Good Afternoon,

Please share the email below with appropriate staff.

I do believe that the BC Mining Association has reached out to several Minister's offices with requests to meet. Would you please advise if your Minister has agreed to meet on Feb 26th?

There will be a block of time from 3:30 to 5:00 for group meetings, which I will be sending out next week. If your Minister would prefer to attend a group meeting we can included them into one of those meetings.

There will also be a sign-up sheet going to Caucus next week for the evening reception.
(Note: we do about the Cabinet Committee scheduled for that night)

Thanks
Teresa

Hi everyone,

The Ministry of Energy Mines and Petroleum Resources wanted to bring to your attention that February 26th is Mining Day at the Legislature. There will be a series of events to promote one of our major economic drivers in BC. To show our government's support for the industry we are hoping that all Ministers will welcome the mining delegation that will come to engage the government on the benefits the industry provides the province. You should have already received meeting requests and we are hoping we can have a strong showing.

In addition there will be a reception in the evening at the Grand Pacific.

We are excited to have a strong showing at these events to show that our government is supportive of an industry that supports so many British Columbians.

If you have any further details feel free to reach out to me and our office.

All the best.

Dear Hon. Claire Trevena:

We welcome you as the new Minister of Transportation and Infrastructure for British Columbia.

This letter is sent to introduce (or re-introduce, as the case may be,) you to the British Columbia Coalition of Motorcyclists (BCCOM). BCCOM is an organization involved in safety and awareness for motorcyclists, as well as the rights of motorcyclists in this Province.

BCCOM is a broad-based organization that exists to promote, preserve and protect the safety and interests of all motorcyclists in British Columbia. We are proud that BCCOM has been recognized both provincially and federally through the annual declaration of the month of May as "Motorcycle Awareness Month". Some of the work that BCCOM has been involved with in the past includes:

- participation in government regulations relating to no-fault insurance (an on going topic of concern for motorcyclists), handlebar heights, helmets, and modified and U-build bikes;
- implementation of motorcycle parking areas in parking lots and on-street parking areas, permission for motorcycles to be included in HOV lanes, and assured loading for motorcycles on BC Ferries; and,
- working with municipalities and regional districts on questions and concerns around noisy exhaust (being part of the City of Vancouver Noise Task Force), "no go" zones, repairs for roadways and off-road areas, and Go Green projects (such as emissions testing, pollution solutions and motorcycles as an alternative means of transportation that is green friendly).

We would appreciate being able to come and meet with you to discuss some initiatives we are currently working on within the motorcycling community including; **Lane Filtering, Transferable Plates, Milk Bikes, and Motorcycle Parking for People with Disabilities** at your earliest convenience.

We look forward to working together in the years ahead.

Sincerely,

Tara Briscoe | Operations Manger | BCCOM | 604.580.0111 | www.bccom-bc.com

Good afternoon,

Government MLAs/Ministers have been allotted one (1) seat each for guests to sit in the House on Budget Day, Tuesday, February 20, 2018. Additional tickets will be given to the Opposition Leader's office, the Third Party Leader's office, and the Government Caucus to distribute as they see fit.

Please provide the name of the guest your Minister/Member has confirmed will be attending to the Office of the Minister of Finance. Seats are assigned by name and "no shows" or placeholder names generate a real challenge on Budget Day. All guests that will be seated on the floor in the House must wear business attire.

Please submit the name of your guest no later than Wednesday, February 7, 2018 to Heidi.Reid@gov.bc.ca.

Assigned tickets will be available for pick up by the guest beginning at 11AM on Budget Day in the S.15 . For security reasons the building will be on lockdown. Guests should enter through the front main doors of the Buildings.

Guests must pick up tickets by 1:00PM at the latest and be seated before Question Period, which starts at 1:30PM. Late arrivals cannot be guaranteed seats.

Budget packages will be available in the S.15 after the Budget speech is delivered until 4pm.

