Subject: 5X Festival

Dear Minister Beare,

My name is Tarun Nayar. We've met a few times - most recently when you introduced my band Delhi 2 Dublin at the B.C. Federation of Labour convention last November. I hope you had a fantastic summer.

I'm writing to thank you for the support of the province for the festival that I direct - 5X. This 5 day event in June is the largest South Asian youth event in Canada. This year's festival was the most successful to date. We attracted 12,000 people to our 5 events, registered 4+ million direct and 29+ million indirect social media impressions, showcased over 50 South Asian artists, most of whom are local, connected with an audience that is 60% female, and 75% between the ages of 18-30 - all while paying off 30K in debt.

With an all POC and majority female and board and staff our event is counteracting white supremacy in a highly productive and positive way. We are also providing a creative alternative for an at-risk youth demographic in Surrey.

I've attached a one-sheet with a little more information about the festival. I've also attached our impact report. You can find a visual representation in the after-movie.

We see immense potential in the future of the festival, and would like to arrange a chat with yourself or the Deputy Minister to address some of the challenges and opportunities we are facing this year as we seek to continue to grow and serve our community.

Good Morning,

Attached is a NR from ITBC and Tourism VI to support their MOU. The following quote is for MLB's approval:

"Congratulations to Indigenous Tourism BC and Tourism Vancouver Island on this collaboration," said Lisa Beare, Minister of Tourism, Arts and Culture. "Indigenous tourism experiences support reconciliation by providing economic prosperity for many Indigenous people in B.C. and promoting increased awareness of Indigenous culture for British Columbians and our visitors."

You will note they have mentioned an invitation to witness the MOU signing at this event forthcoming below, but the event is taking place on Oct 9 at 11:30 in the midst of session.

Good evening,

As a follow up to our call this afternoon - I have attached the draft Press Release for the signing of the MOU with Tourism Vancouver Island in Nanaimo at the Tourism Vancouver Island Conference. The signing will be at approximately 11:30am on October 9.

We are looking forward to the signing and would be grateful to have Minister Beare include a quote in the PR. We'd also like to extend an invite for Minister Beare to witness the signing although I believe an invite has been extended to Minister Beare from TVI CEO Anthony Everett.

Thank you - let me know if you have any questions or need further information.

Hi Ken and Craig,

Just want to let you know that Bob Mackin was on site today to cover the Chinese consulate dinner that was relocated from the Westin to our venue due to the hotel strike. He has tweeted that PavCo staff and VPD tried to prevent him from filming delegates attending the event (see

image below). Apparently the client didn't want media to film but we can't really stop them from doing so if they're outside. We don't want to further escalate the situation, and our team knows to permit any filming by Bob or other media at the entrances/outside.

I plan to flag this up to GCPE tonight in case they get calls at the Ministry. Also, FYI, it looks like BC Ministers Ralston and Chow are in attendance tonight at the event.

Let me know if you have any questions.

Lisa,

Attached is a draft Briefing Note on an event that the Vancouver Heritage Foundation is involved in with BC Place. They want to present BC Place with a heritage plaque, for "Places that Matter".

As you will see from the attached draft Briefing Note, we would very much like you to be there, as well as some other honoured guests. A number of dates are suggested. I appreciate that these dates may conflict with the sitting of the Legislature, but we would like to arrange this event around your schedule to the extent possible.

Perhaps you or someone from your staff could get back to us if you wish to participate? I am copying Claire Avison with this for her follow-up.

Ian

Subject: Invite for Minister Beare: Destination BC's All Sector Meeting, Sept 16 or 17
Importance: High

Dear Minister Beare

We would like to invite you to Destination BC's annual All Sector Meeting, to speak to the sector and community partners attending. The meeting will be

held on September 16 – 17, 2019 at the Sheraton Vancouver Airport Hotel in Richmond.

Meeting Purpose and Attendees:

The annual All Sector Meeting was first held in 2015 when Destination BC's Co-op Marketing Partnerships Program was initially launched to industry. The purpose of the meeting was to review the new program guidelines with the sectors. This meeting has since evolved into a collaborative information sharing session between the sectors, Destination BC staff and the RDMO's. It is an event eagerly awaited by all involved each year.

The sectors present their marketing plans, and Destination BC staff provide marketing and other relevant updates. This meeting has been a tremendous help to both the Sectors and Destination BC in planning, and sharing information.

