**Subject:** FYI - TRAN Media Request: Lower mainland traffic patterns

FYI on the below.

### Reporter

Peter Wagner, Reporter

News 1130

[peter.wagner@vancouverradio.rogers.com](mailto:peter.wagner@vancouverradio.rogers.com)

604-877-4400 c: 360-220-7545

**Deadline** Wednesday, June 19, 2019 12:00 PM

### Request

Reporter is working on a story about understanding the traffic landscape in the Lower Mainland, "and seeing if there are creative ways to utilize data streams that already exist to connect commuters with better information (which hopefully makes commutes more bearable.)"

Primarily, he's hoping for data on the following major routes:

- Highway 99 from King George to downtown Vancouver
- Highway 1 from Horseshoe Bay to the Port Mann Bridge
- Lions Gate Bridge
- Iron Workers Memorial Bridge

### DATA REPORTER IS SEEKING:

1. Traffic pattern information for major routes in the Lower Mainland over time and during specific time windows (example: weekend traffic patterns, vs. weekday patterns)
2. What data, such as drive time data from the RTMC, live traffic cameras or other data collecting and reporting infrastructure, could be utilized for real-time information?

### Background

### Recommendation

The ministry's Regional Transportation Management Centre is a 24-7 service providing real-time monitoring of road and traffic conditions. It's equipped with more than 200 live-streaming video feeds and 600 cameras. The information gathered from these sources allows staff to provide travel information on DriveBC and alert travellers by broadcasting this information on overhead Digital Messaging Signs (DMS).

Anyone can view the DMS information using the map view on [www.drivebc.ca](http://www.drivebc.ca). In the legend, click the box next to Dynamic Message Sign. Then click the "DMS" symbol on the map, which will open a window showing the latest information.

Note that the Lions Gate Bridge Advanced Traveller Information System has a separate link: <http://www.th.gov.bc.ca/atls/lgcws/index.html>

The ministry is currently installing another network of dynamic message signs to provide real-time information about crossing times for the Alex Fraser Bridge and other Fraser River bridges. For more details, visit:  
<https://www2.gov.bc.ca/gov/content/transportation/transportation-infrastructure/projects/alex-fraser-bridge/design>.

Traffic pattern information is available via this link: <http://www.th.gov.bc.ca/trafficData/index.html>. To access the data and run reports, under "Featured Topics" click on Highway Traffic Data, and then go the map and zoom in on a highway. Red dots are permanent count stations, and green dots are short counts, usually every 3 years. Click on a red dot, then in the left margin under "2004 – Present Traffic Data" you'll see what looks like a piece of paper on the left side. Click on that to get a quick summary .pdf report. At the bottom of the margin you can click on "more reports" if you want to zero in on a particular month or day, etc. and generate excel spreadsheets. There is also user manual located here:  
[http://www.th.gov.bc.ca/trafficData/documents/TrafficReportsUserDocumentation\\_Apr2014.pdf](http://www.th.gov.bc.ca/trafficData/documents/TrafficReportsUserDocumentation_Apr2014.pdf)

Hi Melanie,

Trust you're well. You'll remember we met at your office in Vancouver late last year.

I am attending the BC Cycling Coalition Active Transportation Summit in New Westminster on June 17-18th. The Minister is delivering a keynote at the conference.

Thought I would make myself available for a meeting with the Minister (and/or staff) at the conference briefly or elsewhere on the topic of active transportation and electric scooters in particular. Lots of development in this space in Canada since we last met in December 2018.

**From:** Madevon, Solenn <Solenn.Madevon@leg.bc.ca>  
**Sent:** June 6, 2019 2:26 PM  
**Subject:** Week in Review: June 3-6

Good afternoon,

Here are a few highlights from our New Democrat government this week:

### Premier's statement on the 75th anniversary of D-Day, Battle of Normandy

- Premier John Horgan released the following statement in commemoration of the 75th anniversary of D-Day and the Battle of Normandy:
- "On June 6, 1944, 14,000 Canadian soldiers landed on Juno Beach in France as part of the Battle of Normandy during the Second World War. This day has since become known as D-Day; a day that cost 359 Canadians their lives."
- "The sacrifices made by our veterans must never be forgotten. I wish to express my deep gratitude for the veterans who served our country and liberated our allies from tyranny."
- "Building a more peaceful and tolerant world begins with respectfully acknowledging the past and learning from our history. On this important anniversary, let us all commit to upholding the values of peace and freedom."

### Raj Chouhan: Making sure you are safe at work

- [Read](#) Raj Chouhan's piece on workers' safety:
- "The exploitation of anyone working in our province runs against the values of British Columbians. While the BC Liberals allowed employers to willfully ignore and abuse the rights of workers in this province, we are standing up for them so they can make a safe and fair living."

### Sheila Malcolmson: Clean BC supports affordable, lower-carbon living

- [Read](#) Sheila Malcolmson's piece on CleanBC:
- "I know that to achieve our climate goals as a government, we need to do everything we can to ensure that environmentally friendly choices are made as accessible as possible, to as many people as possible. The economy of the future needs to be one that works for everyone."

### Increasing access to education for former youth in care

- For too long, youth aging out of care lacked the proper programs and services to help them successfully transition into adulthood. Our government is breaking down barriers and opening doors for former youth in care to thrive.
- This afternoon, Minister Mark announced \$250,000 in provincial government funding to help cover the cost of books, groceries, bills, and basic necessities for former youth in care attending post-secondary institution on a tuition waiver.
- The funding will be distributed through the Vancouver Foundation's [Youth Futures Education Fund](#).

