Dear s.22

Thank you for your email of May 22, 2020, regarding the novel coronavirus (COVID-19). Your email was forwarded to the Ministry of Health from the Ministry of Tourism, Arts and Culture for response. I am pleased to respond on behalf of the Honourable Lisa Beare, Minister of Tourism, Arts and Culture.

Protecting the health and safety of British Columbians is the top priority of the Ministry of Health (the Ministry). The Provincial Health Officer, BC Centre for Disease Control (BCCDC), and the Ministry are taking a deliberate and thoughtful approach to managing the COVID-19 pandemic, learning from other jurisdictions that are farther along, while staying alert to changes here in BC. We have taken a whole government approach to prepare, contain, and break the chain of COVID-19 transmission.

We are taking a made-in-BC approach to the easing of restrictions. The BC Restart Plan will lift restrictions in phases, putting safety first, by gradually allowing for more social and economic activity, while closely monitoring health information. The timeline for BC's restart is approximate, dependent upon all our continued efforts to adhere to the Provincial Health Officer's orders and guidelines. For more information, I encourage you to visit *BC's Restart Plan* webpage here: <https://www2.gov.bc.ca/gov/content/safety/emergency-preparedness-response-recovery/covid-19-provincial-support/bc-restart-plan>.

We are currently in Phase 2 of BC's Restart Plan. This phase includes the gradual re-opening of non-essential businesses and sectors that were closed in response to the COVID-19 pandemic. Like essential services during the pandemic, all employers must demonstrate they have operational plans and guidance in place to reduce the risk of COVID-19 exposure and provide a safe working environment. Employers do not need a formal COVID-19 Safety Plan in place to begin operation, but are expected to develop it while protecting the safety of their workers.

WorkSafeBC is a valuable resource for businesses developing their COVID-19 safety plan so they can restart their business safely. Industry-specific information, tools, and resources have been posted on their website. As more industries prepare to reopen, WorkSafeBC will continue to share tools and resources that may be useful in preparing and implementing their plans. WorkSafeBC will not be reviewing or approving the plans of individual employers, but during a WorkSafeBC inspection, they will ask employers about the steps they have taken to protect their workers or to see the plan if it has been developed. For further information and resources, you can review the WorkSafeBC website here: <https://www.worksafebc.com/en/about-us/covid-19-updates/covid-19-returning-safe-operation>.

The development of operational plans and guidance are the responsibility of the industry organization or individual business. Please note, it is not within the purview of this Ministry to provide further guidance on this topic. We are encouraging everyone to take the time they need to think about how they are going to adapt their activities to the new ways of operating in our province.

Although we understand your desire to see more visitors on Hornby Island to help the local economy, non-essential travel, such as for tourism and recreational purposes, is currently not advised. This includes non-essential travel within Canada and BC. Avoiding unnecessary travel, particularly to smaller communities, is an important way we can protect ourselves and our loved ones.

BC Ferries, in line with direction from the Public Health Agency of Canada, health authorities, and the Ministry, is currently advising customers to limit travel to essential only. Transport Canada has issued additional screening requirements for passengers prior to boarding, which include questions about possible symptoms and past health status. If travellers refuse to answer these questions, BC Ferries will deny boarding. The gravity of this situation cannot be overstated, and everyone must do all they can to support our efforts break the chain of transmission and flatten the outbreak curve. For more information about the measures BC Ferries is taking, I invite you to visit their website:

https://www.bcferries.com/current_conditions/travel-advisory.html.

However, Phase 3 of BC's Restart Plan is expected to start as early as later this month, if transmission rates continue to remain low. In this phase, residents of BC will be able to start travelling within the province again. Destination BC is preparing a major marketing campaign to encourage people to explore within the province and rediscover the many exciting attractions and experiences BC has to offer. I encourage you to monitor Destination BC's website for more information about its recovery marketing plans, at: <https://www.destinationbc.ca/>.

For more information and latest updates on COVID-19, I invite you to visit the BCCDC website: <http://www.bccdc.ca/>. Additionally, a dedicated phone service is available to provide non-health related information about COVID-19 by calling 1 888-COVID19 (1 888-268-4319). A service representative is available seven days a week, from 7:30 a.m. to 8 p.m., and information is available in more than 110 languages. For more information about BC's response to COVID-19, I welcome you to visit our webpage at: www.gov.bc.ca/covid19.

HealthLinkBC is the best resource for all those in BC who have health related questions about COVID-19. Health experts are available help you with your non-emergency health concerns about COVID-19 and can direct you in accessing care. Please see HealthLinkBC's website at: <https://www.healthlinkbc.ca/health-feature/coronavirus-disease-covid-19> or call 8-1-1 (7-1-1 for the deaf and hard of hearing) if you have questions. Translation services are available in more than 130 languages.

