Hi there – attached is a draft DC news release for Sunday, and a draft DBC news release for Monday. The DBC news release includes a quote for Minister Beare:

**Honourable Lisa Beare, Minister of Tourism, Arts and Culture**

"When you support tourism, you support the many small businesses that make up the foundation of our province. This new partnership between Destination Canada and Destination BC will play a vital role in re-starting British Columbia's tourism economy, supporting businesses across the province, helping residents to explore BC once it is safe to do so."

Daniela – please let us know if the quote is okay and approved.

Please let me know if you have any concerns with the DBC news release content. It looks pretty straightforward to me.

Cheers, Chris

Hello Amy & Adrienne,

MPPIA is going to host a 3<sup>rd</sup> panel discussion via Zoom on June 3 at 3pm. The panel will include Lisa Houle from Worksafe BC. The WSBC protocols are expected to go live on June 1, this was the update EOD yesterday. Creative BC is working on sequencing what the communication will be on this vs. the Coalition guidelines still being developed. Understanding that this second document will still need to be approved by WSBC. Email coming your way shortly explaining all of this!

In the meantime wanted to flag this date and time for you as MPPIA is happy to extend an invite to Minister Beare if she wants to bring remarks at the start of the panel.

Can we leave with you to speak to GCPE/MLB office on this opportunity?

Here are further (TBC) on the panel:

The run of show commence at 3 pm and will be 90 minutes in length (approx.). The session is moderated by MPPIA Chair Peter Leitch, with remarks from each panelist, followed by a brief Q & A (pre-curated), then brief closing remarks from Peter Leitch.

Panelists remarks up to 6 minutes in length;

Industry participants will pre-register for the Zoom session with max. capacity at 1,000;

Panelists will be sent a panelist link in advance to log in 15 minutes ahead of the session start;

Session will be live-streamed on MPPIA's FB;

For efficiency, registrants will be invited to submit questions in advance, so that we can curate the FAQ's for panelists to address.

Q&A moderated by Peter - 20-30 min.

Industry Information Panel Session 3:

Getting Back to Business in BC's Film & Television Industry: The New Lens

Draft speaking order as follows:

Peter Leitch, MPPIA

Liz Shorten CMPA - BC

Marnie Orr, BC Film Commissioner/CrBC,

Paul Klassen, BCCFU

Lisa Houle, WorkSafe bC

Mary Jo Biernes, Location Manager/DGC BC

Mark Freeborn, Production Designer

Keith Martin Gordey, UBCP/ACTRA

Lisa,

The Town Hall with the staff concerning lay-offs was held all day yesterday at PavCo, and by all accounts went as smoothly as could be hoped. The union were helpful as were the middle management in the whole process. It helped that members of the Board with particular experience in labour matters also were consulted by senior staff and had useful suggestions.

Here is Rehana's brief summary which may be of assistance to you:

*The overwhelming response from our leaders has been that the staff was very appreciative of the time, effort and consideration put into both the plan itself and communication of the process, particularly the town hall. There was also appreciation for circumstances the organization is in, the amount time the staff has been able to maintain employment so far, and the additional notice provided.*

*Given the challenging circumstances this is the best we could have hoped for. We will continue to monitor and check in with staff over the next few days as things sink in and the staff have more questions.*

*FYI, there have been a couple of media inquiries already, nothing unexpected.*

*Rehana*

We will keep your office apprised of any concerns that may be raised by the media or others.

Daniela,  
I should add, although this op-ed is signed by Paul and Catherine it very much reflects the thoughts and feelings of the industry here in Victoria. It is an "on the ground" perspective from operators. We are hearing about very serious financial concerns from our members and they are having trouble seeing a path forward in the coming months. It is not as simple as replacing international travelers with domestic travelers. We wish it were, but it is far more complicated than that.

Always feel free to call if you have any questions. I happy to chat.

Thanks,  
Matt

"Yeah, I do think if things continue to go well and we take it carefully and we're mindful of the potential for outbreaks and we get to the point in the summer then, yes, I will be encouraging people to vacation at home in BC, to experience what we have here, and to support our local communities and businesses.

"I'm looking forward to maybe getting a break some day and there's a number of places that I would like to go and spend some time and make sure that we can support our tourist-reliant industries as much as we can with local people here in BC this summer so that everybody has a fighting chance to get through this together.

"So, yes. I will say the only caveat I have is that we have many communities, small communities, particularly our First Nations communities, who have understandably a greater degree of risk and loss

that could happen if this virus was introduced into those communities and so I would leave it to them to determine whether it is safe for people to travel to their communities and it is their responsibility and their -- it's up to them to determine when they're ready for that, if at all, this summer and it may be that some areas will not be appropriate for us to visit unless we're invited in."

