organizations along the Sea-to-Sky Corridor, we are sorry we did not reach you.

We would much appreciate and value the opportunity for a face-to-face meeting to hear your concerns, and to walk you through the approach and process that we have taken, the findings, and how this has formed the overall Strategy. I assure you that backcountry recreation and land use has played a pivotal role in informing many aspects of the strategy formation.

The destination development strategy is intended to be a 10-Year living document that is currently at a high level, and one of the next steps is to work on action planning. We recognize that this requires a number of deeper discussions with organizations, such as

yours, and is identified in the final strategy as part of the next steps. The Strategy will be public in the coming weeks, and I will send you a copy for review.

In terms of a face-to-face meeting, I will call you directly to discuss meeting options. We're looking forward to the opportunity to discuss with you the current situation in the Sea-to-Sky Corridor and gain your valuable input.

Warm Regards,
Heather

Dear Minister Sims

Thank you for attending the IC-IMPACTS dialogue at UBC last Thursday evening. Your speech in support of the India Canada work of the Centre is much appreciated. We would welcome a meeting with you and your colleagues to discuss specific funding request from the BC government.

Also I am pleased to let you know that the 2019 Dhahan Prize and Dhahan Youth Award presentation will be held on Nov. 2nd at the University of British Columbia. We will be sending you formal invitation to the celebration later on this year. In the meantime, as per your suggestion last year, we would be thrilled to host an event in Victoria on Thursday October 31st or Nov. 1 in conjunction with the Province's proclamation of the Punjabi Literature Week in BC. I am requesting if the Proclamation could be made in the Legislature with writers and artists in gallery followed by a reception in the late afternoon or evening.

I look forward to hearing from you soon.

Sincerely
Barj

Dear Jeff,

I am not sure if this is under your ministry, but if so would love to get your advice. If not, any informed redirection would be welcome.

Issue is Community Culture & Recreation Infrastructure Funding. UBC funded a new rec centre with referendum and own endowment/fundraising, but then found that the details of the referendum ask left them with a shortfall of 7-8 Million\$ and they had just missed the application window.

Thanks so much,

Dulcy

Hi Dulcy,

Thanks for coming out! And to Dave for making the time. So here's the [link](#) to current *Investing in Canada* infrastructure grants. The program calls for investment of \$3.9 billion over 10 years. Additional funding programs [here](#).

The initial intake of Community, Culture, and Recreation Infrastructure funding unfortunately closed on January 23rd. This pot of funding (\$134M initially) is by far the most relevant. It would be good to know if there will be an opportunity for a late or future application. Funding would apparently be available for up to 73% of project costs.

With the 8 million dollar shortfall that has recently and unexpectedly presented itself for the new Recreation facility (yay referendum language) any guidance or support would be a huge help.

Thank you and great seeing you again.

Morning,

FLNRO has a series of NRs coming out in the next little while about Rural Dividend Grant. Many of the projects funded touch on tourism so we will look for opportunities to profile MLB where it makes sense. The attached release is planned for next week. Let us know if we can get this approved before the long weekend.

“Visitors to B.C. are drawn to the authentic cultural experiences Indigenous tourism offers. With more than 400 Indigenous tourism operators in our province, our new strategic framework looks at ways we can further partner with communities to grow this sector even more,” said Lisa Beare, Minister of Tourism, Arts and Culture. “Supporting Indigenous tourism is one way we can drive economic growth in rural areas and celebrate the rich heritage of Indigenous peoples in B.C.”

Sorry for not getting back to you on this. Minister Beare's trip to Vancouver on the 18th ended up being cancelled. What is the availability on May 3rd?

Hi Jeff,

As discussed yesterday – we are looking to facilitate a meeting with Minister Beare, MLA Ma, and the North Vancouver Community Arts Council regarding their [Cultural Mapping Project](#) and potential

funding opportunities.

We are happy to host at our Community Office (#5-221 W Esplanade, North Vancouver), and as discussed sometime during the upcoming Legislative recess in April could work well.

Thanks,

Dear Minister:

It is with pleasure that I write to you today to provide an update on one of the items we discussed at our Conference of Ministers Responsible for Sport, Physical Activity and Recreation in Red Deer, Alberta, on February 14 and 15, 2019.

Allow me to first acknowledge that the Government of Canada recognizes the relationship with our Indigenous Peoples as one of high importance. We are committed to a renewed relationship, one that is built on trust and reconciliation. In accordance with the Calls to Action by the Truth and Reconciliation Commission of Canada, we support the development and promotion of traditional sporting activities of Indigenous peoples.

During our meeting in Red Deer, we discussed the proposal submitted by the Canada Games Council (Council) to have the sport of lacrosse added to the program of the 2021 Canada Summer Games to be hosted in Ontario's Niagara Region. Lacrosse is Canada's national summer sport and has been played by Indigenous Peoples in the Niagara region for centuries.

All federal, provincial and territorial ministers agreed to support the Council's proposal subject to identifying funding. As a result, I was pleased to announce on April 11, 2019 that the Government of Canada will fund a lacrosse pilot project for the 2021 Canada Summer Games.

The federal funding will cover the incremental costs incurred by the 2021 Canada Games Host Society in adding lacrosse to the 2021 Games, as well as the travel costs for athletes and coaches. Provincial and territorial governments will continue to be responsible for costs associated with their team preparation and selection, consistent with their normal support for Canada Games teams.

I have requested that the Council work with the Aboriginal Sport Circle, federal, provincial, territorial governments, and Indigenous communities to develop a sustainable strategy to promote the participation of Indigenous athletes, coaches and officials in the Canada Games across all sports. Sport Canada officials will facilitate this initiative.

I recommend that the Council's strategy be presented at the next Conference of Ministers Responsible for Sport, Physical Activity and Recreation scheduled to be held in March 2020.

I would like to thank you for the important role you played in bringing lacrosse to the 2021 Canada Summer Games and look forward to our continued collaboration.

Please accept my best wishes.

Sincerely,

The Honourable Kirsty Duncan, P.C., M.P.

Madame la Ministre,
Monsieur le Ministre,

C'est avec plaisir que je vous écris aujourd'hui pour vous tenir au courant de l'un des points dont nous avons discuté les 14 et 15 février 2019, lors de notre Conférence des ministres responsables du sport, de l'activité physique et des loisirs à Red Deer, en Alberta.