Also, there will be a reception immediately following adjournment of the House in the Lower Rotunda on the main floor of the Buildings that everyone is welcome to attend.

Requests for extra tickets: If your additional ticket request cannot be accommodated by your caucus leadership, you can request to be on a waiting list at the Minister of Finance's office. Additional tickets cannot be promised until all the RSVPs are in and we have a sense of final numbers.

Please let us know if a guest has special needs that should be noted so that seating arrangements can be made accordingly.

Thank you,

Heidi

Hello Ladies,

There have been several emails going back and forth on this one over the last couple of days with the PO and SMA's. We are going to lead a joint meeting on this I understand that your Minister's are available on February 22nd. This meeting would likely be 1.5 hrs. Would your Minister's be available on the 22nd at either 11:00-12:30 pm or 4:00 – 5:30 pm. We would also need a pre-brief for this meeting and I'm wondering if your Minister's would be available on Feb. 21st any time after Question Period. I

realize we still do not have our House Duty schedule, however, one of us (hopefully us) will need to find a sub.

Lucy/Heidi, one this meeting has been confirmed, you can let me know if your Minister's would also be available to attend.

Amber, once confirmed, you can let me know if PJH could be available to attend a portion or drop in to the meeting.

Stay tuned! ☺

Thanks,
Connie Roberts

Subject: Request for a Meeting

Good afternoon:

The Chiefs of the Secwepemc RFA are requesting a meeting with the following:

- Premier John Horgan
- Honourable Carole James
- Honourable David Eby
- Honourable Michelle Mungall
- Honourable Scott Fraser
- *Honourable George Heyman (this meeting has been confirmed)*

The meeting request is a follow up to their meetings in September this year at the BC First Nations Leadership Governance Caucus.

The Honourable George Heyman has confirmed a meeting with the Secwepemc RFA Chiefs:

Date: Tuesday, January 30, 2018
Time: 1:00 Pm
Location: BC Legislature s.15 501 Belleville Street
Victoria, BC

For time management purposes, the Chiefs would like to meet with the other Ministers on the same date.

If this is not possible, then a date close to January 30 would be sufficient.

Thank you for your assistance, and I look forward to your response.

This one is currently awaiting Partnerships ADM review. From the incoming, it appears there may be legal matters between the writer and BC Transit and I'd really appreciate the ADM's feedback before proceeding.

Subject: staff and BN?

Sensitivity: Confidential

Hi,

For UBCM meeting on Feb 21, here are the topics they will discuss. Will BN and/or staff be required?

Provision of Effective Funding and Programming

- *Considering local government own, operate and maintain 65% of the infrastructure across Canada, UBCM would like to see funding under Phase 2 reflect this and focus on local government owned, operated and maintained infrastructure projects.*

Development of Fair and Equitable Governance

- *As active participants in the funding programs/projects, Local governments (UBCM) would like to be actively involved in the development and administration of local government programs. Historically, this has occurred and added value to the program. Canada/BC Infrastructure Program, Municipal Rural Infrastructure Fund, and Building Canada Fund are recent examples where UBCM had a more active role in the design and administration of those programs. This included membership on Management Committee, Oversight Committee and in some cases, signatory on the agreement. It also included interaction with UBCM during the negotiation phase with the federal government. It is UBCM's position that including all three levels of government in the development and administration of tripartite agreements adds value and better supports desired outcomes.*

Commitment by Federal and Provincial Government, and

- *The Provincial Government match the Federal Government's funding commitment of 40% for all local government programs/projects*

Commitment by Local Government.

- *Local Government commit to 20% funding share and commit to supporting the implementation of best practices like asset management.*

Craig and Derrick,

Following up on a conversation with Craig last week, I checked the availability of the Chair, Vice-Chair and Executive Director of the Mobility Pricing Independent Commission for a meeting with your ministers the week of February 26. This is to facilitate a conversation ahead of our planned engagement with MLAs on March 7. The only time all three are available is the afternoon of Monday February 26 (after 1:30pm). The Vice-Chair and Executive Director would be available on March 1, up until 2:30pm. Hopefully one of those two timeframes would work for you although we would prefer Feb 26 if possible. I'm copying my colleague Sophia Cote who is coordinating all of our government meetings, and s.22

On another note, I have confirmed that the Commission will be delaying the launch of its next public engagement, originally planned for Feb 19, to Feb 22 or 23.