Good afternoon,

My name is Jeff Ferrier. I'm a consultant working with CCM Hockey.

I am writing on its behalf to request a meeting with Minister Beare via telephone or videoconference.

During the meeting, CCM Hockey would like to provide an update on the new protected gear they are testing and discuss the status of ice rinks in British Columbia.

Given the current circumstances, and the importance of tourism, culture and sport to British Columbia, I know you must be very busy – so thank you in advance for your consideration of this request.

Sincerely,

**Attention: Hon: Lisa Beare**

**Re: Saving our National Identity:**

Dear Honorable Lisa Beare,

We are so proud of the job Dr. Henry and her team have done to help control the COVID 19 virus in British Columbia and how quickly she and her team have been able to flatten the curve as compared to other provinces and other countries. We know that it is a huge effort by everyone involved, but your government does need to be commended for all the great work done thus far. We also recognize it is far from over.

The reason for my letter is that both Dr. Henry and Premier Hogan have invited the different industry sectors to develop innovative plans and present them to the government, to demonstrate how we can restart our industry sector safely and responsibly. Following this advice, we developed an industry leading plan that will alleviate the physical, social and mental health challenges that come with restricting social interaction. We believe it will be a key contributor to rebuilding a resilient economy and provide a support system to bring staff back to work. We know from history and experience that sport will help strengthen the social fabric of our families and communities. While we face prolonged closures, we must deal with the reality that we may significantly impact the very thing that makes us uniquely Canadian: the game that unites us. I am asking for 45 minutes of your time to review our new approach to bring back hockey. This presentation has been made to Bauer Hockey, The NHL, Canadian Tire, Scotia Bank and a handful of medical professionals. The common response has been "WOW", "you are way ahead of anyone else we've spoken to, including the sport governing bodies".

After reviewing BC's 4 Phase approach it looks like Phase 2 anticipates recreation and sports to come back. We understand that there have been a handful of ice rinks in the lower mainland that have received approval on a very limited basis of operation. While this is a good start, we would like you to consider a new model for our sport. We have adapted some of the concepts that you have reviewed with the NHL scenario, so this is why we would like you to consider our proposal and why we would like

to present quickly to you and your staff given it's merit and our position as one of the industry leaders in recreational sports facility operations in Canada. Our Chief Operating Officer spoke to Trent Carroll from the Vancouver Canucks and he suggested that we reach out to you personally to hear our proposal.

We do not feel that hockey and or ice sports as we have known them can stay the same for the foreseeable future and that they must change to adapt to this new reality with the COVID19 virus living amongst us for an undetermined period of time. We have developed a safe and innovative model that will enable ice sports facilities to return to as early as this summer using an innovative game format, zoning system, traffic management, space utilization and strict safety protocols. Our industry partners all believe that this model has what it takes and that it's worth pursuing with you. We have incorporated the most recent Work Safe BC guidelines into our plan.

My senior management team has reached out to the BC Recreation and Parks Association (Rebecca Tunnacliffe) as we are aware from what the Premier mentioned in his speech this past May 6<sup>th</sup> that BCRPA have been tasked to look at how to bring back recreation facilities across the province. We have reached out to both BCRPA and to Via Sports. My senior leaders have had great conversations with Via Sports, but it looks like they will not be providing approvals to the PSO's, but will be up to the sport organizations to follow Via Sports guidelines and each PSO, club, etc. will need to have their board approve their return to sports. Since we are not a municipal facility or a PSO, we do not fall under either of these two organizations mandates. However our company has a huge interest in hockey with the largest Adult Hockey league in the world with over 65,000 players.

Currently Canlan Ice Sports operate 5 facilities in BC with Scotia Barn (formerly Burnaby 8 Rinks – home of Skate Canada) as our flagship facility. We also manage the Recreation and Parks department for the City of Armstrong and the Township of Spallumcheen and manage a facility on behalf of the Cariboo Regional District in 100 Mile House. This is why we are approaching you directly as we do have a vested interest in all areas of sport both for the private and public sector.

Shortly after we closed our facilities across North America on March 13<sup>th</sup>, we felt it was important to reach out to other private sector operators in the recreation and sport industry to discuss how best to bring back our sport and our businesses. I currently chair this industry leaders' group and we have been meeting weekly with updates on each province and state where we have been impacted. In Canada we operate in British Columbia, Saskatchewan, Manitoba and Ontario. So, we have been monitoring very closely each province's reopening plans to see how we fit into each scenario. We have completed detailed scenario planning for all of our business segments. We own and operate ice rinks, multisport facilities, restaurants, retail stores and have over 48 tenants in our buildings from fitness facilities, Skate Canada, doctor offices to physio clinics and more.