Permettez-moi d'abord de reconnaître que le gouvernement du Canada reconnaît que la relation avec nos peuples autochtones est de la plus haute importance. Nous sommes engagés à bâtir une relation renouvelée, basée sur la confiance et la réconciliation. Conformément aux appels à l'action de la Commission de vérité et réconciliation du Canada, nous appuyons le développement et la promotion des activités sportives traditionnelles des peuples autochtones.

Lors de la récente Conférence qui s'est tenue à Red Deer, nous avons discuté de la proposition présentée par le Conseil des Jeux du Canada voulant que le sport de crosse soit ajouté au programme de sports des Jeux d'été du Canada, qui auront lieu en 2021 dans la région de Niagara, en Ontario. La crosse est le sport national d'été du Canada auquel les peuples autochtones de la région du Niagara jouent depuis des siècles.

Tous les ministres fédéraux, provinciaux et territoriaux ont accepté d'appuyer la proposition du Conseil sous réserve de l'identification des fonds. Le 11 avril 2019, j'ai eu le plaisir d'annoncer que le gouvernement du Canada s'est engagé à payer les coûts associés à l'ajout de la crosse au programme des Jeux d'été du Canada en 2021 dans le cadre d'un projet pilote.

Ce financement assumera les coûts supplémentaires encourus par la société hôte des Jeux du Canada de 2021 et les frais de voyage des athlètes et des entraîneurs. Cependant, le financement est conditionnel à la prise en charge par les gouvernements provinciaux et territoriaux des coûts associés à la préparation et à la sélection de leur équipe, comme ils le font habituellement pour les équipes participant aux Jeux du Canada.

J'ai demandé au Conseil des Jeux du Canada de collaborer avec le Cercle sportif autochtone, les gouvernements fédéral, provinciaux et territoriaux et les communautés autochtones pour élaborer une stratégie durable visant à promouvoir la participation des athlètes, entraîneurs et officiels autochtones aux Jeux du Canada, dans tous les sports. Les responsables de Sport Canada faciliteront cette initiative.

Je recommande que la stratégie du Conseil des Jeux du Canada soit présentée à la prochaine Conférence des ministres responsables du sport, de l'activité physique et des loisirs, prévue en mars 2020.

Je tiens à vous remercier pour le rôle important que vous avez joué dans l'introduction de la crosse aux Jeux du Canada de 2021 et me réjouis de la poursuite de notre collaboration.

Veuillez agréer, Madame la Ministre, Monsieur le Ministre, l'expression de mes sentiments les meilleurs.

L'honorable Kirsty Duncan, C.P., députée

Subject: FLAG: CBC Online: Federal plan restricts Fraser River chinook fishing for 2019 season
Date: April 16, 2019 6:39:00 PM

Hi,

Along with the changes below, apparently DFO has also increased catchment regulations including no retention of chinook salmon from April 1-July 31 on southern Vancouver island. Local Fishing tour operators are expressing their concerns about impact to their livelihood on social media.

Here are the relevant KMs from our previously approved IN that we can discuss tomorrow.

I know that B.C.'s coastal communities and the tourism industry take environmental stewardship very seriously.

• While in Canadian waters, the Government of Canada is the lead for all marine mammal management

I will continue to advocate for an approach that balances conservation with the needs of the tourism sector.

Thanks

Carla

Hi Jeff,

I think I was leaving Ma's office to you as you've already been in touch with them, but I can do, just let me know.

Will do about Thursday call, thanks!

Regrets sent to Jazz folks.

More info will be coming from the Ministry re: Tofino, but its announcement in the afternoon on Wednesday and dinner roundtable that night, and then the following day RMI related tours in Tofino and Ucluelet on Thursday. Unless you're talking about a specific meeting while in Tofino and I'm blanking on if there was something I was supposed to do there...?

Thanks,

Marina

Do we have anymore info on meeting during tofino visit?

I appreciate the time you all take out of your busy schedules to make these meetings. If there's anything I can do to help support your clubs or your athletes please don't hesitate to reach out – I'm more than happy to support where I can!

Hope you all have a good long weekend.

Hi Riki,

Usually what has worked in the past is Jeff can call Claire directly for the meeting, rather than bother with the conference call for just one person on the phone.

Hey Angelina,

Nice to chat with you on the phone just now.

Minister Beare is interested in attending the film event on April 17th, I have that it starts at 2pm, can you confirm that is accurate?

If you'd like Minister Bear would be willing to say a few words to the attendees before the film. If the film starts at 2, maybe she should be there around 1:45pm?

You also mentioned that the event after the film is called *April in Paris*? I don't believe that Minister Beare is able to stay for that as she has another event later on that evening, but it sounds wonderful.

All the best,

Jeff

Attn: Kelly Newhook

Hello Kelly:

The BC Labour Heritage Centre operates a project called "Remembering Working People: Plaques Around the Province" which produces and installs bronze memorials recognizing people, places, events and movements of significance to labour and working people in BC. To date we have completed 19 plaques. <http://www.labourheritagecentre.ca/projects/plaques-around-the-province/>

We received a proposal over a year ago to have a plaque installed at the BC legislature recognizing Thomas Uphill – BC's longest serving MLA (1920-1960). Uphill was secretary to the local miners' union and mayor of Fernie for most of the years of the First World War. He represented the Federated Labour Party in the legislature and was a consistent advocate for workers' compensation, pension and the unemployed.

We are seeking the assistance of Minister Beare in accomplishing this recognition. Would it be possible to meet? I am also available anytime for a phone discussion.

Thank you!

Attn: Kelly Newhook

Hello Kelly:

The BC Labour Heritage Centre operates a project called "Remembering Working People: Plaques Around the Province" which produces and installs bronze memorials recognizing people, places, events and movements of significance to labour and working people in BC. To date we have completed 19 plaques. <http://www.labourheritagecentre.ca/projects/plaques-around-the-province/>

We received a proposal over a year ago to have a plaque installed at the BC legislature recognizing

Thomas Uphill – BC's longest serving MLA (1920-1960). Uphill was secretary to the local miners' union and mayor of Fernie for most of the years of the First World War. He represented the Federated Labour Party in the legislature and was a consistent advocate for workers' compensation, pension and the unemployed.