The 12 sectors currently funded via the Destination BC Co-op Marketing Partnership Program attend the meeting. Based on both Destination BC staff input, as well as feedback from the communities, we have now expanded this annual meeting to include the communities currently participating in the program. The sectors include Backcountry Lodges of BC, BC Wine Institute, Mountain Bike BC, Fishing BC, BC Golf Marketing Alliance, Guide Outfitters Association of BC, Ocean Boating, Gardens BC, BC Ale Trail, BC Snowmobile Federation, Camping/RV, and the BC Farmers Market Association. As of August 30, we have approximately 35 community participants from regions across BC joining us, with more expected in the week to come.

Opportunity:

There is an opportunity for you to provide a short address, on the Province's priorities for tourism, as follows:

Hi Shauna

Hope you had a great long weekend.

Marsha mentioned you would like us to update our boilerplate for all media releases, publications etc.

Here's the updated version:

- Destination BC is a provincially funded, industry-led Crown corporation that supports a strong and competitive future for BC's tourism industry through a combination of global marketing, destination development, industry learning, cooperative community-based programs, and visitor servicing. Destination BC receives approximately \$52 million each year,

out of a Provincial investment of about \$140 million in BC's tourism ecosystem as a whole. These investments help to improve the visitor experience, support businesses and communities, and strengthen BC's worldwide reputation as a destination of choice.

Let me know if you have any edits, and I'll ensure it is updated in all locations

Thanks

Hi Team,

Attached are the regional releases and backgrounders for the BC Sport Participation Program. We just received word from our calendar team that we need to send this out this Saturday before the Fed writ. We worked with Caucus Comm's to obtain a MLA quote where applicable.

Quote for MLB's approval that will be included in all of the regional releases:

"Sport has the power to connect people with their communities and build the foundation for a healthy lifestyle," said Lisa Beare, B.C.'s Minister of Tourism, Arts and Culture. "These programs will help people make new friends, improve their fitness level and try a new sport, regardless of their background or level of ability."

A couple of other notes FYI:

- * There are regionally tailored releases for five regions (Lower Mainland, Vancouver Island, Powell River, North, Interior). The elements that are regionally specific are highlighted in each release.

- * In all except Powell River, a backgrounder with more detail is included. They are in separate documents to aid with distribution prep on our end. Since Powell River has two projects funded, they are simply outlined in the body of the release and there is no backgrounder.

Can we please get your approval on the quote by Friday morning at 9 am wherever possible.

Thanks so much

Hi Kelly,

Hope all is well with you!

I wanted to touch base with you regarding a Directors campaign the Directors Guild is launching on September 6 at Vancity Theatre.

Powerhouse young director Zach Lipovsky is the lead on this 'movement' to put creative decision making in the hands of more British Columbians. He talked about the initiative at the Leg Showcase during Creative Industries Week in Victoria on May 1 and Minister Beare connected with Zach, super supportive and totally gets where we are going with this.

We have to grow creative control in BC differently than they do in Eastern Canada due to our lack of access to domestic broadcasters, financiers, commissioning editors etc. We are not waiting around -- especially not the likes of Zach -- I strongly believe Zach and industry pros like him, are the ones who will shape the sustainable, BC owned future of screen entertainment in BC.

We are unveiling the Directors Initiative at Vancity Theatre on Sept. 6 at the kick off of the DGC BC's Directors Showcase, 3 days of screenings at Vancity and Vancouver Playhouse.

If Minister Beare is available, it would be awesome if she could drop in to show her support for the initiative, and for Zach who has invested massive time and work in this movement that I think will be a game changer.

Wanted to run it past you first due to short lead time, but will go through any necessary protocols per usual if you don't mind advising if you think Minister Beare would be up for this?

Hope you're having a good summer. I understand that Minister Beare cannot participate in our Nov. mission which I'm bummed about but I know the house is sitting and we have to go that week.

Hope you're having a great summer! Leslie

Morning Ramesh –

A bit of background on the WorkSafeBC Golf Cart proposed change. Let me know if you require anything else.

