Subject: FOI Request TRA-2020-05148
Importance: High

Hello Alyssa,

The applicant has responded back with the following:

“Section 13 appears not to support the denial of release of records as I am specifically requesting factual information in the form of specific revenue numbers (13 2 (a)). Can you please advise what criteria the Government is referring to in both section 13 and Section 12 of the Act for the denial of the request? I am challenged by Section 12 as again it is factual information and while it is information and input, it provides no information on the substance of an executive council or committee deliberation. In fact, I would suggest that Section 13 indicates that the information must be released as factual information used in policy development. To preserve the democratic process, citizens have a right to access the same factual source material to conduct private analysis. To be clear, the information being sought is records of facts and not advice.

On this basis I ask that you reconsider the request or provide a more detailed explanation of the denial and that I be provided specific reasons, not just a broad section reference, for the denial of information should that be the final decision.”

We can provide the applicant with MoTI's harms and advise that s.12; s.13

Please advise.

Good morning,

IAO advised that the applicant has responded with the following regarding this request:

- *"Section 13 appears not to support the denial of release of records as I am specifically requesting factual information in the form of specific revenue numbers (13 2 (a)). Can you please advise what criteria the Government is referring to in both section 13 and Section 12 of the Act for the denial of the request? On this basis I ask that you reconsider the request or provide a more detailed explanation of the denial and that I be provided specific reasons, not just a broad section reference, for the denial of information should that be the final decision."*

Are there any portions of the records that can be released? If not, we can provide the applicant with the rationale for the records being fully severed. The rationale which was originally provided to IAO is below:

Please advise or let me know if you would like to discuss.

Good afternoon,

Please find attached the redline records (9 pages) and sign form for Rideshare's final approval.

Ministry harms were identified within the records. The FOI analyst at IAO has reviewed the records and recommends withholding the records in their entirety as per s.12 (Cabinet and local public body confidences) and s.13 (Policy advice or recommendations) of FOIPPA. See attached approval form for further information.

Request wording from an Individual applicant:

Records indicating the dollar amount collected by the BC Government for the \$0.30 per fare for inaccessible ride-hailing vehicles (transportation network services) collected under the Passenger Transportation Regulations. I would like the information broken down by month or similar accounting period used by the Province. I am seeking total dollar amounts per period, not amounts collected from individual companies. (Date Range for Record Search: From 1/1/2020 To 7/31/2020)

Please return the signed approval on or before **September 11**, so the IAO has time to complete the processing of the file.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Subject: Call for Records TRA-2020-05148 Due: September 8, 2020

Hello,

New FOI Request Received

Your ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA).

Legislated Due Date: October 1, 2020

What Do You Need to Do?

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours; or volume of hard-copies records is anticipated to exceed 200 pages; or preparation time can reasonably be expected to exceed 15 minutes or more, complete **only** sections 1 and 2 of the Call for Records form as we may be in a position to issue a fee estimate. Then, return the form to the **IAO Business Team Mailbox** by August 31, 2020. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process. IAO will advise you if the request is abandoned and closed.
- If no fees apply then proceed with the call for records process. If the request proceeds, please complete the attached Call for Records form and return it to **the FOI Analyst assigned with a cc to the IAO Business Team Mailbox** by September 8, 2020.
- Send records via email in PDF format. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns

Please do not hesitate to contact IAO to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Thank you for your assistance,

Emily Simon, Junior FOI Analyst

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Subject: Call for Records TRA-2020-05148 Due: September 8, 2020

Hello,

New FOI Request Received

Your ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA).

Legislated Due Date: October 1, 2020

What Do You Need to Do?

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours; or volume of hard-copies records is anticipated to exceed 200 pages; or preparation time can reasonably be expected to exceed 15 minutes or more, complete

only sections 1 and 2 of the Call for Records form as we may be in a position to issue a fee estimate. Then, return the form to the **IAO Business Team Mailbox** by August 31, 2020. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process. IAO will advise you if the request is abandoned and closed.