We are seeking the assistance of Minister Beare in accomplishing this recognition. Would it be possible to meet? I am also available anytime for a phone discussion.

Thank you!

RE: Music BC Leadership Transition

Dear Honorable Minister Beare and trusted Government Partners,

First off, on behalf of the entire Board of Directors of Music BC, the Music BC staff, our members, and the entire British Columbia music industry we would like to thank you, your staff and your colleagues in government, once again, for your continued support by renewing the Amplify BC Fund. I know I speak on behalf of so many within our sector in saying a hearty “Thank You” for the renewal. Rest assured we will work diligently with our funding and industry partners to ensure a successful return on investment, and to realize a thriving music economy in BC for the years to come, one that represents all people from all corners of this beautiful province. Your ongoing support and commitment to our sector is appreciated more than you can imagine.

As for Music BC, a press release will be issued in the coming hours regarding our leadership

transition. After announcing the departure of Alex Grigg last week, Music BC is proud to share that Lindsay MacPherson has been tapped as Alex's successor as the next Executive Director for Music BC, effective immediately. Lindsay has spent the previous two and a half years as the Manager of Programs and Operations at Music BC and has over 10 years of experience within the local music industry working with Netzwerk Music Group, Newcap Radio, Boompa Records and Secret Study, working live events such as Squamish Valley Music Festival, Red Truck Concert Series and Shorefest.

In Lindsay's time with Music BC she has overseen the planning and execution of over 40 major projects. These include facilitating opportunities for 250 showcasing artists, providing 60 live music grants, and 352 touring and travel grants for BC artists and industry professionals, as well as 30 educational and professional development opportunities including the Phoenix program and workshops on fostering positive mental health and respectful workplaces. She has also been vital in fostering Music BC's new partnerships with festivals across the Pacific Northwest including Treefort, Bumbershoot, Pickathon, Upstream Music Fest and Capitol Hill Block Party.

As our Hiring Committee reviewed candidates in a search of Alex's successor, we felt strongly not only about Lindsay's obvious accomplishments within the organization, but equally as confident about her ability to continue to build on and promote the vision we have collectively been working towards. We've had a succession plan in place with Lindsay since she first joined Music BC, and we're thrilled to see that plan come to fruition. Lindsay's experience across so many facets of our industry, combined with her relationships, vision and acute attention to detail make her the perfect leader for our organization going forward.

Please join me in congratulating Lindsay in her new role!

Lindsay's contact details are as follows:

- We're moving forward with planning to modernize the Royal BC Museum and look forward to hearing your ideas about the future of this great cultural icon. Share your ideas: <https://engage.gov.bc.ca/museummodernization/>
- The Royal BC Museum's collections safeguard the stories of our past for future generations and share those stories with the world. Join the conversation about how a modernized museum can best tell BC's stories <https://engage.gov.bc.ca/museummodernization/>

Subject: Invite for April 27 event

Dear Minister Beare,

I hope this email finds you well. On behalf of Minister Dix, it is my privilege to invite you to the commemoration of Journey to Freedom Day on Saturday, April 27 at 12:00 p.m. The event will take place at Jack Poole Plaza in Vancouver (1055 Canada Place).

The Journey to Freedom Day Act, passed by the Canadian Parliament in 2015, recognizes April 30th of every year as a national day of commemoration of the exodus of Vietnamese refugees and their acceptance in Canada after the fall of Saigon on April 30, 1975. April 30 is observed by many of the Vietnamese diaspora around the world as a day of remembrance.

For the first time last year, the Government of BC hosted an event at the Legislative Assembly in Victoria to commemorate the tragic events surrounding the exodus of Vietnamese refugees; to honour the hundreds of thousands of Vietnamese lives that perished in this perilous journey; and to recognize the immense contributions that Vietnamese refugees have made to their communities. It is our privilege to have the opportunity to mark this solemn occasion in Vancouver this year.

The Minister would be delighted if you are able to join him. I've attached an invitation for your

information. Please kindly advise if you will be attending, and feel free to reach out directly to me at 250-880-5019 if you have any questions.

Thank you for your time and consideration. Hope to see you there!

Sincerely,

Thuy

As discussed yesterday – we are looking to facilitate a meeting with Minister Beare, MLA Ma, and the North Vancouver Community Arts Council regarding their [Cultural Mapping Project](#) and potential funding opportunities.

We are happy to host at our Community Office (#5-221 W Esplanade, North Vancouver), and as discussed sometime during the upcoming Legislative recess in April could work well.

^{s.22} I heard it was a great event! As some of you may already be aware, as of April 22nd I am leaving my post at Music BC to take on a new role as Director of Festival & Events for the MRG Group. It is a great opportunity for me and a privilege to be joining a BC owned and operated company that is one of the largest promoters and venue operators in Canada.

I have thoroughly enjoyed my time here at Music BC and working with all of you. We have accomplished much together and I wish you all nothing but the best. I plan to stay active on several fronts including music city initiatives in Vancouver and Victoria as well as supporting Music BC with the transition process for the new ED which I suspect will be announced shortly. I'm also happy to provide consultation with regards to the industry should you ever need anything.

Dear Jeff,

I am not sure if this is under your ministry, but if so would love to get your advice. If not, any informed redirection would be welcome.

Issue is Community Culture & Recreation Infrastructure Funding. UBC funded a new rec centre with referendum and own endowment/fundraising, but then found that the details of the referendum ask left them with a shortfall of 7-8 Million\$ and they had just missed the application window.

Thanks so much,

Hi Dulcy,

Thanks for coming out! And to Dave for making the time. So here's the [link](#) to current *Investing in Canada* infrastructure grants. The program calls for investment of \$3.9 billion over 10 years. Additional funding programs [here](#).

The initial intake of Community, Culture, and Recreation Infrastructure funding unfortunately closed on January 23rd. This pot of funding (\$134M initially) is by far the most relevant. It would be good to know if there will be an opportunity for a late or future application. Funding would apparently be available for up to 73% of project costs.

With the 8 million dollar shortfall that has recently and unexpectedly presented itself for the new Recreation facility (yay referendum language) any guidance or support would be a huge help.

Thank you and great seeing you again.