- WorkSafeBC is working on revisions to Part 16 the Occupational Health and Safety Regulation. This section covers mobile equipment, which includes equipment such as forklift trucks and all-terrain vehicles among others. Mobile equipment used at golfcourses, including mobile maintenance equipment and golfcarts, are included in the review.
- As part of the review, WorkSafeBC conducted public consultation in 2018 and public hearings in the spring of 2019. Stakeholders from various sectors, including the golfindustry, were part of this consultation process.
- Based on stakeholder input, WorkSafeBC is reviewing the proposed revisions to the regulation, including how they will be applied to various vehicles and users. Additional consultation and public hearings will be conducted this fall. There is no specific date yet for when the new revisions will be completed.

Hi Ramesh -- I've attached documents regarding tomorrow evening's launch event, where we are delighted Minister Beare will join us in this celebratory kick off.

Note the program in the attached run of show -- as a pre-screening launch, this is not meant to be taxing speechifying for the Minister, just congratulations on the work so far. Minister Beare led the program at the Legislature in May for Creative Industries Week where Zach presented-- so she has good insight into his efforts championing this campaign.

I can't emphasize enough our appreciation for Minister Beare taking the time in a busy schedule to join us on this -- it's meaningful to this industry effort and really shows her appreciation for the industry initiatives being driven by creators that will shape and grow our industry in all the right ways.

Many thanks to you as well for moving our request forward -- please let me know if there are any further questions. Thanks, Leslie

We are expecting between 120-150...theatre holds about 170. I like to be realistic with drop off, so I think that 120 is around where we will land.

The screening will end around 9 pm, at which time there will be a Q & A with the Director Kyle Rideout. There will then be short after party where Hey Ocean will play a short set -- making the cross sector connection with BC's film and music sector as Hey Ocean is on the soundtrack of the film screening that night, Adventures in Public School.

Should the Minister be able to join us I will draft the show run according to your needs for your briefing and planning purposes. Thank you, Leslie

Subject: Overview and Minister's impressions of the tour. What did you see from the Nisga nation and why is the cultural component of Indigenous Tourism so important?

KM's:

(Minister to add her personal reflections of the tour. Particularly why sharing the cultural aspects of Indigenous tourism are so important)

- Tourism is an essential part of our work to make life better for people.

- This industry creates good-paying jobs, strengthens our economy and supports vibrant communities
- We are committed to championing tourism in communities large and small across the province – and Northern B.C. is a key player in this.
- Earlier this year I released a new Strategic Framework for Tourism in B.C. that puts people and communities first. Supporting and promoting all four corners of the province during all seasons is fundamental to this.
- B.C. is also recognized as a leader in Indigenous tourism. Recent figures suggest Indigenous tourism contributes \$705 million a year to B.C.'s economy and employs 7,400 people in 401 businesses.
- We are working in partnership with Indigenous peoples, communities and businesses to share the economic and cultural benefits of tourism with everyone. I'm excited to tour this part of the province and see it in action.
- **Visitors want authentic cultural experiences when they come to our province and B.C.'s Indigenous tourism sector offers those opportunities.**
- **We know that we have the best Indigenous tourism potential in Canada, thanks to the large number of First Nations, the richness of their cultures and the natural beauty of their traditional territories.**
- The Province supports Indigenous tourism directly investing approximately \$1 million per year through Destination BC to the Indigenous Tourism Association of BC (ITBC), an independent organization controlled by an Indigenous board of directors.
- The Province also supports Indigenous tourism through:
 - Indigenous tourism labour market research
 - Indigenous co-management and presence in BC Parks
 - Contract management of provincial recreation sites and trails
 - Entrepreneur and management training at B.C. post-secondary institutions
- Looking ahead, 7.2 million visitors are expected to engage in Indigenous tourism experiences over the next two years from the top five markets for Indigenous tourism in Canada (Canada, Germany, UK, US and China).
- We are committed to upholding the principles of the United Nations Declaration on the Rights of Indigenous People. We believe not only this is the right thing to do, it is part of the way forward to prosperity for all British Columbians.
- We do this by promoting the opportunity for Indigenous people to share their landscapes, cultures, traditions and experiences with tourists.

Lastly a quick flag that the Terrace Standard recently published a piece on cell phone coverage. <https://www.terracestandard.com/news/hwy-37-cellular-dead-zone-signage-not-their-responsibility-province-says/>

KM's from TRANS:

- B.C.'s geography can make it difficult to for cellular towers to send out a strong signal to a large coverage area, and the lack of power to service cellular towers in remote areas is also a challenge.