Ms. Minister, we would like the opportunity to meet with you and your colleagues to present what we have put together to bring back our national sport in a safe manner. Your time is precious, and your task is monumental. Our plan is sound, well thought out, innovative and critical for the spirit of Canadians. For those reasons and many more, we feel that it is essential that we be permitted to share it with you at your earliest convenience.

We do hope you will give us an opportunity to present our plan so we can offer hope to our dedicated employees that are on the sidelines wanting to get back to what they are so passionate about. We have had our General Managers reach out to many of our customers to see how they are doing and to gauge their level of interest in returning this summer. Overwhelmingly, our customers are ready to come back and play the game that they love. They said they will do whatever it takes, from PPE, testing, physical distancing, etc. as long as it is safe, and we have the approval to do so. They told us they just want to get active again and play the sport they are so passionate about.

I look forward in hearing back from you soon. You can reach me on my cell phone at any time

Dear Barrett Fisher:

As you know, British Columbia's (BC) tourism sector was among the first and hardest hit by the restrictions put in place to keep people in BC safe, as a result of the COVID-19 pandemic.

The Government of BC recognizes the important role that Community Destination Marketing Organizations (CDMOs) play in providing critical tourism planning and marketing support for BC communities and tourism businesses.

I am pleased to inform you that a one-time grant in the amount of \$1,406,600 has been approved to help cover your immediate operational and critical staffing costs from May to October.

To support the Ministry of Tourism, Arts and Culture (Ministry) in assessing the impact of COVID-19 on CDMOs across the province, we ask that you provide a report to the Ministry, no later than July 15, 2020, detailing the following:

- The extent to which you were able to access federal funding, including the total funding accessed from Canada Emergency Wage Subsidy and the Canada Emergency Commercial Rent Assistance program.
- The amount drawn down on any internal reserves.

The Ministry will be making a public announcement in late May; therefore, we ask that you keep the grant **confidential** until that time. We request that you acknowledge our Government's support using the following:

"We gratefully acknowledge the financial support of the Province of British Columbia."

If you have any questions, please contact Suzanne Ferguson, Executive Director, Tourism Branch, by email at: [Suzanne.Ferguson@gov.bc.ca](mailto:Suzanne.Ferguson@gov.bc.ca) or by telephone at: 250 415-3451.

Thank you for your continued efforts and the valuable work you do to promote BC and your community as a desirable destination. Tourism is one of the most resilient industries in BC and it gives me confidence that, together, we will get through this and welcome the world once again to Super, Natural British Columbia.

Sincerely,

Lisa Beare  
Minister of Tourism, Arts and Culture

Please see below proposal:

What: Townhall call with PHO, Minister Beare and Sport Organizations

Goal: To help gather clarity on reopening of sport

Who: Provincial sport Organizations, and umbrella sports organizations between 90-110 participants

When: Ideally, we'd love this to happen sometime next week if possible

Format: viaSport can collect questions ahead of time, and have the PHO answer some of the key questions on the call

Additional context: We do have a process outlined for PSOs to restart. viaSport has submitted a sectoral plan for WorkSafe approval and each PSO will develop theirs based on the viaSport guidelines and submitting to viaSport for their review and feedback. Attached to this e-mail are some materials from viaSport on their plan.

Dear Premier Horgan,

As the Commissioner of the Canadian Premier League, I am reaching out to request a meeting to discuss a multi-week event that we are planning with our 8 Clubs, including British Columbia's own Pacific FC.

Our plan is centered around bringing our entire League to Vancouver Island and creating a "World Cup type" tournament for all of Canada and an international audience.

We are eager to speak with yourself and your staff as well as Minister Lisa Beare along with BC's Provincial Health Officer, Bonnie Henry - in order to discuss what we believe will be a very exciting

project.

I look forward to speaking with you again in order to share more detail about the Canadian Premier League's plans.

Best regards,  
David

Thank you for responding to my email of March 6th, and I certainly understand the delay.

BC Ultimate has been working with our members to first ensure safety and now in conjunction with viaSport and Sport BC we are developing Phase 1 of our Return to Play plan.

We have been doing prep-work for our Ultimate Spirit outreach program, but of course we have not been able to engage communities this Spring as originally planned. Our current hope is that we can start engagements next Fall, but of course that will depend on how things progress with the current health crisis.

I'm still very interested in connecting with Minister Beare if her schedule allows. I'm happy to connect virtually of course, and certainly can make any time work.

**Subject:** 39036 incoming - BC Ultimate (PSO) - Ultimate Spirit Outreach Project

Dear Minister Beare

My name is Brian Gisel and I'm the General Manager for BC Ultimate, the Provincial Sports Organization (PSO) responsible for the sport of ultimate in BC. Our organizations includes over 8000 members in 30+ communities.

