Subject: improper Vehicle Inspection

Contacted Facility owner Gordon Rees Chisholm , concerning an Inspection that this facility conducted on August 27,2018. This inspection was on a 2007 Peter-Bilt plate # LP5890 inspection report confirmation # 12937 Arrived at Facility around 3:45 pm and reviewed the inspection report with Mr Chisholm. MacMillan asked the inspector if all items on truck had passed inspection criteria to which Mr Chisholm stated "yes a good clean truck". Mac Millan then asked Mr Chisholm if he remembered the reason for the inspection, he stated that the truck was referred to him by a close friend and it was a inspection due to the expiry date of the old inspection. Mac Milan advised that the Vehicle had an outstanding Notice and Order. It was suggested by Officer Mac Millan that the customer / owner of the 2007 Peter-bilt be contacted and an re inspection be conducted based on the violations raised in the Notice and order. A violation ticket was issued by Mac Millan , however as this Facility has not received any enforcement actions in the past and the owners willingness to correct Mac Millan may consider officer discretion once the vehicle has been re inspected. Mr Chisholm will contact MacMillan on August 31,2018 with the results. MacMillan will if possible meet at the facility to view the vehicle.

Brown gave Mr Chisholm copies of the Federal Lighting Standards for Trucks and Trailers to review.

On August 31,2018 Officers MacMillan and Brown viewed the vehicle in question and found that all items noted on the Notice and order dated August 23,2018 had been or was being corrected . Minor issues such as length of conspicuity tape was corrected at shop.

Mac Millan withdrew Violation Ticket.

Time in 12:55 Time out 13:25.
