Re: Classification of Highways - District of  
Peachland - Merritt-Peachland Highway

Phase III of the Coquihalla Highway, which we are calling the Merritt-Peachland Highway, is now under construction. Therefore, it will be necessary to classify the easterly portion of the route within the District of Peachland as Arterial Highway. The following is the description of the route to be classified together with 20 copies of the plan to be used.

Reference No. 836R, Merritt-Peachland Highway

Commencing at the northerly boundary of the District of Peachland at a point on the northerly boundary of D.L. 449, O.D.Y.D., thence in a generally southeasterly and easterly direction to the easterly boundary of the District of Peachland at a point on the easterly boundary of D.L. 2690, O.D.Y.D., and including the Drought Hill Interchange and ramps, for a total distance of 3.8 km, more or less.

Director of Highway  
Planning and Traffic

Re: 1987 UBCM Convention – Vancouver, B.C.  
Notes of Meeting with District of Peachland

District of Peachland

Harry Lever	Clerk/Treasurer
William Dobbin	Alderman
Lola-Jean Warren	Alderman

Ministry of Transportation and Highways

Arnold Stewart	Municipal Programs Engineer
Tim Zurowski	Municipal Programs Officer

Highway 97 Upgrading

Alderman Warren had noted a survey crew near Buchanan Road and enquired what was planned regarding upgrading of Highway 97. She stated they are awaiting a reply to a letter which they wrote to the Regional Manager, Design and Surveys. She claimed the Minister in the 1960's promised not to take any more "flat land" or "lake property." She asked to see the latest plans.
