Subject: FOR APPROVAL - TRAN Media Request: Minister interview request - podcast - ride hailing

Hi Will and James,

For consideration and your approval, please. Richard Zussman and Keith Baldrey are hoping to interview Minister after the long weekend about ride hailing. This would be a good one for her to do, but recommend she take this after cabinet discussions, so perhaps some time on or after Sept. 7. We can, of course, provide messaging to get her prepared. Please confirm if she will be available to take this.

Thanks,
Danielle

Note deletions in address block.

In my opinion, if we jump out there now without giving them at least a day to respond, we will lose credibility.

If they don't respond in some way by tomorrow, then I would suggest that it may be time to "take the gloves off".

I am very disappointed in Claire not at least sending the standard auto response that all Ministers use to acknowledge receipt. I got one from Dix both times (almost immediate and really means nothing). But I do think it is weird.

So, s.22 et al, get ready but hope we don't have to go that route.

Jim

Sent from my iPhone so please excuse my fat fingered response

You are certainly trucking the mail on this one. Greatly appreciated. Looks like they are either (1) indifferent, (2) are getting ready to point fingers at each other, or us, or (3) waiting till deadline and then saying to us "here's all we've got. You've got to make do...or raise your own cash"

Are we at the stage where we should point fingers first? Or would this be counterproductive?

Perhaps David or Blake might be able to draw on past experiences in this type of situation.

On Aug 2, 2018, at 8:00 AM, Jim Abram <jimabram@xplornet.ca> wrote:

Good morning to all...

As the elected representative for Electoral Area C of the Strathcona Regional District, I am once again writing to you concerning the imminent closure of the Quadra Island Medical Clinic. My last email (included below) expresses our feelings of desperation and the urgency of a resolution to this situation.

I would note that I sent the request to all of you on Monday and with today being Thursday I am quite concerned that I have not had a single response from any of you. I find this very concerning when I have clearly pointed out in the previous email that we are reaching our absolute deadline for resolution.

The requests are clear and the letter that will be released publicly is clear.

I would respectfully request that you respond to my email.

Our dedicated group of volunteers that are working on this, our medical professionals and our community (my constituents) deserve an answer.

I look forward to your response in the immediate future.

Thanks in advance for your attention to this urgent matter.

Respectfully,
Jim Abram
Director, Area C
Strathcona Regional District

On Jul 30, 2018, at 10:42 AM, jimabram@xplornet.ca wrote:

To all concerned:

I am writing today as the Electoral Area Representative for the Strathcona Regional District, Area C (Discovery Islands - Mainland Inlets) regarding an extremely urgent matter that needs immediate action by Island Health and the Ministry of Health. As you will read below, the Quadra Island Medical Clinic will be closing its doors at the beginning of November. This will create an incredible void in the available medical services on Quadra island.

I have included below a short executive summary of the problem and our request to temporarily solve the problem. It requires the cooperation of both Island Health and the Ministry and would cover a period of approximately 14 months. The request is not a very large one and need not be considered precedent setting. It is an emergency.

As the representative of Area C, I represent the people served by this Clinic. Extreme hardship will be imposed upon them by this closure and excessive cost will be borne by the Ministry through the need for additional travel to Campbell River and the use of the Travel Assistance Program forms that will then be charged to the Ministry and paid to BC Ferries. As outlined below, our operational shortfall could be up to a *maximum* of \$100,000.00. This pales in comparison to the *minimum of approximately \$230,000.00* in Travel Assistance Program forms that the Ministry will need to fund due to the closure. I realize that Island Health does not necessarily have the funding for this operational request and that is why I am asking the Ministry to step in and help in this desperate situation. We need time to explore alternatives. We cannot do that without *commitment* of funding from both Island Health and the Ministry.

We have had commitments from Island Health for most parts of this request but we need commitment for *all* parts as listed below. We need that commitment immediately as our time has run out. I am including the letter that Dr. Boegel is required as a doctor to send out to her patients 3 months prior to her closing of the practice. This letter will be a public document and will certainly be noticed by the media. The issue has already been in articles in the local paper. This letter will be the definitive word on the closure. We all need to work together collaboratively to provide the service we are requesting, hopefully prior to this letter being released.

