Hello,

## **New FOI Request Received**

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). You'll note that the attached request has been redacted to remove information that would identify the applicant.

Legislated Due Date: June 27, 2016

## What Do You Need to Do?

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the **IAO Business Team Mailbox** by May 19, 2016. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process. IAO will advise you if the request is abandoned and closed.
- If no fees apply then proceed with the call for records process. If the request proceeds, please complete the attached Call for Records Form and return it to **the FOI Analyst assigned with a cc to the IAO Business Team Mailbox** by May 30, 2016.
- Send records via email in PDF format. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

## Reminder

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

## Questions and Concerns

Please do not hesitate to contact IAO to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Thank you for your assistance,

Hello,

Steve Haywood has checked his email and he has no records within the stated time frames. Steve believes it is highly unlikely that anyone else in CVSE would have records, however without canvassing all staff it not possible to confirm. Fee estimate is 225 staff x 5 minutes of search time = 18.75 hours

Hello,

## **New FOI Request Received**

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). You'll note that the attached request has been redacted to remove information that would identify the applicant.

**Legislated Due Date: June 27, 2016**

## **What Do You Need to Do?**

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of

records exceeds 200 pages, complete **only** Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the **IAO Business Team Mailbox** by May 19, 2016. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process. IAO will advise you if the request is abandoned and closed.

- If no fees apply then proceed with the call for records process. If the request proceeds, please complete the attached Call for Records Form and return it to **the FOI Analyst assigned with a cc to the IAO Business Team Mailbox** by May 30, 2016.

In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

## Questions and Concerns

Please do not hesitate to contact IAO to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Hello,

Steve Haywood has checked his email and he has no records within the stated time frames. Steve believes it is highly unlikely that anyone else in CVSE would have records, however without canvassing all staff it not possible to confirm. Fee estimate is 225 staff x 5 minutes of search time = 18.75 hours

## **What Do You Need to Do?**

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of

records exceeds 200 pages, complete **only** Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the **IAO Business Team Mailbox** by May 19, 2016. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process. IAO will advise you if the request is abandoned and closed.

- If no fees apply then proceed with the call for records process. If the request proceeds, please complete the attached Call for Records Form and return it to **the FOI Analyst assigned with a cc to the IAO Business Team Mailbox** by May 30, 2016.
- Send records via email in PDF format. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

## Reminder

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

## Questions and Concerns

Please do not hesitate to contact IAO to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

This request and TRA-2016-62039 were only forwarded to my email in NR, not to our normal distribution list (e.g. cc'd to Sarah Clark).<sup>s.22</sup> so neither was distributed as normal.

Neither of these names is familiar, so I am hoping that these individuals were in another Region. I can forward both requests, but I think the earliest response would be Monday, May 23<sup>rd</sup>, end of day.

Hi Dave,

Please note regarding this fee estimate we provided- Kate Trotter does not work for the Ministry of Transportation and Infrastructure but is a staff member with Government Communications and Engagement (GCPE).

Regarding our fee estimate, we have canvassed our ministry to try to determine who may have received emails from or sent emails to Kate Trotter but without actually searching all 1400 employees we will not know exactly who has records and how many pages we would have.

We recommend that the applicant process their request with GCPE as it would involve asking Kate Trotter to search her outlook for her sent and received (as opposed to canvassing our entire ministry to search through all of our outlook emails).

If the applicant would provide a topic of interest or specific program area we could perhaps reduce the fee.

Thank-you,

Hello,

## New FOI Request Received

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). You'll note that the attached request has been redacted to remove information that would identify the applicant.

**Legislated Due Date: June 27, 2016**

## What Do You Need to Do?

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the **IAO Business Team Mailbox** by May 19, 2016. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process. IAO will advise you if the request is abandoned and closed.
- If no fees apply then proceed with the call for records process. If the request proceeds, please complete the attached Call for Records Form and return it to **the FOI Analyst assigned with a cc to the IAO Business Team Mailbox** by May 30, 2016.
- Send records via email in PDF format. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

## Reminder

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

## Questions and Concerns

Please do not hesitate to contact IAO to discuss:

- whether the records may be routinely releasable;

- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Thank you for your assistance,

Dave Kotorynski

**Minister Request Y/N:** No – emailed response okay

**Topic:** Hwy 17 traffic lights – flexing of signal arm

**Reporter/ Contact:** Ian Robertson - [idr@robertsoninc.ca](mailto:idr@robertsoninc.ca) - 604-943-8801

**Outlet:** Delta Optimist

**Date/ Time received:** Nov. 26 – 1054hr

**Deadline:** not given

Robertson provided a video of traffic signal arm on Highway 17 at 56<sup>th</sup> Street.

It's in a google format so can't be easily opened.

[20151117\\_143907.mp4](#)

The video shows some movement of the traffic signal arm.

**Reporter's Request:**

While it is very early in the winter season and while the winds on November 17 were not strong, they did cause some minor rerouting of BC Ferries. On that same day a video was shot with a cell phone of the traffic lights - suspended above the traffic. The resident's concern, and mine, is that the flexing of the pole(s) as seen on the video seems to be extreme and might well contribute to metal fatigue and short term failure.

**Response:**

On November 17, 2015 winds were, in fact, strong with gusts of 80 km/hr recorded at Vancouver International Airport and stronger offshore.

The mean wind speed in Metro Vancouver is around 20 km/hr so it's reasonable to consider conditions on that day as unusual, and a wind warning was issued.

The signal poles and arms have been installed in accordance with the design, and standard specifications for highway construction in B.C. which take into account factors such as wind.

The design was signed and sealed by a Professional Engineer who followed the standards set out by the Ministry of Transportation and Infrastructure.

There are traffic signals for Eastbound/ northbound/ inbound traffic on #17 at 56<sup>th</sup> Street.

Your plan 12509-2013, drawing R1-006-608 shows three traffic lights to be mounted on the extended pole to control the flow of traffic. I believe this may be one of the poles anchored with a “monster” concrete base.

While it is very early in the winter season and while the winds on November 17 were not strong, they did cause some minor rerouting of BC Ferries. Hello,

## **New FOI Request Received**

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). You'll note that the attached request has been redacted to remove information that would identify the applicant.

**Legislated Due Date: June 27, 2016**

## **What Do You Need to Do?**

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the **IAO Business Team Mailbox** by May 19, 2016. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed.

Once fees have been paid or waived, IAO will contact you to continue the call for records process. IAO will advise you if the request is abandoned and closed.

- If no fees apply then proceed with the call for records process. If the request proceeds, please complete the attached Call for Records Form and return it to **the FOI Analyst assigned with a cc to the IAO Business Team Mailbox** by May 30, 2016.
- Send records via email in PDF format. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

## Reminder

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

## Questions and Concerns

Please do not hesitate to contact IAO to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Thank you for your assistance,