### Cascadia tour promotes CleanBC and economic opportunities

- The New Democrat Government is working with climate leaders across the world to cut carbon pollution, while making life more affordable for people and creating good jobs.
- Minister James is currently travelling to Washington state and California to meet with government officials and clean tech industry leaders. Her goal is to promote CleanBC, encourage cross-border business investment and raise the profile of B.C.'s diverse and sustainable economy.
- Today, James visited magniX, a Washington-based aviation company which is working with Vancouver-based Harbour Air Seaplanes to build the world's first all-electric airline

#### Collective efforts aim to prevent sexual violence on campus

- Students need and deserve safe spaces to study, and our government is committed to working with them, with institutions and with other stakeholders to make that a reality.
- Our government is investing \$760,000 in initiatives to prevent and respond to sexual violence on campus. This includes funding for coordinated resources and training, plain language policies and processes, and student outreach.
- One of the initiatives is the Moving Forward Together: Building Capacity to Prevent and Respond to Sexual Violence on Campus forum that took place this week. This closed-door forum brought together 125 student, post-secondary, community and ministry representatives to discuss issues and learn about support tools to prevent and respond to sexualized violence on campus.

#### Government taking action on local meat production recommendations

- The previous government's short-sighted agricultural policies led to a decrease in local meat production, severely harming our farmers and our rural economy. Last June, our government consulted with local farmers, producers, and processors across B.C. to find ways to strengthen our meat industry.
- The Province has accepted all 21 of the Select Standing Committee on Agriculture, Fish and Food's recommendations on improving local meat production in B.C., and has already made progress on several fronts.
- New initiatives include launching food safety and animal welfare training for producers and processors, seeking public input on new Class D licence regions, featuring more local meat products as part of the Buy BC Program, and increasing the budget for Grow/Feed/Buy BC.

**Subject:** New FOI Request - Fee Estimate Due: June 13 | TRA-2019-93464 | Records of any and all emails, text messages, etc. sent from the Minister/Minister of State

Good afternoon,  
(this file is assigned to Rachelle Hartley)

We've received a new FOI request from a *Political Party* as an applicant seeking the following records:

*Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Minister/Minister of State.*

*(Date Range for Record Search: From 12/01/2018 To 12/31/2018)*

*This is a x-gov request: XGR-2019-93404*

Please complete the fee estimate below:

1. Will you have responsive records? Y/N \_\_\_\_\_
2. If yes? How much time in hours? (best guess\*\*) \_\_\_\_\_  
\*\* **Note:** if more than 3 hours, please provide rationale below:
3. Approximate number of pages? (5, 50, 500) \_\_\_\_\_
4. Are you aware of any other program areas or other public bodies that should be advised of this FOI? If yes, please provide \_\_\_\_\_

The fee estimate is due by **June 13**. If MTI FOI advises 'no fee', records are due by **June 18**.

The LDD is **July 18**.

Hi to Min Office – FYI on the following information bulletin, as written by Craig, which will go out regionally tomorrow morning at 9:15 AM.

This has passed all program area & ADM approvals.

We have also attached the print ads which will run in Alberni and Parksville leading up to the open houses.

The open houses will take place:

June 19, 2019

4 p.m. – 8 p.m.

Parksville Community and Conference Centre, 132 Jensen Ave E.

June 20, 2019

4 p.m. – 8 p.m.

Port Alberni Friendship Centre, 3555 4th Ave.

Over to you & for sharing with the local MLA.

Many thanks

Lianne

**Cc:** Lucas Meneses-Skoda; Murdock, Dean TRAN:EX; Emily Berkel  
**Subject:** Q's re: Min. Trevena, Mon. June 17 AT Summit

Hi again Melanie (and Dean) -

Our team is talking w Sukhi Tomana of GCPE this aft at 1:30pm, to go over logistics, siting, 3rd party V's ... for a planned media event w Minister June 17, at or near Anvil centre.

We expect media event would be b4 the keynote at 3:30. (We'd like to be ready w Minister and panelists at 3pm). So media event likely to fall in window btwn 1:30-3pm? Sukhi says early as possible...But will get a confirm from her today.  
I'd guess about 2pm ideal.

For you, a couple of other questions re: Minister's address, (some floated in our convo last week):

1. Will she / your team have slides/USB or file to share for the Min. address ? Or just an address - w/o slides?
2. Is the Minister willing to take Q&A's from the audience - just 3 or 4, say for 7-8, maybe 10minutes...? (There's more time overall now for the 90min session, as there are no multiple welcomes and preliminaries like an a.m. session would have...)
3. NOTE: #2 above would still acknowledge that Dean (or Andrew Brooke) will have more info // details to share on the AT Strategy after Minister's address, in convo w Vanc/Victoria, and TransLink Staff.
4. Will Minister stay for the above respondent panel, going till 4:50/5pm. ? And maybe stay as well for the Social Network / mingle? starting at 5pm - goes to 7pm....

regards, Ray Straatsma

PS> Please call if you prefer. After 2pm today, I should have more info on proposed media event....

**Subject:** Minister's tour Northern Region June 10-11

Hi Melanie,

Cindy Shang in the ADM office directed me your way as the MO contact for the tour next week.

I am just putting finishing touches on the itinerary draft from this end, but have a few questions before I go too deep:

- Does YOUR office also have a running draft I should be working off of? No, we are working off the same draft.
- Do you know how many will be travelling with Minister Trevena (for reserving transit seats, etc) 1 staff – Aileen Machell, Senior MA
- Will accommodation be booked at your end? (I HAVE made a reservation for her one night in Prince George but can obviously cancel if that is not needed) Could you please book? 2 rooms please. Charly in our office can book flights s.22 i. Please let us know which hotel
- Do you want us to produce the tour binders and distribute here once she arrives? Yes please. If you have an electronic copy sooner please feel free to pass along.