Hi Seamus,

As I was mentioning on the phone, the Ministry of Tourism, Arts and Culture has a number of great opportunities for those Ministers who are out and about the province over the next month or two. We could really use your help getting your Minister to participate in some of these events. The time commitments are relatively small and all communications materials and event plans would be handled on our end.

Please let me know what regions your Minister will be in over the next few months, especially if they are near any of the [corresponding cities](#). If possible, please let me know by May 10th.

Community Resilience through Arts and Culture Grants

The Community Resilience Through Arts and Culture program funds projects that use the restorative power of art and culture to inspire community engagement and to bring healing in response to environmental, social and economic hardships. Started under Minister Beare and now in its second year, the program is distributing 83 grants to communities across the province. Participants are predominantly from marginalized populations, including Indigenous peoples, those living in rural and northern locations, youth, women, differently abled people, and those experiencing poverty and homelessness.

We are aiming to do a 'starburst' style announcement over the break week. The commitment by your Minister would be to visit the grant recipients organization, spend a little time there, learn about the project, take some photos, share on social media and have a quote included in a regional press release.

There are grant recipients in all regions of the province, so if your Minister is travelling over the break week in May – can you just get in touch with me to see if we have anything that might work?

Medal of Good Citizenship Ceremony

-
The Medal of Good Citizenship recognizes individuals who, through their generosity, selflessness and exceptional long-term service, have made outstanding contributions to their communities.

There are only four more people that need to receive their Medal of Good Citizenship. If anyone's Minister is travelling in the following areas over the next couple of months, please let me know! The commitment is only about an hour: Minister does a brief speech, presents the medal and attends a small meet and greet.

Kelowna

150 Mile House

Haida Gwaii (specifically the Village of Queen Charlotte and/or Skidegate)

Princeton

Royal BC Museum Community Consultations:

We could really use some support from a Minister at our community consultations regarding the modernization of the Royal BC Museum, that are happening around the province. If any of your Ministers are in the following places on these specific dates and could attend at least a portion of these consultations, that would be greatly appreciated!

Minister is committed to Mid-Island Pacific Rim during the May break week mostly in Port Alberni, and a day in Nanaimo.

Hi Jolleen,

As I was mentioning on the phone, the Ministry of Tourism, Arts and Culture has a number of great opportunities for those Ministers who are out and about the province over the next month or two. We could really use your help getting your Minister to participate in some of these events. The time commitments are relatively small and all communications materials and event plans would be handled on our end.

Please let me know what regions your Minister will be in over the next few months, especially if they are near any of the [corresponding cities](#). If possible, please let me know by May 10th.

Community Resilience through Arts and Culture Grants

The Community Resilience Through Arts and Culture program funds projects that use the restorative power of art and culture to inspire community engagement and to bring healing in response to environmental, social and economic hardships. Started under Minister Beare and now in its second year, the program is distributing 83 grants to communities across the province. Participants are predominantly from marginalized populations, including Indigenous peoples, those living in rural and northern locations, youth, women, differently abled people, and those experiencing poverty and homelessness.

We are aiming to do a 'starburst' style announcement over the break week. The commitment by your Minister would be to visit the grant recipients organization, spend a little time there, learn about the project, take some photos, share on social media and have a quote included in a regional press release.

Dear Jeff,

I am not sure if this is under your ministry, but if so would love to get your advice. If not, any informed redirection would be welcome.

Issue is Community Culture & Recreation Infrastructure Funding. UBC funded a new rec centre with referendum and own endowment/fundraising, but then found that the details of the referendum ask left them with a shortfall of 7-8 Million\$ and they had just missed the application window.

Thanks so much,

Hi Dulcy,

Thanks for coming out! And to Dave for making the time. So here's the [link](#) to current *Investing in Canada* infrastructure grants. The program calls for investment of \$3.9 billion over 10 years. Additional funding programs [here](#).

The initial intake of Community, Culture, and Recreation Infrastructure funding unfortunately closed on January 23rd. This pot of funding (\$134M initially) is by far the most relevant. It would be good to know if there will be an opportunity for a late or future application. Funding would apparently be available for up to 73% of project costs.

With the 8 million dollar shortfall that has recently and unexpectedly presented itself for the new Recreation facility (yay referendum language) any guidance or support would be a huge help.

Thank you and great seeing you again.

Hi Jeff,

I will keep these in mind when the Minister is out and about!

As discussed:

MDD will not be available May Break Week – he is on A/L.

Re: Medal of Good Citizenship

- MDD will not have time in William's Lake for the 150 Mile House recipient.
- Princeton and Kelowna – I was looking through the calendar and Caucus is meeting in Osoyoos June 24/25. MDD is flying in and out and won't have time, but maybe some of the Ministers from the lower mainland who might be driving thru Princeton (or flying into Kelowna) could set something up.

Re: Haida Gwaii – have you considered Parliamentary Secretary Rice? She has good relationships over there.

Re: Royal BC Museum events in the Northern part of the Province: I have checked his calendar and none of those dates work for MDD.

Sorry we couldn't be of more assistance.

Just so you know, UBC very interested in anything you find. I did ask Matt to let us know if a second round of funding there might open up. Not clear.

Thanks again for looking into this.

Thanks Dulcy – we appreciate you and the team looking into the possibilities for us. From a tourism and arts and culture standpoint, we do drive a notable amount of visitors (albeit sports teams and their families and friends) to town, literally in the thousands (based on hotel room nights to the province), and have a number of Indigenous public art pieces inside and outside the Arena, other facilities, etc.

Let me know if there's any info or anything that I can do to be of help.

Thank you kindly,

Working on this. Not great initial news on the infrastructure fund (application period is indeed closed). Trying a couple of follow up ideas. Possible that there will be another round of funding, but unclear. Min. Beare's office is trying to see if there might be some options there.

Just circling back on our meeting from a little over 2 weeks ago, were you able to find out some more info about the infrastructure fund, will there be a future intake, are we doomed (I'm just kidding), any sage advice for us?

Hi Dulcy,

Thanks for coming out! And to Dave for making the time. So here's the [link](#) to current *Investing in Canada* infrastructure grants. The program calls for investment of \$3.9 billion over 10 years. Additional funding programs [here](#).

The initial intake of Community, Culture, and Recreation Infrastructure funding unfortunately closed on January 23rd. This pot of funding (\$134M initially) is by far the most relevant. It would be good to know if there will be an opportunity for a late or future application. Funding would apparently be available for up to 73% of project costs.