Recently BCU had made an application to Sport Canada under the Sport for Social Development in Indigenous Communities (SSDIC) program. This proposal was for an expansion of our ongoing efforts to create a long term and sustainable sport programs in Indigenous communities in BC. Since 2018 we have been working with ISPARC and communities mostly on Vancouver Island to deliver this program.

We were very happy when the Ministry of Heritage informed us in February that our project was approved for funding.

I have attached two formats of our proposal, along with the Contribution Agreement from the Ministry as an outline of what we are undertaking and their funding contribution.

This program is ideally positioned to provide access to physical activity for Indigenous youth. In addition, our sport promotes female participation, and our long term goals are to create self-sustaining programs of sport in communities around the province and have those programs connect with mainstream school populations, where our sport is now growing quickly thanks in part to BC School Sport recognition.

I would like to find a time to meet with you or your staff to talk about our efforts and to see if there was an opportunity to create a partnership with the government to help support the program.

I'm available at your convenience. I wanted to inform you that our group will be hosting an event with students from WSANEC and Stz'uminus Nation schools on March 11th at the University of Victoria. We would be honoured if you or anyone from staff would be available to attend this event. This video [LINK](#) shows a similar event which took place at Stz'uminus in the spring of 2019. A map and timing of activities is attached to this email.

Please let me know if you have any questions, and if you are able to find some time to discuss this in person.

Thank you for your time.

Hello,

My name is Crystal Blain and I work with Indigenous Awareness Canada.

It's likely that you have a business need or even a legislated mandate to provide Indigenous Awareness training.

Your organization may need to:

- Pursue new business opportunities
- Hire Indigenous workers
- Support the communities you work in
- Participate in reconciliation

Your team needs to understand how to work together effectively as clients, business partners, and friends.

We help your staff and leadership understand how to engage positively, enhance communication, and improve partnerships.

We help Canadians on the path to reconciliation with training about Canada's Indigenous Peoples.

I'd like to connect with you and find out how we can support your organization and training needs.

Please call or email anytime or let me know the best days/times to connect for a short call.

In Friendship,

**Crystal Blain**

Hi Team,

Just following up on the below. Would MLA D'Eith be interested in taking this one and is there a time that works best for next week?

Here's some of the stats (which are GREAT) on Showcase BC.

- 831 offers were made to BC artists  
[https://www.creativebc.com/database/files/library/CreativeBC\\_ShowcaseBC\\_FundingOffers.pdf](https://www.creativebc.com/database/files/library/CreativeBC_ShowcaseBC_FundingOffers.pdf)
- About 1/3 of those who have accepted are performing online, 2/3 are songwriting and a handful are training
- There are 864 events on Showcase BC in total
- 94 events in May are Showcase BC events

We can add these into the KMQA's if he would like to do.

Thanks

As I know you are aware, the restrictions imposed by governments have had a deep and devastating impact on thousands of our employees. As we plan for our schedule for the next few weeks, some information as to the intentions of the Government of BC is required, especially when it comes to your plan to support the tourism industry and the many companies that have made it the success that it was over the past few years.

Air Canada's 7500 employees in the province are looking forward to playing their part in restarting the visitor economy.

As mentioned, we are planning our upcoming schedule and before firming things up I would like to have a discussion with you.

I'm looking forward to hearing back from you.

Good afternoon,

My sincere apologies for the delay in follow-up. I wanted to reach out to you and thank you for your patience in regards to receiving a response to your meeting request with Honourable Lisa Beare. As you know, the pandemic has required us all to alter normal operations and procedures.

We understand that many organizations have had to change their priorities, and, as we adjust to this new way of working, we are following up to check-in to see if you'd like our team to process this request.

Thank you again for your patience and understanding.

I look forward to hearing back from you,

**Subject:** Briefing for Minister Beare on MPA-Canada Economic Recovery Proposal to The Federal Government

Good afternoon Daniela,

As jurisdictions across the country start to navigate reopening and sector-specific recovery, we would like to work with Canadian Premiers in key production provinces to build support for proposals we have made to the federal government for measures to help restart employment opportunities for Canadian workers and businesses.

Our plan includes several proposed federal initiatives to help kick-start the sector, with global studios well positioned to support and accelerate rebuilding while creating economic opportunity for the thousands of British Columbians and B.C. businesses supported by the film and television production industry.

