Hi Will & Melanie – Sonia has revised based on MCT's edits.

Also, Kirk has approved this funding number: "We've increased government investment to BC Ferries by over \$60 million over two years."

We can send this over to the editor of the TC for Sunday's paper.

Please let us know that this plan is good – best if we can send to the editor sometime this morning.

Thanks!

Province restoring ferry service to coastal communities

VICTORIA – Government is increasing service on 10 ferry routes that were cut in 2014, restoring 2,700 round-trip sailings for people living in coastal communities.

“For years people living in coastal communities saw ferry fares increase and services cut,” said Claire Trevena, Minister of Transportation and Infrastructure. “Quality, affordable ferry services are a necessity not a luxury for people in coastal communities. That’s why we’ve turned the ship around – first by rolling back ferry fares on small coastal routes and now by reversing cuts to services that were making it difficult for people to get around.”

The minister announced these service changes and released the Redlin report, a comprehensive operating review of the coastal ferry service that identifies opportunities to improve services under the current model.

The ministry has been working with BC Ferries to respond to the BC Ferry Advisory Committee chairs’ request to restore some services cut in 2014 and have reached an agreement to return these services over the next year with the majority starting as early as this spring.

“The Redlin report was very comprehensive with more than 60 recommendations directed to all parties working under the unique and complex coastal ferry governance model,” Trevena said of the document, written by Blair Redlin, special advisor. “One of his recommendations is to establish a long-term vision for ferries and to connect coastal communities in a more integrated manner. This is something my staff and I will be focused on.”

The Province will also be amending the Coastal Ferry Act to implement some of Redlin’s recommendations that will ensure the model is putting people first.

Last April, government improved ferry service by providing funding to BC Ferries to reduce fares on the smaller and northern routes by 15%, freeze fares on the major routes and reinstate the Monday – Thursday 100% discount for seniors’ passenger fares. Fares will continue to be frozen this year.

Folks,

Re: Service area 17 maintenance contract that did not go to the ^{s.13} proposal:

- Program area would like to notify the two outfits that bid, and so once that happens it could be well get into the public domain.
- We will issue an IB a couple weeks before the contract takes effect July 1st (standard practice for all maintenance contract announcements).
- In the meantime we have this KM/QA doc to respond to any queries that may come up.

Pls let us know if this works for you. Once we have your blessing, program area will notify the two outfits that bid on the contract.

Thx,
Dave

Thank you for taking my call earlier. I have now spoken with both of you for this event.

To confirm at this time we are now looking at holding the announcement at the legislature building in Victoria.

Minister Qualtrough has a speaking engagement at 1:00 pm. Is 12:15 or 12:30 possible for the announcement? I know Melanie you were leaning closer to 12:45 but that may be a bit tight

Thanks

Reporter would like to speak with someone about the Active Transportation Strategy: what it is, and how people can get involved. Note: reporter is located in Burnaby, and ideally would like to speak with someone for an on-camera interview in Burnaby if possible. Mainly looking for someone to be a voice to the release.

QUESTIONS:

- What is the strategy all about (why is MOTI doing this)?
- How can people connect to the initiative and get involved?

Background**Recommendation**

Here are the suggested speaking notes:

Q1: What is the strategy all about (why is MOTI doing this)?

- There is nothing more important than taking care of the place we call home and our CleanBC plan puts our province on the path to a better future by using cleaner energy and reducing air pollution.
- We know that gridlock/ traffic congestion is a problem in larger urban centres, and people want more convenient and less stressful ways to get where they need to go.
- By creating more opportunities for safe and convenient active transportation, we are making life better for people and helping to reduce pollution.
- Active transportation is an important part of building sustainable communities, promoting healthy lifestyles and reducing greenhouse gas emissions.
- Connecting communities with safe and efficient transportation is the most affordable transportation option, and is a foundational part of our government's plan to build a better province.
- Walking, cycling, and other modes of active transportation should be safe and convenient for people of all ages and abilities.

Q2: How can people connect to the initiative and get involved?

- Through our public engagement site, <https://engage.gov.bc.ca/activetransportation/>, British Columbians are encouraged to bring their ideas about the ways governments can work together to build new infrastructure or better support existing network connections.
- Working together, we can make communities more livable with investments in cleaner transportation options that are healthy, convenient and affordable.

Hi Claire,

Thanks for your follow up questions. Yes to the first two Qs. And for the third, if an MLA or constituency office would like to host an event, it'd be great if you could keep me posted and let me know if there's anything further we can assist with – perhaps your CAs could go through you as their point of contact?

Post-event, written feedback be submitted to activetransportation@gov.bc.ca. It would be helpful (but not necessary) if the feedback could be structured around the 3 questions posted to EngageBC as this would help streamline the work of the Ministry in compiling all input.

If you or another staff member are interested you're welcome to attend the last regional forum being held in Victoria this Friday. They are professionally facilitated for stakeholders so the agenda is not strictly structured around the EngageBC questions, but it may be helpful to observe one of these events in action. Please let me know if this is of interest to you and I can get you more details.

Best,
Melanie

Hi Caitlin, thanks for passing this along!

I know we discussed in the meeting, but just to double check how our constituency offices can be involved:

- Can I share this document with our three constituency offices?
- Would it be okay for them to follow up with Melanie, as noted under "how we can help," to get additional information?
- If the constituency offices are able to host an event or encourage engagement feedback beyond the reposting the EngageBC questions, would the Ministry like to be included?

Thanks!