Also, could you pls arrange bagged lunches for Monday?

Looking forward to your response,

Tamara

**Importance:** High

Hi Lynne,

You may recall this file earlier (I've attached some background). s.13; s.16  
s.13; s.16

Much appreciated if you're able to confirm on these two points. Happy to discuss by phone!

Thanks,

**Aaron Shepard**

**Attachments:** 285716.docx

Good morning,

Here's a clean copy of the letter – thanks for the edits. Can we leave with MO to coordinate Minister Approval, or would you like WS to send a hard copy of the letter via pouch today?

Thanks very much,

### Aaron Shepard

Many thanks Olivia!

From 9am-12pm it will be herself and one of our MAs, most likely Melanie Sanderson, for a conference call to Treasury Board.

From 12-2:30pm it will be MCT w/ Steve Heywood (MoTI, internal), Jeremy Wood (MoTI, internal) for a briefing.

Let me know if you need anything else!

Hi Olivia,

Minister Trevena has a room booked from 1-2:30pm on Monday, June 17<sup>th</sup> at the VCO and I was wondering if that room is available from 9am until 2:30pm? It would still only be for internal staff and there would be max 4 people through out the day. I've attached Leah's original request for reference.

Many thanks,

Edited and approved quote:

"Highway 19 between Campbell River and Sayward is a busy corridor, but it's a two-lane highway," said Claire Trevena, Minister of Transportation and Infrastructure. "This new southbound passing lane will provide a safe opportunity for drivers to pass slower-moving vehicles, which is an important safety upgrade for everyone who travels this route."

#### Reporter

Maria Rantanen, Reporter  
Richmond News  
[mrantanen@richmond-news.com](mailto:mrantanen@richmond-news.com)  
604-249-3329 c: 604-816-5627

#### Deadline **ASAP**

#### Request

What does it mean to "inform the Treasury Board process"?

#### Background

This is a follow-up to a media request from June 4, 2019.

##### *REQUEST:*

Reporter would like to interview minister by 4:00 PM today for a story about the Massey project and clarifying confusion around the project.

##### *QUESTIONS:*

- What is the actual plan with Massey?
- Reporter says: "Last week the Premier made some confusing comments, in relation to what the ministry is actually planning. Can someone clarify what is happening in relation to whether one option is being pushed for or another study is going to be underway?"
- How is the project going to relieve pressure on people who have to travel in this area?
- What is the timeline of the ongoing explorations, and when will a decision be made?

##### *RESPONSE:*

###### Provided Statement

People are tired of being stuck in traffic, that's why we are working with the communities to move forward with a long-term solution. Unlike the old government which wanted to impose unfair tolls on drivers, we are choosing to bring communities to the table and will ensure their voices are heard and are a part of decisions moving forward.

As the Premier indicated, consensus among the Mayors allows government to get started on this in a more timely way. We are pleased that the key Metro Vancouver Mayors and First Nation Chiefs came together to determine priorities and we continue working with them and through the Metro Vancouver Mayors' Task Force to develop the best option.

###### Background:

In mid-May an RFP was posted on BC Bid for a technical team to complete engineering work on the viable options. We expect this work will be completed by the end of November this year.<sup>s.13</sup>

So the calendar issue with the constituency office still prevails.

We are going to take everything off my phone this afternoon and re-install it; hoping that will fix the problem. If not... who knows!

I will out of action until this is complete.

**Subject:** Minister's tour Northern Region June 10-11

Hi Melanie,

Cindy Shang in the ADM office directed me your way as the MO contact for the tour next week.

I am just putting finishing touches on the itinerary draft from this end, but have a few questions before I go too deep:

- Does YOUR office also have a running draft I should be working off of?
- Do you know how many will be travelling with Minister Trevena (for reserving transit seats, etc)
- Will accommodation be booked at your end? (I HAVE made a reservation for her one night in Prince George but can obviously cancel if that is not needed)
- Do you want us to produce the tour binders and distribute here once she arrives?

Looking forward to your response,

Tamara

**Subject:** FYI - TRAN Follow-up Media Request: Gabriola Island subdivision

FYI on the below.

### Reporter

Derek Kilbourn, Editor  
Gabriola Sounder (Gabriola Island)  
[derek@soundernews.com](mailto:derek@soundernews.com)  
250-247-9337

### Deadline ASAP

### Request

Reporter has a follow-up questions:

- When (or will) the graveled parts of Spruce Ave get sealed or paved?
- Will the inevitable increase in traffic necessitate the Ministry upgrading the road from the gravel road that it is now?

### Background

This is a follow-up to a media request from May 31, 2019.

### REQUEST:

Reporter writes:

Is the subdivision being proposed between Church Road and Spruce Ave on Gabriola Island being worked on still at the MOTI level?

As I understand it, the Islands Trust has received referrals dealing with some development permits involved - but I wasn't sure if the subdivision approval had been granted yet by MOTI.

### RESPONSE:

Provided Background

- This subdivision file has been submitted for preliminary layout approval to the Provincial Approving Officer.
- It is currently under ministry review and no approvals have been granted at this time.

### Recommendation

- As the subdivision application is currently in the review process, the ministry will continue to look at what improvements, if any, are needed for Spruce Ave.

**Subject:** FYI - TRAN Media Request: McLure Ferry

FYI on the below.

### Reporter

Jenna Wheeler, Reporter  
InfoNews  
[jwheeler@infonews.ca](mailto:jwheeler@infonews.ca)

### Deadline ASAP

### Request

Reporter is looking for more info about the McLure Ferry.