We would like to ensure Minister Beare has the opportunity to be briefed before reaching out to the Premier's office . Appreciating the demands on the Minister's schedule at this critical time, I was hoping we could find 30-45 minutes to review the outline of the proposals, as set out in the attached summary. In polling Canadians generally and British Columbians specifically to gauge support for our proposals, the results reveal a strong desire to see Canadian policy adapt to the COVID-19 reality and put in place measures that can trigger a faster recovery and at the same time build a stronger ecosystem for film and TV work in the future.

I have also taken the liberty of copying Shauna/Asha for their awareness.

Please do let me know a time the Minister is available to discuss.

Many thanks,

Wendy

Jennifer,

Thank you for the reply. Definitely understandable that no one is working in a normal operations scenario these days.

We would definitely like to move forward with a discussion with the Minister or the appropriate people within the ministry.

We are currently recruiting festivals and events to register on the platform in advance of a public launch. It would be a great opportunity for the ministry to directly support those impacted organizations across BC.

Look forward to hearing back from you about next steps.

Hello, Jennifer.

Yes, that time will work for Councilor Cootes. Thank you so much for setting this up.

We are wondering if it is possible to do this via video conferencing (Zoom, Microsoft Teams, or Webex) as Councilor Cootes has a 3-minute video on Huu-ay-aht's tourism initiative that he would like to share with the Minister.

I'm am copying Veronica Morgan, who is Council Support for Councilor Cootes and she will make any necessary arrangements.

Again, thanks for helping arrange this. Let me know if you have any concerns or need more information.

Hello Claire,

Thanks again for your time this morning.

On the separate subject of covid 19 impacts on tourism, I did want to mention a couple of points you may want to know.

As a leading member of the Discovery Island Marine Tourism Group, and tourism chair for the Discovery Island Tourism/Forestry Working group, I'm pretty well connected and up to speed on the tourism sector in this (our) area.

If anyone thought the Western Forest Products strike was hard on the local economy, that may pale in comparison to a complete tourism shutdown which appears to be where we're headed. In my opinion, the Outer Islands tourism economy is worth an estimated \$50 million to the Campbell River area alone--that would include the likes of Coast Mountain, Discovery Islands Lodge, Spirit of the West, Mothership Adventures, Sonora Resort, Hollyhock and many others including 50 or more B&B's, along with 6-8 marinas scattered though out the islands. Combined with impacts to companies and businesses operating out of Campbell River, I'd estimate losses at well over 100 million dollars to the local economy over the next 3-4 months. This figure could be much higher...it's hard to say. Whale and bear watching tours alone account for more than 10 million dollars in revenue alone. Then there's the lost employment--probably over 1,000 people. For most of us, the season is already a complete write-off. Of course, I'm not able to factor in tourism operations and lodges outside the immediate area. We might be looking at total losses in the North Island region of more than a quarter billion dollars. I don't think I'm being sensational with my estimates.

I'm not expecting you or the government to do anything about this. I just thought you'd be interested in knowing.

Maybe when the dust settles on all this, we can have

Geoff,

Our BHI Roundtable group of hockey, entertainment, and sports industry executives (see members below) support a single location for an NHL restart. We have tabbed two locations. We prefer BC, or the BC31 plan we have developed to address the safety issues players are concerned about as well as execute a series of new vertical revenue strategies that will support our national pastime at the amateur and professional level. We think it an amazing opportunity to save our game, showcase B.C. and the NHL as well as substantially increase revenues for hockey, the NHL and the B.C. government.

s.21

I am working today and tomorrow and free to discuss this over the weekend if you have time and interest.

Our roundtable group includes the following who have been part of all our discussions:

**Jim Bagshaw** – former VP Marketing, Calgary Flames.

**Sean Bell** - Sean is the digital strategy lead at Zulu. He oversees our data analytics team and his primary role is to inject digital thinking into brand-building activities and spearhead innovation across the agency. From strategy to execution, Sean ensures digital media and technology are seamlessly integrated into client projects. Leading the content strategy and distribution, Sean was instrumental in Harley-Davidson's "Common Ground" and Tim Hortons "The Away Game", two of Zulu's most successful documentaries. Prior to joining Zulu, Sean was GM of Digital at the Canadian Football League,

with leadership over digital content, distribution, and monetization efforts. In that role, he was responsible for maximizing the value of CFL media assets for fans and partners, including the development of original video content for emerging platforms.

**Dave Cobb** – Managing Director, Corporate Development, The Pattison Group, former President, BC Hydro and, Deputy CEO and EVP, VANOC and COO, Vancouver Canucks.

**Rob Cohen** - An Emmy Award winner and one of Canada's leading comedic talents. Rob has written for The Simpsons, The Wonder Years, The Ben Stiller Show, The Big Bang Theory and written for and produced multiple Emmy Award, Academy Award and MTV Movie Award shows. He has directed and won awards for commercial campaigns for Ziploc, Kraft, HBO, Ford and many others.