So Victoria was wondering who exactly MCT would like to meet & greet in the blocked off time on Tuesday. Apparently there are some people away on Spring Break Vacations, and out of office meetings that could hinder the effectiveness of the meeting and the greeting.

Good morning,

IAO has advised the applicant has narrowed their request. The new request wording is as follows:

New request wording:

Briefing notes concerning the tabling and drafting, and draft versions, of the legislation introduced November 19, 2018 from the Ministry of Transportation and Infrastructure, as well as correspondence between the Ministry and ride-hailing companies, like Uber and Lyft, regarding the contents of the legislation (Date range: July 1, 2018 to November 1, 2018).

Old request wording, fyi:

All records including, but not limited to, memos, briefing notes and emails, from the BC government and the Ministry of Transportation and Infrastructure regarding the development process of the provincial ride-share legislation introduced on November 19, 2018. (Date Range for Record Search: From 01/01/2018 To 11/01/2018)

Please provide a fee estimate based on the New Request wording as soon as possible as it is overdue to IAO.

See below—for estimates and rationale—note it is only for Policy and Leg –cant comment on the rest of the ministry

We've received a new FOI request from a *Individual* as an applicant seeking the following records:

All records including, but not limited to, memos, briefing notes and emails, from the BC government and the Ministry of Transportation and Infrastructure regarding the development process of the provincial ride-share legislation introduced on November 19, 2018. (Date Range for Record Search: From 01/01/2018 To 11/01/2018)

Please complete the fee estimate below:

1. Will you have responsive records? Y/N ____Y____
2. If yes? How much time in hours? (best guess**) __70____ there are many legal documents that need to be reviewed and will take much to determine relationship to emails regarding legal advice.
** **Note:** if more than 3 hours, please provide rationale below:
3. Approximate number of pages? (5, 50, 500) __100+____
4. Are you aware of any other program areas or other public bodies that should be advised of this FOI? If yes, please provide ____MAH, MAG, ICBC, GCPE____

The fee estimate is due by **February 26th**. If advised by MTI FOI 'no fee', records are due by **March 4th**.

The LDD is **April 1st**.

Thanks for the revised fee estimate Katherine,

As the fee is now a very large; before I send it to IAO to get the file put on hold. They will want to know if we have any suggestions on how the applicant might narrow their request to either reduce or eliminate the fee. Any suggestions? i.e. narrowing the date range to a specific time, only providing specific types of records (i.e. eliminating legal documents), etc?

Let me know if you'd like to meet to discuss.

Also, fyi this request did not got MAH, MAG, ICBC, or GCPE as the applicant is only seeking records that MoTI has. That wording was missing when we received the original wording. Updated request wording is as follows:

Hi James & Mel – FYI we just spoke with Callum from the inland ferries division about the schedule for the new Harrop II.

He is leaving this morning to go there to get the new ferry tested & certified, and if all goes well, he is hoping that the new vessel will go into service on Sunday morning.

However, he did caution that sometimes things go wrong/ there are issues and therefore service can be delayed.

s.13

And, to give you a visual, this is a very small cable ferry/ barge.

Here is the picture to give you an idea.

<https://www2.gov.bc.ca/gov/content/transportation/passenger-travel/water-travel/inland-ferries/harrop-cable-ferry>

The Harrop ferry runs across Kootenay River, on Highway 3A, 24.5 kilometres northeast of Nelson and 8 kilometres west of Balfour to the communities of Harrop and Procter (on the south bank).

Ferry capacity is 18 vehicles and 49 passengers.

Either way, Sonia will draft up a NR for this one.

If you'd like to do a call on this today, both Sonia & I are around – we are happy to discuss.

Thanks!

Hi to all – just sending along a revised comms package for you today.
Minor edits to the SN and the KM/ QA – as Gabriola to Nanaimo is doing a community survey regarding additional sailings. Those routes will be operational sometime in April – not April 1st – so that clarification in her notes is made.
The NR and MA remain the same – you are just getting the final PDF copies today.
Thank you – and have a great event!

Subject: Nanaimo-Gabriola route

Here are KMs for MLA Malcolmson. Pls let me know if you need anything else.

- Our government is proud to stand up for coastal communities. For years islanders have seen ferry fares skyrocket and services cut. We're making things better for those who live and work on our coast.
- Last month we announced we're increasing service on 10 ferry routes that had service cuts in 2014, restoring 2,700 round trip routes.
- Today we're announcing that sailings will be increased on April 1st on the majority of ferry routes where services were cut in 2014.
- For the Nanaimo Harbour – Gabriola Island route, service will be increased later in April following the results of a community survey conducted by the local Ferry Advisory Committee. Local residents will indicate their preferred schedule for increased services.
- These service increases build on our previous commitment of frozen and reduced fares – meaning more affordable and accessible services for people living in coastal communities.

Hi Melanie and Will,

Thanks so much for reaching out to YVR for a meeting to discuss ridesharing. As background, we have attached their submission to the SSC on Crown Corporations.

Location: Vancouver Airport Authority Office, 2nd floor South Terminal Building.

Directions: Upon entering the building, head up the stairs. The Airport Authority office will be on your right when facing the airfield. *It is recommended that the Minister check into her flight before she goes to the meeting so she can go straight through security following the meeting.

YVR attendees:

- Anne Murray, Vice President, Airline Business Development and Public Affairs
- Alana Lawrence, Director, Government Relations
- Andrew Grams, Director, Parking and Ground Transportation

Please call me if you need anything else.

All the best,
Kate
