Lisa

Attached is a revised version of the presentation for gmtrp this afternoon. Could you please review and update as needed – note that the last slide is confusing on dates as I couldn't figure out what year some of the milestones are <sup>s.12,s</sup><sub>s.12,s.13,s.17</sub>

I would suggest preparing 7 copies of the slide package minus the last two slides and then print off separately copies of the last two slides if we want to bring forward.

Thank you!

Patrick

MO has asked that we provide records – but withhold as cabinet confidential. Also to include a preamble to the applicant – that the report is currently under consideration of the government and we are seeking direction from Cabinet about the release.

Thanks Jen and Dallas,

Yes, we would need to provide the report to IAO and ask for it to be withheld under section 12 as it is going to Cabinet/TB.

This will be the same for similar request TRA-2018-86224

Records are due by September 17.

I will confirm approach tomorrow through Grant – but suggest that this will be a full access denied. Before releasing any reports – it is in our mandate letter than we need Cabinet/TB approval. s.12,s.13,s.17

Hi Lisa,

For our outgoing correspondence on GMTRP the letter currently has the below paragraph included. My question is do we want to continue saying *in the fall* or should that be updated now? That has been what we have been sending out in the recent weeks but I feel it should be updated and looking for your thoughts.

*I am now thoroughly reviewing the report to consider its findings and possible next steps. In the fall, I will discuss the findings with Metro Vancouver and the region’s mayors to ensure that any future direction on the tunnel crossing is supported by the people in the region. I appreciated the opportunity to review your comments, and I have shared your email with the project team for their information.*

Thanks,  
Dallas