With the 8 million dollar shortfall that has recently and unexpectedly presented itself for the new Recreation facility (yay referendum language) any guidance or support would be a huge help.

Thank you and great seeing you again.

We're hoping to discuss some updates for the future Athletic and Recreation facilities that we are planning out, and maybe get Dave's input and guidance with some of the federal and provincial funding programs, perhaps specifically the Investing in Canada Infrastructure Program.

On item: scarf, umbrella would be great—one size fits all, I'm thinking. I'm running around picking things up from various merchants in the riding today and tomorrow and can swing by.

Matt,

Thank you for all that you have done to help us and keep us in the loop this year.

Is there a time/day that I can have David come by and say “hi” to your staff and thank you? Legislature is adjourned and we have a bit more time with him.

Yet another ask: We have asked local biz associations to help us with a Vancouver-Pt. Grey riding basket that will be featured on the radio for the CBC drive to benefit the foodbank. I realized as I was putting it together that we didn't ask you guys if you want to participate. If you do, we'd be glad to have you, if not totally not mandatory. Our theme is pretty much

warm and cosy. Would not need to be a high-value item, but would be great to include a UBC themed thing of some kind.

Hope you're keeping warm today!

Subject: Pacific Rim Tourism Meets Housing Crunch

Dear Hon. Lisa Beare,

s.22

I have witnessed the tourist

season employee housing situation go from bad to worse. I met with my housing consulting partners and the Mayor of Tofino yesterday to discuss creating a 40 unit tiny home project on ACRD land just north of Ucluelet. She encouraged our efforts and we are now looking for funding to purchase land and finalize our design. After reading an article on the Westerly News that the provincial government is investing in infrastructure, I wanted to reach out to you with some ideas on where I believe these dollars can best be spent. People come here because it is raw and beautiful and I don't believe we have any shortage of tourists wanting to visit. It's the opposite. This is why instead of focusing on increasing tourism, I recommend that we use this money to fortify our foundation by building accommodation for the people who live and support this town, the blood of the economy of the pacific rim. Every year individuals, couples, and families have to leave because the homes the rent sell, and there are almost no available units, especially 2-3 bedroom units. The short term rental issue is wearing us thin and we haven't started May yet. We are in a major crunch. I have been trying to encourage our local council to act for this upcoming summer and so far little action has yet to be taken as "these things take time" is the name of the game. If there is anything you can do to help invest or speed up our housing issue so that we can ensure we have the employees and quality service to compliment one of the most beautiful places on earth, I would greatly appreciate it.

Thank you for your time and if you are able to meet or discuss over the phone, my partners and I would appreciate the opportunity.

Best,

-Kerry

Subject: Pacific Rim Tourism Meets Housing Crunch

Dear Hon. Lisa Beare,

s.22 I have witnessed the tourist season employee housing situation go from bad to worse. I met with my housing consulting partners and the Mayor of Tofino yesterday to discuss creating a 40 unit tiny home project on ACRD land just north of Ucluelet. She encouraged our efforts and we are now looking for funding to purchase land and finalize our design. After reading an article on the Westerly News that the provincial government is investing in infrastructure, I wanted to reach out to you with some ideas on where I believe these dollars can best be spent. People come here because it is raw and beautiful and I don't believe we have any shortage of tourists wanting to visit. It's the opposite. This is why instead of focusing on increasing tourism, I recommend that we use this money to fortify our foundation by building accommodation for the people who live and support this town, the blood of the economy of the pacific rim. Every year individuals, couples, and families have to leave because the homes the rent sell, and there are almost no available units, especially 2-3 bedroom units. The short term rental issue is wearing us thin and we haven't started May yet. We are in a major crunch. I have been trying to encourage our local council to act for this upcoming summer and so far little action has yet to be taken as "these things take time" is the name of the game. If there is anything you can do to help invest or speed up our housing issue so that we can ensure we have the employees and quality service to compliment one of the most beautiful places on earth, I would greatly appreciate it.

Thank you for your time and if you are able to meet or discuss over the phone, my partners and I would appreciate the opportunity.

Best,

-Kerry

How's this:

Added a sentence describing MGC, highlighted the cities to make them stand out for future reference (although I don't necessarily think that looks all that great, and probably is redundant).
Added a sentence in the first paragraph about time commitments.

Hi so and so,

As I was mentioning on the phone, the Ministry of Tourism, Arts and Culture has a number of great opportunities for those Ministers who are out and about the province over the next month or two. We could really use your help getting your Minister to participate in some of these events. The time commitments are relatively small and all communications materials and event plans would be handled on our end.

Please let me know what regions your Minister will be in over the next few months, especially if they are near any of the [corresponding cities](#). If possible, please let me know by May 10th.

Community Resilience through Arts and Culture Grants

The Community Resilience Through Arts and Culture program funds projects that use the restorative power of art and culture to inspire community engagement and to bring healing in response to environmental, social and economic hardships. Started under Minister Beare and now in its second year, the program is distributing 83 grants to communities across the province. Participants are predominantly from marginalized populations, including Indigenous peoples, those living in rural and northern locations, youth, women, differently abled people, and those experiencing poverty and homelessness.

We are aiming to do a 'starburst' style announcement over the break week. The commitment by your Minister would be to visit the grant recipients organization, spend a little time there, learn

about the project, take some photos, share on social media and have a quote included in a regional press release.

There are grant recipients in all regions of the province, so if your Minister is travelling over the break week in May – can you just get in touch with me to see if we have anything that might work?

Medal of Good Citizenship Ceremony

-

The Medal of Good Citizenship recognizes individuals who, through their generosity, selflessness and exceptional long-term service, have made outstanding contributions to their communities.

There are only four more people that need to receive their Medal of Good Citizenship. If anyone's Minister is travelling in the following areas over the next couple of months, please let me know! The commitment is only about an hour: Minister does a brief speech, presents the medal and attends a small meet and greet.

Kelowna

150 Mile House

Haida Gwaii (specifically the Village of Queen Charlotte and/or Skidegate)

Princeton

Royal BC Museum Community Consultations:

We could really use some support from a Minister at our community consultations regarding the modernization of the Royal BC Museum, that are happening around the province. If any of your Ministers are in the following places on these specific dates and could attend at least a portion of these consultations, that would be greatly appreciated!

