Subject: Labour take 2 for FB

How about:

Long overdue changes to the Labour Relations Code were introduced by Minister Harry Bains today. Changes include better protection of collective bargaining rights for workers and extending successorship in specified sectors. A second day of exciting and much needed announcements from our Minister of Labour. <https://news.gov.bc.ca/releases/2019LBR0015-000823>

I also have the local NR on Arts funding to share.

Good morning, Minister Trevena.

I am advised that you are the current Presiding Member of the Executive Council. Your signatures are required as soon as possible for 1 time-sensitive Bill, which will be uploaded to your iPad in the "Signing>Bills" folder.

Please note that there are 2 documents for the Bill, each of which requires signatures as noted below:

- **Bill [#] complete (sign page 1)**
- **Bill [#] covers (sign pages 1 AND 2)**

These documents will be accessible on your iPad in PDF Expert in the "Signing>Bills" folder. (Please note that you will need to do a Full Sync to retrieve the item and again after signing.)

Please let me know as soon as possible if you have any questions or anticipate any delays in signing.

Thank you.

Subject: Ashcroft Terminal - follow-up on our tour

Dear Minister Trevena,

Thank you for your time and touring Ashcroft Terminal with us this past Tuesday.

As discussed during our tour, Ashcroft Terminal is the most strategically located inland port in Western Canada, and is the only property in Canada with both Class 1 railways mainlines, Canadian National Rail (CN) and Canadian Pacific Railway (CP) passing directly through. We are poised for growth and expansion with over 320 acres of industrially zoned land, rail access to both mainlines and increased opportunities for shippers and producers throughout British Columbia and along Western Canada's Pacific Gateway trade route.

Ashcroft Terminal currently services all sectors of the natural resource industries which include agriculture, mining, forestry and oil and gas; by providing transloading, fleet management, railcar storage and logistics solutions.

Our project that is currently underway with funding support from Transport Canada through the National Trade Corridors Fund (NTCF) is towards the full build out of Ashcroft Terminal and will further strengthen Ashcroft Terminal's inland port and container handling capabilities.

We were encouraged with your interest in Ashcroft Terminal and would welcome the opportunity to further discuss our expansion, opportunities for BC Ministry of Transportation & Infrastructure involvement, as we can continue to add value into the supply chain in our province.

Ms. Kleo Landucci, Ashcroft Terminal's Chief Commercial & Corporate Affairs Officer is copied on this email, as I relayed our discussion and tour details.

Please let us know who best to follow-up within the Ministry of Transportation.

Best regards,

Chris Shubert
Vice President Commercial

For approval:

You contacted me in the past about intercity bus service in your community, and I would like to provide you with an update.

As you are probably aware, we have been working hard to find solutions so that people in northern and rural communities can access safe, affordable and reliable bus service.

BC Bus North, the interim bus service we established last year, has been well received by northern residents, and I was pleased to announce last week that my ministry and the federal government have made a joint commitment to ensure this service can continue.

While we are working out the details of the joint federal-provincial commitment, the Province has extended BC Bus North interim service to September 2019.

You can find additional information on the ministry's website at <https://news.gov.bc.ca/releases/2019TRAN0061-000767>

The above is scheduled to go to people on our BC Bus North list.

Thanks

Lynne

Subject: Announcement - New ADM Highway Services

<image001.jpg>

Good morning,

As you may recall, last December I announced organizational changes in the Ministry of Transportation and Infrastructure. The changes included the reorientation of some portfolios, the appointment of Kevin Richter as Associate Deputy Minister, and the creation of a new ADM Highway Services position with responsibility for aspects of operational coordination for the Highways Department (e.g. emergencies), and leading the centralized functions of Chief Engineering, Executive Director Engineering Services, Director Construction and Maintenance, Director Contract Renewal, Director CVSE, and Director Transportation Services.

Today, with great pleasure, Kevin and I are very happy to announce that Renee Mounteney was the successful candidate for the new ADM of Highway Services.

Over the course of three decades, Renee has worked throughout the Province in many different and challenging roles within this Ministry and the Ministries of Education, Environment, and Forests. The knowledge and perspective she has gained during her work in the public service, the completion of her MBA, and particularly her extensive experience in Highways and Major Projects, Infrastructure and Properties ideally situates Renee with the knowledge and appreciation for the vision for this new role. As those of you who have worked with Renee know, she has all the qualities required to move the new role forward while valuing the organizational roots of the Highways Department.