- The B.C. Government is actively working, along with the federal government, to help expand internet and cellular coverage along our highway systems.
- Since July 2017, the Government of B.C. has completed projects to improve high-speed internet connectivity in 479 communities, including 83 Indigenous communities, or approximately 45,000 households.
- On rural and remote highways in B.C., it is generally understood and expected by travellers that cellular service is not reliable.
- We welcome the opportunity to meet with organizations and local governments to discuss highway signage and safety.
- As always, we encourage motorists to check [DriveBC.ca](https://drivebc.ca) for updates before they travel.

Subject: APPROVED MESSAGING - VAG

The following statement is approved by DM in TAC. Sharing with MAH now.

Would suggest MLB stick to the top para, and let MAH handle any questions on the Infrastructure piece.

Statement:

Our government appreciates the important role the Vancouver Art Gallery plays in promoting the arts and artists in British Columbia. In 2008, the B.C. government provided a one-time grant of \$50 million to support a new or refurbished gallery. In 2018, the Minister of Tourism Arts and Culture sent a letter to the Vancouver Art Gallery Board of Directors inviting them to submit a new request for funding once they had secured private donations and funding from the federal government. In May 2019, the Minister sent a letter to the Minister's of Canadian Heritage and Multiculturalism and of Infrastructure and Communities to express the Province's support for the new gallery and requesting support from the federal government outside the bilateral agreement.

Applications for the Community, Culture and Recreation Infrastructure Program are shortlisted by the Province based on a merit-based application process. Every grant application is assessed in the context of program eligibility guidelines and alignment with program criteria. This reinforces the Ministry's expectation that the \$134 million in infrastructure grant funds are allocated fairly, based on a rigorous technical evaluation and risk assessment. Staff in the Local Government Infrastructure and Finance Branch are available to assist prospective applicants with the application process and to provide direct feedback if an application is unsuccessful.

We remain committed to the Vancouver Art Gallery project, and look forward to receiving an updated proposal.

Derrick,

Just confirming our conversation earlier today about how to move forward on a day to commemorate Holodomor and the information I recalled about a discussion at the Premier's Office on May 14 about a different commemorative day.

Usually proclamations are led by the ministry with policy responsibility. So while the Ministry of Attorney General could lead a proclamation (or commemorative legislation) regarding a day of remembrance for Holodomor, it does not have to be this ministry.

The May 14 meeting was more specifically about whether to mirror the federal approach by enacting a BC Day for Truth and Reconciliation on Sept 30. A couple of options were discussed. One was a specific statutory

Request

The reporter shared the draft of a letter (attached) from MP Champagne to Vancouver Art Gallery essentially saying he would like to give them funding for the Art gallery as they have been lobbying for 11 years now, but he is waiting on the Province to put it on the list for consideration.

The reporter's questions:

Why isn't the VAG on the infrastructure list?

Given that the VAG has been fundraising for a new building for 11 years, why is it taking so long for the province to put the project on the Community Culture and Recreation stream of the Integrated Bilateral Agreement?

When will the VAG be on the infrastructure list?

Background

The Vancouver Sun did a story late yesterday about the federal government letter, and is going to do another story once he receives our response.

The VAG applied for funding beyond what the total program offers: the total project cost of the VAG is \$300 M, and the funding request is \$176 M. The guide for project requests is not to exceed 10% of the total project costs or a maximum of \$13.5M to ensure fair distribution of funds.

Also, their application was incomplete as they didn't provide the necessary documents so reviewers could accurately assess the project. Instead, they submitted a business plan along with an application that referred to the business plan for each question.

Dear Ministers,

While the federal election will generate countless calls for provincial perspectives and many opportunities to highlight BC's concerns, the Premier's view is that the debate should be left to the federal parties.

Interventions by this government, even if directed at all parties, may be interpreted as seeking to advantage or disadvantage one or more of the federal parties and have negative future consequences.

While it is appropriate for ministers, if asked, to outline BC policy on issues the government has taken a position on, ministers should not seek to trigger debate on a given issue or provide evaluations of any particular party's attitude to BC's concerns without prior consent from Geoff.

Thanks for your assistance.

Lisa,

Attached is a draft Briefing Note on an event that the Vancouver Heritage Foundation is involved in with BC Place. They want to present BC Place with a heritage plaque, for "Places that Matter".