**Brian Cooper** – President, MKTG, considered Canada's leading sports marketer

**Bobby and Peter Farelly** – Producers and Directors of movies such as Green Book (Academy Award for Best Picture), Dumb and Dumber, Fever Pitch, There's Something About Mary and SedanShallow Hall, among others

**Mark Francis** – Professor of Sports Business at UCLA

**Michael Gelmon** – former owner Dominos Pizza,

**Brad Jones** – President, Jones Entertainment Group, producing over 100 events annually across North America in venues ranging from 1500 – 15,000 in capacity. Founder of Rock the Park, Southwestern Ontario's largest Music Festival with an annual attendance of over 40,000 patrons all while donating over \$3.5 million to local charities. Founder of HockeyFest – Game On, the world's largest street hockey festival with specifically designed and patented dasher-board systems, partnerships with select NHL teams in its inaugural year and negotiations in additional markets for year two. Canadian representative for artists such as Jeff Dunham and The Wiggles. Creator of Feherty Off Tour – David Feherty's one-man, touring comedy show.

**Aubrey Levy - Vice President, Content & Marketing at theScore**

Aubrey heads-up content and marketing at theScore, the company behind one of the most popular sports apps in North America and also the first media company to create and operate a mobile sportsbook in the United States. theScore Bet launched in September 2019 and is uniquely integrated with theScore's highly-popular sports media app to deliver an immersive and holistic mobile sports betting experience. On top of leading all user acquisition, business development, and sponsorship activations for the company, Aubrey also oversees theScore's content strategy, which includes all editorial and multimedia produced and shared via theScore's media app, social channels, and esports platforms. Across its social channels, the Company reaches ~100M people a month, and with more than 1.2 million subscribers, theScore esports' YouTube channel is the leading independent provider of on-demand competitive gaming video content.

**Peter Luukko** is Co-Chairman of Oak View's Arena Alliance and Alternate Governor of the Florida Panthers. Previously, for more than 25 years, Peter oversaw the Philadelphia Flyers, while serving as a member of the National Hockey League Board of Governors and Comcast-Spectacor's facility-management business. In 2013, Mr. Luukko and Comcast-Spectacor Chairman Ed Snider ranked 43rd on Street & Smith's Sports Business Journal's prestigious list of the Top 50 Most Influential Leaders in Sports Business. The two are also two-time winners of Venues Today's Hall of Headlines. Peter was also named one of Billboard Magazine's Power 100 (2012 and 2013). Most importantly, Peter is a hockey player, hockey coach and hockey parent.

**Norm O'Reilly** - leading scholar in the business of sports; Professor and Assistant Dean of Executive Programs in the College of Business & Economics at the University of Guelph; founding Director of the *International Institute for Sport Business & Leadership*, a think-tank devoted to improving the sport business globally; formerly *Richard P. and Joan S. Fox Professor of Business* and Chair of the Department of Sports Administration at Ohio University's College of Business.

**Larry Landon** – Executive Director Professional Hockey Players Association

**G. Scott Paterson** – G Scott Paterson is a Toronto-based media and financial services technology venture capitalist. He has served as Vice Chair of the Toronto Stock Exchange, was the second investor in Lionsgate Entertainment serving on the Board for twenty one years and co-founded and was Vice Chair of NeuLion/JumpTV which built the NHL's Game Centre Live streaming product.

**Scott Smith** – President, Hockey Canada

**Dr. Jim Strong** – National Microbiology Laboratory

**Mike Sutton** - Mike is President of Toronto-based creative agency Zulu Alpha Kilo and President of its content division zulubot. For the second year running, Zulu was recently named one of Canada's Best Managed Companies by Deloitte. In 2017, the agency was crowned International Small Agency of the Year at the Ad Age Small Agency Awards in Nashville. In 2016, the shop was also named AdAge's Small Agency of the Year. Founded in July 2008 by world-renowned Creative Director Zak Mroueh, Zulu already boasts a staff of 135 people. Clients include Bell Canada, Cineplex Entertainment, Consonant Skincare, HomeEquity Bank, Interac, ParticipACTION, Subaru, Tim Hortons, Uber and Whirlpool.

**Ritch Winter** – NHL Player Agent, Founder of Business of Hockey Institute

**Brian Yaworski** – Legal Counsel, BHI

If you have 10-15 minutes for a quick call, a group of players and agents would like to support and move this forward. I think there is a move the Government of British Columbia could make that would make it

too appealing for this initiative to go elsewhere. Given my lack of knowledge of B.C. politics, I have no idea what the answers are.