Now more than ever we need people in BC to be tolerant, kind, calm, and safe in our schools, buses, on the streets of our community. Let's continue to work together to keep our province strong.

I appreciate the opportunity to respond, and hope you find this information helpful.

Sincerely,

Thomas Guerrero

RE: Lifting of Hornby Island Travel Restrictions

I live on Hornby Island and am writing to ask that the "Essential Services Only" travel restriction be lifted for Hornby Island.

The accommodation providers on Hornby Island are following Government advice and protocols to both:

1. Determine a SAFE plan for opening

2. Determine a SAFE plan for operating

These plans are **now in place** and can be reviewed at www.histra.ca/resources

Hornby Island's largest economic driver is our secondary residents and seasonal visitors.

The ripple effect on the livelihood of our entire community, via direct support to other island businesses, is unknown but dramatic.

We ask the "essential travel only" guidance is lifted so we can restore the lifeblood to our tourism-dependent economy.

On March 21, our community was united in asking for "essential travel only" to Hornby Island.

The primary reason was the public safety of our community members and visitors alike. The limited medical facilities and vulnerable

supply chains were sited. Both of these considerations are now resolved.

Our Medical Clinic announced this week it will only provide non-emergent medical care to their year round regular patients.

All others are advised to bring their own First Aid Kit and to use the Regional Hospital in Courtenay for non-limb or non-life threatening emergencies.

Our main store, The Coop, is not only prepared to handle higher volumes, but asking for the financial support of secondary residents and visitors

in the necessity of their financial viability.

I am lobbying to ask that Hornby Island is included in all government plans to re-open accommodation facilities.

We are ready to proceed Safely.

Thank you,

Subject: RE: Expression of Concern over the Indeterminate Closure of the BC Archives by the History Departments of BC Universities

Dear Professor Lutz, Professor Glassheim, Professor Spear and Professor Binnema,

Thank you for your open letter regarding the BC Archives Reference Room.

The BC Archives have remained opened throughout the pandemic. Archivists have continued to come on site when absolutely necessary to assist in various court cases, audits and government enquiries. As we plan our gradual re-opening of the museum we have given much time to consider how we might open the reference room in a safe way. The archive reference room is a high touch area and we are considering how to do this safely. While we work to bring staff back on site and adjust to the 'new normal' and understand the impacts of health and safety interventions, we ask for your patience. We want to be absolutely certain that staff and visitor exposure to potential health risks is kept to an absolute minimum.

Since our closure in March, we have been offering remote services. It is our plan to continue to offer such services, and we are looking at other ways to offer expanded services that do not put anyone at risk.

We know that this is disappointing news for reference room users especially for your students, more especially as university libraries and archives remain shut too. We will be reviewing this decision in July as more information about the health risks and necessary safety precautions become available, and will advise you immediately of any changes.

If you have urgent work to be undertaken in the BC Archives, please contact David Alexander, Head of BC Archives copied above.

Thank you for your understanding.

Yours sincerely,

Professor Jack Lohman CBE

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Minister Beare,

I hope you're healthy and safe. Tarun here from 5X Festival in Surrey.

My organization, in partnership with Surrey's [African Heritage Festival of Music and Dance](#) are currently trying everything in our power to get the City of Surrey to make a **firm commitment to dismantling anti-Black racism**. As you know, Surrey is home to the largest Black population in BC, 22% of the province's Indigenous population, and is 60% BIPOC. We feel that, like many other diverse municipalities in Canada (Richmond, Toronto, Calgary, Vancouver), Surrey should be taking a leadership role RIGHT NOW - during the largest civil rights movement of our generation.

Actions taken thus far:

- we've been writing letters and phoning council since early June
- we've garnered [thousands](#) of likes, shares and comments on social media
- we've had over [5000 signatures](#) on our petition over the last 2 weeks
- [numerous headlines](#) have pulled out of the upcoming Surrey Canada Day in protest
- the story has been featured on almost all provincial press and radio

Thus far, we feel the City's response has been insufficient:

- Mayor McCallum has released two [statements](#), neither of which acknowledges that systemic racism exists or maps out a plan of any kind. We believe the time has come to move beyond 'Diversity and Inclusion' to specific anti-racist policies.
- Councillor Hundial [went on record](#) saying that systemic racism does NOT exist (on the same day that [this report](#) came out saying that Indigenous people in Surrey are subject to systemic racism)
- Councillors did begin responding to our outreach after the Canada Day pullouts, but after numerous discussions with City Staff and Councillors there is still no public acknowledgement or anti racist action plan - or any sign that we'll get one.

Thousands of people are watching. If you look at the comments on [this post](#), you'll see the depth of emotion young people in Surrey are feeling on this issue - the lack of a formal statement is heartbreaking for local BIPOC youth.