With this move, Renee vacates the post of Executive Director, Infrastructure Development Branch in the Infrastructure and Properties Department, where she was also acting in the role of Executive Project Director for the procurement and delivery of the Broadway Subway Project. Renee will assume the role of ADM, Highway Services effective immediately, while supporting the transition of her executive director position of the Infrastructure Development Branch.

Again, please join us in congratulating Renee and wishing her every success in her new role.

We would also like to sincerely thank Ian Pilkington for his leadership in the role on an acting basis. Ian, your willingness to take on this work and your contributions and leadership have been so very much appreciated.

Sincerely,

Grant Main, Deputy Minister

Kevin Richter, Associate Deputy Minister

Hey Folks,

Wanted to follow-up about lunch tomorrow. With everyone needing to arrive for the announcement at 12:45pm we have lost some time for lunch. We are going to order food or PJH and the gang in and they will eat it at surrey SFU campus after an earlier event.

We would still love for the Minister to join so they can chat about the afternoon.

Is that possible, there are places in the area you could grab some food before hand or to bring to SFU.

Here is the address, I should have room info in the morning. 13450 102 Ave,
Surrey, BC V3T 0A3

Let me know if there are any issues. Sorry about the change.

Hi Claire,
Three events to share today on SM:

IB - Open house date announced in Quesnel on the West Fraser Road repair/replacement

TWEET: We're looking for input from the public on permanent replacement options for West Fraser Road near #Quesnel, which was severely damaged by flooding last spring. The open house is set for Wednesday May 1, and more details can be found here: <https://news.gov.bc.ca/19499>

NR - Lizard Creek Bridge replacement

TWEET: Wider lanes and a barrier separated pathway for cyclists and pedestrians highlight the Lizard Creek Bridge replacement project near #Fernie. The project will greatly improve safety and efficiency for people travelling on this section of #BCHwy3. <https://news.gov.bc.ca/19511>

NR & EVENT - Highway 14 Sooke & Leigh Road Upgrades

TWEET: Today I was pleased to join @jhgorgan and @FP_Champagne to announce improvements to #BCHwy14 in #Sooke and #BCHwy1 in #Langford to help people travel more safely on southern #VanIsle

Thanks
Lynne

Hi Claire,
This NR scheduled to go out tomorrow at 12:30.

"I understand that people are frustrated with traffic congestion and we are working towards finding the best solutions for this region to get people moving," said Minister of Transportation and Infrastructure Claire Trevena. "It's time we stop with band-aid solutions and come up with a comprehensive regional plan for all modes of transportation."

Thanks

Subject: Ashcroft Terminal - follow-up on our tour

Dear Minister Trevena,

Thank you for your time and touring Ashcroft Terminal with us this past Tuesday.

As discussed during our tour, Ashcroft Terminal is the most strategically located inland port in Western Canada, and is the only property in Canada with both Class 1 railways mainlines, Canadian National Rail (CN) and Canadian Pacific Railway (CP) passing directly through. We are poised for growth and expansion with over 320 acres of industrially zoned land, rail access to both mainlines and increased opportunities for shippers and producers throughout British Columbia and along Western Canada's Pacific Gateway trade route.

Ashcroft Terminal currently services all sectors of the natural resource industries which include agriculture, mining, forestry and oil and gas; by providing transloading, fleet management, railcar storage and logistics solutions.

Our project that is currently underway with funding support from Transport Canada through the National Trade Corridors Fund (NTCF) is towards the full build out of Ashcroft Terminal and will further strengthen Ashcroft Terminal's inland port and container handling capabilities.

We were encouraged with your interest in Ashcroft Terminal and would welcome the opportunity to further discuss our expansion, opportunities for BC Ministry of Transportation & Infrastructure involvement, as we can continue to add value into the supply chain in our province.

Ms. Kleo Landucci, Ashcroft Terminal's Chief Commercial & Corporate Affairs Officer is copied on this email, as I relayed our discussion and tour details.

Please let us know who best to follow-up within the Ministry of Transportation.

Best regards,

Chris Shubert

Vice President Commercial

Subject: ferries and alcohol

Dear Ms Trevena

I am very concerned about this decision to have alcohol served on BC Ferries.

I am from the Glen Clark era. Actually a hero of mine for many reasons.

I do not want to be faced with another ugly lifelong NDP saga.

Right or wrong, the NDP will wear ANY tragedy connected to this decision. I cannot understand that you all cannot see this. Any accident a driver gets into coming off a ferry is going to be worn by the NDP.