Good afternoon Jeff

I came into a couple of voicemails today, one from a s.22 from Canmore Alberta
s.22 upset with the Kelowna Tourism centre, he feels they are discriminatory and wants
the Minister to call him back.....

The other was from s.22 i Thunder Bay Ontario s.22 want a BC Road map, she
advises she can't find anything online and will be travelling here in a few weeks and wants to know
where she can get a paper based BC map as she doesn't want to use internet as they will be going to
remote locations. I will call s.22 with a couple of links I have found, if they aren't quite what she's
looking for I'll advise her to check out a Mac's store, book store or Chapters for a map.

Thank you.

"The Rural Dividend Program will strengthen communities throughout the Lillooet District by making investments where it counts," said Lisa Beare, Minister of Tourism, Arts and Culture. "We want to expand access to sport for young people. By helping the Lillooet Rowing Club enhance their programs and capacity, we are working together to support amateur and recreational sport activities and ensure more youth achieve their full athletic potential."

Can you make it a bit more inviting? And explain what the Medal of Good Citizenship is, in a sentence.

Like:

Hi so and so,

The Ministry of Tourism, Arts and Culture has a number of neat opportunities for those Ministers who are out and about the province over the next month or two. We would really use your help getting your Minister to participate in some of these events.

Please let me know what regions your Minister will be in over the next few months, especially if they are near any of the corresponding cities. If possible, please let me know by May 10th.

Community Resilience through Arts and Culture Grants

The Community Resilience Through Arts and Culture program funds projects that use the restorative power of art and culture to inspire community engagement and to bring healing in response to environmental, social and economic hardships. Started under Minister Beare and now in its second year, the program is distributing 83 grants to communities across the province. Participants are predominantly from marginalized populations, including Indigenous peoples, those living in rural and northern locations, youth, women, differently abled people, and those experiencing poverty and homelessness.

We are aiming to do a 'starburst' style announcement over the break week. The commitment by your Minister would be to visit the grant recipients organization, spend a little time there, learn about the project, take some photos, share on social media and have a quote included in a regional press release.

There are grant recipients in all regions of the province, so if your Minister is travelling over the break week in May – can you just get in touch with me to see if we have anything that might work?

Medal of Good Citizenship Ceremony

There are only four more people that need to receive their Medal of Good Citizenship. If anyone's Minister is travelling in the following areas over the next couple of months, please let me know! The commitment is only about an hour: Minister does a brief speech, presents the medal and attends a small meet and greet.

Kelowna
150 Mile House

Haida Gwaii (specifically the Village of Queen Charlotte and/or Skidegate)
Princeton

Royal BC Museum Community Consultations:

We could really use some support from a Minister at our community consultations regarding the modernization of the Royal BC Museum, that are happening around the province. If any of your Ministers are in the following places on these specific dates and could attend at least a portion of these consultations, that would be greatly appreciated!

The family of motorcycle rider Joi "S.J." Harris, killed during the filming of Deadpool 2 in Vancouver, has settled a lawsuit out-of-court with 20th Century Fox, according to The Hollywood Reporter.

The amount of the settlement wasn't disclosed.

Harris was killed on Aug. 14, 2017, while performing a stunt at Jack Poole Plaza in Downtown Vancouver. Harris lost control of her motorcycle - a Ducati Hyperstrada 939 - and crashed into a plateglass window at the Shaw Tower around 8 a.m.

The Brooklyn, N.Y., woman was performing a stunt for Domino, a character in the Marvel sequel played by actor Zazie Beetz.

WorkSafeBC is still investigating the death. A spokesperson for the regulatory agency told Postmedia News on Thursday that a final report into the 2017 accident hasn't been completed.

In its initial report, released days after the accident, Work-SafeBC said the rider was rehearsing a stunt in which she rode a motorcycle out the open doors of a building, across a concrete pad and down a ramp that had been built over three stairs, coming to a stop on the stairs' landing.

During the first shooting of the scene, Harris continued riding beyond the planned stopping spot and drove over a second ramp built over the bottom stairs and across the roadway.

"The motorcycle struck the concrete sidewalk curb, the worker was thrown off the motorcycle and propelled through a plate-glass window of a building," the report said.

According to her website, Harris received her race licence in 2013 and began racing in 2014. She described herself as the first African-American woman to compete in an American Motorcyclist Association-sanctioned event.

The stunt, performed on a much more powerful motorcycle than those she raced on the track, was reportedly Harris's first job in the movie industry.

Deadpool 2, which starred Vancouver actor Ryan Reynolds as the titular Marvel Comics anti-hero, shut down production for two days after Harris's death.

Released in May 2018, the film went on to earn more than US\$785 million at the worldwide box office.

Soccer's racism issues just won't go away

When it exploded into the public domain this week that the Vancouver Whitecaps had hired a coach who had been sanctioned and fined by the Football Association for racist abuse of his players, it predictably ignited a firestorm.

But that is a cultural inferno that has long been burning, with flares of awareness spiking with increasing frequency in world soccer.

Just this season alone has seen several high-profile incidents in European soccer.

Manchester City's Raheem Sterling has become somewhat of a torchbearer in the fight, after being abused by fans in an away match to Chelsea. He voiced public support for Juventus striker Moise Kean, who was not only showered with racist abuse by Cagliari fans after scoring, but was also blamed by teammates for causing the reaction.

In December, Arsenal striker Pierre-Emerick Aubayemang had a banana skin thrown at him, which was one of the same charges that saw Brett Adams

RE: Music BC Leadership Transition

Dear Honorable Minister Beare and trusted Government Partners,

First off, on behalf of the entire Board of Directors of Music BC, the Music BC staff, our members, and the entire British Columbia music industry we would like to thank you, your staff and your colleagues in government, once again, for your continued support by renewing the Amplify BC Fund. I know I speak on behalf of so many within our sector in saying a hearty “Thank You” for the renewal. Rest assured we will work diligently with our funding and industry partners to ensure a successful return on investment, and to realize a thriving music economy in BC for the years to come, one that represents all people from all corners of this beautiful province. Your ongoing support and commitment to our sector is appreciated more than you can imagine.