We are planning some public communication on Thursday for the release of more detailed information on potential decongestion charging approaches that are undergoing further study. I hope to have that content available to share with you tomorrow.

Thanks,
Anna

Subject: UBCM Executive Outreach Meetings: February 21-23

Colleagues,

The Union of British Columbia Municipalities (UBCM) is holding its annual UBCM Executive outreach meetings with government (previously known as UBCM Advocacy Days) in Victoria, February 21 – 23. Your Minister's office has likely already been contacted by Minister Robinson's office.

While gathered in Victoria, members of the UBCM Executive team will seek to meet with Ministers, Parliamentary Secretaries, Caucus Chairs, MLAs from all parties, and others to raise awareness of, and begin or continue dialogue on current key priorities identified by UBCM's membership.

This year's three key priority areas are:

- Housing
- Infrastructure
- Mental Health

Your Minister may receive an invitation to attend a meeting with members of the UBCM Executive to discuss these priorities. Thru our Minister's office, MAH will provide a coordinated document on those topics with key messaging in early February to your MO's.

In addition to these three general priorities, UBCM sends invitations to those Ministers whose portfolios are directly related to their UBCM Executive Policy Committees:

- Community Economic Development
- Community Safety
- Environment
- Indigenous Relations
- Healthy Communities

MAH Ministry staff (along with staff you deem to be in attendance with your Ministers) may attend the meetings as a resource to coordinate UBCM requests and update Minister Robinson.

UBCM will also host an all-party reception on Wednesday evening, February 21 at the Hotel Grand Pacific, 7:00 – 9:30 pm. This will be the fifth time UBCM has hosted this annual gathering for all members of the Legislative Assembly and the event is traditionally very well attended.

Invitations are expected to be sent this week from UBCM.

Hello Lindsey,

I noticed you've added a Log note to 273751, mentioning that s.22 has phoned the MO regarding his concerns around Highway 1 conditions and maintenance, and the lack of response.

I've included s.22 emails here for reference.

Earlier today, Writing Services asked local staff to contact s.22 directly to discuss his concerns. In the meantime, we will proceed with a Minister's response and include the outcomes of those discussions with staff.

That being said, is there any further direction from your office, or anything we should be aware of, given your conversation with s.22

Thanks very much,

To The Honourable Minister of Transportation and Infrastructure, Claire Trevena

As you might recall, we spoke briefly at UBCM about my work to provide safe active travel and recreation opportunities on the Comox Road, between Courtenay and Comox.

The CVRD Integrated Regional Transportation Select Committee holds representation from The K'omox First Nation, Town of Comox, City of Courtenay, School District 71, Ministry of Transportation, and The Accessibility Committee.

We have created, a vision for the people that I'd like to share with you so that we may work together to remove any potential road blocks. Below you can see the attached renderings of the vision.

I respectfully request the opportunity to meet with you to further explore how we may work together to champion this vision to a successful reality.

Dear Mr. Main,

We are the Progressive Contractors Association of Canada (PCA) and we represent large construction companies such as Kiewit, PCL, Flatiron, Ledcor, JV Driver and over 100 others, some of whose head quarters are in BC and most of whom do work in BC and employ thousands of British Columbians. These companies have built much of Western Canada's major industrial projects (such as CNRL Horizon, Imperial Oil Kearn Lake, Suncor, Husky Sunrise among others), infrastructure projects (such as the Port Mann Bridge and Sea-to-Sky highway in BC and the Stoney Trail NW section in Edmonton) and commercial projects (such as the Bow tower in Calgary).