We waited far too long to gain success in BC.

I BEG you to use your influence in caucus and undo this. It is a terrible, horrible, dangerous and it can destroy any chances of re-election - ever,

I don't think I need go into all the many many things that can go wrong here. You read the sites I assume.

Please Ms. Trevena, hear us.

Thank you,
s.22

Evening Claire,

Major flooding in Champagne's riding has caused him to cancel his trip. We've moved the location back to 17 mile pub in Sooke. I am hoping we can still do a quick media prep, will you be able to get to Sooke much before 11:30?

Confirmed with Shruti that the trucking announcement went well at Surrey Vaisakhi. A UTA representative will be up on Red FM tomorrow and Shruti is wondering if we can put Jagrup up? If so, we would still do Wednesday morning as she thinks another segment on trucking, Abottsford stop of interest and MOTI issues round-up would be worth while.

Minster Garneau's staff have suggested a joint release on BC Bus North funding while they are here, maybe even get a photo of the two of you to include. Dave has a draft cued up that I'll forward along.

The BCTA is holding their executive board meeting between 2:30 to 5:00pm it might be a good idea to drop in on them after the highways announcement to chat to them about trucking?

FYI PJH & Plecas are holding a roundtable with local government representatives on congestion & traffic in the Valley after the announcement.

Note we have held time in your calendar on Tuesday at 1:30 pm to review the week's schedule, travel and priorities.

Cheers,

Will

Hi to MO – one more TRAN NR for Minister quote approval please – this one is not going out until April 24, so we have a bit more time on this one.
It's a general rollup of the resurfacing projects for the southern interior region this year.

Quote reads:

"Maintaining high-quality roads and highways is important to improving peoples' safety and keeping commercial goods moving," said Minister of Transportation and Infrastructure Claire Trevena. "All these paving projects in the southern Interior in 2019 will make a big difference to local people and those traveling through the region."

Thx!

with some deets on the engagement

- Following the open house last June and the public engagement period, Ministry staff received positive feedback regarding improvements to Highway 14 – particularly more passing lanes and possible realignments to straighten some of the curvier sections.

- The open house was held on June 19, 2018, at the Edward Milne Community School to provide an opportunity for the public to ask questions and provide feedback on future improvement priorities along the corridor.
- Approximately 143 people attended the open house, and during the engagement period (June 19-July 15, 2018) over 700 feedback submissions were received.
- A summary report and open house materials are available online on the project website at: www.gov.bc.ca/highway14
- The section between Connie Road and Gillespie Road was one of the areas identified for future improvements at the open house.
- As such, the project team developed a concept alignment and then began engagement with potentially impacted property owners in January 2019.
- Owners have been shown a concept alignment for a future plan – the alignment has not been confirmed and could shift slightly in locations (in a range of +/- 20m).
- Staff have continued discussing safety and reliability improvements on Highway 14 with local First Nations along with local governments and businesses.
- At this time, funding has not yet been secured for future improvement projects.

If asked about number of properties/cost/other details:

- I can't go into any details – all property negotiations are confidential. What I can say is that any land purchases or rights-of-way required for the project are made at fair market value and the Ministry strives to reach consensual agreements.
- As well, these early conversations are for a concept alignment that has not been confirmed and could shift slightly in locations (in a range of +/- 20m).

If asked about expropriation:

- As with all our projects, any land purchases or rights-of-way required for the project are made at fair market value and the Ministry strives to reach consensual agreements.
- Expropriation is the last resort and only occurs when negotiations are unsuccessful. On average, expropriations make up a very small portion of the Ministry's total acquisitions.

If asked about the Mayor's awareness:

- Staff provided the municipality with an update in late February and have requested a follow up meeting.

If asked about Highway 14 being a priority:

- Highway 14 is an essential corridor and we want to make it as safe as possible – not just for people in cars, but for people who take transit and people who bike and walk.
- This stretch of road is a pivotal transportation link for one of the fastest growing communities in B.C.
- Last year, we committed \$10 million in immediate upgrades to kick off the first of multiple phases of safety, transit and congestion improvements. This summer the final two projects of those upgrades will be completed.
- The ministry continues to explore further upgrades for the corridor.

Hi Leah

We will be likely going after lunch. Can we ask for leave from HWG and switch the conference call to 3 or 3.30?

Thanks

Subject: For Minister QUOTE approval please - Motorcycle Safety NR - from the Coalition

Hi to Min office – below is a draft copy of the Coalition's NR which they plan to release on April 15. Brendan has written a draft QUOTE for Minister Trevena which needs approval please. Over to you – thanks!

