Subject: Speaker line-up - Electric Bus Event

Hi to MO – we just wanted to check in with you on the upcoming July 16 event at 10 AM – 10 new electric buses/ CNG buses/ green plan for BC transit

As far as speakers go...this is what we have (draft). Please let us know if this line-up is correct, or if you there are changes. I hadn't heard anything about the Premier, so I am assuming he cannot attend?

Please advise when you can – thanks!

Fed/ prov event with BC Transit

Rollout of the funding for new electric buses (10 electric buses) – CleanBC

Speakers (draft):

Federal Rep
Minister Claire Trevena
Andrew Weaver? (please let us know)
BC Transit CEO – Erinn Pinkerton
MC – Local MLA? (please let us know)

Thank you!

To: *BMO Travel cardholders*

On the weekend of July 12, 2019, BMO will be upgrading their card processing platform and rolling out new features and changes to the card program.

BMO Spend Dynamics online will be unavailable between Saturday July 13th, 2019 @ 9pm and Monday July 15th @ 9pm.

Please review the attached documents which outline the updates:

- 1) **Guidebook** with all of the changes to the Travel card program. Please note there are changes noted in this guidebook that apply to the BMO purchase card and BTA, please disregard.
- 2) **Corporate Travel Entertainment Program Insurance Certificate** – This is a new Certificate of Insurance for all Travel cardholders.

There were a few questions that BMO has answered:

Q: Will new and existing BMO Travel cardholders have this new insurance?

A: Yes, effective July 12/19, the current travel insurance changes to the "Corporate Travel & Entertainment Program" Insurance

Q: Will cardholders be using Mobile Wallets?

A: This is in the works at BMO and they are exploring what the implications are for the Province of BC.

Q: For the new PIN reset feature by phone, what questions will BMO ask the cardholder to confirm identity?

- A:
- Cardholders full name,
 - Name of Corporation and Activation code (this is the information you would have used to activate your card)
 - Your address on file with BMO (where you receive your monthly statements)

Q: How does a cardholder go about making a claim with the new Insurance?

A: Cardholders will phone the Insurance provider – phone number on the back of the card. They will assist with processing the claim and if the claim is valid, they would apply the credit back to your card/account.

Let me know if you have any further questions.

Thank You.

Subject: Res.22 property issue

Good Morning Grant,

A quick summary below.

- There was some damage to^{s.22} property related to the Williams Lake to Lexington 4-laning project in Williams Lake.
- The cause is not fully determined, but we do acknowledge that it did result from some design issues and/or the delays associated with the fires in the area in 2017/18.
- The Claim process is the only mechanism that we have to make a payment of this size
- We will have our project team work through the claim application process with him so that we can start a file. Concurrently, we will be drafting up the settlement offer of \$100,000.
- We should be able to resolve this in fairly short order, but just need to take these steps to meet our financial obligations.
- Todd Hubner updated the MLA yesterday as well during a conversation on a different topic.

Good afternoon,
(this file is assigned to Rachelle Hartley)

We've received a new FOI request from a *Political Party* as an applicant seeking the following records:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages - excluding attachments – sent from the Minister's Senior Ministerial Assistant(s) - where such a position existed and was staffed during the period (Date Range for Record Search: From 01/16/2018 To 01/23/2018)

Please complete the fee estimate below:

1. Will you have responsive records? Y/N _____
2. If yes? How much time in hours? (best guess**) _____
** **Note:** if more than 3 hours, please provide rationale below:
3. Approximate number of pages? (5, 50, 500) _____
4. Are you aware of any other program areas or other public bodies that should be advised of this FOI? If yes, please provide _____

The fee estimate is due by June 26. If MTI FOI advises 'no fee', records are due by June 28.

The LDD is July 31.

If you have any questions or concerns, please let me know if I can be of assistance.

Subject: REVISED FOR APPROVAL: TRAN Media Request: Sea to Sky regional transit

Here is what program has approved – new lines highlighted below:

- We recognize that there is need for improved transit service along the Sea to Sky corridor, and a strong interest from our local partners to make this a reality.
- Our government is committed to making life more affordable and improving the services people rely on – and a good transit system that meets people's needs is essential to achieving these goals.
- That's why we are dedicated to regional transit service along the corridor – to better connect communities and help get people to and from their jobs, affordably and with ease.
- The local partners have expressed interest in a regional motor fuel tax to fund their contribution to the service, however our government is not willing approve any new motor fuel taxes at this time.
- Significant meetings with local governments and public engagement have been carried out over the last two years to develop various aspects of a regional transit system for the Sea To Sky corridor.
- The ministry is committed to continue working with the local partners to find a way to make this proposed service a reality, and meetings will take place over the summer to discuss potential options.