Of note, our member, PRHP, is the prime contractor on Site C employing close to 1,000 people on site.

We would very much like to meet with you and share our members' common vision of 'progressive labour' and how this vision results in higher productivity, innovation and job creation through greater cooperation, collaboration and competition. We would also like to share how our members could provide significant value and create jobs on upcoming large-scale infrastructure projects.

Depending on the availability, the attendees would be:

- Paul de Jong, President, PCA
- Darrel Reid, VP Western Canada, PCA
- Rieghardt van Enter, BC Regional Director, PCA
- Mike Martens, Director of Public Affairs, PCA
- one or two representatives from the companies listed above

Rough agenda:

1. introduction to our organization and our unique approach
2. discuss your party's strategy in regards to infrastructure development and energy projects, and how this relates to the construction industry
3. discuss how our organization and our members can assist you and the BC Government in reaching your goals and building the prosperity of all British Columbians.

Let me know if you require any other information and when you would be available to meet.

Thank you,

Hello MAs,

The Union of British Columbia Municipalities (UBCM) is holding its annual **UBCM Executive outreach meetings** with government (previously known as UBCM Advocacy Days) in Victoria, **February 21 – 23**.

While gathered in Victoria, members of the UBCM Executive team will seek to meet with Ministers, Parliamentary Secretaries, Caucus Chairs, MLAs from all parties, and others to raise awareness of, and begin or continue dialogue on current key priorities identified by UBCM's membership.

Your Minister may receive an invitation to attend a meeting with members of the UBCM Executive to discuss their priorities. Please let us know if you plan to schedule this meeting.

While booking meetings on these dates might prove challenging, we'd like to encourage you to consider finding a time to meet with the UBCM Executive. We have flagged for UBCM that it will be very difficult for Ministers and MLAs to leave the precinct during sitting days and can support you in booking a room large enough (~ 10-20 people) for the meeting here in the Legislature.

MAH Ministry staff (along with staff you deem to be in attendance with your Ministers) may attend the meetings as a resource to coordinate UBCM requests and update Minister Robinson. Please also let us know if this will not work for your minister and we will adjust accordingly.

We will provide you with a coordinated document on relevant topics with key messaging in early February.

UBCM will also host an all-party reception on Wednesday evening, February 21 at the Hotel Grand Pacific, 7:00 – 9:30 pm. This will be the fifth time UBCM has hosted this annual gathering for all members of the Legislative Assembly and the event is traditionally very well attended.

Invitations are expected to be sent this week from UBCM.

Let me know if you have any questions.

Daniela

Hello Susan,

I just received a call from a private citizen and she stated she had emailed the Minister and the MLA office on November 11th and today (Feb 2). I checked in with Lynne and she forwarded the email below. I did speak with the individual in December and mentioned that she call the district office and that it does take a little time to receive a response, but she will receive one. I cannot find her in CLIFF.

Today, I told her that I would be back in touch to either give her direction or let her know where we are with our response.

Advice and/or direction would be greatly appreciated.

I had thought of sending this to Area Transportation Managers as well, but I will leave that to you at this point.

2 February 2018

The Honourable Claire Trevena
British Columbia Minister of Transportation and Infrastructure

Dear Claire Trevena,

I wrote and sent you the letter below on November 11th, when there was still time last Fall to place the rocks before the snow set in. When I did not hear back from you, I called your office and spoke to Lindsey at Phone: (250) 387-1978, who assured me she would look into it and get back to me. This has not happened.

The snow in Vallican has been piling up fast, and the brief warmer weather has not stopped the onslaught, and according to the Weather Network: B.C. doubles its snowpack in just two weeks, another 50+ cm coming.
<https://www.theweathernetwork.com/news/articles/flood-threat-diminishes-british-columbia-snowpack-doubled-fourteen-days-mountains-vancouver-island/94682/>

People on Indian Point Road are concerned with what this will mean in this year's Freshet (when all the snow melts and comes tumbling down the clear cuts, dragging trees and other detritus along with it and turns into a raging torrent of flood, smashing all in its path), s.22

s.22

s.22

but a larger solution must be brought in to protect both the house and Indian Point road from being taken out.