Can you help us push the needle?

I've attached a copy of the petition as well as our response to Mayor McCallum's recent statement.

Sincerely,

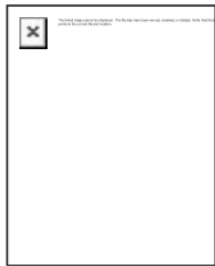

TARUN NAYAR

Hello Minister,

The sport sector has had a few questions arising from the new COVID-19 Related Measures Act, and the DMO is suggesting we send out the below bullets through ViaSport to help clarify. The bullets have been reviewed by the AG team and they had no concerns. Let me know if you have any flags or if this is approved:

- On June 22, the Attorney General introduced COVID-19 Related Measures Act, legislation that would extend ministerial orders made under the Emergency Program Act.
- This includes the ministerial order made to protect amateur sport organizations from COVID-19 liabilities, provided they are complying with public health orders and provincial sport guidelines.
- If passed, the legislation will extend the sport liability order by 90 days.
- It also provides the possibility to extend the order by up to one year after the act is brought into force, if required.

“B.C.’s tourism industry is a major economic driver that creates jobs for people and supports families throughout the province. Now that we’re in Phase 3 of BC’s Restart Plan, I encourage all British Columbians to take this opportunity to safely rediscover B.C. and to show their support for the friends, families and neighbours who are the foundation of the tourism industry in B.C.” (Not approved)

Does PJH want a quote?

And we’re good to launch the DBC campaign on Monday but we’re still holding the NR for now, correct?

Hi Chris,

Thank you for the call today! I would like to introduce you to Dan Pino, Senior Director of Communications, Golf Canada. As mentioned on the call, we are working on our postponement announcement and would like to include a quote from the Ministry of Tourism, BC. That focuses on the excitement that the major women's golf championship in Canada will be returning to the Province of BC in 2021.

Dan will reach out with a draft press release shortly. In the meantime if you can build a quote and share with both Dan, we will work it into the draft agreement. Dan can also be reached at 416-434-5525.

Dear Laurence and Ryan,

Thank you for your letter confirming that the LPGA and Golf Canada have decided to postpone the 2020 CP Women's Open. I appreciate your ongoing communication as you came to this difficult decision. COVID-19 has impacted us all and I agree that this is the most responsible approach for right now.

As we look forward, it is wonderful news that the CP Women's Open will be held in Vancouver in August 2021. This represents a great opportunity to showcase British Columbia and celebrate women's sport, diversity, community and philanthropy. It is good to know that the BC Children's Hospital Foundation will also continue as the primary charitable beneficiary providing important equipment and health care expertise.

I can confirm that the \$150,000 in funding previously approved from the Tourism Events Program will remain in place to be applied to marketing efforts for the 2021 CP Women's Open. The opportunity to market British Columbia as a top tourist and golf destination to an international audience will be an important part of British Columbia's recovery. We would welcome ideas of how to work together to maximize this impact over the next 12 months.

The Province would be pleased to be involved in the announcement of the 2021 tournament returning to Vancouver. Please contact our Communications Director, Chris Harbord at Chris.Harbord@gov.bc.ca or 250 920-5079.

Please do stay in touch as you move forward. I wish you the very best as you restructure your plans to host an exceptional 2021 CP Women's Open in Vancouver.

best regards,

Our government has been clear that our priority is the health and safety of British Columbians. Discussions about how the modified quarantine would work in practice have been ongoing and we're open to continuing this dialogue. Our commitment to keeping people safe

British Columbia has a record of success hosting high-profile, professional sport events, including the 2019 World Juniors Hockey, World Rugby 7 series, and 2010 Winter Olympics. Subject: Telephone Townhall on COVID Recovery

Hey Daniela,

As part of the recovery engagement we launched Wednesday (see <https://engage.gov.bc.ca/recoveryideas>) we are hosting a series of regional Telephone Townhalls in July. These Townhalls are held in the evening and are an opportunity to directly engage thousands of British Columbians on our recovery efforts. We are doing four of them across B.C. -- with Minister James kicking off the first one for the lower mainland on July 7th.

I'm reaching out to see if Minister Beare would be able to attend the second Telephone Townhall for the lower mainland on Thursday, July 16th – she would join the panel as a guest along with Minister Heyman.

As this event will focus on engaging with people on their general priorities related to recovery, we will work with Finance MO and Comms to develop prep materials and collaborate with your office to finetune those for your Minister and this regional Townhall.

Feel free to give me a quick call to chat – 778 676 1218. Happy to give more context on the content and format of these Townhalls.

Would be great to hear from you soon as we are quickly trying to firm these up.