### QUESTIONS:

Q: When was the McLure ferry last replaced?

A: We do not have a date available on the construction of the current vessel.

Q: How long have the Little Fort, Terrace, Lytton, and Jesmund reaction ferries been in service?

A: Little Fort and Terrace ferries have been in service since 1912. The Lytton ferry has been operating since 1867. We do not have data available on the Jesmund ferry.

Q: Does the future for the McLure ferry look stable?

A: Yes, we look forward to many more years of service with this ferry.

Q: Is there any likelihood that the province may see an increase in the reaction ferry usage or creation of more?

A: At this time, there is no plan in place for this.

Q: What is a free-running ferry?

A: A free-running ferry is a powered ferry which does not require a cable to operate. The predominant source of power of free-running is diesel, though there are other sources of power available, like LNG and electric (battery) power.

Q: Roughly how many vehicles and people have travelled on the ferry? (recent years ok)

A: In 2017/18, the ferry transported approximately 18,000 vehicles and 32,000 passengers.

Q: Can you tell me anything additional about the McLure ferry?

A: McLure Ferry service began in April 1919 in an effort to provide ranchers and farmers on the west side of the North Thompson River with access to the main road to Kamloops. As well, it gave these residents access to McLure Station on the Canadian Northern Pacific Railway (now Canadian National) and to a store, and post office. Upon establishment, the crossing was known as the Fishtrap Ferry.

**Subject:** RE: MLA Shirley Bond / HandyDart Service in Prince George

Thanks Megan,

There was some confusion of action on this as it was also delivered to MO and Mel Sanderson, MA, was going to deal with it.

I will get clear clarification on action from her and let you know if it is different from below.

Lynne

**From:** Writing Services, Transportation TRAN:EX  
**Sent:** May 16, 2019 11:36 AM

**To:** Stone, Lynne TRAN:EX  
**Cc:** Shepard, Aaron TRAN:EX  
**Subject:** FW: MLA Shirley Bond / HandyDart Service in Prince George

Hi Lynne, we just wanted to follow up on this incoming, which was dropped into the Minister's Draft folder.

We realize this morning that this one was logged previously as a meeting request under 285868; Charly also forwarded log 285906 referencing the request/seeking advice.

We will update the existing log, 285868, as a Minister's response, and will touch base with Transit staff to follow up with BC Transit/HandyDart for information.

Many thanks!

FYI on the below. Note information has already been provided to other media outlets. Thanks!

### Reporter

Patrick Reynolds, Reporter

TunnelTalk

[patrickjreynolds65@gmail.com](mailto:patrickjreynolds65@gmail.com)

440-789-0122 x 047

### Deadline ASAP

### Request

Reporter is working on a story about the latest update on the procurement status on Broadway Subway. He notes: the last announcement, in February, said the RFQ closed in April and would be followed by selecting up to 3 shortlisted teams to move into the competitive selection process.

### QUESTIONS:

- Have the selections been made, and what is the schedule/deadlines for the follow-on steps?
- If you could send some illustrations of the project I would be grateful.

### Background

### Recommendation

The RFQ closed on April 17, 2019 and submissions are being evaluated. The ministry will then select up to three respondent teams to participate in the request for proposal stage. More information should be available in the coming weeks and updates will be posted to the project website at <https://engage.gov.bc.ca/broadwaysubway/>.

In the meantime, our map graphic is available online at

[chadklassen87@gmail.com](mailto:chadklassen87@gmail.com)  
250-851-3204 c: 250-299-7201

### Deadline ASAP

### Request

Reporter has follow-up questions about the McLure Ferry.

### QUESTIONS:

- How much does it cost, annually, to run the ferry? Ferry services are included within the highway maintenance agreement for the area. We do not have these costs so you would need to check with Highways to see if they have this information.
- We know it takes about 80-100 trips a day: how many trips per year are taken with this ferry? (Not sure if this service is 365 days a year.) The ferry does not operate 365 days per year; it normally shuts down during the winter months due to river conditions. In 2017/18, the ferry transported approximately 18,000 vehicles and 32,000 passengers.
- When did the revised model of the ferry come into operation? 2003-2004

### Background

### Recommendation

Q: How much does it cost, annually, to run the ferry?

A: Ferry services are included within the highway maintenance agreement for the area, and covered through the Ministry of Transportation and Infrastructure.

Q: We know it takes about 80-100 trips a day: how many trips per year are taken with this ferry? (Not sure if this service is 365 days a year.)

A: The McLure ferry does not operate 365 days per year; it normally shuts down during the winter months due to river conditions. There is no service during high water or winter freeze up. In 2017/18, the ferry transported approximately 18,000 vehicles and 32,000 passengers.

Q: When did the revised model of the ferry come into operation?

A: The revised service model came into operation in 2003-2004.

**Subject:** FOR APPROVAL (RUSH) - TRAN MEDIA REQUEST - Rob Shaw - Northern Sea Wolf Request

Hi Aileen, Will and Melanie,

For your approval as soon as able, please. The below is a two-parter: background from the ministry on the Northern Sea Wolf, and also a minister's statement, as requested by Rob. We'll send to the reporter as soon as we have your signoff.

Thanks,  
Danielle

**Reporter**

Rob Shaw, Reporter

Vancouver Sun

[rshaw@postmedia.com](mailto:rshaw@postmedia.com)

250-953-5932 c: 250-893-0841

**Deadline** ASAP**Request**

Reporter says: I'm interviewing Mark Collins from BC Ferries tomorrow on the Northern Sea Wolf being in the water now in service, and the increase in cost it took to get the ship seaworthy. I assume you will loop BC Ferries in on this as well. But I can only get so much info out of the CEO during the course of a 15 minute interview. So I'm looking for separate background.