In my letter below I speak of the issue of Emergency Preparedness, and how important it is that that means dealing with issues to ensure that the emergency does not take place, not trying to find ways to mop up after the road is destroyed and people have been evacuated while their homes are destroyed.

The newspapers suggested that this government was looking into changes in this policy, based on the lack of preparedness that allowed floods and wildfires to ravage huge areas of our province this past year. We here in Vallican cannot wait for the wheels of the government to come to terms with this through panels and research.

There will be a very small window sometime in March or early April when the snow will be melting and the ground will still be frozen enough to support the rocks being delivered and machinery brought in. This will allow it to be placed on the banks opposite where the giant log jam has created an S curve sending the water shooting directly at those banks and the road behind it, taking out everything else in its path.

The time to act is now, to set these wheels in motion to do this work quickly, when it becomes possible considering the weather.

Thankfully, the work that is being done just west of Tagum on Rte 3A & 6 (that created all the rock needed to rebuild the bridge and highway at South Slokan) shut down for the winter with a significant portion still to be excavated and moved. How about just moving a portion of it to Vallican near 3922 Indian Point Road?

Please get back to me s.22

and do not keep us

hanging.

This final edit of The Rocks will be going to press shortly, as is, and it would be great to be able to put a better ending on it.

I will be in New Westminster this Saturday and Sunday. It would be great to follow this up with a conversation. Cell:^{s.22} (Cell only works when I am out of the Slokan Valley, when at home: ^{s.22}

With appreciation for the work that you do,

From November 11, 2017

Hi Claire,

Here is the whole story as it has reached last week. Andrew Bellerby, Head of Emergency Services at the Regional District of Central Kootenay received it and passed it around his staff, and told me so with a smile.

I hope that, as per our conversation at Convention, you can help me write a new ending. Katrine's office also received a copy, and tried to make something happen. As a result of that, a couple of weeks ago Terry Anderson, of FLNRO came out to take a second look, said, "Wow, this is serious!" but affirmed they could do nothing til the road was actually taken out.

The log jam has grown to 10 times its size since the aerial photos taken in May forced the evacuation, and different ministries have come out to look, but it always seems to get stopped at Highways, when they say that until the road is actually taken out, they can't act.

During our conversation at Convention regarding the notion of emergency preparedness and the need to act to avoid the emergency occurrences, I outlined the situation on Indian Point Road in Vallican that I have been working on with the^{s.22} since May. We have dealt with Andrew Bellerby, (Head of Emergency Services at the Regional District of Central Kootenay) a good cooperator, and have been trying, fairly unsuccessfully, to work with the area manager of Highways; and with a couple different folks at FLNRO, the last being Terry Anderson, who was most cooperative in telling^{s.22} why it could not be fixed before the next freshet took out the road and their house at

Hi,

This individual called the office on Friday and presented as frustrated regarding a matter that she already has a response for. I asked Susan Paton for more info prior to calling her back and this is Susan's/MOTI's advice:

- Continue with the reply direct request from region staff. Escalate as needed.
- Prepare a response from either Highways executive to provide s.22 with the information.

Which option is your preference?

Ministry staff have advised that they provided information to the Regional District of Central Kootenay and that the Regional District responded November 1 to both s.22 and her neighbour, s.22. Additional information is enclosed.

While Ministry staff advise they can provide a response to s.22 with similar information previously provided, s.13

Hi Lindsey,

Thanks for your patience while I reached out to our policy analysts for a more in-depth answer to your question.

In terms of infrastructure and transportation, the UBCM Executive will be outlining its core position with regards to Phase 2 Infrastructure funding which includes the four key points below.