Many thanks,
Rosa

Hello all,

We would like to confirm a briefing in advance of Phase 3 regarding provincial and inter-provincial travel.

We would like to confirm this briefing for **10:30 am (45 minutes)** with ministers only, no DMs required. MAs may call in.

MLB and MMF may attend in person but due to capacity we are unable to have any other attendees in person.

Materials may be coming and Jarrett or I will send those as soon as they are available.

Thanks for re-confirming your minister with me on this new time.

Cheers,

Chris

Dear Ministers/Committee Members:

As we return to the legislature, you will note appropriate protocols and measures to ensure physical distancing throughout the building have been implemented, including room capacity limits. At this time, the capacity for cabinet chambers is 14 (including staff).

The Premier's Office is working to develop a rota system to ensure those wishing to attend in person will have an opportunity to do so, while prioritizing attendance in person for those who are presenting items.

To support physical distancing measures for Cabinet and Cabinet Committee meetings held in chambers, please identify whether you have a preference to attend in-person in chambers, by video conference (from your office), or no preference.

For those who wish to attend in chambers, we will communicate with your office on a weekly basis to confirm whether we can accommodate your attendance in person.

The process for requesting leave remains unchanged.

Please respond to this email noting your preference on attendance.

Subject: Meeting Request - Live Nation Canada - COVID19 Return to Work Plan Possibilities

Dear Minister Beare,

I am writing on behalf of Paul Haagenon, President of Live Nation Canada to request a meeting with you and Ministry staff to discuss the importance of live music to British Columbians. The danger presented by the isolation of COVID19 and the new social

distancing rules (while very much critical and needed) to combat the virus, is an opportunity to work together to find solutions to how British Columbians can enjoy the rich live music scene here in BC for their health and well-being.

Mr. Haagenon would specifically like to discuss Phase three of the government's plan to open (June to September). As government intends to allow select entertainment options like movies and symphony, but not large concerts. Knowing this he would like to work with you, WorksafeBC and the Provincial Health Officer to determine if small venue music events would be considered as part of your reopening during Phase three of the restart program. If this is possible, we would work with the Ministry of Health to develop a set of guidelines and protocols which align with the COVID-19 Public Health and Safety Guidelines.

About Live Nation Canada (LNC)

Live Nation Canada Inc. (LNC), a division of Live Nation Entertainment Inc. (LNE) has a long history as part of building Vancouver's live concert story and with a local office in the City of Vancouver of over 60 employees, Live Nation Canada has delivered and produced and promoted over 400 shows across the city and region per year. We have delivered some of Vancouver's most iconic concert memories for Vancouverites. We are here to work together now, to deliver a world class new musical heartbeat for British Columbians and truly bring a return to life in this time of crisis.

Hi there - Please see the attached draft news release and QA on the repatriation grants, scheduled for Saturday, June 20 at 8:30 a.m. (the day before National Indigenous Peoples Day). We’ve given a heads

up to MIRR, and this has been reviewed by Shauna and Claire with approved quotes from BCMA and we've offered a quote to RBCM.

Please note – we plan to pitch Jodi Simkin to targeted media to help tell the story of why repatriation is so important.

Cheers, Chris

Hi Daniela,

Craig and Tamara are speaking with Minister Beare shortly.

Reaching out to share an advanced copy of the announcement we are making at 10am this morning. (The attached media release will go out at 11am). Craig and Tamara will provide the minister with an overview on the call, but suffice it to say, our new [TAKEcare health](#) and safety program puts provincial and federal health guidelines at the forefront and complements the great work of our airline partners—to give passengers and workers confidence in air travel.

Please do not hesitate to reach out if you have any questions.

Thanks,
Trevor.

YVR Launches Industry-Leading Health and Safety Campaign with YVR TAKEcare

Program introduced to ensure travellers move through the airport with confidence

Richmond, B.C. (June 18, 2020): Today, Vancouver International Airport (YVR) announced the launch of YVR TAKEcare, an operational program and health and safety campaign designed to help people move through the airport safely and with confidence. To help combat COVID-19, YVR TAKEcare places industry-leading health, safety and cleaning practices and protocols at the forefront of airport processes and includes collaboration with the airport's many partners.

"We are pleased to announce the launch of YVR TAKEcare," said Robyn McVicker, Vice President, Operations & Maintenance, Vancouver Airport Authority. "The safety and security of our passengers, employees and all airport visitors is our top priority. Through this multi-layered program, our goal is to create a safe and frictionless airport experience— from the curb to the cloud— so that passengers and employees feel confident while at the airport."