As you will see from the attached draft Briefing Note, we would very much like you to be there, as well as some other honoured guests. A number of dates are suggested. I appreciate that these dates may conflict with the sitting of the Legislature, but we would like to arrange this event around your schedule to the extent possible.

Perhaps you or someone from your staff could get back to us if you wish to participate? I am copying Claire Avison with this for her follow-up.

Please find attached the pitches for tomorrow's meeting:

- ISPARC – given that it is the Premier's awards, we did a pitch to ensure its on the PO radar. No involvement from them at this stage, more of an FYI.
- Pathways to Gold- New regional IB given recent funding decision.
- Women's history month stakeholder event- wanted to ensure the PO is aware of the Oct. 25 date.

Happy to discuss any questions you may have,

Thanks
Carla

Subject: Premier's media scrum Q today

Just a quick flag from today's Premier's media scrum today.

Reporter: On another other topic, with regard to the revelations about Justin Trudeau donning blackface and brownface, what do you think of a teacher in British Columbia in 2001 doing that at an event?

Horgan: Well, I was as shocked as all Canadians to see the images and the prime minister's response but I spoke with my parliamentary secretary Ravi Kahlon today, who has been on a racism outreach and education tour of British Columbia. We've seen a rise in racism here in BC and in fact across North America and, in Europe for that matter over the past number of years. We are concerned about that as a government, that people of British Columbia are concerned about that as a society that is diverse and multicultural. I know that I would just direct you to the comments of Jagmeet Singh and I don't say that because he wears the same uniform as I do. His comments were absolutely to point - as a man who experience directly racism because of his head wear because of the skin colour. His response was one of love and hope not hatred and contempt and if Canadians have not had the opportunity to listen to Jagmeet about this issue, I recommend that they do.

Reporter: Do you think it is fair for politicians to be held accountable for things that they have said or done years ago and to that end have you ever done anything that would be considered culturally offensive?

Horgan: I have not ever done anything that I would characterize is culturally offensive but have I done stupid things in my life? Absolutely. And should we be accountable for who we are as people? I've always said that were an accumulation of all of the things we've done and the people we've met the good and the bad and I believe if I could offer any advice to the prime minister, it is to acknowledge that it was absolutely foolish and that you put the context in it in a school setting even more, hard to get your head around but I am not without fault when it comes to stupidity, I assure you of that. I grew up in an era of no Facebook and I'm very grateful for that.

Hi Ken and Craig,

Just want to let you know that Bob Mackin was on site today to cover the Chinese consulate dinner that was relocated from the Westin to our venue due to the hotel strike. He has tweeted that PavCo staff and VPD tried to prevent him from filming delegates attending the event (see image below). Apparently the client didn't want media to film but we can't really stop them from doing so if they're outside. We don't want to further escalate the situation, and our team knows to permit any filming by Bob or other media at the entrances/outside.

I plan to flag this up to GCPE tonight in case they get calls at the Ministry. Also, FYI, it looks like BC Ministers Ralston and Chow are in attendance tonight at the event.

Let me know if you have any questions.

PEOPLE'S REPUBLIC OF CHINA EVENT

(FULL KM'S FROM JTT ATTACHED)

- On Sept. 20 the Vancouver Convention Centre held the 70th anniversary of People's Republic of China event.
- The event was hosted by the Chinese Consul General, Tong Xiaoling.
- A positive relationship with the consulate helps people in B.C. who have legitimate reasons to engage people in China; reasons such as trade, education, and tourism.
- We share strong trade and cultural ties, with China being B.C.'s second largest trading partner and almost 456,000 people of Chinese descent calling B.C. home.

If asked why wasn't media allowed to film/interview the Consul General?

- Vancouver Convention Centre adheres to a clear policy that media are permitted to film and conduct interviews in the entrances and exterior of the building.
- The People's Republic of China's anniversary reception was hosted by the Chinese Consul General in Vancouver. Questions regarding the event, including media policy, should be directed to the event organizers.

- PavCo is exploring options through an open and transparent Request for Proposal process.
- The RFP closed on June 5, 2019, and a committee is evaluating the bids in a process designed to ensure the best value for British Columbians.
- Recommendations from the committee will be provided to Cabinet, with a final decision anticipated sometime early in the new year.