Dear Ms. Beare,

We appreciate the strong leadership the BC government has shown in addressing the pandemic and the historic efforts to support British Columbians during this crisis. We know your constituents are facing incredible stress, and that your day-to-day work has become much more difficult. We also know that across the province, tourism will be key to economic recovery as restrictions are loosened to allow local travel and the re-opening of parks.

CPAWS-BC is thinking about these challenges and we want to be a part of the solution. There is a strong alignment between CPAWS-BC's work and both immediate and longer-term government priorities including economic recovery, reconciliation, and climate action.

We would like to set up an online meeting with you to discuss **practical solutions for economic recovery** that will get people back to work, grow and sustain rural economies, and support the health and well-being of British Columbians. Immediate opportunities include:

- Creating secure, lasting jobs within the province's park system, including Park Rangers and First Nations Stewards
- Investing in infrastructure projects in parks
- Planning ahead to support the overwhelming interest from British Columbians to visit these places once it is safe enough to re-open them

These are only a few of the many options available that will help us build BC back even better; where we can have a thriving economy and a healthy environment. We would truly appreciate the opportunity to discuss this further.

Thank you for considering this request, especially in light of your busy schedule.

Hi, Daniela. Trevor Cootes, who is an elected councilor with the Huu-ay-aht First Nations and responsible for their economic development portfolio, would like the opportunity of a phone call with your Minister to talk about the impact of COVID-19 on their tourism businesses.

I know that Minister Beare is familiar with the challenges the tourism industry faces and I understand she's done a great job of reaching out to people to hear first hand of their challenges and ideas. I am hoping she might find a bit of time for a call with Trevor.

In case you are not familiar with this First Nation, they are a modern treaty nation based in Bamfield on Vancouver Island's west coast. They are progressive, creative and entrepreneurial and have been working well with different government ministries to create a better life for their citizens. Premier Horgan visited their village (Anacla) last November and his presence in this remote community impressed them.

I am a consultant working with them, and in case my name isn't familiar, I'm a former Cabinet minister from the Harcourt administration.

Please let me know who to follow up with to arrange a call.

### Recommendation

Send the following statement from MLB:

“The last couple of months have been challenging and I know many people are missing professional sports in their lives right now. Like many British Columbians, I am excited at the prospect of an NHL restart here in our province.

British Columbia has world class sports facilities and a strong record in hosting sport tournaments. I have spoken with the Canucks about their plans to restart NHL play and our government would welcome a plan to host games in B.C. that adheres to the Provincial Health Officer’s directives and advice.”

Hi Carla and Chris, hope you're well. I wanted to ask you if anyone from the tourism ministry has been in touch with representatives from the Vancouver Canucks or NHL about Vancouver being an NHL hub city. It's been rumoured the team has submitted a bid to be one of those cities:

<https://www.tsn.ca/canucks-oilers-submit-bids-to-host-nhl-games-as-hub-cities-1.1472474>

In recent days premiers Kenney and Ford have said they have been in touch with NHL representatives about their cities being hubs. Has the tourism ministry had any discussions with NHL/Canucks representatives?

I have also asked this question of the premier's office but wanted to check if this is something that might be in Min. Beare's purview as well.

You can reach me via email or at

**Deadline** ASAP

**Request**

Are "tourist bubbles" as being considered between Australia and New Zealand under discussion in BC?  
Either allowing international travel from select countries or internal travel from certain provinces.  
Perhaps confining visitors to certain zones within the province (Whistler for example).  
Is it practical? Legal? Would it generate enough an economic boost to make it worthwhile?  
A Cascadia solution that would require fed support for opening the border to Washington state?

**Background**

**Recommendation**

Send the following statement from Minister Beare

"As the Premier said last week "I hope in the not-too-distant future, people are travelling around BC." And our government is working closely with the tourism industry on recovery plans for this sector to ensure B.C.'s tourism businesses come back strong, when it is safe to welcome visitors to travel around our beautiful province."

Hi Lisa: This is the doc I referred to in the text this morning as for your eyes only. It was what I presented to the Premier on my economic recovery call yesterday. I thought you would find it useful since our Ministries are intertwined in a number of areas as it presents where we define ourselves as the lead and where we believe other Ministries hold the ball as far as overall recovery strategy is concerned. So you'll note that we hold the ball on mutual areas of interests in the outdoor tourism sector being: commercial angling and hunting, angling and hunting, mountain resorts, motorized & non-motorized recreation and heritage sites.

Hi ladies,

My apologies for the delay in getting this information to you for the Minister – I was able to take my first weekend away to focus on home. Much needed but now playing catch up 😊

**Anie's Pizza & Bakery**

Anie has been a long-time resident, working at Horstings Farm Market before opening her own business. This business is a key stop on the Gold Rush Trail, based in Cache Creek, and is a great corporate citizen sponsoring youth soccer teams, school and community events. Impacted by the Elephant Hill wildfire and multiple years of flooding prior to Covid, they have persevered.