As part of the program, YVR is streamlining airport processes to ensure a seamless, touchless and physically distanced travel experience by investing in new technologies and reconfiguring airport infrastructure. YVR is expanding on existing measures as well as implementing new ones. Current TAKEcare measures include:

- Asking that face coverings be worn at all times while in the public areas of the terminal.
- Requesting that only travellers with a valid ticket and employees who work at YVR enter the terminal building, with exceptions made for those requiring extra assistance.
- Increasing cleaning across all high-touch areas.
- Providing additional hand sanitizer throughout the airport
- Installing plexiglass at counters to provide guests and employees with an additional layer of prevention.
- Placing TAKEcare team members at key locations throughout the terminal to provide assistance and answer any questions.
- Displaying clear in-terminal signage throughout the passenger journey that encourages physical distancing whenever possible.

- Facilitating temperature screening at the entrance of security screening for some travellers. This process will become standardized in the coming days for all passengers, as announced recently by Transport Canada.

YVR TAKEcare will be an essential component of the airport's recovery from COVID-19. The program will continue to evolve in the weeks ahead following any additional guidance and directives from government, health authorities and industry experts. YVR continues to work closely with its partners to inform a national and global standard, further instilling confidence among the public.

Good morning everyone,

I apologize in advance for the last minute nature of this – things move so fast these days!

The Legislative tech team is ready to assist any Members who wish to undertake a technical test in preparation for hybrid House proceedings and virtual Committee of Supply proceedings. This tech test is strongly encouraged, as it will allow us to ensure that all audio, video, framing, lighting, and Zoom features are properly configured on each Member's device – presuming, of course, that the testing is conducted from the computer that the Member will be joining proceedings from.

There are 3 times being proposed:

- **Wednesday June 17 (today), 2:00 – 2:45pm**
- **Thursday June 18, 9:00 – 10:00am**
- **Thursday June 18, 3:00 – 3:45pm**

Please let me as soon as possible know which session(s) your Member can attend. These tests will be done via zoom.

Thank you,

Hi Anne, decision note on proclaiming July 2nd and Taiwan-Canada Cultural Exchange Day in BC:

**Decision Note
Advice to Minister**

Date: June 10, 2020

Cliff #: 39862

Issue: Request to proclaim July 2, 2020 as Taiwan-Canada Culture Exchange Day in British Columbia

Background / Facts:

- A proclamation request has been submitted by Michael Wu from the Taiwanese Canadian Cultural Society.
- The Taiwanese Canadian Cultural Society is a registered non-profit charitable organization that, since its inception in 1991, has been providing settlement services and promoting cultural exchange in British Columbia.
- The society organizes the annual Taiwanese Canadian Cultural Festival, a large community festival focused on cross-cultural exchange.
- This year's celebration is cancelled due to the COVID-19 pandemic, but a proclamation has been requested to mark the day in the absence of a physical celebration.
- More than 38,000 British Columbians identified their heritage as Taiwanese in the 2016 census.
- TAC issued a Taiwan-Canada Culture Exchange Day proclamation in 2019.

Analysis:

- This request meets established proclamation criteria for the multiculturalism file given it:
 - has significance or general application to B.C.;
 - observes milestones, recognizes achievements or directs attention to a worthy cause;
 - is not political by nature;
 - would not be considered offensive or frivolous by the public; and
 - aligns with both the Ministry's mandate and BC Multiculturalism Act.
- Section 2 of the Multiculturalism Act states that two of the purposes of the Act are to: "recognize that the diversity of British Columbians...is a fundamental characteristic of the society of British Columbia;" and "encourage respect for the multicultural heritage of British Columbia."
- In 2019 TAC supported nine heritage-based proclamations: Sikh Heritage Month, Day of Nowruz, Bangla Heritage Week, Asian Heritage Month, Italian Heritage Month, Tamil Heritage Month, Latin American Week, Chinese Heritage Cultural Week, and Taiwan-Canada Culture Exchange Day.
- Last year, the society requested the proclamation be issued on July 12th, but this year has requested it be made on July 2nd, in line with an agreement it has made with the City of Vancouver to move the festival to July 2 in future years.

Recommendation:

- Approve the Taiwan-Canada Culture Exchange Day (July 2, 2020) proclamation.

Thanks for letting me know. As this one is under your ministry I would imagine that MLB would want to have the DM attend. This briefing is in regards to the museum funding. Maybe check with your MA to ensure.
Cheers,
Chris

Ministers and DM Lori,
I'm forwarding this update from the president of the Bella Coola valley tourism association on a meeting between a handful of local tourism operators and the Nuxalk Nation for your information and planning.
Jennifer

Hi Jennifer,

I wanted to give you a re-cap of today's meeting. All in all, the meeting was civil. There was a low point when a tourism member was accused of "putting dollars above health". I did my best to keep the conversation calm and respectful.

I asked about allowing B.C. travellers in during phase three (which still won't be permitted). The Nuxalk didn't budge with having temperature checks at the roadblock for entry either.