If asked why it's taking so long:

- This is a complicated process.
- Negotiations take time and we want to make sure we get it right.

How did the event for the 70th anniversary of People's Republic of China come to VCC?

Event organizers from the Chinese Consul General's office reached out to Vancouver Convention Centre (VCC) late last week to inquire about meeting space availability. VCC did have space available and proceeded with assisting the event organizers to plan this event.

(FULL KM'S FROM JTT ATTACHED)

- The event was hosted by the Chinese Consul General, Tong Xiaoling.
- A positive relationship with the consulate helps people in B.C. who have legitimate reasons to engage people in China; reasons such as trade, education, and tourism.

- We share strong trade and cultural ties, with China being B.C.'s second largest trading partner and almost 456,000 people of Chinese descent calling B.C. home.

If asked why wasn't media allowed to film/interview the Consul General?

- Vancouver Convention Centre adheres to a clear policy that media are permitted to film and conduct interviews in the entrances and exterior of the building.
- The People's Republic of China's anniversary reception was hosted by the Chinese Consul General in Vancouver. Questions regarding the event, including media policy, should be directed to the event organizers.

Subject: SN KM/QA - VIFF - Sept 26

Hi Team,

Attached is the speaking notes and KM/QA for Minister Beare at **Thursday's VIFF Opening Night Gala, Sept. 26**. We've also included the article from this morning's clips that speaks to Jacqueline's leaving VIFF (for background).

Please note several logistical changes:

- Minister needs to arrive to the Sutton Hotel hospitality suite around 5:30pm. The transport will leave to the venue at 6pm.
- The itinerary has been updated so that Minister speaks at 7:20pm.
- Minister is LAST to speak right before the director so she can recognize him. They have federal MP Hedy Fry opening.

Questions:

- What is the **license plate** of the vehicle Minister Beare will drive? VIFF needs to know to allow Minister access to VIP parking.
- How **many people** will be in the Minister's party? VIFF needs to know to set aside tix (ministry staff/Creative BC already have tickets)
- When would the Minister like to leave - just before the trailers roll? The film makers and others will also be leaving at the same time. We can arrange for a vehicle to be ready to pick her up. Will she want to be taken back to the Sutton?

Thanks
Carla

Subject: KM/QA

All below are FLNRORD KMs and QAs in response to BC Liberal news release and media avail on the Rural Development Fund. News release follows the QA.

KMs:

- **We made a decision to put forestry workers and their families dealing with mill closures and layoffs at the front of the line for the funding.**

- **Using this funding to provide critical supports for thousands of impacted workers will enable many of them to stay in their communities – reducing potential economic impacts within those communities.**
- **It's unfortunate the Opposition is trying to create conflict between communities and workers instead stepping forward with realistic solutions. Our goal is to invest in communities by investing in workers and their families so they can continue to live and contribute to their local economies. Obviously, if the BC Liberals' former Forestry ministers had planned for the downturn they knew for years was coming we might be in a better place to help forestry workers and communities. But they didn't. Instead they stuck their heads in the sand for years and now the NDP Government is stepping forward to make the hard transition to a healthy forest industry.**

Why was it not made clear when the programs were announced that this was a reallocation and not new money.

- **I know this is disappointing for many communities, but there has not been another industry in British Columbia that has experienced significant job loss of this nature – as forestry is the major employer in many Interior communities, we are reallocating these funds where they are most urgently needed.**
- **Let me be clear. The program is not cancelled. It's a reallocation to put workers at the front of the line for the funding. I wanted to be as transparent as possible by sending the letters BEFORE UBCM so they can talk to me and my staff personally.**
- **In budget 18/19 our government extended the Rural Dividend Program until 2020/21, so there will be further application intake periods in the future.**
- **Staff in my ministry will work with communities impacted by this funding reallocation to update these applications for submission in future intake periods.**

QA:

How much is in the fund?

- **The Rural Dividend Program (RDP) provides \$25 million a year to assist rural communities, both Indigenous and non-Indigenous, to strengthen and diversify their local economies. The program is open to local governments, Indigenous communities, and not-for-profit organizations to pursue projects in communities with a population of 25,000 or less located outside of the Metro Vancouver and Capital Regional Districts.**

How much money will be diverted from the fund to pay for the \$69 million package for displaced forest workers?