Provision of Effective Funding and Programming

- *Considering local government own, operate and maintain 65% of the infrastructure across Canada, UBCM would like to see funding under Phase 2 reflect this and focus on local government owned, operated and maintained infrastructure projects.*

Development of Fair and Equitable Governance

- *As active participants in the funding programs/projects, Local governments (UBCM) would like to be actively involved in the development and administration of local government programs. Historically, this has occurred and added value to the program. Canada/BC Infrastructure Program, Municipal Rural Infrastructure Fund, and Building Canada Fund are recent examples where UBCM had a more active role in the design and administration of those programs. This included membership on Management Committee, Oversight Committee and in some cases, signatory on the agreement. It also included interaction with UBCM during the negotiation phase with the federal government. It is UBCM's position that including all three levels of government in the development and administration of tripartite agreements adds value and better supports desired outcomes.*

Commitment by Federal and Provincial Government, and

- *The Provincial Government match the Federal Government's funding commitment of 40% for all local government programs/projects*

Commitment by Local Government.

- *Local Government commit to 20% funding share and commit to supporting the implementation of best practices like asset management.*

Also, in terms of your instructions about directions to the meeting, in the past, when our Executive members have been in the Legislature already, they have simply gone to the room or office in question at the meeting time. Should this be the case this time, should they go back down to the security desk or can they head straight to the Minister's office, room 305?

Please do not hesitate to contact me should you have any further questions or concerns.

With best regards
Sasha

February 20 2018

Attention to Honourable Clair Trevena

Minister of Transportation and Infrastructures.

Dear Minister Trevena

I am writing on behalf of Friends of Strathcona Park (FOSP). We met with your constituency associate Lynne Stone and Comox Valley MLA, Ronna Rae Leonard here in the Comox Valley last fall and also with Scott Frazer, MLA Alberni and Clayoquot Sound last month. One the topics discussed was the access to the Bedwell valley. We were advised at both meetings to discuss this issue with Honourable George Heyman as well as with you.

We met with Honourable George Heyman 2 weeks ago. Amongst other things, we also discussed the access of the Ocean to Alpine trail which runs from the mouth of the Bedwell River in Clayoquot Sound to the heart of Strathcona Park and down to Buttle Lake. The west coast access of this trail is at the mouth of the Bedwell River outside Strathcona Park. An existing old mining road has been the access to the Bedwell Valley for almost 100 years. There are now 2 privately owned parcels of land at the location of this original road. The Friends of Strathcona Park have strong reason and evidence that the original road (built for mining and later logging) was built with public money and was stated to be a public road in 1995.

In discussion with George Heyman and his ADM Jim Standen we were encouraged to also connect with you on this issue, as it is in your jurisdiction as an official road.

Currently we are also engaged with Don Cadden Regional Manager for BC Parks and Strathcona Park on this issue.

As this access involves a public road going through private land, we are seeking a guaranteed public access from the Bedwell inlet tidewater up to the Strathcona Park boundary. We would like to meet with you at your earliest convenient time to discuss your needed assistance in making this a reality. We will bring along our reasoning and supportive documents in this meeting.

We are asking for your assistance to declare this road a public road giving the public full access to the use of this road. We are willing to travel to Victoria to discuss this matter further with you and provide further clarifications. Alternatively we also can meet at your office in Campbell River if that is possible in your status as Minister of Transportation

Thank you for considering our request,

Yours truly

For FOSP

Marlene Smith

Good morning Lindsey,

Thank you for your email. March 2nd sounds great, I have confirmed with Matt and he will be reserving the day for Minister Trevena. As we had mentioned in our initial email, we wanted to propose a meeting in the format of a small-scale roundtable discussion, where approximately 10-15 Chamber members will be invited to join in the discussion with the Minister. Attendees will all be involved in work that is relevant to the Minister's portfolio, and this was also the same format that we had previously pursued for our meetings with Minister Popham, Minister Ralson and Minister Chow. For your reference I have included a sample agenda of one of the previous roundtables below:

11:15am	Attendees and the Ministers arrive
11:30am	Introductions and Opening Remarks
11:40am	Update from Minister
12:10pm	Roundtable Discussion (<i>Moderated discussion, idea sharing and Q/A with the Ministers</i>)
12:55pm	Closing Remarks
1:00pm	Event Concludes

There is of course flexibility with this as we can work around the Minister's schedule or preferences. If you would like, I believe Matt would also be glad to discuss details over the telephone with you to answer any questions or concerns.