It got a little tense when a Nuxalk leader stated they weren't going to re-open until a vaccine is available. That landed like a brick with tourism members. Again, I did my best to keep the conversation calm.

One Nuxalk Leader spoke of a recent Indigenous Tourism grant to help get First Nation businesses through the season. For the sake of keeping peace in the valley, I am asking if there is any type of similar grant for our Valley members?

After the meeting, I received a few angry emails regarding the road block & people's livelihoods. I was reminded the Community Futures financial assistance programs are still just loans and folks are already swimming in debt.

Would it be possible for strugglingly eligible valley tourism businesses to receive this type of grant? Or is there anyone you can direct me to who may be able to help?

I don't think anyone was expecting for the Nuxalk to change course. It was positive in the sense they are finally communicating with us & committed themselves to keep us in the loop. Another call is scheduled for next month.

Thanks again, Jennifer. I'll let you know if there are any further developments.
Have a great weekend & take care,
Tom

Hi all – we are submitting Bamfield road in to the covid recover process. Grant and Kevin are aware. While this is safety focussed, Shauna, there is a significant tourism growth aspect to this as well. John – portions of the road is owned by forest companies that will continue to us the road (much of this has been sort out), and Huu-ay-aht are adding \$5M^{s.16}

Trish is leading our effort on developing these proposals. I would appreciate adding Toursim and FLNRO into the “collaboration” for the purpose of the proposal.

Let me know if any concerns

Hi Carla,

Apologies for the super short notice, ^{s.13}
s.13 that is going out at 3:30 today.

With that in mind, can you please take a look at the attached NR and approve/add a better quote for MLB?

I'll need this back from you in the next hour as it still needs TB approval. Please let me know if you have any questions.

Thanks,

Ryan

Lisa,

Attached is a letter of complaint dated June 8, 2020 received by mail June 11, 2020, addressed to Dr. Bonnie Henry and copied to me at my law office. You will also be receiving a copy according to page 2 of the letter.

I am not clear on which of the remedies the writer seeks, but as you will see he is critical of both the Ministry and of PavCo for allowing the demonstration that occurred last Friday on Jack Poole Plaza. He also appears to be demanding that Dr. Bonnie Henry rescind the Order previously made concerning the ban on gatherings of over 50 people.

Please let me know if you wish PavCo to take any steps concerning this letter at this time.

Hola

Attached is the KM/QA re modified quarantine,
Sport liability and Tourism Supports.

Also Dr. Henry's remarks today will be along these lines:

- We join the Premier and many British Columbians throughout the province in welcoming the idea of bringing the NHL to Vancouver.
- I have been clear since the beginning of this conversation that there are no exceptions to the rules, or to public health guidelines and orders here in B.C., not for the NHL, or any other group.
- I am however open to receiving proposals from an organization who thinks they can meet our stringent safety plans in B.C.
- The NHL has provided a plan for consideration by federal and provincial health officials. I have reviewed the plan, it exceeds our requirements and meets the criteria for protecting our community - without compromise.
- As the Premier explained yesterday - teams would have no contact with the public by forming their own 'household bubble'. Among many measures to protect the public, they would be subject to intense screening and testing.

- The resumption of games - without spectators - is dependent on our progress here in B.C., it is simply a proposal, and if implemented, our public health teams would be monitoring very closely to ensure the measures and guidance currently in place are not compromised in any way.

Cheers
Carla

Dear Premier Horgan, Minister Beare, and Deputy Minister Shauna,

I was in Toronto last week and spoke with Richard Powers who heads Commonwealth Games Canada. He isn't preventing us from giving him a quiet bid for the 2026 or 2030 games. I believe we would win it one of those years.

I will pay for the bid so that it doesn't cost you.

The games would make BC a fortune and be terrific for long term tourism, arts and culture. Even more so this time than in 1994.

Covid-19 has hurt our tourism and economy badly. Why wouldn't we take on a wonderful project that repositions us?

BC locals will fall in love with the event again if we do it. Let's meet and discuss particulars. You can kick me out if I can't convince you the games would be perfect for BC, Victoria, Vancouver, all of their economies, and for politics.

Sincerely,
David

Shauna,

Thank you for your email. Since receiving it, I have talked to the head of the Canadian Commonwealth Games. I believe they would like us to discuss the opportunity quietly and let them know if we reach agreement.

Because our country hasn't held the Games for so long, Canada can definitely get the Games in 2026 and/or in 2030. Calgary and Hamilton are the other possible bidders. Calgary and Alberta are both in economic trouble because of oil and gas prices and I don't believe they will proceed with their bid. They will vote and back away as they did for the 2022 Games bid. Hamilton also voted against a bid for the Games a few years ago and probably will do so again. If, however, they decide to bid and host, they will opt for 2030 which is 100 years from when they started the Games in 1930. So I am almost sure we can host in 2026 if we like. Canada's Commonwealth group is desperate to host the Games so they would love it if we move forward.

