Good afternoon, Minister Fleming,

Train movements have resumed at the location of a derailment which happened Saturday, east of Lytton, BC. 16 railcars loaded with coal derailed. There were no injuries and no dangerous goods involved.

A minor fire at the site was extinguished and did not represent a danger to public safety.

The product that spilled is being collected to be removed from the site, where work will continue over the next few days. The cause of the incident is under investigation.

The Company would like to thank local emergency management officials for their support.

Regards,

**Tyler W. Banick** (He/Him)
