Dear Minister Virk

We are writing in response to your letter dated August 26, 2014 (Ref: 97808) regarding the change of ownership of LearningWise Education Inc<sup>d</sup> (LWI), operating as University Canada West. It is indicated in your letter that the *Standard Terms and Conditions of Consent* under the *Degree Authorization Act* require the consent holder to inform the Minister of any material circumstance, such as an ownership change, which may change the scope of consent.

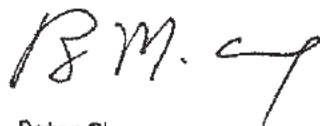

s.21

The administrative and academic structures provided by GUS for your consideration in approving their entity as purchasers will remain in place, thus ensuring operations will not be affected by the change of ownership. A communication plan for staff and students is under design to assist in a seamless transition.

Global University Systems B.V. and LWI administrators look forward to working with the panel appointed by the *Degree Quality Assurance Board* on the consent renewal process for the term "University" and the Master of Business Administration Degree.

In accordance with your letter and based on the information contained herein we respectfully ask that the Minister immediately remove the enrolment restriction currently attached to LWI's consent. Should further clarification be required, please contact us at your earliest convenience.

Sincerely,

Peter Chung