Shall we have a conference call and discuss the opportunity? It is massive for BC and Victoria economically, politically and socially.

All the best,

David

Dear David Black:

Thank you for your emails of March 6 and March 13, 2020, addressed to the Honourable John Horgan, Premier, regarding support for British Columbia (BC) to host the 2026 Commonwealth Games. As this matter falls under the purview of the Honourable Lisa Beare, Minister of Tourism, Arts and Culture, I am pleased to respond on behalf of Premier Horgan and Minister Beare.

The Commonwealth Games has a storied history of promoting sport and inspiring communities. The 1994 Victoria Commonwealth Games left a tremendous physical and human legacy that benefits British Columbians to this day and the 1954 British Empire Games held in Vancouver will always be known for the iconic Miracle Mile featuring Roger Bannister and John Landy.

It is our understanding that the domestic bid process for both the 2026 and 2030 Commonwealth Games is now closed and that Commonwealth Sport Canada (CSC) will only consider reopening the bid process if existing candidate cities are unable to mount an international bid that is acceptable to CSC, the Commonwealth Games Federation and the funding partners by the Fall of 2020.

In the event that BC communities are provided with a second opportunity to bid for the 2026 or 2030 Commonwealth Games, the Province will gladly consider those proposals that have formal funding commitments from the federal and municipal governments and allow sufficient time to do the work necessary to protect BC taxpayers from financial uncertainty.

Regarding your request to meet on this topic, the Ministry of Tourism, Arts and Culture will continue to receive updates from CSC. If an opportunity does arise for BC to submit a bid, we would be happy to schedule a meeting to discuss the timelines and process.

Thank you again for writing.

Sincerely,

Shauna Brouwer, MBA

Thank you for your response.

I would like a meeting with Premier Horgan or top executives if possible. We can discuss (and agree I am sure) on the economic and political advantages for BC and the BC government.

I have to get Victoria Tourism, which is driven by the local hotels, to become in favour. Hotel managers focus on their flat revenue because of their lack of rooms when the Games are held, rather than the enormous tourism increase over the longer term. Future meetings with hotel owners should solve the issue.

Please let me know if you have other concerns.

We must move very quickly with our bid to compete against Calgary and Hamilton and it will cost you nothing.

David

Dear Premier,

I understand that Andrew Weaver spoke with you about the 2026 Commonwealth Games. He told me there could be support if your government can be assured there will be sufficient funding. Please see the summary attachment. It will be great for BC economically, as well as culturally and for future tourism growth. I will discuss it with you or your staff in detail (including security concerns) anytime you like. We won the rights to the 2022 Games. I am hopeful we can win them for the 2026 Games.

Politically, there will be direct advantages for Greater Victoria and for Vancouver. BC Place Stadium will be used for all the rugby competition which will be the Games focus for many British Columbians. The Richmond Olympic Oval will be used for all the badminton and table tennis competitions which will appeal hugely to the Chinese residents there.

Victoria will get a new Swimming Pool, a new Arena, a new Fieldhouse, and 2,000 new affordable housing condominiums. In addition new HOV lanes will be added to the highway between Leigh Road and McKenzie Ave to solve the Colwood Crawl by allowing commuters to park for free at very large Arena and Fieldhouse parking lots and bus downtown. A lot of Victoria Games personnel and construction workers will become employed by this. A lot of Victoria businesses will benefit. All of these Victoria aids will bring most residents onside.

I was happy to pay for the successful 2022 bid and will try to win the 2026 bid if you recognize the advantages for BC and agree to contribute. The provincial Liberals and Greens were in favour of Victoria and Vancouver hosting the 2022 Commonwealth Games so I don't think you will have opposition.

Hello Jennifer

I'm wondering if it's possible to set up a quick phone call with the minister I just need about five or 10 minutes of her time. For clarity regarding the conference call that was held on Monday

If you're able to set up a quick phone call in the next few days at her convenience would be appreciated thank you very much

Creative BC is facilitating the development of sector Safety Guidelines with industry, including studios and unions, which will be available soon. Productions can use the protocols and the guidelines to develop their own, individualized COVID-19 Safety Plans.

“I want to thank B.C.’s motion picture industry for their leadership and commitment to restarting production in this province. This collaboration is part of the reason we’re well-positioned to return to a thriving film and TV sector here in B.C.”

Great we are moving the suggested statement through approvals now.

Creative BC has also received requests from:

- Global – Zussman
- Ian Bailey
- Dana Gee
- CBC All Points West

The 'action' on film today is based on California resuming filming this Friday:

We will flag for health comms as well.