**QUESTIONS:**

- I'd like as much background from the ministry as I can on this ship – I see from some previous stories online that the current minister blames the previous minister, so I'm assuming there is lots of ministerial data on this file that is held by government rather than BC Ferries.
- I'd like an itemized breakdown of where the cost overruns occurred on the ship, as well as when, and a history of what brought us to the purchase of the vessel and the retrofits it undertook and why.
- Also, how the costs kept rising.
- And I'll take a statement from the minister as well, thanks. Including whether, if she could have had control over this, she would have built the ship here rather than buy it from Greece and retrofit it at such a high cost.

**Deadline** ASAP

**Request**

Reporter would like to interview minister by 4:00 PM today for a story about the Massey project and clarifying confusion around the project.

**QUESTIONS:**

- What is the actual plan with Massey?
- Reporter says: "Last week the Premier made some confusing comments, in relation to what the ministry is actually planning. Can someone clarify what is happening in relation to whether one option is being pushed for or another study is going to be underway?"
- How is the project going to relieve pressure on people who have to travel in this area?
- What is the timeline of the ongoing explorations, and when will a decision be made?

**Background**

**Recommendation**

**Suggested speaking points:**

s.13

**Background:**

In mid-May an RFP was posted on BC Bid for a technical team to complete engineering work on the viable options. We expect this work will be completed by the end of November this year. The next step will be completing a detailed business case including cost details to inform the Treasury Board process and allow for potential federal funding.

Hi Lisanne,

Yes, TB unfortunately requires her to now be in Victoria in the AM.

We have reached out to Ray Straatsma and confirmed that MCT will now be speaking at 3:30pm.

Mel says that MCT has a 10min time slot roughly, which includes her keynote, a panel, and a little bit of Q&A.

Let myself or Mel know if you have any further questions!

Hi Charly – quick schedule Q for you today –

We have heard the Minister will make the active transportation announcement at the summit on June 17 in the afternoon.

Can you please look in the Minister's calendar & let me know what is the time block for this one?

We are submitting event support request into HQ today & want to update event pitch

Thanks!

Hi Leah,  
Further to the BN received (attached) we would like to request that the ministry provide advice on this invite to the Premier. Perhaps you have more information on the meeting that may take place with MCT in June and if that meeting will suffice for this request.  
Thank you for your assistance with this request by May 24.  
Cheers,  
Chris

**Subject:** meeting with Premier Horgan

Premier Horgan...following up on our meeting last year, our Board executive requests to meet again. Our members operate throughout the province, connecting communities with a safe efficient transportation infrastructure network. The Ministry of Transportation and Infrastructure is an important partner of ours.

We propose the following agenda:

- Introductions
- Overview of BC Road Builders' 2019 Strategic plan
- Review of Budget 2019's positive impact on Road Builders...highway maintenance, capital programs and road rehabilitation programs

Look forward to meeting again.

Best,

Kelly...

**Deadline ASAP**

**Request**

Reporter says: I'm interviewing Mark Collins from BC Ferries tomorrow on the Northern Sea Wolf being in the water now in service, and the increase in cost it took to get the ship seaworthy. I assume you will loop BC Ferries in on this as well. But I can only get so much info out of the CEO during the course of a 15 minute interview. So I'm looking for separate background.

**QUESTIONS:**

- I'd like as much background from the ministry as I can on this ship – I see from some

previous stories online that the current minister blames the previous minister, so I'm assuming there is lots of ministerial data on this file that is held by government rather than BC Ferries.

- I'd like an itemized breakdown of where the cost overruns occurred on the ship, as well as when, and a history of what brought us to the purchase of the vessel and the retrofits it undertook and why.

- Also, how the costs kept rising.

- And I'll take a statement from the minister as well, thanks. Including whether, if she could have had control over this, she would have built the ship here rather than buy it from Greece and retrofit it at such a high cost.

**Response:**

Edited and approved:

“As part of CleanBC, we are working in partnership with communities to improve active transportation infrastructure that connects the places where people live, work, learn and play. Transforming how we get around helps to reduce emissions, and makes for cleaner and healthier communities. We are introducing a new active transportation strategy that will help us achieve a cleaner, healthier and more sustainable British Columbia. Our government is focused on making communities more livable and building public infrastructure for the next generation – I appreciate your participation in this very important work.

Many thanks to the British Columbia Cycling Coalition for organizing this very successful BC Active Transportation Summit. Thank you to all the attendees, your efforts will help the shape the future of active transportation in our province.”

Lynne

**Subject:** FYI: TRAN Media Request: Highway speed limits

FYI on the below.

Danielle

### Reporter

Jérémie Bergeron, Reporter  
Radio Canada - Ottawa  
[jeremie.bergeron@radio-canada.ca](mailto:jeremie.bergeron@radio-canada.ca)  
613-290-3700

### Deadline ASAP

### Request

Reporter is working on a story about the fact that Ontario will increase the speed limits of some highways to 110 km/h.

### QUESTION:

- Reporter says: I see that last year, British Columbia reduced speed limit on 570 kms of road. Can you tell me what the reasons were behind this decision?