Subject: RE: TRAN Media Request: CBA - general questions

Hi all,

Here's BCIB's contribution for the first two questions:

How many projects currently fall under CBA? (Reporter heard 4, but found TransCanada four-laning, Pattullo Bridge and Broadway Subway)

- Current projects under the CBA include:
 - The Trans-Canada Highway 1 Kamloops to Alberta Four-Laning Project;
 - the Pattullo Bridge Replacement Project and;
 - the Broadway Subway Project

How far along in the process are each of these individual projects? (How close to hiring the workers that benefit from CBA?)

- The first section of the Highway 1 Four-Laning Project: Illecillewaet, has been awarded to Emil Anderson Construction through a fair and open bidding process. Work will start in the coming weeks, and the project should be completed in 2021. BCIB will be hiring its first workers shortly.
- Proponents for the Pattullo Bridge Replacement Project have been shortlisted and are putting together their bids. The contract will be awarded to the preferred proponent in fall 2019. Early construction is expected to start in spring 2020, and the new crossing will open to traffic in 2023. BCIB will be starting recruitment and outreach for the project's workforce later in fall 2019.
- Proponents for the Broadway Subway Project have been shortlisted. The Province expects to select the preferred proponent by mid-2020. You can find more information about the project here:
<https://news.gov.bc.ca/releases/2019TRAN0112-001321>

I believe @Zaharia, Sarah FIN:EX has some suggested direction for the reporter's final question.

Thanks all!

Hi Charly:

Thank you for the follow-up.

I can close the loop on a couple of items.

Minister's e-sig was applied to the **KHCP4** sub package as well as the **Ride Hail OIC package** as we needed to submit last week in order to make it onto the TB and Cabinet meeting agenda this week.

In addition:

I have now also attached the Service Plan Reports that need to be MCT approved by Thursday. They have been approved by the Finance Staff and ADMs as well as Treasury Board Staff. The approved **Service Plan Reports** and the "**TI PMarsh**" file (holdbacks) needs to be submitted **Thursday night** so that the Service Plan Report can go to print on Friday (this all ties in with Public Accounts being tentatively scheduled for July 16th).

Let me know if you have any questions and thank you for tracking.

In addition to the items previously outlined, we have the below in need of signature as well:

KHCP4 – Updated the iPad with documents passed over to us from last Thursday

Ride Hail – Flipped OICs 286723 and 286725 over to the DMO w/ MCT's sig but there is still the **286721 OIC, 286723 DBN, and the 286724 OIC**

So there are 8 documents that need signing (excluding the 2 OICs for Gibsons and Container Trucking).

Lea checked in on the **TI PMarsh file** as it will need to be signed this week.

Subject: E-Sig Outstanding List

So far these are the items we have to be signed but are not in the iPad as per WB's request:

Attendance Declaration Package - Please note that the declarations must be signed between **July 1-15, 2019**. If Members are going to be in Victoria, staff in the Office of the Clerk are available to witness their declarations. If Members are signing declarations in their communities, please forward the notary invoice or receipt for payment or reimbursement for any charges incurred while completing this statutory requirement.

51045 BC – Annex A – Broadway – Due mid July however, the sooner signed the faster construction starts

TI PMarsh – Ministerial Salary Release – Due prior to Public Accounts in July

281706 – OIC – Gibsons – No due date

286510 – DBN – \$25 Container Trucking – No due date

I will be putting together a prioritization document for these tomorrow so stay tuned!

Reporter would like comment from the ministry on the District of Squamish's recent release: Sea-to-Sky governments urge province to consider creative funding solutions for regional transit system.

QUESTION:

- How does the province respond to this?

-Is this an accurate representation of how negotiations appear to have broken down?

-How would the province prefer to fund regional transit if not via the method proposed by local governments?

Any word on when we will see the regulations? Would be great to know when to be on the look out.

Background

This is a follow-up to a media request from July 2, 2019.

REQUEST:

Reporter is working on a story today about the frustrations some Vancouverites had last night trying to get home after the fireworks in downtown Vancouver. She says: "Apparently the waits for buses/cabs were very long and many people were reminded that Vancouver is still missing out on ridesharing."

QUESTION:

- 1) Is the government still on track to bring ride hailing in by the fall of 2019? Do we have a specific date when we can expect ride hailing to begin in B.C.?
- 2) Some advocate groups have argued ride hailing could have been brought in more quickly – on time for this summer, for example. Is there anything the government could have done to deliver ride hailing more quickly?
- 3) How is the government preparing for the disruption ride hailing will bring to taxi drivers in B.C.?