Dear Geoff,

I write to request an introductory meeting with Premier Horgan to discuss some of the developments and issues surrounding ferry service in coastal British Columbia. We have been having good dialogue with Minister Trevena and would appreciate the opportunity to expand on some of these matters with the Premier and hear his views.

Thank you for considering this meeting request. We look forward to hearing from you.

Kind regards

On it. We will work with that time frame and ensure delta is informed to meet on site. There is no PPE required other than what our local maintenance contractor will provide. We won't be travelling to the lower subsurface but there will be an opportunity to see some of the equipment. We have also cleared the day for Grant Smith (Area Manager) to your drive the Minister if required for the day. Let me know if that is still required. If so, some details on where the events are would be helpful.

Thank you.

I am checking with the team and will get back to you. I know we were trying to work around the Minister's agenda as I believe there other scheduled meetings pre and post tour. Do you know if there is an updated itinerary on that front? In the meantime, we were touching base with the City Manager's office in Delta to ensure there team is aware of the scope of the tour and logitics of how to get there.

Hi Alisma – Katie has mentioned this upcoming event that minister Trevena will be attending & speaking at:

March 2 – Mayor's Economic Roundtable

<http://www.delta.ca/your-government/news-events/news-releases/2016/01/29/mayor-lois-e.-jackson's-2016-economic-breakfast-forum>

Do you have further details on this event?

Time? Location? Meeting room? Audience? Contact person? How many minutes of speaking notes will you require?

Katie says she has the themes/ topics of the speech already – so just needing the logistics.

FYI this one will be assigned to Senior PAO Craig Chambers – as he has the capacity to write a speech and the other officers have their plates full at the moment.

Hi Lynne,

It is not in CLIFF and we did not receive this. I asked the Minister about it and she said that it should be marked as an FYI. She may go if she goes to Courtenay that day. She said to leave for Mary.

Moving forward, would you mind just checking with Jacqueline and myself, instead of going into the spreadsheet. A few weeks ago it became corrupted and we had to get Premtech to fix it and they couldn't so we had to use an old version and go from there. He said that it may be because of multiple users, so just to be on the safe side we are going in it one user at a time. Thanks.

Subject: Estimates

Hey everyone,

With estimates slated to get underway I wanted to give a brief run through of how it works and what is scheduled so far.

How it works:

For those that are unfamiliar with it, estimates is the main way in which opposition gets to ask questions about Government finances. Estimates occurs in "Committee B" (also called the big house) which takes place in the main chamber, and in "Committee A" (also called the little house) which takes place in the s.15.
The opposition gets to nominate three ministry estimates to take place in the big house and all others occur in

the little house. During estimates, your minister will answer questions from the opposition on almost anything that refers to the ministry.

Your Minister must be present for the duration of their estimates and you should coordinate with your DM's office to ensure your Minister is appropriately briefed ahead of time and that the required ministry staff are present during estimates. On that note, if you have specific concerns about the order/timing of individual topics, crown corporations, etc, please reach out to your opposition critic to coordinate.

The schedule:

The little house will begin estimates this Thursday and continue until all estimates are complete. Below is the order in which ministries will do estimates, the approximate time the opposition thinks they will take, and a tentative schedule for next week. Also attached is how long each Ministry took last year for you to have a rough idea of how long to expect.

Little House/Committee A S.15	Big House/Committee B S.15	Order
Order <ol style="list-style-type: none"> Public Safety & Solicitor General (approx. 10 hrs) Agriculture (approx. 4 hrs) Education (approx. 6 hr) Forests, Lands, Natural Resource Operations & Rural Development approx.
