Subject: New FOI Request - Fee Estimate Due: June 13 | TRA-2019-93464 | Records of any and all emails, text messages, etc. sent from the Minister/Minister of State

Good afternoon,
(this file is assigned to Rachelle Hartley)

We've received a new FOI request from a *Political Party* as an applicant seeking the following records:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Minister/Minister of State.

(Date Range for Record Search: From 12/01/2018 To 12/31/2018)

This is a x-gov request: XGR-2019-93404

Please complete the fee estimate below:

1. Will you have responsive records? Y/N _____
2. If yes? How much time in hours? (best guess**) _____
** **Note:** if more than 3 hours, please provide rationale below:
3. Approximate number of pages? (5, 50, 500) _____
4. Are you aware of any other program areas or other public bodies that should be advised of this FOI? If yes, please provide _____

The fee estimate is due by **June 13**. If MTI FOI advises 'no fee', records are due by **June 18**.

Claire- Excellent work!! Much needed legislation to improve safety. I witnessed firsthand in Kits a party bus stuffed to the rafters with young people, and did not know how to report or prevent it ...

All the best s.22

PS Cannot resist taking the opportunity on this note, however, to express much disappointment with the foot dragging on ride hailing.

Seems like I have a confusing calendar tomorrow.

Can we clear out the items I'm not doing and add times for the phone calls (since I'm not meeting them in person) which are scheduled? Melanie, are you coming over for today's meeting with George?

Who is the Minister who is calling me tomorrow?

And can we ensure that I have paper for the BCTA and for the Friday morning Road Builders.

We also need to think scheduling to maximize time in locations.

And final clarification: seem to have lost the E and N briefing today and kept the auditor general in. If that's the case who is talking with the Premier?

Thanks

Hi Leah,
Please be aware that I have posted 1 eOICs found in the BRDO folder on Minister Trevena's iPad for a rush signature, as soon as possible, as the Presiding Member. Please let me know once signed so I can move it to the LG's office. Also, once this one is signed I will upload the remaining 63 – 65 OICs for overnight signing as we discussed.

Thanks,
Lianna

Hi Leah

I think I'll dial in to the briefing- won't be able to make it in person.

I'd been planning to drive down Friday morning but may make that Thursday night. ^{s.22} will be with me and we're going over to Vancouver over the weekend (driving) with ferry back on Tuesday afternoon.

Thanks

Good Morning,

Looking for input on travel plans for the remainder of December, specifically:

Dec. 13: Constituency (BC Hydro Event) – Are you planning on driving back to Victoria following the event? Premier's Office has rescheduled a George Massey Announcement briefing to 4:30PM that afternoon and are wondering if you are available to attend? It would make travel timing tight to arrive in Vic, but perhaps there is potential to dial in?

Dec. 14th: GM Announcement at 11AM – potential to drive from CR that morning, but this would make for an early start. I am also holding travel time that afternoon to get back to Campbell River

Dec. 17th: Lower Mainland travel – it looks as though you will be back in your constit. on the 18th so I'm assuming this will be a quick fly in/out?

69 OIC's have been placed on your iPad for signature (sorry..). They have asked for these back by 10:30AM tomorrow, however, due to the volume they are flexible on timing if you need to extend.

I've also been advised that there will be 12 more coming through tomorrow morning (again due date is flexible, as they aren't rush items).

Please let me know if I can be of any assistance.

Thanks!

A friendly reminder that Minister Trevena is scheduled as Primary Minister on Duty for e-OIC signing next week, Dec 3rd to 9th, and Minister Eby as back-up.

I anticipate there will be some orders early in the week. Pending approval at Cabinet on Wednesday, there will be several OICs posted for signature on Thursday and/or Friday. You will be receiving requests for signing from both myself and from Lianna Olson in CABRO.

Please let me know if there are any days or times your Minister will not be available for signing.

Hi all.
I think I mentioned the other day that I would put a note out to staff on Monday after the reorganisation. I wondered if you could look at what is below and see whether it works.

Thanks
C

As we approach the holidays and the end of the year I wanted to thank all Ministry staff for your extraordinary dedication and hard work. This Ministry allows the province to run and I have utmost admiration for everything you contribute to that.

Last week Deputy Minister Grant Main announced a Ministry reorganisation – or a refresh. Using the opportunity of changes in the executive [s.22](#) to reshape the Ministry structure will better reflect our government's objectives and approaches. I am very excited by the changes and anticipate they will allow us to deliver on the new challenges our province faces.