I would hope that you will be able to respond to this email right away. We have no time left, through no fault of our own.

Thank you for your attention to this extremely important matter.

Respectfully,

Jim Abram

Director, Area C, Strathcona Regional District

Mary Boegel

<Executive Summary_20JUL2018 .pdf>

August 15, 2018

Dear Patients and Quadra Community,

It is with great sadness that I must inform you that I will be closing the Quadra Island Medical Clinic on November 15, 2018. Since announcing my retirement last winter I have attempted to find a physician to replace me and Dr. Kellerhals at QIMC. In those early months, as my recruitment efforts progressed, it became clear that it was not possible to recruit a physician interested in taking on the ownership and management of the clinic. As time went on without a likely successor, I asked a group of interested community members to form a working committee with the idea of forming a Health Society to assume ownership and management of the clinic at the time of my departure and to collaborate with Island Health and the Ministry of Health to financially support the Society toward this end.

The working group has held a community forum and has sought and received widespread community support. They have invited and welcomed the active involvement of our Regional Director, Jim Abram, sought the support of our MLA, Claire Trevena, met multiple times with Island Health representative Dr. Tom Gornall, met with representatives of the We Wai Kai Nation, including Chief Brian Assu, and Kwakiutl District Council Health Director for Campbell River, Kim Roberts, and consulted with the local Divisions of Family Practice administrator, Christine Colbert. They have received the support of Harbourside Medical Clinic in their efforts. They have researched the new Ministry of Health concept of serving communities by creating Community Health Centers that would house Patient Medical Homes, which could offer a wider scope of health services on Quadra. They have researched the expense to the Ministry of Health and to Island

Health of the potential loss of medical services on Quadra including costs to the Transportation Assistance Program and emergency services provision at Campbell River Hospital. They have officially formed the Quadra Island Health Society to carry on the work of the clinic and to investigate plans for ongoing health services for Quadra and the Discovery Islands.

After this extensive effort, I and the working committee have presented a concrete proposal to Island Health requesting, first, that Island Health apply to the Ministry of Health for authorization to allow the clinic to be staffed by a full-time locum physician during 2019 and, second, that Island Health subsidize the Health Society financially to cover expenses that might not be met by the income of the clinic during the transitional year. During the consultation process described above, I have received promises of support from Dr. Tom Gornall, who was assigned to represent Island Health in working with me and the committee. I have sought, contacted and received interest from physicians who would be pleased to share the extended locum position we seek.

Despite promises of support, Island Health has yet to apply to the Ministry for the extended locum position or to commit to provide the modest financial support requested to allow the Health Society to take on the financial obligations of the clinic. I had hoped to leave the clinic, which has provided not only physician services, but also lab and mental health services, in the hands of the newly formed Quadra Island Health Society. But, without a commitment of support from Island Health, the Society simply can't assume this burden.

I want to thank all my patients for the great gift you have given me, the joy of serving as your physician. I want to especially thank the committee members and Jim Abram who have worked so hard in the last months to maintain ongoing and create even better health services for our Quadra and outlying island communities.

With deep appreciation,

Waters, Leah TRAN:EX

Subject: Tours

Hi all,

Just following up on tour ideas from this week:

1. Possibly adding on to the Roadbuilders even with a half day around Kelowna (west side road etc) 2. One/two days highway 16 and 5 (PG to Kamloops) 3. Highway 1 to meet First Nations (ahead of the leadership gathering) 4. the launch of the new inland ferry

And there was the mental note to do something more on the already announced good news issues around the Kootenay (Slocan overpass etc).

I wonder if we could also do a check on which Ministry offices I haven't yet visited: it would be nice to build around that.

Will, I may be missing somethings so feel free to add.

Thanks.

I've just had a useful call with Chastity Davis (advisory council of indigenous women) about the loss of Greyhound, s.13
s.13

I just throw that in the mix as s.22

Hope the shipbuilding conversation went well today - we had a great tour of John Harding's shipbuilding enterprises: fantastic! I look forward to the launch of the Harrop ferry.

Best

Claire
