Kanaka Bar Community Profile

Name: Kanaka Bar Band **No.:** 704

Linguistic Group: Salishan
Indian Register Pop: 182; 61 on-reserve (as of 00/02)

General Information: 228.8 hectares; 6 reserves.

History: The Kanaka's were Hawaiian Islanders. Even before 1834, when the Hudson Bay Company established a post at Honolulu, its trading ships brought a number of Kanaka's to B.C. After leaving the Hudson Bay Company's employment, some of them washed for gold here, hence the location's name of Kanaka Bar. The Thompson name for Kanaka Bar means "crossing place", referring to the crossing of the Fraser River. Reserve land allotted by Commissioner O'Reilly on July 25, 1881.

Dear Mr. Heim:

RE: Status of Road, Plan 2248, Kanaka Bar Indian Reserves 1A and 2

We are processing a survey plan prepared by Mr. Fiedrich BCLS, CLS. During his survey the status of the road on Plan RD2248 had to be determined. Your office provided a report to Mr. Fiedrich dated 08/26/99. Can you clarify your answer to question 1? Your report states that Plan RD2248 (1926) predated PC208 (1930) and is contained within Plan RD4024. I have enclosed a copy of RD4024 and there are several pieces of the old road shown on Plan 2248, which are not contained within the lands dealt with by Plan RD4024. It is these pieces within Kanaka Bar Indian Reserve No. 1A that I am concerned with and I need to verify their status.

Plan RD2248 was signed by E.L. Burgess in February 1926 and was recorded in March 1928. Prior to this survey the Cariboo Waggon Road existed and was shown on Plan BC874. This plan was confirmed on Dec. 3, 1911. Someone has plotted the 1926 Plan Rd2248 on our original. What is the status of the Cariboo Waggon Road?

Sincerely,

Peter Burns
Canada Lands Surveyor

Re: Your August 24, 1999 Status Inquiry On Kanaka Bar IR 1A & 2, SW of Lytton

Question 1: What is the status of plans/roads – were they conveyed to the Band – specifically Plan RD2248.
Answer: Plan RD2248 (1926), predated PC208 (1930) and is contained within Plan RD4024 – see below.

Question 2: Status of Plan RD4024? = 43.5 = 112.96
Answer: a) For TCH - Transferred to the Province for road purposes via PCO 1956-265 dated Feb 23, 1956 on Plan M296 (RD4024):
18.187 acres in IR1A and 10.314 acres in IR2
b) For TCH - Transferred to the Province for road purposes via PCO 1961-1649 dated Nov 16, 1961 on Plan M571 (CLSR50627), excepting RD4024: 6.678 acres in IR 2

Question 3: Are there any other roads through these Reserves (ie. 1036)
Answer: Kanaka Station Road No. 34 through IR 2, intersects TCH contained within Plan H-328 – our research indicates this is a public road excluded from the Reserve lands per PC208/Railway Belt.

Please advise if we may be of further assistance.