Hi Carla,

Unfortunately, MLB is at a Cabinet retreat all day and unable to make this work.

Let's prep a statement. MLB also said she'd be available to do this tomorrow – but guessing Richard wants to file this today?

Hi Team,

Global has asked if MLB can do a quick skype or tv interview on the resumption of film in phase 3.

He said he would accept a statement and ***may*** run it but if she was avail for a media interview, would definitely run it.

He also noted he was going to ask Dr. Henry about it today about the health orders.

We will draft some KM's and a statement for consideration, but wanted to share as soon as the request came in given deadline of 3:30 today.

Thanks

Request

As we are gearing up for phase 3, want to here Ministers thoughts on:

- The importance of the film sector in B.C.
- challenges sector is facing with current orders in place (border and health) and the amount of work that needs to catch up
- PO has said this is a priority and may even be able to have B.C. up before California, what work is underway to make this happen?

Hello Minister,

A couple calendaring items for your review/approval, I've copied Daniela in case she wants to add anything:

1. Looking to confirm you want to attend the Knowledge Network Board meeting next week for a short time as you have attended others? The time slot they are proposing is the opening so 12:30-12:45pm.
2. Not sure if you remember the invitation to attend BC Alliance of Arts and Culture's regular Tuesday calls with Arts Service Organizations. We put it on hold until we had a good opportunity in your calendar, this next Tuesday would be a good opportunity following the BCAC New Release going out later this week.

Hi Jennifer,
Hope you are doing well!
Possible to get staff to brief PS Ravi Kahlon Re: Business Plan to build a new Royal BC Museum some time next week? PS Kahlon has a new mandate to coordinate government's efforts to expand the production and utilization of mass timber building projects. The Premier has spoken publicly about the two projects above being built with mass timber and the PS would like to get an update on this project.

Some options that work for PS Ravi Kahlon are:

June 8th: 9-11 or 1-2 or 3-5

June 9th: 9-12 or 2-5

June 11th: 9-11 or 1-2

30 minutes should suffice, thanks!

Hi Daniela – thanks again for the call yesterday. I still hope to receive more information from the NHL today. In the meantime, I was thinking about our conversation and setting up a call early next week, recognizing how busy everyone is. Do you think it's worth checking schedules to see what date might be available for a call?

I expect the NHL will likely make decisions on the Hub Cities in the next few weeks. So, the goal is to work as quickly as possible to provide information and a plan

that might help us identify potential solutions that maintain the critical aspects of public health and safety, while also potentially allowing the teams to quarantine together in a strict bubble that includes an option to train and skate together during the 14 days.

Thanks,
Chris

Hi Daniela, I hope you're doing as well as one can do in the current situation.

In our previous meetings with the minister, we had agreed as an industry, that we would send a signal when things are developing up in the tourism world and I was hoping that there would be an opportunity to have a 10-minute phone chat with Lisa Bear to share some insights.

I very much would appreciate it if you could arrange that.

Subject: Meeting Request - Western Hockey League - COVID19 Return to Work Plan and Timeline

Hello Geoff,

Hope you are well.

I am writing on behalf of Ron Robison, Commissioner of the Western Hockey League (WHL) – the league has five community based British Columbia based Clubs; Kamloops Blazers; Kelowna Rockets; Prince George Cougars; Victoria Royals and the Vancouver Giants - to request meetings with you and Premier Horgan.

Mr. Robison wants to work together to find solutions to how British Columbians can once again enjoy Canada's game played at the junior level. Specifically, Commissioner Robison needs to discuss the importance of the WHL's Plan to Return to Play Plan to make sure it fits into the BC's government's guidelines on

keeping everyone safe. As well, talking about a potential timeline for when British Columbian teams can once again take to the ice.

Please see the attached letter to Premier John Horgan from WHL Commissioner Robison.

He can be reached:

About the WHL

Five BC Teams: Kamloops Blazers, Kelowna Rockets, Prince George Cougars, Victoria Royals, Vancouver Giants

The Western Hockey League started with just seven teams based in the provinces of Saskatchewan and Alberta in 1966. The WHL now has representation in all four Western Canadian provinces and the U.S. States of Oregon and Washington. The WHL now consists of 22 member Clubs with 17 based in Western Canada and there are 5 in the U.S. Pacific Northwest.

British Columbia has five community WHL teams; Kamloops Blazers; Kelowna Rockets; Prince George Cougars; Victoria Royals and the Vancouver Giants

The Western Hockey League, like other major sports leagues, suspended our operations in early March of this year – right before our teams were set enter our Playoffs. This resulted in the cancellation of the balance of the WHL Regular Season, our entire Playoffs and the opportunity for Kelowna to host the 102nd edition of the Memorial Cup.

Thank you for your time.