### Background

### Recommendation

- People need to feel safe on our roads, and we are always looking for ways to make travel safer.
- In 2014 speed limits were raised on 33 highway segments. After reviewing three years of data, we determined that some of those highway segments experienced an increase in crashes and closures.
- That's why in November 2018, we rolled back speed limits by 10 km/h on 15 corridors, covering almost 570 kilometres – taking every precaution to make our roads safer.
- There were 16 other highway segments that did not see a reduction in safety – for these, including the Coquihalla, speed limits remained the same.
- Speed is only one of a number of factors that cause crashes. Changing weather conditions, distracted driving, driving too fast for conditions, heavy traffic, falling asleep at the wheel, alcohol, driver error and wild animals can all contribute to crashes.
- We will always take a reasonable and measured approach to speed limit changes based on the data – to make sure that the speed limits on our highways are as safe for people as possible.

**Subject:** RE: 285589 Shaffer & 285590 Moore / Appointment to BC Ferry Authority

Good morning, Charly:

As per the emails below, was the Minister able to contact the appointees for both the BC Ferry Authority and the PT Board?

If so, Writing Services will send out the letters today. Otherwise, we'll continue to hold until we have confirmation or approval to send out.

Thanks very much,

### Aaron Shepard

Good morning, see below for a request for [FOI consultation](#).

**Note:** This is not an FOI request, rather a request for consultation and such, you are not required to provide records.

The Ministry of *Jobs, Trades and Technology* received this FOI request from a *Political Party*.

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages - excluding attachments - sent from the Administrative Assistant(s) in the Minister's/ Minister of State's/Premier's office - where such a position exists and was staffed.

(Date for Record Search: From 08/01/2018 To 08/31/2018)

They identified the attached (*6 pages*) as responsive records and wish to get our Ministry's views on disclosure.

Please review and provide a harms assessment if you have any concerns with the release of this information.

**To ensure our input is included with the severing, please provide your response on or before *June 7*.**

Please contact me if you have any questions or concerns.

**Subject:** FYI: TRAN Media Request: Highway 97 closure north of Summerland

FYI on the below response.

### Reporter

John Arendt, Editor  
Summerland Review  
[news@summerlandreview.com](mailto:news@summerlandreview.com)  
250-494-5406 c: 250-488-0846

**Deadline** Monday, June 3, 2019 4:00 PM

### Request

Drive BC has a Highway 97 issue north of Summerland - reporter is looking for more info.

Is this the same area with significant slide issues in the past? if so, what is being done to rectify it long term?

### Background

### Recommendation

- A minor rock slide occurred yesterday afternoon along Highway 97 north of Summerland, closing the southbound right lane.
- This lane remains closed as ministry staff continue to monitor the slope, and drivers can expect minor delays.
- We remind all travellers to use caution when driving through the area, and to check DriveBC and @DriveBC on Twitter for the most up-to-date information.
- While this is a minor slide, it has taken place in the same location as the larger slide which occurred in late February, causing an extended highway closure.
- The ministry has planned rock fall mitigation improvements on this section, and this work to improve safety is expected to get underway in the coming weeks.
- Work will include the installation of rock bolts, drains, slope mesh and a small amount of scaling.

**Subject:** Northern Sea Wolf

Hi,

I'm interviewing Mark Collins from BC Ferries tomorrow on the Northern Sea Wolf being in the water now in service, and the increase in cost it took to get the ship seaworthy.

I'd like as much background from the ministry as I can on this ship – I see from some previous stories online that the current minister blames the previous minister, so I'm assuming there is lots of ministerial data on this file that is held by government rather than BC Ferries.

I'd like an itemized breakdown of where the cost overruns occurred on the ship, as well as when, and a history of what brought us to the purchase of the vessel and the retrofits it undertook and why.  
Also, how the costs kept rising.

I assume you will loop BC Ferries in on this as well. But I can only get so much info out of the CEO during the course of a 15 minute interview. So I'm looking for separate background.

And I'll take a statement from the minister as well, thanks.  
Including whether, if she could have had control over this, she would have built the ship here rather than buy it from Greece and retrofit it at such a high cost.

Thanks,

Rob

[martin.macmahon@rci.rogers.com](mailto:martin.macmahon@rci.rogers.com)  
604-877-4400 c: 604-834-1831

**Deadline** ASAP

**Request**

Reporter is hoping for an interview if possible about how the government is creating safe transportation options in the north in mind of the new report on Missing/Murdered Indigenous Women. One of the report's recommendations is to "Provide safe transportation options, particularly in rural, remote, and northern communities, including "safe rides" programs, and monitor high recruitment areas where Métis women, girls and 2SLGBTQIA individuals may be more likely to be targeted."

He notes: Our newsroom line is 604-877-4400 if Minister Trevena is available for a brief interview to discuss this aspect of the report.

**QUESTIONS:**

- Does the provincial government have any plans to do anything beyond what we've seen from BC Transit stepping in to fill that void left by Greyhound along the Highway of Tears?

**Background**

**Recommendation**

**Deadline** Monday, June 3, 2019 3:00 PM

### Request

Reporter writes:

Just inquiring about the bid opportunity posted by the MoT Friday about 10 Mile Slide. Just had a few questions about the scope of the project, how much is allocated and if this bid is seeking the "be all end all" fix to the problem. From my understanding, that area has been a problem for some time and vehicle weight restrictions have been in place for the unstable portion.

### Background

### Recommendation

- The tender has been issued for the main stabilization work required at the 10 Mile Slide location.
- This work will provide a long-term solution on one of B.C.'s most technically challenging slide sites, approximately 17 kilometres northeast of Lillooet.
- Initial soil anchor installation, widening, grading and drainage improvements to the highway were completed in early 2019, and following extensive geotechnical assessments, the load restrictions were increased to 27,000 kilograms GVW. While this load restriction remains in place, it is subject to change on short notice, should site conditions deteriorate.
- The active slide surrounds Highway 99, which is vital to the local and regional economy as the primary connector between Lillooet and Kamloops.
- The area has experienced ongoing slide activity for several decades, severely affecting the Xaxli'p community, local businesses, the trucking and tourism industries, and the general public.
- The Province is investing approximately \$60 million in this stabilization project, which will result in a reliable, permanent two-lane paved roadway once completed, improving safety for people travelling along this section of Highway 99.
- Work is expected to begin this summer and be completed in fall 2020.

**Subject:** Minister Trevena - Meeting Request

Good day William,

We met briefly a few weeks back following the Greater Vancouver Board of Trade event at GCT's announcement at the Wall Centre, and I had mentioned that we would like to see if we can arrange a meeting with Minister Trevena in July.

The purpose of the meeting would be to follow up with previous discussions between Minister Trevena, our Chamber of Shipping President – Robert Lewis-Manning, and our current Board Chair - Garth Mitcham of CSL International who represents the shipping line that services Orca Sand & Gravel. Allister Patterson, EVP & CCO of the CSL Group will be on the west coast in mid-July and is hoping that the Minister would be available for the one of following dates/times:

Morning, Wednesday, July 17  
Afternoon, Thursday, July 18  
Morning, Friday, July 19

I would appreciate if you could advise of the Minister's availability and interest to meet during on one of the days noted above.

Thanks and best regards,

### Bonnie Gee

Good morning,

Just a quick note to follow up on this; should we continue to keep this letter of support on hold, or has your office received a copy of Nanaimo's application yet?

Let me know if you need me to follow up with the program area.

Thanks,

**Aaron Shepard**

Hi Aaron,

Yes, we'll have to hold for now. MCT has asked to review before signing off.

We'd be happy to hold onto it in our office if you'd prefer.

Thanks,

Leah

Hi Charly,

I'm advised we don't have a copy of Nanaimo's application yet, but are expecting it this week. Did you want us to hold on to the letter of support for now, or return to your office for Minister's signature? I understand Will may be meeting with the Port at some point soon as well.

Thanks very much,

**Aaron Shepard**

"We owe a lot to these little ferries – more than many would realize," said Minister of Transportation and Infrastructure Claire Trevena. "Before our road network was built, inland ferries were used by ranchers, railway workers and others travelling through the interior; even livestock was moved by ferry. B.C.'s reaction ferry fleet had an important role in the history and development of our province."

Hi to MO – this regional NR is ready for release tomorrow at 11 AM for the McLure Ferry celebration photo op.

A small group of stakeholders will be coming to the site for the informal photo op – and the ferry runs every 5 minutes so people can take photos in front of the ferry.

We are also going to do a call-around to regional media this afternoon to invite them to attend if they wish to (Jamie is on our media line today so he is going to do this media call around).

If you can let us know about QUOTE approval by the end of the day -thanks so much!

**Subject:** MCT INTERVIEW REQUEST: Safe northern transportation and the report on Missing/Murdered Indigenous Women

Good morning Will, Melanie and Aileen,

See the request for an interview with Minister Trevena regarding safe norther transportation as it relates to the report on Missing/Murdered Indigenous Women.

The reporter is looking for an interview today. Please advise if this is one that the minister can take, or if we should provide the written response that has been drafted below.

Thanks,

Jamie.

**Reporter**  
Martin MacMahon, Reporter  
News 1130

**Deadline** ASAP

**Request**

Reporter is hoping for an interview if possible about how the government is creating safe transportation options in the north in mind of the new report on Missing/Murdered Indigenous Women. One of the report's recommendations is to "Provide safe transportation options, particularly in rural, remote, and northern communities, including "safe rides" programs, and monitor high recruitment areas where Métis women, girls and 2SLGBTQIA individuals may be more likely to be targeted."

He notes: Our newsroom line is 604-877-4400 if Minister Trevena is available for a brief interview to discuss this aspect of the report.

**QUESTIONS:**

- Does the provincial government have any plans to do anything beyond what we've seen from BC Transit stepping in to fill that void left by Greyhound along the Highway of Tears?

**Background**

**Recommendation**

Thanks Charly - Spoke w Melanie in last hour as well. We can work w 3pm arrival. Looking forward to further confirmations.

The Minister's keynote session would then start at 3:30pm. Some finer adjustments possible, but some of panelists (respondents after keynote) need to get back to the Island or elsewhere too, so later than 3:30 a real challenge.

Regards, Ray Straatsma

**Subject:** change in Minister's schedule?? June 17th - Active Transport Summit

**To:** Waters, Leah TRAN:EX <[Leah.Waters@gov.bc.ca](mailto:Leah.Waters@gov.bc.ca)>, Dean TRAN:EX <[Dean.Murdock@gov.bc.ca](mailto:Dean.Murdock@gov.bc.ca)>

**Cc:** Emily Berkel <[emily.berkel@bccycling.ca](mailto:emily.berkel@bccycling.ca)>

Hello Leah --

We got a late Friday phone call from Dean Murdock (MOTI) that Minister Trevena is no longer available morning of June 17 for the AT Summit.

He's indicated she instead will attend and do the keynote address Monday afternoon. Possibly as early as 1pm or 1:15pm ? (taking Harbour Air and Skytrain we assume).

Or possibly an address at 3pm or 3:30, with our long -planned post-keynote programming intact, but moved to the afternoon.

We probably prefer the later - more buffer time for travel too.

But are discussing options w our team...

The Minister is welcome, of course, to attend all afternoon, if possible. Sessions to drop into before 3pm, and a social networking event from 5-7pm.

Please see our [current program here](#) for reference.

We understand a media availability is also being planned...

Please advise on best new information available ASAP.

And/or connect me w person most familiar with Min. Trevena's schedule.

We're planning on printing our program early next week. As soon as Tuesday, June 4th.

