Subject: FW: Olympics Deck

Importance: High

I believe this is responsive to the FOI request.

Subject: Olympics Deck
Importance: High

Attached is the deck we would use for the Olympics. It is the same deck we used for P&P with the only difference being we took P&P off the title page and changed the footer from "Cabinet Confidence" to "Confidential". Having reviewed though I note we have the slide in there that speaks to the decision we are seeking etc. so it is a outdated. Do you think that is okay or should we update to reflect the P&P decision?