I've had the pleasure of meeting many of you in site visits and road trips and know that you are up to any challenges. From highway maintenance to building and rehabilitating our infrastructure, from buses to bikes, from responding to flooding or fires to making sure contractors get paid: this is our ministry. Our government's agenda is bold and this new structure will help make sure that TRAN can deliver.

My very best wishes for Christmas and the holiday season.

Dear Geoff,

I trust you are well, and that the legislative session is proving to be productive. I wanted to follow-up with you to keep you apprised of two items.

s.13,s.17

On 18 December at 10:00 a.m. MV Asterix will complete her return journey to Canada after her first successful year in service supporting the Royal Canadian Navy. We will mark

the occasion with a welcome ceremony at Ogden Point – where she will be based for the following six weeks over the Christmas holidays to undergo maintenance (which will be performed by local BC workers).

Geoff, I wanted to personally request the presence of the Premier (and members of the government) to join us at Ogden Point [on 18 December at 10:00 am](#) to welcome the ship and crew home to Canada; and to also thank the crew for their service during this first year of operations in the Indo-Asia Pacific. Our full complement of crew will be present (72, plus support staff from our offices in Victoria, Ottawa and Halifax). Following the welcome, we would be pleased to provide the Premier and special guests a private tour of the ship. At the same time, the Royal Canadian Navy will also be present to support the welcoming home of their sailors aboard Asterix, and aboard HMCS Calgary. Families of sailors will also be present. As you could imagine, this will be a very positive media event.

It would be very much appreciated if you can give this some consideration to the above request and advise if it is possible to have the Premier and members of the government present, as special guests to welcome home MV Asterix, as well as all the Canadians on board both vessels.

Thank you in advance for your consideration. Please advise if it is possible.

I look forward to reconnecting with you in person, sometime in January when I visit Victoria again.

Kind regards,

James

Subject: Passenger Transportation Amendment Act

Dear Corinne,

Thank you so much for all the work you did on the Passenger Transportation Amendment Act. We all know how complex it was but you really did a wonderful job putting it together.

As you know this was an important piece of legislation for our government and should set the stage for all forms of ride hail in the months and years to come.

I appreciate the professionalism and the support you provided.

I hope you have a good Christmas and a peaceful new year.

Hi Leah,

I wondered if you could track down the contact emails for Doug Gormican and Rob Termeunde from ICBC. I'm just sending notes of thanks for assistance on the the Passenger Transportation Amendment Act and they aren't on the global address list.

Thanks and stay dry!

Deborah,

Heads up to the government that yesterday's storm did considerable damage to the dock and marine infrastructure at Penelakut. We are on water taxi service to the island. Initial indicators are not good that this may require some significant effort to repair/rebuild the dock to make it safe. This will not be a quick fix and have some considerable impact on the community of Penelakut. I will send out more info as better technical becomes available over the coming days but we could be looking at weeks if not longer.

I will update the community through the FAC's. We are exploring all alternate possible services and soon as we know more we will advise. We will continue with water taxi and keep the service running that way as best we can while alternates are explored.

Good progress made today with our MC working with BC Hydro opening roads and restoring power on the gulf islands, updated map shows progress.

Ministry responded to CRD request for relief effort, MC to provide the following supplies tomorrow:

4 pallets of water to Salt Spring and Saturna Islands

20 jerry cans of gas to help people with their portable generators

Box of flashlights.

Attached are some photos of the repair works.

Next update tomorrow morning after the 10am Operations Centre update call.

Saltspring Island

Gabriola Island

Ian,
Thank you for being across this throughout the holidays. Please also pass on my appreciation to all the Ministry staff who've been working on the logistics and clean up.
Best

Continued steady progress today assisting BC Hydro with re-establishing power and opening roads on the gulf islands, attached map shows progress.
Down to 8,006 customers without power today, 6,454 customers brought online within the last 24hrs. MC can now do road cleanup independent of BC Hydro (to this point each MC crew had to work closely with a Hydro crew to ensure safety of their workers during road cleanup due to downed lines) so can now ramp up resources.
Crews are working a full shift today and will continue working through the rest of the week.
Will continue to work with CRD to provide any assistance as required.
Next update will be tomorrow afternoon after the 1PM Operations Centre update.
