s.12; s.13; s.16; s.17

GBA+ OR DIVERSITY AND INCLUSION IMPLICATIONS:

The Ministry is committed to supporting the diverse needs of communities and industry throughout the Province. The Ministry ensures an intentional focus on GBA+ throughout all project development. This explicit process will ensure a decision-making approach to each project element overcomes incorrect assumptions or omissions that can lead to unintended consequences or inequities affecting particular groups of people. It is important to understand that there are existing, built-in inequities in the system. We want to locate and address those as well as prevent new ones. Project planning for UBCx will include a GBA+ lens.

FINANCIAL IMPLICATIONS:
