Andrea Glickman, Union of British Columbia Indian Chiefs		Safety Signal
Councillor Brian Frenkel, UBCM	How to better engage enforcement folks to help with the PHOs. Enforcement in Rural BC is difficult at best.	Enforcement
Greg D'Avignon, BC Business Council	All of us have a commitment to make sure we are all vaccinated as quickly as possible. I am not clear on the suggestion for leave or paid leave.	Paid Leave / Labour
	Sorry hit send too soon. Question is paid or leave related to vaccinations. These are appointments that can be made after hours and on weekends. Also privacy legislation doesn't allow or require an individual to be vaccinated or share with an employer if they do so customers and co workers won't know if vaccinated. Lastly with these new restrictions which are warranted but will further challenge the financial and operations and impair workers availability and business viability even further.	
Gavin McGarrigle, UNIFOR	We support paid leave for vaccinations and there should be all- party support for such important legislation if required. Workers can't afford to wait.	Paid Leave / Labour
Tom Conway, Small Business BC	For Minister Bains - My leadership team at Small Business BC were planning on a paid leave regardless. We support this to not only encourage folks to be vaccinated, but also accommodate those who may have vaccination-related illnesses/pain.	Paid Leave / Labour
Brenda Leadlay, BC Alliance for Arts + Culture	To weigh in on the question of paid leave, I think it will be important for employers to give their employees paid time off to get vaccinated IF it means that more people will get vaccinated	Paid Leave – Labour
	more quickly. I think most employers will allow their employees time off to get vaccinated but there are always some who won't -	QUESTION RECEIVED BY
