Direct Award Contracts
January 2016

Contractor Name	Description	Amount	Reason
Perma Construction Ltd	Steamship Building Water Ingress Repairs	\$ 11,853	Perma Construction Ltd completed initial investigative work and identified the source of a water leak in the Steamship Building. The repair was urgent and the contractor had knowledge of the leak location, scope of the project and unique construction history of the Steamship Building. A competitive process would have delayed repairs and caused further damage.
Six Sigma Performance Group Inc	Delivery of Training for Development and Implementation of Supply Chain Strategy & Framework for Earthquake Response	\$ 95,000	To support the implementation of the Province's Earthquake Immediate Response Plan (IRP), Six Sigma Performance Group Inc was contracted as the sole provider able to deliver the required supply chain management workshops that will facilitate Emergency Management B.C. in developing an emergency management supply chain strategy tailored to catastrophic earthquake response. It has been confirmed that no other company delivers this specific training designed to be both informative and exploratory in nature for an organization's future decision-making regarding adoption of a multi-agency integrated supply chain strategy to support humanitarian supply chain operations.
