HiWill,

Can you let me know if we are OK to land on this language?

Last year, government froze ferry fares on major routes, reduced fares on non-major routes, and brought back the 100% weekday seniors' passenger fare discount from Monday to Thursday. This year, government will maintain its freeze on ferry fares, and discounts on minor and northern routes, helping the 22 million people who use BC Ferries each year.

Wow - didn't think you'd write it! Do we have names?

On Feb 6, 2019, at 22:45, Beale, William TRAN:EX <[William.Beale@gov.bc.ca](mailto:William.Beale@gov.bc.ca)> wrote:

1. Individual note to staff (Mike Lorimer or Paula Cousins would need to supply list of names)

I would like to take a moment to say thank you for all your hard work, as well as that from the entire team, to have Highway 97 reopened as soon as it is safe to do so. I know a task of this magnitude requires a complete team effort, and that rock blasters and scalers, geotechnical engineers, traffic control personnel and many others including the maintenance contractor are not only working on an unstable rock fall, but are doing it day and night, during freezing cold conditions.

I appreciate the work you're doing, and understand the toll this is taking. Maintaining safe highways for the people of B.C. is crucial, and we are all lucky to have such dedicated professionals taking care of us.

Or ...

## 2 Broader note to ministry:

On Thursday, January 31, a significant rock slide occurred on Highway 97 north of Summerland. While the road initially remained open to two lanes of traffic, more rocks and debris came down over the next two days, completely closing the highway. This was a big rock fall event, with nearly 6,000 cubic metres of rock and debris coming down - that's more than enough to fill two Olympic-sized swimming pools! The highway has now been fully closed for five days, and the site remains too unstable to safely remove the rock and get traffic moving again.

I would like to take a moment to thank all the people that are doing everything they can to have the highway reopened as soon as it is safe to do so. This includes the maintenance contractor, rock blasters and scalers, geotechnical engineers, traffic control personnel and many others. Not only are they working on an unstable rock fall, but they are doing it day and night, during freezing cold conditions.

While they may feel like this is a "thankless job", that's definitely not the case for myself and the rest of the staff at the ministry. We appreciate the work you're doing, and understand the toll this is taking. Rock scaling and blasting are treacherous jobs at the best of times, but with a slide of this nature, these workers are really going above and beyond.

Maintaining safe highways for the people of B.C. is crucial, and we are all lucky to have such dedicated professionals taking care of us.

**Subject:** Mining Day at the Legislature Invitation

Mining Day at the Legislature is taking place on February 25, with more than 50 representatives from BC's mining industry coming to Victoria to discuss the issues impacting this important sector.

All Ministers and MLAs are encouraged to attend the 2019 Mining Day at the Legislature in order to meet directly with senior representatives from British Columbia's major mining companies, advanced projects, and mining supply sector.

The B.C. mining industry is foundational to the province and represents \$11.7 billion in economic activity, 30,000 direct and indirect jobs across all regions of the province, and more than \$859 million in contributions to governments, supporting B.C.'s childcare, education and healthcare services.

Meetings can be confirmed by email to [kalyx@nnwcommunications.ca](mailto:kalyx@nnwcommunications.ca).

Hello William,

I would like to personally invite you to a very special event in Victoria on Sunday Feb. 10, 2019 at the Royal BC Museum at 6:30pm.

A group of Australian aboriginal Rangers are touring Canada speaking about their personal experience working with the Rangers Program.

The Rangers Program has been operating for over fifteen years with tremendous success, and 'out of this world' impacts on environmental stewardship, rural employment in indigenous communities, economic development, as well as health and social services outcomes that have changed lives and entire communities.

We would love to see you at this important event.

There will be a reception from 6:30 - 7:30pm and a welcoming dinner from 7:30- 9:00pm. Please come and join us for food, stories and inspiration.

If you have any questions, please contact me at <sup>s.22</sup>

PLEASE RSVP to <sup>s.22</sup>

Best, to

Virus-free. [www.avg.com](http://www.avg.com)

On Feb 5, 2019, at 16:14, Beale, William TRAN:EX <[William.Beale@gov.bc.ca](mailto:William.Beale@gov.bc.ca)> wrote:

Calling Mike to see if they will open tomorrow.

- Safety is our top priority, and we will have the road reopened as soon as it is safe to do so.
- Drilling and blasting has occurred at the site over the past few days and continues today.
- This is a very complex and active rockfall site and geotechnical experts remain on site trying to stabilize the slope to allow for the safe reopening of the highway.
- There are currently 10 rock scalers, a rock hammer and 2 excavators on site, along with *off* highway rock trucks hauling material *off* site following the blasts.
- The ministry will be determining road opening options based on the progress that is made today.
- An alternate route for light vehicles (5 tons or less) is available on the 201 Forest Service Road, which is accessed off Highway 33 near McCulloch Road in Kelowna, and via Warren Avenue/Carmi Avenue in Penticton.
- The road is in good driving condition. Road maintenance vehicles will be actively working on the 201 Forest Service Road to ensure continued safe road conditions.
- Drivers using this route can expect up to an additional 90 minutes travel time. The speed limit along the 201 Forest Service Road is 50 km/h, and people must drive with caution along this route, which does not typically experience a high volume of traffic.
- Travel using other alternate unmaintained routes is not recommended and is being discouraged for safety reasons.
- Larger vehicles and commercial trucks must detour via Highway 97C, Highway 3A and Highway 3A to Highway 3.

## **Deadline ASAP**

### **Request**

I'm wondering if the Transportation Minister is available to chat about the section of the TCH where someone was killed yesterday (near Leigh Rd). This is the second fatality at that same spot in just a month. I understand there are plans for barriers from Westshore Parkway to Finlayson Arm Road on the Malahat, but are there any safety improvements planned for the Leigh Rd section? If not, will it be reviewed now that there has been 2 fatalities here in the past month (the other was January 8).

**Deadline ASAP**

**Request:**  
Reporter would like a comment from the minister in response to Canada's Competition Bureau calling on BC to take another look at taxi regulations, with an eye to opening up the industry to competition. A report from the bureau says the provincial government committee reviewing transportation services should level the playing field for taxis and ride-hailing providers.

**Proposed response:**

People have been asking for new ride-hailing services in British Columbia for seven years, however the former government failed to act. That's why during the last session, we passed legislation that will enable ride-hailing services in the province. Companies will be able to apply to enter the market by this fall.

It is important that the regulations are created in a way that ensures the safety of British Columbians, and prevents significant growth in congestion like that experienced in other jurisdictions which have introduced ride-hailing, like New York and San Francisco. These are top priorities that must be considered to get this right for people.

The committee will present recommendations after hearing from a wide range of experts, including input received by the Competition Bureau. I look forward to receiving their report by March 31st.