FOR IMMEDIATE RELEASE

Victoria BC – BCCOM presents the 27th Annual MLA Ride taking place at the Legislative Assembly on April 29th, 2019 as the official kick off to May is Motorcycle Awareness Month.

BCCOM is proud to have our Minister of Transportation and Infrastructure, Claire Trevena joining us on behalf of the B.C. government and ICBC's (blank), as well as Karen Bowman from Drop it and Drive speak and share some knowledge about motorcycle safety and education at this year's MLA ride.

Together we hope this event will bring awareness to all drivers during the summer months and will help teach everyone how best to share the road, to hopefully prevent as many accidents as possible in B.C. Last year B.C.'s number of fatal accidents doubled and we need to have strong presence before riding season is in full swing.

"With warmer weather and longer days upon us, more motorcyclists are on the roads and I want to urge everyone to keep their eyes peeled," said Claire Trevena, Minister of Transportation and Infrastructure. "I also want to urge motorcyclists to familiarize themselves with the ways they can stay safe while riding. Road safety is a shared responsibility and whether you drive a motorcycle, a car, a truck or an SUV, we all need to make a conscious effort to operate our vehicles safely and watch out for each other."

{ICBC's quote}

"Motorcyclists are a vulnerable class of road users. Their smaller size can make it more difficult for other drivers to spot them on the road and gauge their distance. Momentary driver or rider distractions, particularly at intersections, can have fatal consequences. Across Canada, data show that 5% of fatalities involving cyclists and motorcyclists occurred in April when there were fewer riders on the road, but more than 20% of motorcyclists were killed in August. Drivers and riders share responsibility to be cautious at intersections and watch for turning traffic as well as eliminating distractions that take their eyes, minds or hands off the task of driving." Robyn Robertson, President & CEO, Traffic Injury Research Foundation.

QUOTE for approval...

"With warmer weather and longer days upon us, more motorcyclists are on the roads and I want to urge everyone to keep their eyes peeled," said Claire Trevena, Minister of Transportation and Infrastructure. "I also want to urge motorcyclists to familiarize themselves with the ways they can stay safe while riding. Road safety is a shared responsibility and whether you drive a motorcycle, a car, a truck or an SUV, we all need to make a conscious effort to operate our vehicles safely and watch out for each other."

Minister,

We have two scheduling questions for you in advance of next week:

- Monday April 8 – would you meet with the Chair & Vice-Chair of the Regional District of Okanagan-Similkameen after estimates (6:30pm) to discuss Inter-city Bus? We received a late meeting request from them. They are also available on Tuesday between 8am and 2pm, but your calendar is quite full.
- Wednesday April 17 – can we schedule a trucking meeting with Unifor in Victoria following the party bus announcement? This is time sensitive but unfortunately they are unavailable the previous week (a.k.a. next week).

And two FYIs:

- 1st Break Week – we have a draft itinerary for the Hwy 1 East tour (April 14-16) for your review next week. Still working to firm up the rest of the week and the 2nd break week.
- Estimates – opposition told the House Leader's Office that they expect 2-6 more hours and will complete on Monday. That said, we are preparing for possibility they will continue into the week.

Happy to chat by phone if you'd like to discuss anything further before Monday.

Thanks,
M

Just a heads-up.
There is a 70% chance that Minister Donaldson will be in Ni on April 25/26.
The plan is:

April 25:
arrive in the afternoon and meet with Mayor Adams re Snowden and also the airport as permanent base.
Late afternoon meet with CR Chamber of Commerce
Overnight in Port Mc Neill

April 26
Local gov't meeting re community forest
RD + FN meeting re Rural Development funds
4 pm fly out of PH

Not confirmed – but I will let you know when it is.
Have a nice weekend

Carolyn Askew is a retired lawyer. Currently, she is teaching administrative justice and she is active in social justice issues in Vancouver, the Southern Gulf Islands and Alberta. Ms. Askew was in private practice for most of her nearly 40 years of membership in the Law Society of British Columbia. She was also Legislative Council for British Columbia Federation of Labour and General Counsel for the Health Sciences Association of British Columbia. Ms. Askew appeared regularly before tribunals such as provincial and federal Labour Relations Boards, provincial Workers Compensation Appeal bodies, Employment Standards boards and Human Rights tribunals. As well, she served as a member of several tribunals ranging from the Human Rights Boards of Inquiry and chaired the Horse Racing Commission from 1992-1994. She was a member of the British Columbia Police Commission from 1994- 2000 and chaired the Commission from 1997-1999. Notably, Ms. Askew was chairperson of the first community legal assistance office in British Columbia which became a model for other community legal offices across Canada. Between 1969-1974 she instructed in the then newly established Peoples Law School. She also taught labour law, arbitration law, advocacy and human rights law part time at Capilano College in North Vancouver for more than 2 decades.