As for Music BC, a press release will be issued in the coming hours regarding our leadership transition. After announcing the departure of Alex Grigg last week, Music BC is proud to share that Lindsay MacPherson has been tapped as Alex’s successor as the next Executive Director for Music BC, effective immediately. Lindsay has spent the previous two and a half years as the Manager of Programs and Operations at Music BC and has over 10 years of experience within the local music industry working with Nettwerk Music Group, Newcap Radio, Boomp Records and Secret Study, working live events such as Squamish Valley Music Festival, Red Truck Concert Series and Shorefest.

In Lindsay’s time with Music BC she has overseen the planning and execution of over 40 major projects. These include facilitating opportunities for 250 showcasing artists, providing 60 live music grants, and 352 touring and travel grants for BC artists and industry professionals, as well as 30

educational and professional development opportunities including the Phoenix program and workshops on fostering positive mental health and respectful workplaces. She has also been vital in fostering Music BC's new partnerships with festivals across the Pacific Northwest including Treefort, Bumbershoot, Pickathon, Upstream Music Fest and Capitol Hill Block Party.

As our Hiring Committee reviewed candidates in a search of Alex's successor, we felt strongly not only about Lindsay's obvious accomplishments within the organization, but equally as confident about her ability to continue to build on and promote the vision we have collectively been working towards. We've had a succession plan in place with Lindsay since she first joined Music BC, and we're thrilled to see that plan come to fruition. Lindsay's experience across so many facets of our industry, combined with her relationships, vision and acute attention to detail make her the perfect leader for our organization going forward.

Please join me in congratulating Lindsay in her new role!

Lindsay's contact details are as follows:

Dear Jeff,

I am not sure if this is under your ministry, but if so would love to get your advice. If not, any informed redirection would be welcome.

Issue is Community Culture & Recreation Infrastructure Funding. UBC funded a new rec centre with referendum and own endowment/fundraising, but then found that the details of the referendum ask left them with a shortfall of 7-8 Million\$ and they had just missed the application window.

Thanks so much,

Dulcy

Hi Dulcy,

Thanks for coming out! And to Dave for making the time. So here's the [link](#) to current *Investing in Canada* infrastructure grants. The program calls for investment of \$3.9 billion over 10 years. Additional funding programs [here](#).

The initial intake of Community, Culture, and Recreation Infrastructure funding unfortunately closed on January 23rd. This pot of funding (\$134M initially) is by far the most relevant. It would be good to know if there will be an opportunity for a late or future application. Funding would apparently be available for up to 73% of project costs.

With the 8 million dollar shortfall that has recently and unexpectedly presented itself for

the new Recreation facility (yay referendum language) any guidance or support would be a huge help.

Thank you and great seeing you again.

MAH says it's them. Is there anything in TAC that may be relevant to them that can they can apply for?

Hello Melanie Mark,

Please receive this email as a formal request for renewal of the Amplify BC fund.

I am the owner of a budding Record Label in Vancouver, BC. This March we received our first grant to help one of our artists create a music video. This funding is invaluable to our growth as a label, band and individual musicians.

Everywhere I look I see amazing people making amazing music across our province. Since the fund started in 2016, I have felt a significant boost in music community moral and output. I urge you to help this growth continue.

Thank you for your time. I am heartened and impressed by your career history (found on leg.bc.ca) and am proud to have you represent my community in the Legislative Assembly.

All the best,
Spencer Hargreaves

Hello PoWah,

A couple weeks ago Paige asked me for some info on the BC Film Commission. Hopefully this answers her question:

- The BC Film Commission was created by provincial government in October 1978 as a division of Ministry of Tourism. It aimed to grow BC's film industry, working collaboratively with labour unions, to promote BC to motion picture producers.
- In April 2013, the Province established Creative BC, an independent, not-for-profit agency. Creative BC combined the services of the BC Film Commission and BC Film & Media, and has a mandate to support and strengthen BC's film and television, interactive and digital media, music and sound recording, and magazine and book publishing industries.
- Currently, the BC Film Commission is a team of seven that provides production support, location services, and community relations to the motion picture industry. Creative BC also provides funding to the eight regional film commission offices.

Subject: Top Places To View Bears In BC

To Destination British Columbia -

We've always been very supportive of DBC and their marketing initiatives. The DBC staff have been good to work with and mostly supportive of us and the Cariboo region. However, things seem to be different lately and DBC has dropped the ball, checking out of the reality of tourism in our province and into a marginalized dream world that excludes great chunks of the province and some of its best tourism operators.

I have recently read DBC's article "Top Places View Bears in BC". Very, extremely, incredibly disappointing to say the least. I'm not saying those included aren't deserving of the top spots, I would like to know who was responsible and what the criteria was for determining these particular choices to showcase. Was it performance of the operators? Was it the status of the bears - habituated or unhabituated? Or was it location? Please provide the selection criteria to me. I am anxious to know as you have missed the mark or is just that you don't know anything else exists outside the "Golden Triangle"? You even mention Hyder, Alaska which isn't even in Canada. Why

would DBC be using our resources to promote a place in Alaska no matter what its proximity to our border is? I don't think that is in DBC's mandate. Please correct me if I am wrong about that. Do you even know there are large populations of grizzlies outside the Great Bear Rainforest or that we have our own Great Bear Rainforest in the Cariboo Mountains - a rare ancient interior rainforest with trees over 1000 years old and bears in it too? Do you know one of the icons of British Columbia, the deepest fjord lake on earth, is in the Cariboo? Is our business and revenue it generates and our tax dollars not as good or as important as those on the coast and lower mainland and Whistler?

We are a Canadian Signature Experience. We are pioneers in the bear viewing industry. We hold the first bear viewing licence ever issued in British Columbia and we worked with Ministry of Environment to write the first bear viewing guidelines when none existed. We have been in this industry for 35+ years. Our clients are 98% European and other countries. We are one of the top bear viewing operations in this province and we are recognized for our truly authentic bear viewing experiences because they are all natural viewing and the animals are truly wild and unhabituated. We don't just show people bears to get a photo and move on, we introduce them to the bears, their habits and habitat and bear life in the wilderness. Its all natural viewing. We do not use viewing platforms nor are the bears in any game preserve, fenced area or highly populated park. Our area is home to a large concentration of mountain grizzlies. We have the largest wild salmon runs in the province with over one quarter of the province's wild sockeye being spawned in our watershed. We also have the largest bodied Chinook salmon run in British Columbia. We are about exceptional authentic and unique wilderness adventures in the Cariboo Mountains, , a spectacular part of the province that is always seems to be overlooked. Our experiences for tourists are not only memorable, more often than not they life changing and people leave with a new sense of who they are and often a new life skill. To quote Marsha Walden - **"Today's tourists are looking for unique adventures, not just traditional sightseeing but an experience that touches them and makes them feel they've seen something new."** That's exactly who we are and exactly what we give our guests.