- The \$25 million for this year's program intake is being used to provide critical supports to workers and families impacted by mill closures and curtailments.
- We made a decision to put forestry workers and their families dealing with mill closures and layoffs at the front of the line for the funding.
- Using this funding to provide critical supports for thousands of impacted workers will enable many of them to stay in their communities – reducing potential economic impacts within those communities.

Why wasn't this announced last week?

- I know this is disappointing for many communities, but there has not been another industry in British Columbia that has experienced significant job loss of this nature – as forestry is the major employer in many Interior communities, we are reallocating these funds where they are most urgently needed.
- Let me be clear. The program is not cancelled. It's a reallocation to put workers at the front of the line for the funding. I wanted to be as transparent as possible by sending the letters BEFORE UBCM so they can talk to me and my staff personally.

How many copies of the application letter were sent out and to whom?

- On Sep. 19, letters were sent to 338 applicants informing them that applications for the Jun. 15 – Aug. 15, 2019 intake period were suspended.

How long will the fund be put on hold?

- In budget 18/19 our government extended the Rural Dividend Program until 2020/21, so there will be further application intake periods in the future.

How much money was distributed this year, how many applications on hold?

- As I indicated earlier, letters were sent to 338 applicants notifying them of the decision to suspend applications for this intake period.
- Since 2016, our government has provided approximately \$72,694,451 to over 500 applicants under the Rural Dividend Program.

Good afternoon Ramesh,
So lovely to hear from you after our discussion yesterday. Village of Zeballos CAO, Meredith Starkey, will go to the desk to secure that meeting directly. I thank you for the wonderful opportunity.
I, and my Councillor, unfortunately, are in the ferry lineup on our return trip to Zeballos after trying to seek a meeting this morning, alas, to no avail.
I have talked with our CAO and she is well versed in the issues and opportunities in tourism related to our community. She will be happy to speak on the Villages behalf.
Please send my sincere apologies to your Minister. If I could turn around now, I gladly would.
I will be following up upon my return home and am so grateful for the time you took to speak with us.

Best regards.

Respectfully
Julie Colborne
Mayor

Dear Minister Beare,

My name is Tarun Nayar. We've met a few times - most recently when you introduced my band Delhi 2 Dublin at the B.C. Federation of Labour convention last November. I hope you had a fantastic summer.

I'm writing to thank you for the support of the province for the festival that I direct - 5X. This 5 day event in June is the largest South Asian youth event in Canada. This year's festival was the most successful to date. We attracted 12,000 people to our 5 events, registered 4+ million direct and 29+ million indirect social media impressions, showcased over 50 South Asian artists, most of whom are local, connected with an audience that is 60% female, and 75% between the ages of 18-30 - all while paying off 30K in debt.

With an all POC and majority female and board and staff our event is counteracting white supremacy in a highly productive and positive way. We are also providing a creative alternative for an at-risk youth demographic in Surrey.

I've attached a one-sheet with a little more information about the festival. I've also attached our impact report. You can find a visual representation in the [after-movie](#).

We see immense potential in the future of the festival, and would like to arrange a chat with yourself or the Deputy Minister to address some of the challenges and opportunities we are facing this year as we seek to continue to grow and serve our community.

Good Morning,

Attached is a NR from ITBC and Tourism VI to support their MOU. The following quote is for MLB's approval:

"Congratulations to Indigenous Tourism BC and Tourism Vancouver Island on this collaboration," said Lisa Beare, Minister of Tourism, Arts and Culture. "Indigenous tourism experiences support reconciliation by providing economic prosperity for many Indigenous people in B.C. and promoting increased awareness of Indigenous culture for British Columbians and our visitors."

You will note they have mentioned an invitation to witness the MOU signing at this event forthcoming below, but the event is taking place on Oct 9 at 11:30 in the midst of session.

Thanks

Good evening,

As a follow up to our call this afternoon - I have attached the draft Press Release for the signing of the MOU with Tourism Vancouver Island in Nanaimo at the Tourism Vancouver Island Conference. The signing will be at approximately 11:30am on October 9.

We are looking forward to the signing and would be grateful to have Minister Beare include a quote in the PR. We'd also like to extend an invite for Minister Beare to witness the signing although I believe an invite has been extended to Minister Beare from TVI CEO Anthony Everett.

Thank you - let me know if you have any questions or need further information.