Subject: FOR QUOTE approval - Highway 3 bridge enhancements to improve safety

Quote approval for the following regional news release lined up for Thursday release at 7 AM.

"Keeping people and goods moving safely and efficiently in all corners of our province is our top priority," said Minister of Transportation and Infrastructure Claire Trevena. "Paulson Bridge is more than 55-years old. Significantly rehabilitating the bridge and providing other key safety upgrades will ensure it remains reliable for many years to come."

Thank you,
Lynne

Highway 3 bridge enhancements to improve safety

CASTLEGAR – Deck resurfacing and other rehabilitation work will get underway next week on Paulson Bridge, providing a safer and more reliable structure and approaches for people travelling along Highway 3.

"Keeping people and goods moving safely and efficiently in all corners of our province is our top priority," said Minister of Transportation and Infrastructure Claire Trevena. "Paulson Bridge is more than 55-years old. Significantly rehabilitating the bridge and providing other key safety upgrades will ensure it remains reliable for many years to come."

The Paulson Bridge crosses over McRae Creek and the Kettle Valley Rail Trail on the Crowsnest Highway, approximately 50 kilometres west of Castlegar. The bridge was originally built in 1962. Along with deck resurfacing, this rehabilitation project will include:

- replacement of deck joints and bridge deck overhangs;
- installation of new concrete roadside barriers;
- improvements to roadway drainage; and

- resurfacing of bridge approaches

During this \$6-million rehabilitation project, single lane alternating traffic will be in place 24 hours a day and people should be prepared for delays of up to ten minutes. Work is expected to be completed this fall.

We remind drivers to use caution when travelling through the work area, obey traffic control at all times and to check DriveBC.ca for the most up-to-date information.

Hi to MO – this revised NR has now been approved by our HQ.
Can you please let us know once the quote is approved or if there are edits & we will move this to formatting?
Thanks!

QUOTE --

"British Columbians deserve a ferry service model that puts people first," said Claire Trevena, Minister of Transportation and Infrastructure. "When we commissioned the review of coastal ferry services authored by Blair Redlin, we asked Mr. Redlin to take a closer look at whether the current ferry service model is operating

in the public interest and working as efficiently as possible. Based on his recommendations in the report on the coastal ferry services review, we're proposing amendments to the *Coastal Ferry Act* that will ensure that the public interest is at the forefront of decision making."

Importance: High

Good afternoon;

Attached is a copy of the Employee Performance Review for each of your Minister's. Please advise your Ministers that they will be doing this review of their **Senior Ministerial Assistant**. Once completed, please scan directly to Amber Hockin with a cc to myself, no later than **Monday April 15th, 2019**.

I will then contact each office to schedule a one on one meeting with Amber Hockin and your Minister, to discuss the reviews.

If you have any questions, please let me know.

Thanks!

Deadline ASAP

Request

Regarding the release about "BC Ferries commissioner makes preliminary price cap decision," reporter is looking for a statement from Minister. He says: I realize the Commissioner sets the price cap - but MOTI serves as the Ministry under which government decisions impacting BC Ferries are made.

Reporter asks:

- Will Minister Trevena be issuing any statement regarding this? Deadline is today due to our going to press, if there's any chance of a statement from Minister Trevena.

Background

Recommendation

(To be sent as statement from Minister Claire Trevena)

Our government has made it clear that our focus is to make life more affordable for British Columbians. We only just received the Commissioner's report, and while disappointed to see the proposed fare increase, we'll take the time to have a closer look and discuss next steps.

Our government has worked hard over the past 18 months to put coastal communities first. We have ensured fares were frozen on the major routes, and that fares were rolled back on the minor and northern routes by 15% - a positive change that is now in its second year. We also recently ensured increased service to routes that were cut in 2014, restoring 2,700 round trips.

Under the former government's watch, BC Ferries fares skyrocketed, impacting ridership and restricting the mobility of island residents. Services were cut entirely, and they failed to take action.

We're working hard to fix the mistakes of the previous government, by keeping fares low and reinstating services cut by the opposition.
