Tim, I just learned the Government had a role in phase 1 of the FBC project (the report that will be released next month). Phase 1 was comprised of three working groups. We had presence on all three WG steering committees and your ministry led one of the WGs- the one on dike assessment. So good news is, we can plan on being at the table for phase 2, no issue there. Bad news is, I don't think either of us was aware of that involvement before now. Good to know for our 4:30 meeting.

Ok, just chairing a meeting. I don't have one at 4:30 on my calendar....

Me 04/25/16 3:24 PM

The 4:30 meeting is MST briefing MNY and MTS on the "Lower Mainland Dike Assessment". Carol Loski and I were invited to join the meeting. I guess I assumed you would be there. This is the meeting that EMBC's BN was created to support.

Tim Sheldon 04/25/16 3:25 PM

Ah. Ok. No, I am chairing NR Board. So i won't be there.

Tim Sheldon 04/25/16 4:26 PM