DBC seems to have lost touch with the reality that there is a whole other part of the province beyond the coast and Vancouver that has exceptional natural features, values and experiences. Its easy to market what has already been over marketed. Its time to recognize the rest of the province and that there is a lot of high quality tourism product and quality operators in areas outside the GBRF.

Is there a valid reason you overlooked us in the Top 10 Places to View Bears In BC? You mentioned going to Williams Lake to go west to Bella Coola. We are one hour east of Williams Lake while its 7 hours to Bella Coola. Why would you not tell people that? Do you even know that there is a good chunk of the province east of the Fraser River and that it is remote with very diverse ecosystems and a huge variety of wildlife? Do you know that this is where the deepest fjord lake on earth is found? Its an icon of the Cariboo and nobody recognizes it. Its time to get off the coast and really see what this province offers and what its all about.

I also have another question with regard to the location of the bear viewing operators. At RVC in Halifax in 2018 we noted that all of the bear viewing operations were located together in the centre

of the DBC marketplace except for us. We were the only bear viewing operation that was not in the "bear viewing pavilion" (if I can call it that). Why was that? Are we being ostracized and discriminated against, just as we have been your selection of bear viewing top spots, simply because we are on the east side of the Fraser River?

Disturbed and insulted in the Cariboo,

Hello!

It was great to speak with you on the Francophone games. Below is the text of the email we were forwarded.

Subject: Jeux de la francophonie - Victoria 2020

Bonjour,

In July of 2020, Oak Bay will be host to the 8th edition of the Canadian Francophone Games (Jeux de la francophonie canadienne).

As of yet, we have confirmed funding from the City of Oak Bay, the City of Victoria and on November 16th, 2018, Mélanie Joly confirmed 1.98 million from the Federal government towards this project.

Unfortunately, we have not yet received confirmation from the province regarding our requests for financial support. Attached is a document which highlights all correspondence between the host committee and various ministries with regards to an initial request made by Marie-Pierre Lavoie, president of the host committee.

Our deadline to confirm provincial funds, before pulling the project, is June 1st, and I am worried that our request is lost in the machine that is government.

CONFIRMED FUNDING

- 1.98 million from Heritage Canada
- 50K from city of Victoria

Dear Minister,

Thank you for your support of British Columbia's artists and cultural development. We wish to acknowledge a longtime professional artistic leader and cultural icon as he concludes his last concert season on May 10, 2019. Would you please consider sending a message of congratulations on this occasion for Jon Washburn and his legendary career?

Jon Washburn is the Vancouver Chamber Choir's founder and Artistic Director of 48 years. This is his final concert season before assuming the role of Conductor Emeritus. While we anticipate success and continued longevity with our new leader this autumn, we treasure Jon's contributions to the Canadian choral landscape and the grand respect he has earned in choral communities on an international scale.

Our last concert "Youth and Music" is Friday, May 10 in Vancouver. An open reception will follow, with opportunities for everyone to thank Jon for sharing his musical talents for over five decades. We wish to present your message in our printed concert program.

The attached biographies provide more information. Here are some key points:

- We are celebrating the passage of 48 years of Jon Washburn leading the Vancouver Chamber Choir - one of Canada's few professional choirs.
- Jon has made an exceptional contribution to the enhancement of the cultural communities of Vancouver, of British Columbia, and of Canada.
- With Jon's leadership, the Vancouver Chamber Choir has brought honour to the city, province and country through its cultural outreach across North America, Asia and Europe.
- Jon is recognized internationally for his excellence as a conductor, lecturer, clinician and master teacher. He is an active composer, arranger and editor, with compositions published, performed and recorded around the world.
- Many residents and visitors will celebrate the importance of the history and future of the Vancouver Chamber Choir, with gratitude to Jon for founding it in 1971.

If you require further information, please contact me at info@vancouverchamberchoir.com or 604-738-6822, ext 24.

Thank you for your consideration in sharing this historical celebration with us.

Sincerely,
Karen

Dear Minister Sims

Thank you for attending the IC-IMPACTS dialogue at UBC last Thursday evening. Your speech in support of the India Canada work of the Centre is much appreciated. We would welcome a meeting with you and your colleagues to discuss specific funding request from the BC government.

Also I am pleased to let you know that the 2019 Dhahan Prize and Dhahan Youth Award presentation will be held on Nov. 2nd at the University of British Columbia. We will be sending you formal invitation to the celebration later on this year. In the meantime, as per your suggestion last year, we would be thrilled to host an event in Victoria on Thursday October 31st or Nov. 1 in conjunction with the Province's proclamation of the Punjabi Literature Week in BC. I am requesting if the Proclamation could be made in the Legislature with writers and artists in gallery followed by a reception in the late afternoon or evening.

I look forward to hearing from you soon.

Sincerely

Barj

Dear s.22

On behalf of the Honourable John Horgan, Premier, and the Government of British Columbia (BC), congratulations on your podium finish during the 2019 Canada Winter Games. What an amazing accomplishment!

As a Canada Games medalist, you are one of our province's top athletes, an important part of Team BC and a role model for people across the province. I commend the hard work, commitment and positive spirit that you demonstrated during the games.

I am proud of BC's world class programs, services and facilities that support the development of athletes and coaches to reach the highest levels of competition. It is no surprise that so many athletes live and train in our province. In turn, your achievements help solidify BC's reputation as a leader in sport participation, development and excellence.

Sport and active living also provide important health and social benefits for people of all ages and abilities. We know that engaging in sport at a young age increases the chances of people pursuing healthy, active living throughout their lives. As a top athlete, you play a vital role in inspiring all British Columbians to get active and aim for their personal best, from the playground to the

podium.

Congratulations once again for representing British Columbia so well. I know your experience will last a lifetime and I wish you every success in your future athletic endeavours!

Sincerely,

Lisa Beare