Thanks for your consideration and attention to this.

regards,

Ray Straatsma

**Categories:** Archive

To: All Premier's Office and Ministers' Office Staff

Thank you to all you were able to attend an IM117 session in the past couple of weeks.

We have another session scheduled in Victoria coming up, please plan on attending as this will be the last face to face session scheduled and it is mandatory for all staff to complete by July 15, 2019.

Wednesday, June 12  
10:00AM-11:30AM  
Room 223, Legislature

A calendar invitation will be sent to all staff shortly – please decline or ignore if you have recently taken the revised course.

There is a webinar session offered to staff working outside of Victoria, a calendar invitation has already been sent for that.

Please share this with anyone in your office we may have missed.

Thank you,  
Maura

**Subject:** FOR CONSIDERATION - TRAN Media Request: Safe northern transportation and the report on Missing/Murdered Indigenous Women

Hey Aileen, Will and Mel,

Please see the below request for Minister to speak to creating safe transportation options in the north, in mind of the new report on Missing/Murdered Indigenous Women. We're aware she may want to take this given government priorities. We're working on key messaging around BC Bus North and the Highway 16 Transportation Action Plan, as well as enhanced Wifi in rest areas, etc.

Please let us know if she may have availability for this today.

Thanks,  
Danielle

### Reporter

News 1130  
[martin.macmahon@rci.rogers.com](mailto:martin.macmahon@rci.rogers.com)  
604-877-4400 c: 604-834-1831

### Deadline ASAP

### Request

Reporter is hoping for an interview if possible about how the government is creating safe transportation options in the north in mind of the new report on Missing/Murdered Indigenous Women. One of the report's recommendations is to "Provide safe transportation options, particularly in rural, remote, and northern communities, including "safe rides" programs, and monitor high recruitment areas where Métis women, girls and 2SLGBTQQIA individuals may be more likely to be targeted."

He notes: Our newsroom line is 604-877-4400 if Minister Trevena is available for a brief interview to discuss this aspect of the report.

### QUESTIONS:

- Does the provincial government have any plans to do anything beyond what we've seen from BC Transit stepping in to fill that void left by Greyhound along the Highway of Tears?

### Background

### Recommendation

Good morning Lea,

I hear through the grape vine that MCT will be in TB Monday June 17<sup>th</sup> in the AM. Do we have any inkling on when she will be presenting and which topics?

As below we had booked an Active Transportation keynote address in New Westminster and so as much information as possible on the timing would be greatly appreciated so that I can get MCT to and from Vic to New Westminster.

Many thanks,

**Charly Leverman**

Subject: change in Minister's schedule?? June 17th - Active Transport Summit

To: Waters, Leah TRAN:EX <[Leah.Waters@gov.bc.ca](mailto:Leah.Waters@gov.bc.ca)>, Dean TRAN:EX <[Dean.Murdock@gov.bc.ca](mailto:Dean.Murdock@gov.bc.ca)>

Cc: Emily Berkel <[emily.berkel@bccycling.ca](mailto:emily.berkel@bccycling.ca)>

Hello Leah --

We got a late Friday phone call from Dean Murdock (MOTI) that Minister Trevena is no longer available morning of June 17 for the AT Summit.

He's indicated she instead will attend and do the keynote address Monday afternoon. Possibly as early as 1pm or 1:15pm ? (taking Harbour Air and Skytrain we assume).

Or possibly an address at 3pm or 3:30, with our long -planned post-keynote programming intact, but moved to the afternoon.

We probably prefer the later - more buffer time for travel too.

But are discussing options w our team...

The Minister is welcome, of course, to attend all afternoon, if possible. Sessions to drop into before 3pm, and a social networking event from 5-7pm.

Please see our [current program here](#) for reference.

We understand a media availability is also being planned...

Please advise on best new information available ASAP.

And/or connect me w person most familiar with Min. Trevena's schedule.

We're planning on printing our program early next week. As soon as Tuesday, June 4th.

Thanks for your consideration and attention to this.

regards,  
Ray Straatsma

Hi Deborah,

I thought you should know that we were able to get the Provincial Public Health Officer, Dr Bonnie Henry, to provide a letter of support for the ATS to be included in the strategy.<sup>s.13</sup>  
s.13

Kudos to Dean for locking this support down.

Thanks,  
Andrew

Hi Rosa,

The Provincial Health Officer has provided a formal letter of endorsement for the ATS. I hope that this can into the layout and design process to be embedded into the ATS (I left a space in the draft for the text to be included).

s.13

Thanks very much,

Hi MLA Chandra Herbert,

Attached are the final draft versions of the strategy and What We Heard report (from the public engagements). They are with GCPE for layout and design, and we'll get a final version next week for final review. However thought you might like a head start<sup>s.13</sup>

s.13

We have also

received an endorsement letter from the public health officer. I'll forward you a copy.

Have a great weekend!

Melanie

Edited and approved quote:

“Highway 19 between Campbell River and Sayward is a busy corridor, but it’s a two-lane highway,” said Claire Trevena, Minister of Transportation and Infrastructure. “This new southbound passing lane will provide a safe opportunity for drivers to pass slower-moving vehicles, which is an important safety upgrade for everyone who travels this route.”

That's excellent - thank you! <sup>s.22</sup>

I'll touch base with event organizers this afternoon to try to confirm timing and order of events.

Also, I believe I mentioned we're looking at holding a press conference/media avail outside the summit. I'll keep you looped in on this as it'd be great to have you for this too. I would assume best time would be right after the keynote. We can aim to keep timeline tight as <sup>s.22</sup>

Thanks again,  
Melanie