- If no fees apply then proceed with the call for records process. If the request proceeds, please complete the attached Call for Records form and return it to **the FOI Analyst assigned with a cc to the IAO Business Team Mailbox** by September 8, 2020.
- Send records via email in PDF format. If email is not possible, please send the records in electronic format (CD, memory stick) via house mail with a copy of this note.

Reminder

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Questions and Concerns

Please do not hesitate to contact IAO to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Thank you for your assistance,

Hello Rachelle and Alyssa,

The Ministry of Finance received the following FOI request on August 19, 2020:

Records indicating the dollar amount collected by the BC Government for the \$0.30 per fare for inaccessible ride-hailing vehicles (transportation network services) collected under the Passenger Transportation Regulations. I would like the information broken down by month or similar accounting period used by the Province. I am seeking total dollar amounts per period, not amounts collected from individual companies. (Date Range for Record Search: From 1/1/2020 To 7/31/2020).

They believe that MoTI may have responsive records.

Also, be advised that similar request was submitted to MoTI (TRA-2020-05148), the same applicant.

Please advise whether a full transfer of the request would be appropriate, at your earliest convenience.

Thanks.

Good morning,

IAO advised that the applicant has responded with the following regarding this request:

- *"Section 13 appears not to support the denial of release of records as I am specifically requesting factual information in the form of specific revenue numbers (13 2 (a)). Can you please advise what criteria the Government is referring to in both section 13 and Section 12 of the Act for the denial of the request? I am challenged by Section 12 as again it is factual information and while it is information and input, it provides no information on the substance of an executive council or committee deliberation. In fact, I would suggest that Section 13 indicates that the information must be released as factual information used in policy development. To preserve the democratic process, citizens have a right to access the same factual source material to conduct private analysis. To be clear, the information being sought is records of facts and not advice. On this basis I ask that you reconsider the request or provide a more detailed explanation of the denial and that I be provided specific reasons, not just a broad section reference, for the denial of information should that be the final decision."*

Are there any portions of the records that can be released? If not, we can provide the applicant with the rationale for the records being fully severed. The rationale which was originally provided to IAO is below:

s.12; s.13

Good afternoon,

Please find attached the redline records (9 pages) and sign form for Rideshare's final approval. Ministry harms were identified within the records. The FOI analyst at IAO has reviewed the records and recommends withholding the records in their entirety as per s.12 (Cabinet and local public body confidences) and s.13 (Policy advice or recommendations) of FOIPPA. See attached approval form for further information.

Good afternoon,

(this file is assigned to Alyssa Tepper)

We've received a new FOI request from a *Individual* applicant seeking the following records:

Records indicating the dollar amount collected by the BC Government for the \$0.30 per fare for inaccessible ride-hailing vehicles (transportation network services) collected under the Passenger Transportation Regulations. I would like the information broken down by month or similar accounting period used by the Province. I am seeking total dollar amounts per period, not amounts collected from individual companies. (Date Range for Record Search: From 1/1/2020 To 7/31/2020)

Note: Ministry of Finance has also received this request

Please complete the fee estimate below:

1. Will you have responsive records? Y/N _____
2. If yes? Estimate **search and prep** time in hours? (best guess**)
 - a. **Search** _____ (Note: search time also includes estimated time spent on de-duplication)
 - b. **Prep** _____ (Note: prep time includes scanning / converting all records types to

one .pdf)

**** Note:** if search + prep equals more than 3 hours, rationale is required below:

3. Estimated number of pages? (5, 50, 500) _____
4. Are you aware of any other program areas or other public bodies that should be advised of this FOI? If yes, please provide _____

The fee estimate is due by **August 31**. If MTI FOI advises 'no fee', records are due by **September 4**.

The LDD is **October 1**.

If you have any questions or concerns, please let me know if I can be of assistance.

Thank you,