Hi Minister,

Cab Ops is going to start using MS Teams for Cabinet. This is a video conference tool. It has been requested that we put an hour aside for Prem Tech to show you how to set this up and use it etc.

The app can be installed on your PC, phone and iPad. You use your iPad for documents and then your PC or phone would be used for the video.

**Would you like to use your PC or phone for the video?** I believe your PC is at the office, so we could get it couriered to you if you prefer.

Once you confirm, I will find an hour of time in your calendar to put aside for you and Prem Tech.

Thank you!

Hi Jennifer,

Yes if at all possible. The app can be installed on the PC, phone and iPad. For meetings, the Minister normally uses the iPad for documents, so the PC or phone would be used for the video.

Hello,

Please see the below from Prem Tech.

\*\*\*\*\*

Hello, Cabinet Operations has advised as a HIGH PRIORITY that Cabinet Committee meetings SOON will be using a new video conference tool:

**MS TEAMS.**

<image001.png>

**NEXT STEPS:**

- **To schedule a date and time for the install and setup:**

PLEASE EMAIL: PremTech [[prem.tech@gov.bc.ca](mailto:prem.tech@gov.bc.ca)] to schedule a date and time. 1 hour will be needed.

**\*\*For the safety of the clients and the PremTech team will arrange a REMOTE ONLINE Meeting time to connect with you\*\***

- **If possible, PLEASE provide 2 convenient days & times to do this?** The setup will be done for the computer, iPhone/Android and iPad.
- **1 hour** would be most excellent to setup and a QUICK online assist to show how to use the meeting capabilities of **MS Teams**
- **Please see attached document on how to install and access MS Teams** for your Minister and all the Minister Office staff
- Also highly recommend the staff do a test – or 2 - with the Minister to ensure they know how to use and get familiar with how to connect to a **MS Teams** meeting.
- The communication / meeting tool works **VERY** well, video and audio calls to external clients too.

**NOTE:** Delegate calendar access **is not** ready yet, this is coming in with another upgrade by OCIO in future

Example meeting notices sent out will be a <b>MS Teams meeting</b> type - as below.	Once <b>MS Teams</b> is installed on your PC you will see a new icon for creating <b>MS Teams</b> meetings as below.

Hi Team

The #explorebc later campaign we switched to once COVID-19 started was a great success with over 4 million social media impressions for our amazing video alone.

The video was approved as a PSA and was airing on the major networks for free when they needed to fill time.

Hi Geoff,

Attached please find a copy of the submission to the Premier of the BCRFA Blueprint for the Reopening of In-Restaurant Dining.

Best regards,

Ian

Premier John Horgan, Honourable Adrian Dix and Dr. Bonnie Henry,

Attached please find our BCRFA Blueprint for the Reopening of In-Restaurant Dining. We are honoured that you have given our industry the privilege and responsibility to come to you with our innovative ideas in this time of great change.

COVID-19 has had dramatic impacts on our industry. As the province's third largest sector by number of employees, the impact is widespread. Our operators are challenged but resilient and determined to provide the high quality dining experience in the future that we have come to be known for across BC. In a short timeframe, we gathered a group of more than 50 industry leaders to come to one table to talk about realistic ideas that can be implemented across a broad spectrum of operation styles. While every solution will not apply to every operator, the best practices and processes we outline are intended for the whole and reflect our deep commitment to building on staff and public trust.

This is our initial document. Your expertise and expectations are the key to making this turn into a living document for operators. We have several subcommittees working starting today on particular processes and business areas and how we can achieve enhanced standards for this unusual time. They are tackling patios, back of house and testing reduced floor plans. We are building a core group who will field industry Health & Safety questions going forward as many questions are sure to arise. The goal is for that committee to be a conduit to your experts.

We know we are not talking about a simple process around reopening. However, the committee as a whole hope that with earned trust and no resurgence in cases of COVID-19, we will be able to expand capacities and ease protocols until we reach the new normal.

We believe that preparation, process and partnership are key to this being a success. We will forward separately our proposed timeline for building templates and education materials to support solid training, awareness building and education. There are investments needed to make this happen that our industry cannot internally support. We hope that you will be able to allocate funds to support a robust education and outreach campaign that will ensure our collective success. A preliminary budget is being developed now. We know that many Ministries and teams will be able to support us through this and we are counting on their support.

Do not hesitate to reach out to me personally to discuss this document.

On behalf of my team and the outstanding individuals who answered our call to be part of this process, thank you and stay well.

Best regards,
